Skeptical broadcaster reports on I.C.L. Process

"I found a permanent way to REGAIN A FULL HEAD OF HAIR!"

by Steve Ross

Philadelphia Radio/TV Personality

I was auditioning in a TV studio when I caught a glimpse of myself on the monitor. There on the screen was a balding area, more obvious than I had ever noticed before.

I went home and pulled out a videotape of an HBO special I'd hosted a few years before and it confirmed my worst suspicions. The cumulative effects of several years of gradual, almost imperceptible hair loss had added up more than I realized.

I Was Damned Scared!

I knew I had to do something. But what? How? Where?

Every Tom, Dick and Harry has a hair remedy—or so it seems. Their ads are all over—radio, TV, newspapers, magazines. How do you separate the real from the phony? It set my head spinning.

To make matters worse, I happen to be the world's biggest skeptic.

I Refused To Wear A Wig!

Remember, in my business, I'm in the public eye a lot. I didn't want people laughing or smirking because they could tell I was wearing a "rug." Any hair replacement would have to look natural or I couldn't do it.

It would also have to be done quickly. No prolonged surgery dragging out over many visits and many months like hair transplants. (Incidentally, I have a friend who tried a transplant, but the plugs didn't take. Instead of a full head of hair, he wound up with a head full of "holes.")

International Cosmetic Labs Had The Answer!

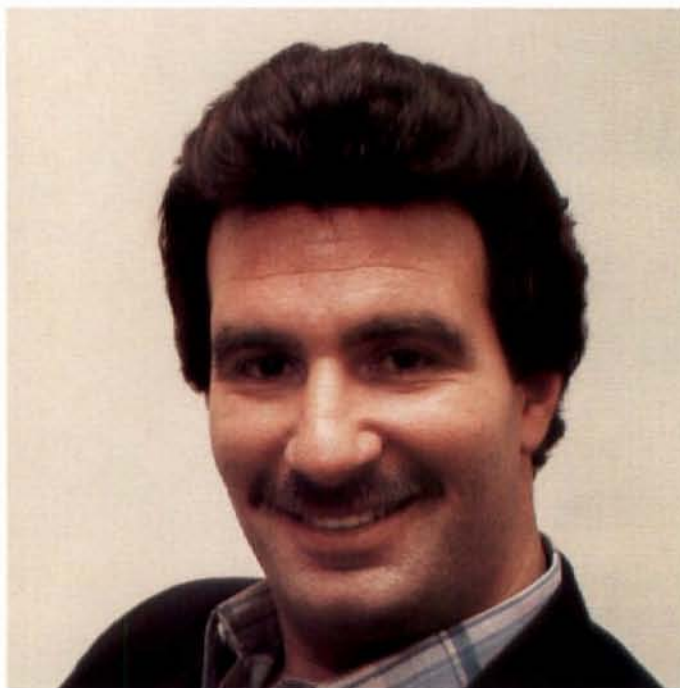

After weeks of searching and upon a final recommendation from a doctor friend of mine, I paid a visit to International Cosmetic Labs.

The first thing that impressed me was the fact that there was no hype, no high pressure selling. Instead, they more or less put my mind at ease by answering all of my questions completely.

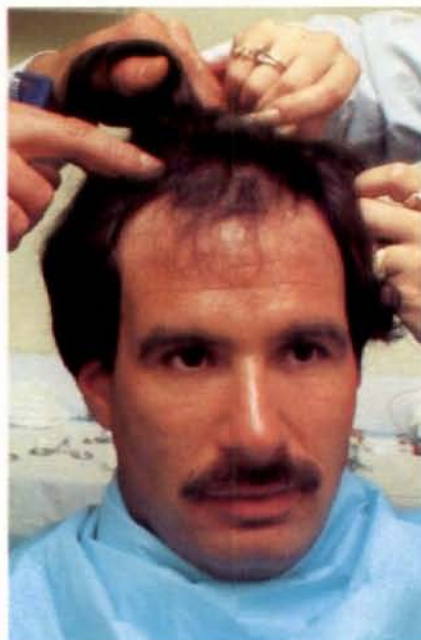

The I.C.L. Process, in case you're wondering, is designed for people who want a **permanent head of hair** and also like me, still have some hair of their own. It gives you a permanent, maintenance-free full head of hair. A combination of human and synthetic hair, "Cosmetic Hair Filaments" perfectly matched to your own hair color and texture are blended with your own hair, so that it's absolutely undetectable and becomes so much a part of you that you can do anything with it that you would do with your own natural hair. **It is not a solid based hairpiece.**

I Really Felt Good!

One thing about the I.C.L. Process, that for me was a "turn on," was the fact that for the most skeptical, which I initially was, the process is totally reversible. So at 12:30 on Friday after-

noon, just 48 hours before I was to be married, I went to International. **Three hours after the medical application** I walked out with a full head of hair, confident enough to face my bride and a church full of guests.

I Showered, Swam, Dove!

On our honeymoon in Key West, I was able to engage in all activities. I swam, dove off the board, everything!

My hair looks so natural no one would ever in a million years guess that all this hair isn't mine. Naturally, when I tell people about the I.C.L. Process, they insist on feeling my hair. And they agree: it not only **looks like my own hair, it feels like it, too.**

The next question I'm usually asked is whether there is any pain during the process. I admit I was a bit apprehensive right up to the moment the doctor started the procedure. But I never felt any pain during the procedure or afterward (although I understand some people may have some slight discomfort for a day or two).

I Recommend It Highly!

If, like me, you're concerned with always looking your best, you really should visit, write, or telephone I.C.L. for more information about their exclusive process. They do provide a **FREE BROCHURE**. Just write 209 Office Building, Rt. 130, Cinnaminson, NJ 08077, or call toll free in the U.S. **1-800-262-8844**, in Canada **1-800-523-8844** or from New Jersey or out of the country **1-609-829-4300**

A PAIR OF WINNERS

Stacy and Isha in your August '89 issue ("Stacy and Isha: Winning Combination") are by far the best-looking ladies and the best pictorial I have ever seen in your pages. Keep up the excellent work and how about another shot of Stacy and Isha? I'm in total lust!

HELP FOR PRISONERS

Your *AIDSWatch* column in the September issue of *HUSTLER* by Joseph Henslik ("The View from the Rock Garden") was a sensational, on-point piece of reporting. Once again, *HUSTLER* has demonstrated its commitment to exposing the true facts in our prisons, and I commend you for this. The problem of AIDS in prisons is an issue society would prefer to simply forget about, which is sad. The nightmare of contracting this disease behind bars and dying a terrible death alone while in the care of noncompassionate prison officials is a tragedy. The lack of proper medical treatment for these people is a crime. The Prisoners' Anarchist Network at Large will continue to expose issues of abuse and neglect within our prisons. We offer a special thanks to *HUSTLER* for continuing to do the same. Prisoners suffering abuse can contact us for help. We offer free subscriptions of our publication, "Behind the Walls," to prisoners who write: P.A.N.A.L., P.O. Box 4167, Halfmoon, NY 12065.

CRAZY FOR KELLY!

James Baes's sweet pictorial of traffic-stopping hardbody Kelly ("Fuck of the Irish," May '89) has just answered all my prayers. This Dublin dumpling has got to be one of the most divine beauties to ever grace your glossy stock. And if by

chance this Gaelic princess needs to get away from all those bursting rockets and molotov cocktails in Northern Ireland, please tell her I've got a frozen peach margarita and a guided tour of always-sunny Palm Springs waiting for her. I shit you not: I'll drop the gym any day for an exploratory workout with Kelly through Bono-ville.

RAVES FROM ITALY

I'm a professional photographer, so I can tell when a picture is well done and when it's not. I must say that almost every photo printed in *HUSTLER* is great. Of course, having those beautiful models helps a lot, but considering the results, you guys are doing a great job. My favorite photographer is Matti Klatt—his two-girl pictorials are ball blasting indeed!

Stacy and Isha: Winning Combination

I also love your cartoons. I don't think the ones concerning black people are racist. I think people (never mind their skin color) shouldn't take themselves so seriously and enjoy the jokes, because they're nothing but cartoons. I also enjoy your articles and your political and social commentary. Reading the truth has always been a fucking great thing for me, so I appreciate your efforts to get the real story to the surface. I also think the *AIDSWatch* column is really interesting, but sad. I hope you will never give up letting people know the truth. This pink lover says thank you very much for your great work. Never give up.

MYSTERY MODEL REVEALED

This is the first time I've written to a magazine, but I had to! The young lady on page 74 in the April issue ("Rip It Up") has the best-looking pussy I have ever seen... all that pink meat hanging out and gaping open. What is her name, and is she in any videos I can get?—D.S.
Baltimore, Maryland

The young lady is Aja, a porn star of some magnitude. Just walk into any video store and you'll find dozens of her movies.

HE WANTS NINA

When is Nina DePonca going to do a centerfold for *HUSTLER*? She's hot, nasty and beautiful. She has a face and body that shouldn't be ignored by *HUSTLER*.

Consider a hot, nasty spread of her.
She'd be great!

—J.S.
Tulsa, Oklahoma

Nina hasn't been ignored by HUSTLER. Check out our March '89 issue. Nina DePonca stars in the boy/girl pictorial "Larry & Flo," and she's everything you say—hot, nasty and beautiful. This will have to hold you until we lens her again.

PUNK SLAMS SKINS

Your article on skinheads ("Skinned Alive," July '89) makes them out to be world savers and bad boys, but I'll give you the real scoop on them. Today's skins are nothing but a bunch of jerks using the punk movement as a scapegoat for their own problems. Before, being a skinhead in Great Britain was a privilege; a way for a clean-cut man to show he had his shit together. But a few racial jerks got together and formed a group of white-man pigheads who used Nazism to get their point across. It makes real punks look like shit because others group us all together. We are a group of individuals, not radical racist assholes. I list skinheads right up there with the KKK and radical black groups. They're mindless and too dumb to think for themselves so they have to use the ideas of people like Hitler, whose empire fell just like theirs will. They are not to be looked up to at all.

They cheat, steal, beat up old people, take bribes and do and sell drugs. I've been a punk for about 12 years, and I have the respect of my family and peers, though I may look different. We're not here to make a scene or promote violence. When skinhead pussy bastards say we're weak, we laugh or beat the shit out of them. Skins are pussies. They don't fight one-on-one—more like ten-to-one. When the odds are against them they run home like whimpering little puppies. It's important for your readers to know the other half of the story so they won't confuse us with fucked groups like the skinheads.

HUSTLER BIAS

I just wish to say "Thanks" to your editorial departments for the quality of valuable information they include in each issue. The satire is rarely too jaded to comprehend, the articles are interesting and well-developed, and the commentaries are almost always filled with self-justifying facts and figures. There is one commentary in particular I wish to discuss. What bothers me about *Asshole of the Month* in the June '89 issue ("James C. Dobson") is this: (1) Christians are grouped into a general category of anti-pornography zealots; (2) the inference that Ted Bundy's erring ways may have

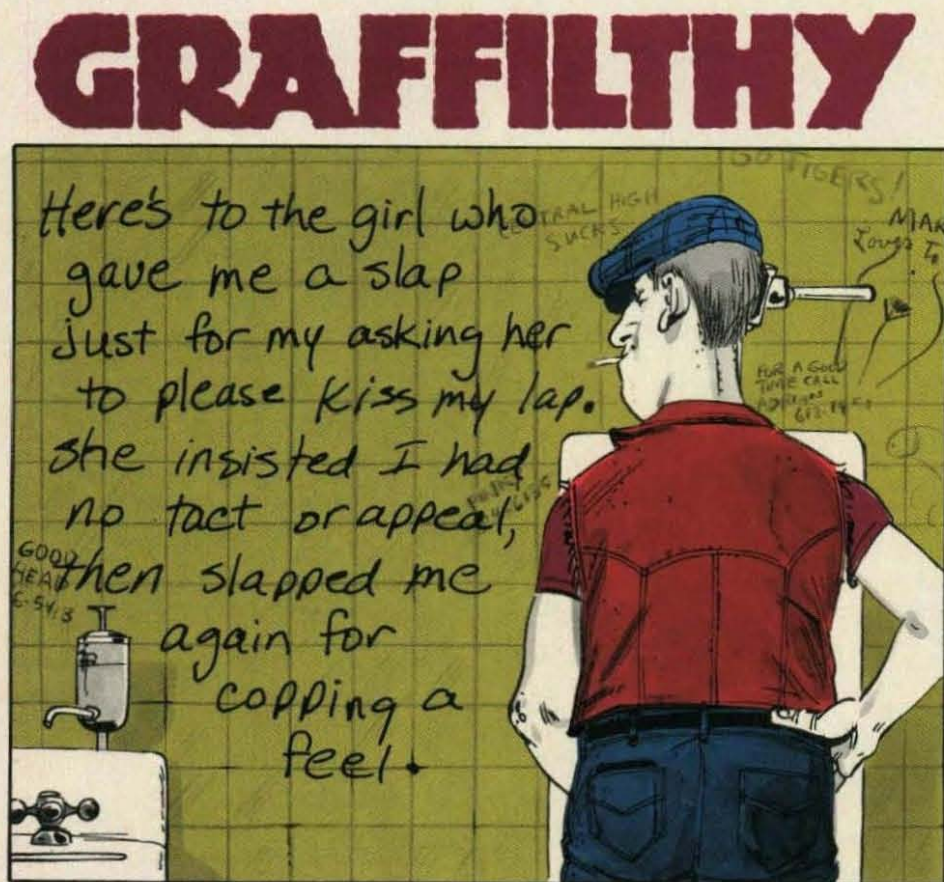

been caused by his religious upbringing and *obviously not* by his pornographic and/or other sexual preoccupations; and (3) that "the Christian solution denies citizens their natural human qualities of free will and enlightened choice." Other than these points, it was a beautifully composed piece of art depicting the deranged minds that are molding the thoughts of not only American youth, but also the lost souls searching for a hand of compassion in a time of need. Ted Bundy was a sick man. The crimes he committed shocked the nation. His deranged mind should be blamed, solely, for his actions—not pornography or religion or even his diet. Bundy was a desperate man at the end, blaming God, sex, old girlfriends and anyone else in order to save his own precious skin. What is really to blame is Bundy's inability to cope with the things that many people find comforting and rewarding. He is to blame because he went outside the law, knowingly and with forethought. Bundy, and not pornography or religious beliefs, is at fault. And he paid the price. Both my husband and I are Christians, yet we feel no pangs of guilt or fear that the wrath of God will come down upon us merely because of our choice to read your magazine. We were placed upon this earth to enjoy, have fun and be amazed at beauty. Nude pictorials are just another form of art. Many of the TV and radio evangelists are not considered Christians by many churchgoers. They lack the conviction and the evidence of a good, solid Christian foundation, as is proven by their unwillingness to accept the faults of their fellow man. It appears to me that all of us are aware of the shortcomings of others even though we have difficulty seeing our own deficiencies. Neither James C. Dobson, HUSTLER or myself can claim to be able to see as clearly as we'd like. Just remember that there are Christians who read HUSTLER who are hurt by your generalizations, prejudice and bias.

—D.S.F.

Schwaebisch Hall, West Germany

If there were more Christians like you, we wouldn't be biased. Unfortunately, that doesn't seem to be the case. For the past 2,000 years Christians have been in the forefront of repression, suppression and oppression, and a glance at today's headlines indicates that things don't seem to be letting up.

Do you have a comment, suggestion or complaint? We want to hear it. Send your letters (typed or neatly handwritten) to Feedback, HUSTLER, 9171 Wilshire Blvd., Suite 300, Beverly Hills, CA 90210. Please include a phone number if you want your letter considered for publication.

Thanks and \$50.00 to Anthony Nuccio

BITS and PIECES

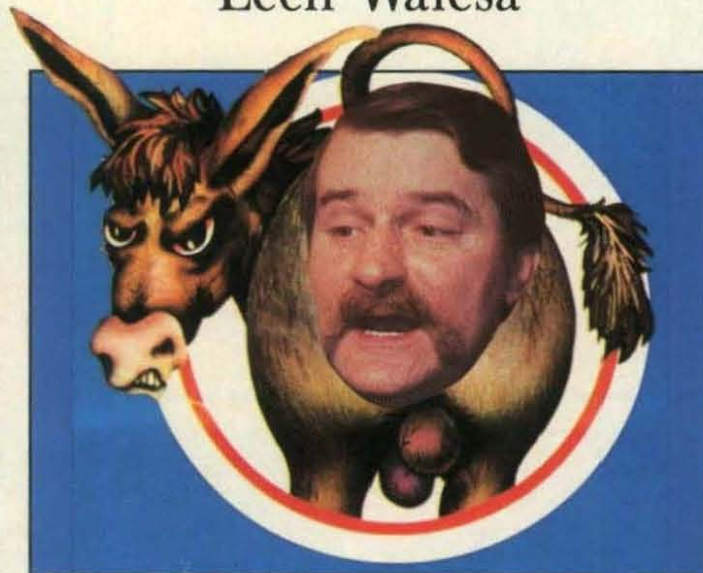

ASSHOLE OF THE MONTH

Some shitheels are born into Assholeism, others strive toward it and a select few, such as November 1989's Asshole of the Month, Lech Walesa, achieve the dubious dishonor by default. Akin to a hell-bound reprobate damned by his sins of omission, Walesa dons the commode crown not for any turdy deeds he's done, but for what he has left undone. Like a half-squeezed corn-schooner that's suddenly sucked back into the rectum to solidify and constipate, blocking further onward movement, Walesa has led his countrymen to the brink of a new era of openness and growth, only to snatch regression from the jaws of progress.

In a dramatic step toward freedom unrivaled in any modern communist or capitalist nation, the Polish Solidarity labor movement won a landslide victory in that country's first truly democratic elections since 1947. Solidarity's miracle-like win at the polls is particularly stunning considering the union had been illegal up to two months before the voting.

Eight years earlier, in December 1981, Solidarity leader Lech Walesa was arrested in a martial-law crackdown intended to crush the movement. Under

Lech Walesa

Walesa's unflagging devotion to hope and reform, the union weathered subsequent tribulations, including being outlawed by the ruling communist government. The spirit of Solidarity, personified in Lech, proved so indomitable that the reigning party eventually sought the union's cooperation in relieving Poland's endemic economic ills.

Walesa declined to run for any office in the free elections resulting from the communist/Solidarity conciliation, though he cam-

paigned tirelessly for his candidates. Solidarity's resounding electoral majority is in large part due to the efforts of this one man, November's Asshole of the Month, Lech Walesa.

A communicator who combines the charisma of John and Robert Kennedy, without the bullet holes, Walesa found himself in the unique position of filling a leadership void as Poland's president, a newly created position with control over the country's armed forces and security

apparatus. Yet, Lech would not run, stating that he was "not ready" to be president.

As George Bush's minimum-wage veto, China's Tian An Men Square debacle and Soviet Afghan atrocities illustrate, the superpowers have no intention of developing a system of government that honors the rights of individual citizens. If any form of national administration emerges to encourage and nurture human decency and dignity, it will come from a country such as Poland, a land and people new to freedom who will value and recognize liberty.

Walesa's increased personal poundage indicates that he has been eating much better than the typical Pole. We'd hate to think that his sudden reticence to lead is the result of any deals with global fat cats. Nor does the Polish situation call for cunning political maneuvering; the time has come for forthright, honest direction. Lech Walesa's forfeit of destiny has let down not only Poland, but also the world.

Said Walesa at a campaign rally: "Whoever doubts must ask himself, 'Has there ever before been such a chance as now?'"

You asked for it, Lech; now go for it.

STRANGE FUN

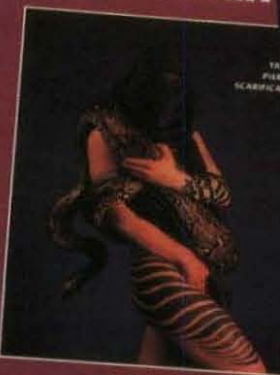

There are a slew of new goodies available from the fine folks at Re/Search (20 Romolo #B, San Francisco, CA 94133). Charles Willeford's *Wild Wives* is a tale as delightfully seamy as the title implies. *The Torture Garden* is a recent rerelease of Octave Mirbeau's classic 1899 novel, described as "the most sickening work of art of the nineteenth century." And *Modern Primitives* explores the world of "body play," including tattoos, piercings and even more extreme forms of self-modification. (The photo illustrations are not for the faint of heart.) So come on, read a book for a change—it's good for you.

GREAT MOMENTS IN ENTERTAINMENT

Parody: Not to be taken seriously.

WHAT THE WELL-HUNG MAN IS WEARING

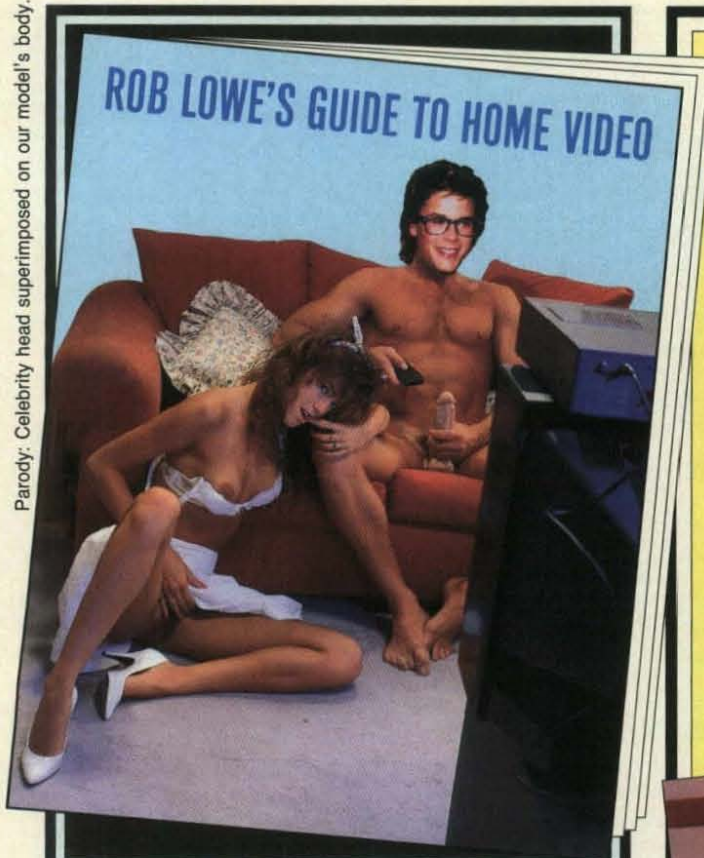

A t last there's an effective way to show the ladies you've got the right stuff without actually dropping your pants in public and risking arrest. The Dick Tie makes a unique fashion statement, and it's available for \$19.95 from B & B Marketing (P.O. Box 7022, Appleton, WI 54914). Be warned, however—the man who flaunts this polyester phallus will have some mighty big expectations to live up to.

FAST FOOD

H ealth conscious yuppies are finally catching on to the diet technique that's been all the rage in Third World countries for centuries: starvation. At Mahatma's, home of the Air Burger and the Quarter Ouncer, for less than five dollars you can purchase practically nothing, attractively packaged. Now you can finally go out for a meal and *still* go for the malnourished, visible-ribcage look that *Gandhi* made so chic.

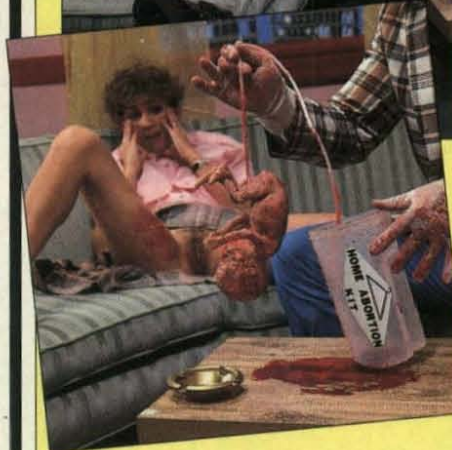

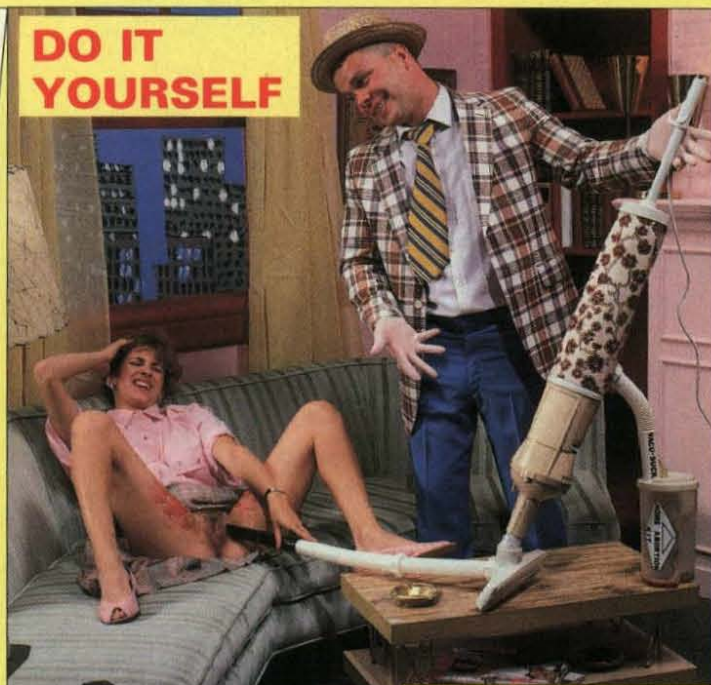

A NEW LOWE

Now that Rob Lowe has proven he really is a brat packer (the brat having turned him in), he's decided to cash in on the publicity. This handy video guide contains capsule descriptions and Lowe's personal "peter meter" rating for hundreds of mainstream films ranging from *Lolita* to *A Little Romance*. Also included are more obscure titles, such as *Around the Girl in 80 Ways*, that, to the best of our knowledge, are available only in the critic's private collection, and which, judging from the stills, star an actor bearing an uncanny resemblance to Lowe himself.

DO IT YOURSELF

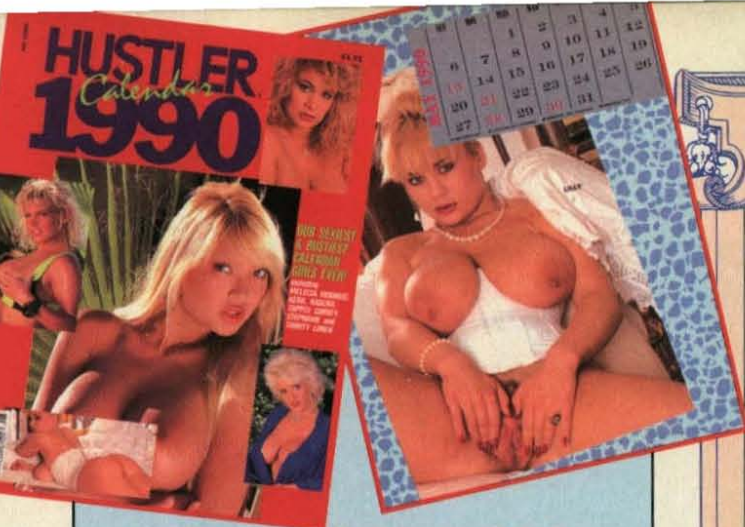

The modern door-to-door vacuum cleaner salesman has a product that will do more than just suck potting soil out of a shag rug. Given the current legal climate, he knows unwanted pregnancies are a hell of a lot more annoying than unwanted coffee stains. This is why the Vacu-Suck Vacuum Cleaner and Home Abortion Kit is the most popular vacuum on the market. No matter what the Supreme Court may decide in the future, with the Vacu-Suck, unsightly accidents can be cleaned up in a jiffy.

Rubber Band

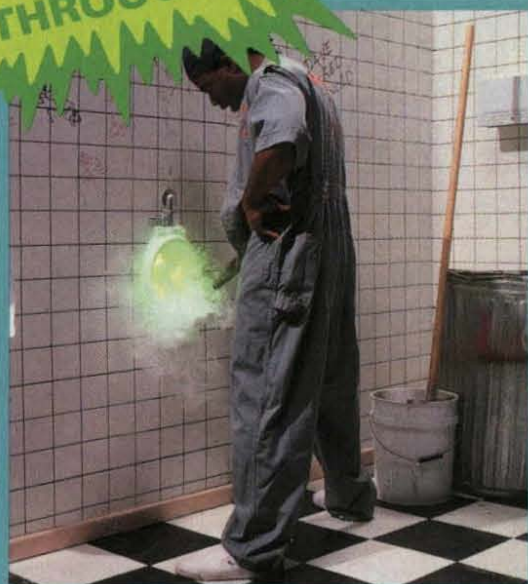

Yes, it's the California Condoms performing their greatest hits: "Teen Scumbag," "Ragtime Blues" and "Shooting My Wad Over You." And remember, if these adorable contraceptives catch on the way those stupid dancing raisins did, HUSTLER's editors can all afford to retire on the merchandising fees.

A VERY GOOD YEAR

Since HUSTLER wants to make sure 1990 is a *big* year, we've rounded up 12 super-stacked models—including Melissa Mounds, Topsy Curvey and Kascha—to titillate you month after month in the 1990 HUSTLER Calendar. It's coming to newsstands soon, or order direct from Flynt Subscription Company, P.O. Box 67068, Los Angeles, CA 90067. It's a bargain at \$4.95 plus \$1 postage and handling.

**SCIENTIFIC

Just as the world was ready to dismiss Utah chemists Pons and Fleischmann as a couple of cranks, a startling new discovery comes to light: Cold fusion has occurred in the restroom of Larry Flynt Publications! Jack Johnson, the janitor who observed the nuclear reaction, has no formal scientific training, but was quoted as saying, "That be fusion, all right. I know it anywhere." HUSTLER's team of electrochemical experts is not yet sure how to account for the unprecedented fusion process, though they suspect a palladium-based urinal mint might have something to do with it.

It's true—they did it way back then. If you've got some smutty photos to share, send them to *Porn From the Past*, HUSTLER Magazine, 9171 Wilshire Blvd., Suite 300, Beverly Hills, CA 90210. BEWARE OF GREEKS BARING TITS

These photos may have been instrumental in turning the tide in the recent elections in Greece... proving that the Greeks are every bit as scandal-hungry as Americans. The topless wonder is Dimitra Liani, the 35-year-old mistress of 70-year-old former Prime Minister Andreas Papandreou. It seems their public cavorting cost him both his job and his marriage. The marriage part he took care of by tying the knot with Dimitra in July. As for the job... personally, we believe a 70-year-old who can still get it up deserves another chance.

Court Says Priestess Is Prostitute

Sabrina Asset worked hard to become high priestess of the Church of the Most High Goddess in Los Angeles, particularly hard considering that the requirement for the lofty title is to have had sex with 1,000 men. But though Asset, the alias of Mary Ellen Tracy, contends that sex with male church members are rituals of purification, a Los Angeles County Municipal Court ruled the prostitution charges against Asset and her fellow priestesses will stick, citing the \$100 donations the church ladies received from each "purified" man. Asset's husband, Wilbur, a high priest accused of running a house of prostitution, claims the charges "are a conspiracy to rid the Earth of a non-Christian church." At the time of the vice raid, Asset claimed to have had sex with at least 2,000 men.

Naked Truth Good for Kids

Contrary to puritanical propaganda, children who see their parents nude will have healthier attitudes toward sex later in life, reports *The Archives of Sexual Behavior*. Psychologists R.J. Lewis and L.H. Janda surveyed 210 college students and discovered that men who eyed their nude parents during childhood were more comfortable with women when they reached adulthood. Too bad we can't ask Ted Bundy for his opinion.

Gets Off Anyway

Accused Man Doesn't Measure Up

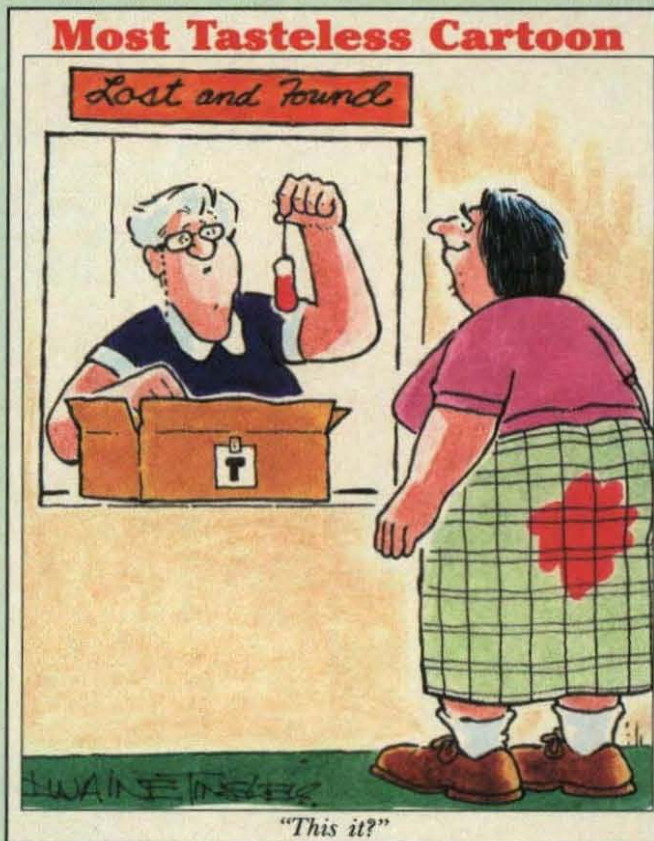

While on trial for child molestation charges, James D. Dunn of Indianapolis, Indiana, startled court observers when he insisted he could prove his innocence by whipping out his cock. Dunn, 44, accused of molesting his nephew and two of the boy's friends, filed a motion requesting that his penis be measured after he told the Marion County Superior Court that he was too big for the crime.

"He was trying to prove that he is so well-endowed that he could not have had anal intercourse with the boys because they would have been ripped apart," said Marion County

Deputy Prosecutor Michelle M. Fennessy.

After Judge Z. Mae Jimison granted the odd request, a court-appointed physician discovered Dunn was guilty of at least one offense: exaggeration. The doctor's report states Dunn's sex organ is "average." Not surprisingly, defense attorney Daniel J. Coffey chose not to use the minor detail during the trial. "I didn't see it as being helpful," said Coffey. "It was probably neutral."

But Dunn finally received big news when Jimison acquitted him of all counts due to inconsistencies in the testimonies of the three boys, whose ages ranged from eight to ten years old. According to Fennessy, "There was never any motive offered as to why the boys would want to make up stories as incredible as the ones they told." There seems to be little doubt why Dunn made up his story.

Party Tape Costs Audience \$1 Million

Top porn stars can make a pretty good wage for their on-camera poking and stroking, but only Texan Susan Leigh Kerr can claim a \$1 million payday for one sex-vid. That's how much a Houston jury awarded the 23-year-old Kerr after she sued a University of Texas student who secretly taped their fuck session and

showed it to friends. Kinky cameraman Dan Boyles, 21, was ordered to pay Kerr \$650,000 for mental anguish caused by his hardcore hijinks, while three other defendants named in the suit were responsible for the rest of the settlement. Attorneys said parents' insurance policies would absorb the costs.

ROCK 'N' ROLL HEAVEN

Shot on Video.

Three-Quarters Erect. Directed by John Stagliano; starring Keisha, Jeannie Pepper, Sharon Kane, Sascha, Cheri Taylor, Jessica, Brandy Alexandre, FeFe Bardot, Staci Lords, Renee Morgan, Axel Horn, Jesse Adams, Randy Spears, Tom Byron, Randy James and Gene Carrera. Videocassette by Evil Angel Video.

Considering the penchant of porn sluts to spend their off-scum-set hours prowling the Rainbow, Cathouse, Roxy and other L.A. rock-star dives for heavy-metal dick, it's about time a decent sex and rock 'n' roll boff tape came along. Sure, Western Visuals had *Tailhouse Rock* a few years back, but even with the jailbait Traci Lords, *Tailhouse* can't match the prurient authenticity of rocker raunch churning throughout John Stagliano's *Rock 'n' Roll Heaven*. Two of *Heaven's* featured fuckers, big-haired harlot Renee Morgan and wonder-wiener Axel Horn, not only swap slime (Horn, a heretofore unseen streety-smart dickster, screws almost every bitch in the cast, bringing a *joie de schtup* to his sexings that's all but missing in the stultified screwings of many established studs), but do a credible stint fronting the head-banging, pussy-slamming band as well. Stagliano's standard bonings in a limo and nightclub orgy are perfectly fitted to his version of *Heaven*. Pray real hard; you might get to go there.

—Kurt Blume

Rockin' and rollin' in the climactic orgy from *Heaven*.

With more than a thousand hard-core movies being released each year for the home audience, viewers, increasingly confronted by seductive advertising and slick packaging, are often at a loss when it comes to selecting an X-rated tape worth watching. HUSTLER is committed to serious, no-bullshit criticism designed to accurately inform readers of XXX-cinema offerings, and to spur the adult-entertainment industry to better productions. Despite their drastic decline, there will always be adult theaters, and we'd never leave a film buff in the lurch: If a review says a production was shot on film, it's probably playing on a big screen somewhere—all you have to do is find it.

X RATED TAPES

Edited by Mike Ferris

SEX SCENE

BUTT-FUCKED BLIMPS!

Just when you're thinking there's nothing new under the sun, along lumbers this lard-marbled marvel: the first anal fat chicks tape. Picking up where their Loose Ends series stalled, 4-Play Video, the perverse perpetrators of Let Me Tell Ya 'Bout Fat Chicks Parts 1 and 2, now rolls out Fat Ends, an ode to hunger-banging blubbery bovine bitches. Lipo-suction poster girl Layla LaShell headlines Fat Ends, and we're hard pressed to imagine an end fatter than hers. But there's no need to imagine such a posterior being plumbed by porn prick here—Fat Ends burrows right between these and other gargantuan glutes to create sex scenes so depraved they defy description. Some might consider this tape just a little too "special," but, as the saying goes, some will pay for what others pay to avoid.

April West and Stella Star have a little tit-a-tit in *Twentysomething III*.

TWENTYSOMETHING EPISODE III: EXECUTIVE SWEET

Shot on Video.

One-Quarter Erect. Directed by Paul Thomas; starring Tori Welles, April West, Lynn LeMay, Stella Star, Jerry Butler, Jon Dough, Blake Palmer and Chip Dale. Videocassette by Vivid Video.

Just as Dante's vision of hell had graduated rungs of despair, so some Paul Thomas videos are worse than others. Thomas obviously wishes to craft a quality carnal product, with production values outstripping meager industry standards, actors creating realistic and meaningful portrayals and an exploration of themes usually confined to such high-art concept genres as the afternoon soap opera. Unfortunately, *Executive Sweet* misses Thomas's ideal target on all marks, with sound-track problems, a skeeve-ridden cast that—with the exception of Lynn LeMay's stellar approximation of a totally ditzy jizz lick—er is totally unconvincing as creative, management-level yuppies and a plethora of mumbled maunderings that have no intellectual or emotional payoff. *Sweet* is also cheap on money-shots: Lynn LeMay takes a few bucks worth in the jaw; Butler drops his biz on little bleach-blond Stella Star; Tori Welles takes a load off Blake Palmer in an arty beret; Chip Dale impersonates a nerd, jerking off as Welles pulls her own string standing across the room; and Star and April West clump cunts. *Executive Sweet* is stingy on the sugar.

—Aron Cope

HANDLE WITH CARE

Shot on Video.

One-Quarter Erect. Directed by John T. Bone; starring Carol Cummings, Victoria Paris, Marc Wallace, Tom Byron, Jon Dough, Rene and Taja. Videocassette by Fantasy Home Video.

The *Carol Cummings Show* is porn's answer to public access television, and this installment does nothing to change that. They're still both fucking awful. We have to sit through another tepid attempt to tickle the ol' testes, while Carol mugs, preens and coyly introduces each sex segment, providing all the heat of a polar bear's left nut. With the exception of Carol's one fuck scene, the rest of the female flesh is pallid poon, barely worth a poke. Victoria Paris's ream by Jon Dough at film's end is routine, ditto for her lesbo assault with a black dildo on a burned-out looking brunette. Even Carol's bushwhacking by Tom Byron seems phoned in, accented by the hand-job climax she gets him off with. Just once can't those foxy features take a big jolt of jizz that'll save her from the Annette Haven school of nonfacials? At least Carol plays like she knows it's awful, sort of an X-rated Elvira, but is that something the porn world really needs? —Sam Lowry

VIDEO of the MONTH

Top: Don Fernando and Kathleen Jentry enjoy some rump roast.
Bottom: More *Scalding* action with April West and Damien Cashmere.

HOT SCALDING

Shot on Video.

Fully Erect. Directed by John Leslie; starring April West, Cheri Taylor, Damien Cashmere, Joey Silvera, Kathleen Jentry, Megan Leigh, Bionca, Jamie Gillis, Ron Jeremy, Pamela Rose, Blake Palmer, Don Fernando and Jeff Chamberlain. Videocassette by VCA Pictures.

John Leslie's *Hot Scalding* starts off with the most intemperate onanism of any sex tape yet this year: a two-hound-on-one-puss, jizz-whipping threeway in which the performers don't actually fuck! Unlike recent releases containing faked schtup footage of box-cover super-star sluts, Leslie's most unlikely and triumphant tryst is an openly, obviously and tremendously effective tease. The tension, frustration and bun-splattering release created by the cocks of Joey Silvera and Damien Cashmere rubbing between pert prick-torturer Pamela Rose's clenched ass cheeks and sliding through her tensed-velvet thighs after she has agonizingly stripped and stoked them will launch more high-quality loads than any ten conventional sleaze fests. Aside from this innovative, volcanic and virginlike debauchery, *Hot Scalding* steams on comically and carnally, with perfervid full-penetration porkings and cocksucking to spew for. Turn down the heat; we're bubbling over.

—Victor Battle

THE RED BARON

Shot on Video.

One-Quarter Erect. Directed by Michael Craig; starring Angela Baron, Carol Cummings, Staci Lords, Jon Dough, Randy Spears, Elise, Nina DePonca, Marc Wallace and Ray Victory. Videocassette by Fantasy Home Video.

Fantasy is a byproduct of the imagination, a commodity in no short supply at Fantasy Home Video. Every day the brain trust at Fantasy pull on their thinking caps and sweat and strain through a vigorous round of mental calisthenics. "We wonder," cogitate the Fantasy marketing geniuses, the cogs of their minds grinding audibly under the excessively ponderous exertions, "is there some new way that we haven't thought of yet to bilk the trust and good faith of a credulous porn public? Certainly we can slither lower than our current belly-crawling, gutter-dwelling status! There must be a way! Think, think!" And they came up with it. Rather than simply bait and switch the chump choad with undelivered promises of Angela Baron ("Angela Baron is the Red Baron," trumpets sales copy, though her appearance is confined to a tepid bathtub lesbo loss with an unremarkable muff), Fantasy takes that extra step toward bunko including two Carol Cummings scum sucks that, unless they are supernaturally generic, have actually been filched from previous Fantasy releases. Imagine that.

—Hakim Whithers

Charli St. Cyr is just one of the *Bodies in Heat* in the long-awaited sequel.

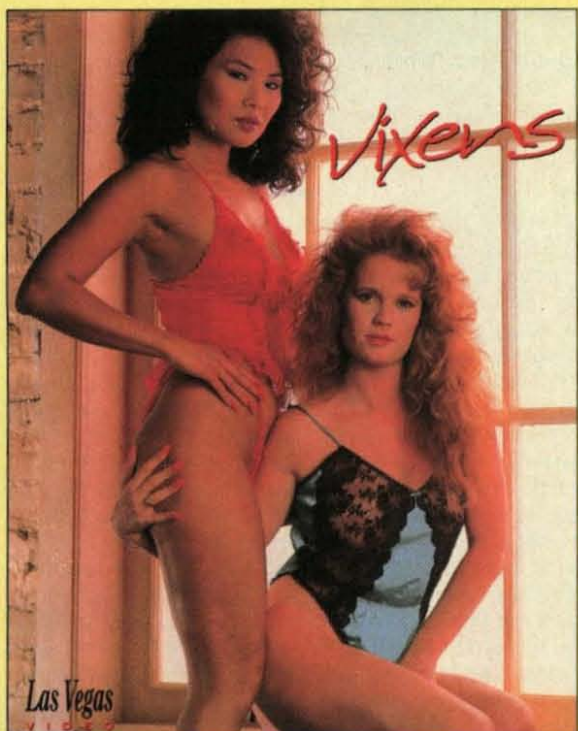

BODIES IN HEAT: THE SEQUEL

Shot on Video.

Three-Quarters Erect. Directed by Henri Pachard; starring Annette Haven, Sharon Kane, Jerry Butler, Eric Edwards, Carol Cummings, Billy Dee, Renee Morgan, Mike Horner, Joey Silvera, Charli St. Cyr, Robert Bullock and Herschel Savage. Videocassette by Dreamland Entertainment.

Though it comes six years after the original, *Bodies in Heat: The Sequel* is definitely worth the wait. Excelling in nearly every department, the story picks up with Sharon Kane as an undercover cop looking for work in Annette Haven's whorehouse. Naturally, life in a bordello has its ups, downs, ins and outs, and *Bodies* doesn't skimp on this combination of sleuthing and schtupping. There's a humorous bush-bang with Carol Cummings and her john; a quim-quaking Charli St. Cyr takes from the diving dipstick of Jerry Butler; and in her only sex scene the ageless Annette Haven does a mild lesbo-lick and finger-stick with Sharon Kane. *Bodies* actually succeeds more from its twisting and turning plot and decent performances than from its overall heat, but its steamy satyriasis makes for an entertaining exercise in savvy smut.

—S.L.

VIXENS

Shot on Video.

One-Quarter Erect; starring Jade East, Mandi Wine, Sascha, Nikki Knights, Jeanna Lynn, Shelly Rae, Trinity Loren and Raven Richards. Videocassette by Las Vegas Video.

Some people believe the world would be a perfect place without any men. In pursuit of this theoretical one-gender utopia, *Vixens'* makers have confined the male presence to one walk-off scene, with absolutely zero elapsed time exposing penis or active male tongue. What the seeker of alternative universes gets in *Vixens* is a collection of gash-gobbling ginches who pounce on the slightest provocation to pitch tits and clit to face lips. This cooze cosmogony might have been improved by including more truly foxy femmes and by picking pussies who enjoy a taste for twat.

Watching some degraded princess subject herself to a fucking from a club-dorked mutant who sprays his rancid dick grease all over her cringing face as she cowers teary-eyed and pitifully thinks of the decent Lutheran folks back home in Minnesota, where she can never return again, is right hot-shit adult entertainment. Seeing some fake-titted, hard jade shy away from a faceful of snatch is just a ripoff. Call it a double standard, but the penis still rules the universe according to porn.

—H.W.

X DREAMS

Shot on Video.

X Dreams: Victoria Paris seems to sleep soundly despite the hard-on in her hand.

Half Erect. Directed by Gordon VanDermeere; starring Tracey Adams, Marc Wallace, Victoria Paris, Busty Belle, Staci Lords, Randy West, Peter North, Chantelle and Jon Dough. Videocassette by Caballero Home Video.

Finally, a porn video where the star falls asleep before the audience. Every time ever-expanding Tracey Adams snoozes off in *X Dreams*, visions of porking smut stars cavort carnally through her head. This REM reaming disturbs Adams, though any jism-heavy hand humper would gladly trade his sweetest daydreams for such nookie-filled nightmares. What's so scary about Peter North furthering the breaking-in process of Chantelle's (billed here as Farrah) bite-size boobs and chewy butt and slit, or Randy West putting the beautifying bone to Staci Lords's just-add-dick dollface, or Busty Belle's avalanche of chest sweeping down upon Victoria Paris's steep, mammillary slopes, or Paris applying a liberal lather of tongue-whipped spit upon Jon Dough's gleaming stiff? Nothing frightening in that; nor is there any terror in Marc Wallace's schlong sliding between the squeezed chest crevice of a wide-awake Adams. The only real dread of *X Dreams* is that it was put together by people who were not asleep.

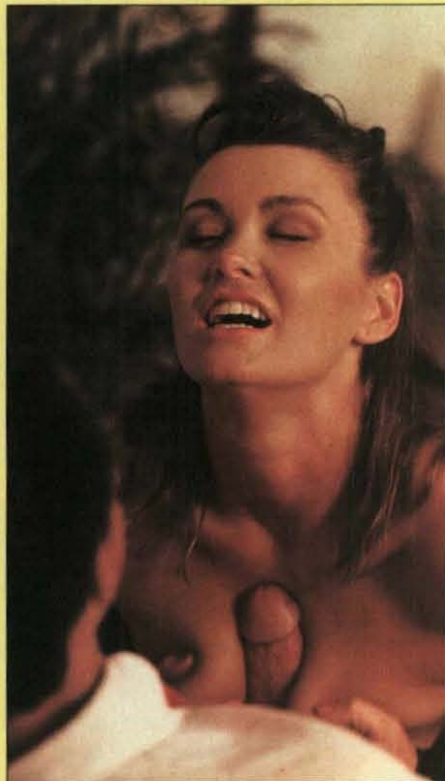

—K.B.

ASSPIRING ACTRESSES

Shot on Video.

Half Erect. Directed by Gordon VanDermeere; starring Nina DePonca, Rachel Ryan, Peter North, Marc Wallace, Megan Leigh, Cory Wolf, Zoey Miles, Sasha Gabor and Don Fernando. Videocassette by Caballero Home Video.

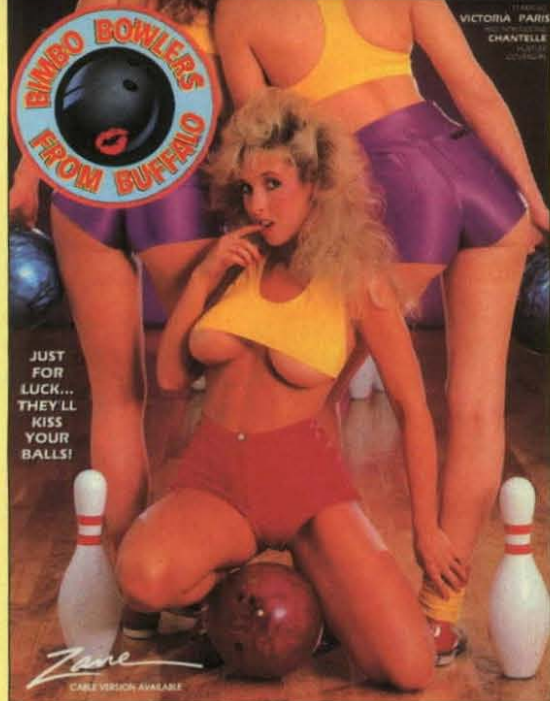

The great tragedy of a video tramp retiring from the blue-screen scene is her tendency upon reentering the work-a-lay world to confine her on-screen erotic antics to such low-risk, soft-core crap as girl/girl pussy bumps. Not so with Rachel Ryan, a prima raunch donna who has quit the jizz biz almost as often as she has undergone cosmetic surgery and yet always comes back sexier, slimier and more sphincter-happy than before. Ryan's rectal reception of Peter North's formidable ramrod is the only inspiring pierced butt of *Aspiring Actresses*. Megan Leigh and her all-nipple knobs tantalize Don Fernando, who, spellbound, spews his sperm onto her

*A heckuva performance from Rachel Ryan in *Asspiring Actresses*.*

bewitching physiognomy; tart and poontangy dark-meat Nina DePonca wraps her gamey thighs around a white-flesh blond bitch, then coaxes Sasha Gabor's milky extract quickly out onto her buns; Marc Wallace drips like a dying dude, splattering sweat and semen all over the chest and chin of his designated bimbo, one of many smut *Actresses* who does not share Rachel Ryan's aspirations.

—H.W.

BIMBO BOWLERS FROM BUFFALO

Shot on Video.

Three-Quarters Erect. Directed by Jim Enright; starring Victoria Paris, Chantelle, Keisha, FeFe Bardot, Tom Byron, Buck Adams, Randy West and Mike Horner. Videocassette by Zane Entertainment Group.

Muffs mature fast in the fecund petri dish that is the porn playground. Chantelle, for instance, a sweet package of caramel thighs, soft belly, smooth butt cheeks and pixie face, all topped by long falls of gleaming reddish-blond hair, enters *Bimbo Bowlers From Buffalo* a novice newcomer, the closest thing to cherry the porn screen is likely to see, and exits three fucks later a jaded, bejizzed, veteran smut jezebel. It is a privilege and honor to witness the transformation; just as it was with her *Bimbo Buffalo* co-star Victoria Paris. Chantelle's first cunt-cramming is a one-position crank from the cock of Mike Horner, after which Buck Adams twists her through several prurient paces, preparing her for a torching tryst with venerable fucker Randy West. Paris, of the plasterlike chest and coy, boy-toy face, draws a Buck Adams sperm deposit, which she later augments with interest from wad investor Tom Byron. Keisha picks up whatever slack is left, getting tight and wet with FeFe Bardot twice, the second time adding Mike Horner for variety. Welcome, *Bowlers*, and so long—until you ball again. —K.B.

THE LOVE MISTRESS

Shot on Video.

Half Erect. Directed by Roy Karch; starring Rachel Ryan, Champagne, Donna N., Jessica Bishard, Marc Wallace, Rick Daniels and Joe Morris. Videocassette by Western Visuals.

From her earliest carnal-cinema incarnations, Rachel Ryan has seemed a meretricious bitch. The hard eyes, tight smile, casually proffered body and gaping snatch are all signs of a woman who makes her living on her

The Love Mistress: Rachel Ryan showing her range.

back or knees. Though Ryan gives a pair of involving, professionally proficient porkings (one a slurp-and-schtop with heavy-hung black bone Joe Morris), her face flushes with its most genuine thrill as she fans out a hand of \$100 bills. No wonder she's been cast as a hooker! After stashing the cash, Ryan strips and sprays whipped cream all over her sugary skin and the flexing flesh of Rick Daniels. The gooey couple squirm and slide, squishing strawberries between them before Daniels dumps his organic nondairy topping on Ryan's glazed hide. Ryan's raunch for dollars is supported by a cast of three more mercenary sluts: Avid cocksucker Champagne humps her hole for Marc Wallace's pole; sepulchrally white Donna N. has her cunt iced and sliced by Wallace's poniard; and ripe, blond Jessica Bishard gives Joe Morris pussy seconds before Daniels takes rectal leftovers with his dick in her ass. *The Love Mistress: She'll love you for a nickel; ball you for a quarter.* —H.W.

HOT SPOT

DEIDRE HOLLAND

This sultry slit is a star of the burgeoning Australian porn industry. Yeah, we know it sounds like a contradiction... *Australian* and *porn* and *industry* in the same sentence... but it's true! So far Deidre has only made four videos (*Phone Sex Girls—Australia*, *Aussie Vice*, *True Blue* and *The Australian Connection*), but we have no doubt that this fresh beauty is going to make it big. *Really* big.

ON YOUR HONOR

Shot on Video.

Three-Quarters Erect. Directed by Pati Rhodes; starring Victoria Paris, Tom Byron, Megan Leigh, Porsche Lynn, Bionca and Randy West. Videocassette by Legend Video.

Crammed with rod-riveting action, including rimjobs, facials and an anal plunge, *On Your Honor* is litigious lust- ing at its best. You may find it difficult to buy bountifully boobed Victoria Paris as a judge, but when the sexual action ignites, with Randy West serving time in Paris's private chambers, such carp- ing can be cast aside. Next on the dock- et is a blistering Megan Leigh/Bionca/ Tom Byron threeway in which the two lascivious ladies lap each other's loghole before getting a stiff sentence from Tom Byron that ends with a judicious jizz blast over Leigh's pert features. Porsche Lynn is similarly sul- lied, but the most incriminating erotic evidence is presented by West and Bionca in an ass-crammer that would stand up in the most calloused of courts. *On Your Honor* will have you banging your gavel for more.

—S.L.

On Your Honor: All aboard the Bionca-Megan Leigh-Tom Byron express.

TAIL FOR SALE

Shot on Video.

Half Erect. Directed by Duck Dumont; starring Keisha, Sharon Mitchell, Barbara Dare, Faith Turner, FeFe Bardot, Buck Adams, Jon Martin and Don Fernando. Video- cassette by Vidco Enter- tainment.

Every pussy has its price, some lower than most, others so exorbitantly high as to be out of reach. *Tail for Sale* features both extremes of mercenary

muff, but evidently paid only cut rates. Barbara Dare, a snatch many scum-hounds would gladly mortgage both testicles just to rent, flashes her butt in *Tail for Sale*, scarfing the savory slot and piquant, puckered poop-hole of fried Frenchy FeFe Bardot. A slut-slurping Dare is a bargain at any price, but no- where near so dear as Barbara on a penis, a spectacle that will require at least more money than *Tail for Sale's* makers were willing to spend. The price was right for Keisha, whose face melts in a rapture of angelic bliss as Buck Adams milks his merciful release upon her clenching buns. Keisha also throws her hole for a poking from Jon Martin's pole. *Tail's* other two cunts for hire, Sharon Mitchell and Faith Turner, are each crammed twice, sharing a low-budget aura that permeates the entire video, making *Tail for Sale* a no-frill thrill.

SEX

THE BEST MEDICINE

Hump the floor! Hump it good!" Jill screams as the aerobics class tries to follow her every move. "Isn't it amazing how many of the exercises I do are sexual?" laughs the young instructor. "I tell everybody that the real truth is that fucking is the finest thing a person can do to keep in shape. It feels so good that we've been trained to think it must be bad. The fact is, though, that nothing is better for you than sex if you just show a little common sense." Since Jill is a drop-dead gorgeous, 22-year-old hard body, it's easy to want to take her at her word, but as more and more data pours in, science is beginning to validate Jill's theory.

The 1980s have been filled with reasons not to have sex. Herpes, AIDS and other sexually transmitted diseases

have got everybody falling in love with their hands. Just when you thought you'd have to be celibate or join a religious order, experts in the medical and health professions are declaring that sex can be downright good for you. This doesn't mean you shouldn't be responsible and practice safe sex—it just means that when you're doing the dirty dance, you're probably doing your whole body a favor, not just your genitals.

Fitness experts William McArdle and Frank and Victor Katch are among those out to prove that sexuality and physical exercise can combine to do a body good. Studies have shown that since the physical motions of sex involve the pelvis, which attaches to the body's longest, most powerful muscles, sex can be very good aerobic exercise. Furthermore, McArdle and Katch have shown that sex and exercise can increase testosterone levels, which in turn increase oxygen intake, reduce depression, build protein and may even bolster the immune system. Sex can increase your body's ability to protect itself because the exertion causes cells to release substances known as neuropeptides. Neuropeptides are amino acids that affect white cells in your bloodstream that help to fight disease. Besides attacking viruses and other enemies of the body, white cells prompt other disease-fighting cells, such as B-cells and T-cells, to kick in.

Just thinking about fucking can cause neuropeptides to be released—even sexual thoughts and fantasies can improve your health! Results of more general, long-range studies are showing that becoming involved with other people, especially doing something for them, can be a powerful stimulus to increasing lifespan and health. No one knows exactly why, but the more you do for others, the more you do for yourself physically. Sex can be seen as a way of helping anyone to live longer. There might be a great new pick-up line in this: "I want to help you live longer...want to help me?" Sex really can do it.

Having sex can also help to fight day-to-day tension and stress. Medical researchers have come to realize that stress can do a great deal of damage to our hearts and immune systems. Sex, on the other hand, can leave you relaxed and feeling better about

yourself. Dr. Joshua Golden explains, "Following sex, for most people there is a period of fairly profound relaxation. Lots of folks go to sleep. Relaxation is a specific remedy for most of the effects of stress, and sexual intercourse, particularly orgasm, frequently produces that state of relaxation."

continued...

People caught up in passionate love-making probably won't notice a whole array of subtle physical effects: Saliva is produced in large amounts; bleeding from cuts may be greatly reduced; hay-fever sinus congestion is often significantly diminished. In fact, in the ecstasy of erotic coupling we usually don't hear or see or sense anything but our own sexual pleasure. In these ways, the lover and the athlete have a lot in common. World-famous sex researcher Alfred Kinsey put it this way: "The face of the human female or male who is approaching sexual climax often bears a striking resemblance to that of a runner who is making a supreme effort to finish his race."

When Masters and Johnson graphed the heartbeats of subjects engaged in sex, the cardiac pulses came so close together that they had to be counted with a magnifying glass. This result frightened men who had

problems with heart disease. Tales of older men "dying in the saddle" have been widespread—rumor has it that both Franklin D. Roosevelt and Nelson Rockefeller died during sex. "I used to worry about fucking as much as I wanted to," says Michael J., a 43-year-old executive. "When I was in grade school I was diagnosed as having a weak heart. I wasn't allowed to play any of the strenuous sports like football or basketball—my parents were scared shitless I would get a heart attack. When I hit adolescence I was scared of sex. I thought it would kill me. Then," continues Mike, "I found out that fucking could do my heart as much good as a walking program. So now I do all my 'walking' lying horizontally on top of a beautiful woman."

Dr. Joshua Golden, director of the Human Sexuality Program at UCLA, agrees with Mike. He adds a little warning, however: "Under ordinary circumstances you probably don't expend too much energy during sexual intercourse or sexual relations. It has been documented that the heart rate and blood pressure go up during sex, but they go up for a short period of time, just a matter of seconds. More of a problem may be the increase of heart rate associated with sexual excitement in somebody who has heart disease, where there is the likelihood of some abnormal heart rhythm. People with heart disease should be reasonably cautious in the

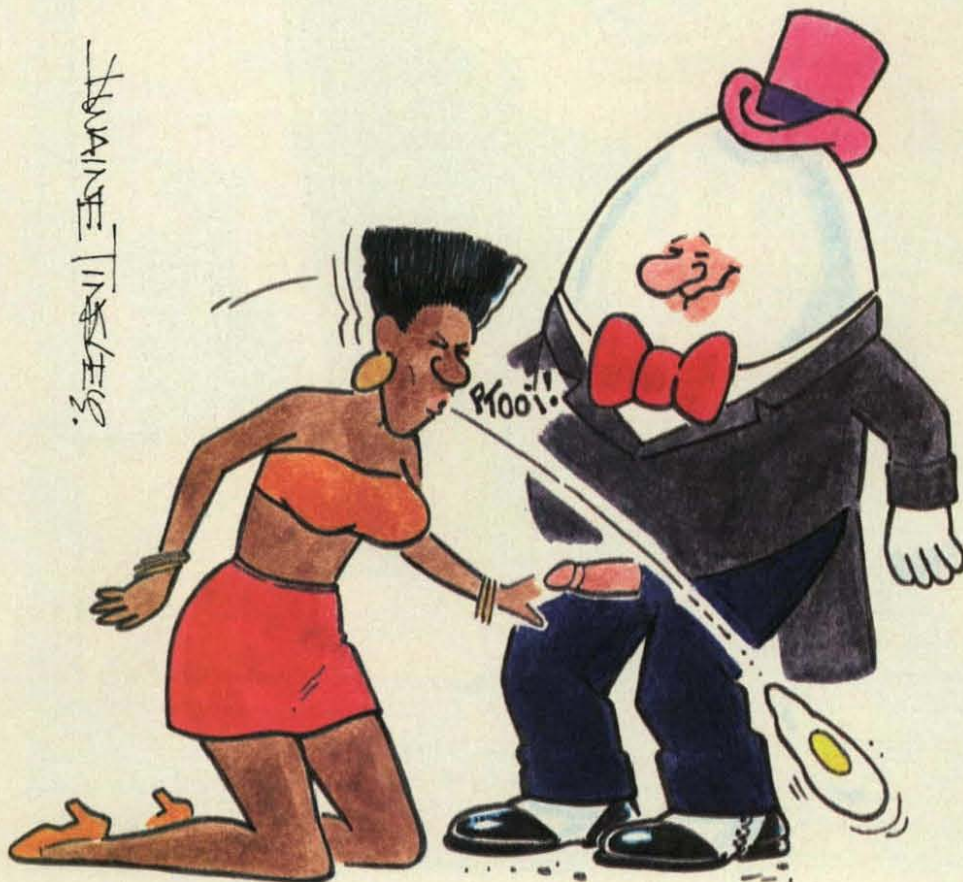

way they go about it—in a kind of slow and gradual way, so if they do get chest pains or other symptoms of heart disease, they can slow down or stop or take the proper medications to treat themselves."

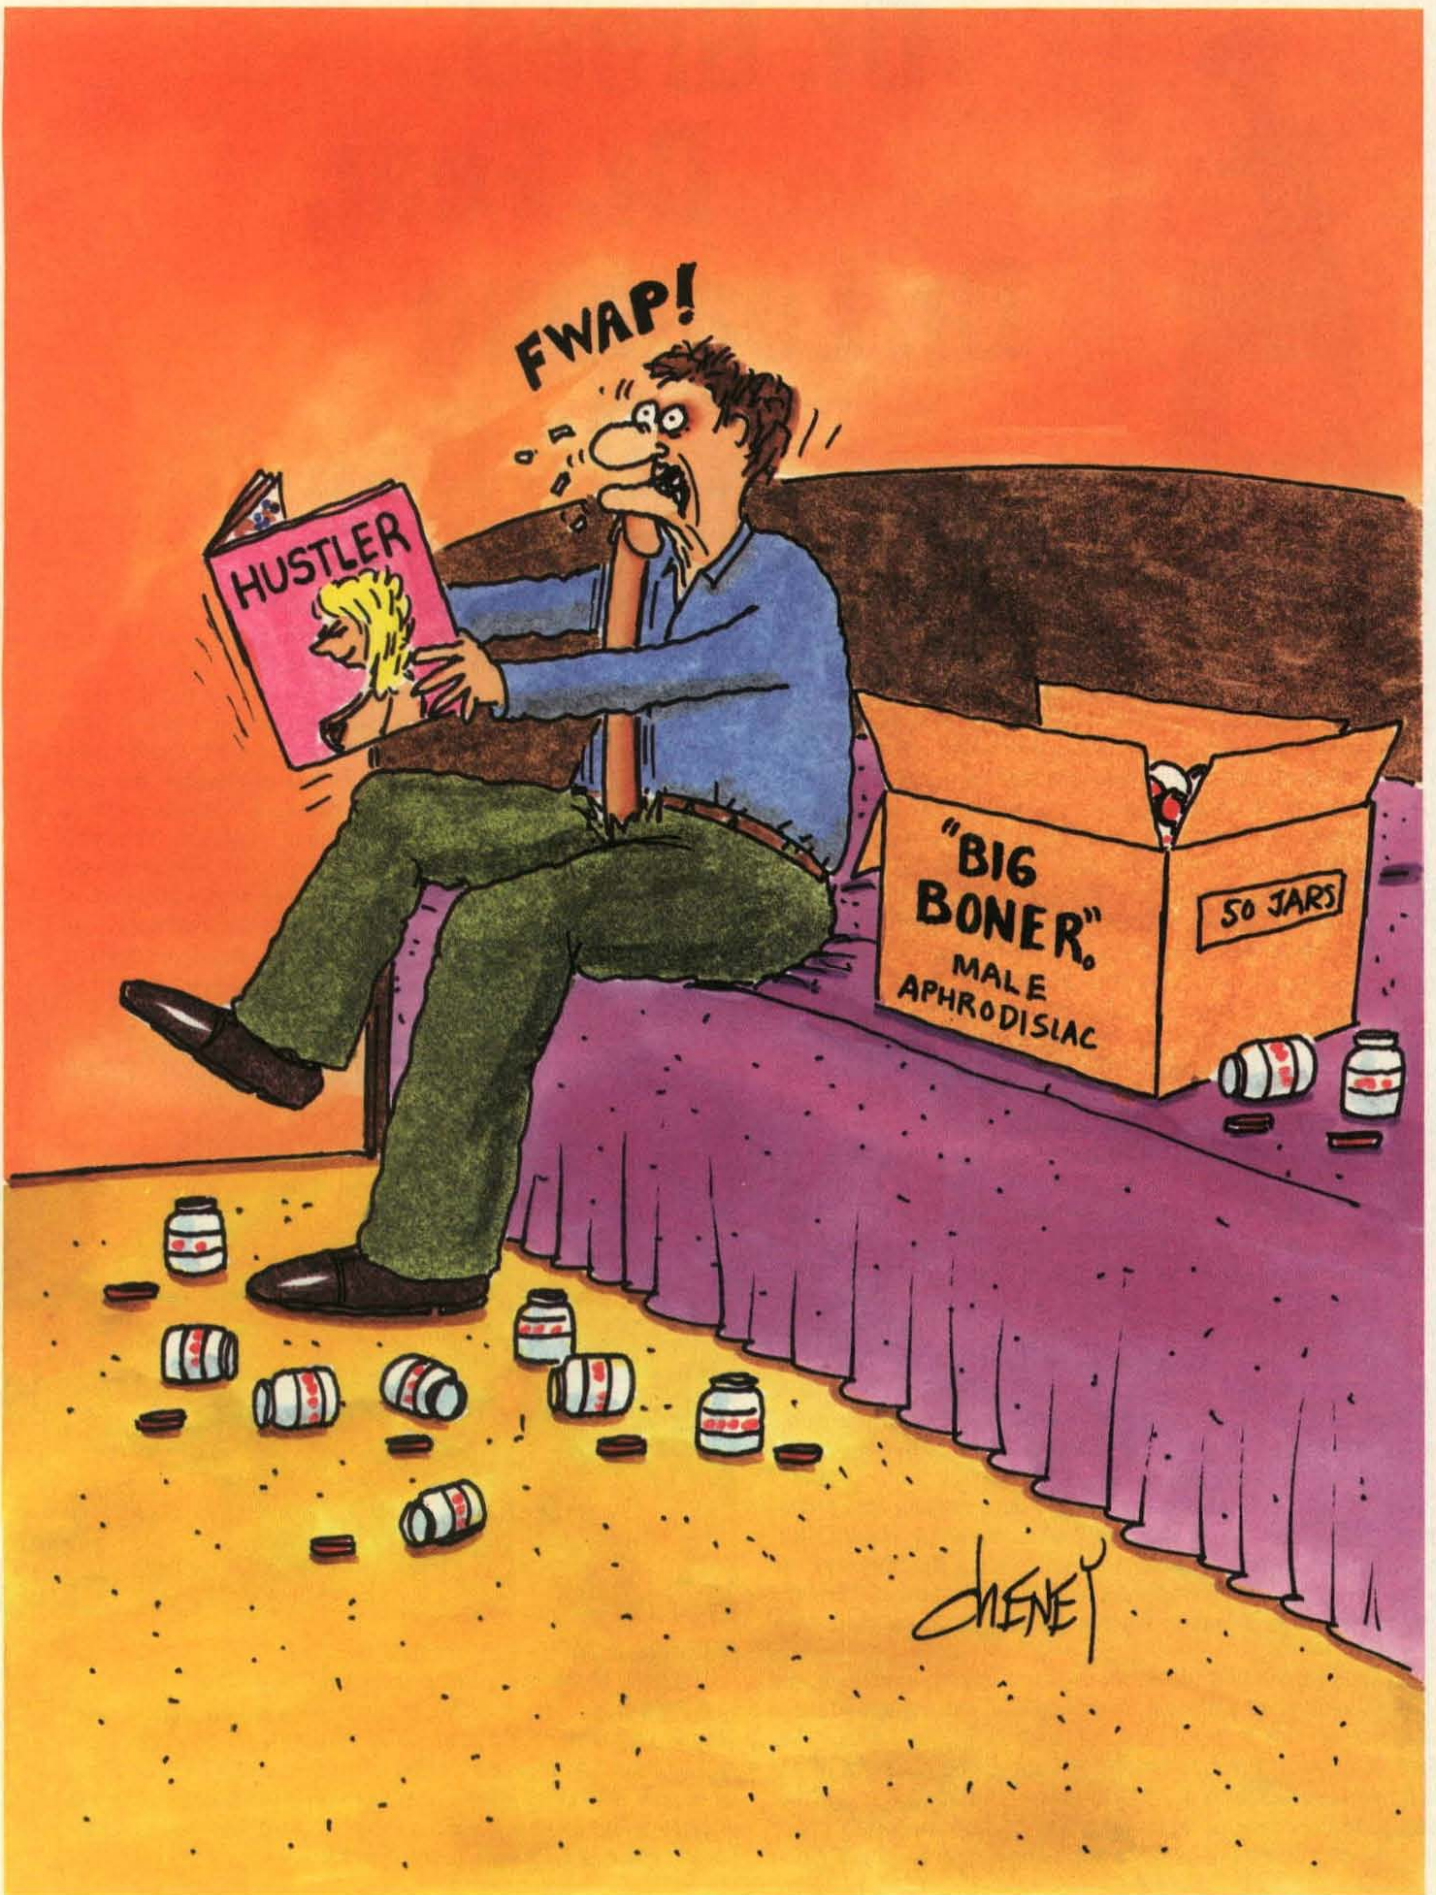

Studies by Dr. Joseph Bohlen of Southern Illinois University School of Medicine have shown that the man-on-top position is the most strenuous for the man worried about his heart. As a side note, the researchers working with Bohlen found that measures of heart rate, pulse, vaginal contractions and other physical signs did not actually record the amount of sexual enjoyment the participants were feeling. They sometimes reported intense arousal and orgasm with relatively low heart rates.

Sex and exercise go hand in hand—improve one and you improve the other. In a survey conducted in 1987 by *Shape* magazine, young females reported that they felt more easily aroused immediately after exercise. A report completed by David Frauman of Ohio University also found that the more people exercised, the more they wanted and had sex. "I really started having more sex after I started lifting weights," says 28-year-old Curtis. "I couldn't believe what a difference it made with chicks. I started working out because I wanted to be more capable of defending myself, but if I'd known that it would make seducing women this easy, I would've started a long, long time ago!" Twenty-four-year-old Kate agrees: "Guys who look muscular and in shape really turn me on. I work out a lot myself, and I want a guy who can really pump it to me the way I can pump it to him. I don't want a bunch of fat flapping against me. I want to fuck muscle. I want a lean, male machine coming at me."

Although being physically fit can make sex a lot hotter, sex can be just as intensely enjoyable and good for you even when you're not ready to compete in the Olympics.

Sex is also healthful because it gets you involved with someone else, even if only for a few moments. As everyone knows, sex can lead to an ongoing relationship—and we now know that relationships are good for our health. A nine-year study of 7,000 people in Alameda County, California, and an even longer study of 2,700 people in Tecumseh, Michigan, have shown that the life expectancy of married couples with friends is greater than that of single people. The marrieds not only live longer, but they test as being happier overall. Researchers have found that the more social contact people have, the longer they live. It's as simple as that. We are social creatures, and social creatures are sexual creatures. People who like people live to grow older than reclusive grouches. People who like sex may live the longest of all. So, whatever you do, just remember to keep on fucking—it's good for you!

Dr. Greed, Dr. Fear, Dr. Loathing & Dr. Death

by Natalie Jenkins

A woman lies in the street in a pool of her own blood. Unfortunately for her, the street is in a city where the chief of the Fire Department's paramedic unit has earned the nickname "Dr. Death." Dr. Death looks over the woman with disdain, careful not to come too close. He arbitrarily assumes she is a junkie prostitute, a potential AIDS case. He orders the paramedics to leave her alone, alone to die. The young lady is still breathing when the ambulance arrives, but dies soon afterwards. Immediate medical attention might have saved her life. Later, the pathologist performing the autopsy determines she did not have AIDS.

A woman in Los Angeles was molested at age five; at 15 she was left on her own; at 19 she became addicted to drugs; and by age 24 she was a mother with AIDS. She describes what happened to her infant daughter in a Los Angeles hospital: "Tests showed my daughter's brain had stopped growing. A CAT scan was given. I was not informed that dye was going to be used, and the dye burned a large hole in her wrist. When I got to the hospital she was lying in her crib silently, just looking at her hand. I stayed with her overnight. She had diarrhea all night and was motionless at times. The nurses kept telling me these were side effects. As I talked to her, my daughter's eyes went up and her heart stopped. . . . Everyone kept saying, 'Sorry.' She died of spinal meningitis and neglect."

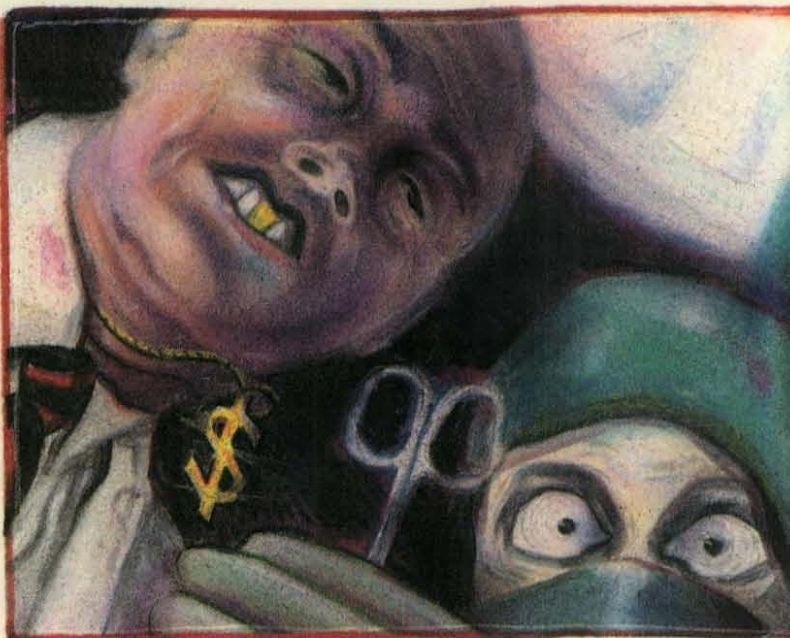

Michael Saunders was diagnosed with AIDS in 1984. He broke a leg while skydiving. When he went to Cedars-Sinai hospital to be fitted for a cast, the doctor treating him asked about the spots on his skin. When Michael told him he had AIDS, the doctor left the room and never returned.

Another AIDS patient was kept for 2½ days without food or water at UCLA's Department of Surgery while waiting to have a Hickman catheter installed. "They kept postponing the surgery," he recalls. "My anxiety level was really high. It was torture. All I wanted was to have the operation behind me so I could eat and drink something."

We like to think that no matter what illness we may have, the medical community will treat us rationally, intelligently and compassionately. This is simply not the case. In his book *Aids in the Mind of America* Dennis Altman says surprising numbers of patients with, or suspected of, AIDS have suffered indignities that go beyond the norm for even the worst of public hospitals; there are too many stories of patients not being fed, of beds not being

changed, of abuses from doctors and nurses.

The fear and loathing in the medical community exists all over America, not only in urban centers such as New York, San Francisco and Los Angeles. *The New York Times* reported the story of Ron Doud, a prominent interior designer, who was paying \$420 a day for a hospital room that no one on the staff would clean. When Ron was taken home to his mother in Phoenix, the pilot wanted to put him off the plane. The nurses in Phoenix were so afraid of Mr. Doud that they wouldn't even wash him. When he died the hospital staff put his body in a plastic bag. The undertakers poured embalming fluid on top of the sheets he was wrapped in, closed the bag back around him and dropped him in a casket—all this despite repeated confirmations from the medical community

that AIDS is not an easy disease to catch.

The body of medical evidence overwhelmingly supports the fact that AIDS transmission cannot occur through casual contact—and yet the desperate fear and paranoia increases. As two Danish experts wrote: "What is most extraordinary about the AIDS epidemic up to now is the high level of fear in a very large number of people in spite of the relatively small number of cases and deaths so far. Clearly there is no simple correlation between risk and fear." Nor

is there any connection whatsoever between fear and facts. AIDS has shaken the ethical foundations of the medical profession. Adherence to basic, humane principles has become the exception rather than the rule. The widespread refusal of doctors to treat AIDS patients has prompted the American Medical Association (AMA) to reissue a policy statement condemning this hard-heartedness. The original 1847 AMA Code of Ethics states: "... And when pestilence prevails, it is their [the physicians'] duty to face the danger and to continue their labors for the alleviation of the suffering, even at the jeopardy of their own lives." When it comes to treating men, women and children stricken with AIDS, this noble statement of medical ethics is routinely ignored. Even doctors of international repute seem to be saying, "Fuck that." W. Dudley Johnson, the heart surgeon who pioneered the modern techniques for bypass surgery, cowardly refuses to operate on HIV-positive individuals because of his fear of being infected.

The phenomenon of the chickenshit doctor is nothing new. The history of plagues has been fraught with this kind of cowardice among physicians. The Black Death killed one-quarter to one-half of Europe's population in a three-year span from 1347 to 1350. During the plague years, the majority of doctors took to their carriages and fled the cities to the safety of the countryside, where their services were not needed. When a deadly flu epidemic ran rampant in the United States in 1917 and 1918, killing over 500,000 Americans, doctors (by now driving big Buicks) again fled the urban scene for fear of contracting the illness.

Fear of death is a powerful human emotion, and, after all, surgeons and physicians are only human. Certainly, medical professionals need to take every reasonable precaution when dealing with infectious illnesses. But think of the many healthcare workers who refuse to take food into an AIDS patient's room, leaving the trays out in the hall instead. Think of the nurses who refuse to clean rooms or even enter and assist the patients who are paying their salaries.

Should we accept or condone this callous behavior? No. Especially not when out of more than five million healthcare workers in this country only a handful of individuals have tested positive for the virus. Nor has it been proven that these healthcare workers were exposed to the virus on the job, or by casual contact. So why are doctors in this country running scared?

Many doctors admit—off the record—that the real issue is greed. What they're *really* afraid of is the cost of disputed insurance cover-

age and soaring rates. In addition, they doubt the ability of many AIDS patients to pay for their expensive treatment. Doctors also worry that if they treat AIDS patients, they will lose their regular clientele who don't want to "catch it." AIDS really hits doctors where it hurts—in the wallet.

"Somewhere along the line, medicine ceased to be a healing profession and evolved into a commercial drug dealing business," says a noted medical researcher. AIDS points up the shallow values of modern medicine. Furthermore, most doctors don't like to look at their own lack of true healing abilities. With AIDS, a simple prescription just won't do; a thousand prescriptions don't cut it. Doctors have learned to take the easy route of pill peddling, and we as patients have come to expect it. Even doctors who consult with their patients about diet and nutrition find that patients ask, "Isn't there something I can take for it?" With medicine operating as a legal, high-profit drug ring, some medical experts claim that AIDS is only the first sign of an overall collapse of the medical profession as we know it.

Flagrant AIDS prejudice doesn't stop outside the doctor's offices or hospital wards; dentists, morticians and pathologists have all joined in the parade of loathing. Many dentists not only refuse to treat AIDS patients or those testing positive, but have reportedly stopped seeing all members of risk groups (translation: the 4-Hs—hookers, heroin addicts, homosexuals and Haitians). The problems don't stop with the living. Undertakers around the globe have refused to handle the bodies of those who've died of AIDS. Leading pathologists have refused to perform autopsies on people suspected of dying of AIDS. Research projects that involve bio-products (blood, lymph, tissue, etc.) have ground to a halt because many technical staffers fear contamination.

Even the best doctors suffer because other doctors won't join them in the attempt to alleviate the pain of AIDS patients. Dr. Gregory Shipman, recently profiled in *People* magazine, has tirelessly fought the good fight against the deadly virus. For two years Shipman has searched—and failed—to find a doctor willing to share his practice with him. Even his office assistant hasn't been able to take time off for six years. Others are simply too scared to fill in for her.

Over the years, Dr. Shipman has treated four women, a number of male IV-drug users and several straight men with no history of drugs. Shipman says it is the heterosexuals who are having "the hardest time telling their lovers and parents because of the immediate assumption that they are gay. They are not gay, but many had sex fairly indiscriminately with multiple female partners during the years when, hey man, it was cool to do that." He says, "I try to encourage them to be truthful, because along the way it is going to come out. We won't be able to deal with AIDS successfully until people get over the idea that this disease is dirtier than others."

AIDS is not dirtier than other illnesses—just deadlier. We won't be able to deal with the disease until more and more doctors address the problem with compassion and intelligent caution instead of irrational fear. Perhaps then Americans will be able to recover their respect for what should be one of the noblest of professions. Until that time, we are left in the hands of Dr. Greed, Dr. Fear, Dr. Loathing and Dr. Death. ☹

GULPING GREG'S CUM

The fabric of my snug tank top was rubbing my tits, and my big firm nipples were standing out like two ripe cherries. Anyone in the general vicinity would have been well aware that my 36DDs were braless and their nubs very erect.

As I bent to massage Greg's scalp I could feel his warm breath on my left tit, which hung tantalizingly near my mouth. I practically felt Greg's piercing eyes on my tits as they swayed in his face.

I took advantage of the situation. While he gazed at my globes I eyed the bulge that was growing in his shorts. He moved slightly to change the position of his obviously large cock and balls.

"Hey, Greg, you could use some conditioner on your hair. I better keep you here an extra ten minutes today," I said while towelling his thick curls.

My pussy tightened as I thought about getting more familiar with that bulge. Brushing against his shoulder, I moved my tits back and forth for a few seconds before raising them up again, to be sure he had felt the hardened nipples. Then, after applying some conditioner to his hair, I went up front to check my appointment book for the day.

It was early so there weren't any customers in the salon yet. Only two of the other stylists were there chatting at their stations.

As I walked back toward Greg my tight jeans began working their way up my firm ass. The denim rubbed my pussy. My tits bounced as I walked, and I was getting turned on as they rubbed against the rough fabric. I thought that I'd better be careful where and when I put on this top because it makes me so horny—and there's not always a stud with a big dick waiting nearby.

Greg had his eyes closed, and as I walked up to the chair I saw something that both shocked and pleased me. Greg had absolutely nothing on underneath his shorts! Reclining in the chair, he had raised one leg and his huge balls ap-

peared to be ready to fall right out. His cock was slightly rigid and its head pointed right at me. My pussy was growing wetter by the minute.

"Wake up time," I said, turning the water on. Leaning onto his bare shoulder with my pussy while I rinsed his hair, I could tell by the look on Greg's face how horny he was. My throbbing nipples were just inches from his lips, and he looked as if he longed to take a bite.

"Debbie, you've got the best looking

tits I've ever seen," Greg whispered. He raised up in the chair and grabbed a nipple between his teeth, gently biting my taut pebble before lying back down.

I glanced around to see if anyone had been looking, but I really didn't care. "Hey, fella, are you capable of taking care of my cunt before you leave here today?" I asked as I finished rinsing his hair. I walked around to face him. Greg raised his legs before swinging them over to stand up, and there was no doubt that with a cock that size he would be capable of what I desired.

Getting up from the chair, he took my hands and led me to the bathroom. When Greg stepped inside and pulled down his shorts, he revealed the heavi-

est balls and the fattest dick I had ever seen. Greg closed the door and reached to pull off my top in one motion.

My double-Ds were hard and tingling. Greg's hot mouth clamped down on my nipple, tugging gently at it with his teeth. I pressed my firm body against him while I cupped his giant balls in my hands.

Pulling my jeans off, I tried desperately to keep my tongue on at least one of my tits, loving the way he used his mouth on my nipples. I kicked my jeans aside and knelt in front of him, letting my mouth slide down the length of his shaft. I sucked and licked his hard cock, tasting his juices as he teased my nipples with his fingers.

I kneaded Greg's balls while I sucked faster, flicking my tongue on his throbbing cock. My pussy was doing some throbbing of its own, and I reached down with one hand to caress my wet clit. Licking my way up Greg's stomach, I slipped his wet dick between my mammoth tits and held them firmly together while he worked his cock in and out of my cleavage. I twisted my nipples as I pressed his heavy log between my boobs.

I knew he was close to shooting his creamy cum. I wanted that fat cock in my mouth when that happened. I placed his hands on my mounds, took his shaft into my mouth and began stroking my clit. My hands worked faster and faster as I felt the spasm rising in my pussy. Greg groaned as my mouth worked to release his cum.

Greg grabbed the back of my head and held it tightly while his cock exploded. I gulped his hot shots down my throat. Then I licked his still-firm cock clean while he squeezed my tits.

Looking down at me on my knees, he said, "Hey, we can forget the haircut today, but you have to come by my apartment... we'll try for one there."

Smiling up at Greg, I said, "These kind of haircut appointments won't satisfy the landlord when he asks for the rent, but they sure satisfy me."

HOT LETTERS

I could feel her tongue swirl and suck, preparing my cock for her hot, wet cunt.

EROTIC AUDITION

Working for our local playhouse doesn't have many financial rewards, but it gives me a chance to do what I love and occasionally presents opportunities to mix reality with fantasy.

The last production I directed called for a young woman to play the part of a jilted lover who is desperate to rekindle her love affair. One of the many girls who auditioned caught my eye. Her name was Claire, and she had a beautiful, sexy body. Even though she wore a loose blouse, the size and shape of her breasts were unmistakably perfect. Her small waist accentuated her chest, and her ass and lovely legs did justice to the bluejeans she was wearing.

Her sex appeal gave her an edge on other actresses, but her reading lacked the necessary emotional vulnerability. She was not the best candidate for the part, and she was excluded from the list of girls who were to be called back.

That night, as I watched television, there was a knock on my door. When I

opened it, I found Claire standing there.

"I hope I'm not bothering you," she said, her voice trembling slightly, "but I want that part more than anything. Would you please let me audition for you once more? I know I can do it." I didn't realize she meant to do it right then and there until she walked past me into the living room. With script in hand, she opened it to the page of her choice.

Claire had on a short skirt that revealed her sleek, muscular legs, and she looked taller because of the high heels adorning her feet. She was radiating sexual heat, and I was beginning to sweat.

Claire chose to read several lines of dialogue that led up to her character kissing the leading man, which I was to play.

"My life has no meaning without you," she said. "There's no fever inside, there's no passion."

"Is that what I do for you," I replied, reading my lines, "provide the fire for your passion?"

"Like no one has ever done before," she shot back looking into my eyes as if she meant it and moving so close that the tips of her breasts brushed my chest.

"I'll do anything you want," she continued, leaning close and lifting her mouth to mine.

As we kissed, my cock began to stiffen. I knew she felt it because she pressed her body closer to mine, pushing against my cock so that it grew even harder. I could also feel her breasts and her nipples poking into my chest.

My hands moved to her breasts. She pulled her lips away from mine to reach down and pull the sweater over her head and drop it on the floor. Her breasts were heaving as I bent to take one of the delicious pink nipples into my mouth.

Claire wore no panties, and her sculptured ass and furry triangle of pubic hair were the sights I was rewarded with when I pulled her skirt to the floor. My hands encircled her waist and caressed her sexy ass. Her body began to sway slowly as I massaged the tight mounds of her ass.

She unbuckled my pants and unzipped my zipper. "I want to suck your cock," she said as she pulled my pants down. Claire began to move her head back and forth slowly, sucking the length of my rod. I could feel her tongue swirl and suck, preparing my cock for her hot, wet cunt.

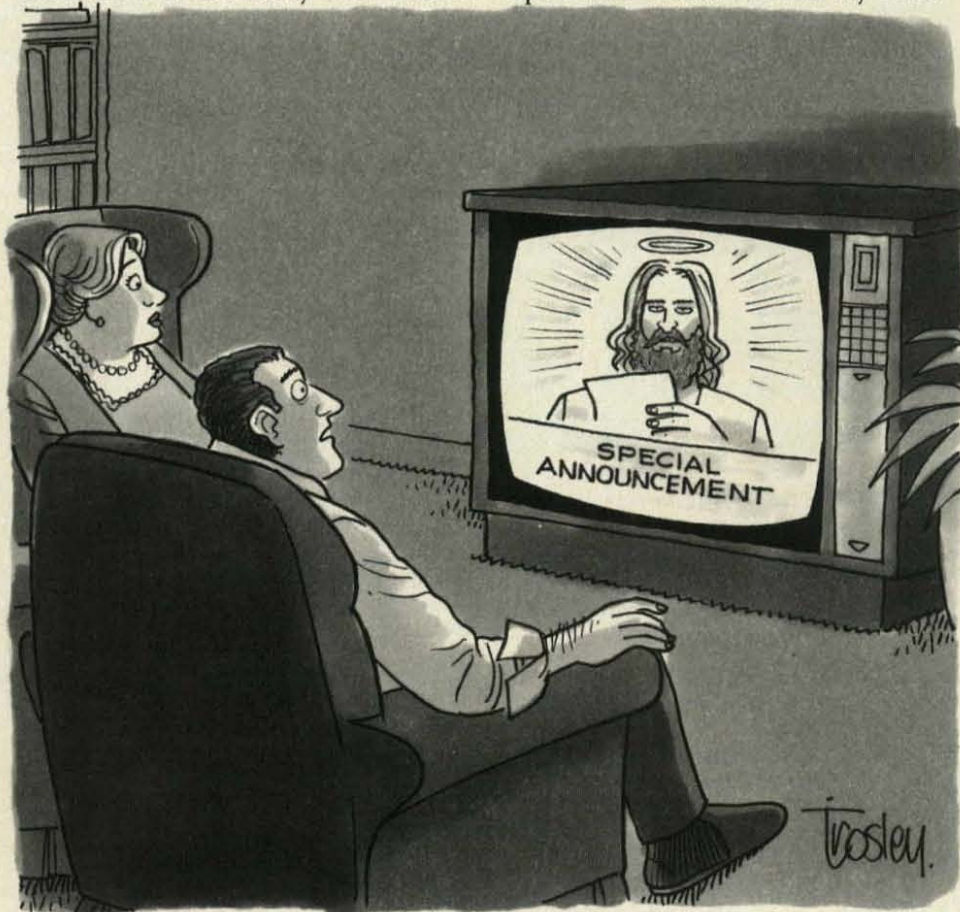

I led her to the couch, where she lay back and spread her legs so that her hungry pussy was easily accessible. After spreading her meaty, pink cunt lips, I applied my mouth to her hole and began to poke my tongue inside her. She ground her pussy into my face, coating it with cum. I guided my stiff cock to the entrance of her snatch and slowly eased the bulging head in. She circled her legs around my waist and hung on for dear life while I started pumping her tight twat. Her greedy cunt was sucking at my cock like a second mouth, and the eruption of cum that was imminent churned up from deep in my balls.

As Claire's first orgasm rocked her, she let out a long howl of relief. I continued to slam my cock into her, rocking her with additional orgasms. Finally, my own ejaculation exploded inside her. Our bodies seemed fused together in a short, wild, orgasmic frenzy. There was, a short time later, of course, an encore, and it was just as good as the original performance.

Claire still didn't get the part in the play, but I'll be directing another one very soon and she said she'll audition. I can't wait.

They're Fucking With Your Mind

by Robert McGarvey

Car salesman Jeff Johnson is enjoying a lazy night at home, drinking a few beers and half-watching music videos on television. The sounds are loud; the colors, intense. The four millionth viewing of Madonna's video numbs him into semi-consciousness. Not even the booming bass beat of the latest rap hit can lift him out of it. More music videos go by. Pretty soon, out of left field, Jeff catches himself thinking that the President's a sharp guy, definitely shafted by the press. *Yep, he is definitely okay. Fuck the media.* Jeff Johnson has just been brainwashed, and it has happened so undetectably that there is absolutely nothing he could have done to prevent it.

Sure, that's fiction—but the facts are real. Using the powerful sensory inputs available to TV, radio, films and the rest of the mass media, mind manipulators in New York's advertising agencies, Hollywood's movie and TV industries and Washington's political power structure are at this very moment shaping what you think about the key issues of the day, from abortion to elections.

No one has ever been brainwashed and realized or believed that he had been brainwashed.

"Today," say journalists Flo Conway and Jim Siegelman, authors of *Snapping*, "American business and advertising have at their disposal the latest and most comprehensive body of knowledge concerning the manner in which human behavior can be manipulated."

"You cannot pick up a newspaper, magazine or pamphlet, hear radio or view television anywhere in North America without being assaulted," adds researcher Dr. Wilson Bryan Key.

"I shudder to think about the propaganda and commercial manipulation that we are exposed to on a daily basis," says hypnotherapist Dick Sutphen.

There are numerous documented cases of covert mind manipulation techniques used to control behavior:

- In 1956 a New Jersey market researcher imbedded movies with hidden visual commands to buy Coca Cola. Movie watchers were absolutely unaware that these consciously imperceptible orders were attacking them, but the proof was at the cash register: Coke sales jumped 58% at that theater.
- At a Kansas City medical center, hid-

den audio messages are constantly piped through the sound system. And there have been dramatic results—smoking in the staff lounge is down 50%; angry outbursts in the crowded patient waiting room are down 60%.

• Retailers around the country are experimenting with "no shoplifting" audio tapes that endlessly repeat—on a subconscious level, beneath the Muzak—directives to not steal. One New Orleans supermarket reported that "inventory shrinkage" (theft) fell two-thirds, from \$50,000 yearly to just \$13,000.

• As long ago as 1972, In-Flight Motion Pictures, Inc. started selling advertisers the right to imbed totally hidden advertising in movies screened on airplanes.

• Major advertisers are continually subjecting you to disguised commands to buy *their* beer, *their* shampoo. You are hit with an avalanche of hidden audio and video messages every time you turn on your TV.

• Waiting around the corner are truly mind-boggling technologies of light and sound. Among them is a bizarre subconscious attack on the kidneys, liver and bladder developed by Mid-West Re-

nel. The technology is designed to incapacitate hostage-holding terrorists. Using pink noise masking—the sound of air conditioning—this system was tested on unsuspecting cadets in a police academy. According to one researcher, "the result of the test was that nearly the entire class of cadets had become dehydrated."

Don't believe it? Join the club. In one survey of influential business and civic leaders, 90% said they were sure there were laws against covert mind manipulation. What's more, 60% added that that stuff was a lot of hokey anyway.

As for hidden mind manipulation being hokey, that is exactly what big advertisers, major media, politicians, religious leaders and the U.S. government want you to believe. The more you believe that, the longer and more successfully they can secretly influence your purchasing and political decisions. "We hear very little about the subject these days," leading brain researcher Dr. Barbara Brown admits. But that is not because there is nothing to talk about. On the contrary: There is too much. "One always suspects government intervention when techniques to abuse mankind are suddenly banished from discussion. In any event, for some 20 years now there has been a steadfast denial of this extraordinary phenomenon by the experts."

You may think you know what you know—but thinking so may be dangerous to your mental health. As Dick Sutphen says, "In the entire history of man, no one has ever been brainwashed and realized or believed that he had been brainwashed." That's the terrifying part of brainwashing: Once it has happened to you, you will never know it.

"It is very difficult to pass laws against this," says Dr. Patrick Flanagan, a Tucson, Arizona, inventor of sophisticated mind manipulation machinery. "There are so many ways around it." What's more, much mind-control technology is abstract, putting it absolutely out of reach of any legislation or regulation. Used this way, the technologies aim to numb the unsuspecting—perhaps including you—into accepting the otherwise unacceptable. Fundamentalist preachers, for instance, commonly saturate their revival halls with a barely perceptible six-to-seven cycles per second sound, which can be hidden under the noise of air conditioning or even the hum from loudspeakers. That vibration—harmless as it seems—is incredibly effective in putting much of any audience into an immediate open-eye trance state. Because their eyes are open, the audience believes they are fully functioning, wide awake individuals. *They aren't. They are easy prey for any message the*

Getting The Big Mo

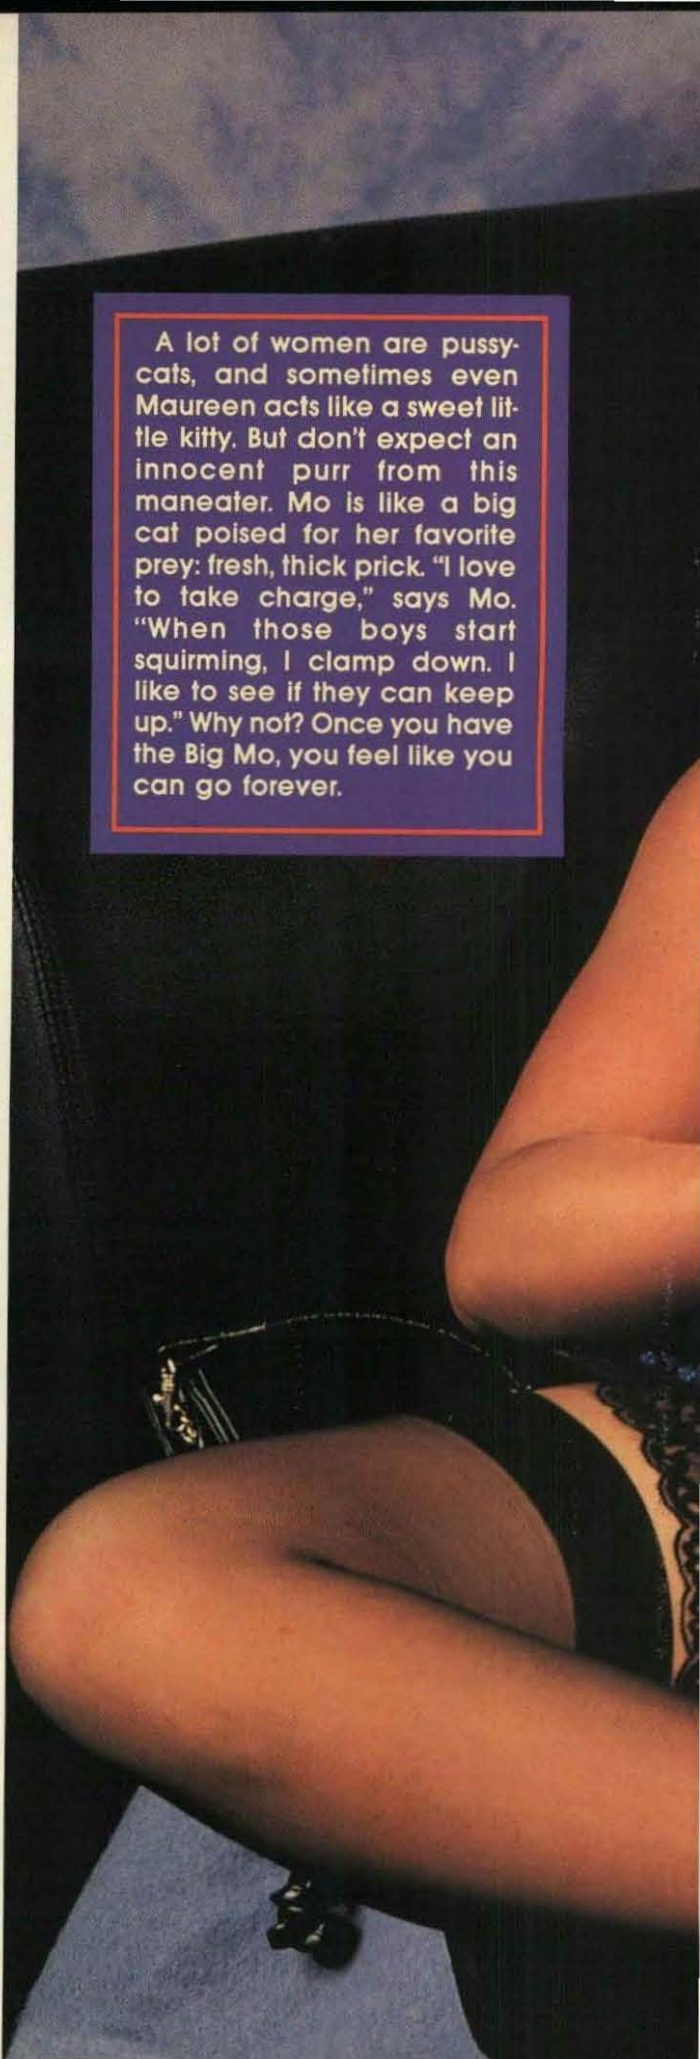

Photography by James Baes

A lot of women are pussycats, and sometimes even Maureen acts like a sweet little kitty. But don't expect an innocent purr from this maneater. Mo is like a big cat poised for her favorite prey: fresh, thick prick. "I love to take charge," says Mo. "When those boys start squirming, I clamp down. I like to see if they can keep up." Why not? Once you have the Big Mo, you feel like you can go forever.

The unnerving discovery is that unconsciously perceived information definitely influences behavior.

preacher chooses to put forth.

Effective as that technique is, there are scarier tools available to mind manipulators. Particularly chilling research is reported by Dr. Barbara Brown, who says that things as simple as the sounds of heartbeats can radically alter our reactions to pictures and ideas. In one experiment cited by Brown, scientists tricked subjects into believing they were hearing their own heartbeats while viewing photographs. They weren't. The heartbeats were pre-recorded, yet as subjects heard faster heartbeats they automatically gave high ratings to the observed photos. Lower heart rates yielded poorer ratings. Theoretical as that research is, the impact is very powerful. Increase the rate of fake heartbeat sounds, and audience excitement will bolt upwards. Lower it, and audience enthusiasm drops. It is as elementary as that. The dimension this adds to political messages, advertising and so on is alarming. "This begins to have frightening implications," admits Brown. "It seems quite possible that certain types of propaganda or techniques of persuasion will take advantage of this."

Commonly employed not only in revivalist/fundamentalist gatherings but in many public meetings and throughout the media, the six- to seven-cycle vibration as well as the fake heartbeat can be used to hide specific information or commands. In fact, subliminal information—"subliminals," as it's called by professionals—is a primary weapon in the electronic battle for your brain and your free will. Every minute of every day, your mind is swamped with smells, tastes, sights and sounds. You consciously process the data you are aware of, but you are unaware of much more. These data sneak through a maze of trap doors into your subconscious. Very high- and low-pitched sounds register on your subconscious but make no conscious impression. Fast moving and dimly lit images and pictures do the same. And here is the freaky part: While there may be no conscious recollection of these data, the information is permanently stored in your mind. Researchers, including Canadian neurosurgeon Dr. Wilder Penfield, have established that the subconscious and unconscious memory are vast storehouses, holding countless facts

unavailable to the conscious mind.

The unnerving discovery is that this unconsciously perceived information definitely influences behavior. "Many researchers have recorded brain waves or heartbeats or skin electrical activity, then presented words with emotional meaning, such as *sex*, *cancer*, *Mother* and *snake* mixed in with words that rarely arouse the emotions, such as *building*, *carpet*, *necktie* and the like. When the emotion-producing words are presented subliminally, there are strong changes in the reactions in the physiologic system, but no changes when the other neutral words are given," says Barbara Brown.

More proof of the impact of subliminals comes from one Texas university psychologist who began to salt his lectures with disguised slides showing graphic sex and violence at light levels outside the audience's conscious ability to see. His lectures, which had nothing to do with the slides being projected, were apparently more interesting to the students than in the past, as reflected by test scores. Test results indicated a significant increase in memory!

Chief among the weapons for secretly influencing behavior—including yours—are subliminal commands. As Dick Sutphen explains, "Subliminals are hidden suggestions that only the subconscious perceives. They can be audio, hidden behind music, or visual, flashed on a screen so fast that you don't consciously see them or cleverly incorporated into a picture or design."

Just how much information do you take in at subconscious levels? According to Dr. Key, "Theorists speculate that as little as 1/1000th of a total, single perception registers at the conscious level." And your mind is influenced by these unconsciously perceived messages just as much as it would be by consciously presented information. In fact, the mind is more susceptible because it cannot consciously defend against information it might reject.

Used consciously as a result of free choice, this discovery offers real benefits. A booming industry currently sells subliminal tapes for everything from weight control to achieving financial independence. At the conscious level, these tapes sound like ocean waves or innocuous music. At the subconscious level, however, are messages such as "I am losing weight" and "I am quitting smoking." There is dramatic proof that such tapes work. Many users report major life improvement from doing no more than passively listening to their tapes while sleeping or going about routine chores and job duties. No concentration and no effort were involved. Yet listeners say they have accomplished everything from losing 20 pounds in a month without dieting to stopping smoking painlessly.

"There ya go—'wife problem' all gone!"

FUCKING WITH YOUR MIND

Some men's magazines imbed sketched words such as sex, cunt and fuck on centerfolds and cover models.

Even in this commercial marketplace, however, a gray line is often approached and sometimes crossed. Consider the case of a woman who wanted a slimmer husband. Unbeknownst to her overweight spouse, she played a weight loss tape constantly for a month. He lost 26 pounds. In another instance, one company markets a seduction subliminal in major men's magazines. Play the tape, the advertising suggests, and women will find you irresistible.

There is no questioning the wrongness of advertisements that bury secret commands to win higher sales. Dr. Key has filled three books with documented examples of covert manipulation by advertisers. In one case, Key tested a sample of *Playboy* readers on their recall of a Christmas subscription ad centered around a wreath. Just two pages in a 260-page magazine, the ad was recalled by a stunning 95%. How can this be? Says Key: "The reader need only ask what kind of flowers were used for the wreath. The first conscious perceptual defense is to see the wreath flowers as nuts—possibly walnuts. A more careful examination reveals

they cannot be nuts. This wreath has been cleverly constructed of objects which resemble vaginas and the heads of erect penises." No wonder readers remembered the ad!

Some men's magazines, according to Key, also routinely imbed faintly sketched words such as *sex*, *cunt* and *fuck* on centerfolds and cover models. Such words emphatically grab attention—although viewers have no idea why they are so attracted to particular photographs. (HUSTLER has *never* used this technique to capture reader attention.)

Called imbedding, this technique—using an airbrush to hide emotionally charged words or images in seemingly harmless ads and photographs—is extraordinarily widespread. "Imbedded words and picture illusions are part of most advertising throughout North America today," says Key. "These subliminal stimuli, though invisible to conscious perception, are perceived instantly at the unconscious level by virtually everyone who perceives them even for an instant."

Key and his research associates have

documented hundreds of cases of such imbeds in major advertisements, including ads run by Crest toothpaste, Vaseline, Johnnie Walker Scotch, Kent cigarettes, Calvert whiskey, Bacardi rum, Sprite and Seagram's Gin. In every instance, the goal is to use imbeds to arouse viewer attention and increase memory.

Imbeds are merely the tip of a gargantuan iceberg of mind control techniques. Tachistoscopic projection, for instance, involves the high-speed flashing of words or images. Commonly used in movies and TV commercials, this high-speed technique is like the one used in the New Jersey theater to boost Coke sales.

Visual subliminals can also be transmitted with simpler techniques, including the use of dimly lit images, such as the slides of sex and violence.

But perhaps the most powerful subliminals are delivered in sound. *There is no way to know exactly what you are hearing when you watch TV or listen to radio.* Tales of rock groups using hidden messages are too numerous to recount—and, yes, many groups commonly use subliminals, according to music industry insiders. The fact is, it is incredibly easy to hide messages in music or spoken words. Using modern synthesizer equipment, words can now be psychoacoustically modified to sound like musical instruments—but the impacts of these words are every bit as strong as they would be if audibly spoken. Words can easily be made to sound like white noise (ocean waves, for instance) or pink noise (the steady hum of an engine).

Sounds without content and simple colors can be mood and mind manipulators when skillfully used by professionals. Much harpsichord and organ music—often heard in churches—rapidly propel most of any audience into an altered state of highly receptive and accepting consciousness. And colors, as proven by clothing designers, are directly associated with feelings and emotions.

The potential for abuse of these tools goes very far indeed. Says Dick Sutphen: "The techniques are still being used today by Christian revivalists, cults, human-potential trainings, some business rallies and the United States Armed Services... to name a few."

Don't think politicians are not using such covert methods. Hundreds of millions of dollars are spent annually on political campaigns, and the high-level consultants hired by politicians are well-versed in all methods of manipulation. Dr. Key even cites one example of sex imbeds being used by Congressional candidates in Virginia. Another researcher discovered sex imbeds in an official portrait of President Jimmy Carter.

LOFTY PLEASURES

DOWNTOWN LOFTS ARE POPULAR WITH ARTISTS, BUT FORGET THEM—THE REAL MASTERPIECE IS LACEY AND MARGO ENTWINED IN SAPPHIC LUST. THE TWO MODELS MET WHILE POSING FOR THE SAME PAINTER AND LIKED WHAT THEY SAW. NOW, WHEN NOT SPREADING THEIR WARES FOR WOULD-BE WARHOLS, THEIR PAD BECOMES A GALLERY OF GASH. USING ARTFUL STROKES ON EACH OTHER'S LOVE BUTTON, THEIR TRYSTS ARE THE ENVY OF THEIR NEIGHBORS, WHO SPEND EVERY NIGHT LISTENING TO THE NYMPHS GASP AND SCREAM ORGASMICALY. AS THE GIRLS ARE FOND OF SAYING: "ART FOR ART'S SAKE: PUSSY FOR OUR SAKE!"

There is nothing more familiar than television... and no more effective tool of mental manipulation.

Besides imbeds, politicians are using a full range of techniques to influence voters. Sutphen, a leading hypnotist, reports he has been approached by several political candidates to teach them how to do the characteristic "voice roll"—a methodical, slow way of speaking used by hypnotists to induce trances in subjects. Properly used, even so simple a technique as the voice roll will dramatically escalate an audience's receptivity to whatever the speaker says—from "Ban pornography" to "Vote for me!" Sutphen has always declined these jobs, but you can bet less scrupulous hypnotists do not.

As powerful—and potentially dangerous—as subliminals, voice rolls, false heartbeats and so on are, there are more menacing tools available to mind controllers, and, as with subliminals, you need not assent or be aware you are being manipulated. According to Dr. Andrija Puharich, at this very moment the Soviet Union is intensively exploring extra-low frequency electromagnetic waves (ELFs) that have the potential to exert enormous influence on human behavior. In one demonstration, Puharich sealed several

volunteers wired to electroencephalographs (EEGs) in a metal room. Within a few seconds, one-third of the people in the room were dramatically affected by the ELFs. Notes Dick Sutphen: "Their behavior followed the anticipated changes at very precise frequencies. Waves below 6 cycles per second caused the subjects to become very emotionally upset and disrupted bodily functions. At 8.2 cycles they felt very high... Eleven to 11.3 cycles induced waves of depressed agitation leading to riotous behavior."

Puharich maintains that ELFs can travel not only through metal walls but also many miles through the earth. Are the Russians beaming ELFs at the United States today? Nobody knows. At least nobody is saying. But this much is certain: ELFs exist and sooner or later somebody will begin using them to exert still further control on human behavior.

Closer to home, researcher Patrick Flanagan has already demonstrated the power of his "neurophone." Tersely described by Dr. Flanagan as "an electronic way of accessing the brain," the neurophone is a soundless device that

taps into the immense sensitivity of skin, which is packed with sensors for heat, light, vibration and so forth. With the neurophone, an audience sees nothing and hears nothing—but its effects are felt nonetheless. Relates Dick Sutphen: "In one of his recent tests, Pat conducted two identical seminars for a military audience. When the first group proved to be very cool and unwilling to respond, Patrick spent the next day making a special tape to play at the second seminar. The tape instructed the audience to be extremely warm and responsive and for their hands to become tingly. The tape was played through the neurophone, which was connected to a wire he placed along the ceiling of the room. There were no speakers, so no sound could be heard, yet the message was successfully transmitted from that wire directly into the brains of the audience. They were warm and receptive, their hands tingled and they responded according to programming."

Granted, there is a futuristic, science-fiction quality to ELFs and the neurophone, but there is nothing more familiar than the television—and there just may be no more effective tool of mental manipulation. As noted by Conway and Siegelman: "As important as the content of the information that television puts out and its widespread social repercussions is the manner in which it may affect personality—not simply an individual's actions and behavior, but the way he or she perceives the world."

Again, this propels us into a murky area of research, but what science knows about brain physiology is that it consists of two hemispheres. The left half is logical and factual; the right half is creative and intuitive. Unmanipulated, all of us bounce back and forth between right- and left-brain states of consciousness. Some of us are more lopsided in orientation than others. Very little else is known at this point except this: *The right-brain is far less critical in its assessment of new information.* And that opens up a giant opportunity for manipulators. If the left-brain can be numbed, the right-brain just may accept whatever is presented.

Guess what? That television in your living room... and the one in your bedroom... and even the tiny one in your car all have the ability to rapidly thrust you into a right-brain state. That's because TV, while appearing to be a static medium, is actually composed of millions of flickering lights that can easily put a large percentage of the audience into a low-grade hypnotic state. Once in that state, they are far more receptive to suggestions and, possibly, commands. Says Dick Sutphen: "Recent tests by researcher Dr. Herbert Krugman showed that while

DEJA POON

As if in a dream, we spy on the curvacious creature sunning her astounding bod poolside; somehow we feel like we've been here before. We notice a wondrous ass with two tattoos that look very familiar. Could it be...? The tight torso turns to reveal gigantic chest ornaments, glistening, full cunt lips that peek out from a tuft of blond pubes and seductive eyes framed by silky strands of flaxen hair. She giggles and says we're mistaken. She's an exotic dancer named Shaney, she says. Funny, we could have sworn it was Kascha, who has identical tattoos and, we thought, unmistakable breasts. Oh, well. The mind does play tricks. We may not be sure if we've been here before, but we *are* sure we'll be back.

Having to spend the night at the minister's home wasn't the worst thing that could have happened to the three students. The minister had three dimpled daughters who had indicated by a well-placed squeeze here, a naughty wink there, and a flash of creamy-white thigh whenever they got the chance that they were available for a little fooling around with the students.

"I know, guys," said the hairy little student from Vandy. "As soon as you've scored, call out 'touch-down'. Not too loud though, we don't want to wake the reverend and the missus. Now spread out. The last one to score is a Catholic." They fanned out in the dark parsonage, going from room to room looking for the thrills promised by the minister's daughters.

"Touchdown!" broke the silence of the old parsonage shortly after midnight.

"Touchdown!" again disturbed the stillness a little later.

It was well past 1 a.m. when the quiet was finally interrupted by the third "Touchdown!"

The next morning the third student was asked, "How come it took you so long to score, Romeo?"

"Sorry, guys," answered the latecomer. "It was a muddy field!"

Question: Have you heard about the new John Wayne toilet paper?

Answer: It's rough, it's tough and it don't take shit off nobody.

Stanley was so nervous about taking his very first airplane ride that he had been plagued by constipation for a full week before the flight. Finally flight day came, and after takeoff he felt so much better that he decided to move to the back of the plane and visit one of the lavatories. While Stanley was having a hard time relieving himself, he heard the door to the adjacent lavatory open and close. He listened while a gentleman relieved himself loudly.

Stanley sighed through the thin partition, "I can tell that you were constipated too, but it's great to hear that you've been lucky."

To which the man replied, "It's a big relief, and it will be even better when I get my pants down!"

The small traveling circus was going bankrupt fast. The owner tried a dozen desperate schemes to draw more customers, but nothing worked until he persuaded the elephant trainer to finish his act by catching an elephant turd on a plate and eating the whole thing with a knife and fork. The prospect of seeing a man eat a plate of elephant shit brought farmers from 50 miles around, filling the circus tent to the seams on opening night. The spotlight was on the elephant trainer, and the drummer gave a big flourish as the big, dark turd plopped on the plate. He sat down, took one look at the plate of shit, and put his knife and fork down.

A huge chorus of boos erupted from the crowd. The circus owner rushed up in a frenzy, and the trainer said, "Hey, I can't eat this disgusting stuff."

"You've got to," the owner said. "Besides, you've done it a dozen times in rehearsal."

"Well, yeah," the trainer said. "But take a look—this turd's got a hair on it!"

Three college roommates, two females and one male, argued after dinner about who would do the dishes. "All right," one girl said, "the first one to speak has to do the dishes." The trio retired to the living room to watch TV when their neighbor, a school football star, came by. The three remained silent. The visitor shrugged and led one of the girls into the bedroom.

Forty five minutes later, the young man emerged and approached the second girl. Through sign language they agreed to adjourn to her bedroom. When he came out he began to fix himself a cup of tea but burned his finger on the stove. "Hey, where's some petroleum jelly?" he yelled from the kitchen.

"Oh shit!" the male roommate said, jumping up. "I'll do the dishes!"

Question: Why do women fart after they pee?
Answer: Women can't shake theirs, so they blow it dry.

An attorney was working late in his office one night when the Devil suddenly appeared and offered him a deal. Beginning immediately, Satan said, the lawyer could win all of his cases, make twice as much money, work half as much, be loved by his partners, be worshipped by the office staff, be attended to by a beautiful nymphomaniacal secretary and be assured of living to a happy, healthy, virile old age.

"All I want in exchange," the Devil said, "are the souls of your family, friends, ancestors and descendants."

The lawyer considered the offer. "So," he asked suspiciously, "what's the catch?"

KITTY

SHE-MALE CALLGIRL

You're in a nightclub. You spy a gorgeous blonde across the dance floor. Closer, she is even more beautiful, maybe the woman of your dreams. You catch her eye. She nods. Dancing, she presses against you. It takes all your control to keep from fondling her perfect breasts. Later, at her place, your rock-hard cock straining against your boxers, she gazes at you seductively and asks a question you think you know the answer to, but have never been asked before: "Have you ever been with a transsexual?"

Most men don't meet Kitty by chance. They're already looking for what her ads promise: the ultimate transsexual experience. Along with her photo, she lists her measurements, 38-26-38...and 7". The idea of a heterosexual male having sex with a woman who has a functioning, erection-capable penis may seem odd, but that's what her clients are searching for, a taste of the unusual, a glimpse of the bizarre. Though their reasons for patronizing her may vary, one thing is certain, this top callgirl's client list is growing by leaps and bounds, which, by Kitty's reckoning, puts her only a couple of years away from her goal: completion of exceedingly expensive cosmetic surgery and the *ultimate* operation—replacing her male genitals with the best-constructed vagina money can buy.

George Jorgenson stunned the world in the early 1950s when he became a she, Christine. Since then, transsexualism has become much more common. Thousands of men and women have had sex-change surgery. Nevertheless, many people still confuse homosexuality, transvestism and transsexualism. The differences are pretty clear cut. Homosexuals prefer having sexual relations with same-sex partners. Transvestites like to dress in the clothing of the opposite sex, but are usually heterosexual men who just get off wearing women's clothes. Transsexuals not only cross-dress, but truly believe that they should have been born the opposite sex. Homosexuals and transvestites have no desire to change their sex—transsexuals, however, feel compelled to become the sex they believe they were meant to be.

This process is not cheap, and Kitty is not the first transsexual to turn to prostitution to pay the bills. Whether a she-male is your dream date or a nightmare encounter, they're *real* and are giving a new twist to an old, old profession.

HUSTLER: When did you first realize that you weren't like other boys?

KITTY: All my life. When we were little, my brother would

get sporting goods and those kinds of things as presents. I got dolls because that's what I liked. In high school I was pretty flamboyant. It caused quite a scandal, because my family lived in a small Southern Mississippi town, and with my dad in the Air Force—well, you can imagine! When I was 16, my parents helped me to change my name from a boy's name to a girl's. HUSTLER: *Most parents wouldn't be so understanding. Didn't they ever give you a hard time? How did you work it out?*

KITTY: At first, no, it wasn't like they said, "Oh, well, yip-pie! What a great choice you've made."

It was just a matter of communication, which is what we've always done in our family. A lot of transsexuals don't have that. A lot of them are thrown out into the streets, completely disowned by their families. I'm one of the lucky ones. They realized that this wasn't just a phase; it was something that wasn't going to go away. They try to accept it as much as possible.

HUSTLER: *Did you go to school as a girl?*

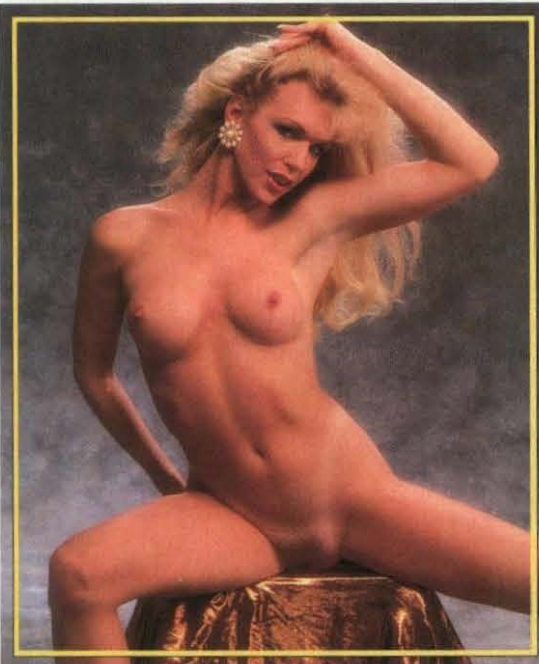

KITTY: I started wearing female clothing in high school.

HUSTLER: *Did they give you a hard time about that?*

KITTY: Originally, yeah. It was a Southern town and I had been called a sissy for years. They tried to say that I couldn't come to school dressed in girls clothing. I went to the school board. I wasn't showing any parts of my body nude. I wasn't dressing tacky. I wasn't against the school code. I was just wearing clothes of my preference. I didn't wear dresses, but I wore girls baggy jeans.

HUSTLER: *Did you go through a phase where you thought you were gay?*

KITTY: Yeah. When I was 15 I went to gay bars, crashed them underage. But I could just never relate to gay people at all, and they couldn't really relate to me. I thought, *Oh, Lord, what is this? I'm not straight. I'm not gay!* Then I met a girl—well, she used to be a guy—in New Orleans, and she turned me on to the whole picture. Before meeting her I never knew about sex-change surgery or that there were other people like me who just should have been born the opposite sex.

Interview by Con Hart

SHE-MALE CALLGIRL

"Gay men aren't interested in sex with transsexuals, so my clients are almost all heterosexuals."

HUSTLER: *When was your first satisfying sexual experience?*

KITTY: My first real lover was the quarterback of our high school football team. He sure was good. I pursued that boy with a passion. I had a fit because he wouldn't take me to the prom. He'd say, "Are you crazy? I'm the quarterback. I can't show up with you."

HUSTLER: *What kind of sex did you have with him?*

KITTY: We had anal sex. He fucked me. I never fucked him. You see, I thought of myself as a girl, and I couldn't see myself doing that. Now, in business, there are times when I do it because that's what some clients want. Who knows, maybe the quarterback wanted that too. Maybe that was his attraction, but at age 16 and 17, we didn't talk about sex that much. We didn't say what we wanted; we just did what we could get away with. I assumed the position and said, "Have at it!"

HUSTLER: *Do you come? Do you ejaculate?*

KITTY: I do come, but with hormones. It's like there's not an ejaculation per se, just the tiniest bit of clear fluid. I don't ejaculate like the men in porn films. I don't shoot.

HUSTLER: *What exactly have you done to change yourself into a woman?*

KITTY: At first I just dressed as a woman. I thought I was going to be a drag queen forever. When I found out about transsexuals, I took female hormones to make myself more feminine. The hormones started to make breasts grow, stopped some of the hair growth and made me curvier. I got breast implants in 1986. I've had dermabrasion on my face three times, trying to get rid of some acne scars I have. That cost \$10,000 and I'm still not satisfied, so I'm going to have a nose job, a jaw-line reduction and a brow line reduction so I'll have a perfect face. I want to walk into restaurants and have all heads turn. I want to say, "Exactly who wants to have sex with me? Everyone? Take a number."

HUSTLER: *So you still have your cock and balls?*

KITTY: That's right. All seven inches. Come and get it before it goes. It won't be long now before it's a pretty little pussy instead.

HUSTLER: *Is that all there is to making a sex change?*

KITTY: All the doctors in the United States that do sex changes want you to have lived as the gender you want to be for at least a year. Before you can get the final surgery, you have to have seen both a psychiatrist and a psychologist for at least six months each. The surgeons want written evaluations from mental health professionals that say they believe you are, indeed, a transsexual and that it's not just a phase or something. I've lived as a woman for about ten years so I don't think it's a phase, but I'll tell you, sometimes you never know. I have a friend who does transsexual shows. She's very beautiful. She saved the money for her surgery, living as a woman for 12 years. She flew off to have her sex change and, instead, came back without her breasts. She'd changed her mind and decided to be a man again! She moved home and tried to live as her parents wanted her to live, but she's back, taking hormones again. Now she's got her breasts back, and long hair. But she's 35 and doesn't have the money for her surgery. That's really pushing it.

HUSTLER: *When did you become a callgirl?*

KITTY: The first time I ever took money was when I was 18. This old man said he'd give me \$100 to have sex with him. I got serious about working in 1985.

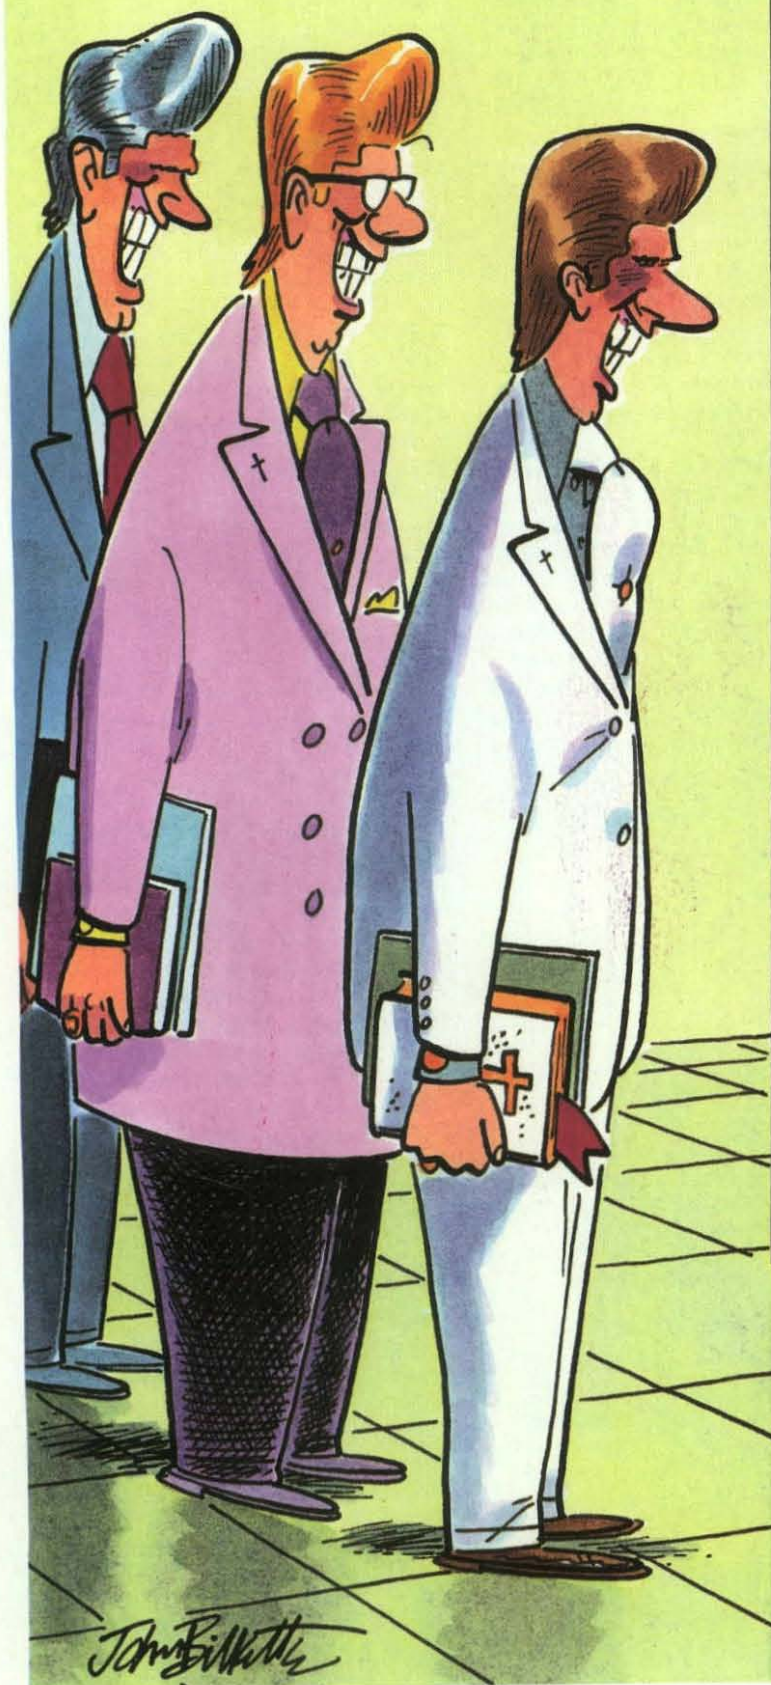

HUSTLER: *What kind of clients do you have?*

KITTY: All kinds. Black men, white men, Orientals, businessmen, college kids, couples. I run an ad in nine papers. I run two pictures of myself and tell them to call me for the ultimate transsexual experience. Yesterday I had two college students, an engineer and an attorney. It's a huge mixture. Gay men aren't interested in sex with transsexuals, so it's almost all heterosexuals. The men who want me are married, have children, girlfriends—all that madness. Some clients are single men who are looking for something different. Maybe some are men who are afraid of their homosexual feelings. I've had guys tell me that they've always wanted to have sex with someone who had the same genitalia, but that they didn't want to go to bed with someone who looked like a man. It's much easier to be with someone who looks like a woman, but has a great big clit. I've had women call me up to give me as a present to their husband or boyfriend. Men will call and want me to have sex with their wives or girlfriends. They like to watch and then join in. I don't really enjoy the couples much. They always want to talk, talk, talk. Takes up too much of my time, plus no woman has anything to offer me sexually. I'll do it for the money, but I'll tell you, it's no thrill.

HUSTLER: *What do your clients like to do?*

"I turned around just as he was shoving a big hunk of my shit in his mouth."

KITTY: Mostly just fuck. Either they want to fuck me, or I fuck them, or both. I have erections, although the hormones can interfere with that. My clients really want me to have an erection. If I don't, they don't come back. They want to have oral sex with me. They want to be penetrated by me. They want to be fucked by a woman! Wives, out there, go on and buy a strap-on dildo, for goodness sake! I guess wives are just not willing. A lot of women won't even perform oral sex. Some of the men who come to see me just want a blowjob. They're not interested in the fact that I'm a transsexual even. They saw my picture, found me attractive and called. A lot of men have heard the rumor that transsexuals are better at oral sex than a genetic woman. Who knows? Maybe it's just one of those myths, like the one about black men having bigger dicks. Well, I'll tell you, that one is just not true. I have lots of black clients and I *know*.

HUSTLER: *What do you feel about anal sex? How is that different from gay sex?*

KITTY: I'm not able to say it's different because I've never had anything else. To

me it's enjoyable. It's the way I can have sex. I love it. I'm not going to lie to you. I don't think anal sex would be nearly as enjoyable for a genetic woman because she doesn't have a prostate gland and I do. When the prostate gland is touched or stimulated it is very enjoyable. It's a nice feeling. There are lots of men who like their wives or girlfriends to put their fingers or whatever in their anus because it makes the ejaculation stronger. It increases the feeling. So I enjoy it. I guess, yeah, if I'm with a boyfriend—mentally, I'm considering my anus as being a vagina. That's all I can do.

HUSTLER: *Are there things you won't do with clients?*

KITTY: Not really. I've had men eat my shit. Can you believe it? I took a shit in bed twice for this guy because I really needed the money, but I don't think it's something I'd do again. He had plastic on his bed and asked me to shit for him. I did and then got off the bed saying I didn't have any more for him. I went to take a shower, and he called out my name, and I turned around just as he was shoving a big hunk of my shit in his mouth. I threw

up. I'm surprised he didn't eat my puke too. HUSTLER: *Are there guys you turn down?* KITTY: I try to turn down minors, guys under 21, but it's hard. They're so cute and so firm. Better than a 50-year-old attorney who's been eating pasta for 30 years! I like the under-50 men with black hair, black eyes, tall and hairy. That's my favorite type. Italian. One tattoo helps—a cute little heart or something. I like them real rough in bed. I don't like gentle sex. I like tall men in good shape. Doesn't everybody? If they make more money than I do, that can be more of a turn-on than good looks. I check out a man's socks, shoes and watch the minute he walks through the door. Gucci and Rolex? That'll be \$500, please.

HUSTLER: *So your prices are flexible?*

KITTY: I never accept less than \$100 for sex. For a \$100 bill, you can have a half hour of anything you want. Because I don't discuss money on the phone, some guys show up without enough cash. The really young guys will often have only \$30 or \$40. One time a guy showed up here with \$13! I look at it this way—that's money I didn't have before they came to the door. I put them in a chair, hand them some lotion and tell them I'll strip and they can go at it and have a real good time for their money. I won't let them touch me though, no—not for that kind of money. Unless they are exceptionally cute and have a big log. Then I'll often do it for free. What can I say? I'm a sex maniac. I love sex. As long as I have condoms, I'll go for it.

HUSTLER: *Are you careful always to use condoms?*

KITTY: You bet. A lot of girls still don't use condoms. That's ridiculous. I have five friends who are working callgirls and they have AIDS. Some of them don't use condoms. I always ask clients if they've had sex with certain other callgirls. If they've had sex with girls I consider dangerous, I won't have sex with them. I don't tell on the girls, I just say that I think they use drugs and it wouldn't be safe for me to have sex with one of their clients.

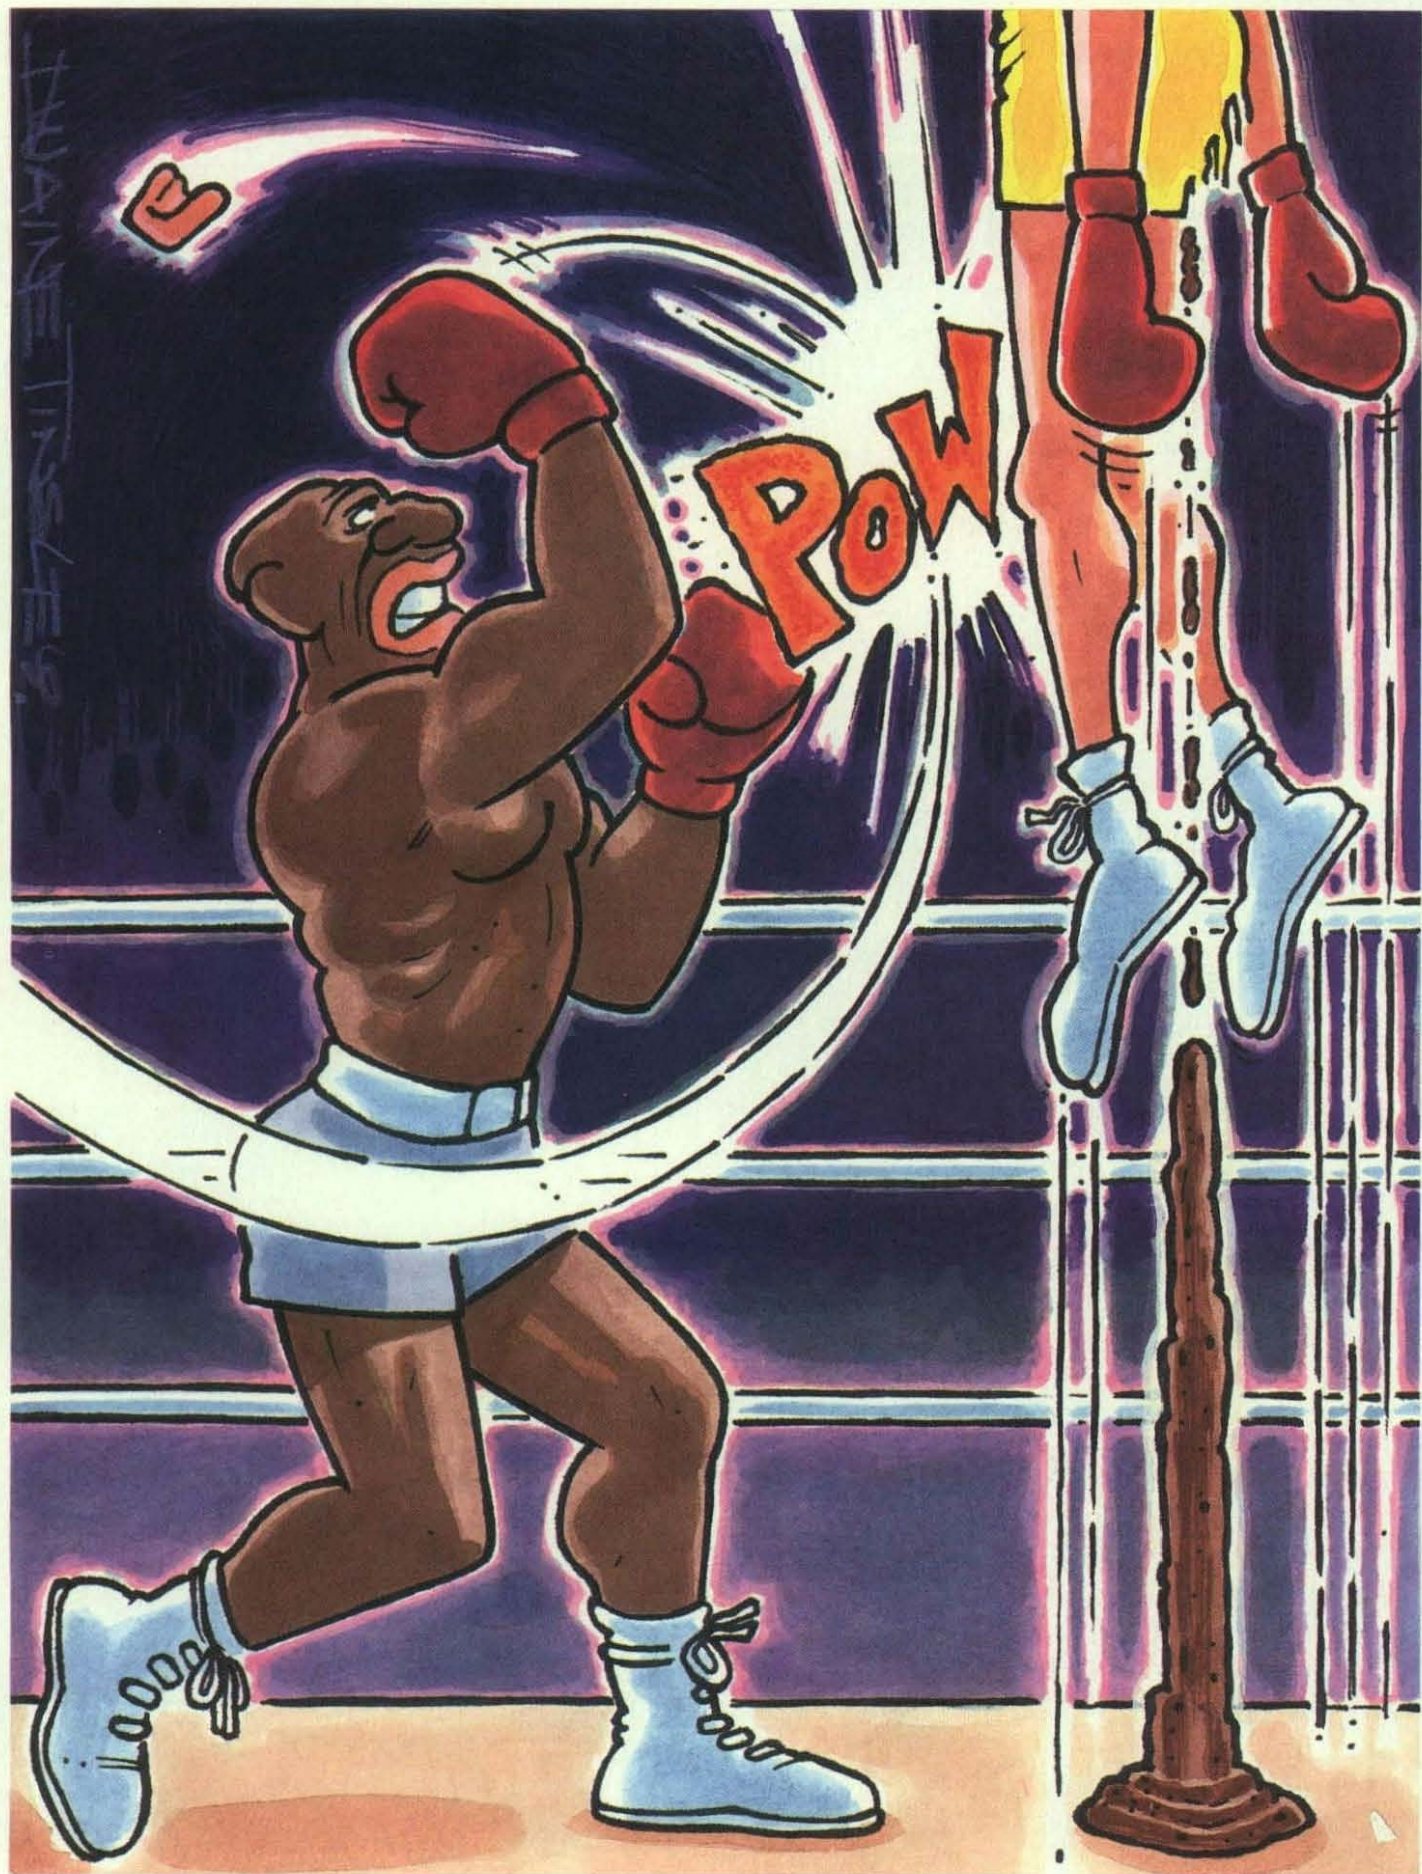

HUSTLER: *Do you date men who don't know that you're a transsexual?*

KITTY: Sure. I love to go out and pick up cute guys. I bring them home sometimes, and it's fun to get them all hard and excited and then ask them if they've ever been with a transsexual. They always say no, and I always say, "Well, you're with one now." Usually they don't care. They are alone with me. Their friends saw them leave with an attractive woman, so what the heck. Sometimes they thank me for telling them and leave. I've never been beaten up or anything. Even the ones that leave often see my ad later or have taken my number and call me up to say they

MANIA

Tired of all the *Wrestlemania* hype, **HUSTLER** staged a *real* tag-team match. The Studs, two backwoods beefcakes, versus the Twats, Keisha and Venus. At first the contest has countless delays as managers, coaches and fans all try for a piece of the fleshy action. Finally the titty-twisting, rod-wrenching bout begins.

The Studs gain immediate advantage, using their powerful meatsticks to corral the delectable duo, but the cum-draining mandible holds of the Twats—not to mention Keisha's thunderous chest-thumps—triumph over the gash-grappling hillbillies.

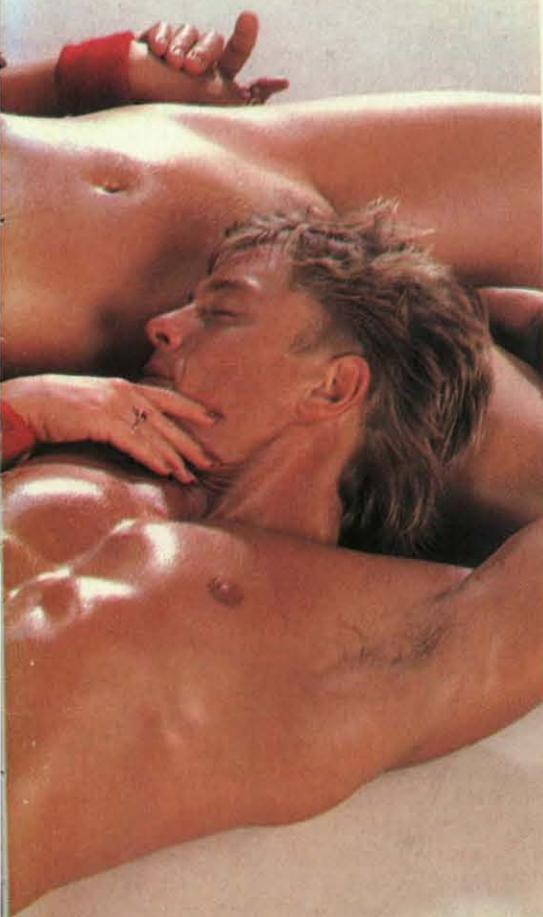

Eventually, the constant vapor-locks take their toll, and all four collapse in a heap on the sweat-and-jizz-covered mat. Who says wrestling is phony?

"I date guys that don't know I have a penis. I just don't sleep with them."

couldn't handle it at first, but now they think they could.

HUSTLER: *Do you know transsexuals who have had the surgery and live like regular women?*

KITTY: One of my best friends has been married for over a year now to a vice-president of a company. They are very happy. She just sits at home. He's bought her a Mercedes. They have a condo. She's got lovely clothes and jewelry and doesn't have to do a thing. He's paying for a nose job that she's going to get. She's hairy from head to toe, though. I don't know how she does it. She shaves three and four times for this man and has never told him that she's a transsexual. Can you imagine? We all have our little games and deceptions, but how's that for tripping out? I date guys that don't know I have a penis. I just refuse to sleep with them, swearing that it's because I'm a virgin. I even had a man propose to me who I really wanted to marry, so I had to tell him. He really flipped. We did sleep together after I told him, but it just put him over the edge, and he saw a shrink and decided he couldn't see me anymore. What can

I say? I'm still me. I have another girlfriend who had her surgery a couple of years ago too. She's lovers with a woman who's going to have sex-change surgery to become a man. I've heard it all now. A man who became a woman marrying a woman who's becoming a man!

HUSTLER: *Are there transsexuals who go through the surgery and stay callgirls?*

KITTY: Yeah. A lot of them do. I don't want to. I mean, I'm turning tricks for the money—not for material possessions, but for the surgery. This is the fastest way to make all the money for the surgery, and believe me, the medical costs are really high. Someday a friend of mine and I are going to open a travel agency. I don't want to be doing this when I'm 30 or 40. The girls that stay in the biz become so jaded. I've already seen myself change from being naive to being very calculating. I pretty much know exactly what I'm going to do with everyone I meet. I just use a different name, and try to make them feel like they're the only one. I see a lot of my friends who are bitter. They thought the whole world would change when they had their

MEN WHO LIKE SHE-MALES

HUSTLER talked to Dr. Malcolm Slavin of Tufts University to get a psychologist's view of why men might want to have sex with a she-male.

HUSTLER: *What would you theorize about a client of yours who was seeing a transsexual callgirl?*

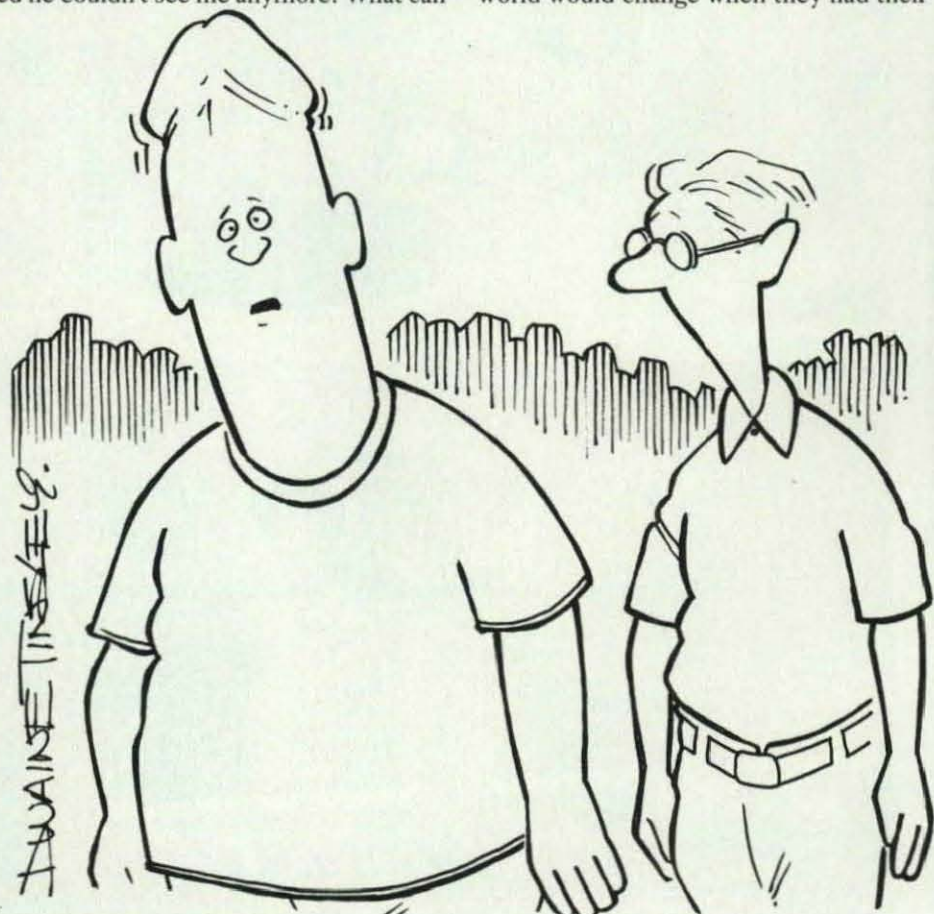

SLAVIN: The classic Freudian view would come from the theories about castration anxiety. According to this view, one of the most frightening experiences to a little boy is seeing a vagina. To him it looks like a place where something got cut off. I don't believe in this view myself, but classically oriented Freudians would say that in finding a transsexual, a man finds a woman who is not castrated. This can be a reassuring revision of that earlier experience that produced so much anxiety. This is a woman who is not dangerous because she is not castrated. The woman with a vagina is threatening because if a man gets close to her, castration could happen to him too. If he put his penis in her, it could come off. A transsexual woman who still has male genitals lets a man revise his castration anxiety. She's a woman he can feel safe with because she hasn't lost her penis.

HUSTLER: *Are there other views?*

SLAVIN: Some psychologists would say that a transsexual has achieved a kind of "both" world. As children, we feel we are everything. We are male and female. When you realize that you can't be both a male and a female—this is felt as a loss. You are limited to being just a man or a woman. A transsexual like Kitty can be seen as a symbolic ideal. She did achieve this state that we all once felt. Men who felt particularly limited, hurt and cheated by not being able to be both sexes would probably find themselves strongly drawn to a transsexual.

HUSTLER: *What is your personal theory?*

SLAVIN: I would be most partial to the view that most of her clients are experiencing a basically homosexual urge. I think the element that really stands out is that Kitty is a man with breasts—a symbol of a nurturing male. I think that men who did not experience being loved and cared for by their fathers as much as they wanted or needed would be drawn—probably not consciously—to this person whom they see as a nurturing man. They need to find the breasts in the man. It's a homosexual with a plus, a gay prostitute with some of the negative male features taken away and some positive female characteristics added. She probably attracts a lot of men who sense a sexual ambiguity about her—a bisexuality. Her sexuality probably matches theirs in some way. —C. H.

SHE-MALE CALLGIRL

"Everyone else has the right to sell their services, their time, their intelligence, their skills. Why can't I?"

sex-change. They expected to be worshipped by men, have guys falling all over them with proposals. I don't have all those false dreams. I'll take care of myself. If love happens, it happens, but I want a career. Some transsexuals think that just because they have a vagina, they'll be treated like a goddess. I know better.

HUSTLER: *Are they able to pass as female callgirls without men guessing?*

KITTY: It depends on the doctor. There are a lot of girls that have had bad surgery, and they get "clocked." We call it clocking when a client or someone is coping to the fact that you aren't a genetic woman. Some of the girls I know say that guys don't clock them if it's just straight sex. If a man wants to perform oral on her, he can usually tell. The lips may not be in the right place, the doctor put them too high or too low. Guys aren't stupid—they've been around and they can tell. Sometimes there isn't a clitoris, or it's too tight, or who knows—sometimes they can just tell. I have a girlfriend who's simply gorgeous and she had great surgery. She's even self-lubricating. She was in

Hawaii and dating this guy she really liked a lot. One night they started to fuck and he just got up and got dressed. She asked him what was the matter, and he told her that he wanted genetic, not generic. It's horrible when that happens! Think about it—you go through all that surgery, all that hell and money! She didn't go out for months after that happened. She was devastated.

HUSTLER: *Would a post-operative transsexual advertise herself as a transsexual callgirl or as a woman?*

KITTY: I know girls who have had their change who advertise themselves as post-operative transsexuals. Some just go ahead and advertise as women. I think the majority advertise as women.

HUSTLER: *Do you ever have trouble with the police?*

KITTY: The aggravation and discrimination against transsexuals by the police is ridiculous. I used to live in an apartment with another transsexual callgirl. The police came over to our place one day and told us to move. They had tapped our phone and were willing to lie and testify that we had propositioned

them. The cops always do that—they just lie. Who is the judge going to believe? Not the callgirl. Not a transsexual. The way I look at it, prostitution shouldn't be illegal in the first place. It's consenting adults, right? A man wants to do something that he can't do or find everyday, and I want to sell him my body, my sex. Everyone else has the right to sell their services, their time, their intelligence, their skills. Why can't I? It's so ridiculous. It takes so much of the taxpayers' money and it doesn't stop anything. I know girls who have been arrested countless times and it doesn't stop them one bit. Prostitution's been around since the beginning of time. As long as there is easy money to be made there will be prostitutes. You get addicted to it. How else are you going to make \$500 to \$1000 just saying "Hi!" and being pretty?

HUSTLER: *How widespread do you think transsexualism is?*

KITTY: Very. It's very widespread. In every city I've been, including small towns, there are transsexuals. I don't think people are looking for them on the streets, but they're there.

HUSTLER: *How many working transsexual callgirls do you think there are in the United States?*

KITTY: In the United States? Good God, who knows? Thousands? There are definitely more genetic women callgirls but maybe something like one transsexual callgirl to ten genetic women prostitutes. One out of ten at least! If you go to San Francisco, Houston, New Orleans or New York where everybody's on the streets working, there are designated areas. You'll see five blocks that are all genetic women prostitutes; then there are five blocks that are all transsexual prostitutes and another five blocks that are full of male hustlers. If you try to work the wrong block you'll end up in a fight. You have to stay in your area. But I don't work the streets, so I can't relate. In New York, there are three escort agencies that only handle transsexuals. And, of course, men can always meet transsexuals in bars. That's the point. And through ads. But see, there's a difference. If a man meets me from my ad, it's usually business—monetary. If a man meets me or another transsexual out socializing in a club, normally, then we're looking for something other than a business client. Sex as business gets boring. When I'm in a club, I'm looking for something else—a relationship, a one-night stand or just some fun sex. I think it's important to remember that, although I'm a callgirl, not all transsexuals are. There are a lot who are businesswomen, doctors, lawyers, dentists, ministers—you name it. The majority of transsexuals are not callgirls. We each do what we do by choice. 🐾

By 18 the typical teenager has spent the equivalent of two entire years sitting in front of the tube.

viewers were watching TV, right-brain activity outnumbered left-brain activity by a ratio of two to one."

A second series of experiments, by psychophysiologist Thomas Mulholland of the Veterans Hospital in Bedford, Massachusetts, uncovered still more eerie findings. Mulholland wired TV-watching children to an EEG. Whenever brain-wave activity indicated the kids had entered a low-grade hypnotic trance, the TV automatically shut off. Since the shows were ones the kids wanted to watch, they were motivated to remain fully conscious. They could not. Virtually all the TVs flicked off within 30 seconds, which underlines how powerfully television propels viewers into semiconsciousness.

Still more experiments have been conducted by psychologist Jacob Jacoby, who tested 2,700 viewers on the contents of television shows, such as *Barnaby Jones*, and commercials they had just finished watching. Jacoby asked very simple questions—yet, on average, these viewers missed one-fourth to one-third of the answers. "Of course they did," explains Dick Sutphen, "they were going in and

out of a trance!" And in trancelike states, we are far more likely to accept and believe information and commands which, if we were fully alert, we would immediately dismiss. "The medium for takeover is here," Sutphen concludes.

Indeed it is. According to *USA Today* research, by age 18 the typical teenager has digested more than 15,000 mind-numbing hours of television—or, to put it another way, he has spent the virtual equivalent of two entire years sitting in front of the tube.

Don't think advertisers are unaware of the potential of TV to manipulate. "More and more," according to Sutphen, "radio and television commercials are using techniques that tend to alter consciousness to maximize effectiveness. . . . Any time patterned voices, songs, music or visual patterns are used, this potential exists. 'Plop . . . plop . . . fizz . . . fizz' is an example."

Sutphen elaborates: "When you start to combine subliminal messages behind the music, subliminal visuals projected on the screen, hypnotically produced visual effects, sustained musical beats at a trance-

inducing pace. . . you have extremely effective brainwashing. Every hour you spend watching the TV set, you become more conditioned."

Adds Dr. Key: "Madison Avenue account executives actually brag about planting subliminals which, they claim, no one will be able to find. One executive at a major international agency told of burying the words *Buy! Buy!* continuously behind ten seconds of applause at the end of a 60-second TV commercial." Did the viewers follow instructions? Absolutely! "Tests showed the instructions worked superbly," says Key.

Don't think the entrenched political and religious groups are unaware of this potential. Right-wing money sources have long funded the Christian Broadcasting Network, even vaulting one of its celebrities into Presidential candidate status.

Jerry Falwell and his minions also attempted to seize control of the mammoth CBS television network. There is little need to wonder why. Put a TV network under the control of political or religious extremists, and, in short order, the airwaves could be even more saturated with hidden messages and other mind-altering techniques than they currently are. Add in, say, ELF technology in the hands of these extremists and the nightmare increases.

Consider the potential. A show like *Miami Vice*, or any MTV fare, already presents a richly saturated texture of sights and sounds. The spadework for mind control has been accomplished. A few high network officials could easily retain for themselves "final review" of all programming, and in the course of that review all manner of orders could be inserted into a TV program. A mind-numbing ELF overlay could be inserted. Also, colors and manipulative sounds such as heartbeats could be inserted as well. Much of this mind-control arsenal has already been proven to exist and to work in TV commercials. Programming is just a logical extension—and a massive upping of the mind-control stakes.

What can you do to guard against these present day (and possible future) hidden manipulators? While experts agree on the scope and severity of the problem, there is little consensus about how to win a degree of self-protection. Dick Sutphen speaks for most experts when he says: "I don't know how the misuse of these techniques can be stopped." This battle is critical—our free will is at stake. Unfortunately, with the exception of turning off our TV sets, there are no easy remedies. That is the one sure step we can take to win back control over our subconscious minds. Beyond that, the experts urge only that we be very, very careful about what we listen to or watch.

THIS SUBLIMINAL CASSETTE CREATES A SEXUAL DESIRE FOR YOU

SHE THINKS IT'S ONLY MUSIC, BUT SHE'S BEING EROTICALLY PROGRAMMED TO LOVE YOU!

CAN WORDS HIDDEN UNDER MUSIC SEXUALLY AROUSE A WOMAN AND FOCUS HER PASSION ON ONLY ONE MAN?

YES!! SIMPLY insert the MEPHISTO SUBLIMINAL CASSETTE (car-home-portable). She will only notice music, BUT inaudible, hidden commands penetrate her subconscious mind. Soon, she wants you with an overpowering passion.

Become her Obsession!

Scientific Demonstrations prove: Subliminal stimuli activate involuntary bodily responses such as: **SEXUAL AROUSAL!** That means Mephisto's "hidden" orgasmic subliminal commands will secretly focus her erotic urges on you and plant your image (like a seed) deep into her subconscious swelling her sexual excitement to the edge of orgasm!

Sexologist agree: The process of bonding (the choice of "only" one man) occurs in her subconscious and is the trigger to a woman's **SEXUAL DESIRE!!** Mephisto's Subliminal technology converts Seduction from an Art to a Science.

SATISFIED
CUSTOMERS

ENLARGE YOUR PENIS TO IT'S MAXIMUM!

Have Erect Measurements of 9, 10, Even 12 Full Inches!

The MONARCH is the ONLY Penis Developer you will ever need!

Is the size of your penis bringing you down? Sure, the medical authorities say the size doesn't count, but as long as women have a need to be filled, they will demand the full measure of devotion. And no amount of psychological reassurance will fill the gap between expectation and reality.

Now, with a simple device you can follow in the footsteps of thousands of men who have proven that there is a way to INCREASE PENIS SIZE and THICKNESS! The device is called the MONARCH ELECTRIC VACUUM ENLARGER. A safe and proven natural way to add inches to penis length and thickness. With the MONARCH you will see yourself grow to dimensions you never thought possible.

HOW CAN THE MONARCH ELECTRIC VACUUM ENLARGER INCREASE PENIS LENGTH & THICKNESS?

Your erection is caused by blood flowing into hollow caverns inside your penis. The caverns fill with blood and your penis grows in size and thickness and becomes stiffer and stiffer until the caverns are filled with all the blood they can hold.

BUT, IF YOU INCREASE THE CAPACITY OF THE CAVERNS BY MAKING THEM BIGGER, THEY HOLD MORE BLOOD and you have a correspondingly longer, thicker penis. Regular use of the MONARCH gently urges the caverns to expand... expand... expand. You'll see the astonishing results the first time you use your MONARCH. Your penis will grow inside the clear, picture window sleeve. Immediately you'll see just how really BIG... how really FAT... how LONG... how HARD and STIFF your own penis can get! And after regular sessions with the MONARCH you'll probably find as do most men that these size gains don't go away! They become a part of you to thrill and excite her!

**THE MONARCH IS SIMPLY THE MOST
POWERFUL ENLARGEMENT SYSTEM YOU
CAN PURCHASE ANYWHERE!
AT ANY PRICE!**

This powerful, totally electric unit (U.L. approved) is equipped to plug into any wall outlet to give you continuous, even sucking power until you shut it off! Unlike noisy electric vacuum enlargers costing upwards of \$100 — the MONARCH is "quite as a whisper." This sophisticated instrument is by far the state of the art in penis enhancing machinery.

AT LAST! A BOOK THAT ILLUSTRATES THE PURE JOYS OF MASTURBATION!

In a short time you can learn new ways of enjoying sexual ecstasy alone or with your partner! Dozens of techniques are exposed in words and photos. Every act, every method, every device is discussed in detail. Learn to enjoy prolonged periods of continuous ecstasy! To delay your climax as long as you want! To make your climaxes super-charged with power and sensations. A must for the connoisseur of erotic delights!

A Completely New & Powerful Triple-Strength

TURN ON FORMULA

TURN ON is a NEW triple strength formula that will create uncontrollable sexual desire in women (and men) with no harmful effects. After taking — tiny particles of this genuine imported essence find their way into the urinary tract and safely and effectively stimulates the sexual organs of either sex. Resistance just melts away! It mixes unnoticed in food or drink. Remember — TURN ON pills are inert formulas that is triple strength and is a sure-fire way to boost your make-out score! 30 day supply is nationally sold for \$12.95 — but check our prices!

WHY BUY...OR RENT... THE SAME OLD BORING VIDEOS FEATURING THE SAME OLD BORING PORNOSTARS, WHEN YOU CAN BE WATCHING THE HOTTEST, MOST EXCITING NEW CONCEPT IN ADULT VIDEO ENTERTAINMENT!

A RARE TREAT!

Where pornography has been legal, accepted and available for quite some time, consumers of adult entertainment found themselves getting jaded, bored, and in search of something "new". Tired of the same old productions being offered at exorbitant prices and featuring the same shopworn porno actresses, a small group of adventurous couples got together and started a club so they could purchase or exchange with other members, high-quality videotapes featuring amateurs having explicit sexual relations of all kinds! If you've never seen an "amateur" hardcore video before, you are in for a treat — there is nothing quite like it! There is something so spontaneous, so exciting, and so downright cock-stiffening about seeing real, ordinary people like housewives, stewardesses, sorority girls, secretaries, nurses, and their lovers having oral, anal, group, and kinky sex that you must see it to believe it. When you realize that the young girl from Des Moines who takes two cocks up her ass at once, (tape #SV-31) is actually a receptionist for a law firm, it adds a new dimension to your sexual pleasure... one that is pretty hard to beat! Or when you see the young blonde housewife experiencing triple penetration, (tape #SV-45) and realize that she could be your next door neighbor, it's enough to make your mouth water with sexual excitement! There's no doubt about it, this new concept of hardcore amateur video has caught on. It is now the hottest, most in-demand type of sexual video.

SOME MEMBERS WISH TO PERFORM BEFORE THE CAMERAS!

But, you DO NOT have to perform sex acts on camera to be a member and enjoy all the benefits. And you DO NOT have to place your name and/or phone number in our confidential phone book. We would need your consent and signature to do this. Therefore, if you so desire, you can remain completely anonymous and just purchase videotapes or photo albums for your viewing pleasure. THE CHOICE IS YOURS!

PROFESSIONAL QUALITY WITHOUT THE PROFESSIONAL PRICE TAG!

These are not typical "home-made" videos. We are dedicated to quality. These productions are shot live in homes, motels, apartments, backyards, vans, garages, etc. After our experts select them, they are professionally converted to 3/4" master tape, color enhanced and duplicated with state-of-the-art technology. The quality is as good as store bought tape — but with one big difference... the PRICE! No big name stars, no big production costs, no big staffs and crews, and no big

royalties to be paid. The net result is you have access to the hottest new idea in sexual entertainment for little more than the cost of a blank tape!

YOU CAN BECOME PART OF THE SOPHISTICATES!

If you are really interested, and we mean really, you can become a member of The Sophisticates and enjoy all the benefits and privileges of membership. We do however insist on your absolute sincerity, since after all, the other members are revealing their personal identities to you, taking you inside their bedrooms, and allowing you to watch them having intimate sexual contact. It's important that you be sincerely interested in viewing what some people may consider downright kinky or even sexually deviate. This invitation is not for the squeamish or sexually timid.

50% SAVINGS DURING OUR LIMITED MEMBERSHIP DRIVE!

NOTE: These are ONE TIME fees • No other costs ever! With BASIC MEMBERSHIP you will receive:

- The SOPHISTICATES CONFIDENTIAL PHONE BOOK. No matter what your perversion or sexual preference, there is someone in your area who is anxious to meet you and have sex with you! This is a members only confidential phone book containing ACTUAL PHONE NUMBERS AND PHOTOS!
- The SOPHISTICATES PHOTO ALBUM. Contains 100 pages with more than 230 totally explicit photos of our amateur stars. This color packed hardcore and cum-soaked album alone is worth the price of membership!
- "SOPHISTICATED LIFESTYLES". Our club newsletter is CRAMMED with photos, stories, tips, ads, events, etc. Published for and by the club members.
- All the benefits and privileges of membership, which includes: free ads, forming local chapters, special money saving offers on blank tapes, video equipment, cameras and much more!

Regular \$50 — During this membership drive — only \$25

With PREFERRED MEMBERSHIP you will receive:

- Everything you get with BASIC MEMBERSHIP (see above) PLUS
- Six different video titles we will select for you based on your individual interests. Worth many times the cost of membership. Our tapes approximately 60 minutes — in VHS and BETA format.

Regularly \$150 — During this membership drive — only \$75

"I DID ADD 3 INCHES TO MY PENIS."

"This sure changed my sex life. Every partner I have can't wait to get those extra inches. Thanks for your help."
 R. T., Texas

And we can help you as we have helped thousands of men with a small penis.

The HM Labs unit will prosthetically add 2 to 3 inches to your penis and add up to 35% more diameter to your penis and we guarantee it!

ADD 3 to 4 INCHES to Any Size Penis And We Guarantee It!

Plus Add 30% to 40% in diameter!

SHE'LL LOVE THE NEW YOU!

BATTERY ENERGIZED! DOES THE JOB FOR YOU AND FEELS GOOD TOO!

Our competition offers regular models (not powered) or electric models (uses electricity and may be dangerous) for up to \$40. Now with the original battery-powered Komet sex aid you can prosthetically add 3 to 4 inches to any size penis. All this without strenuous exercise or electricity. The Komet's state-of-the-art engineering produces a steady flow of energy to produce the desired results and pleasurable sensations.

IF THE SIZE OF YOUR PENIS IS IMPORTANT TO YOU, THEN YOU OWE IT TO YOURSELF AND YOUR PARTNER TO ADD 3 OR 4 EXTRA INCHES!

You have everything to gain and nothing to lose. Why use a non-powered unit or risk inserting your penis into an electric unit. (You know liquids, cremes and jells and electricity don't mix and can be dangerous.) Why take chances. We will replace any defective model for 1 year plus shipping and handling charges.

CAUTION: Komet is the original, highest quality battery powered aid. Do not accept any cheaper model at any price.

HUSTLER

December HUSTLER on sale October 24, 1989

HUSTLER MEANS PUSSY PLUS

December will be packed with poon and crammed with casabas thanks to our stacked centerfold Christy Canyon, who can practically fill the casaba quotient single-handedly. After a three-year absence, sexvid superstar Christy celebrates her return to the blue screen with an exclusive HUSTLER interview and layout. And that's just for starters! Rev your rod for a motorcycle ride with Angel Kelly and Britt Morgan, who make a much needed clit stop in a deserted valley. It's Tits Ahoy! with Holly, another bountiful beauty who has no trouble keeping herself occupied on a secluded beach. Then drop backstage at a Saigon Saloon gig and meet three groupies who want to open for the band, but open each other first. Naturally, HUSTLER captures every poke, prod and probe—and that's only the beginning of a hot, hot December.

UGLY GEORGE'S BEAUTIFUL BOD?

For the past 15 years the infamous Ugly George has been approaching women on the streets and asking them to undress for his camera—and they do! Next month HUSTLER and His Ugliness team up to bring you Ugly George's Girl of the Month... a first you won't want to miss.

NIP 'N' FUCK

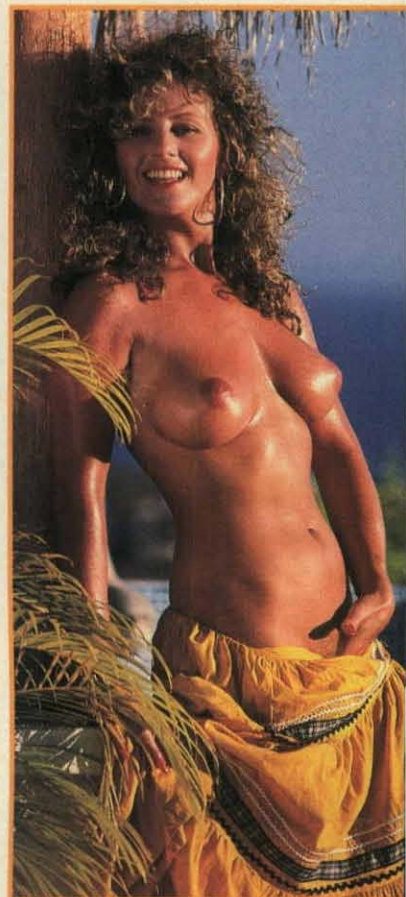

In the land of the rising sons E.R. Stewart takes you on a tour of Japan's love motels: places where lascivious liaisons aren't just tolerated, they're encouraged. Find out how love motels are designed to provide an Orient Express to orgasm and how to utilize these palaces of prurience the next time you're in the neighborhood.

ORAL LOWGIENE?

"Man Catches AIDS Through Cunnilingus," screamed the national media recently... but can muff-diving really transfer the AIDS virus? Before you retire your tongue, read next month's *AIDSWatch*, which digs behind the sensational headlines to get to the truth about getting AIDS from giving head.

THE MORE THE MERRIER

If you've ever dreamed of screwing more than one babe at a time (and who hasn't?), check out next month's *Sexplay* for the dos and don'ts of threeways. Talk about multiples: You'll want to dive right into *Erotic Entertainment's* porn previews and smut reviews; our readers' *Hot Letters* sexual confessions; the pussy-next-door of *Beaver Hunt*; and the sick, maniacal humor of *Bits & Pieces*. We guarantee that the extra cooze and carnality of our super December issue will put you in one hell of a holiday mood!
