

AMAZONS

A woman with voluminous, curly blonde hair is the central figure. She is looking over her shoulder towards the camera with a slight smile. She has very large, prominent breasts and is wearing a purple strapless top. The background consists of vertical wooden slats, and she appears to be sitting on a light-colored cushion.

THE PUBLISHERS of this magazine believe that:

- sex is a precious, exciting part of life which every adult should be able to enjoy fully, both physically and emotionally.
- a frank discussion of sexual topics can lead to a deeper understanding of the sexual needs and problems which both men and women may face.
- the vast majority of mature men and women are interested in learning about the sexual experience of others, and should be allowed to learn more on this subject.
- sex between consenting adults, including lesbians and homosexuals, is a vital personal freedom.
- this freedom should extend to the right to discuss sexual matters frankly, both verbally and in print.

We try to carry out this philosophy in an adult, responsible way. We will not promote or condone sexual activities which are unlawful or could be harmful: such as underage sex, incest, bestiality, necrophilia — or any other form of sexuality which may cause severe pain or physical and psychological injury.

HAVE TITS WILL TRAVEL

"Stunning pair of ripe, forty-two-inch titties (with plum-sized nipples and pretty teenage nympho attached) seek mature, masterful, males and couples to use and abuse them mercilessly. Weekends only. Have tits, will travel."

Mrs Anderson finished reading and tossed the open magazine onto the coffee table between us.

"Cute ad," she observed with a wry smile. "Write it yourself?"

I shrugged and nodded as her husband returned with the drinks and handed me my vodka collins.

"Had a lot of responses I imagine," he said as he joined his wife on the buttery-brown leather Corbuser sofa opposite me.

"Some," I conceded, taking a sip of my drink and trying to relax. "But you're the first I've actually met."

"We're honoured," smiled Mr Anderson, raising his glass to me. He and his wife were both drinking Bloody Marys, a concoction I've always found inexplicably repellent. I think it has something to do with the texture of the tomato juice — like human flesh passed through a Magimix. I tried not to think about it.

"Indeed," echoed the woman. "I trust we shan't disappoint you."

I smiled back at them and took another belt of my drink.

They were an attractive couple — she in her mid-forties and he about fifty-odd — but they both looked remarkably fit. They'd clearly looked after themselves. Well; to judge by the house and the row of German cars in the driveway, they could afford to. Their names were Jack and Eunice and they'd first written to me some two weeks previously after reading my ad in the specialist contact magazine. Jack was right when he guessed my advert had attracted a fair amount of response. I'd had twenty-six inquiries so far from all sorts of single males and couples eager to get their tit-hungry paws on my

prize porkers, and from these I had distilled a shortlist of around half-a-dozen probables and a few more maybes to be followed up. I'd chosen the Andersons to start with because their age, background and 'interests' seemed ideally suited to my requirements.

It was Eunice who had written to me in the first instance, briefly describing her marriage to Jack and the shared breast fetishism that had formed the core of their sex-life for the past twenty-five years. Eunice herself was no mean tit-bitch, breasting the tape as she did at an impressive forty inches. And the things she hinted that she and her breast-obsessed husband got up to with those forty inches of prime, strawberry-tipped womanhood were something I felt I just had to see for myself. So there I was, in the home of a strange, middle-aged couple in the South-East of England, sipping vodka collins and feeling a sight more nervous than I thought I would.

"Are you really nineteen?" asked Eunice bluntly, suddenly changing the subject.

"Actually I'm twenty," I admitted. "But I thought 'teenage nympho' sounded better in the ad."

"That sounds like a breach of the Trades Descriptions Act to me," joked Mr Anderson.

I laughed.

"So, sue me," I replied, feeling myself beginning to relax a bit. Maybe it was Jack's laid-back, easy-going manner or maybe it was the vodka.

Eunice smiled her peculiar wry smile again.

"I don't think it would be practical to sue you, Jane," she said in a measured tone and watching me carefully. "But we may have to punish you, mayn't we Jack. Can you cope with that?"

I hesitated for a moment as a frisson of excitement swept over me, causing my big, fruity nipples to pucker lasciviously inside my bra.

"I think I can handle that," I replied, returning her gaze.

Jack exchanged a quick look of satisfaction with his wife, then drained his Bloody Mary.

"Excellent," he declared heartily. "Then I suggest we go upstairs straight away."

"Perhaps Jane would like another drink first," interceded Eunice considerably. Our eyes were still locked together and already some mysterious, unspoken bond was being forged between us. I can't explain it, but in those few seconds something electrifying passed between us, and from that moment I knew I wanted nothing better than to submit to this older woman's power absolutely.

"No; I'm all right," I assured her. "I'd like to get started."

Eunice smiled again. Not her wry smile this time, but a smile of genuine warmth. And desire.

Being exceedingly well-to-do, I naturally expected that the Andersons would be in a position to indulge their passion for bizarre breast-sex in ways and to a degree probably denied to other less affluent individuals with similar predilections. They had hinted as much in their letters, and this was one of the chief reasons I chose them as my first excursion into the kinky world of sex contacts. But just how far they had travelled along this road and to what extreme lengths they had gone in their pursuit of the ultimate udder-sex I could scarcely have guessed at until I followed them to the top floor of their house and discovered an entire suite of rooms given over exclusively to every manner and description of erotic breast worship. There, nestling unsuspected under the eaves of an otherwise unremarkable suburban house, was a virtual tit temple. A shrine dedicated to the out-sized female breast and stocked with every conceivable device, appliance and apparatus that human ingenuity could devise for the

stimulation, augmentation and display of these ultimate, super-erotic organs of sensual delight. I was suddenly transported to Tit City — I had stumbled on the El Dorado of the udder-mad.

The Andersons laughed delightedly at my stunned reactions as they led me from room to room, gaping open-mouthed in round-eyed wonder at the bewildering array of bizarre furnishings and equipment. The suite comprised five rooms in all. The bedroom proper; a sort of multi-purpose playroom; a photographic/video studio with darkroom and video editing facilities; a bathroom (complete with giant jacuzzi big enough to hold six people easily); and a small kitchenette generously stocked with drinks and snacks. In fact a complete, self-contained apartment where one could remain for days on end if one so wished, immersing oneself totally in a world of tits, sex and every super-erotic experience that money and imagination could provide.

"My God!" I gasped as I struggled to take it all in. "When I placed my ad I never imagined I'd stumble on anything like this. It's amazing."

"We're very proud of our little tit-retreat," grinned Jack. "Eunice and I spend more time up here than almost anywhere else in the house. That's why we decided to add the small kitchen to save us having to go all the way downstairs when we got hungry."

"It's amazing," I repeated. "And this stuff. Jesus! I can only guess what some of it's for. Where did you get it all?"

"We collected it over the years," replied Eunice. "We've travelled a lot and we always make a point of seeking out new and interesting things to add to our collection. Take this for instance," she said, indicating a curious, cradle-like contraption that was suspended directly over the kingsized bed by a complex system of cables and pulleys.

"This is quite new. We picked it up in California last Christmas. It's called a Tit Sling. Perhaps you'd like to try it."

I looked at the bizarre contrivance and tried to decipher its probable function, but failed.

"What does it do?" I inquired cautiously.

"Oh, it doesn't do very much," replied Jack. "It's simplicity itself in fact; but it's incredibly sexy. Basically it's what I suppose you might call a tit dispenser."

"A tit dispenser?" I echoed incredulously.

"Yes. Essentially it's a sort of hammock made from strong, transparent polythene, with two strategically placed holes cut in it for the woman's breasts to poke through. The woman lies face down in the hammock — naked of course — pushes her breasts through the holes, and then she'd slung over the bed to be enjoyed by her partner who is lying below. The beauty of it is the woman is entirely helpless, her partner can see her naked body encapsulated and compressed in the plastic (very kinky!) and best of all, her breasts are completely and exquisitely available, bulging like huge, rubber balloons through the small, constricting apertures. In fact they are the only portions of her body that are directly available to contact, which serves to accentuate their erotic qualities even more. It really is the most sensational experience. Once in the sling with her tits ballooning out like footballs, anything can be done to them, and the woman is powerless to prevent it. It's totally tit-slavery. Would you like to try it?"

Would I? I could feel my clit and nips stirring lasciviously already at the thought of languishing naked in this transparent plastic cocoon with my darling tit-babies bulging through the impossibly tiny holes and having unimaginable things done to them by these two vastly experienced tit-freaks. I nodded excitedly.

"Ooh, yes please," I sim-

pered shamelessly.

"Okay. Get undressed. It's time we took a look at your stuff anyway."

Unhesitatingly I complied, feverishly tearing off my 'popcorn' knit jumper and blue jogging pants and tossing them onto the floor. My bra and panties followed immediately and in no time at all I was standing naked and expectant before my new Tit Master and Mistress. What would they do to me? Would I like it? Would I ever want to leave?

"Put your hands behind your head," ordered Eunice with a sudden, unexpected edge to her voice. I complied immediately.

The pair of them studied me dispassionately, evidently assessing my overall size, shape and proportion.

"What do you think?" said Eunice, addressing her husband.

"Not bad," he mused thoughtfully. "The nipples are her best feature. Really outstanding. I'm sure we can do a lot with them."

I was beginning to feel like a prize dairy cow at a cattle auction being perused by prospective buyers.

Mrs Anderson moved round to look at me from the side.

"Wobble your tits from side to side," she instructed coldly.

I hesitated for the briefest moment then did as I was told, twisting my body at the waist to make my boobs sway back and forth.

"Wobble, I said," snapped Eunice irritably. "Put your shoulders into it. Really make those mothers dance."

The sudden change in my hosts' demeanour towards me, from one of warm regard to contemptuous tyranny, was disconcerting to begin with — but incredibly sexy nonetheless — and as soon as I realized that this was part of the sex-game we were playing I really began to enjoy myself and get into my role as submissive tit-toy cum sex-slave to this curious couple.

"That's enough of that," interrupted Jack after I had been wobbling for a while. "Now flop them up and down

as hard as you can. I want to hear those fat freaks slapping against your belly."

My God! He wants to hear my tits slapping against my belly! This was incredible. Well, if that's what they want it's no problem. My jumbo meatballs could slap belly with the best of them, and I set-to to prove it.

Jack and Eunice circled round me, viewing my body and especially my wildly bouncing boobies from every possible angle, systematically absorbing the size, shape — and even the sound of them! Needless to say, after several minutes of vigorous wobbling and bouncing, my tits were beginning to get quite puffy and my nipples were absolutely bulging, protruding

from my crinkly tit-ends in rampant, plum-sized peninsulars of engorged sex-flesh.

"Okay. You can stop now," said Jack presently, which was a relief because I was getting quite breathless and sweaty. I wasn't accustomed to exercise — least of all to the Andersons particular brand of outrageous udder aerobics. As I stood there panting, with my hands still linked behind my head and my tingling boobies heaving up and down twenty to the dozen, Jack and Eunice moved closer and began to fondle me, stroking and touching me everywhere — thighs, bum, belly, quim — and, of course, tits. Their hands on my body felt wonderful, cool and soothing

after my unaccustomed exertions, and I almost purred and squirmed against them as they probed, stroked and explored me with indecent familiarity. Presently I found myself standing sandwiched between them. Jack stood behind me, reaching round to squeeze and knead my boobs, while Eunice was in front of me tweaking and rolling my nipples between her fingers like old-fashioned radio dials.

"You know; Jack and I have a theory, Jane," she cooed seductively as we both watched her fingers twiddling with my tit-ends. "It's our experience that girls with exceptionally large nipples invariably have big clits too. Why don't you open your legs as wide as you can and

let me take a look at your love-bean. All right?"

I nodded dreamily and spread my legs as requested. Releasing my teats, Eunice sank down onto her knees in front of me and I felt her hands on the inside of my thighs. Then her fingers were prising my pussy-lips apart and I felt her mouth closing over my cunny. I gasped as she started to suck, and literally shrieked when my clitty popped into her mouth. Such, suck; slurp, slurp — deeper and deeper my bursting nubbin was inexorably drawn into her to be basted in spit, lashed by her tongue, and rolled against the hard pink ridges in the roof of her mouth.
