JUGGERNAUTS

I suspect many people would consider my life-style unusual. Shocking even. Immoral certainly. But it's all just a question of what turns you on. With me it's lorry drivers. If I had been a man (which I most assuredly am not!) I've no doubt at all that I would have been a lorry driver. There's something about life on the road that appeals irresistibly to me. I suppose it's a bit like being a perpetual tourist — the sense of freedom and liberation is wonderfully exhilarating; to be constantly sloughing off the irksome burdon of your past; leaving old, stale stuff behind and always going towards something new, unexpected, exciting! On the road you are pristine again, a creature of infinite possibilities, new-made, untried, a mystery — an adventure!

I've been on the road for nearly two years now, ever since I left school in fact, and in that time I've travelled all over the British Isles and Western Europe. Not surprisingly I've become quite well-known among certain fraternities of truck drivers, those whose cabs I patronise on a more-or-less regular basis, and while I'm by no means the only trucking 'groupie' on the roads of Britain and Europe (you'd be surprised how many young girls are constantly drifting in and out of the life) even if I do say so myself, my stunning looks, my insatiable sexual appetite, my eagerness to please and irrepressible enthusiasm for anything remotely outrageous or bizarre, have already made me into something of a modest legend in the picaresque erotic mythology of the road.

The drivers have a nickname for me: the call me 'Juggernauts' — or 'Jugs' for short — and if you saw me you would readily understand why. My real name is Caroline, I am 5′ 4″ tall, blonde, blue-eyed and undeniably very attractive. I don't think I'm beautiful in the conventional, 'classical' sense of the word, but I do seem to exude a certain allure that undoubtedly turns heads and gets me noticed. And I've absolutely no doubt that my incredible boobs, quite literally, play an enormous part in producing this effect. They really are quite something. I 'breast' the tape at forty-two inches, nearer forty three when my nipples are erect, which, I feel it is only fair to observe, is most of the time. And they are not a floppy forty-two inches either but stick straight out shamelessly like a couple of over-inflated Zeppelins in a way that makes the wearing of bras utterly superfluous. Moreover, the fact that I'm so petite and my torso is so slender not only accentuates their incredible size and fullness, but also means that most of that measurement really is accounted for by ripe, tender young tit meat, rather than a large rib cage or a broad back.

Naturally, looking the way I do, getting rides is never a problem, so I can afford to be choosy. Over the years I've

learned to pick my rides, developing an eye for men in general, and truck drivers in particular, until I can claim with some justification to have become a connoisseur of the breed. I don't know how to explain it, a sort of instinct or intuition, but I seem to be able to smell a good fuck. I have a gourmet's nose for sex.

Truck drivers are generally speaking quite simple souls, and like their traditional transport cafe diet, their requirements of a woman tend to be pretty basic. Not for them the subtle refinements of cool, clever women wearing expensive perfume and exotic lingerie. They prefer their allurements to be more obvious, even to the point of crudeness, and being avid readers of the popular tabloid press to a man, they are also highly breast-orientated — big boobs turn them on. And by and large they know how to handle them the way I like.

I must confess to having a curiously ambivalent attitude to my big juicy knockers. Personally I think my tits are really sweet and I love playing with them and pampering them when I'm alone. I get a big kick out of tenderly oiling them and massaging them for hours, until they almost seem to purr like plump, sleek, well-fed kittens, spoiled and satisfied. But strangely enough, I like my men to be tough on them. I love to watch my soft, tender, well cared-for babies being bullied and twisted and pulled out of shape; forced into unnatural shapes — and unnatural acts! Just the idea of having my innocent angelic orbs pinched, bitten and abused mercilessly, like a couple of cheap Soho sluts, is enough to make me gooey. Perverted? Maybe. But I can't help it; it's just the way I am.

I could easily fill a book with stories of all the things I've done (and, even more amazingly, all the things that have been done to me!) but for sheer unbridled, lust, a jaunt I took late last summer must rank very near the top of my all-time most outrageous outings chart. In the end it amounted to nothing less than an erotic odyssey of truly epic, boob-bruising, cunt-creaming carnality, that took me across one sea, two frontiers, three countries, and saw me used in a single night by upwards of twenty men, working continuously on me in relays of threes! I don't mind admitting that even my bottomless appetite for truck drivers was more than sated after a colossal cock-whipping on that scale!

The whole thing began ordinarily enough with me picking up a ride early one morning on the outskirts of Manchester. The driver was a local lad called Steve and he was driving a double load of oil and paper up to Scotland. The moment I clambered into the cab I was smugly pleased with my choice. Steve was a cheerful, chatty bloke of about twenty-five, and not at all bad looking. He was very well-built, having the kind of impressive bulk that only comes from regular weight training, and the tight 'T' shirt he was wearing afforded me every opportunity to admire his magnificent physique. Needless to say, the admiration was mutual. It was a hot day, and aside from faded denims and trainers, I was wearing my favourite summer top, a man's basketball vest. It was my favourite because, quite apart from being wonderfully light and cool, the low neckline and massive arm-holes combined to give tantalizingly sexy glimpses of my slim body and firm brown boobs, as the jiggled about unfettered inside the flimsy garment. Steve was understandably delighted with the view and beamed at me archly.

"Where can I drop you?" he asked once we were under way again.

"Why? Are you in a hurry to get rid of me or something?" I teased, giving the poor lad the benefit of my sulkiest pout.

"No, no; not at all," he blustered, blushing sweetly. "I just wondered how far you wanted to go."

I chose to ignore the blatant ambiguity of his last remark.

"Don't mind me," I said, snuggling down into my seat and glancing meaningfully at the promising bulge in the crotch of his jeans. "I'm just along for the ride."

The ride took us north to Aberdeen via Carlisle, Glasgow, Perth, Dundee and Brechin — 570 kilometres in all. But it was no hardship. The cab of Steve's DAF 3300 Turbo was very comfortable. The seats were luxurious, being fitted with special springs that made the ride silky-smooth and virtually bump-free, and the back windows were double-glazed to reduce noise. It was a glorious day and the time flew by unnoticed as the sixteen-wheeled, thirty-two ton leviathan effortlessly gobbled up the miles while Steve and I chatted, admired the scenery and listened to his varied stock of music tapes.

With just one stop for a gargantuan breakfast of fried eggs, beans, sausages, bread and butter and large mugs of tea, at a transport cafe just before Kincardine Bridge, we arrived in Aberdeen about 1 o'clock. Our first call took us across the bridge to a depot on the far side of town where the oil drums were unloaded, then on a few more miles up the road to a limestone quarry to deliver the two giant pallets of paper that formed the rest of Steve's load. Apparently the quarry made concrete blocks and kerbstones and used the large sheets of paper to stop the slabs sticking together while they dried.

By the time both deliveries were completed it was getting on a bit, and Steve stopped at a call box to phone his office and report and get new instructions. When he returned to the lorry he was grinning smugly.

"Good news?" I inquired.

"Got another pick-up here tomorrow," he replied. "Twenty tons of spuds from a farm near Brechin."

"So," I said simply. "Where shall we spend the night?" He started the engine.

"There's a village near here. Hotel there lets lorry drivers park round the back free of charge."

After parking the truck we strolled down to the village pub for a bite to eat and a few drinks. Steve was all for heading straight back to the lorry for an 'early night' as he called it, but I insisted on playing a few games of pool. The other patrons in the pub were mostly lorry drivers too, and the blatant exhibitionist in me couldn't resist the opportunity to show off my stuff to such a made-to measure audience. And bending low over a pool table in skin-tight jeans and a vest that is two-thirds holes is as good a way as any I've discovered of giving horny young men an eyeful of my voluptuous little bod.

Naturally our game soon attracted quite a crowd of spectators, and the hush that fell over the bar each time I approached the table to play my shot, was palpable. For, although I pretended otherwise, I was perfectly well aware that every time I leaned forward to cue, I was affording every man in that pub a perfect, uninhibited, unobscured view of my naked, silky-skinned udders as they swung pendulously beneath me, almost falling out of the shamefully immodest garment. And you can be sure I took plenty of time considering my positional play, revelling in the blissfully wicked sensation of being desired, adored and craved by so many men. I could almost feel their predatory eyes exploring me, probing me, ravishing me. My fruity nipples puckered and grew hard under their collective gaze and I could feel a delicious dampness sweetly spreading between my thighs.

As for Steve, he was steaming visibly, torn between his macho pride at being seen by his peers in the company of such a gorgeous piece of pussy, and gnawing jealousy at having to share me at all with other, equally randy males. But I wasn't concerned. In fact I was rather enjoying his discomfiture. Knowing as I did, that anticipation is

DIAMOND NETWORK INC. CALLS CHARGED AT 38P PER MIN PEAK, 25P OFF PEAK

something like ninety per cent of pleasure, I delighted in making him wait, making him squirm; letting him drool over me along with the other punters; carefully stoking the lust that burned in his formidably powerful young body in order to unleash a potency of flesh and feeling that his dull, honest, well-meaning, work-a-day mind didn't even suspect he possessed.

But if I'm honest, I have to admit there was more to it than that. Some secret mischief in me wanted to provoke him, wanted to make him mad, so that when I did let him have me there would be that roughness, that hint of brutality that I craved. It's there in every man, and I seem to have a talent for bringing it out. Was I deliberately being 'naughty', behaving like a little slut so that he would treat me like one? So that he would punish me?! Well, if that was my intention it worked like a charm.

Steve was silent and moody when we eventually left the pub and made our way back to the car park, so I walked ahead a few paces, really just to give him a good view of my arse and keep him on the boil. The night had turned cool and a breeze blew in off the sea bringing with it a fine drizzle that was barely more than a mist. It was wonderfully invigorating, after the muggy atmosphere of the bar, to feel the gentle breeze caressing me beneath my loose shirt, making my boobs break out in goose-pimples and chilling my sensitive nipples into renewed rubbery hardness.

I was suddenly overwhelmed by a primitive, impulsive need to surrender myself completely to this magically seductive night. Stopping abruptly I turned back towards Steve, who was loping along a few paces behind me, and with a single fluid motion, peeled my vest off over my head and tossed it at him. He caught it without even looking at it, but stared in round-eyed wonder as I stood before him, head tipped back, arms thrown wide, swaying seductively in the brilliant moonlight. The salty night air was intoxicating and it quickly bathed my hot skin in its fine, dewy condensation, making my body shine like a silver statue of some ancient, pagan Moon goddess — Diana perhaps, or Artemis, or Selene.

The vision of a gorgeous, half-naked woman, bathed in mist and moonlight, however, prompted Steve's mind along rather less rhapsodically numinous avenues of thought.

"Fuckin' 'ell!" he moaned, and in those two words delivered himself of all the poetry that would ever exist in his puerile soul. It was poetry to me, at any rate. Shamelessly, I arched my back and wobbled my immense, hard-tipped titties at him.

"Are you angry with me, Steve?" I simpered brazenly.

"What do you think?!" he growled in response.

"Why" I protested in mock innocence. "Is it my fault men like me?"

"It's your fault when you flaunt yourself at them!" he snapped.

"You don't mind it when I flaunt myself at you though, do you?" I taunted, tossing my titanic titty-globes even more vigorously from side to side so that the juicy meatballs slapped audibly against my naked flanks.

He didn't answer, but I could see he was breathing heavily.

"Don't you like me, Steve?" I persisted coquettishly. He licked his lips.

"Well, if you want me you're going to have to catch me first!" I shouted. And with that, I turned and sped off in the direction of the car park, my emancipated meatballs flopping and plunging about with such frenzied abandon I almost expected to see them leap right off my body and bounce away into the bracken that lined the sides of the road. I laughed out loud imagining the two of us armed with torches, searching for them all night in the undergrowth.

Fortunately, the quiet lane leading back to the hotel was deserted, and there were no stern kirk elders abroad at that hour of the night to be outraged by my fleshy romp through the gloaming, and I soon regained the relative refuge of the car park unobserved, unmolested, and with my prodigious mamilliary appendages intact — thoroughly shaken, but not stirred.

I heard Steve's trainers crunching loudly on the gravel as I slid to a halt by the side of his cab, and the palms of his hands thudded alarmingly into the coachwork either side of my head almost immediately as he careered up behind me. I twisted round to find myself trapped against the side of the lorry, fenced in by his powerful arms and torso. We were both gasping for air, though as much from sexual excitement as physical exertion, I suspect. Steve was looking down at my naked breasts as they heaved turbulently between us.

"Someone should have spanked you when you were small!" he gasped angrily.

"Oh! I'm not so big now," I protested breathlessly. My hands reached up instinctively over my head to find the bracket of the wing mirror and I half stood, half hung there with my back pressed against the cold metal of the cab, naked, vulnerable, available! Raising my arms had caused my super-buoyant titties to ride up even higher on my chest so that they stuck straight out from my body and almost filled the space between us. Sweat and the incessant drizzle had combined to make them very wet indeed, and they gleamed almost metallically in the harsh moonlight, as shiny as two greased torpedoes, the cork-hard tips projecting like detonators, almost grazing Steve's damp 'T' shirt, and ready to explode at the first contact. Steve seemed positively mesmerized by the miraculous balloons of trembling tit meat, and I gave them a provocative little jiggle as I added, "There's just more of me worth smacking, that's all."

Steve hesitated only for a moment, then slowly began to caress my naked body from shoulders to waist, his powerful hands aquaplaning with silky-smoothness over my cool, moist flesh, before scooping up my stupendous udders and squidging them fiercely together like great inert lumps of dough. I gasped out loud as his sinewy fingers vanished completely into the soft pillows of marshmallow flesh, my nipples feeling like they would burst under the unbearable pressure of his vice-like grip.

Glancing up, I caught him studying my face. He was trying to read my reaction to this harsh handling, wondering how far he could go with it, worried in case he had gone too far already. Silly boy! Finding no trace of fear or rebuke in my eyes he grinned malevolently and began to twist my throbbing tits, first in one direction, then the other, mercilessly stretching the big rubbery balloons to the very limits of their elasticity.

Fortunately, Steve had parked the lorry at the extreme right hand corner of the car park where the surrounding woods crowded right up to the white-painted fence and the branches of the trees hung over us in a softly-rustling canopy, so we were effectively screened from casual observation from either the hotel or the other parked vehicles.

Not that I was in the least concerned who saw us at that moment. I was in seventh heaven. I moaned and squirmed helplessly, but made no effort either to resist or escape the punishing thrall of my tormentor's formidable hands as they brutally ground my masochistic meatballs to a delicious orgasmic jelly.

"Pinch my nipples!" I pleaded breathlessly, desperate to feel his elemental power in all my most sensitive, sexy places.

Scarcely able to believe his ears (or his luck, for that matter!) but nonetheless eager to oblige, the bewildered lad willingly transferred his attention to my prominent tit ends. Taking hold of the

wonderfully plump, juicy fleshlets, he first rolled them sensuously between the thumb and forefinger of each hand, savouring their amazing size, their sublime rubbery hardness, only gradually increasing the pressure by measured degrees. I closed my eyes and whimpered rapturously as exquisite pleasure inexorably gave way to even more exquisite pain, until finally, pleasure and pain became indistinguishable.

I craned my head upwards, inviting his mouth, and his lips crushed mine passionately, our slippery tongues entwining in my mouth like mating eels. I would cheerfully have fucked right there on the gravel beside the lorry, but Steve was already unlocking the door and urging me inside. Quickly drawing the curtains around the cab windows, we frantically struggled out of our damp clothes and scrambled onto the bunk behind the seats. Since your average lorry driver travels upwards of 2,500 kilometres a week and can reasonably expect to spend at least three nights away from home, these bunks are an indispensable facility in all long-distance trucks. And since about ninety per cent of my sex-life occurs on them, it's a bloody good job, too!

Not bothering even to try and get into the sleeping bag, Steve lay down on his back and I knelt astride him. He was already as hard as an iron bar and I was so wet he slipped into me effortlessly. I leaned forward and rested my hands against the side of the cab above his head so that my huge udders swung out to dangle tantilisingly over his face, and slowly began to move up and down on his immense meaty prong. My juicy quim made obscene little squelching sounds as it lovingly caressed his thick, knobbly shaft, and my colossal teats swung pendulously back and forth in response to the slow, rhythmic thrusts of my body.

Taking hold of my randy meatballs again, he pressed them together and renewed his assault on my bursting nipples, subjecting them to a series of spiteful nips with his strong white teeth before sucking them deep into his hungry mouth and basting them liberally in a boiling cauldron of spit.

His hands began to explore me once more, lovingly caressing my arms and shoulders, my sides, my back, my bottom and my thighs; relishing the silky smoothness of my skin and the youthful firmness of my flesh. I gasped out loud when his right hand glided under my belly to the junction of our bodies and unerringly found my throbbing sex-bean in the thick nest of soft hair. His fingertips began to tease the tender protuberance, gently strumming it with an awareness that frankly surprised me, swirling it around in the thick, oily slime of my own sex-slops and giving it an occasional gentle tweak that made me yelp and squirm ecstatically.

I began to pump myself up and down on his wonderful cock and skilful fingers with increasing fervour as an erotic inferno raged through my body with the ferocity of a bush fire that seemed to be barbecuing my sex-swollen boobs and pussy in the scorching heat of our uncontrollable lust and desire. Cock, lips, fingers, teeth — cunt, breasts, belly and thighs — all melting; all fusing; inseparable, indivisible — consumed in a single fireball of ecstasy that suddenly exploded deep inside my sizzling quim as Steve erupted with volcanic fury and flooded me with the searing lava of his manhood.

But we were both far from spent. Steve was young and strong and a good repeater, and with only brief rests between, our love-making continued unabated long into the night and early morning, the sealed cab becoming as hot as a sauna and our naked, sweat-slippery bodies fucking with perfect frictionless ease until we were too tired to move.

Notwithstanding our exhausting night, Steve was up and on the road early. We stopped at another cafe to clean up and have breakfast, and arrived at the farm near Brechin about 10 o'clock. I returned to bed immediately after breakfast and stayed there until the potatoes were loaded and we were back on the motorway heading south.

We stopped at Kincardine Bridge again, this time to say goodbye, but not before we had drawn the curtains one last time and I had given Steve a real ball-draining blow-job to remember me by. Recalling the vast wads of cum Steve had shot all over me the night before, I was amazed at just how much of his stuff I had to gulp down. His way of giving me something to remember him by, no doubt. I made a mental note to try the Aberdeen run again some time.

After a hearty meal of typical lorry drivers' fare, Steve left me to scout the available talent from behind a fresh mug of steaming tea. I was just beginning to despair of finding anything suitable when a familiar figure came in through the door. His name was Pete and he worked for a Dutch haulage firm that had branches in this country. I had travelled with him a couple of times before, and knew him for a mad bastard, with a cock like a baseball bat and the inclination to stick it into any and every available orifice. Good natured with it though.

He saw me at once; I wasn't hard to spot in that company. I had changed my basketball vest for a skimpy halter top that had its work cut out for it containing my stupendous titty globes, and the light material could do nothing to conceal my incredible nipples, still fabulously swollen from the previous night's delicious maltreatment.

He ordered his meal and joined me.

"Hi, Jugs!" he chirped as he sat down opposite me, his eyes gorging themselves on the twin feasts of flesh resting on the formica table-top.

"Those on the menu?" he demanded impudently.

"Could be," I replied non-committally. "Where're you headed?"

"Germany," he replied. "Load of meat for the Yanks at Heilbronn. Fancy it?"

"I'd need a ticket for the ferry," I observed.

"No sweat," he said airily. "Leave it to me. Phone a mate of mine at Dover."

He returned from the phone a few minutes later grinning smugly.

"All taken care of," he said. "Get yer passport, Pusstits?"

"You know me," I replied, patting the large nylon sausage-bag that was the only luggage I carried on these outings.

There were a lot of drivers on the crossing that night and Pete seemed to know most of them. Naturally, we attracted quite a crowd which followed us into the bar after we had eaten, where I soon found myself hemmed in by a boisterous semi-circle of noisy, randy, dirty-minded sods, all eager to stand me drinks and peer down my cleavage. Unlike Steve, Pete was clearly quite happy to show me off to his colleagues, who ogled and drooled and pressed closer with every round. He was taking a lot of good-natured ragging from the others, who demanded to know what an ugly old git like him was doing with a sweet little thing like me in the first place. He was accused of cradle-snatching; warned that he would almost certainly suffer a heart attack; and did his wife know what he was up to? Others impugned his virility and there were popular calls for him to step aside and let younger, better men, give me what I needed.

I became aware that a lottery was in progress. Each man was writing his name on a paper coaster and all the discs were being put together in a canvas cash-bag purloined from a youthful, red-faced barman. It was clearly accepted that as patron of the lottery and donator of the prize, Pete was exempt from the draw itself, but I readily complied when I was invited to pull two other

paper discs from the bag and, to the accompaniment of much noisy encouragement and advice of a grossly anatomical nature, the two lucky winners, led by Pete, draped a huge donkey jacket over my shouldered and bore me away in the direction of the sleeping quarters.

I very quickly found myself stripped naked and hemmed in by three equally naked, bulky, hairy, sweating men, competing vigorously for access to all my sexiest parts. Fortunately, I am particularly well-endowed with these, so no-one had to feel frustrated. My lips, throat, breasts, belly, thighs and pussy were kissed, licked and nibbled passionately so that the purely chemical exhilaration of alcohol was soon displaced by the far more potent intoxication of unbridled carnal pleasure. Their hands, mouths, tongues and teeth were everywhere at once, plucking, probing, tweaking and twisting my soft, feminine flesh into a state of unprecedented arousal; plundering my secret places with a frenzied savageness that made my head spin in a way that had nothing to do with the reeling of the boat. My tits and nipples, flushed and engorged with blood, became hot balloons of randiness in their hands, and my pussy gaped cavernously, a drooling, cock-hungry maw crying out mutely to be filled.

I was turned over onto my hands an knees and ravished anew. Coarse fingers jabbed into my fanny. Another man lay underneath me so that he could feast on my gigantic, dangling udders, mercilessly kneading the great meaty bladders with powerful fingers and chomping voraciously on my fabulously engorged nipples. I wanted to turn and see what was happening, but someone had hold of my hair. It was Pete. He was kneeling in front of me languidly stroking the most incredible hard-on with his other hand, the great gleaming purple head only inches from my nose, so that I could distinctly smell its mouthwatering, musky scent. I stared in wonder at the stupendous organ which I knew from experience to be at least ten inches long and as thick as my wrist.

I was in ecstasy. There's no sensation to rival that of going down on a truly gigantic boner, and to my mind there's no more satisfying or complete way a woman can submit to a man. The smell, the taste, the size, the texture — they gorge your senses as completely as the prick gorges your mouth, driving out all shame, all modesty, all need — except the need to slavishly service this miraculous column of cunt-cleaving flesh and bring it to the most exquisite pinnacles of delight.

My poor neglected pussy spasmed wildly, clutching futilely at the air, the soft, velvety membranes of my seething love-tube desperate to grind themselves juicily against a collosal, pussy-punishing prick.

I raised my head, letting Pete's giant, glistening salami slide out of my mouth, and looked up at him. There was no need for words, Pete could read what I wanted in my eyes.

"Ready for me, Pussy-tits?" he asked, stroking my hair back from my face.

I nodded.

Pete lay me on my back and stuffed a pillow under my bum to raise my hips up off the mattress. Kneeling between my wide-spread thighs he reached down and touched my quim, dipping his fingers into the sopping gash until they vanished up to the knuckles. When he withdrew them they were gleaming with my fresh sex slops. He grinned and luridly smeared the gooey mess onto his bursting dick, mixing it with my saliva to form a shiny viscid cocktail of aromatic girl-juice, before reaching under my thighs and easing himself forward until his gigantic cock-head pressed tantalizingly against my moist, eager pussy lips. I moaned and squirmed in an agony of frustration, wanting him inside me, filling me up, stretching me beyond endurance.

My mouth was too stuffed to permit any adequate expression of emotion, my rapturous moans amounting to little more than a throaty vibration that added an extra dimension to the exquisite torment of Dave's trapped balls. Teased beyond endurance, his hands urgently scooped up my quivering breasts and pressed the immense soft orbs blissfully around the bursting poker of his dick. The superb balloons of sweat-slippery flesh were not easy to control, but they made a perfect improvised cunt for him to toss himself off in. It wasn't for nothing that Pete called me 'Pussytits'!

And so we got down to it, with Dave vigorously balling my balloons, and Pete beating my meat into blissful submission with his unsubtle bludgeon of a cock, and little me dining out in style on Dave's savoury nut cutlets! My only regret was that there was no place for my randy bottom freak in this neat, eroto-maniac equation; but that was one dog that had had its day I suppose.

Not surprisingly, considering the scale of stimulation I was subjecting him to, Dave was the first to come, and I gave his nuts an extra little squeeze when I felt them unloading their priceless cargo of cock-cream through the deep, tropical valley of my breasts and out onto the soft, undulating plain of my belly. Pete followed a few seconds later. As if in reply to Dave's impressive salvo of sperm, he pulled out of my steaming twat at the last moment and, finishing himself off with a few deft strokes of his hand, sent back his own formidable volley of flying cum that spewed spectacularly from his huge gaping cock-head and spattered onto my belly and tits in great sticky streams of glistening slime.

In sudden panic I recalled all the gross, beery faces that had leered at me in the bar. How many had there been? Fifteen? Twenty?! I didn't know. What I did know was that I was to be used by all of them. Raped by a small army of articulated arse-holes on the cross-Channel ferry!

And so they came — three by three. It wasn't exactly Noah's Ark, but it was close, with at least two of every sort. For whatever it was possible to do to a woman's body there was no shortage of animals on that boat eager to do it. An endless succession of cocks loomed up before me to be sucked-off or tossed-off until I could no longer tell the difference between one malodorous body and the next. I ceased to register the comings and goings, submerged as I was in an overwhelming sea of flesh, sex and sperm. I was soaked in the stuff. Drenched. The pungent smell of it filled the tiny cabin, it stained the mattresses, and in one or two places it was even dripping off the walls!

My cunt and jaws ached from accommodating cocks and my tits were raw and bloated from over-use. The well-sucked, well-chewed nipples stuck out like angry-red rubber thimbles, the sex-swollen stalks throbbing abominably. But there were always more fingers, more mouths, eager to pinch them and stretch them like worthless bits of elastic.

My ordeal didn't finally stop until we docked at Zeebrugge, and I have more than a sneaking suspicion that several of my violators came back more than once, and that even some members of the crew visited me towards the latter part of the night. I'm certain I recognised the young red-faced barman among my countless ravishers. It wouldn't surprise me if word had got around the whole ship. Who knows, maybe even the captain had me at some point!

I have only the haziest memory of leaving Zeebrugge and I slept the entire 250 kilometres to the German border at Aachen, and beyond, now waking in fact until the border was behind us and we were well on our way to Bonn. By then it was past lunchtime but it was quite dark in the back of Pete's cab as the curtains that separated the bunk from

the driving compartment were closed.

I lay still for a while, comfortably cocooned in the sleeping bag, still drained and exhausted, with little inclination to move. I started to stroke myself absent-mindedly, the way I often do when I'm alone in bed, and discovered I was naked inside the bag. I winced as my hands carefully explored my sex-sore body, lingering tenderly over my aching quim and still-throbbing arse globes, each exquisite sensation bringing back its own recollections of the night before. My God! Had I really done all those things? I could hardly believe it, yet my poor abused body told its own eloquent story. So this is what it's like to be gang-banged, I thought to myself.

I pushed back the top of the sleeping bag to examine my breasts. Christ! They were huge! Huger than normal, that is. And what's more, they looked and felt like they'd been used in a football match. Scores of teethmarks clustered around the impossibly swollen tips — abstract patterns of red, black and blue that looked like the work of some demented tattoo artist. I tentatively pressed a fingertip against each massively bloated teat, scattering little electric pleasure-pains throughout my obscenely distended boobs like showers of sparks, and making me gasp out loud with the unexpected intensity of the sensations.

Pete must have heard me.

"You awake, Pussytits?" I heard him call.

"Don't 'Pussytits' me, you bastard!" I exclaimed, poking my head through the curtains and squinting against the brilliant sunshine.

"Your fuckin' mates have just about bitten my bloody nipples off!"

"You enjoyed yourself then," he commented drily.

"It was OK," I conceded grudgingly, "Where the hell are we anyway?"

"This is the Federal Republic of Germany, Sweetpuss," he replied. "That's Bonn straight ahead. We'll be turning off soon and heading south towards Wiesbaden, Mannheim and Heidelberg."

I knew that the two hundred sides of frozen beef in the refrigerated trailer behind us were destined for the US Army base at Heilbronn, midway between Heidelberg and Stuttgart, on the northern edge of the Black Forest. As I gently rubbed a finger over my pulsating, pebble-hard clitty-bean, it occurred to me to wonder how GI's stacked up against truck drivers in the sack. Pretty well I should have imagined.

"How many soldiers are there at this Army camp anyway?" I inquired innocently.

Pete guffawed loudly.

"Too many," he laughed. "Even for you, Pussytits!"
