Dear Sirs:

With permission of the editors I am taking this opportunity to tell you that a chick like me, with big tits and a split with a big hunger for cocks, needs a big list of lovers to keep her happy.

If any of you happen to be coming out to the Coast and would like a little of my brand of companionship, drop me a line. I am looking for guys—probably only one guy when you get to the bottom line—who has a strong appetite for sex. Sex not only keeps me slim and trim, it keeps my disposition sunny.

But for this to happen, I have to be fucked—and fucked good and plenty.

Sheri

**"My favorite position
is on my back—
looking into his
eyes."**

My favorite position is on my back, looking into my lover's eyes as he shoots cum into my climaxing pussy.

On the slightly kinky side, I like to be fucked between my tits, in a way that when the guy comes, his cum shoots toward my face. I really get a kick out of trying to catch it on the fly in my mouth, and I miss more than I catch.

But, I can make up for it by getting the precious last drops by lifting my head higher and giving that lively cock a final couple of loving sucks. It's a tribute of appreciation that I give to guys I dig, and that's most guys I meet. After all, love is a two-way street. That includes sexual love, too. I could better show you what I mean if we were to meet. And that's finally up to the both of us, isn't it?

Sincerely,
Sheri

"I've always believed that the meek shall inherit the earth—when the bold are through with it. That's why I'm not exactly meek, because I just haven't the patience. When I want something—I want it now!

"That's why, because of my want for sexual experiences, I am not exactly a shy maiden. I want cock, and I want it exactly when I want it! That's almost continually, so in order to get it, I sort of flaunt myself.

"Let's face it, I'm not exactly built like a boy. I've got what it takes to give and receive sexual pleasure, so as far as I'm concerned, why let it go to waste?

Flaunting It

**"When I want cock—
I want it NOW!"**

"I feel I was made to enjoy myself and be enjoyed by others. Guys like to suck and feel my tits, and I love having them treated that way. So...I get into that kind of a scene often as I can. Naturally, that leads to the whole enchilada, fucking, sucking, rimming, the whole bit.

"I know by the time I'm through, I'm going to have spread a lot of pleasure around, by having spread my legs wide. The more often the merrier. I never heard of a chick or dude having too much sex, but if it's possible, then I'm going to over indulge myself and the guys I like doing it with.

"And that, baby, is most of the guys I meet. After all, if a chick has the taste for sex, why not flaunt it. I'll be a long time dead..."

"I've been preoccupied with climaxes ever since I had my first one while masturbating myself when I was thirteen. There I was in my bedroom, thinking about this groovy guy who was a sophomore in high school, and the feeling started getting really interesting around my pussy as I moved my fingers in and out.

"The next thing, I was gripped by this weird, exciting sensation—and coming! Jesus, the feeling was so intense, I thought I was gonna die right there on the bed! It really scared me, and I swore I'd never do that to myself again.

"I didn't either—not for a full hour! Since then, I have been preoccupied with the pleasure that a climax can give a chick and a guy.

**"Since my first cum
from masturbating
—I've been sexually
preoccupied."**

"The first time I ever let a guy do it to me, I wasn't the least embarrassed about him feeling my pussy, and looking at it. I was thinking of other things—like the pleasure and the excitement I was undergoing as he felt me, and I felt him. I knew I was going to let him do it to me—and he did. "Was I disappointed? Yes and no. Yes, because I was sorry it didn't last longer, but no, because it felt even better than when I played with myself. All this was a few years ago. "Today I no longer have any fear about sex, except one. I fear that I might not get enough of it—because there are so many men, and so little time!"
