UGLY TRUTH

Dear MAX:

My wife left me recently because she says I'm obsessed with other women. It happens to be true, but I don't think it's any reason to walk out on me, and I don't think I'm much different from most husbands. Although my wife is pretty, sexy, and has a very good body, I'm still fascinated and attracted to other women, even if they're not half as hot as she is. To be honest, I'm especially fascinated by ugly women with big, firm tits. I don't know why, but it drove my wife crazy.

I think she was able to cope with the fact that I lusted after good looking women with nice tits, because she felt she was equal to them and she felt confident in the competition,

so to speak. In fact, we used to look through the pages of MAX together and we'd compare her with the models. Many times she would take her blouse and bra off and sit there topless with me while we turned the pages and rated the models. It was a real turn-on watching her look at other naked girls with her beautiful tits hanging free. I'd always wind up playing with them and sucking on her perfect pink nipples until they were as hard as my cock. If she was really in a horny mood she'd take my cock out and masturbate it with one hand while she turned the pages of MAX with the other. That made me so hot that I'd wind up cumming within minutes, and when I was ready she'd aim my cock at the magazine and I'd blast a tremendous

load all over the picture of whatever model we were looking at. Sometimes I'd stand up quickly and squirt my joy juice all over her twin peaks and then watch it run down her stomach.

She started noticing that when we were out and I spotted an ugly woman with nice tits, I'd get very excited. My heart would start racing, I'd get fidgety, and my cock would spring to attention in my pants. If I was really close to this ugly woman for a long period of time, like at the next table in a restaurant, I'd become more and more absorbed in watching her, so much so I'd completely ignore my wife. Boy, did that piss her off!

She just couldn't understand my attraction to these women, and she

felt very insulted or insecure that an ugly woman could drain my attention away from her so thoroughly. I wish I could have explained it to her, but I can't even explain it to myself. There's just something about the contrast of an ugly face on top of all that gorgeous flesh that captivates me.

If we were out and I saw a particularly well built ugly woman, I'd fantasize about her when I got home and was eating my wife's pussy. I'd purposely keep my eyes closed so I couldn't see my wife's pretty face and spoil the fantasy. When I got ready to fuck her I'd have her kneel on all fours and I'd fuck her doggie style from behind, so again I couldn't see her face. She started to catch on that something was up and accused me of not wanting to be with her, but of course I denied it.

Then she found my pictures. I had cut out pictures of some ugly women I found in an old black and white magazine and kept them hidden under the bathroom sink. I masturbated to them when I was feeling particularly horny. I don't know why I felt the need to hide these pictures when I looked at pictures of beautiful women in MAX openly, but I did, and I was right to, because when my wife discovered them she really lost it and started calling me a sicko, a creep, and a pervert. I mean, she was all shook up. That's when she left me.

So, now I'm waiting to see if she's coming back, but in the meantime I'm out looking for some uglies to fuck. What I was wondering is if you would consider publishing some pictures of ugly women in MAX, or maybe start another magazine which would feature only ugly women with great tits. I know I'd be the first subscriber, and I bet there's a lot of other guys out there who share my same desires. In fact guys, I'd appreciate it if you'd write in your own letters so I know I'm not alone. Thanks.

SCHOOL DAZE

Dear MAX:

Thanks for the mammaries! Your magazine is without a doubt the biggest and best tit spectacle in the world!

Maura, in your Aug. '91 issue, is the spitting image of a girl who used to work in the Ohio State University library in 1972 when I attended

there. I used to sit at a corner table and watch her every move, her every gesture, every wobble of her big, bouncy tits, just like Maura describes hers. The resemblance is amazing and her pictures have brought back fond memories of the early evenings I'd spend watching her while pretending to be engrossed in my books. I'd fantasize about undressing her in a quiet corner of the library and sucking on her big tits until she cried Shakespeare! I spent numerous hours envisioning what her tits and pussy must look like, and here on the pages of MAX

are just about the answers to my almost twenty year old questions! I'm a little embarrassed to admit this, but on several occasions, when the library was uncharacteristically empty, I masturbated under the table while watching her. I must have been out of my mind when I think of it, because I don't know what I would have done if she, or anyone else, had caught me. But it was so exciting getting away with it, especially after I'd come in my handkerchief and then I'd walk up to the desk before leaving to bring back a book. I'd hand it to her, making sure my hand touched

hers, and wondering what she'd say if she knew that same hand only moments before had been wrapped around my cock while I was fantasizing about licking her tits! I never did find out her name though. I knew she had a steady boyfriend because he met her almost every night to walk her back to her dorm.

Anyway, since I never got to talk to her, and since Maura said she wants guys to write in and tell her what they'd like to do to her tits, I'll make believe she really is my dream girl of long ago and describe what I would have done to her if I had the chance.

justa

*She W
You S*

Maura, if I was alone with you I'd give you a book of poetry to read aloud to me while I unhook your bra, let your big boobs flop out, and then lick and suck every square inch of flesh until your nipples are hard as marbles. Then I'd tell you to kneel down and continue reading while I take my stiff dick out and rub it all over your face and neck, working my way down to your saliva covered tits. I'd slide my cock all over your slippery mounds and then press them together so I could tit fuck you. I'd fuck you between your hot tits while you spout pretty words, and then I'd spout a fountain of cum all over them.

Maura, you're the best. Please tell me you went to Ohio State University!

MUD IN YOUR EYE

Dear MAX:

I enjoy reading your letters section. Sometimes I wonder if these letters are from real people, or do you make them up? Also, I wonder if you seriously consider your readers' requests for photo layouts.

Your models are always gorgeous and have better figures than the other magazines with big busted babes. Some of your competition even goes to the extreme with plump porkers, which is a real turn off. When I fantasize, I want to visualize beautiful, shapely, well developed girls, like the MAX models.

I would like to say that Kelly on page 16 of your July '91 issue got me really hot and bothered. Her luscious tits make my mouth water and I can't help wondering how they'd taste, and what her nipples would feel like against the tip of my tongue. It amazes me that she had tits as beautiful and perfect as she does. I know I would cum all over them if the head of my cock even touched one of them!

I would love to see more of her in future issues. I would really like to see her do a Cleopatra theme, posed with lots of makeup wearing an ancient Egyptian headdress. You could photograph her taking a royal mud bath treatment, having a hot tub filled with warm mud and showing her lowering her magnificent body into it slowly, the mud covering her long legs, then dipping her perfect little ass into it. You could show her

smearing it around with her hands, and a few close-ups of it oozing against her pink pussy lips and covering her pubic hair.

She could sit in the mud with her white tits resting on top of the mixture and then a series of shots that showed them sinking into it until they too were covered. Think of what a great shot it would be to show her mud covered hands holding up her massive mud covered tits, and then mashing them together so that the stuff mushes all over. After she steps out of the tub you could show her rinsing off the mud with a story line about how she feels after receiving the royal beauty treatment. She could talk about how great and alive her body feels and that she is ready to suck on a big MAX reader's cock!

I think your readers would welcome the change of pace from the typical photo format. Everywhere you turn people are looking for what is different in the market. I know your sales are good, but just think of how sales would improve with MAX readers anxiously awaiting each issue looking for the unexpected. Hey guys, back me up out there. If you like my suggestion, let MAX know.

IRON HUMPER

Dear MAX:

While driving across country recently I stayed one night in a rented cottage where someone had left some old copies of MAX and JUGGS magazines, in the bathroom closet. I had never seen a tit magazine, although my old boyfriend had stacks of girlie magazines he used to look at all the time. I never minded looking through them with him, because to be honest, the pictures of the beautiful naked girls kind of turned me on. I guess I always secretly fantasized about posing for these kinds of pictures myself.

After taking a shower and getting ready for bed, I picked up a JUGGS and thumbed through it. There were a lot of sexy girls in it, but they really didn't do anything for me until I got to the layout on a bodybuilder named Rachel Demonet. Boy was she something! I had seen pictures of women bodybuilders before, and I'd seen sports events on television where they competed, but all those

women always seemed so masculine and hard looking and flat chested that I never thought they had any sex appeal whatsoever. But when I saw Rachel with those big, firm tits, those long, long legs, tight stomach, tight ass, and big clit, I changed my whole outlook on bodybuilding. She was the image of what I'd always wanted to be, but was afraid too because I thought I'd wind up looking like Charles Bronson. She was not only beautiful and built, but she was still feminine and sexy! She is the perfect female bodybuilder, and I decided right then and there that I was going to start working out in the gym as soon as I got home.

That was three months ago, and I've been working as hard as possible. My body is nowhere near what hers looks like yet, but I can definitely see and feel a difference. And I'm not self-conscious about my big tits because she's proof they don't have to get in the way. And believe me, the guys who watch me work out don't think they're a handicap at all! I think I've raised more boners in that gym than weights! I really love it.

Another thing I remember about Rachel was that she said she treated sex like a workout, fucking for as long as possible to build up endurance and strength, along with having a good orgasm. I'm following her advice and I'm fucking my brains out. I like to get a guy laying on his back and sit on his cock so that I can control the rhythm of the fucking. I bounce up and down with a steadily increasing pace, my big tits flopping up and down and my juicy pussy greasing up his pole like a well oiled machine until he blasts the inside of my tight twat with a mega-dose of sperm and I cum at the same time.

Sometimes I'll hang off the chin-up bar in my basement and hump myself up and down on his stiff cock while he's standing under me. Man, is that good for the biceps, not to mention my twat!

Anyway, I'm going to keep working out until I'm ready for competition and maybe someday I'll be in a magazine. I noticed JUGGS and MAX are from the same publisher and I think I'd rather be in MAX, which is why I wrote you. Could you tell Rachel Demonet that she's been my inspiration and that I have a lot to thank her for? Thank you.

Don't Let
Sleep

Do I have the biggest tits you ever saw, or what? I love them. I wasn't stripping for a living when I first grew them; I was a secretary. There was this great looking young executive who I was madly in love with who didn't give me a second glance because he was too busy chasing after the receptionist, who had a great big set of jugs. I'd always wished I'd been born with huge tits, so I finally started working out a lot, developing my chest, and things got out of hand! Then I showed them to Mr. Executive.

"He did exactly what I thought he'd do—he drooled all over his shoes and forgot about the slut receptionist in a flash. He spent the next few months fucking me and sucking on my tits every chance he got—including in the stock room at the office! I also noticed that a lot of other men who never would have given me a second look were now following me around and tripping over their feet to get my attention. I suddenly realized the true value of my new tits and gave up the young executive, and the shitty secretary job, and

started stripping for a living. And I haven't regretted one minute of my life since!

"When I first developed my new tits I'd spend hours alone in front of a full length mirror looking at them and posing in different positions so they'd hang down as low as possible. I enjoyed the way they felt as they swung back and forth, how heavy they were, and how much fun it was to lift them up and let them fall back down against my stomach.

"Playing and posing my tits like this always got me horny and I'd masturbate with a long rubber dildo or anything else that was handy; like a banana or a cucumber. My cunt had never gotten so wet and sloppy

before I had my tits, and it never stops throbbing with pleasure now that I do have them.

"Stripping in front of a club full of men is almost like posing in front of my mirror except that it's a lot more fun. I've learned a lot of tricks to do with my tits like swinging them around to music so they look like two propellers on an airplane. In fact, sometimes I get them going so fast I wonder if I won't fly off the stage into that sea of boners in front of me! I've also learned how to do contortions, like putting my legs behind my head and walking on my hands so that my tits literally drag along the stage. That's a real favorite with the guys!

"All this exhibitionism and enthusiastic response from the audience gets me incredibly horny and I can't wait until the show is over so I can find some nice guy to fuck me. A lot of nights I can't even wait until the show is over to have my hungry hole filled and I do it myself. I go into the bathroom and fuck my cunt with my rubber dildo, or I steal a

carrot or a salami from the buffet table and use that.

"After the show though, I find the real thing and let its owner do whatever he wants to my humongous tits and slippery wet cunt. I like a guy to fuck me three or four times during the night, and I especially like it when he'll shoot a load or two all over my tits!"

Of course, any pigeon-titted little lady will tell you that breast size doesn't matter, and that if you just love a man and treat him right, everything will be fine. All of which is well and good, but then you have to expect your man to sneak down to the local strip joint and catch my act. If the tiny-titty types could hear the whoops and hollers when I toss away my top, they'd make a beeline for the nearest plastic surgeon.

"I love having big tits because I love men to go nuts when I perform, so my appearance helps me do my job. But I don't strip just for the money, you know. And I'm not on the job twenty-four hours a day, either. Ultimately, I just like men a lot, which is why I choose to perform in a lot of smaller clubs."

These guys aren't jaded and they all appreciate a girl who has the biggest tits they've ever seen. I never spend a lonely night when the show's over, either.

"Guys all like titty-fucking, for one thing. Plenty of them say otherwise, but they're either lying or they've never tried it. I get off on helping a fellow get hooked on tit flesh. When a guy and I are alone, I usually start by blowing him. I've yet to hear of a man who didn't like head. Anyway, I like to go to town on his cock, sucking the head and licking his ballbag, and meanwhile I unleash my mammoth tits on his bare legs. The feel of all that soft, pliant breastmeat drives him crazy. Pretty soon I'm wrapping my tits around his johnson, burying his manhood in my cleavage. Sometimes they cum without even warning me. Around giant tits, a cock can become an uncontrollable thing.

"Another great thing about huge breasts is how they look in clothes. Magnificent! Quite often, my bra will be the last piece of clothing I remove. This is an old strategy, of course, but you have to be in the driver's seat to believe how well it works. I love sucking a prick until it's aching hard, mad with desire for my nipples. Then I slip it into my snatch and rock back and forth on him until he cries out and pulls my top off.

"One guy who's been fucking me lately wants to do a plaster cast of my chest so he can use it as a mold! Seems he wants a permanent record of my outrageous bust, so he can remember the greatest set of tits he ever met. The thought of him as an old man sneaking up to the attic to jerk off over a latex replica of my tits really, uhm, titillates me! So I think we're going to do it... if we ever take the time out from humping, that is."

Star In The Making

Marilyn Monroe was my idol growing up. I thought then, and now, that she's the most beautiful, sexy movie star who ever lived. I've watched every one of her movies dozens and dozens of times. I decided I was going to be as much like her as possible and I had all the right equipment, except for tits. Mine are bigger!

"I'm working to try and start a career as a film actress, but to support myself in the meantime, I'm dancing naked for you guys. And I love it! When I strut out onto the stage in front of an audience full of horny, appreciative men, I get the same sense of adoration and devotion I think Marilyn must have gotten from her fans. When you guys start clapping, whistling and carrying on, I get so wet between my legs that I want to give you the best tit show I can. I make sure to give everybody a close-up look at my beautiful tits by walking around the edge of the stage and bending over so I can shake them back and forth. Then I'll bend over at the waist with my ass facing the audience so you can get a good look at my pretty ass and I'll hang my tits down so you can see them framed between my legs.

"What you guys like the most, however, is when I dance in the middle of the stage playing with my tits for you. I like to tweak my nipples so they get nice and hard and red. My sweet pussy throbs with pleasure as I see the looks on your faces and I want to show you even more. I lift each tit up to my mouth and flick my tongue out across my nipple. I like to look a guy right in the eye as my saliva drips down my tit and I smile wickedly at him.

"Unlike a lot of movie stars, and even some dancers, I like to get up close and personal with my fans, and I'll pick one guy out of the audience who I'll invite back to my dressing room with me. Once behind closed doors, I'll peel off my G-string and give him the complete show. I love watching his eyes travel down my body as his cock hardens and I ask him to take it out.

"When he does, I kneel down in front of him and wrap my lips around it, trapping it in the hot wetness of my mouth. I love to hear him groan in ecstasy as I begin to suck it, first slowly, and then faster and faster until he's about to cum. Then I take it out of my mouth and let it cool off a minute while I stand up and let him suck my nipples and run his fingers through my wet slit. Then I sit him in a chair, straddle his lap, and sit on his cock, sinking it all the way into my tight hole.

"I like to fuck him as long as possible, but I must admit that most of the time he's so excited that he shoots his load in me fast. But that's okay with me. Making him cum is my pleasure.

"I hope to see you in the audience one night!"

BUSTY, BLONDE,

The Definitive Guide To

In this issue are some of the best headliners currently tossing tit, but by no means all of them. It must be something in the water because in the last couple years this fair land of ours has produced more blonde balloon boobed strippers than were coughed up by the entire previous century. Suddenly tit measurements of fifty, sixty and seventy inches have become commonplace, and on girls whose figures are otherwise slim and tight. It's amazin', I tell ya. With so much pulchritude tramping the runways it can get a little confusing, though. Was that Busty Dusty or Patty Plenty? Beverlee Hills or Rocki Mountains? With all of them blonde, busty and unbelievably bionic your confusion is only natural.

So we're here to untangle the mystery. On the following pages you'll find the 8th through 21st Wonders Of The World. You may want to take notes.

It never ceases to amaze me how much you guys love looking at my tits. I don't blame you, I know they're probably the biggest you've ever seen. They really are something, and sometimes I can't believe the size of them myself. I love to stand in front of the mirror and look at them. I hold them in my hands like two beautiful sculptures. I like to wiggle them back and forth, watching every liquid movement and wondering what goes through your mind when you look at them the same way. I guess if I was a guy I'd be in awe of them and wonder what they must feel like.

"I don't give every guy the opportunity to feel them, but I give as many guys as I can the opportunity to look at them. That's why I strip, so I can show them off and get turned on doing it. I love knowing you guys are watching me with really dirty thoughts going through your minds. When I'm up on stage shaking my tits in your face I know you're thinking about pulling on them, sucking and licking them, sliding your cock between them, and shooting your load all over them. I like to get up as close to the edge of the stage as possible and lean over so that my giant tits are almost touching your head. I like to look into your eyes as you gaze at them and try to read your mind. It's not hard you know, I know you want to fuck me.

"But that's the reason I'm up on stage, so you can have fantasies about fucking me. This big, hot juicy crack between my legs is a cock eater, and when I'm pumping it back and forth to the rhythm of the music, I'm wishing a big dick was in it. Your dick! I have my own dirty thoughts while I'm dancing, you know. A lot of times I'm thinking not only about having a dick in my pussy, but one in my mouth at the same time. I think about how it would feel to have loads of hot cum shooting out of both of them at the same time. I wonder what it would be like to jerk off every guy in the audience while they each take turns sucking my monster tits.

"Between sets, when I'm backstage, I'll slip my G-string down around my thighs and slide a finger between my sopping pussy lips while I watch the next dancer entertaining you guys, knowing that my tits are bigger and better than hers, and knowing that you all can't wait for her to get off so I can come back on.

"I play with my pussy while my other hand cups my big tits and I roll my nipples around between my fingers. I can make myself cum just by playing with my nipples, but with my finger in my hole at the same time, it's a double cum!

"Then I get back on the stage when it's my turn and it's back to giving you what you want most. A fabulous tit show that you won't forget!"

My tits raise a lot of eyebrows, and cocks. And I raise a lot of hell! It's the reason I became a stripper—so I could go wild.

"I developed really late and when my tits were much smaller I had a lot harder time attracting guys. It really bothered me because I'm such a horny bitch and all I ever think about is getting laid. I used to masturbate and fantasize about having big, firm tits that guys couldn't keep their eyes, or hands off. I'd rub my moist pussy and sensitive clit dreaming about guys lining up to suck on my fabulous, big tits. I'd think about wrapping my tits around their throbbing cocks to tit fuck them until they were delirious. Those thoughts would always make me cum great. Then when I was nineteen suddenly I sprouted tits. And *huge* tits at that!

"I was so happy that I wanted to show them off to everybody, and decided the best way to do that was to become a stripper. The thought of getting up on a stage and shaking my new tits for a club full of appreciative men made my pussy soaking wet.

"When I went for the audition the owner of the agency took one look at my tits and whistled. I loved it, and I knew I had the job even though I still had to dance for him. He turned up some music and I stripped down to nothing but a G-string and high heels. I shook my little ass for him and put a big smile on his face, and then I shook my tits. I saw him take his hard cock out of his pants and wrap his fist around it. He pumped his fist slowly up and down it while I pumped my wet pussy in his direction. I wanted to fuck, and he knew it.

"He took me by the hand and led me over to the couch. He sat me down facing him and stuck his bulging cock in my mouth. I sucked long and hard on it while he fondled my tits and toyed with my nipples. I took his cock out of my mouth and rubbed the head across my tits. He moaned with lust and I came in my G-string, because it was the first time I was doing what I'd always dreamed of. I asked him to tit fuck me and he leaned me back against the couch. He knelt over me and slid his cock between my tits as I pressed them together firmly. He fucked back and forth between them as he reached down and pulled my G-string off, inserting his finger in my hole and fingering me at the same time. I started cumming and was soon begging him to fuck me, which he happily did. He fucked me in every position possible on that couch, and he made me orgasm in each one.

"That night I started dancing at the club and I've been showing off my tits to audiences ever since. And my pussy still gets soaking wet during every performance knowing how much I'm turning you guys on. It's great!"

THE MISADVENTURES OF MAXINE III

Making Movies

By James Dawson

Maxine slowly regained consciousness. She was face up on an empty white sand beach. Every muscle in her body ached. Two thick nylon straps made an "X" on her chest, holding her huge, round breasts apart. The straps were attached to a parachute that trailed into the surf.

All at once Maxine remembered the events of the night before. Her boyfriend Jerry was wanted for a crime he didn't commit. His millionaire friend Brian had let Maxine and Jerry borrow a private jet so they could hide out at his place in the Florida Keys while his lawyers straightened out Jerry's legal situation. But one of the jet's engines had caught fire, and they had to bail out over the ocean.

Maxine frantically looked around for Jerry. He was farther up the beach, heading toward her with the pilot. Maxine's big tits trembled in her wet tank top as she sobbed with relief.

"Jerry, I'm so glad you're alive," she cried pressing her fat jugs against his chest as she hugged him. She felt like throwing off her clothes and fucking him right in front of the pilot, but she resisted the urge.

"I was worried about you, too, Maxine," Jerry said. His dick was hard against her leg. "Now if we can figure out where the hell we are, we'll be doing even better."

The pilot didn't know which island they'd washed up on. They walked the beach for the next three hours without running into a soul.

"I'm so thirsty I could die," Maxine said, slumping onto the sand. Jerry and the pilot sat next to her.

"They say you can keep from being thirsty if you suck on a pebble or something else hard," the pilot offered.

"Yuk," Maxine replied. "There's only one hard thing I like to suck, and it sure isn't a rock."

She couldn't believe she'd said that; she chalked it up to the heat. But the more she thought about it the more she knew she really could go for a dick in her mouth right now.

The pilot was staring at Maxine's huge tits. She'd tied the bottom of her white tank top up under her jugs, leaving her flat stomach bare. The material was wet with sweat, and her nipples were plainly visible.

When the pilot saw Jerry watching him he looked away and got to his feet. He cleared his throat and said, "I guess we should get going again." He didn't seem to realize his boner was bulging against the front of his pants.

"Maxine," Jerry said casually, "I know you're tired, but do you feel up to sucking some cock right now?"

She looked at him innocently. "Uh-huh."

"How about two cocks?"

She looked at the pilot. "That would be even nicer."

The pilot gave Jerry a smile of indescribable gratitude and undid his pants. Jerry pushed down his own cut-offs.

Both of their cocks were standing at attention.

Maxine lay back on the sand with her arms behind her head and smiled like a lazy whore. The men knelt on either side of her face, holding their dicks toward her mouth.

Unable to resist a prick she'd never tasted, Maxine took the pilot's cockhead in her mouth while she stroked Jerry's fuckpole. She hoped Jerry would understand why she wanted to suck the new cock before paying attention to his.

Jerry pulled up her tank top to bare her bulging breasts. Maxine thought the sun felt good on them. Her nipples and the whole pink circles around them were stiff.

"How does that new cock taste, baby?" Jerry asked. "Do you like the taste of that new big dick?"

"Mmmmm, yes, Jerry," Maxine sighed, relieved and happy. Her lover really did understand her needs as a mature, loving woman. "I can't wait until he cums."

"You just love sucking cock, don't you?" Jerry rolled one of her fleshy nipples between his fingers.

"You know I do."

"Do you think you could suck two cocks at the same time?" He pushed his prick close to her mouth.

Maxine's eyes lit up. "I'll do my best."

Jerry and the pilot moved closer together. Maxine grabbed both their rigid shafts, opened her mouth wide, and forced it over the head of both cocks.

"Goddamn, that feels good," moaned the pilot. "I'm going to shoot any second if she keeps that up. Oh, man."

"Cum in her mouth," Jerry said. "She loves the taste of cum. Shoot your whole wad right between her pretty little lips."

The pilot gave a few more short thrusts and then his jism dam burst. Maxine swallowed his semen like it was the finest wine, not letting even a drop escape.

Watching his girlfriend sucking two cocks at once was too much for Jerry to take. He felt his own orgasm building at the base of his balls, then he was shooting too.

"Hey! You three down there! What the fuck do you think you're doing!" a voice yelled from somewhere behind them. They looked around and saw an elderly man watching them from behind a dune.

Jerry and the pilot zipped up and Maxine wiped her

mouth as the old man drew closer. "Don't you people know you're on private property? What the hell are you doing on my island?"

After the pilot explained their situation the old man said, "I'd like to help you folks, but the phone hasn't worked all day. Maybe your plane crash cut the wires. And the damn two-ways on the fritz, as usual."

"Do you have a boat we could borrow?" Jerry asked.

"One of the servants took it and won't be back until tomorrow. You three are welcome to stay here until then."

They followed a path to the old man's Jeep.

His home turned out to be a secluded Spanish villa. Gloria, his pretty Cuban maid, served them all drinks and sandwiches beside an Olympic size pool. As they ate, Maxine said, "I don't want to invade your privacy, sir, but could you tell us who you are?"

"Goddamn, I'm sorry. Name's Dexter Ramsey. Guess I'm getting to be too much of a hermit out here by myself."

Jerry stopped chewing. "Dexter Ramsey? You mean Dexter Ramsey, the movie director?"

"I've made a few pictures in my day."

"My God, Mr. Ramsey, this is a real honor. I've enjoyed all your films, especially 'Nightmare Game.'"

"Well, thank you, young man," Dexter said. "It's nice these days to run across people who even remember me."

"You're being too modest," Maxine said. "I'm a fan of yours, too."

"Same here," said the pilot. "I was only seven when I saw 'Wasted Talents,' but I'll never forget that film."

"Well, you're all very kind."

"Why did you stop making movies?" Maxine asked.

"I kept trying to do more adult material, but the studios never let me make a big budget picture with real sex. I wanted to show men and women fucking on screen, if you'll excuse my language. Twenty years ago I got tired of banging my head against a wall and moved here."

Jerry leaned toward him. "Mr. Ramsey, I think the time has come for movies like that—with the right director in charge."

Dexter looked at him curiously. "Are you in the business, son? I feel like I've seen you somewhere."

Jerry hesitated. Maxine knew he was deliberating whether to tell Dexter about his work in porn films. She decided to take the risk for him.

"Jerry has acted in a number of X-rated videos, Mr. Ramsey," she interrupted. "He's been looking for a way to do more serious work."

"What was your name again?"

"Jerry Davies. But I'm sure you've never seen..."

"My God, Jerry Davies! I do know you! I've seen you in some of those godawful Mal Mayers videos."

Mal Mayers was why Jerry was on the run. Jerry had forced Mayers to pay him what he was owed for some acting jobs, but Mayers told the police Jerry had robbed him.

Jerry turned red. "I admit they were nothing great...."

"Jerry, they not only were nothing great, they were absolute shit," Dexter said. "But you were one of the few actors in them who looked like he was trying to act."

"Thanks, I guess."

The pilot said, "Do you really keep up on stuff like porn videos, living way out here?"

Dexter cracked a smile. "Hell, everybody needs a few comforts of civilization." Then he turned thoughtful.

"Maybe it is time I got back into the business. Either of you others ever done any acting?"

"I was in a couple of high school plays," Maxine said.

"I did some college stuff for friends taking film courses," added the pilot.

Dexter smiled. "In that case, would you young people mind humoring an old fool by being in some home movies?"

Home movies, indeed, Maxine thought, looking around the pool at the thick cables and the 35mm movie camera retrieved from an outbuilding. A simple home video camera apparently wasn't good enough for the great Dexter Ramsey.

He'd said he wanted to see how rusty he was before he went looking for a backer. Jerry, Maxine, and the pilot all agreed to play parts in the short sex film Dexter had in mind. Even Gloria the maid would be part of the show.

When the camera started rolling Maxine emerged from the pool completely nude. Drops of water rolled down her heavy, hanging breasts. She'd tweaked her nipples in the water so they stood out, nice and stiff.

She took a seat in a chaise lounge and pulled up one knee, completely un-selfconscious about exposing her pussy to the camera. Jerry and the pilot were in chairs facing her.

"Play with your tits and pussy a little," Dexter instructed from off camera.

Maxine squeezed her big jugs, pushing them up toward her face so she could lick her own nipples. She always licked herself that way when she masturbated, sucking first one nipple then the other between her lips as she massaged her cunt. She fingered her pubic bush a little, gradually working her way down to her glistening pink hole. She pulled both her knees up and spread her legs.

"That's fantastic, Maxine," Dexter said. "Okay, Gloria, make your entrance."

The young Cuban maid wore a black skirt and no top, revealing her big, swinging breasts and dark nipples. Her huge jugs hung almost to her waist, but looked good that way—they weren't sagging, they were just huge.

She carried a martini glass on a silver tray. A red swizzle stick in the glass was pushed through an olive.

Maxine took the glass. When Gloria turned to go Maxine stopped her and gestured at her short skirt. Obediently, Gloria raised its hem.

She wasn't wearing panties. Her jet black pubic hair had been trimmed in a neat triangle.

"Okay, Maxine, you know what to do," Dexter called out. "Remember, you're supposed to be a bitch, but you actually want her to like it."

Maxine slapped at the maid's inner thighs, making her open her legs. She plucked the olive from the swizzle stick and rubbed it against the lips of Gloria's pussy.

Gloria started lubricating as Maxine rolled the olive back and forth against her slot. Suddenly Maxine pushed it up into Gloria's fuckhole. Jerry and the pilot got up then.

The pilot moved behind Gloria and pushed his hard cock between her thighs. Its head emerged from between Gloria's legs, as if she had a stubby cock of her own. The pilot was squeezing Gloria's huge, dark tits and nibbling her neck.

Maxine leaned over and sucked the pilot's cockhead where it stuck out from between Gloria's legs. Then she sat up and gestured for Jerry to come closer.

Jerry took his position on the other side of her chair, his thick hard-on inches from her face. He had one of

her big tits in his hand.

"Give the command now, Maxine," Dexter instructed.

Maxine snapped her fingers. The pilot moved in front of the maid and went to his knees. The maid put a foot on one arm of Maxine's chair and tilted her crotch toward the pilot's face.

"Going for the close-up," Dexter called.

The pilot pushed Gloria's pussy open and lapped at her moist slot.

"Now suck it," Dexter said.

Making a seal between his mouth and the little maid's fuckhole, the pilot sucked out the olive. Maxine slapped him on the back and he turned his face to hers. The olive was between his teeth.

Maxine licked the skin of the olive, which was wet with Gloria's pussy cream. She took a little bite and savored it. Then she snapped her fingers once more like an imperious queen.

"That's your cue, Jerry. Show me your stuff," Dexter called.

The pilot moved aside. Jerry moved in front of Maxine and laid his cock against her sunbrowned tits.

Maxine pulled her firm breasts apart so Jerry could wedge his cock into the tight valley between them. Once he was in place she pushed her jugs together around his meat.

Then he started pumping. His big cockhead appeared and disappeared from between Maxine's massive mammarys while he tit fucked her. Maxine fingered her nipples playfully.

She bent her neck to suck Jerry while he fucked her jugs. She knew she was supposed to be acting, but she really did adore Jerry's dick. Sucking cock was now her favorite thing in the world.

If only that bastard Robbie Sylmar could see me now, Maxine thought. If he hadn't been in such a big hurry to shove his dick all the way down her throat last month after the prom, maybe Maxine's first time would have ended in ecstasy instead of embarrassment. She still couldn't believe she'd actually thrown up on Robbie in his car, especially now that she was such a great cocksucker.

Maxine hoped Dexter liked Jerry's performance. With a connection like Dexter Ramsey, maybe Jerry could get started on a real acting career.

"Jerry, we're almost out of film," Dexter said. "Prove you're a pro and give it to me in thirty seconds."

Maxine felt Jerry's cock pulsing in her mouth. When his cockhead started swelling she knew he was ready to cum. He pulled his dick out and shot his cum straight into Maxine's open mouth.

"The film just ran out," Dexter said. "Perfect timing, everyone!"

That night at dinner Maxine noticed the way Gloria the maid kept smiling at her. Sooner or later Maxine knew she'd share a bed with the exotic, big breasted Cuban beauty.

Jerry conversed with Dexter as if they were creative equals. "You said you wanted to show the film we made today to a potential backer. Did you have anyone in mind?"

"There are a few people on the West Coast who feel the way I do about movies," Dexter said.

"Would you consider a backer right here in Florida?"

"I hope to God you're not talking about Mal Mayers," Dexter snapped.

"No, I'd never recommend Mayers to anyone," Jerry laughed. "The man I have in mind is someone you can trust."

"Tell me more."

Jerry said he couldn't guarantee anything, but that his

millionaire friend Brian Altone would probably jump at the chance to start his own movie studio with Dexter. By the end of the evening everyone was optimistic.

It excited Maxine to think of big budget films with real stars sucking and fucking on camera. She knew that once the barrier was broken by Dexter all the major studios would rush out hard core features of their own.

Her dreams that night were filled with stars and flashbulbs and lots and lots of money.

Gloria woke them the next morning when she came in with a breakfast tray. She said Dexter's boat had just returned from the mainland, and that they should hurry. She turned to leave.

Maxine got out of bed and said, "Wait." She was completely naked. From the way Gloria looked at her, Maxine knew she was right about the maid's desires.

"Maxine, I..."

"You've served us this morning, Gloria. Now it's time for us to serve you." Maxine came close and caressed both of Gloria's breasts through her uniform. "Right, Jerry?"

"Right."

In no time Gloria's uniform was off and she was in bed with them, writhing with pleasure under their caresses.

"My tits, make love to my tits," Gloria sighed. "I love to be sucked, it makes me cum."

Maxine was on one side of her, Jerry the other. Each of them began sucking one of Gloria's dark nipples. They lovingly squeezed her breasts at the same time.

Then Jerry was between Gloria's legs, fucking her hard while Maxine massaged and sucked the little maid's oversized breasts. The combination of sensations made Gloria shudder with her orgasm, crying out with release. That was enough to make Jerry cum, too.

Then it was Maxine's turn. The way Gloria ate pussy left no doubt in Maxine's mind which sex Gloria preferred. She'd seemed to enjoy getting fucked, but she was like an animal in heat once her mouth was on Maxine's snatch.

By the time the three of them finally joined the others on the dock one of Dexter's servants had finished refueling the big cabin cruiser. Gloria gave them and the pilot goodbye kisses. When she came to Maxine she leaned close and whispered, "We'll all have more fun the next time you're here. Come back soon, darling."

As soon as they were on the mainland the pilot called Brian Altone to report what had happened to the jet. Then he handed the phone to Jerry. "He wants to talk to you."

Jerry took the receiver tentatively. "Brian, I'm really sorry about the plane, but..." He paused and listened. A look of giddy excitement came over his face. "You did what? Are you serious?" After another pause he added, "In that case, I've got some good news for you, too. I'll tell you when we get to your place."

Maxine was so excited by the look on Jerry's face she was squeezing herself, almost forcing her big tits up out of her low neckline. "What did he say?"

"All our troubles are over, Maxine." Jerry was grinning like an idiot. "Brian got Mal Mayers to drop the charges against me by buying his whole video operation."

"You mean..."

"That's right, baby. It means Brian owns a studio now. Just wait until Dexter Ramsey hears about this!"

For three years now MAX Magazine has treated you to the hottest nude contest in the country: Bares A'Poppin, held at the Ponderosa Sun Club every July and August. This year's contest was the best ever; with more big titted dancers than usual, and all strutting their stuff while completely nude.

The contest was MC'ed by smut stars Ron Jeremy and Hyapatia Lee. Immediately following the opening of the contest, a "protest" was held by twelve women dressed in black gowns and hoods. They carried signs saying, "Life, Liberty, Nudity" and "Born Nude, Live Nude, Love Nude." The protest was held in response to the recent Supreme Court decision that ruled against the right to dance nude. Ironically, the Supreme Court decision was made in regard to the Kitty Kat Lounge, a dance club just 80 miles from the Ponderosa Sun Club.

Sizzling TITS!

When they'd made their point the gown-clad girls took the gowns off and did some erotic nude dancing.

There are several sub-contests in the "Bares A'Poppin'" contest. The main ones are Ms. Nude Galaxy, Female Go-Go dancer, and Ms. Nude Entertainer. Then there's a host of smaller trophies. The winners of these smaller contests are picked by the crowd.

The contestants ranged from top-name professionals such as Honey Mellons, Amber, and Alisha Loveroe from Featues Entertainment, the nation's largest strippers talent agency, to local club girls and hopeful housewives.

Small wooden platforms, with three steps leading up and three steps leading down, are where the girls show their stuff to the crowd. This year the girls could wear g-strings if they liked, but none did. One really nice touch is the management allows you to bring any kind of camera you like, and it seems that every year there're more video camcorders in the crowd. The girls usually

The crowd's picks sometimes amazed us. Little Lisa from the Little Red Mill won four trophies: Best Buns, Best Undressed, Ms. Crowd Pleaser, and a runner-up for Best Go-Go dancer. She could shake her buns fast, but wasn't much on looks. The Best Tits award was won by Susan, who had average-size natural boobs with small

Cat's Meow also won the big trophy: Ms. Nude Entertainer of the Year, and she was shocked that she placed on top of the competition. Okay, she does have a slinky, sexy performance, but we would have gone for Alisha Loveroe or Cindy Chimes, girls with *tits*.

HONEY

Nobody left the contest early, even though it was six grueling hours of nonstop tits, asses and pussies. The only regrets spectators had were that the contest ended at all! But you'll be able to see the beautiful girls yourself if you go to the Ponderosa's Nude Contest next summer. For information on contest dates write: Ponderosa Sun Club, P.O. They come here from Mexico to see me dance, it's true! I am half Chinese and half Filipino, and I spent much of my youth learning to do contortions by the ancient Asian methods. So now I use acrobatic styles when I perform. The crowds love it! When I place my ankles up behind my head, I hear cries in English, Spanish, Pueblo, you name it!"

Despite being born and raised in America, Honey Mellons is a hot new European import. "I got started dancing over there," she explains. "It would have started wherever I was when the right time came, you know? Things aren't that much different there. The men are more polite most of the time, but you get the same rowdiness when they see something they really like. Luckily, I get that rowdiness quite often. Keeps them coming back for more."

"It's a shame that stripping is treated like a dirty secret in this country."

Overseas, so long as you don't care what some uptight old lady might think of you, you can always hold your head high. Here someone expects a woman who does this work to be a slut—which she just might be, but that's *her* business, isn't it? If a lady executive had a body like mine and really dug fucking a lot of guys on the weekend, no one would say a word about it. Clearly, some sort of attitude adjustment is needed."

Features Entertainment star Alisha Loveroe has a sparkling smile and a petite body that can break hearts at twenty paces. "Yeah, I do get mail and flowers, all that stuff," she concedes. "But I guess I encourage it. I have one of the hottest acts ever seen live, if I may say so. Basically, I bring out a banana and use it as a surrogate penis. Finally, after teasing the audience with it, I peel it and go down on the fruit inside. I use whipped cream to simulate cum. Fans go absolutely apeshit over it! I've received marriage proposals from guys I've never met. I mean, obviously they're just being tongue-in-cheek, but deep down I know they'd love to be tongue-in-twat."

Amber

Amber hails from North Carolina, where she works the dancing circuit courtesy of Features Entertainment. "I'm known to a lot of fans as the girl with freckled hooters," she giggles. "Of course, big tits are the real bread and butter in my line of work, but I believe that little details make the difference. Boob lovers will often pick a certain dancer at a club and the other girls can't see why—girls are girls, after all, so they get bitchy about it. But the truth is that wearing the right jewelry and makeup can drive men crazy."

"Having shapely, healthy-looking breasts is important whether you show them off for a living or not. I notice that even when I'm not at work, men can't keep their eyes off my cleavage. Hey, go ahead and look, fellas! That's what they're here for."

Out Of Control

Sure, I began dancing for money, but I'm still doing it today because I love it! I'm one of the only strippers I've run into who will go too far every once in a while. Sometimes I'll be in the middle of my act, and I look out and see this roomful of men with every eye glued to my body. I don't know how to describe it, but I get this charge right through my whole body, and zip! There go my panties, into the crowd! Sometimes a few guys will fight over my g-string, but for the most part everybody's jaw just drops. I finish up my act to tremendous applause.

"Generally, I'll hear a warning from the club manager, but nothing too strong. 'Keep that stuff up and it could wreck the club, blah blah blah,' and meanwhile he's tossing me a bonus and smiling at how the publicity will draw even more tomor-

row night. As long as no vice squad guys are around, who minds seeing a cute little pussy like mine?

"Only once did I ever get a really hard time from the manager. The guy was actually an old boyfriend of mine, so to shut him up (and because we still liked each other—that's why he was making the fuss, because he was jealous) I tossed *him* a bonus. He was standing there, mouthing off at me, so I told him to shut the door. He did, and when he turned around, I was on my knees in front of him, stroking his swollen wand through his trousers. Then it was out and in my mouth, where I sucked it and made a point of being sloppy, since I remembered that he liked that. When he seemed almost at the point of cumming, I stopped and said he would have to fuck me if he wanted any relief. Man, did he ever!

"By this point, all the girls working in the club were complaining, 'cos you could tell what was happening in my dressing room. They were saying, like, no wonder I get away with shit like showing off my beaver, since I was the manager's favorite. Girls are like that, you know.

"Anyway, I had to dance two more sets that night. The bottomless bit didn't happen again, since I was still messy from that quickie with my ex, but I danced like a woman possessed, let me tell you. And besides, I can't do that stunt more than once in a great while, because the word of mouth spreads really quickly, and I don't want the wrong people to hear."

*"The traditional manner is to
spend the most time with the
senior wife."*

"I keep two wives, but the judge only knows about one," Palestinian immigrant, New York City, May 1991.

Ken is one of a new breed of American polygamist. Although at first glance, many would confuse him with being a swinger or gigolo, such is not the case. He is a Mormon and lives in northwestern Utah with his first wife of seven years. He is also married to two other women. He supports them all and spends time with them on a regular basis. Each knows about the other and came into the arrangement willingly. He spends most of his time in the traditional manner with Nancy, the senior wife. They reside in the tri-corner area of Utah which shares mountainous borders with Idaho and Nevada. Ken keeps his wives in the remote border areas of these three states, isolated like the original settlers of the area. Being a polygamist takes one on a tangled journey into a very grey area of the law encompassing freedom of religion and governmental authority. It is one of the few cases in United States history where federal law was forced to preside over religious right. Polygamy is illegal in the United States, as it is in most countries, with the exception of some Arab and African nations. No religion sanc-

tioning it is recognized by the government. There are however, several non-official religions, of dubious status, that allow it. The Mormons, a religious group officially recognized by the U.S. government, was forced to abandon polygamy in its Manifesto of 1890 under pressure from Washington. Self-appointed moral guardians pressed for the banishment of polygamy within U.S. borders in the 1800's. Most of these opponents of polygamy, without even visiting Mormon communities, cited child neglect and a deteriorated family life as the principal reason for its termination. But in an area where alcoholic beverages are banned and family life is cherished, it's hard to picture rampant cases of abuse and lust. Utah women were allowed to vote in state elections before their counterparts could vote in federal elections. Polygamy was permitted in Utah for two main reasons: to allow the women to work the farms while the men were off on religious missions, and to encourage growth of what was originally a small pioneer population in search of religious freedom.

Men like Ken feel being a polygamist is his traditional, religious right, as it had been for generations before him, and turns to the Constitution's guarantee of freedom of religion to support his lifestyle. As Ken dutifully supports his wives and houses them in separate states, he's managed to avoid being investigated by the government.

Although Ken's first two wives were local women raised in polygamous families, he found his third wife, April, hitchhiking in Nevada. She had come to Reno from a broken home in southern California in search of a future as a casino showgirl. At this point in his life, Ken did not plan on taking any more wives; he was 40, but he felt sorry for April. Believing their meeting was fate, he persuaded her to convert to his religion. Once she did, they were married by a Nevada Mormon minister and have been together for almost a year. The two of them feel they have made the right choice and April is glad to finally have a stable home.

Ken's religious superiors are not aware of his three wives but strongly suspect that there are many men like him in their flocks. If they were to openly accept these actions from their members they would be forced to report them, otherwise they would be breaking the law and threatening the status of their religion. But for conscientious practitioners like Ken, church officials are

"Many polygamists believe it is their traditional, religious right."

inclined to look the other way. Many church members are sympathetic, they view these men in almost a heroic way, practicing their beliefs despite the threat of government persecution. This is one of the many, albeit tedious ways, in which polygamy is practiced in the 90's.

Naturally, not every polygamist can live at the Utah/Idaho/Nevada corner—many live in our largest cities. Nearly every Moslem country, except Tunisia, permits polygamy, and most Moslems are entitled to keep four wives. Today, for the first time in its history, the United States is experiencing a serious influx of Moslems, many of whom are polygamists. Like other polygamists, they defend their actions by pointing out a host of benefits: more women are able to find a home and have children, population increases, prostitution is curtailed, and old men whose first wives are no longer able to bear children, get a new lease on life by taking a younger woman. They also say that monogamy is unnatural. "Look at the stallion and the rooster," one Arab said, "They visit many females, it is nature's way."

And what does a man do when his wife is pregnant or having her period and can't have sex? Having an extra wife relieves the pressure and keeps everyone happy. Adultery is virtually non-existent in polygamous societies and sexually transmitted diseases are rare. Consider what an old Turkish ambassador to France once said, "We Turks are great simpletons compared to you Christians. We pay the expense of keeping a harem at home while you keep them at your friends' houses."

Other Western cultures have considered polygamy at various times throughout history. The ancient Athenians considered it after their population was decimated by warring Spartans. Officials of the French government proposed it for similar reasons after World War I, while even the Nazis and Czechoslovaks thought about it as a way to build their races. Napoleon also considered it as a means to build armies and labor forces and Voltaire and Rousseau incorporated it as a part of their utopian societies.

By as late as 1955, it was reported that one-fourth of all African Christians were polygamous. Today there are 150 wives for every male in sub-Sahara Africa. Most Africans however practice sororal polygamy, meaning one man marries at least two of the daughters of a particular family. The Tanzania Attorney General told *Newsweek* in 1970, "If we went after every Christian with a second wife, we'd have to give up chasing criminals." In Nigeria, one Methodist church permits polygamy among its members. In Kenya, a chief with 15 wives was finally married by a Catholic priest, who at the ceremony said to him, "I can't tell you to give up the other 14, but see to it that you only sleep with one." In fact, it is tiny Tunisia, that is the only Moslem country where polygamy is outlawed.

For religious support, polygamists point out that Abraham and Solomon had several wives. Christ, in fact, never said anything on the subject, while Mohammed wrote, "I can not imagine that the Creator would place so many pleasures within men's hearts with the sole purpose of making men combat them." It was St. Paul who later limited deacons and bishops to one wife. The main office

in Rome later ordered monogamy across the board. A few centuries later, Martin Luther admonished monogamy, perhaps to encourage the growth of his new church.

Despite legal pressures, polygamy has not gone away and has evolved to adapt to contemporary western society in nearly unrecognizable ways. Initially, it was the sexual revolution of the 60's that relaxed people's attitudes toward sex. Being friends with your sexual partner, as opposed to exclusive lovers, became the norm, and it meant one had the ability to enjoy sex with others and not break any rules. Later, divorce, birth control, controlled swapping, and women's rights gave people sexual freedoms their parents never had.

By some definitions, any man who regularly has sex with more than one woman is a polygamist. Conversely, any woman who keeps several regular lovers is a bigamist. Consider the opinion of 19th century French sociologist Charles Fourier. "A polygamous woman who has changed lovers 12 times and stays friends with all 12 and then loves a 13th, has formed 12 friendships which she would not have had if she remained constant to one." What our polygamist Ken says is more direct, "Good polygamy is better than bad monogamy."

America's lower classes enjoy their own form of polygamy. "Many of the parents of these children have never been married," states a New York City public school teacher referring to her students. "But that doesn't mean the fathers don't support them. He's not around all the time, but he gives the mothers cash and buys the kids things like clothes and video games. By not being married, they can get benefits from the state." This is what may lead to the downfall of polygamous arrangements in this country. As governments look increasingly harder for cheats in the welfare system, polygamists are being uncovered. From Utah to New Jersey, women with children applying for welfare are investigated. If it is found that the father of her children is a polygamist, the state will

"Despite legal pressures, American polygamy has not gone away."

pursue him for payment and other criminal charges.

Years ago, when Utah was a remote area, the Mormons existed almost entirely on farming. While the men went out on religious missions the women tended the farms. It was a cohesive community with a system that worked. Divorce and adultery were forbidden and every man was expected to take several wives. In addition to the right to vote, women were educated and held jobs that were competitive in every way with their male counterparts—hardly a chauvinistic society. Today, many Mormons have now entered the general economy and when they lose their jobs, they turn to welfare. Subsequently, the question of support, legality, and religious freedom collide.

It is more than likely that these questions will continue to arise as it is a difficult area of the law to enforce, especially when all parties cooperate. Smart practitioners like Ken who keep their wives in various states and don't flaunt their lifestyle should be able to live as they choose. And for any of you contemplating becoming a polygamist but fear it will be nearly impossible to find agreeable women, remember the words of George Bernard Shaw. "Women will always prefer a one-tenth share of a first rate man, than exclusive possession of a third rate one."

WENDY WHOPPERS

Major Tits

The first time I ever danced naked in front of a group of guys wasn't in a topless club, it was in a college dorm room. I was a freshman and was rooming with another girl named Jill who had a set of tits almost as fabulous as mine. We spent a lot of time naked in front of each other, and on occasions we would compare bodies. I'd feel her tits, ass, and pussy and judge it with a number from 1 to 10, and then she'd do the same to me. It was just a fun game at first, but as time went on we became sexually attracted to each other. It started simply by licking and sucking each other's tits, and then progressed to finger fucking and pussy eating. It was really great in a way because we never had to go horny, even though what we both wanted was hard, steamy cock!

50DD-23-34

"She met a guy who lived in a dorm and on weekends she'd sneak into his room to fuck him. Then she'd come back and tell me all the juicy details while I played with my pussy. One night she told me she danced naked in front of her boyfriend while he got the biggest hard-on in the world. As she described it the thought of it excited me more than I could believe. I had never danced naked in front of a guy before, and for the next few weeks I masturbated under the covers every night thinking about doing it.

"Then Jill told me that her boyfriend was going to invite some of his dorm buddies into his room to watch her dance, and she asked if I'd come along and dance with her.

I jumped at the chance and later that night I found myself undressing in front of four guys who looked like they were watching a miracle. I couldn't believe the look of awe and desire on their faces when my tits popped free and I started to shake them. It was at that moment that I knew I wanted to be a topless dancer as a career.

"Jill and I put on quite a show that night. We were both so excited and our pussies were so wet that we couldn't hide the fact that our love juice was dripping down our thighs.

Before long all the guys had their pants off and their cocks out and we didn't need any more of an invitation than that!

"Jill quickly knelt before her boyfriend and sucked his large boner into her mouth while I watched in amazement. I felt several hands running over my own tits and another one between the sticky wet lips of my hairy pussy. I gave into my desires and took a cock into my own mouth while I watched Jill sit on her boyfriend's cock, burying it all the way up to the roots.

"A long cock slid into my own dripping pussy as I continued to blow the one I had in my mouth, and after it had fucked me to orgasm, another cock took its place. That's the way it went until almost dawn—fucking and sucking all four guys in all kinds of positions until I didn't think I could cum anymore.

"At the end of that semester I quit college and started dancing topless professionally. I've been doing it ever since and I love it. Now, that's smart!"
