BITS and PIECES

ASSHOLE OF THE MONTH

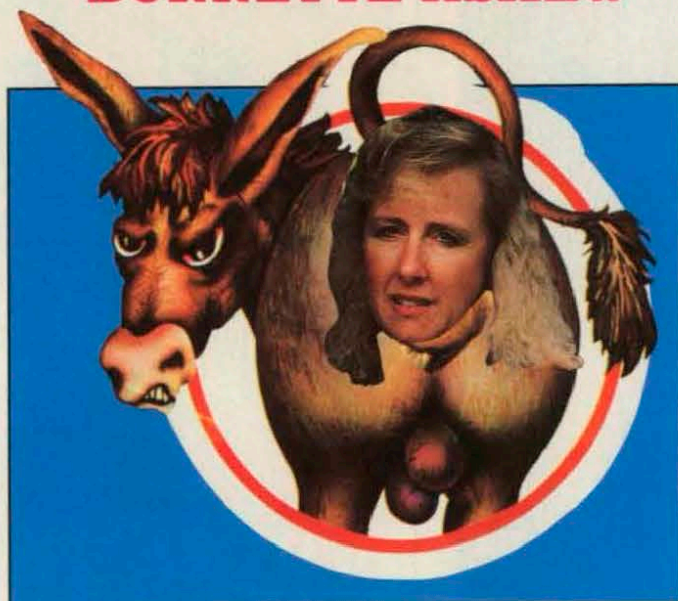

Take a butt-hole. Coat it with a sheen of sugar and spice and everything nice. The shit ring will look like a caramel-dipped Cheerio for a second or two, but one chunky ass-belch later, and the turd breech is revealed as the stink hole it is. Just like that dolled-up bung chute, no amount of lipstick, rouge, perfume and feminine illogic can hide the fact that 46-year old, candy-coated divorcee Bonnette Askew is HUSTLER's Asshole of the Month for August 1993.

Women are among the greatest comforts this life has to offer a man. At least, they can seem as though they are.

A woman, particularly the kind of woman a guy might consider marrying, is nurturing and caring, enveloping her mate in a warm embrace of affection and physical love that makes his world a friendly place to rut around and spew in. She is the fount of passionate thrusts and the sanctuary of tender impulses. She is to be cherished, loved and held, except that in some unfortunate cases, such as Bonnette Askew's, she is also something of a liar.

Bonnette admitted to a Santa Ana, California, Superior Court that she had never found her husband, Ronald Askew, 50-year-old president of the Pacific Inland Bank in Anaheim, California, physically desirable during their two years of dating and 11 years of marriage. The jury, which included six women, concluded that Ronald would never have married Bonnette if she had told him beforehand that she found

BONNETTE ASKEW

him sexually unattractive. They found Bonnette guilty of fraud and ordered her to compensate Ronald for the deception by paying him \$240,000, or her half of the equity in shared properties, and \$2,000 in cash damages.

"That he would even think that I didn't love him because he had sexual problems is still a shock to me," babbled Bonnette, who appears to have confused a desire to be physically attractive to one's mate with a form of sexual dysfunction. "I guess he confused sex with love."

Lost in all this confusion is any logical explanation for why a woman would want to marry a man who she didn't like to fuck. What could she possibly be hoping to gain

from such an arrangement?

The fact that a female will lie to a male has not been front-page news since Eve duped Adam. By the time Samson was stripped of his hair and drained of his strength by the wiles of Delilah, the pussy-beats-dick scam had been run for so long that Sam really ought to have known better.

The same goes for Ronald Askew. "She's a manipulator, a liar, full of trickery and deceit," apprises Ron when asked for a resume of his wife's characteristics. "I'm still angry at her." A chump who spends 13 conjugal years with a woman who views his penis on a par with a tumorous sea slug deserves to be angry, and maybe he's entitled to

get 240,000 of his hard-earned dollars back, but he really ought to have known better.

Ronald, whose college curriculum never got past Reading the Writing on the Wall 101, repeatedly asked his wife if she had "anything important to tell him." Bonnette, who has yet to enroll in Introduction to Total Honesty, claims that "the only reason" why she continued to conceal her lack of desire for the husband who provided her with all the amenities of a plush, bank-president lifestyle without the inconvenience of going to work was that she "didn't want to hurt his male ego."

Surely the 16-room home, the furs, jewelry and diamond rings never came into consideration.

"If I had to do it over again," theorizes Bonnette, as though she hadn't gut-sliced her sucker enough the first time around, "I would have attempted to get Ron some help."

Ron's currently shelling out \$3,400 a month in alimony—payments that will not be affected by the fraud suit. This money represents the purchase power of a hooker a day, with two on Sundays. What more help could a man need?

Bonnette Askew's attorney said that his client will probably appeal the decision. Many legal experts agree that she will never be forced to fork over the \$242,000. However, there is no appeal process for a HUSTLER Asshole conviction. An earthly court may strike down the fraud ruling, but Bonnette will always be our A-hole.

FARTS IN THE WIND

Judge David Lanier: A 58-year-old Chancery Court judge for Dyer and Lake counties in northwest Tennessee, David Lanier was convicted of seven civil-rights charges for using the power of his office to grab women on the breasts and buttocks and twice forcing one woman, who had a child-custody case before his court, to submit to oral sex in his office. "All of you have done a good job," Lanier told lawyers in the courtroom, "and I pray for all of you." Though convicted in December '92, the

judge continues to draw his \$85,000 salary. He prays, he cashes big checks, and he's an Asshole.

The Spur Posse: A gang of California teenagers who bang chicks and keep score, the Spur Posse would just be typical pussy hounds, except for charges that one of their chicks was only ten years old and the fact that Posse leaders won't get off the fucking

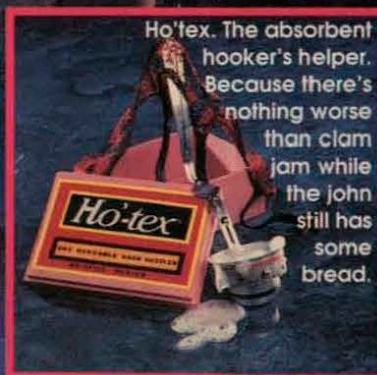

tabloid-TV shows, home of on-air Assholes.

Janet Reno: U.S. Attorney General Janet Reno made her name by chasing down deadbeat dads in Florida and getting them to cough up money to support "the children." Reno now bears accountability for the incineration of more than 20 children and 60 adults when federal agents under her command assaulted Americans who were attempting to exercise their first- and second-amendment rights in Waco, Texas.

"MOST TASTELESS" CARTOON

"Here's the peanut butter, dear...uh, have you seen the jar with the diarrhea sample?"

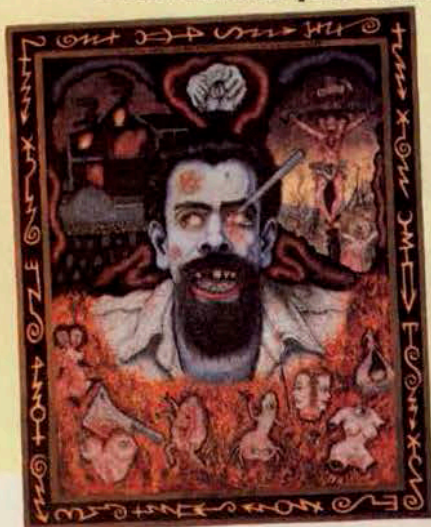

A recent Archives of Internal Medicine report confirmed that Adolf Hitler suffered from "severe flatulence" aggravated by amphetamine abuse. The intestinal fartitude inspired one of the brutal German dictator's most heinous crimes when he discovered the lethal potential of gas one afternoon in 1938 after digesting a stein of beer and the Danny Thomas special in his favorite Brat 'n' Brothel house; proof that the birth of the Final Solution was...

THE ART OF MADNESS

HUSTLER contributing artist Joe Coleman must save thousands of dollars in therapy with every picture he paints. Coleman's new collection of works, *Cosmic Retribution* (Feral House/Fantagraphics Books) is as disturbing as it is hilarious; over 100 pages of graphic illustrations that typify Coleman's surrealistic combination of tits, taboo and terror. Enter at your own risk.

Crappertone

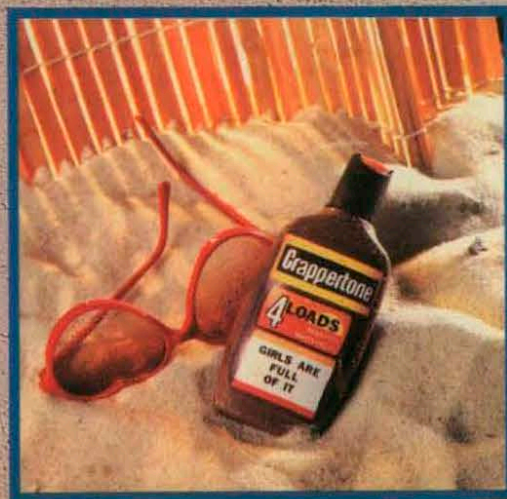

Nothing blocks the sun like a healthy coat of shit.

Crappertone—girls are full of it.

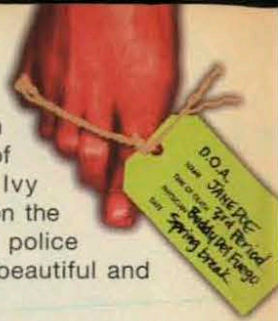

Summer weather can be shit on the skin.

Now there's a sunscreen that protects and provides a healthy, flushed complexion all year round.

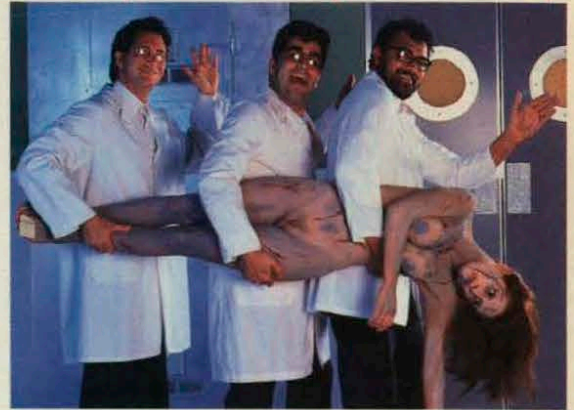

Girls, girls, girls. Self-righteous skin rags love to shoot naked girls and bury their bods in pandering pictorials like, "Girls of the Pac-10" or "Girls of the Ivy League." In keeping its toehold on the competition, HUSTLER scoured police files nationwide to unearth the beautiful and nearly buried...

GIRLS OF THE MORGUE

On the fresh-meat slab, crowbait Carrie (left) was an aspiring actress auditioning a scene from *A Passage to India* in the front seat of a producer's Ferrari when the excitable exec swerved into a tree. Now Carrie clings to the last two things she held in life.

Hitting the shower was Suzi (below right), a biology major who drowned at a fraternity beer bash while playing "Urine love." An adventurous miss, Suzi told friends, "Sure it's dangerous, but I like piss."

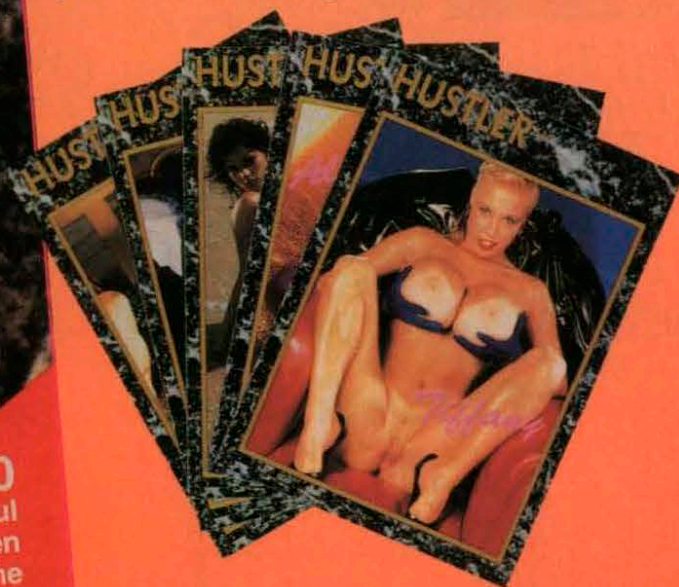

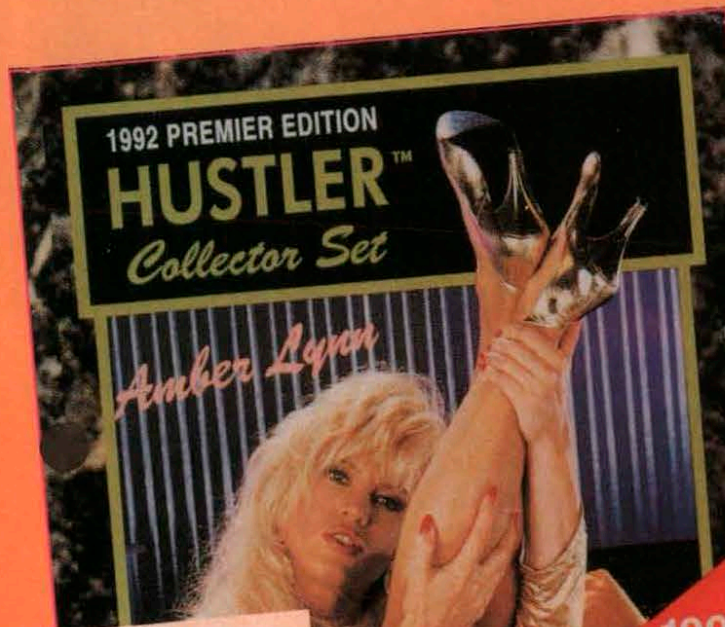

A fond farewell to Jane Doe (below left), who met mortality in an alley off New York's 42nd Street. Doe still packs a punch in the chill morgue drawer, proving there's not much difference between a dead hooker and a live one.

Above, the morgue men take an autopsy break to demonstrate their motto: "You can take the life out of the girl, but you can't take the girl out of our life—until she starts smelling up the joint!"

WHERE INDEED?

HUSTLER, tell me—where are the pictorials of females with cocks? I am incarcerated on Florida's Death Row, and the shit-eating officials here will not allow transsexual magazines into the prison, claiming that such material interferes with the good order of the institution! These assholes are too busy chewing tobacco and fucking each other to understand that there *is* no good order in the institution! I ordered a yearly subscription to HUSTLER. Let's show these outback, incest-pool jerks who really controls the First Amendment! Please publish a special section on these famous chicks with dicks! Does Larry Flynt still have the balls to exercise such outlandish freedom of expression? If you print this letter to show these officials I have the balls to exercise my First Amendment rights, I will order another year of HUSTLER Magazine! —D. O. Raiford, Florida

We'll print your letter, D. O., but readers tell us there are more than enough dicks in HUSTLER already!

DEAR MR. FLYNT

Alas, this kite is flown from out of the putrid bowels of the swirling cesspool of humanity that is Federal Correctional Institution, Tallahassee, Florida. Aside from the tuberculosis outbreaks and asbestos fogs for breakfast, it's Club Fed.

I'm attempting to stem the flood of further bullshit injustice within the dictatorial regime of the Bureau of Prisons. I'm a jail-house lawyer.

During the course of legal research for a fellow fodder who had landed himself contempt charges, I came across your eloquent exchange with a certain federal judge. I was truly moved and just wanted to let you know that I think you are a righteous dude!

I've long been a fan of HUSTLER—

drooling over the great pussy and enjoying the humor and political opinions—but was always suspicious of the integrity of the editor's opinions. I will question no more!

Mr. Flynt, anybody who will cuss out one of those boneheads with such obvious sincerity is a hero in my humble book. I believe I could do time with you. Although I'm sure you wouldn't need it, I'd certainly offer you pro bono work.

SWING THING

My husband and I enjoyed HUSTLER's article *Swing Low* (*Swing Low: Hung Up at the Ultimate Fuckfest*, May '93), which concerned the Lifestyles swingers' convention. However, we were disappointed that there wasn't an address or phone number for people who may be interested in joining a future Lifestyles convention. Could you please print an address or phone number in the near future for people who would like more information about Lifestyles?

AD REP

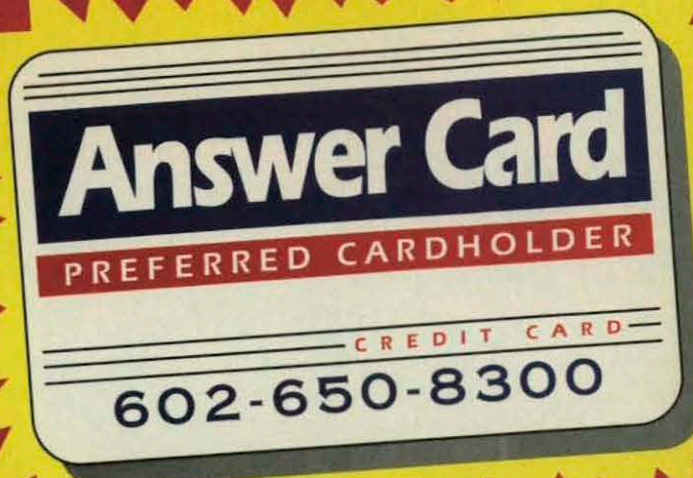

I'm a subscriber, and I think HUSTLER puts other men's mags to shame. But I'll get right to the point. I seem to remember that a while back HUSTLER printed an article on mail-order ripoffs and how to avoid them. I hate to say this, but I've almost decided that every fucking ad in the back of your mag is a ripoff. My question: What issue contained the article on this subject? Is a back issue available?

DUPED DOPE

I'm writing to comment on HUSTLER's article on methadone treatment, I can't believe HUSTLER is so one-sided (*America's Methadone Treatment Program: Turning Junkies Into Junkies*, May '93). I've been on methadone for a long time. Before methadone, I used herion [sic], Diludid [sic], coke etc. I used the needle for eight years. Aid's [sic] never entered my mind when I was dope sick and wanted a fix I sold everything I had, plus my body, now I work everyday I have a good job I fuction [sic] well I don't have sores or sit around nodding out, or [sic] am I all swollen up, if you met me one-on-one you would never know I'm on methadone or had ever done drugs the reason I say this is because I have told a few friends that I go to a methadone clinic and they are shocked. Never have I been hurt on the job because of the methadone. I could go on and on but the only thing I really wanted to say is please do something positive an article or anything to back the people who are on methadone go out and talk to people on clinic's [sic] or have someone write an article that is positive the people your writer talked to were more than likely thrown out of the clinic's [sic] for dirty urine's [sic] and I've never in my life seen anyone with sores on them from methadone. One more thing I want to say I would be dead if it weren't for the clinic I'm in now or I would have AIDS. I was at the end of my ropes [sic] and I'm thankful to be off herion [sic]. Narcotics Anonymous is where I used to go buy dope. If methadone is what it takes to stay off heroin, I thank God I have it. —D. W.

Asheville, North Carolina

Congratulations, D. W., on your continuing addiction to a drug financed by hard-working U.S. taxpayers. Hooked is hooked.

THINKING HARD

Mr. Government: My understanding of the current political situation is that Ms. Zoe Baird and Judge Kimba Woods were eliminated as candidates for Attorney General of the United States because they utilized the services of illegal aliens and did not properly deduct or pay social-security taxes on these foreigners.

We know that the Attorney General is in direct control of the Federal Bureau of

Prisons (FBP). Immediately within the infrastructure of the FBP is a multimillion-dollar corporation called Unicor (formerly the Federal Prisons Industries, Inc.). Unicor, inside federal prisons, manufactures items ranging from brooms to beds, canvas to cable, mattresses, electronic components, sheets, blankets, furniture and many more items, utilizing inmate labor. Thousands of federal prisoners work for Unicor and make money for their amenities, their release needs, and even a little extra to send to their families.

Included in this work force are hundreds and possibly thousands of illegal aliens who are being paid enough money so that by federal law their employer is required to extract social-security deductions. Here are my questions. 1.) When and if Ms. Janet Reno is sworn in as Attorney General of the United States, will the government immediately arrest her and suspend her from her position because she is paying wages to illegal aliens without making the legally required deductions? 2.) Does this indicate that all the fuss raised a short while ago about foreign countries using prison labor to compete with American small businesses doesn't apply when the American government does it?

I know that the last thing in the world you

want, Mr. Government, is for people to sit around and think; however, with the lengthy sentence you gave me for carrying and using a firearm I never carried or used in the commission of a drug-trafficking offense when there were no drugs and no trafficking, I don't have a lot of options. I never used to think until you locked me up. —W. S.

Springfield, Missouri

JUST KIDDING, MA!

I want to let HUSTLER know that the April '93 *Bits & Pieces* was very cruel. George Bush's mother had just died. To pull shit like that ("Show Us Yo' Mama," *Bits & Pieces*, April '93) is fucking excellent. Now *that's* why I read HUSTLER! April 1993 should go down in history as HUSTLER's best issue! *Nah*. I bet you can top it! —J. F. F.

Cincinnati, Ohio

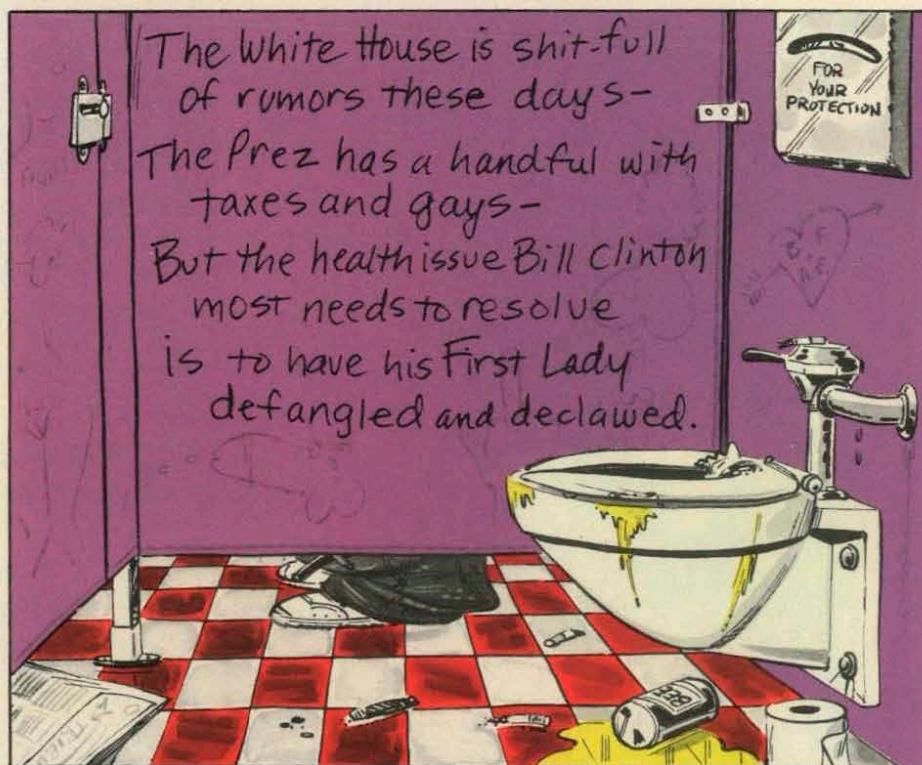

RACE RACE

I saw my letter published under the heading "Redneck Roundup" in *Feedback* ("Redneck Roundup," *Feedback*, April '93). Well, I ain't a real redneck (if I were, I wouldn't know how to read or write)!

And I sure as hell ain't no white supremacist. Oh, yeah—just look at those zeniths

ANONYMOUS

Three-Quarters Erect. Directed by Paul Thomas; starring Ashlyn Gere, Steve Drake, Nikki Dial, Jonathan Morgan, Tiffany Mynx, Brick Majors and Rob Savage. Videocassette: Vivid. Shot on film.

Director Paul Thomas has been one of the two men in pornography most reviled by the XXX critics of HUSTLER Magazine. Unlike Ron Jeremy, however, Thomas shows signs of improvement. *Anonymous* furthers P. T.'s obsession with creating a smut mini-drama that could pass as network-TV with sex. *Anonymous* is replete with outdoor photography, fluid tracking shots and mobile camerawork from inside a car—all details that no one in his wank mind gives a shit about, except that Thomas now brings the same weight of expertise to bear on his fuck scenes, resulting in a classic pan view up Nikki Dial's legs from her red high heels to her lightly browned asshole. Superb visual artistry also captures Ashlyn Gere tongue-toying a load of cum that Jonathan Morgan has dropped in her face, Tiffany Mynx's pussy falling open and inviting as Dial eats it from the rear, Mynx's face netted in a stringy web of wad, and Gere's smile basking in a spray of ball blast. *Anonymous* is still Paul Thomas, but he's much closer to being the man HUSTLER wants him to be.

—Christian Shapiro

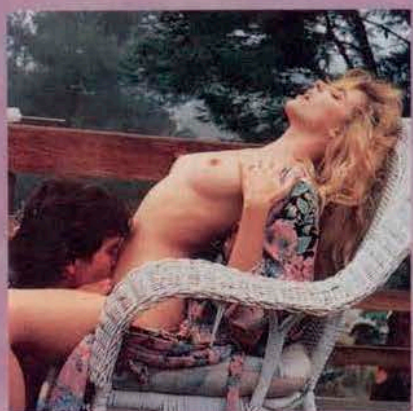

Gere tongue-toys the boys.

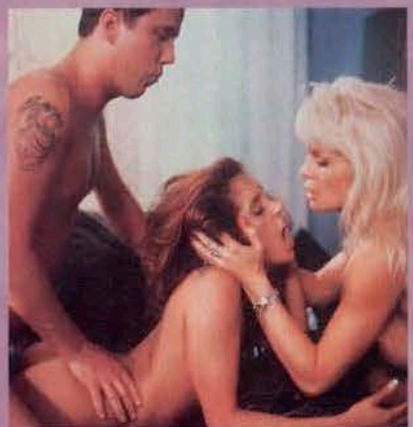

Dial and Mynx are part of the visual artistry.

London's committed sluttiness is **Obsessed**.

Reach out and **Telesex** someone.

Pen writes a mediocre porn tape.

Backdoor: McKay opens up for Michaels.

OBSEXSED

Half Erect. Directed by Jim Enright; starring Nicole London, Marissa Malibu, Kiss, Melanie Moore, T. T. Boy, Tony Martino and Jonathan Morgan. Videocassette: Vidco.

Melanie Moore and Kiss are hookers with killer pussies—literally. In the opening threeway, the girls use their holes for the viewer's humanitarian relief as the insufferable T. T. Boy suffers a heart attack and dies after cross-creaming their pretty faces. Boy, who spoils most of his scenes with Cro-Magnon dialogue and auto-pilot grudge-fucking, spends the rest of the flick viewing his life's infidelities from the netherworld. The only scene that soars finds nasty Nicole London on the long end of Tony Martino's schlong. London doesn't just suck cock, she attacks it. Martino returns the favor, fucking her across a barstool and showing her the world through cum-colored glasses, smearing her eyes and nose with thick frames of spunk. It's London's committed sluttiness that raises the video to barely above the average. Pudgy, blond Marissa Malibu deflates Kiss's gusto in a staid lesbo piece and bores Jonathan Morgan in the limp finale. "Is this Heaven or Hell?" Boy asks from the great beyond. Depends on which scene happens across the screen.

—Seth Roberts

TELESEX 2

One-Quarter Erect. Directed by Jane Waters; starring Heather Hunter, Teri Diver, Sharise, Nick East, Tom Byron, T. T. Boy and Tom Chapman. Videocassette: Vivid.

Telesex 2 is friendly video fluff that has two things going for it: a director who knows a good picture when he sees it, and Heather Hunter, still an exotic cum-swallower after nearly a year away from smut. Jane Waters is a sharp, creative eye behind the camera, and his professionalism gives the production style and flair. Unfortunately, it seems Waters shot only 40 minutes of footage and then turned his work over to an editor who had to fill more than a hour. The repeated use of the same shots is annoying; it disrupts the flow of the sex and dampens heat. Particularly hampered is a potential potent Teri Diver/Tom Chapman perfume-ad-style tryst that loses its energy in lazy post-production. The highlight is Hunter's sweet, melt-in-the-crotch, mocha-muff butter—spread wide and creamy in two vignettes. Not only does Hunter have a great body, she smiles in glee when a cock erupts in her face.

—Scott Mallory

THE NAKED PEN

Half Erect. Directed by Wesley Emerson; starring Tiffany Million, Tracey Winn, Alicia Rio, Melanie Moore, Francesca Le, Mike Horner and Tom Byron. Videocassette: VCA.

Another story of a horny novelist whose written words come to life onscreen. Tom Byron's crime novel begins with a James Bond-type character (Mike Horner) fucking a Moneypenny type (Tiffany Million) atop her desk. This secretary's tongue licks his dick like a thousand gooey envelopes before he seals the affair with a line of chum across her neck. Horner's mission is to rescue pristine princess Tracey Winn from the evil clutches of Alicia Rio, a prison guard who has a penchant for ravishing young, female convicts. She forces Winn's pretty face into her keyhole, as the camera captures the saliva that connects tongue to clit. Horner arrives to save the day, winning the trust of Rio doggy-style, before emancipating Winn with a dick in her thankful snatch. Writing all this commonplace porn action gives Byron fucker's cramp and, with typical X-rated antilogic, he climaxes his own story by fucking muscular Million, the character he created. There are a million mediocre porn tapes in the big city; this is one of them.

—S. R.

BACKDOOR BLACK

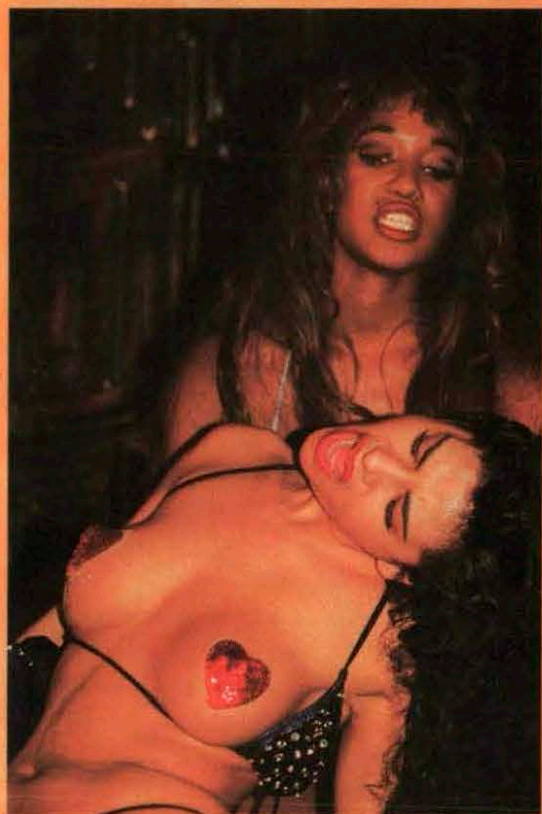

Three-Quarters Erect. Compilation tape; starring Sunny McKay, Kimberly Dawn, Gail Force, Jasmine, Amanda Tyler and Sean Michaels. Videocassette: Western Visuals.

If America's original slave traders had known their trafficking in ebony human cargo would eventually result in the black-stud-bangs-white-slut debauchery of *Backdoor Black*, maybe the Africans would have been left in Africa, and racial tension would be nonexistent in the United States today, except for Hispanics, Asians, Muslims, Jews, Armenians, Poles and Turks. On the other hand, perhaps the slave merchants would be lining up to rent *Backdoor Black*, a compilation that includes scenes of snow-skin Sunny McKay splitting her wet seam on a blood-filled crowbar, downy Gail Force cuddle-fucking a hard of darkness, a clash of wills between a blond nurse and an Afro doctor that leads to a dark-meat injection to her gash and shitter, a pert-tit yellow-head swabbing the rock-tense balls in a pitch-colored scrotum, and two more pale-ass tramps who take shadowy stiffis into the hole that stinks the loudest. Definitely not KKK-approved adult entertainment.

THE HOME BONE SPURTS ITS 3RD ANNUAL AWARDS

When it comes to giving awards to the porn industry, one organization truly represents the home bone—FOXE (Fans of X-rated Entertainment), which simply honors fan favorites and leaves it at that. This year, at the old, elegant Mayan movie house in downtown Los Angeles, now an almost-trendy dance club, Nina Hartley once again emceed the show, which featured singing and dancing porn stars and Chaz Vincent going over Sierra's lap for some riding-crop discipline, a surprisingly dominant Domonique Simone taking control of Alicia Rio and mainstream comedienne Glitter doing a little male-bashing. It was all in good fun and mercifully short. The winners were, for Female Favorites, Ashlyn Gere, Hyapatia Lee and Madison, and for Male Favorites, Rocco Siffredi and Randy Spears; the Fan of the Year was Andrew Drake. Thanks to an enthusiastic crowd, FOXE was able to donate \$5,000 to the Freedom Fund to assist the Erotic 11 in their legal battle with Las Vegas.

REAL SAN FRANCISCO LESBIANS 2

Half Erect. Directed by Michaela Regius; starring Babette Dubois, Jeannie Brown, Jo Scorpio, Chastity X, B. Donna and Michaela Regius. Videocassette: Pleasure Productions.

In the pursuit of truth in investigative reporting, *Real San Francisco Lesbians 2* was reviewed with the assistance of a real Los Angeles lesbian, of the lipstick variety. Our rug-muncher's reactions to the initial four-dyke pussy pile: "They're all cows." "I'd like to see that one in the back actually do something." "I was hoping for something a lot more naughty. They should call me. I could think of plenty of tricks." Muncher's finger was on fast-forward scan through much of *Real's* opening portion. "You've got to speed it up to get to real-life speed," she explained. A segment of a hefty clit-hunter encased in rubber elicited hardly a glance. However, during the tape's closing section, an extended, dreamy lesbo meld of a flex-ass black chick and her large-nippled, off-white mate, the fast-forward button was untouched. Our guest reviewer's eyes lidded heavily, her lips puffed perceptibly, a redness crept into her face, and she was repeatedly oblivious to the sound of her own name. Certain conclusions may be drawn from these symptoms. —C. S.

A *Real* lesbian doesn't like all of it, but digs these two.

Don't bother to sniff the **Wildflower**.

Holland gives Harlow a **Change** of tongue.

Shane, Mynx and East finish off **Bottom**.

WILDFLOWER 2

One-Quarter Erect. Directed by R. U. Hardy; starring Makala, Lacy Rose, Sharise, Lynette, Tiffany Mynx, Randy West, Marc Wallace, Tom Byron, Nick East and Jerry Butler. Videocassette: Vivid.

A lack of direction mars these unconnected bits of smut. Lanky Lacy Rose lets Marc Wallace and Randy West take turns inside her pussy's petals, before she aims both pistols down her throat and baptizes herself in the semen crossfire. That outdoor scene, like a later mini-orgy, is ruined by intrusive shadows and generally disinterested semi-hard-ons. Tom Byron makes comeback #969 inside Rose's snatch; West sweats buckets on minor leaguer Lynette; and Wallace peels his banana inside Tiffany Mynx's fur. Milky Makala acts as hostess to bridge the scenes and takes her vaginal abuse at the hands and peen of old-time porn gnat Jerry Butler. Sharise and Nick East provide the movie's only inspired fucking, as her fresh face assumes a warmer glow with his dick wedged inside her butt. A moment to savor in a movie to avoid.

—S. R.

THINGS CHANGE

One-Quarter Erect. Directed by Paul Thomas; starring Nikki Dial, Deidre Holland, Kym Wilde, Heather Hart, Flame, Francesca Le, Paula Harlow, Jon Dough, Mickey Ray, Steve Drake and Woody Long. Videocassette: Metro Home Video. Shot on film.

Nikki Dial has never been "with" a man, but *Things Change*, and soon she's slobbering on Mickey Ray's cock like a \$2 whore at closing time. Thus begins Dial's search for her sexual identity in what is supposed to be a modern tale of a young girl's growth into womanhood. This virtually R-rated, clichéd, poorly fleshed-out production is a throwback to early '70s porn, without the foreplay and the pseudo rock-'n'-roll soundtrack. There are many things wrong with this movie—stilted dialogue, wooden acting, no continuity, chopped-up sex scenes—yet it's being lauded as a breakthrough in erotic entertainment, a "director's cut" that Metro plans to release in two parts. If not for Dial's just-out-of-high-school cuteness and a precious few moments of Deidre Holland playing a dominating dyke to the hilt, *Change* would be *Totally Limp*. As a two-parter, it definitely is. For Paul Thomas, the more *Things Change*, the more they stay the same.

—S. M.

THE BOTTOM DWELLER

Half Erect. Directed by Patrick Collins; starring Wendy Whoppers, Lacy Rose, Nikki Shane, Tiffany Mynx, Summer Knight, Tawny, Tom Byron, Roscoe Bowltree and Bruce Seven. Videocassette: Elegant Angel.

Bottom Dweller refers to the name of a boat and, although it's probably meant to entice buyers who like to dwell with their dicks in female bottoms, there is only one cock-in-butt swell on this cruise. A string of anal beads gets shoved into and pulled out of Lacy Rose, who sits on Tom Byron's face and offers a few words to stroke by—"He's fucking my ass with his tongue"—before splaying out on her stomach and screaming in delirium as Byron packs her below-decks. Summer Knight stuffs a finger between her own taut butt cheeks before wedging her tongue into Tawny's rear porthole; and Cal Jammer gives the sleek aft of Wendy Whoppers a brief slurping. Nikki Shane and Tiffany Mynx are labia landlubbers, entertaining Roscoe Bowltree by taking turns on Nick East's cock. Shane finishes things by taking a tongueful of East's cum and dripping it into Mynx's mouth. Whoppers, a pretty and petite surgically enhanced treasure chest and a featured bra-stuffer in *HUSTLER BUSTY BEAUTIES*, reveals herself as an aggressive, nasty-talking, cum-eating slut. She's the X that marks the wet spot.

—S. M.

LACY ROSE PUT IT IN HER ASS

When asked what her preferred positions are, Lacy Rose declares, "Anal sex is my favorite. I do a lot of it. I get off on it completely." Truth be told, Rose gets off on anything sexual. As one smut monger put it, "Lacy Rose is the real thing." See for yourself in *Wildflower 2*, *Bottom Dweller* (sucking Tom Byron), *New Wave Hookers 3*, *Midnight Confessions*, *Face Sitter*, *Sodomania 1* (enjoying a little champagne) and Duck Dumont's second HUSTLER Video, *Captain Butts Beach*.

What's the difference between anal sex and vaginal sex?

I don't know what it is, but when I'm having anal sex and I masturbate at the same time, it's just very intense.

Do you masturbate anally?

Yes, with toys and vibrators.

Are you horny enough to be on a set and suck cock and get double-penetrated and then go home and have sex with a boyfriend?

Yes, I am.

How did you get into the business?

I picked up an *L.A. Weekly*. I've watched many porn movies, and I decided that it would be an exciting new venture that I could go into. I called up a few people, and they all sounded a little flaky to me. This one person sounded pretty okay. This was in April of '92. My ex-husband was a little unsure of it.

Do you play with yourself on a set between scenes?

I will be sitting there studying my dialogue, and I will have my hand on my pussy. I just touch myself. It's not so much that it's a sexual thing. It's a really relaxing kind of thing. I love to keep my hand there and touch myself. If it's not my pussy, it's my tits.

Are you a slut?

No, I'm not a slut. I'm a very sexual person. A slut or a whore is something...I mean, I dress and I act very respectfully when I'm in public. I want to be thought of as a lady.

! WEEKEND WITH ALICIA RIO & SHEILA STONE

Totally Limp. Directed by Dale; starring Alicia Rio, Sheila Stone and Jonathan Morgan. Videocassette: KBBS.

As a glimpse into the real-life personalities of two porn queens, *Weekend With Alicia Rio & Sheila Stone* is worth a brief look; then tape over it. As a sex movie, it's two days with dysentery. The makers of *Weekend* are proud that they used no script, no studio and no acting when they jumped in a plane and headed for Catalina Island with Rio and Stone. That combination may have made for a good time while filming, but it's no fun for the bone stranded at home. Stone, who apparently didn't want to be there, could happily have been dropped in the ocean after daring to declare during takeoff, "I can live without men." Her subsequent ballbusting is dick-shriveling. Jonathan Morgan, a jabbering, self-absorbed "actor," should have been muzzled after his hundredth lame joke, about five minutes into the movie. More than 30 minutes of sex over two hours would have helped too. —S. M.

One of the few times Rio sucked cock over the *Weekend*.

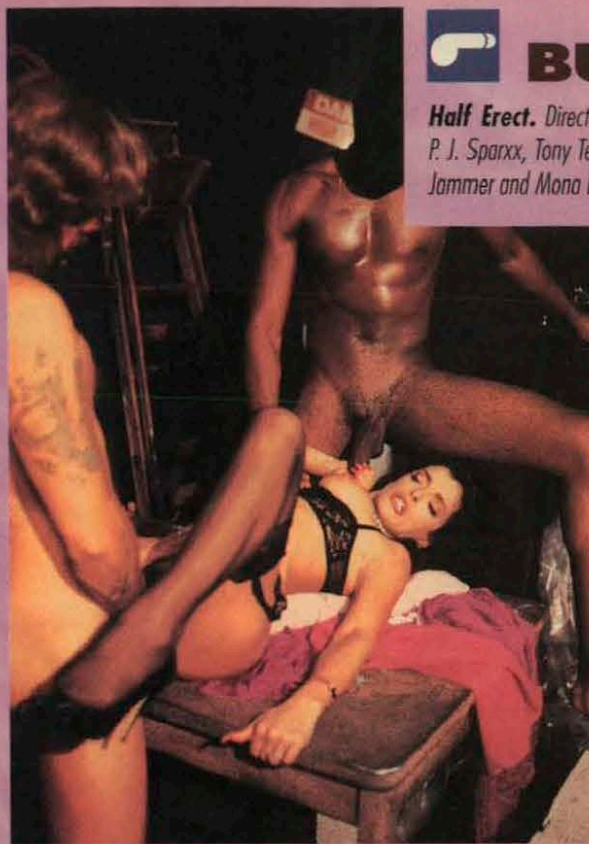

EROTICA

One-Quarter Erect. Directed by Sean Michaels; starring Alicia Rio, Crystal Wilder, Francesca Le, Lois Ayres, Ariana, Janet Jacme, Sean Michaels, Randy West, Luc Wilder and Julian St. Jox. Videocassette: Coast to Coast.

Try to find a VCR that hasn't heard and gagged on this one—or on one very much like it: A lady shrink is new on the job as a sex therapist. Her first client, a hyper-sexed brunette, comes in and is coaxed into "vocalization to realize fantasies." As the dark-haired mynx goes within to externalize her buried erotic longing, she gets porked onscreen by Randy West. The identical scenario is repeated four or five times. So what if some toes get sucked and a wad lands on the arch of a foot? Who gives a miserable fuck about a mamby-pamby excuse for a spanking or one pair of lips coated with jizz and another pair that drools spunk from the side of the mouth? It's all for naught, because *Erotica* is high-concept. They stole the title from some Madonna record, and the inspiration wilted from there.

—C. S.

It may be *Erotica*, but it's been done before.

BUTTSIZER 2

Half Erect. Directed by Mitchell Spinelli; starring Melanie Moore, P. J. Sparxx, Tony Tedeschi, Alicia Rio, Brigitte Aime, Peter North, Cal Jammer and Mona Lisa. Videocassette: EVN.

Incarcerated by clairvoyant Cassandra (Melanie Moore), who's jealous of his crapper-cramming capabilities and wants his powers, Buttsizer (Tony Tedeschi) sits brooding about his passion for poopers, which he only satisfies once, banging Brigitte Aime's bumper in the tush torquing that gets the tape rolling. Moore has her haunches humped by Cal Jammer in the film's only other sphincter splitting. The real heat comes from Alicia Rio and Mona Lisa, with Rio lobbing a big globber on Lisa's cunt for easier chewing, and then dropping down to flick a lick on her inviting asshole. When Buttsizer and Cassandra finally get together, there's no fanny-fucking fireworks. Huh? Buttsizer may be the king of rears, but to miss such a royal opportunity for a rectal ream shows his cornholing crown has slipped.

of evolution George Bush and Ronald Reagan! I read a book called *The Origin of Races*, which is sort of an anthropological look at the issue. If you want to say one race is better than the other, just look at the adaptive range, sheer numbers and who's winding up with all the money—and you'll find the mongoloid subspecies has all the others beat to hell!

Mountain View, California

BITCH, BITCH, BITCH

What is HUSTLER's policy on pictorials? Is there a don't-give-them-too-much attitude at the top? HUSTLER's pictorials appear to be getting shorter and softer. What has happened to clits and vaginas? They're either missing or hidden by strategically placed fingers. Has the Moral Majority got HUSTLER by the balls?

Consider HUSTLER's February 1993 issue. The best erection-provoking photo was the Bidet Water parody ("Bidet Water," *Bits & Pieces*, February '93). Your gorgeous model Angelica Bella was hiding pink at every opportunity (*Angelica Bella: Free Floater*, February '93). Either photographer Clive McLean should be given directions to the *Playboy* mansion, or someone in HUSTLER editorial is a *Penthouse* plant! Shame on you, HUSTLER, shame!

—R. W.
Queensland, Australia

WET ENOUGH

I'm writing in response to the pictorial on pages 78 through 87 in the May 1993 issue of HUSTLER Magazine. Well, of course, I'm talking about sexy Sandrine (*Sandrine: Liquid Friction*, May '93). Sandrine is beautiful! Her long, dark hair, pretty skin, friendly face and gorgeous body were a turn-on. But what really drove me wild was her natural, hairy pussy. I love bushy beavers, muffy muffs, hairy hairpie and whatever else you choose to call it! I would love to get Sandrine's juices flowing. HUSTLER, you are worth more than just praise! I worship Sandrine!

—T. S.
Kingsport, Tennessee

FUR BALL

I do not see enough hairy women in HUSTLER! It don't matter to me where the hair grows. Hairy armpits turn me on, as do hairy legs and, of course, hairy snatches!

Don't get me wrong. Moustaches on women are a turn-off!

A hairy Beaver contest would make my

Asian dick hard every day. When I see hairy women in public or in magazines, they make me want to fuck right away! —R. S.

TRUE BELIEVER

I've been an avid HUSTLER reader for several years. I'd like to express my appreciation—hell, my thankfulness—for the years of information, entertainment and insight. TRIUMPH OF THE SPILL

The "ethnic cleansing" horrors in Eastern Europe today remind me that humanity is destined for failure as it repeats its atrocities.

It was the summer of 1942, and my mother and I were taken from our home and carted off with trainloads of Russian Jews to the death camp at Birkenau. I wasn't even Jewish, but my short foreskin and Russian accent were the only evidence the Nazis needed.

As we stepped off the train, the men were separated from the women and children, who were led, I later discovered, directly to the "showers."

It was the last time I'd see my mother alive, her hand-woven, cotton scarf sailing from her head into a nearby forest where the yellowish-gray smoke of burning human flesh charred the tall birch trees.

As I was only 22 years old at the time, my life was initially spared so that I could work for the SS soldiers. During the next year, I became close friends with a young girl who had also been saved to work as part of a scavenger crew called Canada. Maria was the prettiest Jew in the camp, with silky, black hair she'd wrap tightly in a bun under a red kerchief. Her skin was white and without blemishes, other than the green ID number seared into her wrist.

From the evil leer of the Aryan soldiers who observed us as we talked, I knew why Maria was kept alive. She told me about the gang-rapes; soldiers would enter the Canada's barracks at night, hold the women down and probe their vaginas and buttocks with dicks

and batons. The longer I remained in Birkenau, the more my sadness turned to rage.

In the summer of '43, Maria and I were part of a large work group transferred to the camp at Treblinka. One sweaty August afternoon I was in the construction compound, building wooden torture racks, when I saw a Nazi soldier approach Maria across the dirt yard. He pointed to his boots, and she dropped to her knees. She removed her red bandanna and began an impromptu spit shine.

The soldier pushed her roughly to the ground and stuck his shiny, goose-stepping boots into her face.

With her pink tongue fully extended, she licked the black, shit-stained underside of the boots, while his cohorts laughed nearby. He reached down and ripped open her dress, exposing her large white breasts to the filthy air.

Pale gray ashes escaped from the crematorium smokestacks and brushed across her pink nipples. He loosened his belt and pulled his scrawny dick from his slacks.

She was nude now and forced to stick her butt into the air, nearly scraping her skin against a barbed-wire fence. The soldier cackled as he splashed her creamy ass with a stream of yellow piss. The rancid stench in the air and the sight of this violation made my head whirl.

I picked up a two-by-four and rushed the soldier, blindsiding him with a full-body tackle. His dick still shot pee as he lay stunned on the ground. I smashed him once across the face with the board and used the end of the wood to grind his dick into mulch.

The other soldiers were on me in a second, beating me with the butts of their guns, before dragging Maria and me to the gas chamber for the next poisoned performance.

There were a great number of Jews already packed into the shower. Maria and I huddled in a corner, holding onto

our lives while we waited for death.

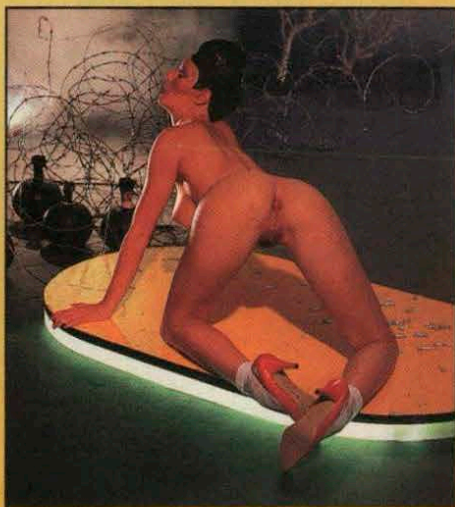

Her tear-stricken eyes melted into mine and, amid the human waste, we kissed. Her tongue was warm, and her breath stank of stale bread. I opened her torn dress and ran my bruised hands along her wind-chaffed chest. Her nipples were dry and tasted of urine.

As I sucked from her breast, I realized I was ending life the same way I had begun.

I unzipped my trousers and set my cock between her tits. She kissed my aching muscle like a long lost friend, wrapping her moist lips around the head and cupping my balls in her palm. Hardly anyone noticed as we both undressed.

The cold, concrete floor turned her white butt red from chill. I rubbed her dry pussy until moisture flowed out of her tunnel and smeared the dust caked on her sturdy thighs. We kissed desperately as I slid my dick inside her.

The tip of my cock brushed against a large tuft of skin at the back of her pussy. An old, haggard Jewish man who sat nearby smiled and reached out to rub her breast. I punched him in the face;

this was my last gasp, and mine alone!

I pumped her tight pussy for a lifetime, waiting for the poison pills to drop; I wanted to ejaculate as I drew my last breath.

Her fingers clenched my ass, pulling me deeper in. A middle-aged man sitting against the wall was yanking on his flaccid member, too exhausted to move anything other than his wrist; dribbles of white liquid fell like melted icicles from his dick head.

Maria bit her lip and said in Russian, "*Spusti vo mnye v pizdye!*" ("Come inside my pussy.")

HOT LETTERS

She began to quiver with an orgasm so intense that I lost my grip. She crashed to the floor with a sickening *thud!* I thought she was dead, killing my chances for a cool fuck.

I've never loved another human being as I loved her at that moment.

I pressed both hands into her pillowy breasts and let loose a torrent of life-affirming liquid. Her pussy clenched my cock; I felt it squeeze my little veins, and for one brief moment I thought of Mother.

The moans around the room were deafening, like a zombie communion. I ran my tongue along Maria's cracked lips, and we held our mouths together as an acrid stench seeped into the room.

I pulled away from my girl and sat in the corner, my cock half erect and still bleeding cum, and I waited. And waited. And waited.

But the rush of gas I was prepared to suck never came. A hush came over the quarters. Maria stood, dabbing at her cum-soaked pussy with her tattered dress. She took my hand and held it tightly.

The shower doors unexpectedly opened, and in rushed a group of Jewish prisoners who had killed several guards in revolt. Maria and I fled into the forest and away from the holocaust forever.

Left without family, Maria and I stayed together. After the war we were married and moved to America to begin a new life.

I loved her so much. It was a most glorious day when I discovered our near-deathly union had conceived a new life. Sadly, Maria was struck by a car and killed six months after our child was born. Life is fucked.

CIRCUS TRICKS

I was born in South Africa and moved to Los Angeles a year ago to marry a rich American girl. I had to gain citizenship quickly, and the first woman to accept my proposal had a butt like a whale and a face like a freshly mowed lawn. Oh well! Having my green card at least allows me to take advantage of sweet, American pussy.

One thing the Afrikaners taught me was the importance of no prejudice, and that credo helped me snatch the most bizarre snatch of my life. I was out drinking at a trendy L.A. nightclub with some of my South African pals who had also migrated west.

I hadn't fucked in months, except for

the occasional harpooning of my wife. Across the bar sat a stunning creature with long, black hair and a gorgeous set of tits that spilled over the top of her white-mesh bustier.

I approached her and saw that her feet dangled only a foot below the barstool. She was the smallest woman I'd ever seen, not even three feet tall! Each tit was larger than her head. My cock scraped my slacks like a diamond cutting glass.

We drank and laughed. Her name was Charm, and she was hot, with a stunning set of rose-petal lips that I longed to kiss. She blushed when I told her how beautiful she looked.

"Yeah?" she asked in a soft, Southern accent. "Have you ever fucked a midget?"

What luck! A slutty freak! By that time I was so drunk, I didn't care if she bit the heads off chickens; I needed to screw!

As we walked the two blocks to her

apartment, I was turned-on by the strange looks we garnered from passersby, as if the tattooed love boys of Melrose Avenue were somehow better than her.

Fuck 'em! I thought. Little people are human too; there's just less of them to love.

I stopped in front of a trendy coffee house, picked her up so that her head was even with mine, and pressed my lips into hers. Her little feet fluttered in mid-air at the sudden passion.

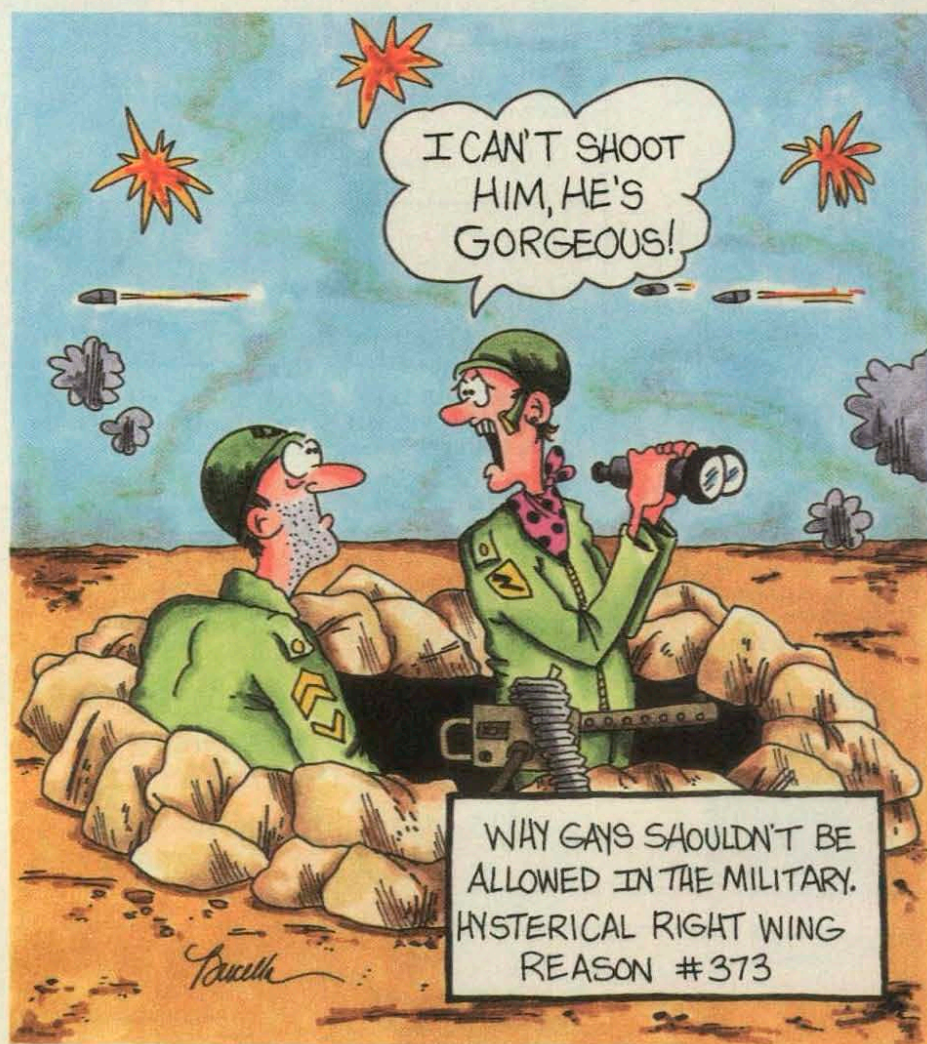

Back at her apartment, her walls were covered with carnival memorabilia. The whole place was littered with hobby horses and colored lights. There was a fortune-telling machine next to pictures of sideshow freaks with the headings: BIG BERTHA—THE ONE-TON LADY and BOBBY—THE PLASTIC BOY.

It turned out she worked part-time as a circus geek. I was thrilled! I love the circus.

She dug inside a wooden trunk and produced a photo of herself in action. "This is me a year ago," she said.

My dick immediately sprang to attention as I saw her in a miniature

Beautiful Racquel Darrian commits crimes of passion! Ashlyn Gere, Nikki Dial, Francesca. Description by Tori Welles.

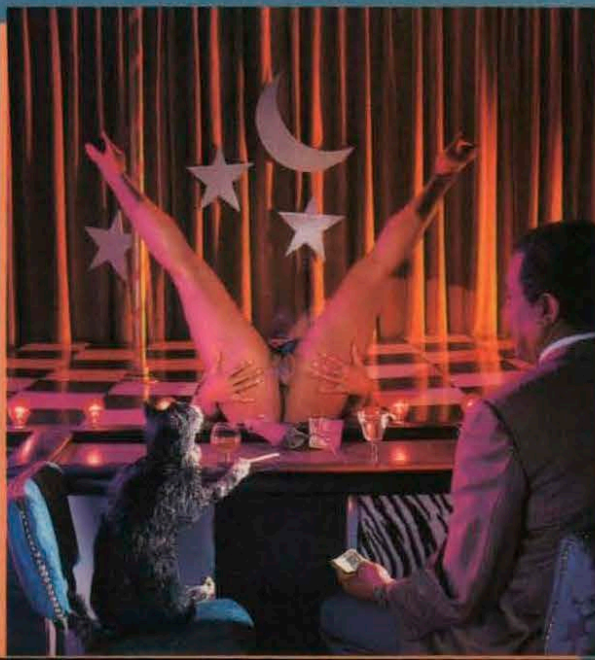

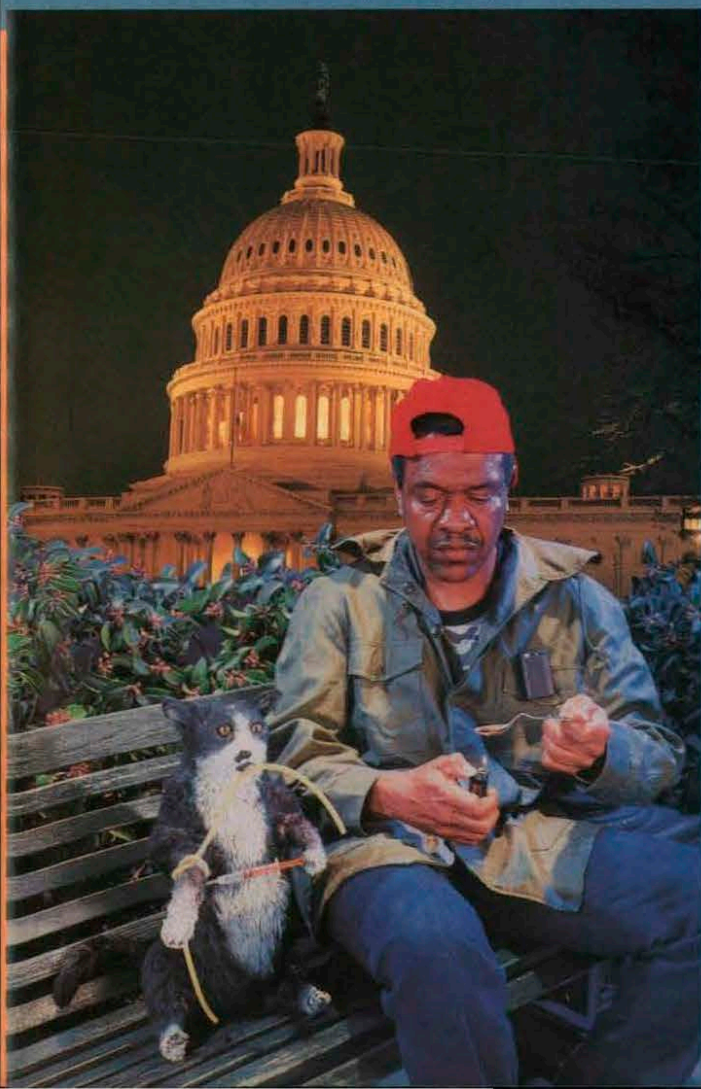

As the Clinton Administration entered the White House, a media spotlight dazzled the First Family. For the President and First Lady, the photo blitzkrieg was expected. Even metal-mouthed offspring Chelsea endured the attention. But First Feline Socks has had trouble adjusting to his sudden celebrity status. Despondent and alone, Socks prowls the city looking for love, acceptance and fresh tuna in a bushy tale called...

Dirty Socks

When the sun goes down, Socks escapes the public glare...

...and visits his known associate Ied-P, who cooks the stressed Tom a "mood elevator."

Socks is a VIP clubgoer, renowned for his generous tips.

Looking for love, Socks meets Lola, a woman he hopes will see beyond his fat-cat image and fame.

Indeed, she has what Socks is looking for.

Back at her place, Lola seduces Socks with a hoochie-coochie dance...

...before indulging the coprophilic cat's favorite fantasy. But it's an empty plate job: Lola, like all the others, is only in love with Socks's media image.

Socks tries to shoot away the trauma of celebrityhood and then detects the scent of tuna.

 Like humans, cats are not necessarily successful as sexual performers the first time out.

 A female cat comes into heat several days before she's ready to mate, during which time several males fight to win her paw in sexual congress.

 When she's ready for the winner, the pussy crouches, chin on her bent forelegs, eyes half closed, ears back and tail raised so the vulva can be seen.

 When mounting, the male grips the back of the pussy's neck with his teeth. His forelegs embrace her at shoulder level, bringing him parallel to her. Once his penis has erected and been thrust inside the pussy, ejaculation occurs in seconds.

 Copulation is painful for the female because the male's penis is covered with thorny backward-directed spikes that induce ovulation in the female, but also injure her vaginal tissues once the prick is withdrawn.

 Upon ejaculation, the female gives a loud screech and writhes out of the male's grasp, turning to strike him with a paw and spit in his face before she runs away.

 Cats can copulate up to eight times in a 20-minute period. Finally, there comes a time when the male is satisfied (not tired of sex, but tired of sex with that particular pussy). Once he loses interest, other males partake in the female. As a result, the kittens in a litter are usually sired by different males.

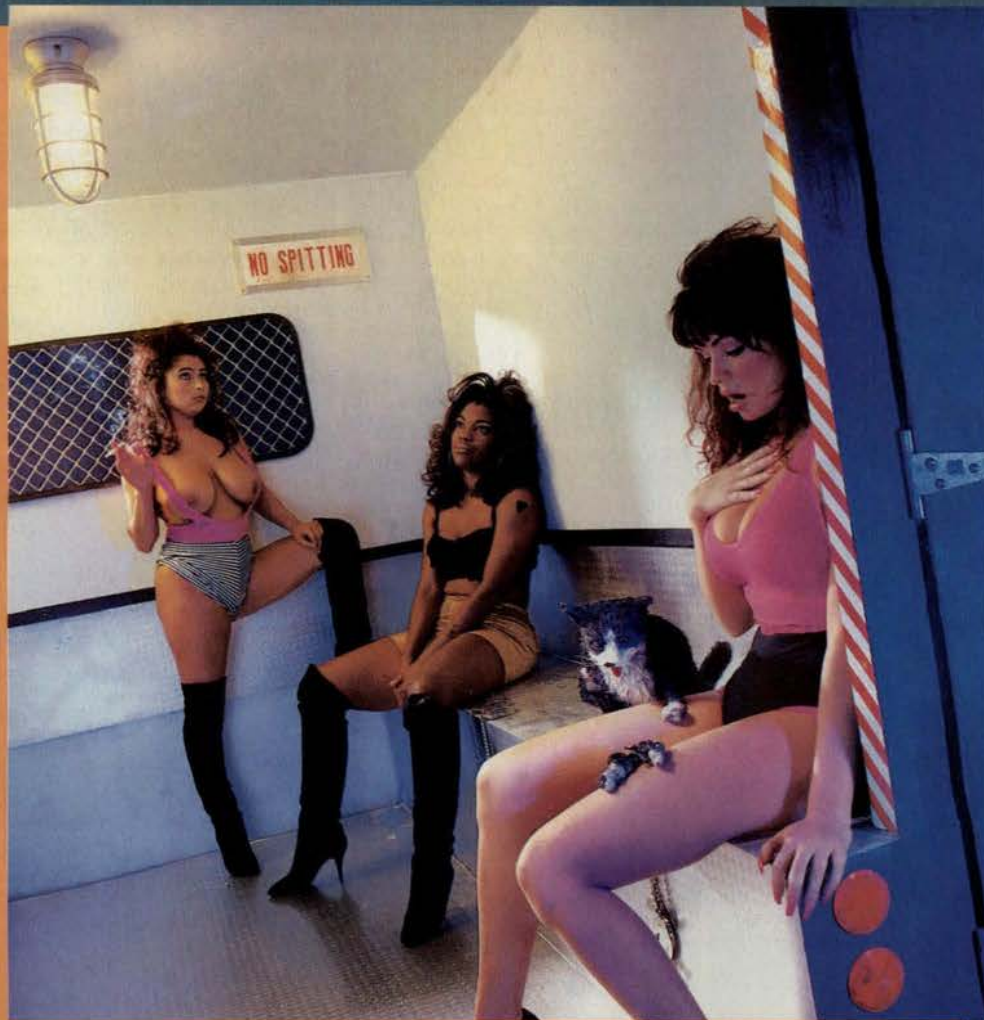

**The smell leads to an all-night orgy.
It's time to make new friends.**

**Busted!
Socks's
future
flashes
before his
whiskers.
He has
disgraced
his
master's
Presidency.**

After a night of drugs and pussy licking, Socks spews up a bellyful of Afro-hairballs in the back of the paddy wagon.

Enduring the anal indignity of a lockup lineup, Socks prays for a Presidential pardon and a profitable after-career on the talk-show circuit.

The End

Parody. Not to be taken seriously. This cat is not the real Socks.

bondage outfit sucking a black dick even bigger than mine.

"Looks like you approve," she smiled, brushing her tiny palm against my bulging slacks. I nodded as she unzipped me and wrestled out my trouser mouse.

Looking up at me with her deep-brown eyes, she began banging my hard prick against the top of her head like a gavel. Even on her tiptoe, she could barely reach the head of my cock with her tongue.

She slipped out of her lycra miniskirt. Despite her dwarf size, her proportions were that of a full-bodied babe. Her pussy was as large as any woman's, and her augmented boobs were firm C-cups. Her legs were stubby, but strong; she asked if I liked acrobatics. The answer was affirmative; so I helped her climb onto my shoulders.

When she bent her little knees, her pussy rubbed against my scalp. Her ju-ju juice soothed my sweating Afro. I grabbed her ankles as she slid down my torso. Her legs were like a wishbone around my neck, and her buttohole opened and closed as my tongue scraped the roof of her inner vagina. While hanging upside down, she shoved my sausage down her throat.

Her cocksucking was symphonic, with tickling trips around my tip and deep-throated gulps that caused baritone moans of rapture. We remained in this suspended 69 position, with me holding her legs, until she began to quiver with an orgasm so intense that I lost my grip. She crashed to the floor with a sickening thud! I thought she was dead, killing my chances for a cool fuck.

Finally, thank God, with her mouth still pressed into the shag carpet, she said, "Ready for the main attraction?"

"Am I ever!" I exulted. Still lying face down on the floor, she raised her round, chiseled butt high in the air. Reaching back, she spread the cheeks apart to expose the pinkest, tightest rosebud asshole I'd ever seen.

"Coming in?" she asked. I ran my mouth along her ass cheeks and, with my tongue, sucked some of the sweet perspiration from her clenched cherry pie. My tongue probed deeper inside her sphincters, leaving long sluglike trails of saliva in the darkness.

"Honey, don't lube me up," she said. "I take it dry!"

I pressed my dick into her snug crapper and wiggled back and forth to ease it in. Her hands opened the hole as wide as possible, but it was still tight.

I was maybe an inch inside when her hands moved to her boobs and started twisting her brown nips. My balls clung to her sticky pussy with every downward thrust. I felt my own pre-sperm lubing her flinching shitter. Charm cried out with the passion of a woman twice her size. "Fuck my ass, shithead! Fuck it like a man!"

I pumped her spider button for an eternity before my fluids rose.

"I'm gonna come!" I announced.

"Not yet!" she uttered, scooting out from under me. My dick flopped out of her now gaping bung, as she ordered me to stand and come on her face.

She stood before me, staring up at my

quivering dick, waiting for her shower. Reaching up, she closed her fist around my cock. She pumped it hard, aiming it at her pouting lips.

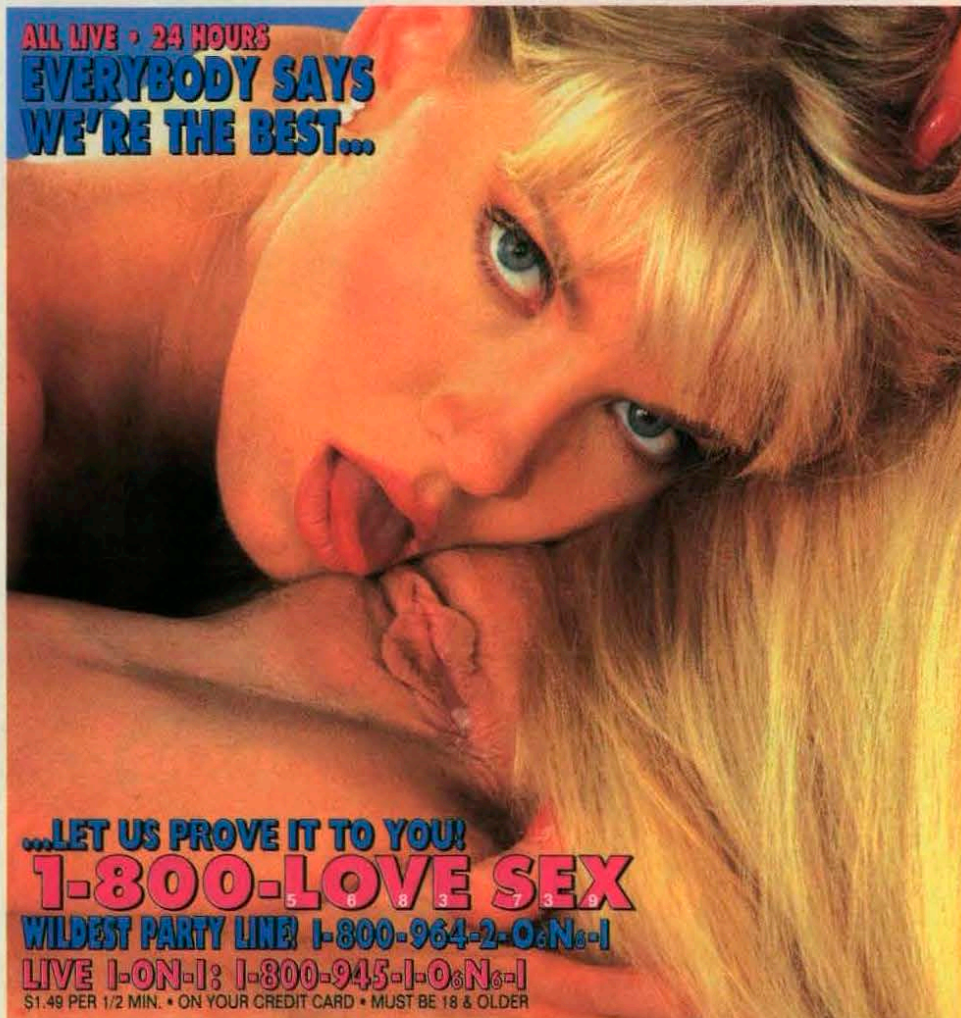

It was only a few seconds before I sprayed her, covering her circus smile with a thick layer of chowder. Cum splashed into her black hair and slithered onto her jutting boobs.

We fucked the rest of the night and still see each other when the circus is in town. God bless America! —K. C.

Restrictive attitudes in the name of so-called morality increasingly take the fun out of fucking. Through good, old-fashioned homespun knowledge, hearsay, scientific facts and outright lies, this series strives to spread the word that rubbing uglies is a beautiful experience.

Boning Barfers:

The Joys of Chicks Who Blow Chunks

by Alex Marvel

Caspar Debouch, a freelance obituary writer from Van Nuys, California, isn't sure if he's a sick fuck, or if he's just attracted to them. He shifts his buttocks in a hard, metal chair and surveys the room for sex prospects. Caspar is the only heterosexual male at a West Hollywood, California, meeting of Bulimics Anonymous, but he's too aroused to feel out of place. Being surrounded by chicks who compulsively force themselves to vomit is the ultimate setting for Caspar's bone. Several women stand out as dick bait; a few are actual prospects.

Caspar focuses his predatory attention on a rail-thin brunette who rolls her eyes, checks her watch impatiently and twitches with irritation. Caspar knows the signs. This woman is an abstinent bulimic, one who has curtailed her overwhelming urge to gastric spew, but who is on the verge of going out on a binge-and-barf food orgy. Caspar establishes meaningful eye contact with her as the meeting closes in a hand-holding round of The Lord's Prayer. He discreetly follows her as she hurriedly cuts for the parking lot.

The woman's eyes show equal mixes of shame and hunger as she turns in response to Caspar's greeting. "Am I okay?" she asks.

"What do

you mean, *am I okay?* I'm fine."

"Don't get me wrong," pleads Caspar. "I just noticed that you seemed agitated in the meeting. You look like you might need someone to talk to."

The woman's eyes grow calculating. She attempts to gauge Caspar's level of sincerity and seems satisfied that it is not too deep. "We could talk," she guesses.

Once nestled with his weight-conscious object of desire in a shadowy back booth at Custard Kate's Pies and Prime Rib, Caspar goes to work. While the stick-figure tart requests a simple iced tea—hold the sugar, hold the lemon—the pussyhound orders up a plate of cheese-and-sour-cream potato skins, a bowl of thick corn chowder and a moose-liver paté as appetizers, a two-pound chunk of rare roast beast, a bushel of broccoli in creamy, thick sauce, potatoes, gravy and a stack of onion rings for his main course, and the Spinning Wheel of Pie potpourri for dessert.

"Maybe you can help me a little with some of this," he says in the face of babe bones's salivating maw. By the time she's done eating, Caspar is still hungry.

He sees the glutton guilt recede from her eyes as she daintily wipes her mouth and an unnatural anticipation fills her look with twisted cunning.

"Excuse me for a minute," she says. "I have to go to the ladies' room."

Caspar would like to excuse her, but an unnatural anticipation has filled his cock. He follows her into the women's rest room. He presses her against the wall, the toilet beside them, and she moans. He rubs her swollen gut against the swelling in his crotch. Her knees give way slightly, and her face dissolves in a surrender to voluptuousness. She takes her finger, eases it between her lips, and inches it back into her throat.

Caspar pulls her hand from her mouth. "No," he commands, "use this."

He guides her fingers to his pants and directs them as she unsheathes his pulsating rod. The woman sinks to her knees and devours cock with a rapaciousness to match what she had shown at the dinner table. As the wanna-blow wench retches and gags, attempting to set off her puke switch with a meat plunger, her choking is translated into bursts of tight-gripped sensory bliss along Caspar's throat-stroked staff. Semen roils in Caspar's testicles as gallons of masticated foodstuffs churn in the belly of the bitch.

He stops pumping gag-throat just this side of release, for him and her. Spinning her around, Caspar waves his dick behind the chunk-gargling chick's ass. He yanks up her miniskirt, pulls aside her panties and positions her

A photograph of a retail box for 'ANAL Care' products. The box is dark-colored with a central image of a woman in a bikini. Below the image, the brand name 'ANAL Care' is prominently displayed in a stylized font. The box is open, revealing several cylindrical products inside, including a large white one and several smaller ones in various colors like yellow, orange, and red. The products are arranged in a row, with some standing upright and others lying down. The overall presentation is clean and professional, typical of a retail display.

head above the toilet bowl. As Caspar's shaft slides in, the pucker goes into reverse peristalsis. Her abdomen contracts, sending cock-massaging convulsions to her vaginal hold. As the lunch-lobbing lady spews a streaming technicolor yawn into the gaping commode, sputtering, hacking and spitting, Caspar's prick spurts, dribbles and oozes into the flesh

receptacle.

There is symmetry, there is simultaneous climax, there is an intimacy few people ever know, and there is no need to ask for her phone number or pretend that he'd want to see her again.

Puke, and the women who expel it, rank among the most obscure, unsettling and misunderstood of sexual fetishes. "I'm almost embarrassed to talk about it," confesses Robert Chucker, a part-time security guard at one of the Eastern Seaboard's largest sewage-reclamation plants. "I even like the smell and the taste of up-chuck, so much so that I can't be trusted to burp a little baby without popping wood."

Elliot Nausey shares Chucker's visceral devotion to gut discharge. An under-assistant accountant for the Washington, D.C.-based lobbying firm of Hector, Felch & Gleetman, Nausey recently discovered just how deeply his vomit lust runs. "I was babysitting a Senator from the west who likes to jack chicks up on pills and booze, then pork them when they've passed out. Finally he lets me have one, on condition that I schtup her there with him. She was still sort of awake; so I just slapped my schween around her lips and yanked it so my cheese creamed her chin. I just fucked her to be polite. So then the Senator pulls his prong out and crams it into the broad's mouth. She pops wide awake, her eyes bulge, and she just ralphs from his head to his base, all over his balls and in his pubic patch. That really pissed me off. It should have been me with that puke."

"Call it an ego trip if you like, but there's a sense of power derived from knowing your penis is monster enough to trigger a wet heave from a girl. I guess it's one of the perks of office. Those fucking Senators get to make everybody hurl."

Alan Keck Jr., a driver for Food for Folks in East Saint Louis, Illinois, shares an affinity for women who woof. "I'm a sensual purist," explains Keck Jr. "I like vomit because of the way it feels. I've had chicks squirt G-spots on my crank, I've had them blow me with a mouthful of hot cocoa, but nothing compares to the heat and texture of a forced flow of chewed, partially digested grub gushing onto my plunger. Let me tell you a secret: The best sensation a penis will ever know is when a chick pukes while she's blowing dick, then tries to suck it back down so none will spill out and be obvious. Just sit back, try not to let her know

you're hip to the situation, and send a chaser of choad after her gulp of puke."

Debouch is repulsed by Keck's proclivities. "Contact with stomach fluids nauseates me," insists Caspar. "All I'm after is the contractions produced during vomiturition. What's sick about wanting an undulating grip on my penis?"

The sickness becomes apparent in the devious, diseased lengths these vomit-craving men will go to in order to ensure that a woman will put out—put out the contents of her stomach.

"I can't believe how many of the guys I meet make me want to throw up," says Peggy Urp, who scrapes together a meager living by writing dialogue for coprophagic homosexual porno movies. "In the line of work I'm in, you'd think I'd become immune to it, but just when I think I've got my gag reflex overcome, I meet some barf magnet like Clair Disgorge."

Disgorge, who traces his aberrant appetites to the fact that his parents burdened him with a girl's first name, is a fluffer on many of the shit-sex movies that Urp scripts. The work—sucking feces-smeared penises to turgidity—is all the more arduous because Clair is in denial about being gay. "I'm thtraight, totally," asseverates Miss Disgorge. "I like girlth." In fairness, Clair Disgorge *does* like girls; he likes girls to stand

astride him as he lies prone, face up, between their legs, and splatter his chest with a rainbow shower of gastric mulch.

"I can't believe he got me to do it," wails Urp. "He promised to get me work, but I knew he never would. I guess vomiting was actually a pretty accurate expression of my feelings toward Clair. And he came, just like that, stroking his puny prick while wet clumps and shreds of my anchovies-and-salami pizza cascaded upon his chest. I couldn't believe the stink, but Clair seemed to like it."

Indeed, olfactory stimulation is the prime motivation of many puke players. When he's not picking up towels as an orgy-room attendant in a Serbian bath house, Duane Surge can be found with his nose immersed in cups filled with gastric castoffs. Surge claims to be able to type a girl's age, ethnic background and pregnancy status—not to mention everything she's eaten in the preceding week—solely by sniffing her vomit. "You are what you puke," pontificates Surge. "And you puke what you eat," he further elucidates, "but you also puke more than just what you eat. Are you keeping up with me on this?" Surge sniffs deeply from a paper cup labeled MOM and gets a look that's every bit as lost as anyone who tries to follow his train of reason. 🐷

The Ten Deadliest Towns in America

Illustration by Robert Kalafut

Dark-Look Tour by Eugene Robinson

America's recession has been murder on the heartland. The FBI's list of bloodiest cities in the U.S. may include yours.

HELL CITIES

"My boy wanted two rocks of crack. He tried to snatch his money back and pulled off with my hand in the window. I shot that motherfucker in the cheek!"

Crackling, chain-saw rhythms of a musical hybrid that could be called death/metal/rap pummels the air space a solid 50 yards around the low-slung Chevy Impala that's pulled close to the curb. It's a cut from rapper Ice Cube's *The Predator*:

"You know, you won, chief!"

"Won what?"

"The wet T-shirt contest, motherfucker!"

A volley of rapid-fire bullets rips the air, killing the song's fictional target. The group of tough guys in the souped-up Impala laughs.

Ice Cube's read on street politics is a fact of life in Highland Park, Michigan—number three on the list of most deadly American towns and cities in 1992, based on murders per capita, according to statistics compiled by a *San Francisco Chronicle* survey of law-enforcement officials. Nearly half of the communities in the list's top ten have populations under 100,000. Murder is coming to roost in America's small towns.

According to one newspaper reporter

who has covered much of the mayhem in Highland Park, murder in the Midwest skyrocketed when the economy bottomed out, shutting factories and swelling unemployment lines. "It's an old story," says the reporter. "When people lose their jobs, the community spins into poverty and despair, creating a situation ripe for drug abuse. Murder is probably the saddest way to measure it."

To make a quick killing on some cheap real estate—or just a quick killing—follow the bloody road into the splayed guts of a few prime places to live, or die, in the First World.

EAST PALO ALTO:

SLANGIN', HANGIN' AND BANGIN'

East Palo Alto, California, with a population the size of many mid-scale universities (approximately 23,000), is 1992's murder capital of America. According to the *Chronicle* statistics, killings in East Palo Alto occurred at a rate of 175 per 100,000 citizens in 1992. Los Angeles, California—which ranks tenth among the deadliest American

cities by comparison of the same figures—racked up a measly 33 murders per 100K in the same year.

To the west, Palo Alto offers beautiful tree-lined streets and houses that carry \$18,000-a-month mortgages. One free-way overpass away, the streets don't look very much different, but wander onto O'Keefe or Sacramento streets—a couple of East Palo Alto's hot spots—and an innocent bystander is likely to end up a *mushroom*, the poor sucker who pops up in a crossfire.

"Some fool pulled up in a 5.0, waving money at me," explains 29-year-old East Palo Alto native Teddy, describing the last person he shot. "I walked over and found out my boy wanted two rocks of crack. He tried to snatch his money back and pulled off with my hand in the window. I shot that motherfucker in the cheek! Let's see him smoke those rocks with a hole in his fucking mouth!"

Problems worsened in East Palo Alto when crack hit big. Teddy says that's when things began looking up for him. Dark-skinned and shirtless, he leans against his gray, low-riding Impala. Covered with a towel on the driver's seat are the tools of his trade.

"I like the Glock," he smiles. "With 17 shots, I don't even have to aim. For every knucklehead that comes my way, I got my gat."

Teddy considers himself an independent businessman. Crack cocaine happens to be the commodity he barter.

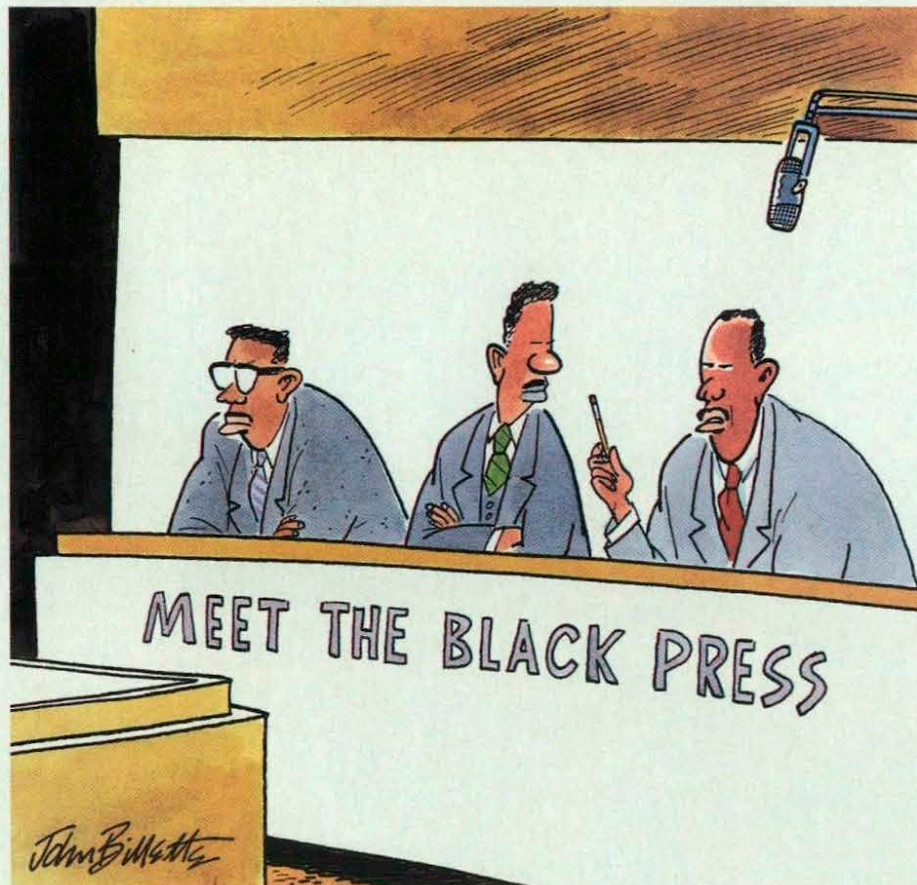

"So East P.A.'s fucked-up. Why should I feel guilty? You don't see the president of General Motors crying for the fools he puts out of work," he argues. "I'm keeping my customers satisfied. People tell me 'You're dragging down the race,' but that's bullshit. Most of the folks driving through here are white or Mexican."

Daylight fades, and Teddy gets down to business. "They come around the corner here," he says, eyes peeled. "I get them all—businessmen, hustlers—most of them are fucked-up by the time I get to them. You could take over a whole country with crack. It's powerful shit."

The dark of night brings a certain tenseness. "Gotta keep on your toes when the sun goes down," remarks Teddy, as if reminding himself that the chances of a person on the street in East Palo Alto getting killed have now tripled.

"One time a bullet missed me by this much," he says, pressing his thumb and forefinger together. "I swear to sweet fucking Jesus I heard that motherfucker. It sounded like death."

booming. When its low-income apartment buildings are closed, and the tenants move to lower-rent communities, it'll be an ace in the hole. Until then, it's a hole filled with blood.

HIGHLAND PARK TO HELL

Mayor Linsey Porter has made numerous impassioned pleas for state and federal funds to rid Highland Park, Michigan, of its abandoned buildings—hot spots for drug use, prostitution and a recently apprehended serial killer—but there's no relief in sight.

According to one local reporter who has covered some of the city's most gruesome stories, "[Highland Park] is as bad as it can get. The police generally will not talk to the press." Perhaps they feel that nothing they say will make a difference; so why bother?

Many of the people living in Highland Park have met with deathly violence. Those not shot, stabbed, clubbed or poisoned were robbed, raped or mugged. Nine-year-olds are shooting nine-year-olds in H.P., sometimes by accident. Even babies are fair game.

Highland Park resident Delores Johnson was recently arrested for attempted murder

after she dumped her newborn baby in a garbage pile in the bone-stabbing Midwest chill. The baby survived, but nearly ended up Highland Park's first murder of 1993. Out on Pasadena and Woodward streets, Highland's ground zero, people are echoing Mayor Porter's complaint, decrying the lack of federal interest in the heartland's war zone: "How many bodies does it take until Washington wakes up?"

COMPTON'S IN THE HOUSE

A story illustrating the predatory nature of life at the shit end of the American food chain recently made the joke rounds on crack-hopping Crenshaw Boulevard in the heart of South Central Los Angeles:

A woman and her family, wanting to get away from the struggle of apartment renting, inherited a house as a result of a death in the family and moved to Compton.

Their moving van pulled in close to the front door of the recently acquired house, and the woman and her nephew began to move their belongings inside. The task, they noticed, seemed to go amazingly well, and after a few trips from the van to the house, the truck

seemed nearly empty. Then it dawned on them: Their neighbors had been running over and stealing their stuff between trips to the house. Welcome to the 'hood.

With a murder rate rivaling Washington, D.C., which has six times as many residents, Compton, California, is riddled with the cancers of poverty, unemployment and gang hostility. Cops in Compton are only called to do the hauling away when a body's blocking the crack trade. Many neighborhood residents stress that the police represent a significant portion of their crime problem. Tapes from police mobile digital terminal communications contain open admissions of on-duty officers engaged in criminal activity. An excerpt released around the time of Rodney King's 1992 Simi Valley trial illustrates the problem:

"Did you arrest the 85-year-old lady or just beat her up?"

"We slapped her around a bit... she's getting M/T [medical treatment] right now."

At one time South Central L.A. hospitals had taken in so many gunshot victims that the U.S. military was in the habit of sending surgeons to Compton before committing them to combat duty. In response to the April 1992 riots following the Simi Valley verdict in the Rodney King case, the Bloods and Crips called a citywide truce, and Compton's fortunes seemed to take a turn for the better.

In the month of January 1992, 120 trauma victims were admitted into local emergency rooms; in June 1992, only 70. Owing to the truce, gang-related homicides and drive-by shootings dropped by 62%, with the remainder occurring mainly in East Los Angeles's Hispanic neighborhoods.

"The riots—we call them 'the rebellion'—changed things around here," says longtime gangbanger T. J. "We didn't have anything before. We didn't own any of [the town of Compton], and we still don't, but what we *do* have is less violence in the streets."

Enough violence, however, for Compton to make the killing grade of fifth most deadly city in America.

GOING BACK TO INDIANA

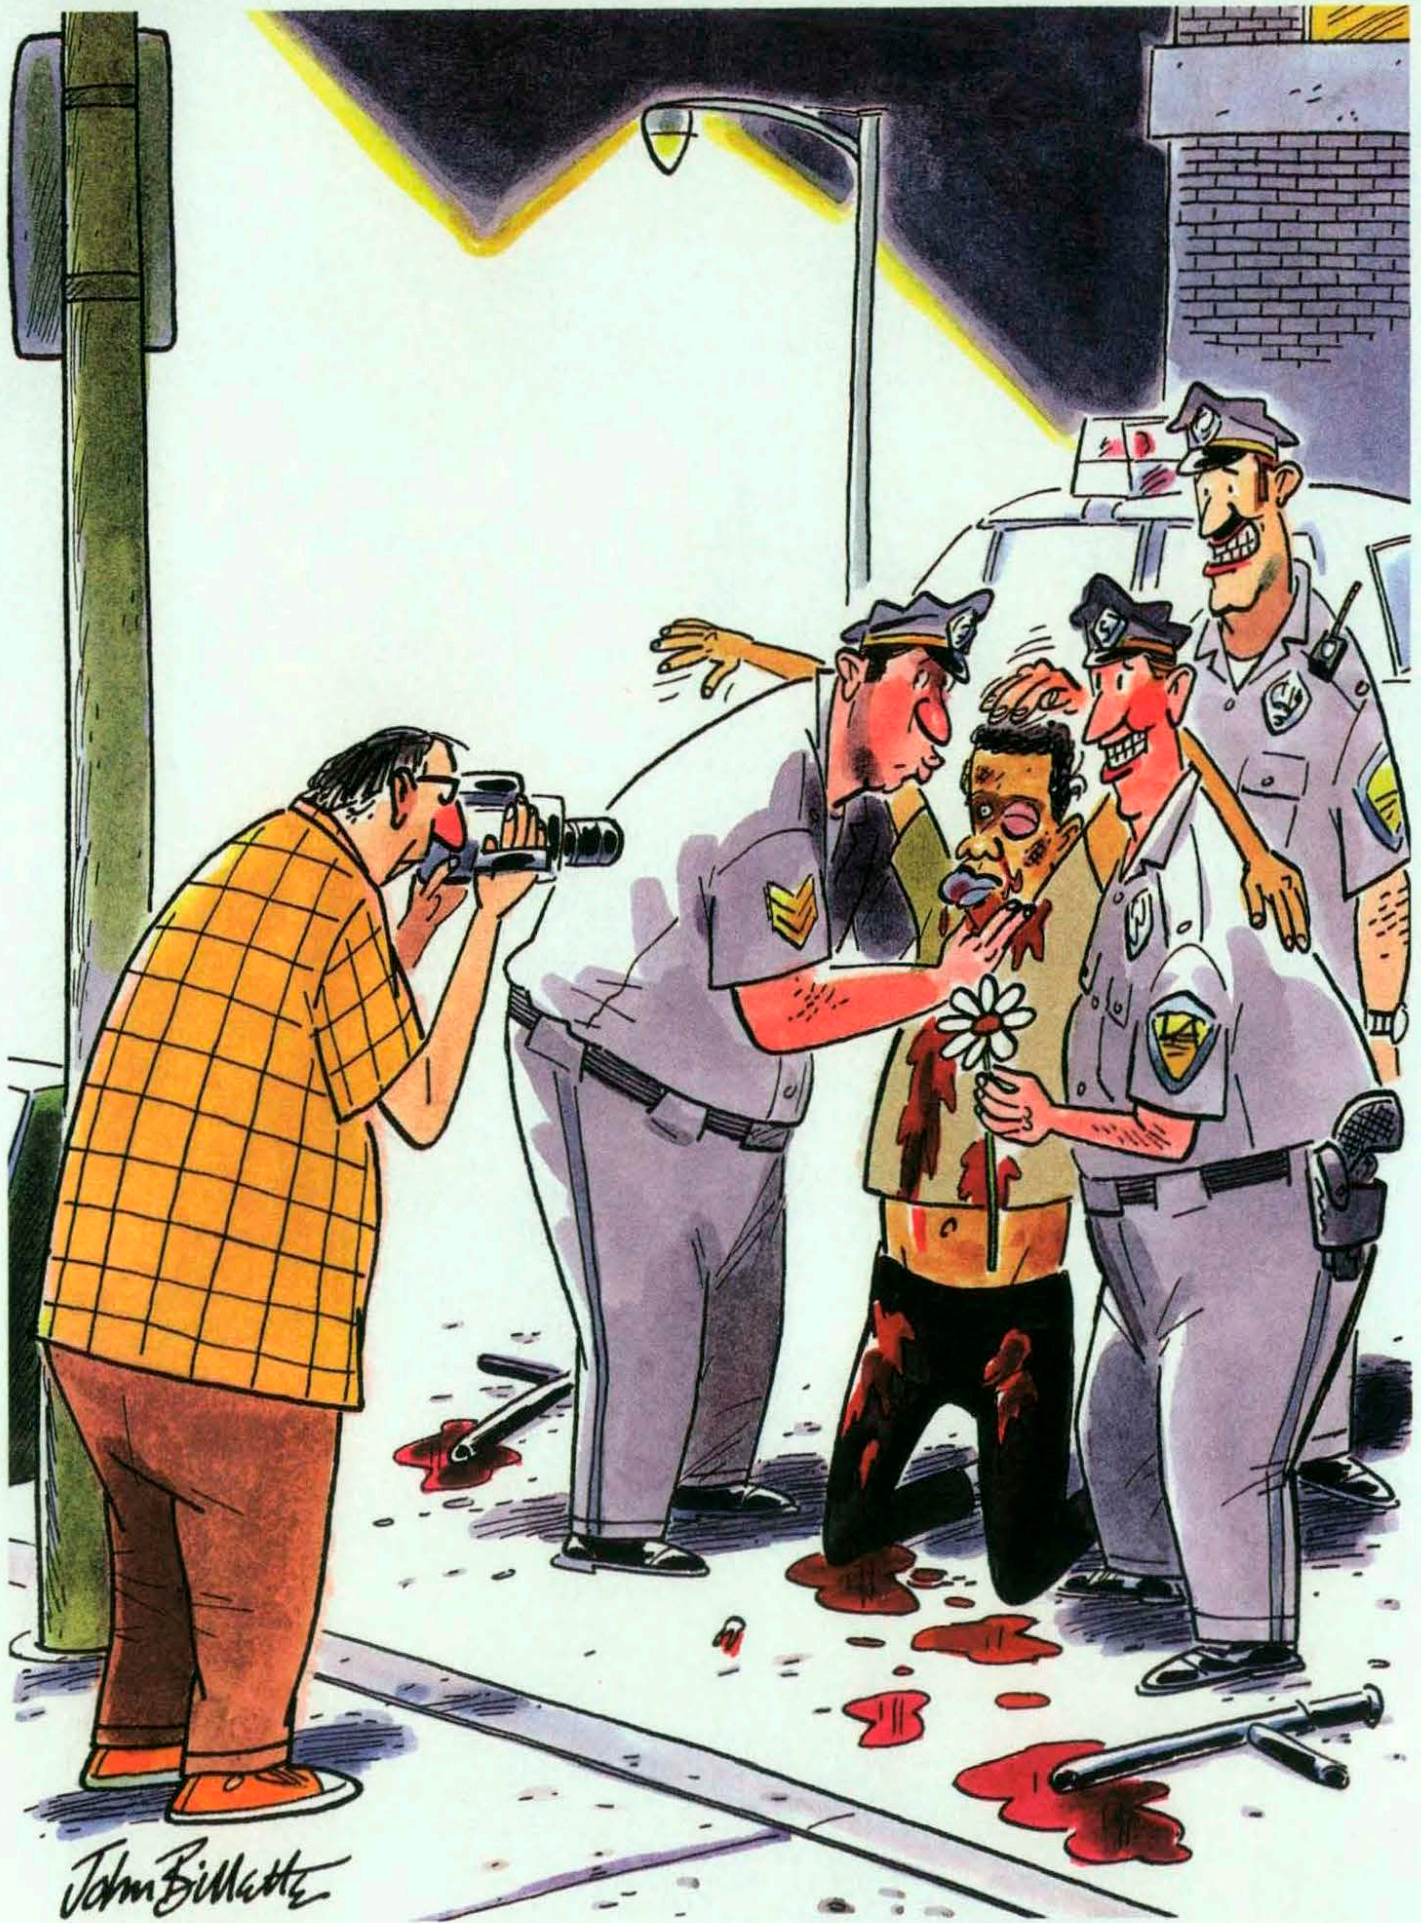

Once immortalized in song by the city's most famous sons, the Jackson Five, Gary, Indiana, is now known for its infamous sons and the rapidity with which they cut each other's throats.

Bill Burns, public-information officer for Gary's police department, blames a problem all too familiar: drugs.

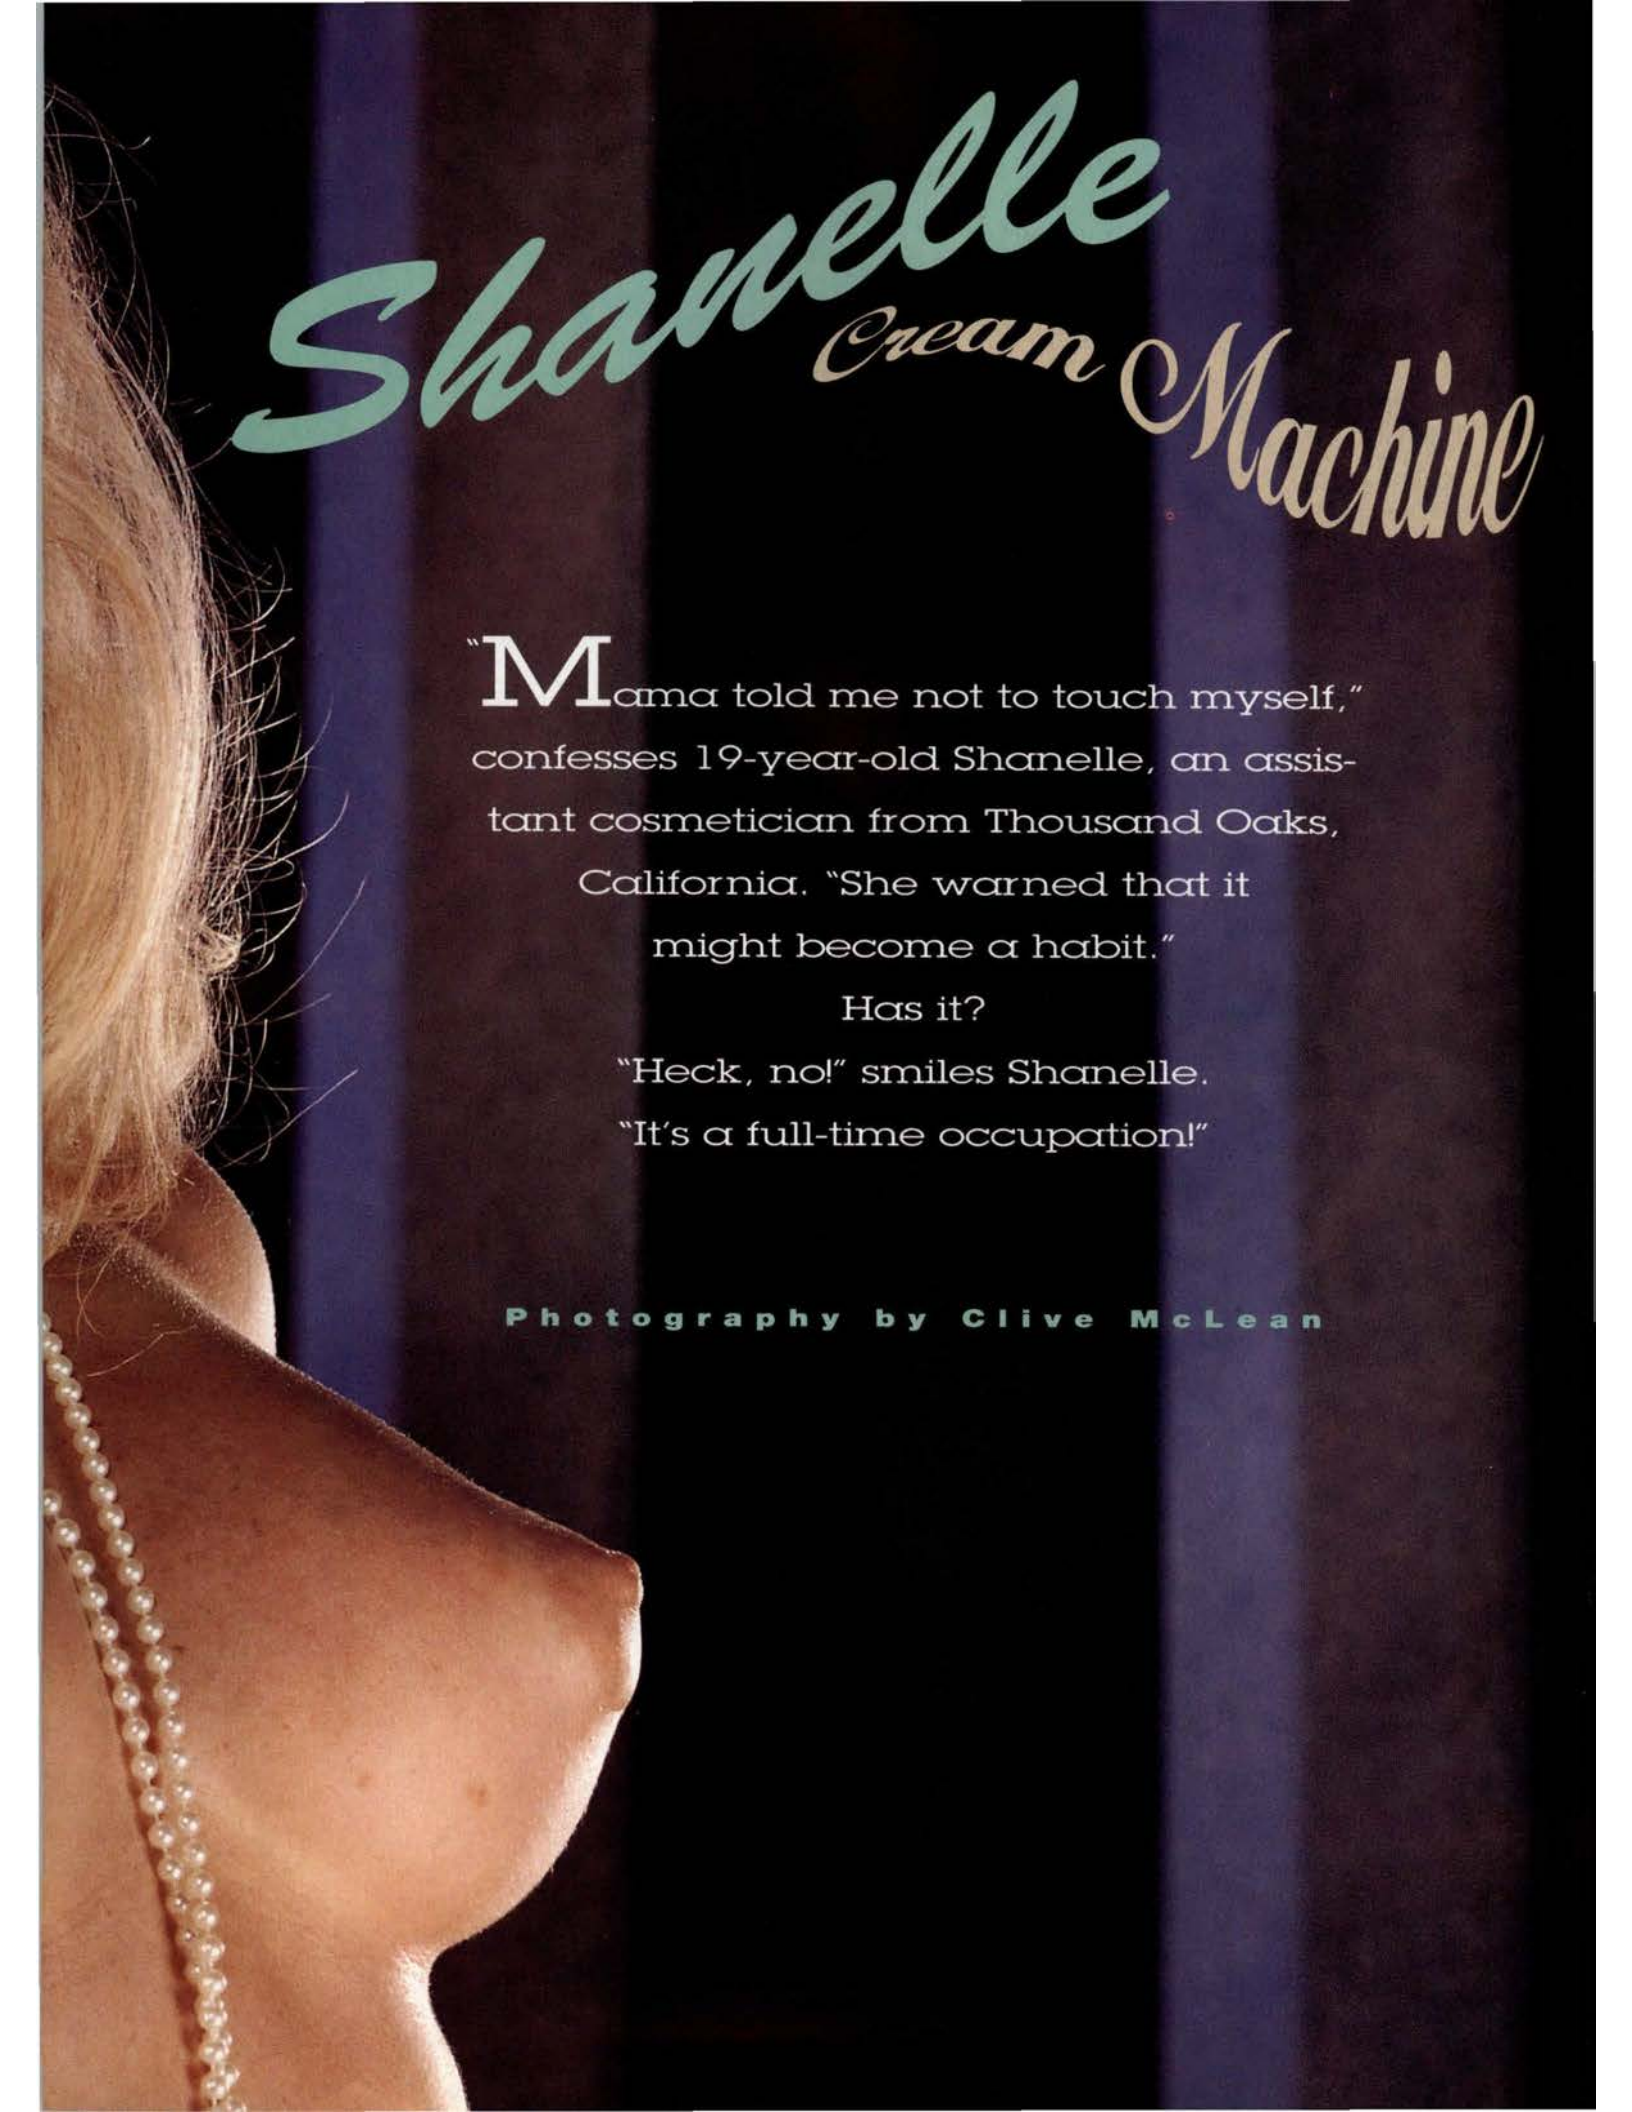

"Many of the homicides involve

drugs," says Burns, "or we think they involve drugs, but we can't get enough evidence to prove it. Sometimes witnesses will not testify for fear of their own lives."

Much of the crime in Gary can be attributed to juvenile offenders.

"There is a lot of juvenile crime—mostly burglaries and auto theft," explains Burns. "We do make arrests occasionally, and we take them to the juvenile detention center, but it seems like they are often right back on the street again."

While Gary averaged seven murders a month in 1992, the hottest crime in Gary is now auto theft, according to Burns.

"Kids are stealing whatever they can get their hands on," he says. "Old models, newer cars, it doesn't matter. They're using them mostly for joy rides, but also for drive-bys."

Asked if he thinks there's anything that could be done to help alleviate the deadly fever of homicide in Gary, Burns cites the fact that murder simply cannot be predicted.

"No one can come up with a solution to prevent homicide," he remarks.

OAKTOWN FOLLIES

Home of the Oakland Athletics baseball team, scenic Oakland, California, boasts proximity to the University of California at Berkeley and the Piedmont Hills, an exclusive enclave of multimillion-dollar homes.

The curse of long-standing economic privation gave rise to the reform-minded, community-based activism of the Black Panthers in the 1960s, but Oakland has received a mortal blow in the form of crack cocaine in epidemic proportions.

"Oh, man, they was shooting out here like *The Untouchables* or some shit," says 26-year-old Mark, who's neither a crackhead nor a dealer. "I saw these two cars off of Peralta just sitting kitty corner about 30 yards apart shooting and shooting. When their bullets ran out, they drove away. Something similar happens almost every night 'round here."

What was the motivation for the sudden spray of ammunition?

"Probably over who's going to be selling on that corner. They must have been there shooting for five or ten minutes without a motherfucking cop in sight. The cops don't even try anymore."

A longtime Oakland resident, Mark

had lived on New York's Lower East Side for a year or so in his early twenties and says that the two don't compare. He's right in one respect: New York City didn't make the FBI's top-ten list of deadliest cities last year.

"The Lower East Side was crazy, right? People got fucked-up, knifed, beat up, whatever," says Mark. "But not shot. In New York guns are harder to come by, and lots of people don't have cars 'cause the subways make getting around easier. With all of these fucking cars flying around with guns under the front seats, Oaktown's got more bullets flying than the wild west."

Mark professes to never going anywhere without being strapped. His gun of choice is a high-capacity 9mm. His girlfriend also carries a 9mm. It's illegal to carry a gun in the state of California without a concealed-weapon permit, but most people in Oakland would rather swallow the misdemeanor charge than get caught on the street without firepower.

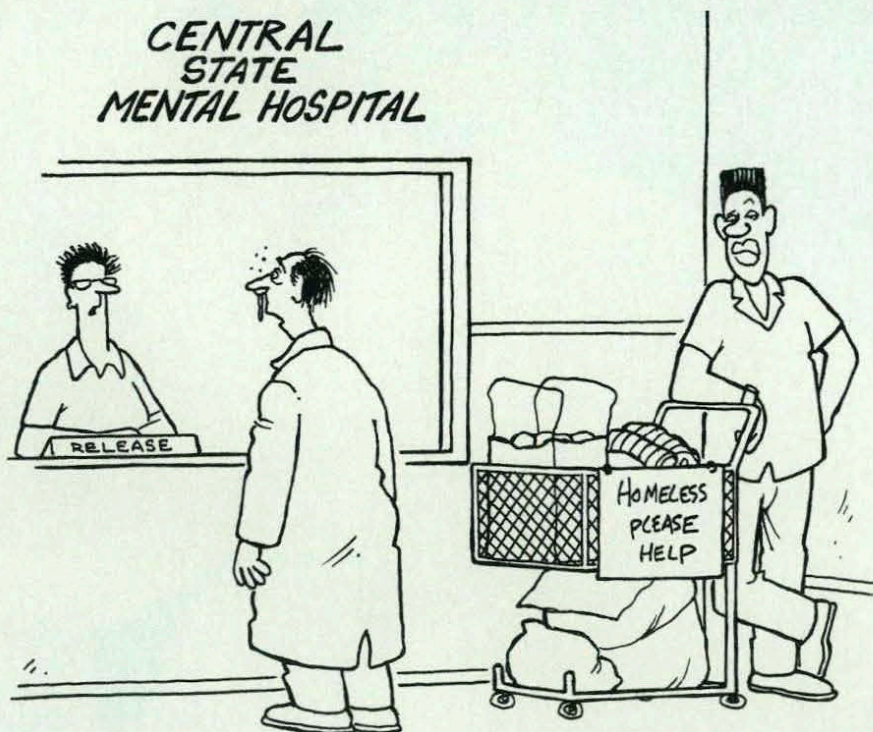

I WENT TO HELL, AND ALL I GOT WAS THIS LOUSY T-SHIRT

There is no easy remedy for the urban ills underlying the violence that plagues America's cities and towns. Welcome to Hell!

HITLER

Taking the Gas Out of Nazi Infamy

Report by Jim Redden

Some historians say Hitler had no master plan to exterminate the Jews in World War II. What are Nazis without the Holocaust?

Illustration by John Seabury

HITLER

Irving declares that he has never come across a document proving that Hitler ordered the total eradication of European Jews.

October 16, 1992: David Irving, a British historian specializing in World War II, is speaking at Mount Hood Community College near Portland, Oregon. Irving is an advocate of Holocaust revisionism, a controversial movement that disputes the historical accuracy of the widely held version of what happened to European Jews at the hands of the Germans during Hitler's Third Reich.

Police dressed in riot gear line the road that leads to the windowless building where Irving is scheduled to talk. The police have been summoned to protect people who wish to attend Irving's speech from an angry mob harassing everyone who tries to enter the building. An elderly couple slips through the corridor of Plexiglass shields held by police and reaches the front doors. From the mob, a young man yells, "We know where you live!"

Shaken, the couple approaches a police officer stationed in the lobby. "They said they know where we live," the man says in a quavering voice. The cop answers coolly, "I'm sorry, sir, but

there's nothing we can do about that," leaving the couple to wonder if a late-night fire bombing is the price they will pay for attending a history lecture.

At age 54, David Irving has authored more than a dozen books on World War II. Unlike many chroniclers of the past, Irving does not rely on the writings of other historians when researching his works, but insists on seeing original documents whenever possible. According to the *New York Times Book Review*, "Mr. Irving is an indefatigable interviewer, a prodigy of enterprise and industry, a researcher who almost literally [leaves] no stone unturned and [succeeds] in digging up papers, letters and diaries which [are] believed to be lost or nonexistent, or which escaped, for other reasons, earlier writers. His dogged persistence puts many professional historians to shame."

After more than ten years researching declassified war records, Irving declares that he has never come across a document proving that Hitler ordered the total eradication of European Jews, no written

or other correspondence proving that Hitler was aware of concentration-camp gassings, and no evidence that Hitler ordered the death of the Jews in any of the top-secret Nazi radio transmissions that were intercepted by the Allies during the war.

As a result of this research, Irving concluded that Hitler did not, in fact, order the notorious Final Solution.

Irving calls the Holocaust a legend. "Historians have all been busy quoting each other. They've been pumping hot air into this bubble, and the bubble has been getting bigger and bigger and more and more unstable. These professors know the truth, but they're terrified that some irresponsible idiot is going to come along and prick that bubble. And," he adds with comic timing, "I am that prick."

Mainstream historians acknowledge the lack of a documented Final Solution order from Hitler, believing the Fuehrer was too shrewd to leave behind palpable evidence of his evildeed.

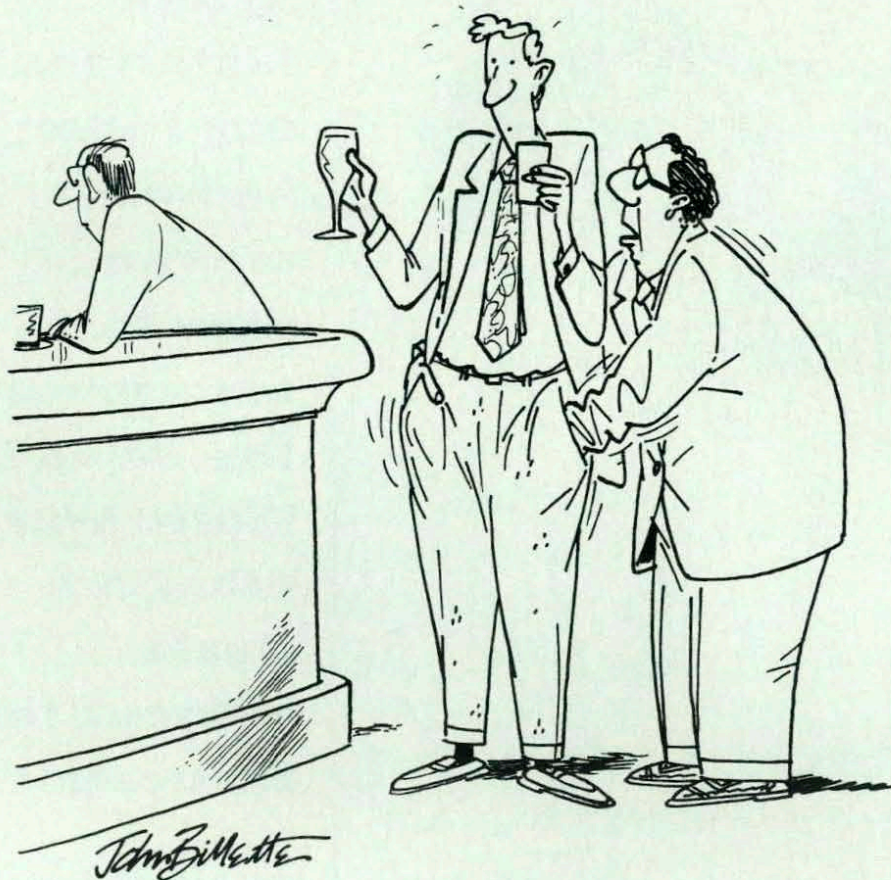

"[That Hitler would not sign a written order] is hardly surprising considering the monstrosity of the crimes being committed," notes British historian Alan Bullock.

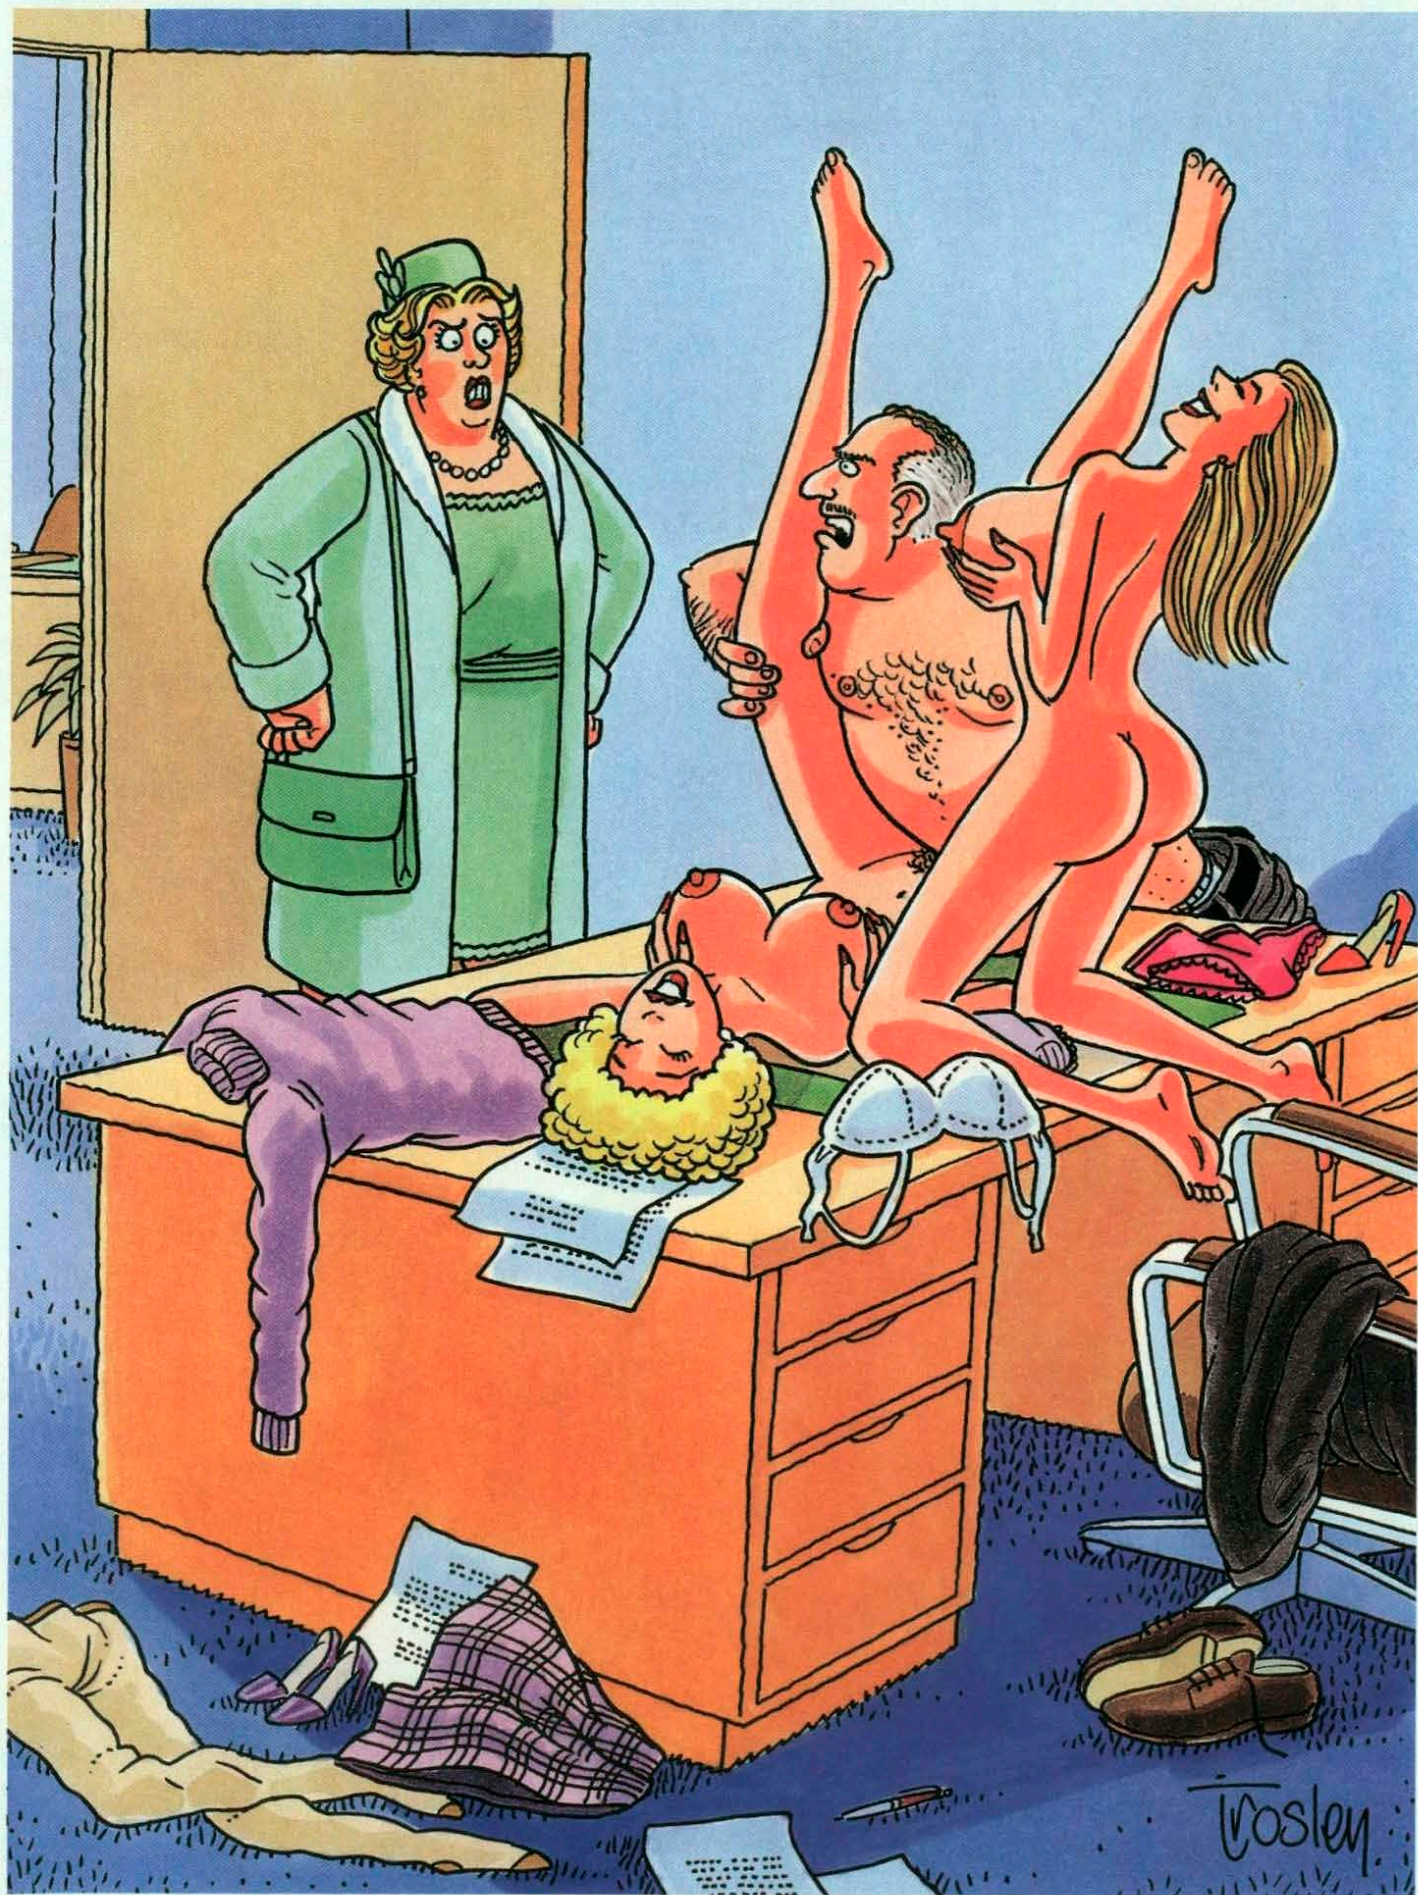

In May 1988 Irving provided expert testimony on behalf of Canadian Ernst Zundel, who was charged with violating Canada's "false news" laws by reprinting a 28-page booklet titled *Did Six Million Really Die?* Irving produced a report prepared by Fred Leuchter, an American authority on gas chambers who performed forensic tests on the gas chamber at Auschwitz. Leuchter's report found no indication of traces of poisonous gas in the walls of the gas chamber and alleged the chamber was, consequently, a fake.

Irving testified that there were no grounds to support the existence of a Nazi plan to exterminate the Jews. Upon returning to Europe, Irving published a special edition of the Leuchter report, writing an introduction in which he boldly dismissed the traditional version of the Holocaust as a "well-financed and brilliantly successful postwar publicity campaign."

Publication of the Leuchter report in Europe led to Irving's arrest. By alleging that the Auschwitz gas chamber was built after the war, he was convicted of a serious crime in Germany. In May 1992, a Munich court fined Irving the equivalent of \$7,000 for violating a German law against "defamation of the memory of the dead."

HUSTLER HUMOR

A young couple was making out feverishly on the young woman's parents' sofa a few days before their wedding. "Oh, baby," moaned the groom-to-be, "please let me see your breasts. I just wanna look."

The girl blushed, but unbuttoned her shirt. "Oh, honey," he begged, "just let me kiss 'em."

"Don't you think we should wait till the wedding?" she protested, but it was already too late.

Pretty soon, he was begging her to take off her panties. "I just want to look, I swear," he panted.

"I really think we should wait until the wedding, like we said we would," said the girl, but her fiancé's frantic urging finally won her over. She was adamant that he just look, insisting that kissing her down there was something they shouldn't do until after the wedding. But after half an hour of artful argument he had his way, burying his head between her thighs. A few seconds later he stuck his head up. "Baby," he asked anxiously, "do you think this thing'll keep till Saturday?"

Question: Where's the capital of the United States?
Answer: Spread all over the fuckin' world.

Looking unusually pale, the Pope called together all of his cardinals. "My devoted flock," he said in a voice that was barely above a whisper, "I have good news, bad news and terrible news. The good news is that I've spoken with God. The bad news is that God is a woman."

"A woman?" cried one of the cardinals.

"Yes," said the Pope.

"After all we've said about abortion and women," muttered another cardinal, "what could be worse than a female God?"

With a bowed head, the Pope replied, "She was calling from Salt Lake City."

The HUSTLER Dictionary defines *tampon* as: a beaver dam.

Boris Yeltsin woke up one morning feeling great. He walked up to his window, saw the sun coming up and crowed, "Good morning, sun!"

As he turned away, he was surprised to hear a great, loud voice say, "Good morning, comrade. Good morning to you and the great people of Russia who have put you where you are."

Yeltsin wasted no time calling his aides to his side to show them what had happened. He took them over to the window and said, "Good morning, comrade sun."

Again the voice boomed, "Good morning, comrade. Good morning to you and to the rest of your staff."

Yeltsin sat down to his work, convinced he was destiny's child. Later, as the sun was setting, he walked over to the window and said, "Good evening to you, comrade sun." When no response was forthcoming, he repeated the salutation again and again, growing increasingly impatient with the silence. "Sun! I'm talking to you!" he suddenly roared.

"Fuck you, asshole!" the voice thundered back. "I'm in the West now!"

Question: Why was the high-school cheerleader nicknamed Abraham Lincoln?

After Marty's and Mindy's marriage ended in a particularly bitter divorce, Mindy remarried within six months. Not long afterward, she ran into her ex-husband at a local restaurant where she was having lunch with a girlfriend.

"So," said Marty, sidling up to their table, "how's your new husband?"

"Just fine, thanks," answered Mindy calmly.

"And how does he like your old, tired, worn-out pussy?" inquired Marty with a leer.

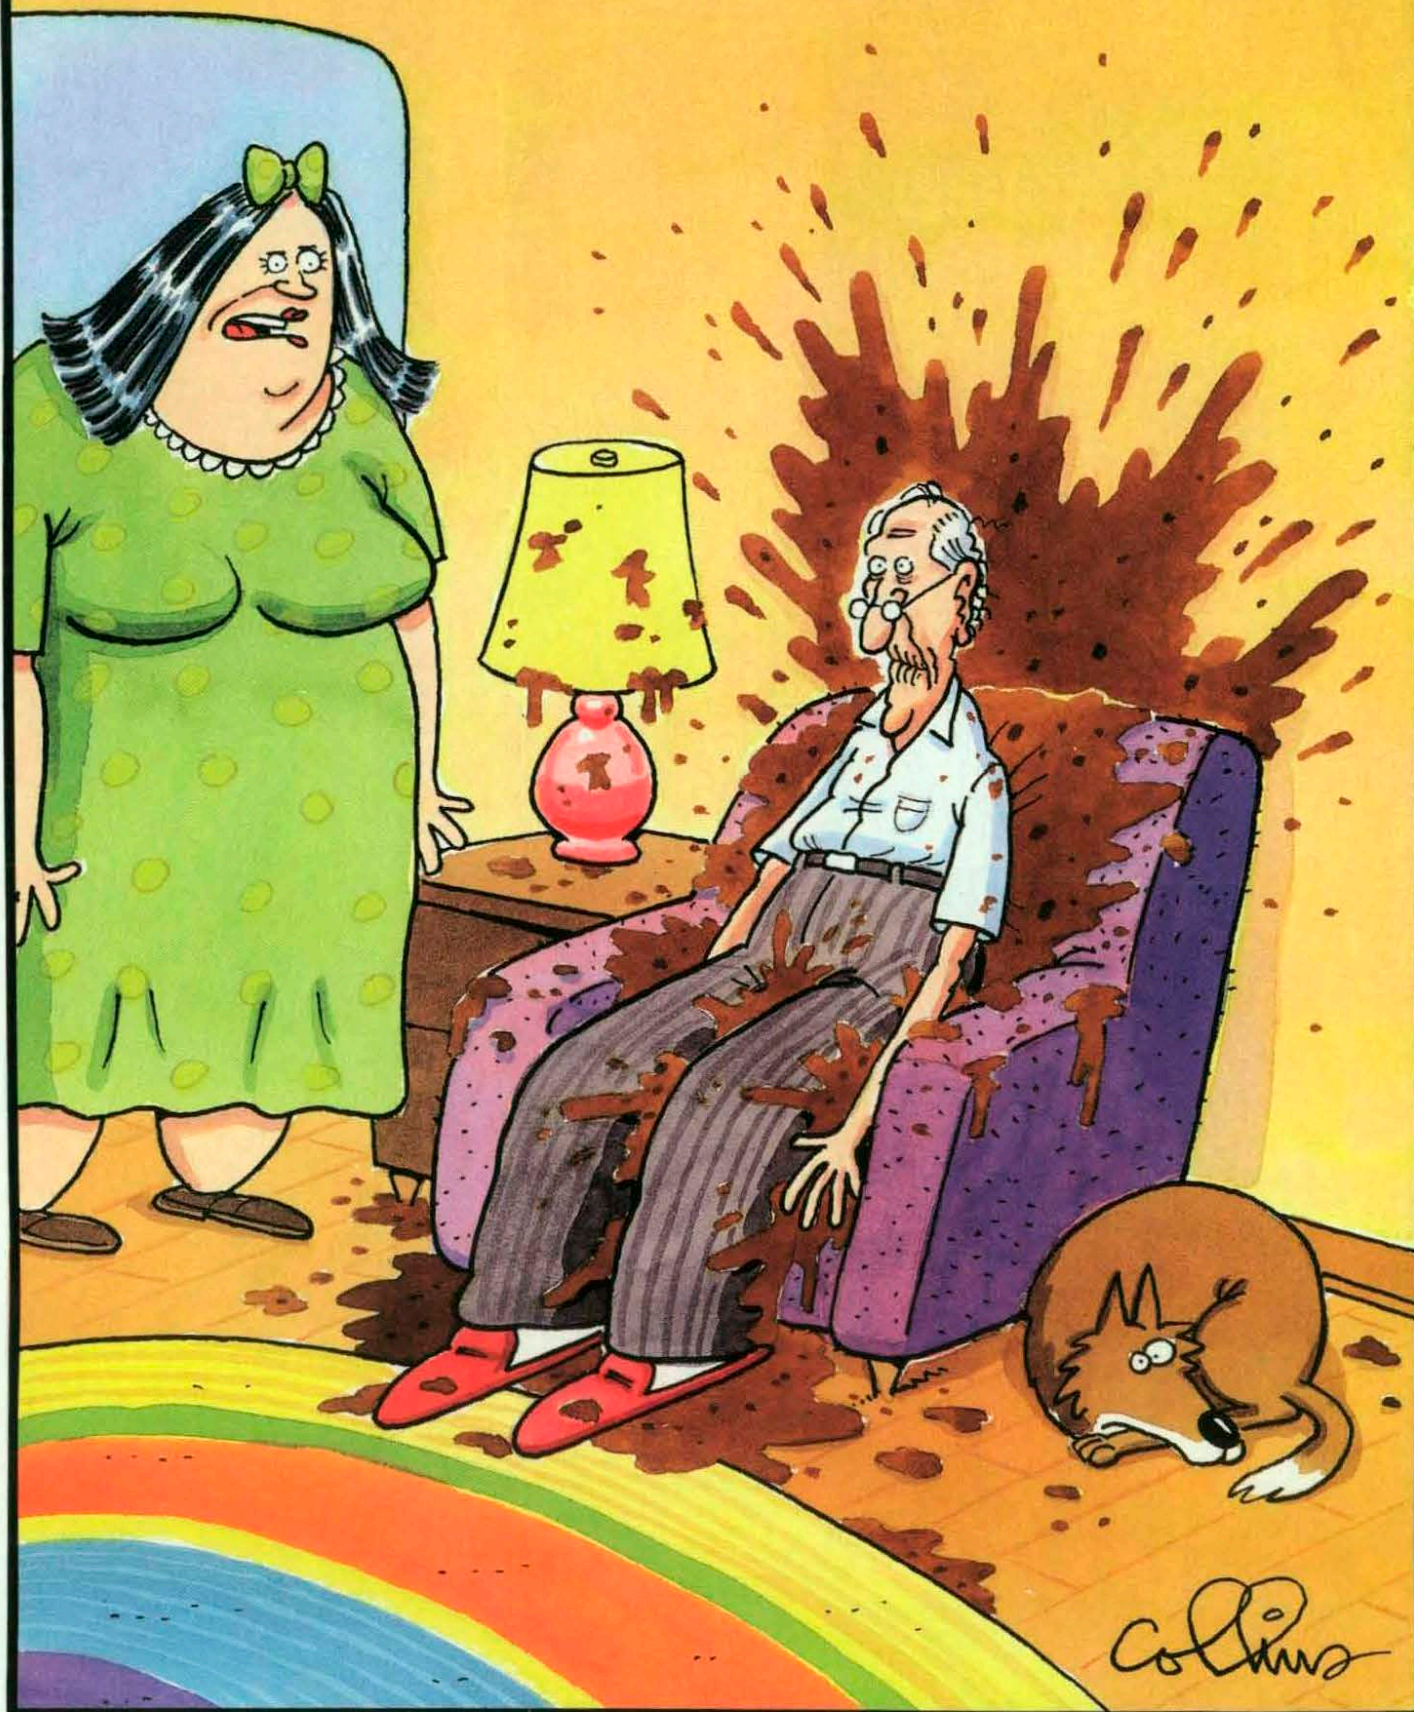

"Oh, he likes it just fine," Mindy said cheerfully, "once he gets past the old, worn-out part."

Question: Why is it better to have nuclear power plants in the neighborhood than bikers?

Nina Suave

**THE LIFE OF SLUT-GODDESS
NINA SUAVE IS
BARELY DOWN TO EARTH.**

SUAVE

"I can't tell you how hard it is to come home and find dead batteries. I go crazy and start rubbing my clit till my wrist aches!"

Hollywood Boulevard is jammed with cruisers. The sidewalks teem with every imaginable type of street weasel, but X-goddess Nina Suave won't let anything get in her way. Famed lingerie mecca Frederick's of Hollywood is about to close, and Nina needs something frilly.

Cutting through an alley on the way to the store, she finds the way blocked by the yawning chasm of a demolished building's former basement. It's a 20-foot drop onto hard concrete.

Spying a ledge no wider than the palm of her hand, Nina Suave doesn't hesitate. She needs her lingerie; so she scurries across the narrow span in a pair of skyscraping high-heeled pumps.

It's a balancing act that could be a metaphor for Nina Suave's double life.

Nina Suave is not the typical porn dolly. She does the movies, among them the sphinctercentric *Anal Avenue* and *Madam A*, but she counters video stardom, exotic dancing at professional clubs and moonlighting at the occasional bachelor party with being a full-time mom to her two kids and spending time with her boyfriend of 12 years.

Life in the sex business isn't all

sunshine, orgasms and swimming pools. Grab a taste of Nina Suave's porn-star schedule.

MEETING NINA SUAVE

7:30 a.m.: Nina's been up for an hour, cooking a hot breakfast of bacon and eggs and getting the kids ready for school. Having dropped off her daughter at a nearby preschool, she says goodbye to her son at elementary school. Dressed in white shorts and an oversized T-shirt, she blends in with the other moms. No one would suspect that a few hours ago she was writhing nude on the strobe-lit stage of the Tropical Lei, a girly club in Upland, California.

Returning home, Nina simultaneously brews a fresh pot of coffee, vacuums the new carpet and bakes cupcakes. Lest anyone mistake her for porn's version of June Cleaver, she launches into talk of cooze news.

"I've been in the X biz for almost a year," Nina says proudly. Her copper-colored hair falls across her face in stunning contrast to her olive skin. Her wide mouth is framed by a delectably full set of lips. "Luckily, my boyfriend's a voyeur. He likes to see me...."

She searches for the right word. Her

petite-but-voluptuous Betty Boop figure exudes raw sexuality. "Fuck."

According to Nina, jealousy isn't a problem for her and her man.

"The first time I had sex in front of a camera, I got this guy I used to go out with, brought him over to the house and told my boyfriend, 'I'll fuck this guy's brains out like you've never seen!' " she boasts. "Believe me, both guys liked what they saw."

Big-time smut is calling. Nina Suave is earning a reputation as a bona fide anal queen.

"I like cleaning out my asshole!" she says with a laugh. "Sometimes I just get that in-my-anus urge!"

Licking a fleck of dark fudge from the bowl in which she's mixing cupcake batter, Nina confesses that her favorite kind of sex is oral. "I like to have a guy come in my mouth," she grins, rolling the sugary dough on her tongue. "I like the way it tastes."

She also confesses to a taste for dildo-driven masturbation.

"Right now," she admits as she sets the electric mixer, "my boyfriend works days, and I work nights. I can't tell you how hard it is to come home and find dead batteries. I go crazy and start rubbing my clit till my wrist aches!"

One of her girlfriends once asked Nina if she ever worried about being labeled a nasty slut.

"I told her, 'Imagine a guy wanting a virgin,' " Nina relays gravely. "She doesn't know anything and doesn't want to try anything new. He needs a whore in bed, and I guess that's what I am. And I'm proud of it."

Frosting her cupcakes with a thick coat of goo, Nina Suave offers this parting shot: "I hope people will see that I'm doing this for more than just the money. I mean, the money's nice, but I love the sex!"

NINA ON THE SET

Wheeling her sportscar into the parking lot of a porn mogul's studio in Canoga Park, California, Nina Suave unloads a suitcase filled with assorted lingerie and countless variations of the spike-heeled pump.

She wrestles the heavy bag up two flights of stairs to the studio's makeup room, where she gets her first look at a script titled *Anal Europe 4—Anal Recall*.

Nina has been scheduled for a DP scene. In keeping with the video's European spin, there are two exotic French lesbians, Tabatha and Ophelia, who are deeply into '70s fashion, resembling members of the Partridge Family—had the Partridge Family been itinerant sex performers.

"Sometimes it doesn't hurt to just ask."

"You know, I've never noticed this aisle...."

SUAVE

"We were very selective in our dildo purchasing," the producer assures Nina. "I almost bought an eight-inch dildo, but I decided to go for the six-inch model."

Nina teases costar Cal Jammer about his too-new shoes and his upcoming marriage. Corraling *Anal Recall*'s producer in a corner, Nina tells him, "If you're interested in new talent, I know this really cute girl named Seth," she grins, referring to Cal's intended bride-to-be. "She's a dancer, and she—"

A pained expression crosses Jammer's face.

"Now don't start that!" he whines. "You're gonna drive a wedge between us. She's going to think we're all—"

"Sluts?" Nina asks innocently.

The other third of the upcoming DP, a Latin girl named Cheyenne, enters in mid-conversation. "Who are you calling a slut?" she demands good-naturedly.

Jammer tries to stammer out an explanation. "I just don't want my fiancée around this scuzzy business," he gripes.

Eyebrows arch on every face.

Nina cools things down. "Cal, I'm just giving you a hard time," she smiles.

Appraising her reflection in the mirror, Nina's pleased to see that the cosmetics skills of the makeup depart-

ment have successfully transformed her into a Grade-A porn queen. She pouts her slick, ruby lips and confides in the producer, "I'm going to enjoy working with Cal. I just hope the dildo the girl's going to use isn't too big!"

"We were very selective in our dildo purchasing," the producer assures Nina. "I almost bought an eight-inch dildo, but I decided to go for the six-inch model."

"Thanks for thinking of me," replies Nina, batting yard-rake-length lashes.

She excuses herself. "I have to get ready for my scene," she whispers. Preparation consists of an enema, an anal lubing and a couple of strokes up the butt with a dildo—"Just to stretch things out," she explains with a laugh.

Coming out of the restroom, Nina meets the director, C. Everett Smythe, who tells her he'd like her to wear something red, white or black. Given that she carries a fully stocked lingerie store in her suitcase, Nina chooses black with matching pumps. Looking hot enough to galvanize a corpse, she gets her call.

The set, which is a simple bedroom, is bathed in bright, white light. Nina joins Cheyenne and Cal Jammer on the bed, where she admits, "I've never done a DP before."

"Just relax," says Jammer. "I'll take care of you."

Jammer is fully erect. Cheyenne wears a strap-on.

"Put both cocks in your mouth," director Smythe instructs La Suave, giving her character little-needed motivation. "I want you to go from dick to dick, Nina."

Nina works hard as the director puts the cast through a variety of sexual acrobatics that has, at one point, Cheyenne licking Nina's pussy while Jammer hammers Cheyenne, and Nina plays with Cheyenne's dildo. Finally, the big moment arrives: the hotly anticipated double penetration.

"Cheyenne," says Smythe, "you're going to go on your back. Nina, you're going to mount her strap-on. And Cal, you're going to drive Nina home."

The funky set rocks with the moans of the cast. Finally Jammer pulls out of Nina's browneye, loses the rubber he's been wearing and lets loose a milky cascade over both girls, who then engage in a cum-slimed tit massage.

"Cut!" cries Smythe happily, artistically spent.

After a quick shower, Nina relaxes in the hospitality room and offers up some thoughtful commentary on the day's shoot.

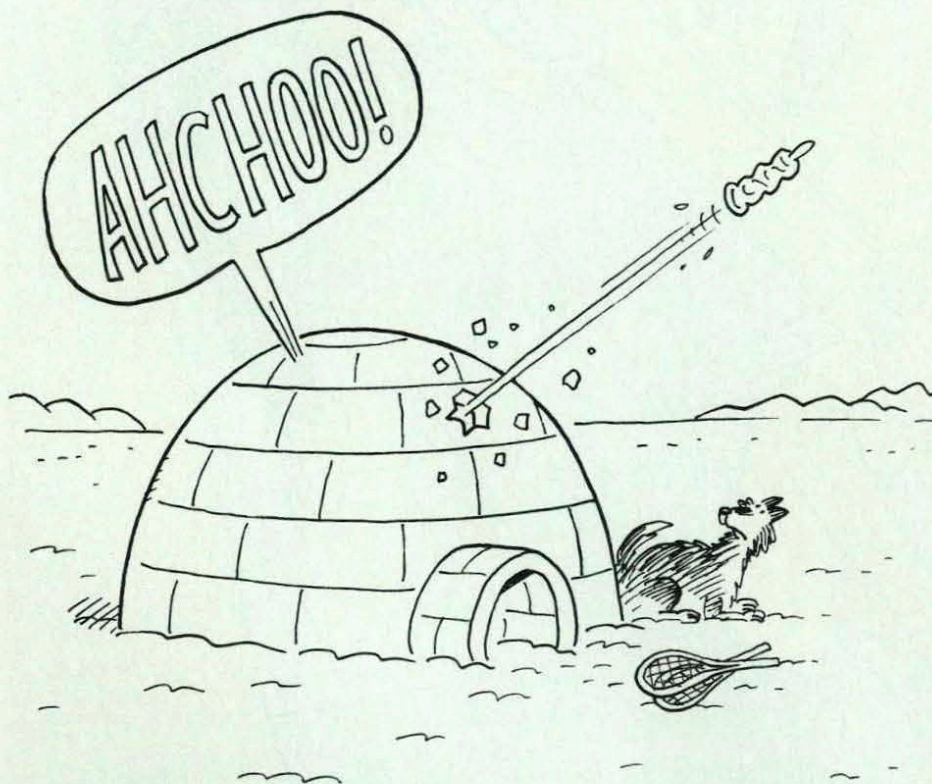

"I thought it was pretty hot," she admits. "I wish I could've gotten into the girl more though. The anal was good. I just don't know about the girl. It was probably because they didn't give her that much to do. I got most of the attention. I don't think she got all the pleasure she should have had. I tried to kiss her to get her going, and I was going to lick her pussy. When Cal was doing me, I would've liked to have been doing her. Not just sucking the strap-on, but licking her pussy to get her going. They should have had me doing stuff like that, making it nastier. It could have been hotter."

SUPER-SUNDAY STRIPATHON

Nina Suave has been on the phone all morning, making baby-sitter arrangements, as well as picking up after the kids and taking care of the household chores. Her boyfriend's just taken the kids to the sitter.

Racing to the bathroom, she puts the finishing touches on her makeup. Slipping into a slinky, one-piece lace body suit that accentuates every curve of her body, she picks up a bottle of

"I got a need for speed," smiles 19-year-old Nicki, buffing the aft deck of her sporty muscle boat with the palm of her hand. "I rebuilt the pump and thrust bearing myself."
"She thought we'd get in some skiing today," laughs sun-baked Bronson, buffing Nicki's aft deck with coconut oil. "But I've got some needs of my own!"

The tips are lousy, and the comments are crude. One drunken would-be playboy lunges unsteadily for Nina's volleyball-size boobs and rudely inquires, "Are those for real?"

perfume and spritzes her tits and ass.

She's been called for a private performance in the San Fernando Valley. Arriving at the tract-home address, Nina makes a beeline to the master bedroom serving as her dressing—or rather undressing—room.

Inside she meets the other two dancers—Paisley, a blonde, and a brunette called Charlotte, "after the spider in *Charlotte's Web*," she explains.

In a few minutes the ear-pounding sounds of televised football in the next room fade to commercial. It's half-time! The girls—dressed only in underwear—slip into the darkened living room.

Charlotte and Paisley suffer from the I-really-should-have-been-a-ballet-dancer syndrome, performing pirouettes and pointed-toe kicks. Nina is hip enough to know that this particular crowd has little interest in watching half-naked girls do a half-assed version of *Swan Lake*. She grinds out a

nasty hump-and-bump in her creamy, silken teddy.

The host of this NFL, beer-and-pretzels soiree tells his guests to get their money out while the girls disappear into the bedroom to get naked.

Rock 'n' roll hits the speakers, and the three women emerge from the bedroom, barefoot and nude. Despite the fact that they're butt-naked, Charlotte and Paisley seem to think that they are performing in the Bolshoi Ballet. Nina, meanwhile, engages the boys in some incendiary lap-dancing, practically swimming in each guy's lap.

Unfortunately, the tips are lousy, and the comments are crude. One drunken would-be playboy lunges unsteadily for Nina's volleyball-size boobs and rudely inquires, "Are those for real?"

"Does it matter?" she retorts before ditching the drunks for some girl-girl action with Charlotte before the music

ends. As Nina retires to the bedroom, she overhears the host warn his guests, "Okay, that was Nina Suave. She does the movies and all; so you can do what you want with her. But the other girls, Paisley and Charlotte, are dancers. So watch yourselves." As far as Nina's concerned, that's the last straw.

In the bedroom she counts her tips, disappointed. The hapless host attempts to persuade her to stay for another dance. "Forget it," says Nina. "I'm going home."

HORNY AT HOME

"I'm the only person I know who gets down on my hands and knees and cleans way back in the corners," contends Nina Suave, describing how she keeps the San Bernardino house she shares with her boyfriend and kids immaculate. There are no electric hoists in the living room, no crates of dildos and nipple clamps, no whips and chains in the bedroom. Crucifixes hang on the kids' bedroom walls, tasteful prints enliven the living room, and an ever-changing mosaic of grade-school artwork brightens the refrigerator door. In the enclosed porch are an expensive weight set and an exercise bicycle.

Having just returned from a grocery-shopping expedition, Nina tells the kids to play video games while she sets about preparing for dinner.

"I used to have a maid come in, but I like things cleaned my way," she says as she takes inventory of the day's shopping.

"I always buy the basics," she states. "Bread, bologna, potato chips, tortillas, rice, beans, mangos, papayas."

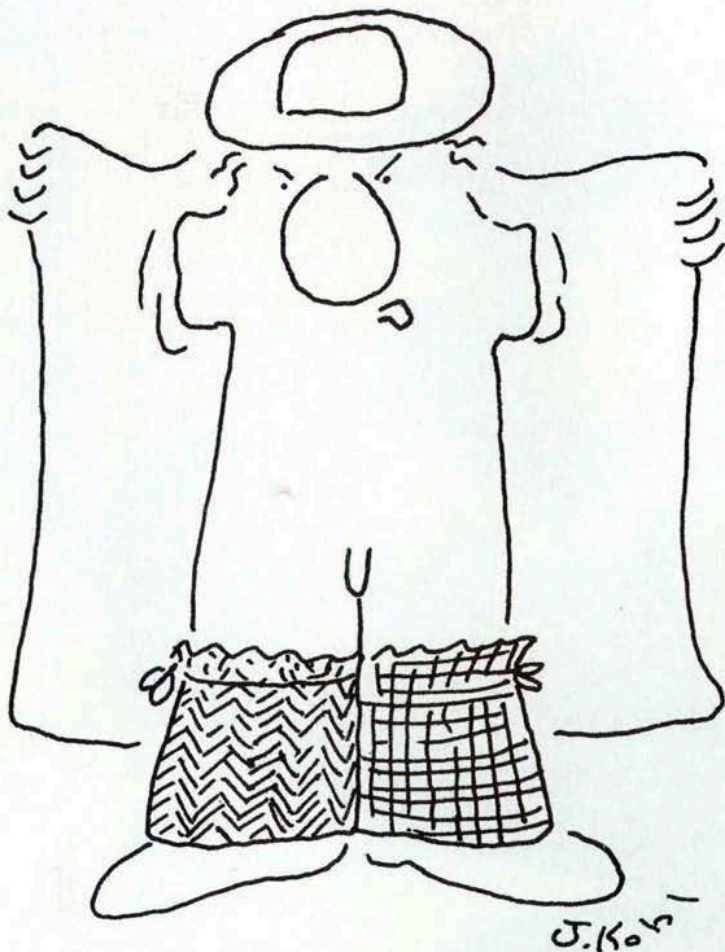

Somewhat guiltily, she pulls out some ice cream and cookies. She looks at the food and then at the exercise bike. "The kids always make me get this stuff," she explains.

Nina prepares one of her culinary specialties—tacos. Taking a pot of beans out of the refrigerator, she proudly says, "I always cook the beans the day before so I can reify them. And I make my tortillas from scratch."

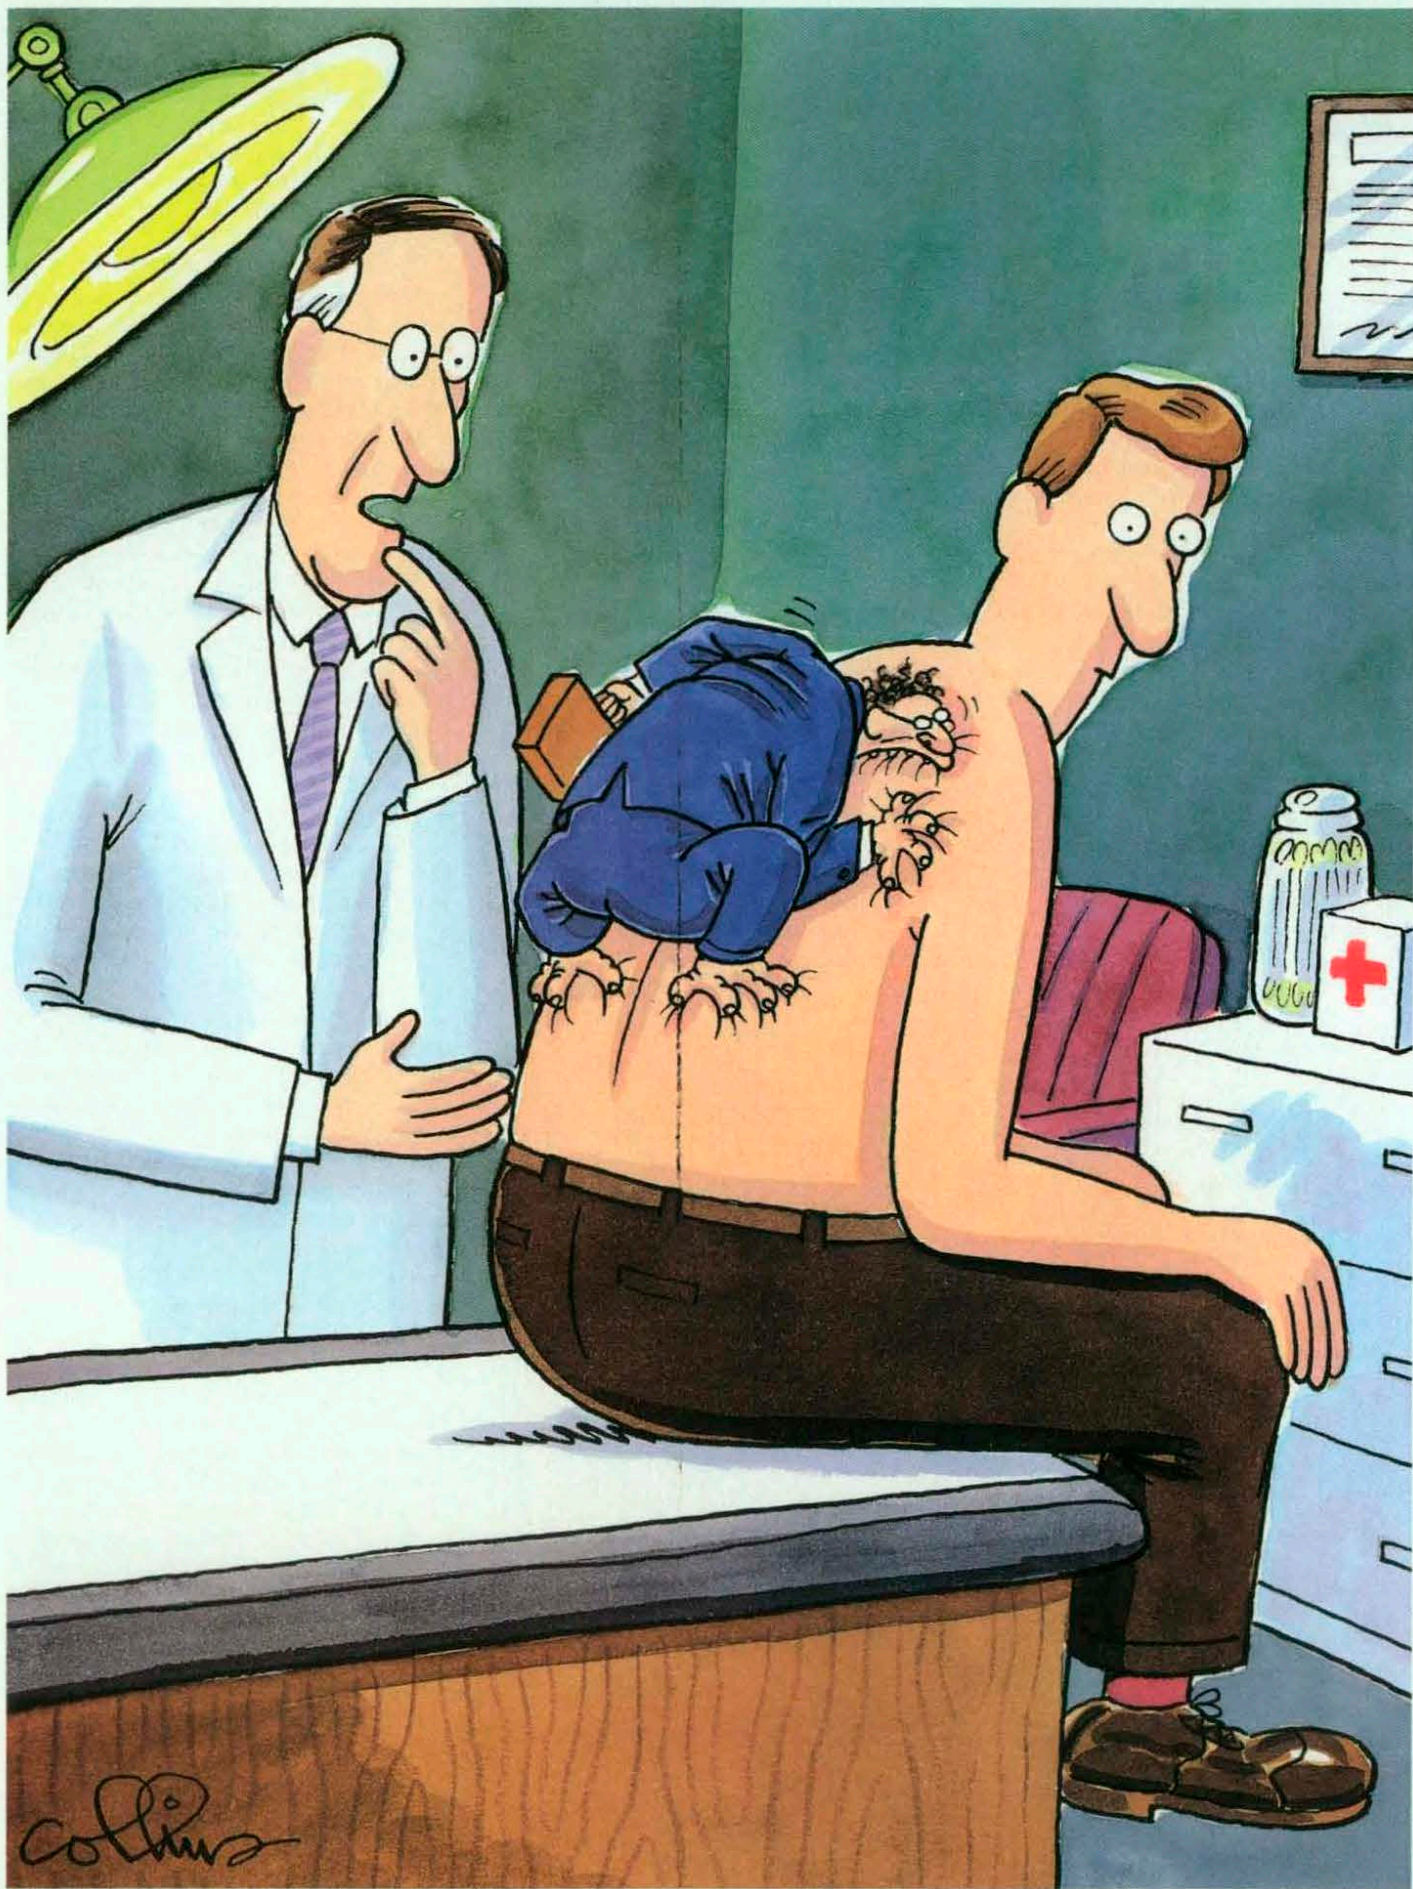

Nina commences tortilla making. "You can use lard, but I like to use oil," she says as she mixes her ingredients. "I put in a little baking powder, some salt and a little warm water. And then I knead it really, really good."

When Nina's boyfriend arrives home from a day at the office, the family gathers around the table and says a brief grace. Conversation at the table revolves around her son's report card. The report card's a good one, and Nina is proud.

HITLER (continued from page 76)

Dr. Arthur Butz argued that although Jews were persecuted by the Nazis, they were not specifically targeted for mass extermination.

various aspects of the Holocaust began to appear shortly after the end of WWII. One of the first revisionist texts was written by a French concentration-camp survivor named Paul Rassinier. Rassinier's books, *Le Mensonge d'Ulysse* [*The Lie of Ulysses*], published in 1949, and *Le Drame des Juifs Européens* [*The Drama of the European Jews*], published in 1964, claimed Rassinier had not seen any evidence of the mass gassings that had come to light after the camps were liberated.

In the 1970s, Holocaust revisionism saw public debate in the United States. In 1976, Dr. Arthur Butz, an American professor from Northwestern University, published *The Hoax of the Twentieth Century*. Butz argued that although Jews were persecuted by the Nazis, they were not specifically targeted for mass extermination. According to Butz, less than half a million people died in Nazi concentration camps during WWII, and only a fraction of them were Jews.

Today, the central core of Holocaust revisionism in the U.S. is the Institute for Historical Review (IHR) in Costa Mesa, California. Founded in 1979 by

conspiracy theorist Willis Carto, the IHR largely functions as a clearing house for a broad range of revisionist propaganda, including such titles as *Dealing in Hate: The Development of Anti-German Propaganda*; *My Father, Rudolph Hess*; and *Auschwitz: Truth or Lie—An Eyewitness Report*. The IHR also holds annual conferences at which Irving and other revisionists present their latest findings. The definition of the term *Holocaust* lies at the heart of the revisionism controversy. Since WWII, the expression has been used to describe a systematic Nazi effort—either originating with Hitler or approved by him—to exterminate all of Europe's Jews. Commonly known as the Final Solution, the plan is thought to have culminated in the construction and operation of the gas chambers at Nazi concentration camps.

Opponents of Holocaust revisionism—those who embrace the traditional version of the war (the American Jewish Committee [AJC] and the Anti-Defamation League [ADL] in particular)—consider the fight against Holocaust revisionism a crusade against a growing army of neo-Nazis around the

world. In a series of extensively researched briefing papers, the AJC and the ADL argue that Hitler's dream of an Aryan world did not die with him, but comprises a conspiracy that stretches from the U.S. to Europe and the Middle East. They refer to their opponents not as Holocaust revisionists, but Holocaust deniers.

"The movement to deny that six million Jews were exterminated by the Nazis during World War II is a weapon of anti-Semitic extremist groups operating in the United States and abroad," claims the ADL.

Jewish advocacy groups and their supporters admit that legitimate Holocaust reappraisal has occurred since the end of WWII. For example, it was widely assumed after the war that 2.5 million Jews were gassed to death at Auschwitz alone. Recently Yehuda Bauer, the director of the Division of Holocaust Studies at the Hebrew University of Jerusalem's Institute of Contemporary Jewry, announced that the actual number was probably closer to 1.35 million.

Though this revision raises questions about the total number of Jews killed by the Nazis, the questions raised by Holocaust revisionists are seen as part of a larger agenda of discrimination.

Irving denies that his views on the Holocaust are anti-Semitic.

"The revisionist scene [incorporates] people from the field of history, like myself, to people who are at the other end of the spectrum, who find in revisionism a [means] to vent their anti-Semitism," he explains.

Holocaust revisionism is a common link between many overtly racist and anti-Semitic groups, such as the California-based White Aryan Resistance, which produces a cable-access television show called *Race and Reason*.

Some viewers claimed to be offended by an early episode of the program that opened with canned laughter playing behind WWII film footage of corpses at Nazi concentration camps.

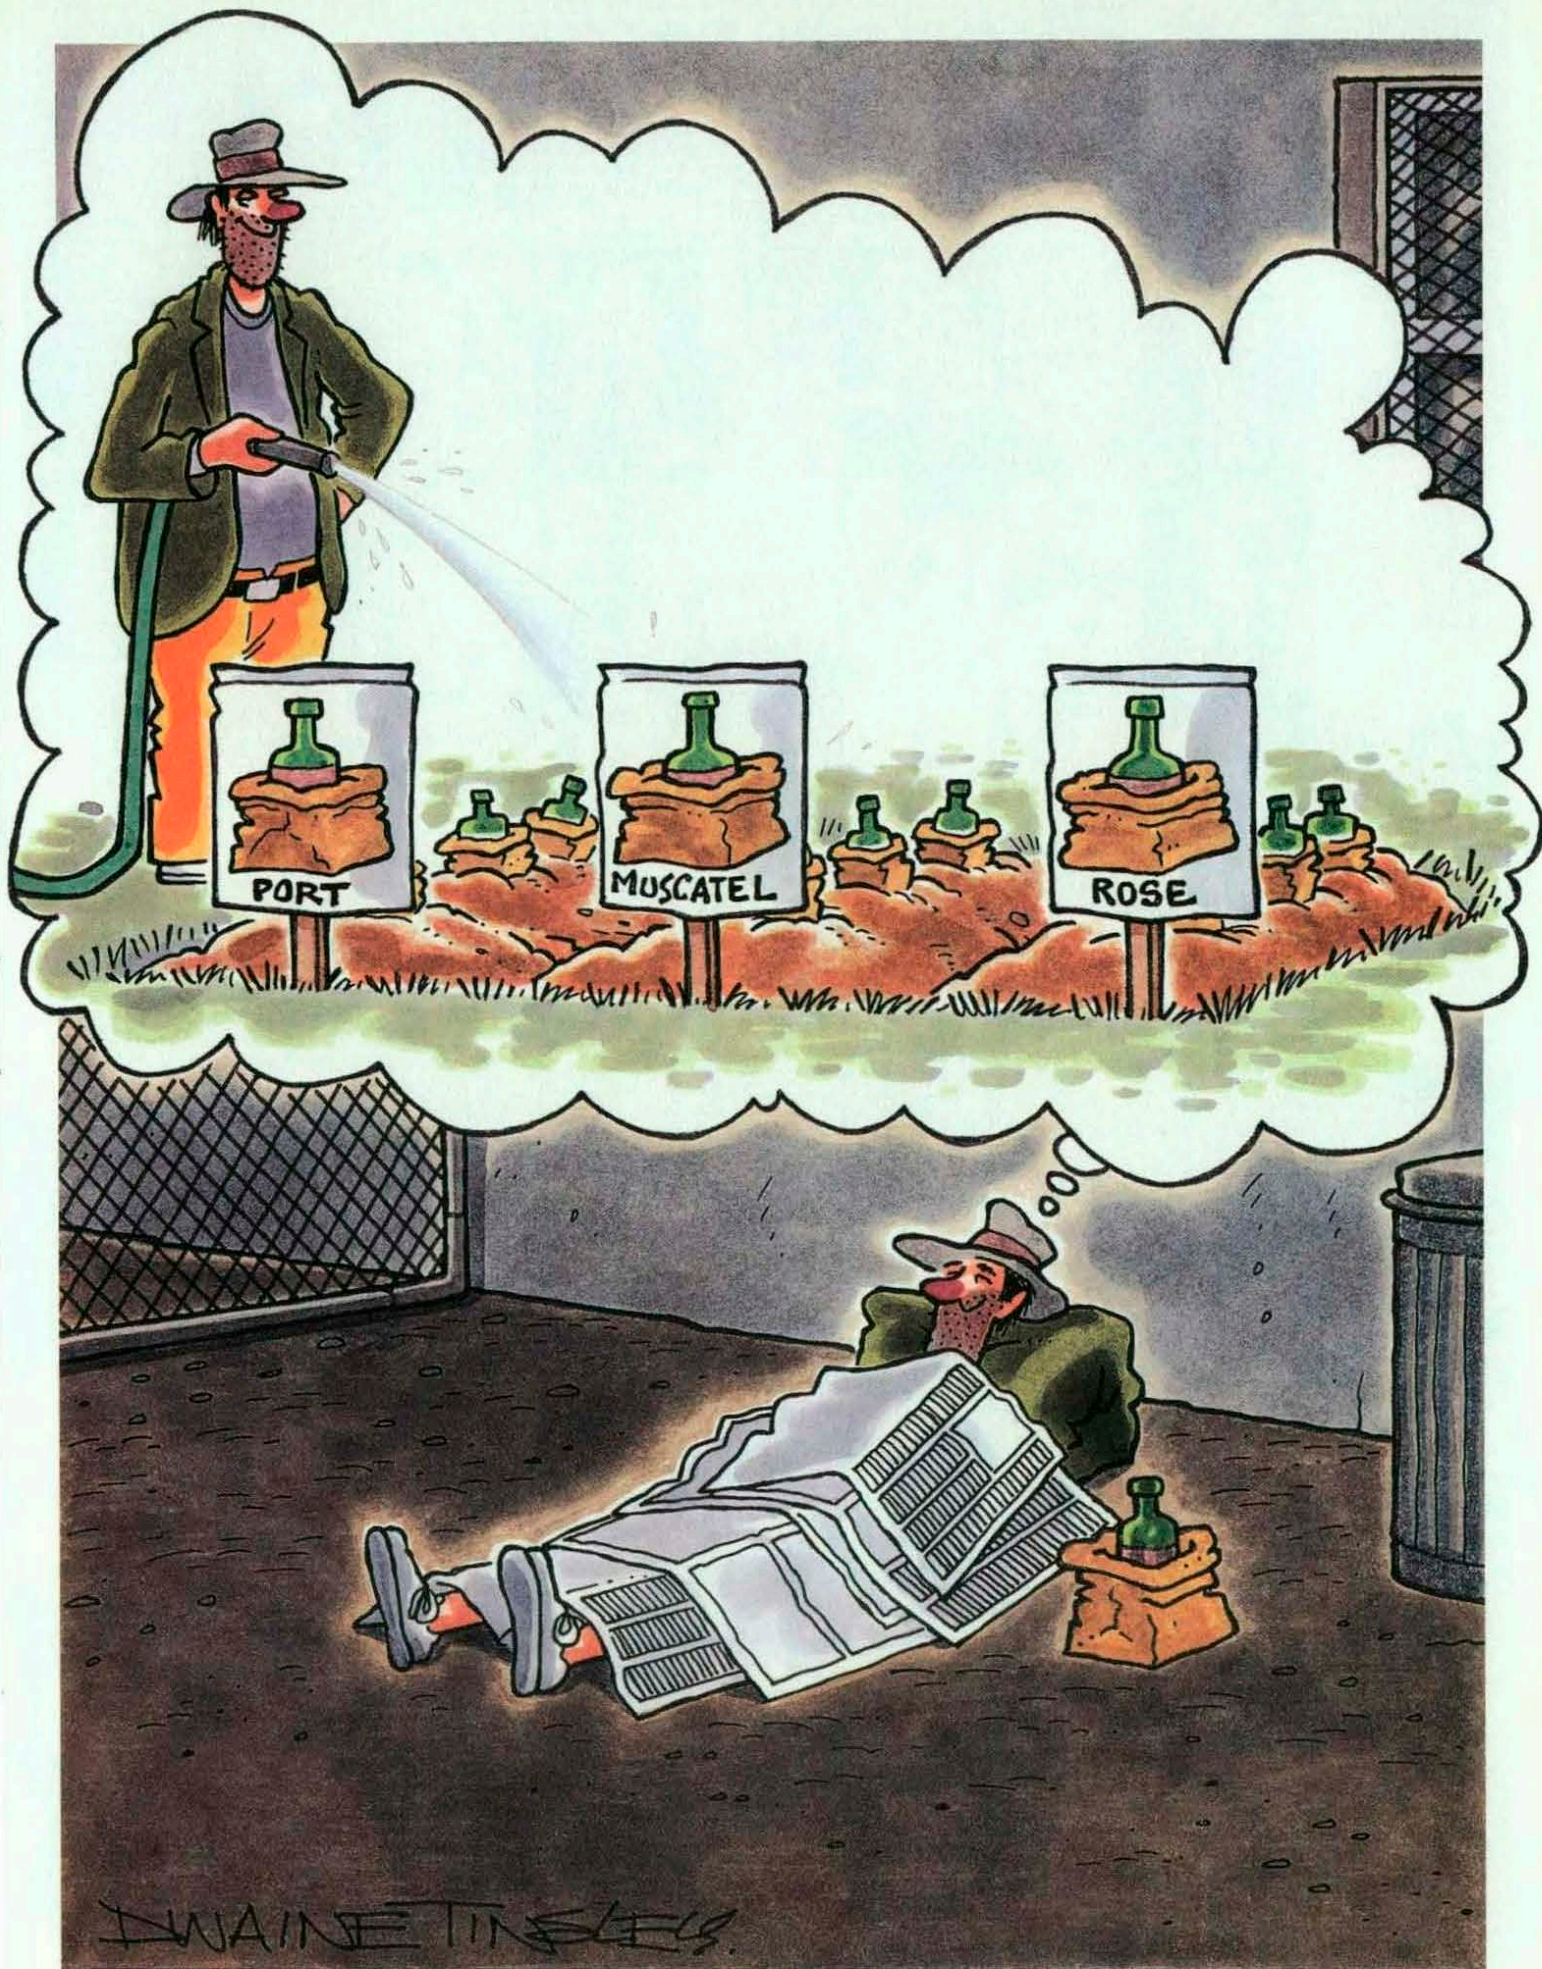

But support for Holocaust revisionism comes from pro-Semitic sides as well. A young Jew named David Cole visited Auschwitz in late 1992 and videotaped an interview with Dr. Franciszek Piper, the curator of the Holocaust museum at the camp.

In the interview, Piper admitted that the gas chamber shown to tourists was remodeled by the Soviets after the war. In Cole's view, this statement confirms Irving's support of the Leuchter report.

HITLER (continued from page 106)

Revisionists argue that the Germans, obsessive insect-haters, shipped large quantities of Zyklon-B to concentration camps during the war to kill lice.

the traditional version of the Holocaust point to an abundance of eyewitness accounts and Nazi confessions collected during numerous war-crimes trials. At the International Military Tribunal, otherwise known as the Nuremberg Trial, Auschwitz commander Rudolf Hess testified that he personally arranged the gassing of two million Jews between June 1941 and the end of 1943.

"There's no doubt that the Germans did kill thousands of people, machine-gunning them into pits," says Irving. "But I don't believe they planned and installed factories of death with gas chambers."

The presence of gas chambers at several Nazi concentration camps is the most incriminating evidence of Hitler's genocidal intent. Unsuspecting Jews were tricked into entering the deadly chambers, usually under the pretext that the rooms were large showers. Once the doors locked behind them, poisonous gas spewed out of the shower heads, killing great numbers in a matter of minutes. The bodies were then hauled out, and either burned in adjacent crematoriums or dumped into pits. According to eyewitness accounts and Nazi testimony, this process was repeated until millions of Jews had been gassed.

Physical evidence of gas-chamber extermination is hard to come by. Mainstream historians agree that the Germans installed gas chambers at only seven camps in Poland—Auschwitz (and its satellite facility, Birkenau), Stutthof, Treblinka, Chelmno, Sobibor, Majdanek and Belzec. All of these camps were liberated by Soviet troops, and Poland became part of the Soviet Union after the war. The result was that during the long decades of the Cold War, the camps and the tons of documents captured by the Russians have been restricted from Western researchers.

Most of the concentration camps were destroyed by the Germans before they fell into Soviet hands. Many of the buildings were blown up, including those that reportedly housed the gas chambers.

Today, the only gas chambers extant are found at Auschwitz, Birkenau and Majdanek. Basic operating equipment is missing at all of the facilities. None of the chambers currently have air-tight doors, venting systems for piping gas or

exhaust systems for removing the gas after the victims have been killed.

Historians agree that the gas chambers used a cyanide-based insecticide called Zyklon-B. Revisionists argue that the Germans, obsessive insect-haters, shipped large quantities of Zyklon-B to concentration camps during the war to kill lice and other insects. Delousing rooms, the doubters point out, can still be found at many of the camps.

More scientifically minded revisionists argue that Zyklon-B does not vanish without a trace, but bonds permanently with porous surfaces like bricks and mortar. According to Rick Gates, a chemist with the Oregon Department of Environmental Quality who is not involved in the revisionist debate, "Cyanide traces can remain in [such materials] a long time."

Acting on this scientific principle, Fred Leuchter and several companions traveled to Poland in 1988, where they took samples from the walls and floors of the gas chambers at Auschwitz, Birkenau and Majdanek. According to the Leuchter

report, only minimal traces of cyanide could be found in the gas chambers. This shortage of forensic evidence leads Leuchter to conclude that the rooms could not have been used as gas chambers, and revisionists take this as proof that the gas chamber story is a hoax.

Jean-Claude Pressac, author of *Auschwitz: Design and Operation of the Gas Chambers*, refutes Leuchter's theory, alleging that the Germans used enough Zyklon-B to kill people, but not enough to leave substantial traces.

Pressac, a French pharmacist, uses complex chemical formulas to prove that traces of cyanide would be found in the delousing rooms, but not in the gas chambers.

"A hydrocyanic gas concentration of 0.3 grams per cubic meter—a lethal dose—is immediately fatal to a man, while killing lice requires a concentration of five grams per cubic meter for a period of at least two hours," claims Pressac. "Maintaining that concentration for six hours will kill [every insect infesting a person]. The dose used at Birkenau was lethal 40 to 70 times over (12 to 20 grams per cubic inch)—which infallibly killed 1,000 persons in less than five minutes."

HITLER

Europe's Jewry, the revisionists argue, the Nazis were no worse than many other military aggressors in recorded history. "The killings [perpetrated by the Nazis], the pits and so on, were no worse than what the Americans did in Vietnam in My Lai," claims Irving, referring to the March 16, 1968, slaughter by American ground troops of nearly 300 unarmed and unresisting Vietnam civilians, many of whom were forced to stand on the edge of a ditch and machine-gunned. "There are eyewitness descriptions of both. But the idea of setting up killing factories, with the gas chambers and so on, implies a certain degree of industrialization and precision that, frankly, I don't think [belongs] in the record."

Jewish advocacy organizations are not willing to be drawn into a public debate with Holocaust revisionists. They contend that the Holocaust is not a matter to be argued and that, for the sake of the memories of countless families whose relations perished at Nazi hands, the claims of the revisionists should not be dignified with public responses. "We need not waste time or effort answering the deniers' contentions," states Jewish historian Deborah Lipstadt. "It would be never-ending to respond to arguments posed by those who freely falsify findings, quote out of context and simply dismiss reams of testimony. Their commitment is to an ideology, and their 'findings' are shaped to support it."

The AJC and the ADL routinely publish and distribute the results of lengthy background checks indicating that revisionists are not merely disinterested academics, but anti-Semitic political activists.

The ADL has identified former Institute for Historic Review director David McCalden as the founder of the British National Party, an offshoot of the neo-Nazi National Front, and reports that revisionist writer Arthur Butz addressed the 1985 convention of the Nation of Islam, led by notorious anti-Semite Louis Farrakhan.

Irving has a proposal for settling the controversy: a full enquiry. Says Irving, "I think it would be most satisfactory if the Jews themselves investigated and discarded the legend [of the Final Solution], because any other solution is going to lead to an increase in anti-Semitism. The world will say, 'Look how they tried to get away with it for 50 years!'"

SUAVE

(continued from page 104)

"It says that he likes to talk a lot and that he always answers the teacher's questions before the other kids," she informs the group. "She'd like him to be a little more patient and give the other kids a chance to answer."

The little boy beams.

CRUISING WITH NINA SUAVE

Nina and her friend Bambi, a nude dancer from the Tropical Lei, are lost in the sprawl of L.A. The day's plan had been to visit Pretty Girl International in the hopes of getting some magazine work, but both Nina and Bambi assumed that the other had set an appointment. Neither had; so the pair spends the afternoon cruising through Hollywood and Beverly Hills.

During a stop at a convenience store in L.A.'s Fairfax District, Nina re-enacts a scene from *The Girl Can't Help It*, clutching two 16-ounce bottles of cola to her boobs and scurrying through the check-out line. The Hassidic Jews waiting to make their purchases couldn't be more shocked if they were seeing Jayne Mansfield come back from the dead.

All things considered, it's been a wasted day, but Nina claims to enjoy taking long, pointless rides. Bambi's

not so sure. Both gear up for a night of club dancing.

TROPICAL LAY

Nina Suave's boyfriend has just dropped her off at the Tropical Lei.

The deejay announces that the next dancer appearing on-stage will be "Triple X-rated film star Nina Suave!"

Nina hits the strobe-lit stage. She puts on a hot and nasty show, writhing nude on the stage like an eel in thick syrup. The boys at the tipping rail are impressed. "Go, homegirl!" cries one of the locals, shoving a ten-spot her way.

After completing her dance, Nina works the floor, cruising for lap-dance patrons. She quickly finds a taker, guiding him to a darkened corner where she wrangles a topless tease that leaves her bow-tie daddy breathless. After a few minutes of having Nina rub her gorgeous body all over him, the poor guy seems about to blow a gasket, sweating profusely as she teases him unmercifully with her erect nipples and gyrating ass.

The music ends. Nina slips her bra back on and accepts a dampish tip from her grateful dance partner, who makes a quick exit. One can surmise that Mr. Bow-Tie Daddy will soon reap the rewards of his memory of many-sided Nina Suave.

"We decided we're sick and tired of our image of being cute, harmless little animals."

UNIQUE FOUR-STEP SYSTEM VITAL TO SUCCESS!

If you've ever dreamed of seeing your penis grow as much as several inches longer and thicker... probing new depths of ecstasy within your partner... stretching aroused openings to the limit as few men ever have, this extraordinary 4-way system is your ticket to success! But pumping up with a vacuum device is not enough! Unless you know and use ALL 4 PARTS of this proven system, you'll never see how really huge your penis can get! Now, for the first time, everything you need to do is shown, step-by-step on this exciting video!

CASE HISTORIES PROVE THIS SYSTEM WORKS WHERE OTHERS FAIL!

Doctors measured and recorded giant increases in both length and thickness in men who carefully followed this system. (There was no improvement noted in the men using other enlargement techniques.)

- Youth of 19, grows 2.4 longer, 2.3 thicker!
- Man aged 60, gains over 2.6 in length and circumference!
- 36-year old develops 2.4 in length, almost 2 in girth!
- Man of 61, 2.7 length increase, 3.1 in girth!
- 58-year old documented 2.8 length increase, 2 1/2 around!
- 3.1 length increase for 20 year old; 2.2 around!

JUST USING A VACUUM PUMP IS NOT ENOUGH!

Yes, a vacuum pump is essential to increasing penis size. But pumping up is only one-fourth of the secret to success. Without all four parts in place, in order, properly used, you are probably doomed to failure. This is the first video that takes you step-by-step through the only enlargement system ever proven to really work. That's why we call it **THE RIGHT WAY TO ENLARGE YOUR PENIS!** Regular **\$29.95** only **\$18.95**

HAVE YOU EVER WISHED FOR A 9 INCH PENIS?

Or even 10 or 11 inches? Lets face it, all men are not created equal. If you have ever envied men with a huge, thick penis, even when not fully erect, then the **ZENITH** is the answer for the man with a small penis!

The **ZENITH** prosthesis design must add a minimum of 3 inches to your penis and add 30 percent diameter to your penis or your money will be refunded.

Imagine this addition when you are erect and up to 3 inches even when you are soft. Penetrate and thrill every opening of your partner deeper than ever before.

You will achieve these additions to your penis size without pumps, straps or strenuous exercise.

☐ Regular Zenith - Guaranteed minimum 2 inch addition — \$14.95 plus \$3 shipping.
☐ Heavy Duty Zenith - custom design guaranteed minimum 3 inch addition — \$19.95 plus \$4 shipping.

THE WORLD'S BEST
SELLING PENIS
DEVELOPER NOW
OFFERED AT A
FRACTION OF ITS
ORIGINAL PRICE!

Have you ever been embarrassed by
the size of your penis? Have you tried
to convince yourself it's not how big
it is but how you use it? As long as
your sex partner needs to be
completely filled, you owe it to
yourself to do something about a
larger penis now!

*Our penis developer will
increase penis length,
thickness, and make your
erection harder and stiffer.*

Did you know a woman's vagina
will stretch and enlarge to
accommodate a large penis?
Imagine her excitement as you
penetrate deeper than you ever
have before.

**How does our penis developer increase your penis
length and diameter?**

The answer is called hypermia, a medical term to
describe blood filling into caverns of your penis. The
caverns expand causing your penis to grow in size and
diameter. The superior pump action and sealed vacuum
of our penis developer urges your penis to grow to
mammoth proportions. Our penis developer is not just a
vibrator like some electric units you may see advertised.
Remember, it is the precise slow super pumping action
of our space age designed penis pump that builds
your penis larger than you ever dreamed possible.

**Act now if you are interested in penis enlargement.

NEXT MONTH IN HUSTLER

September HUSTLER on sale July 6, 1993

SCENT OF A WOMAN

HUSTLER in September extends an all-out effort to slap the smell of fresh Honey in every reader's lap with the first Scratch 'n' Sniff centerfold since July 1982. Warm up with two slinky black sisters bagging a white barber, flex alongside a cheeky aerobics mistress exuding sass and pumping ass in a full-bodied spread on the high wire; sweat it out between the thighs of a bronze-breasted, surfer-snaring seductress getting her rocks off in the sand; kick back with a 19-year-old newcomer whose first-time stroking uncovers the woman inside the girl; and shock your scrotal senses with the funky, pheromonal ambrosia of a coffee-colored snake handler charming a heat-seeking serpent into rubbing her right. A little friction's all it takes to get a whiff and a stiff. Start rubbing.

THINK KINK

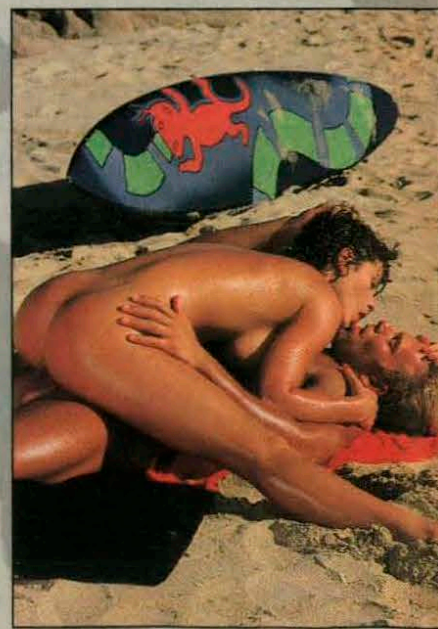

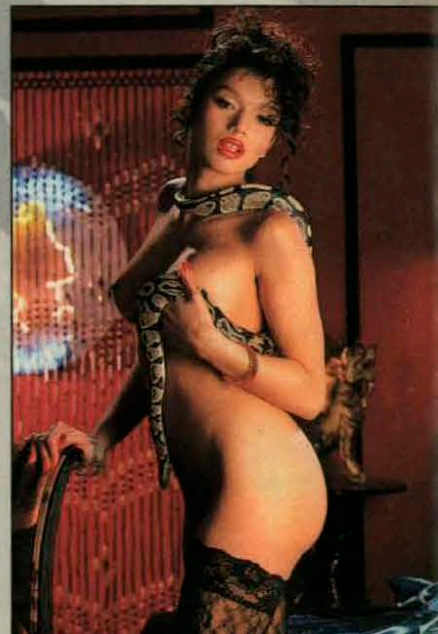

"There's been times I've been beaten so much that I actually get light-headed and feel totally drugged out!" laughs fuck sensation Kym Wilde, who rolls with the punches in a series of kinky catfight flicks and comes back for more. "That's very exciting to me!" While mainstream porn tapes drain dick grease as good action movies do adrenaline, fetish videos penetrate a nastier realm of sexual sensation that most other X-flicks consider taboo. From *The Fine Art of Hairpulling* to *Flash Floods* to *Phantom of the Diaper*, HUSTLER EROTIC VIDEO GUIDE reviewer Seth Roberts peruses the debased, the depraved and the degenerate and finds them all delightful in *Enema Cinema*, sure to please those who beat off to the off-beat.

UNHOLY ROLLERS

John Terry, 43, put a bullet through a man's heart. Glen Summerford allegedly killed his wife with snake venom. Charles Brown reportedly raped three boys and then hired a hit man to kill key witnesses. These dangerous minds have one thing in common: They're all men of the cloth. Organized religion is famous for its charlatans, but embezzling evangelists have nothing on the child-molesting priests and murderous ministers who disgrace a profession purportedly managed by role models of moral conduct. Parishioners expect exemplary behavior; so they often look right past impropriety, explains writer Larry Wichman in *Hell's Ministry*, a damnable dossier of servants of God who do the Devil's work.

SHIT BY ANY OTHER NAME

"What do women want?" asked Father of Psychiatry Sigmund Freud. "What do women want in a man?" asks cock-connoisseur Soledad Laks in "Cream of Dick: Men Women Want," HUSTLER's *Sex Play* for September. The answer? More than big balls and a full head of hair! *Hot Letters* licks and sticks musky missives; *Beaver Hunt* unveils a lucky finalist in its \$5,000 Grand Prize Competition, as well as a fresh fistful of hopefuls; and *Bits & Pieces* takes a long walk on a short pier—naked, covered with shit, all for a laugh. And smack dab in the middle, a Scratch 'n' Sniff sense sensation. HUSTLER in September's got pink with stink. Smell your fingers.
