BIG BOOBS & BEAVERS (March, April, May 1977) is published four times a year by Red Lion Publishing Company, 21335 Roscoe Blvd, Canoga Park, California, 91304. It is produced and distributed as adult entertainment aimed at illuminating ongoing changes in the current patterns of societal behavior with the view that the picturing and displaying of the unclothed human body is deserving of increased acceptance in our contemporary culture. All rights reserved on entire contents of this issue; nothing may be reprinted in whole or in part without written permission from the publisher. Copyright © 1977 by Red Lion Publishing Company. Manuscripts and illustrations must be accompanied by a stamped, self-addressed envelope; the publisher cannot assume responsibility for the safe return of unsolicited material. We do not release any information about, or sell photographs of, any model appearing in this magazine. Any similarity between persons living or dead and the characters named in fiction or semi-fiction is entirely coincidental. All photographs in this magazine, except those of public figures, are posed by professional models, and neither the photographs nor the words accompanying them describe, or are meant to be understood as, the actual personality or conduct of the models. Distributed exclusively by Parliament News, Inc., 11085 Olinda St., Sun Valley, California, 91352. Printed in U.S.A.

Although sexuality plays a very important role in every culture, large segments of our own society are still unable to come to terms with the realities of its existence. Amazingly enough, even members of the scientific community sometimes shrink back from matters sexual. An example of this is the admission of a number of leading anthropologists that they regularly delete sexual data from their research findings. The reason for this, as stated during the last annual meeting of the American Anthropological Association, was that the learned men were just "too hung up" about the subject to be able to write about it.

The result of such attitudes is that society is left with few guidelines regarding sexual matters. Instead it is left with rules created by people who, rather than accept sexuality as a natural biological and psychological condition, attempt to define and regulate it through legislation. That, in turn, results in the chaotic legal situation we have today and one which makes us a laughingstock to citizens of other, more progressive countries. One state permits oral or anal sex or homosexuality; another holds that it is punishable by law. Sexually-oriented visual or written material may be considered educational in one city and defined as obscene and banned in another.

If one takes the view that sexuality does really exist and is a normal human condition, then such laws are obviously discriminatory against nature. It is equivalent to government regulation of the individual's other natural functions, such as eating or sleeping. This is, of course, also done in our society, but institutions wherein such controls over the individual are exercised are often called "prisons".

Censorship and regulation of what one may see or do in the realm of sexuality—the most personal and intimate part of man's nature—is a step towards a controlled society wherein the words "freedom" and "right to the pursuit of happiness" are mere fantasies. The only way to prevent establishment of such regimentation is for the individual to sound off to his elected representative the moment he feels his basic rights being violated by censors or other regulatory agencies. And the right to one's sexuality is a very basic one indeed!

A SOPHISTICATED WISECRACK

"Since I enjoy men who know how to use their head," Doris states, "I do all I can to let them know that fact. I do this by paying lip service to all their needs, at the same time letting them feel what a smooth spread I've prepared for their meal!"

Penny learned to make her own pie by hand when still in her teens, and once she got that down pat, she began to serve it to the boys. Now her pie's the most eaten thing in town and she'll serve it to any hot dog that's around!

PENNY'S SLICE OF PIE

Georgie is a gal that likes to go off with a good book almost every evening. Her idea of a good book is one that'll have her heated up and wet before she's halfway through the very first chapter!

Reading sexy novels has made our Georgie a very demanding gal, because she'll ask her dates to act out what she's been reading about. But how can one guy at a time keep up with what goes on in ten chapters!

A LITERARY MASTERPIECE

HUNG UP ON HER HANGERS

Being extremely self-conscious about her knockers, Fanny is constantly massaging them and asking her dates to do the same. She also read somewhere that rubbing in cream will keep them soft and full, so guess what her guys are asked to do!

FUR ON THE FLOOR

Having a passionate nature herself, Cindy likes the same in a man. "My idea of a really romantic man," she states, "is a guy who will have me on the floor the minute I let him into my pad after a date. It blows my mind to get pinned on the carpet that way!"

HOT BOX UNDER A HAT

Eunice is a high-society-type dame who loves to slum around. "Picking up strange men fascinates me," she says with a smile, "because you never know what you're in for. I pick up guys from all walks of life with my car. All I do, when I pull up to a dude, is give him a flash of my purse and ask him if he thinks he's got what it takes to fill it. And, you know, I have never been disappointed!"

CHOCOLATE COOKIE BIN

"I just love to feed my chocolate cookies to any dude that wants to stuff himself with my goodies!" says Magnolia, her tongue licking her lips. "And when that dude's gone and licked the whole bin clean, then it's my turn to eat whatever he's brought along for me. And let me tell you, with the kind of appetite I got, I can down the biggest meal any he-man dude can provide!"

STUFFING A HOT PEPPER

Conchita's an experienced chick who often digs taking on more than one guy at a time. This has gotten to be a habit, so that she's in trouble when she has to play alone and complains it's unfair of nature to give a gal more holes than hands!

OPEN COCKPIT

Angela, the foxy bird on the right, just loves to pose in the buff. "I'll spread for any guy with a camera," she giggles, "because I know how worked up they get getting me in focus. When they've shot one roll, I'm all ready with my jelly-roll!"

SOMETHING TO PLEASE EVERY TASTE!

Remember the days when your favorite comic strip characters led a double life in those...

LITTLE "DIRTY" COMICS

It was an era when guys and gals hid them in that top, left-hand dresser drawer and brought them out to laugh; when laughter was in short supply.

Sometimes the drawings were mildly impossible: huge erections, enormous breasts, deep cleavage and long sexy legs. The sexual fantasy was absolutely outlandish: continuous orgasms, roaring vulgar jokes, screamed obscenities and great wet endings. THIS WAS OUR INTRODUCTION TO PICTORIALIZED EROTICA!

You can now return to that nostalgic era because those same "LITTLE DIRTY BOOKS" are back again, just as they were years ago, complete with those outrageous cartoon frolics and balloon-shaped exclamations!

PLUGGED OUTLET

Eunice admits to being quite a bit hotter than the average girl. "Once I get that in-and-out action going," she says, "I'll keep coming for hours!"

A SUCKER'S HANGOUT

"I've got super sensitive boobs," Marcia says, "so I can just blow my mind from having a guy handle them. It's my favorite way to go. I'll just eat up any dude with the right touch for tits, one who'll know how to pinch my knobs when I'm set to be off. And by the time I'm finished, I'll have his problem all licked too!"
