BIG TITS & SPLITS

AN UNDRESS REHEARSAL

Susan Swarts is a girl who believes in enjoying life to the fullest — and who proceeds to do exactly that. A professional swimmer, who has performed across the nation, and overseas, with one of the leading aquacades, Susie's two favorite pastimes are sleeping in the nude — and swimming in the same. Her pet peeve is that too few swimming pools, at least in this country, have the degree of privacy necessary for

indulging her second hobby. When on the road with a water show, Susie sometimes arrives hours before the rest of the swimmers, takes her bikini to the pool with her — and she leaves it lying discarded on the tiles while she rehearses her act in the breathtaking altogether.

When she first started this routine, and the word got around, it had a memorable effect on the male members of the troupe, who began arriving early, too — something unheard of until Susie came along. Instead of being

bawled out Susie got a pat on the head from her boss, who realized that she was the only reason rehearsals were starting on time. He even gave her a raise for improving the morale of the troupe! But this lush, full-bosomed bit of glorious American femininity does not particularly care about the monetary aspect of her career. She makes use of her off hours to improve her mind, reading the classics or listening to her extensive record collection, which is equally classical.

Groaning Beauty

Louise graduated into the wrestling profession — mammaries cum laude. She was a big sensation around the grunt and groan circuit. She was the star of the naked all-girl matches in Munich. But Louise soon tired of this strenuous life. One night, after pinning her Amazon opponent with a flying crotch-lock, she vaulted out of the arena in

Hamburg, tossed her manager for a loss — and kept right on vaulting.

Now Louise is a popular New York model, with aspirations to start an art studio on her own. We don't know just what the moral is. Maybe, if you want to be a top Madison Avenue model, you should start out as a lady wrestler in the Rhineland.

But whatever you do, you've got to do it right. Louise spent a lot of time and energy perfecting her half-nelsons, scissors, and Greco-Roman body holds — and she tells us they now stand her in very good stead, in the Neon Jungle of New York!

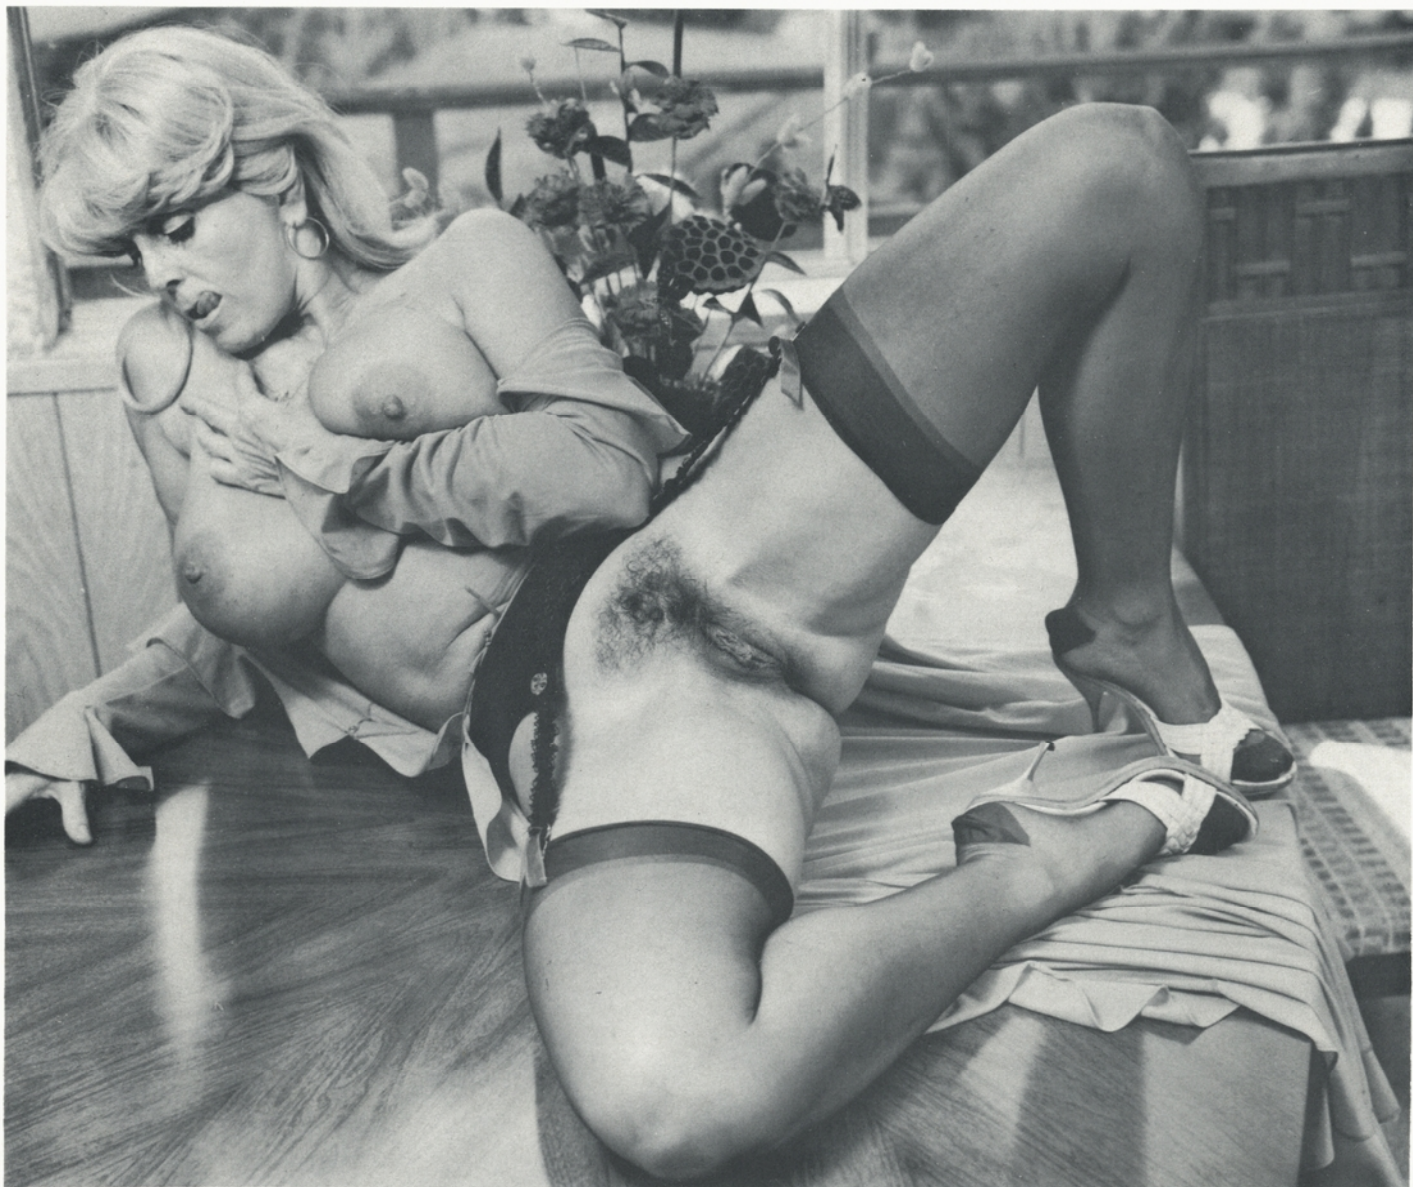

INCISOR ADVISOR

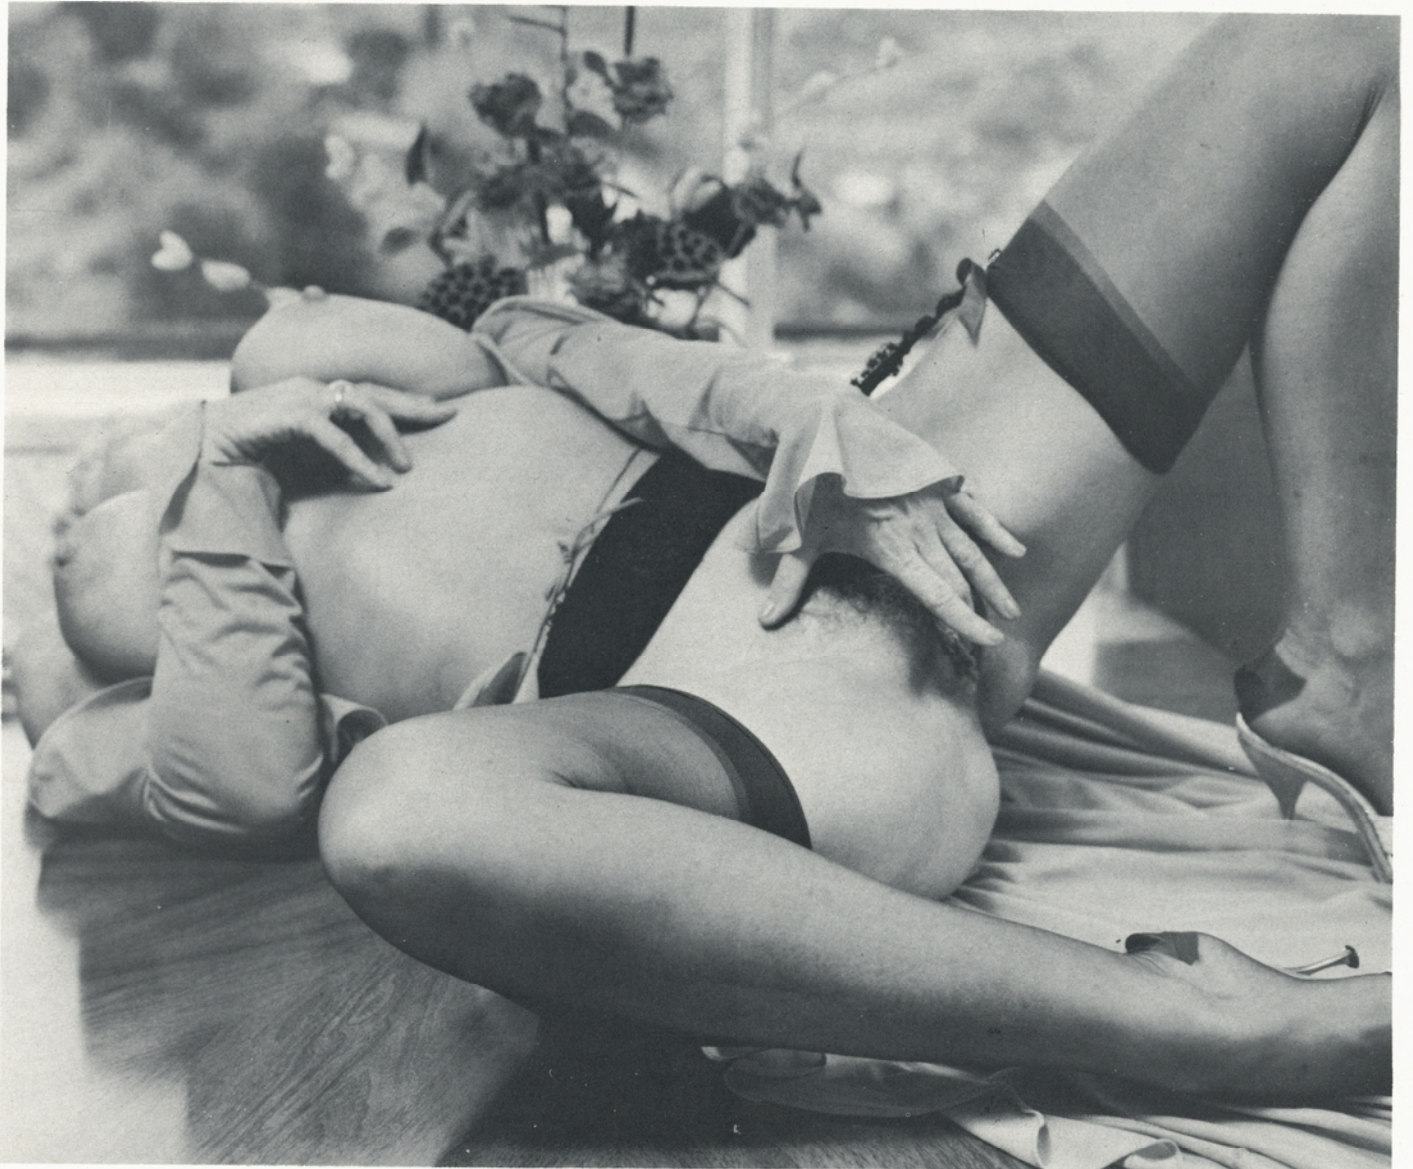

Maureen comes from Nevada and has spent some time in Las Vegas with a girlie show before deciding that bending over a patient was a better life than leaning over a crap table; costs less money, too. She's even surprised that she gets a regular salary and most men, she says, cry when they leave her. Understandable, we say.

Maureen Anderson is a dental assistant and spends most of her working week watching people suffer. On weekends she can hardly wait to get away from looking into mouths and checking teeth. She fits herself into the briefest of bikinis and spends the rest of her time looking at the rest of people, giving them a chance to recoup their own lost energies by looking at most of her.

"Actually sometimes I feel that if I see another tooth, I'm gonna scream," this pretty told us. "I never knew people had such miserable teeth

She started as a potter but couldn't see enough security as she didn't sell enough pots. Then she tried making prints and delicate drawings, but these didn't sell well either. Finally, one day she got fed up with pacing the rug in her living room and decided to cut it up instead, and make it more interesting. This kind of patchwork quilt pattern looked so good, her friends all told her she had to bottle it immediately, or whatever, and she would make her fortune.

Friends usually give well-meaning advice, but usually wrong. In Mary's case, for some unaccountable reason, it worked! Her rugs became the talk instead of the walk of the town, and now she has more rug orders to fill than she used to have time to pace over, worrying.

Hairless men, take note! Mary's rugs are different but they're not for your head, but your apartment. Now Mary, herself, ah! That's something that goes right to our head!

She'd look good anywhere.

BALL GAME

Lovely Sharon Gillian has a problem: She's never gotten out of the tomboy stage of her early teen years. "It's not that I don't like men," she says, "but that I like them too much."

"A good time for me is getting out with the gang and playing tackle football at the park. I just can't seem to get in the swing of the wine-and-dine routine."

Her many male admirers don't seem to mind, however.

They like nothing better than to give her the ball. It gives them a chance to have a ball with her! Of course, they have to catch her first, and Sharon is a pretty slippery damsel.

Another problem that the boys have when they want to play with Sharon is that she is sometimes better than they are when it comes to sports. "I guess it's because I was raised in a small town, with five brothers," she said. "That's a lot of competition for a girl, and I really had to work to keep up with them."

Apparently, she didn't have too much trouble staying up, for at last count, Sharon's

trophy shelf contained awards for skin diving, fishing, tennis, golf, and bowling.

"Sometimes, though, I really don't want to win," she says. "Then I just cheat a little, and let the boys win. It really makes them feel good when I give in, and let them get the upper hand!"

a tight ass who cans men

JoAnne Meyers is a psychologist working with a large west coast industrial concern. Her main job is to sort the workers into some kind of classification that would enable management to determine how to best use their services. Some work better at morning shifts, others later in the day. Some are goof-offs and really abuse the coffee break periods, others are ruthless and can see nothing but the job ahead of them and the work that has to be done.

"I interview each man & grade him according to stability and work potential," she told us. "Sometimes I discover men with terrible emotional hang-ups. These develop eventually into men with an accident habit - we call them prones.

Time and again the prone repeats his earlier accident forcing us to conclude it wasn't any accident, but rather a condition within the person that couldn't function properly at the right time."

We thought we were functioning perfectly at this point and asked JoAnne what brought her into this interesting line of work.

"Simple," she said. "I love people. And even though I manage to get thousands of people fired every week because I prove they're unfit for their job, look at the time I've saved them from becoming slaves the rest of their lives. Now they can look for another kind of work."

They might even be looking for JoAnne, with fire in their eyes!

MASTURBATING WOMEN

exciting new films

FROM

REVEL

NEVER BEFORE have films of this calibre and explicit nature been made openly available through the U.S. Postal Service. Female sensuality reaches a new height in **Masturbating Women** from Revel Company. Three new and exciting releases of women satisfying their sexual drives with fingers, dildos and vibrators — this is autoeroticism at its best!

RF111 — When her car breaks down a gorgeous redhead walks to the nearest house to call for help, but what she finds is a horny, big-breasted blonde giving head to the huge cock of a full size male doll! The two of them get it on with dildos and lesbian 69, reaching full-blown orgasms while riding the ever-stiff instrument of their ever-ready friend! Great close-up pussie action.

RF112 — After leaving school for the day and walking Hollywood Blvd. looking for kicks, a young high school girl with beautiful soft and fleshy tits caresses and masturbates herself to orgasm after orgasm with a variety of dildos and vibrators. An incredibly wild scene of her hands touching and rubbing herself **everywhere** with love oil. Not to be missed!

RF113 — Champagne on a shaved pussy. Excited by the vision of cum on her face, a young chick ejaculates a bottle of bubble champagne all over her and masturbates with its taste on her tongue and body. Her hairless pussy blossoms with lubrication at the introduction of a vibrating dildo! And finally in a fit of orgasm she shoots herself again with the cum of an artificial penis!

Smart Cookie

As some of you know, not all beautiful girls are dumb. Oddly enough, this one is the exception, and admits to being as dumb as a person can be without being declared illegal.

Her name is Sally Wright and she flunked every course but deep-breathing when

she went to the local high school. She knew enough to come in out of the rain, but that was about all. Her parents worried over her and her teachers developed ulcers. But it didn't bother Sally because she didn't know enough to know how dumb she was.

By the time she was a

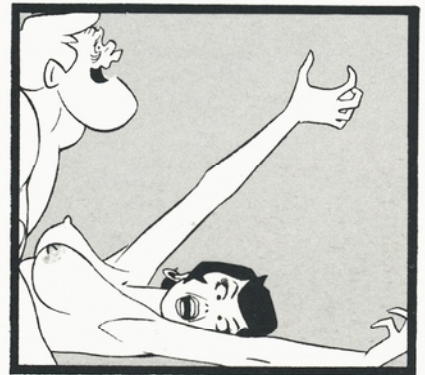

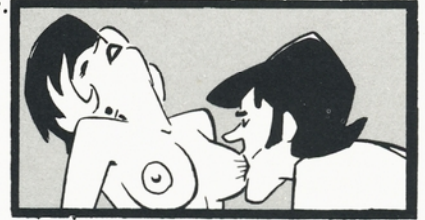

teenager, Sally already had the kind of shape most men would break up their homes for, and was kept so busy dating she never did find time to read books. As she grew older, and even more beautiful, she found more men wanted to date her, and they had bigger cars and bigger expense accounts.

"Then one day I met some jerky school kid who told me what it was all about and how dumb I was, and that if I didn't start developing my brain soon, it would be too late.

FEMALE MASTURBATION

Never before has female auto-eroticism been so stunningly and explicitly displayed. **Never before** has such a frank pictorial layout accompanied an authoritative explanation of female masturbation. These magazines are the talk of the industry, their format and style are being copied by every publisher in the nation — *but no others have the erotic excellence of Marquis' Female Masturbation journals.*

Female Masturbation #1 — a general survey of auto-eroticism, including a psychological explanation of the feminine need to masturbate, and the techniques and tools of masturbation. **Female Masturbation #2** — an explanation of masturbation among young girls and the number of women who engage in the activity. Pictorial displays include five case history women involved in various forms of self-stimulation.

LESBIANISM

A no-nonsense account of voluptuously mature women gently tonguing each other's fragrant pussies and fucking with strap-on dildos until screaming orgasms envelope them both. A masterpiece in lesbian action!

He really gave it to me good for over an hour. Then he asked me for a date. I said okay and we went to the movies and later to a drive-in for a hamburger and coffee. If you ask me, that was the dumbest night of my life. So, in a way, he convinced me. Better dumb than Dullsville. I'd tell you more but I've got this guy coming soon with this groovy Lincoln Continental. He doesn't tell me how dumb I am. He just buys me things, like flowers and diamonds. Sorry about that."

Maybe Sally's not as dumb as she thinks!
