Hello to Boob lovers everywhere from me 'Zeta' as you can see I'm doing my best but I can't compete with some of the Big Boob inside this issue!

Although this is a Fantasy magazine the tits are all for real, also for real is Sunday Sport a must every Sunday for a lighthearted read as well as the latest news and top stories at home and abroad. The good news now of course is that you do not have to dwell in limbo from one Sunday to the next waiting for your weekly injection of humour and excitement with the advent of 'The Sport' available at your newsagents every Wednesday!

Also not forgetting my main occupation working on 'Parade' to bring you the most beautiful and fresh models from all over the world available at the same newsagent. In the event of difficulty obtaining your copy or any of these sister magazines just send £5.95 to receive the latest copy plus 5 back issues from: 'Parade Special Offer' 34 Upton Lane, London E7 (Callers Welcome).
