EDITORIAL

The attraction of big-breasted women is undeniable. Men fawn over gals who are well-endowed; and the girls just eat it up. In the following pages of **BIG TITS**, you will see some chicks who have stuff that will knock your eyes out. Be careful!

CARLA'S JUMBO JUGS

Carla is a beautiful woman who is the proud possessor of two of the most wondrous breasts in Columbia — where she lives. She likes to show them off to the men who are invited into her apartment. But not many men get to go up there. She's choosy.

Her lush, luscious body seems to ooze the most excruciatingly sensual type of sexuality. Her flesh seems to reek of unbridled lust and longing. She's a passionate wench; and she likes to take those two delicious dangles and rub them up against the furry chest of a real he-man. She goes for the macho type. She likes what she calls "Reeeel Mieieiein." She talks a little funny, but she's about the sexiest thing around.

We asked Carla to try and explain to us how she deals with those gigantic tits when they are acting uppity. She said, "Well, I let you nibble — nibble? — on them, hee, hee, hee." Isn't she a doll? Carla is one of the nicest and most popular gals around, and it's no wonder.

Her lush breasts simply cannot be hidden — they sneak out of everything she tries to put them in — they seem to have a mind of their own, and a will of their own. And they just won't obey the poor girl — they have needs and desires of their own, and they can't be denied. Some smart tits, huh?

HONEY'S

HEAVY HANGERS

Her name is Honey; and she's got two of the most incredible bra-busters around! She's a sensualist, and she likes to give those amazing orbs a good time. And she likes to do that *often*!

A little pinch on the capacious nipple is a real treat for this lusty lass. She likes to massage her tits, and to give them a bit of pleasure-pain. When she's alone, she has as good a time as when there's company.

Are they big, or
are they *big*? This
chick has the best
set of mounds on
her block — maybe
in the whole damn
state. She has a
following that you
might not believe —
or, then again,
you just might.
Honey just loves
to get a guy to
suck on one of her
tits. Wanna try?

Check her out in the shower!
She's a pleasure to watch
as she rubs and scrubs
herself clean. Every time
this hot honey takes a
bath or a shower, she
takes extra special care
to wash those hard-to-get-at
places — like her juicy
cunt. And she digs giving
the business to those easy-
to-find places — like her
enormous, sensual knockers.
When Honey cleans herself
up, she does it right!

MOUNDS OF PLEASURE

Fred was getting tired of Maureen. She just wasn't satisfying him anymore. She was a dull fucking bore, he thought to himself. She couldn't give good head and she was always crying when he wanted to fuck her in the ass. A real shame of a woman. Fred was pissed too because Maureen, who was tight in the ass when he first met her, was not getting fat and flabby. And she didn't have any tit at all. That really blew Fred away. He really liked those women with the real big tits. Something you can sink your teeth into. He was talking to his good friend Mike, and Mike was in total agreement. Fed up, Fred decided that it was time for a change.

He kicked Maureen out on a Friday and on Saturday night he went on the prowl. His first stop, a local bar, was loaded with teeny boppers and Fred knew he could never get over with any of them. He was just a little too straight and he never followed up on the in things. He didn't give a fuck about musicians and that's all

them chickies slept with anyhow. Mostly young chicks and they ain't got no tits anyhow. Fred went from bar to bar and even though he was getting a lot of looks, for Fred was a handsome devil, there wasn't nothing that really excited him.

At his last stop for the night he pulled into Big Mac's. Big Mac was an old friend of his from the army. They did time in the Nam together and they had that tight-knit friendship that grows over the years. Fred saved Big Mac's life once and he could always count on Mac to stand him to a couple of drinks. Big Mac was happy to see Fred, the bar was jumping and Mac always liked to impress his friends. There were a lot of chicks dancing and there was a good share of lookers. Fred sat down at the bar.

"Good to see you Fred, what we want to stimulate the senses?"

"Gin and tonic Mac, how's the action?"

"They're hotter than squid tonight, fucking creamy and wet."

"Sounds great, I'm ready for a good piece."

"Where's Maureen?"

"I put her in the wind, man what a drag, fucking chick was pulling me down."

"Oh, she was a nice chick."

"Ya, nice but dull."

"Well, what's your preference?"

"I need one with a lot of meat on it, a lot of meat, I mean up top. Maureen had them baby tits, I want something more like a woman."

"Well, there's a table of them over there next to the band. They're all wanting someone to spread them wide."

"Oh, I don't want none of them college kids, fucking too sharp for me, I don't know what they're talking about."

Just then one of the ladies at the table came up to the bar. She stood next to Fred and was ordering a round of drinks. Fred looked her up and down.

"You like what you see mister?"

"Not bad for a college girl."

"I got my B.A. in physical therapy, what's your story?"

"I got my masters in hard knocks and I want some dame to throw me around."

"Well, if you take your hands out of your pants and can do a little dancing you might just find someone to oblige you."

Fred looks at the girl. She is leaning his way. He sees her tits and they're huge. She is smiling at him, watching him check her up and down.

"What's your name sweetheart?"

"Carmen."

"Well, Carmen, I think I might be able to handle a dance or two. My name's Fred. Ready Freddy my good buddies call me."

"Well, Freddie, let's boogie."

The lady turns around and Fred picks up his drink and follows her to the table. She sets the drinks down and introduces Fred to the people at the table. Fred nods, not remembering any of the names, just the faces and the tits. Nothing really standoutish. The band hits it and Fred follows Carmen onto the dance floor. Fred knows a few things but Carmen is a real dancer. Fred gets his first look at the lady and he likes what he sees. Her sweater is back as she is doing the swing. Her tits are all over her chest and flopping from side to side. Her ass swings and her tits move and Fred is glued to her movements. She seems to be tempting him, teasing him with her slow hip movements.

Fred knows a thing or two and he can see the lady Carmen is digging on his body. Fred has always stayed in good physical shape and his natural good looks have always been a hit with the ladies. Carmen is digging his dancing.

Fred had a couple of black partners who taught him the soul variations and Carmen is impressed with his technique. She smiles gladly into his eyes and whispers into his ear.

"I think you can do something

for me."

Fred just smiles back, locked into an ego game that he thinks he is winning. Carmen throws her sweater onto the back of the table and Fred's cock gets hard. The woman is really being nasty and her tits are rock hard in a bra-less white sweater. Fred pulls her close to him and she responds by rubbing her pussy up on his cock and smiling. He accepts the invitation and says rather assuredly, "Why don't we blow this place and go to my house for a couple a drinks."

"Sounds great Fred, let me tell my partners."

Fred goes over to the bar and waits for Carmen. Big Mac gives him a silly grin and Fred does his James Cagney imitation. Fred is good at imitations. He watches Carmen approach and she is visibly very beautiful. Long black hair and deep black eyes. Spanish American extract. Fred loves the latin lovers. He once fucked his brains out in a Mexican whorehouse. He never told Maureen but he sometimes jacked off to the memory. He slung his arm around Carmen and they walked out the door with a lot of eyes on them. More than a few of the dudes at the bar had their heads set on Carmen. Envy turned to different things as the men watched the asses and tits shake on the dance floor. Everyone had to score.

Fred stopped at the liquor store and picked up a bottle of gin. Carmen suggested Martini's and Fred at first wasn't into the vermouth trip but he picked up a bottle for Carmen anyway.

Carmen relaxed in Fred's blue Riviera, the bucket seats like an instant womb. She smiled and slid down in the seat. She watched Fred as he came out of the liquor store. She was feeling the three Martini's she had put down at Big Mac's. The light glow of sexuality was on her. Fred was clean, real clean, real handsome devil thought Carmen, probably brainless but sometimes a man's brains

are located in different places. Carmen liked men and she had had her share. Yes, Fred was no new thing but he was a goodlooking thing. She stared at his pants and was curious about the size of his joint. She hoped it was a good sized one. She just got over a relationship with a guy smaller than her big thumb. Just wasn't a winner in Carmen's book. She had to feel that dick in her, on her, all over her. She loved the fire inside a good cock. She could feel Fred had a thing for her tits. She would like a little cock between the breasts. Fred looked like the good type, anything goes, and that suited Carmen fine.

Fred got back in the car smiling. Here was a man destined for something, what, the used car salesman only knows, but he had that classic American sexuality about him; rough and aloof, tough enough to survive and fast enough to know where the ass is and sure enough to shake it loose.

They drove about a mile and a half and they exchanged casualities. Fred talked about sports and Carmen laughed at his jokes.

"You're a decent looking woman babe."

"Why thanks Fred, you're not bad yourself."

"You know I think you got a lot to offer a man."

"You really think so?"

"Ya, you got looks, brains, you got some class. I watched how the guys were checking you out in the bar. Ya, you can take care of yourself."

"I'm pretty choosy Fred."

"Well that makes me feel real good. I hope I don't prove you wrong. What kind of sex bag you into?"

"Almost anything goes among friends Fred." Carmen leans over and rubs Fred's cock.

"Now your talking baby, that feels real nice. I like to be able to talk to my women. My old lady and I, we just broke up, we couldn't talk anymore. No satis-

HELEN'S HEFTY HANDLES

Meet Helen! She's one of the most popular chicks around, and it shouldn't be too very difficult for you to guess why.

This sexy wench knows how to make the most of what she's got — and she's got plenty to make the most of! She enjoys the thrilling sensations that her bounteous body affords her — she gets off on being a truly sensuous woman. Not a day goes by without this charming chick lovifying her pendulous pears. She considers it her duty to see that they get their fair share of fun. Helen believes in pleasure for its own sake. She thinks that the best way to have a good time is to forget about all the troubles and cares of daily life, and simply let yourself go. And she's plenty good at that!

Her enormous breasts exude a luscious and lusty brand of rampant sexuality. They glow with supreme sensuousity. She toys with them playfully, and she ministers to them in the way that only she knows how. She's an expert at making them feel good. See?

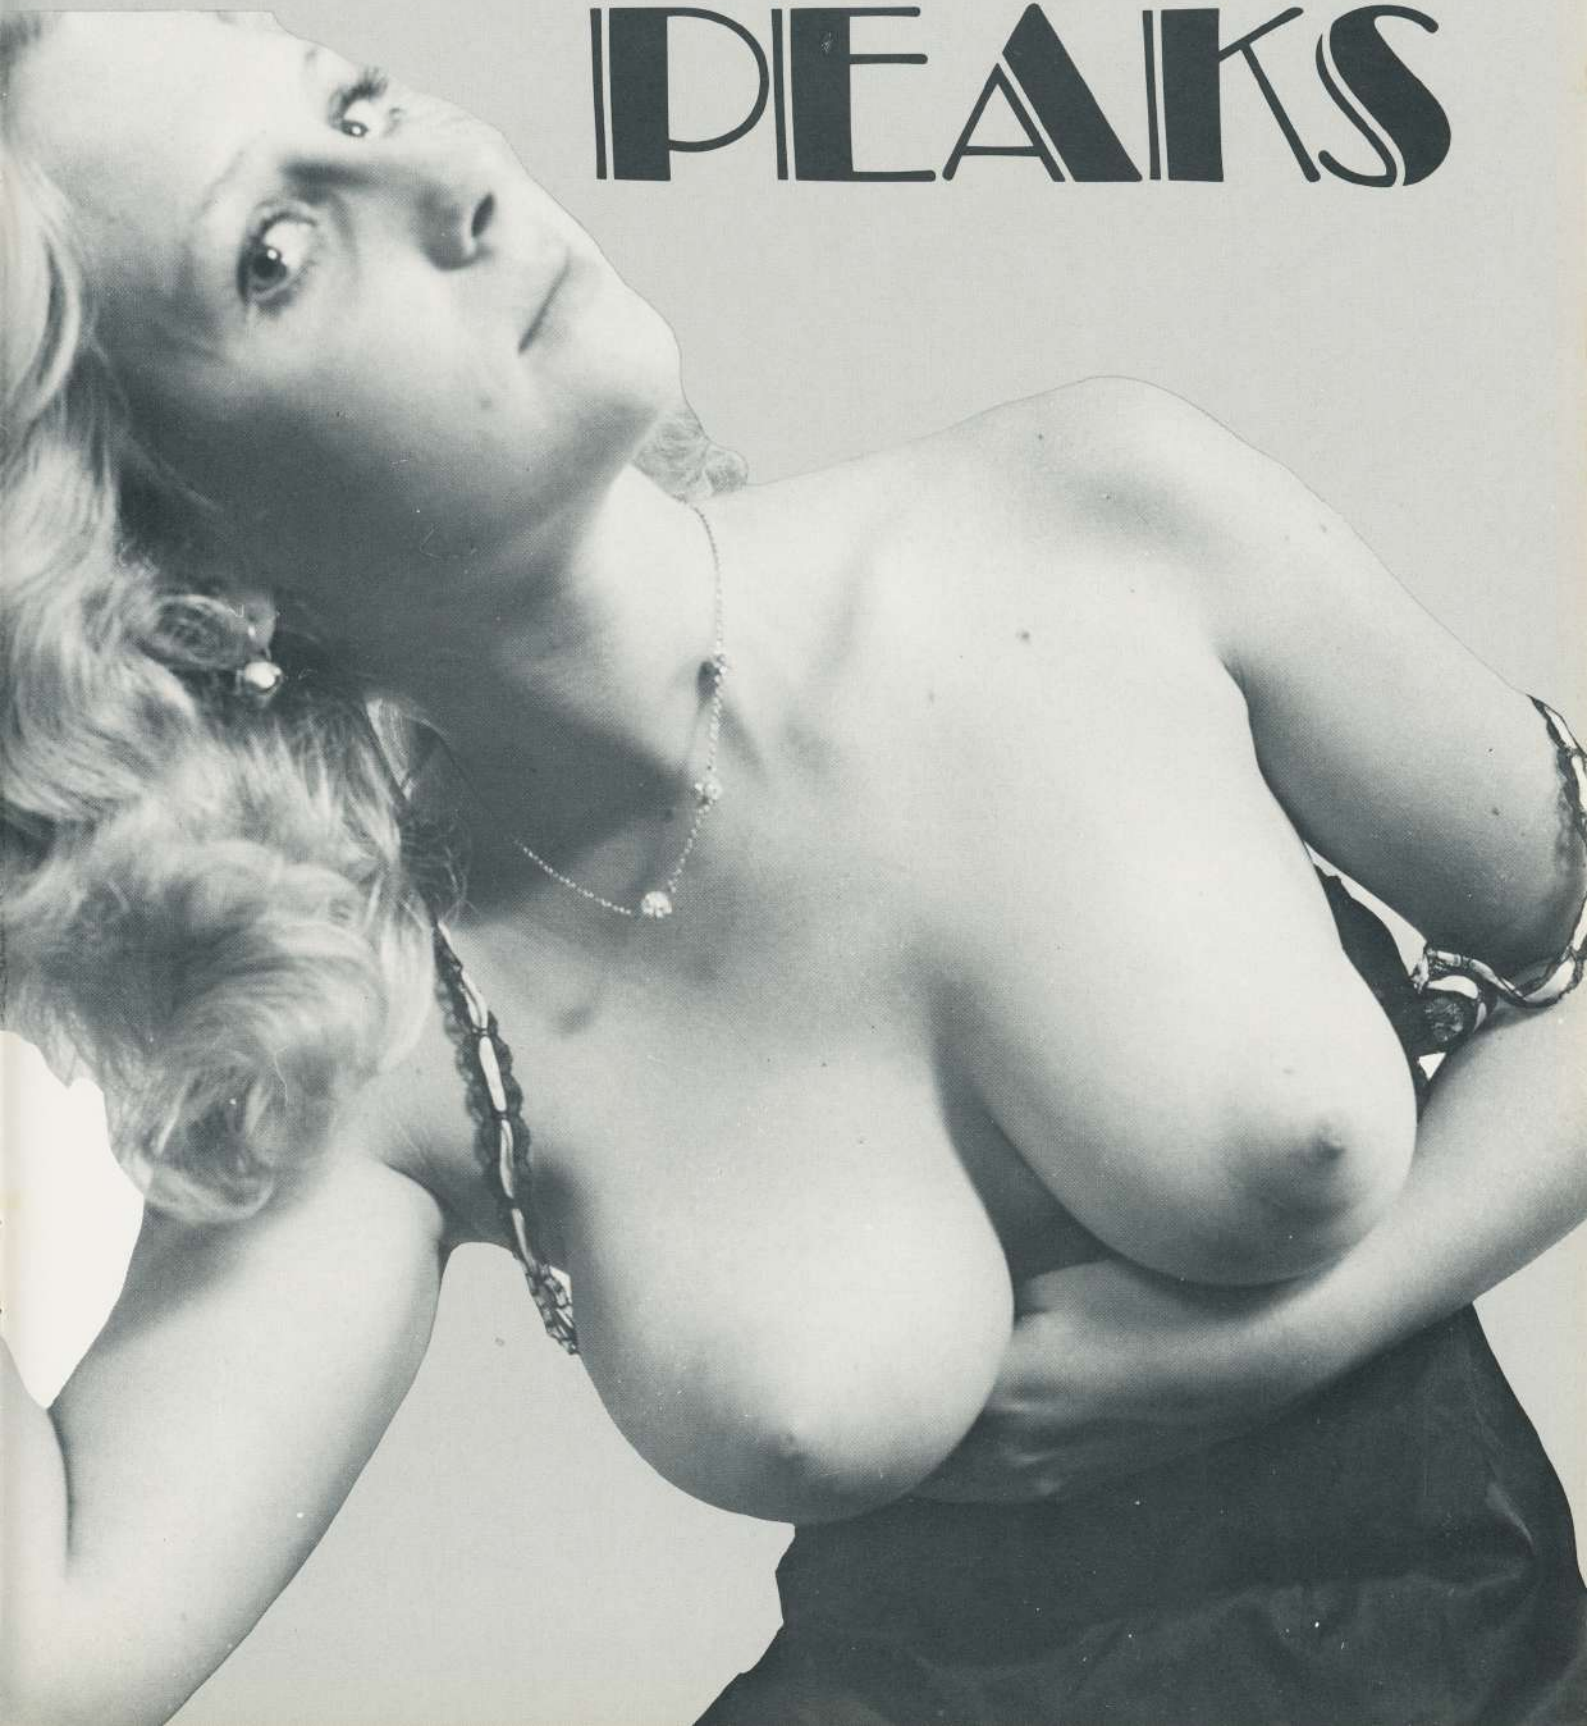

It's obvious that her free, uninhibited life-style agrees with her very well. She certainly looks happy, doesn't she? And she is! She delights in everything that life has to offer — and it has always offered her a great deal. Her winning smile says a lot about her. It says that she is in touch with her feelings and her desires; and it says that she has confidence that she is living life to the fullest. Helen is a gal who is admired by all who know her, both men and women. She's envied.

TWIN

PEAKS

Greta has big tits; and Greta grooves on letting you see them. She's a show-off.

She has always wanted to be a model. But she has certain problems in this connection. It seems that every time she is supposed to remain still — she starts to move and groove! Look! And who can blame her — she's got a lot to move.

Her lush breasts dangle from off her moistly glistening chest, and the impression is one of wondrous sensuality. The girl is just *too* much!

Her coy, innocent looks are deceiving. She reminds you of a young, naive child. But that's not nearly the case, brother. She's a woman of experience, alright!

faction."

"That's too bad Fred. I like a man who can show me a good time. Take charge guy. I don't like lazy men Fred. You think you got the kind of staying power that can make me feel good?"

"Feel for yourself."

Carmen unzips Fred's fly and pulls out his cock. She watches it grow in her hand.

"Ya, you got enough here Fred, I hope we can make it last."

"Junior don't take no breaks if the woman keeps his attention. He can go and go. I have only been taken down a few times, lady, and that was some rare shit, nymphomaniacs, you know."

"Well, I ain't no nymph Fred, but I really can take care of a good man. Like I say, anything goes. Anything Fred."

"I really like your tits babe."

Carmen unbuttons her sweater and Fred almost runs off the road. Her tits are huge, just fucking mammoth, fifties or fucking larger. She is smiling at Fred, squeezing his cock.

"You like them, Fred?"

"Love 'em mama. God I can't wait to play telephone with you."

"Telephone?" Carmen asked questioningly.

"Ya, you take one of them giants and stick it in your ear and the other one in your mouth and you start talking." Fred is laughing to himself. Carmen thinks it's rather adolescent but charming.

"I hope you don't talk too long Fred."

"With you baby it will be long distance."

Carmen smiles and Fred pulls into his driveway. The lights are out and that means Maureen won't be bothering him. He was glad of that. With this sex freak on his hands he might just get a hotel if Maureen shows up. He zips up his fly, lumps in his trousers as Carmen buttons the two bottom buttons on her sweater. They walk hand in hand up the stairs and into the house.

Fred's got a big front room and a similar dining room. The kit-

chen is loaded with beer and whiskey. There's a stereo consul in the front room and the colors are nothing magnetic. The bedroom is down the hall and Fred mixes a drink as Carmen puts on a record. Typical middle class house, Johnny Mathis and Bobby Goldsboro records out of their sleeves. Fred is not much for contemporary things. He used to like Frank Sinatra but that was before he salted up to that crazy spade Sammy Davis.

Fred returns to the dining room with the drinks. Carmen is bending over the record player and he walks over to her and puts his hand up her sweater. She smiles and doesn't do anything to stop his action. His hand is full of tit, he is sure they are the biggest he has ever come across. Carmen giggles when Fred squeezes the nipple. He sets the drinks down and with his other hand engulfs her left breast. The width and weight of her breasts are astounding. He smiles carelessly to himself and starts juggling the tits in his hands like a couple of bowling pins. Carmen lets the record drop on the turn table, and turning about unbuttons her sweater and lets her glorious lobes fall into Fred's hands.

Fred's eyes light up. The tits themselves are five times bigger than anything he has ever seen. The nipples are the size of ripe pears, they spread out almost ten inches across the point of her tits. Carmen is smiling with glee at Fred's pleasure. She unhooks his belt buckle and pulls out his penis. She fondles it to full length and it is a good strong eight-incher. With one hand tugging on the helmet of his cock and another fondling his balls she has in her hands a good deal of sexual appetite.

"Baby I ain't ever seen tits like yours."

"Not bad hunh, how about we go into the bedroom and get better acquainted. You ain't so small yourself."

Fred kisses her on the mouth

and lets his tongue stay in for a long passionate moment. Her hands go around his neck and she pushes her tongue down his throat. He is feeling the pleasure of sensuality rise and move in his mind. Carmen has a big mouth and he likes that. He can probably get his cock in with no trouble. She can probably suck him dry. He turns and leads her into the bedroom.

"You want the lights on or off baby."

"I like them on. I want to see what I am sucking."

"That is fine with me 'cause it would take me a month to trace those tits in the dark."

Carmen lies down on the bed, putting her head down on the end without the pillow and laying her long black hair over the edge. She pulls her panties off and Fred stares at the fine sinewy muff between her legs. Long thin black pubic hair reaches up and spreads out like the state of Oklahoma. He knows he is going to kiss the capital. Her thighs are fine and firm, her hips just right. She is almost a goddess. His cock arches towards the light fixture above them.

"C'mon baby, let's have a taste of that love stick."

"You can have all you want for as long as you want."

"I am going to drain you dry pretty boy, c'mon now and lets get to it."

Fred takes his pants off and slips his shorts down and throws them into the corner. Her mouth is open and waiting, her tits like soft mountains hanging on her divine chest. He moves to the end of the bed and inserts the head of his cock in her mouth. He moves it in slowly and she hums a little noise in her throat. She throws her neck back for better and deeper insertion and Fred sinks half his cock in her throat. Bending over he starts licking on the right tit. With two hands he holds the precious meat in his hand. He still doesn't capture all of it. He licks the dark nipple mound and then puckers the pink nipple up

till it is hard and pouting. Carmen pulls on his waist and his cock is talking to her tonsils. He slaps it hard on the back of her mouth and she adjusts to his thrusting and he is surprised at the effortlessness of her sucking technique. She must be related to Linda Lovelace.

Sucking the other nipple till it is hard, Fred alternates tits trying to hold back the passion that is stirring in his loins. He can feel her tongue working over his balls and it is driving him crazy. She pushes her ass up and sinks her fingernails into his back and he opens his mouth wide and stuffs as much of the soft cushiony tit in his mouth as possible. Bobbing his head and his cock in a fast moving rhythm Fred can feel the pressure mounting. He reaches for her thighs but they are too far away and then back on her left breast he sucks in deep on her tit and explodes a heavy

series of sperm shots deep in her throat. He keeps coming and coming, the heavy sperm lost in the mouth of his new lover. She sucks strongly as he pours more and more of the fast pumping juice into her open orifice. He feels like she can swallow the whole thing.

She licks his softening stem and pulls the creamy cock out of her mouth. She then strokes it with her hand, pulling the final few drops off with her fingers and putting them to her lips. Fred is shaken with passion. He feels like a fallen leaf still falling. He lays his head on her chest and sucks furiously on her nipple mountain. She licks his balls and then slowly blows on his ass and up and down on his sac and softened rod. Fred puts his hands down and feels between her thighs. Her pussy is damp and warm. He would have to repay the favor. Right now he needs a drink. He gets up and

looks down at Carmen. He makes a zero figure with his thumb and forefinger and says, "A-O.K." Smiling up at Fred, Carmen pulls her head up and wipes her mouth with her hand.

"You certainly have a lot to give Fred. That was a real man's show. A real man's show." She says this and tugs on his cock and looks up into his eyes. "It isn't over is it?"

"By no means baby, Fred is just rounding first base. I am going to mix us a couple of drinks and then old Fred is going to suck your pussy till you beg me to stop."

"Alright Fred, alright."

"You just prepare yourself how you like it. I'll be right back."

Fred went into the kitchen beaming all over. He looked down at his joint and thought of how nice it felt inside Carmen's mouth. Just like a thousand bees making honey. Yes, a real woman. No more of this Maureen bullshit, he

had a winner now. Liked her sex long and hard. Fred's mouth was getting dry what with the thought of Carmen's pussy and the taste of gin he might be able to go all night. He really wanted to fuck her in the tits. He was sure she would go for it. She would go for anything. He poured the drinks and walked back in the room. Carmen was waiting for him. He couldn't believe his eyes.

She was sitting on the edge of the bed and she had the two pillows under her ass. Her legs were spread far apart and another pillow was on the floor for Fred to kneel on. What blew his mind was that her tits hung down on each inside of her thighs. He could bang her pussy and suck her tits at the same time. She looked up at him when he came in.

"How's this for you, Fred?"

"Looks mighty fine to me. Doesn't that bother your back?"

"Been doing yoga for three years now, learn't a lot about the muscles and how far they can stretch. I told you we were going to have some fun together."

"Here's your drink, bottoms up."

"And legs apart."

Fred smiled at her joke and knelt down on the pillows looking up at her buttery snatch. Beautiful snatch it was, slick and sassy and black, her pink flaps waiting to be parted to bear the little man waiting to be given his do. Fred kissed her tender thighs and then running his hand in her pussy flipped his tongue onto her clit. She massaged his neck and helped him with his sexual meal. His tongue was long and shapely and sent her juices flowing quickly. She tossed her head and moaned a feverish female moan. He was getting her hot quick. He sent a quick jab up her ass and she squirmed in delight. She could move freely on the pillows and she was kindly shoving the pretty black-faced pussy down into Fred's waiting mouth. He relished every second of the tasty

delight. He had her moving and squirming, panting and jerking. He tilted her vagina softly and quickly, and then again harder and further. His own cock was growing back to shaped fullness.

"Oh, Fred, I can really feel you. Yes, Fred, that's it, I love it, I ache for you!"

Feeling the immense pleasure that she did, Carmen took hold of her breasts and putting one in her mouth started to suck the end herself. Fred wasn't conscious of it at first but looking up he was shocked at the passion of the woman. She was sucking her own tit better than anyone could possibly imagine. She took at least a quarter of the end deep into her throat.

"Fuck me, Fred, I want to feel your cock in me."

Fred took his nose out of Carmen's snatch and looked at the now lubricated fur burger. Stepping back he took his cock in his hands. Carmen looked at the end of his bulging gourd filled with blood.

"Fuck me, Fred," she said earnestly, moving back on the bed and pulling her legs up and pushing her toes toward the ceiling. Fred knelt on the bed and put the end of his organ in her. She skewered in delight and pulled her ass apart and watched as his eight inches reamed her pussy free. Fred was into the best fuck in his life. None of this playing around. This woman wanted cock and Fred had a head on his that was power drive all the way. He was going to fuck her mouth, her pussy, her tits, anything she wanted fucked. Fred was ready and he slammed his meat deeper into Carmen's appreciative cunt. He was stretching the walls with his large member. He slammed the full load up against her clit and pulled back and rammed again. The harder he rammed the more she liked it. She was working her legs with her hands, rotating them above her head, her massive tits hanging like chaps across her belly. She had a grim-

ace of pleasure on her face telling Fred that he was sending home tough good fucking meat. He smiled down at her closed eyes and easing out, let his cock shiver on the lips of her vagina. When she opened her eyes he sent his cock lashing deep into her pussy, wet and tearful inside. Her eyes shot back in her head and a rushing orgasm beckoned her home. Fred kept up his good fucking. He would rest the thick cock on the lips of her vagina and then when she wanted to bring it to her she'd open her eyes and Fred would slam it home. They savored every thrust like a miser savors pennies. Fred's cock was on now and he knew it. He was in control. Carmen was squirming like a wounded animal and her senses were being jarred by the heavily hung Fred. She was coming in gushes like a rainstorm engulfing a valley, one after another and she screamed in delight and this made Fred drive harder and he drove his cock through the fields of Carmen's pussy and sent it deep to tickle the feathers of the interior.

She moaned and came again and again, sucking on her tits and pulling his thighs up into her to the hilt. "Roll me mama," said Fred and started his ass moving in circles.

Carmen was at the point of exhaustion as Fred kept sending his brazen meat into her hot cunt. She was dripping out the walls and her come was running down her legs.

"Fuck me Fred, fuck me."

Fred sent the entire cock up and deep and left it there and picking up her ass, she was suspended by Fred's fierce cock. He left it there and she gasped and gasped as he started pumping come out of the thick cock. She could feel the gushing cock pumping the thick come into her arching pussy. Her mind was afire as she came again and again. Fred wouldn't let her ass down until his cock, drained of all fluid, started to soften and slip

out of the thud cracking pussy of Carmen. Carmen was beside herself. She was kissing Fred's entire body, sucking his hands and cock and tits and arms and mouth. Fred loved it. He smiled up into Carmen's eyes as she started sucking his cock again. She just liked to get the best of the last drops thought Fred. Boy she was damn fine.

Carmen slid her arm around Fred's shoulder, her hand on his balls, tickling the sac.

"Would you like me to make you a nice drink Freddie?"

"That sounds great Carmen."

Fred lays his head on the pillow looking down at his softened prick. Things were going great. With a little rest he could probably get it up one more time and fire those tits of Carmen's.

Carmen was in the kitchen mixing the gin. Her pussy was dripping and running the length of her thighs, hot thick little rivulets of come. She smiled to herself feeling one hundred percent satisfied. She poured a little gin on the end of the nipples and sucked it off straight. Tasted good. She could use a little rest and then she'd like to thrill that Freddie right out of his balls by sucking on that monster while he drove it up the driveway of her tits. God what a piece of meat this one was, she squirmed and shook her ass all the way back into the bedroom. Fred had it all and he was really putting on a show. Her turn was next. She laid down next to him giving him the gin. She slipped up next to his hot body and sending her warmth all over him kissed his chest with her hot gin breath.

She put one tit on his chest and he propped his gin glass on it. She laughed and almost spilt the drink. Her tit was like a monstrous tray. Fred couldn't yet get over the size of the woman. They laughed and giggled like a couple of kids for their pleasures were immediate. Carmen washed her mouth with gin and then taking Fred's cock slipped it in her

mouth and gagged a little on the gin and tonic. Fred pushed her head down hard on his cock and little rivulets came out from the side of her mouth. She threw her head back and swallowed and punched him playfully in the thigh.

"You really know how to take care of a woman Fred. You drove this little girl crazy with that man of yours."

"Thanks babe, your not bad yourself."

"Not bad?"

"Damn good."

"That's a little better. Say, do you think you can get it up one more time?"

"No problem."

"Well I thought you might like to stick that probe between my tits. They need a little affection also. I like to have a creamy chest."

Fred looks at Carmen. He doesn't believe his ears. She took the words right out of his mind.

"Mama I'll fuck them tits till you can swim in come."

"Alright Fred, that's what I wanted to hear."

"Let's finish the drink first and then we'll get to it. Excuse me but did you ever use any of that silicone stuff?"

"Hell, no, Fred, all Cancers have big tits."

"I don't believe in none of that shit."

"Suit yourself but it's true."

"Well if it's true or not I love 'em."

Fred rolls over on Carmen and straddles her stomach, his cock pointing at her face. He laughs at her and she laughs back. He moves up a little on her stomach and she pulls his cock with the side of her hands. He moves further up. She then takes the bulbs of the monstrous tits in her hand and engulfs Fred's cock, swathing it in tit. Fred really laughs at this. He can't see his cock anymore because there is too much tit. He sits up and looks over and sees the head of his cock coming out around her neck.

Picking up his ass he starts to move it in the mounds of flesh. He takes his time letting it grow and allowing for Carmen to get turned on. That she does.

"I want you to blow your shot right in my tits Fred, got it."

"Ya and your going to get it."

"Love it Fred, just love it."

Fred puts his arms on the bed next to Carmen's waist as she holds her tits up and Fred moves his ass and cock faster between the gigantic lobes. His cock is protruding right about eye level and he hopes he can smear her face with his hot delight. The woman would love it. He can tell.

The friction of her warm tits is sending his cock screaming through the valley on her chest. His cock is rubbing hard on the soft interior, the head of his cock aching to explode. He holds back and watches as Carmen wraps the titties around his cock so that the end of the nipples and the head of Fred's cock are like pigs in a blanket.

She then breaks the control in Fred's head to smithereens. She licks the head of his cock and her tits at the same time. Fred can't imagine the strain on her neck but he doesn't care for he is power fucking now. Knocking on heaven's door, fucking them tits to life. He loses control and starts spraying her face with hot fast come. Carmen licks it up, pushing her mouth on the fast ejaculating opening in Fred's cock. There is sperm everywhere flying and landing like soup on tits, cheeks and tongue.

"More, more, Freddie, I love you."

Fred is pumping uncontrollably, his eyes closed and his head spinning, his body shaking and his cock exploding like a million firecrackers. He has never got off like this before. His cock is shooting stars at the ceiling and Carmen is catching the dripping semen in her mouth, on her face and all over her damn fine tits. The two of them are in seventh heaven. ■
