MIDNIGHT NYMPH

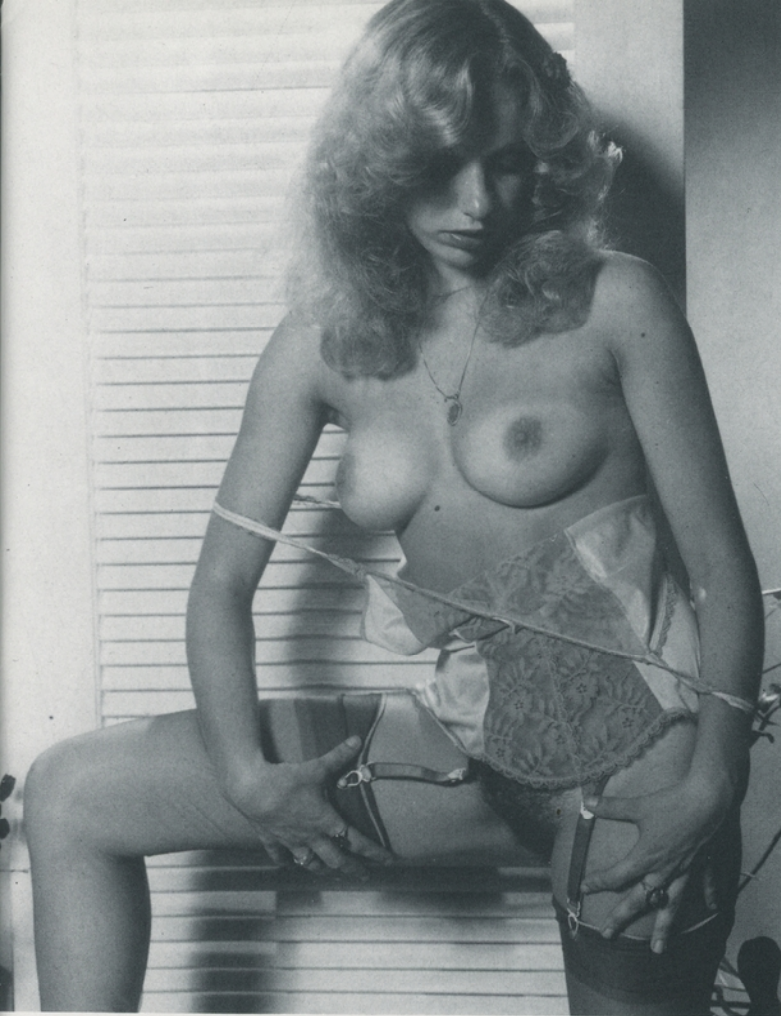

I dig dressing in nylons and exposing my bare pussy. What I don't like is a crowd watching me play with my soft tender cunt lips.

A crowd is exactly what I got the other night when I thought I was alone. My cousin Tom had six of his friends outside my bedroom door peeking through the keyhole. I was peeling off my clothes while swaying my body from side to side. My hand had lowered to clit level and began its attack. Suddenly, I heard a rustling at the door. I removed my wet fingers from my clit. When I reached the door I could hear zippers. I didn't know whether they were going up or down.

As I opened the door, I could feel my heart beating rapidly. I took a deep breath and yanked the door open. One guy fell flat on his face with his cock in his hand. I looked at the entire group. They all had their cocks out. I decided if it was a show they were looking for, I'd give them a real hot one.

*I began by slowly grabbing my tits and squeezing them. I heard moans as I began toying with my cam-
isole. Quickly I rammed two fingers up my cunt. At that moment, I heard one of the guys cum. I began running my fingers in and out of my cunt as it coated them with my cum juice.*

"My breasts were slick from his hot load of fresh cum."

I was about ready to cum, when this guy stepped forward and whipped out his cock. It was long and thick. I gasped just before he shoved it down my throat. I was sucking that big piece of meat as fast as I could. He was just about to cum, when I felt another thick cock enter my cunt from behind. I began cumming like a fountain. My pussy lips were stretched to the limit as that big cock opened my hole wide. I gripped that big dick in my pussy as I felt the one in my mouth explode. He pumped a barrel of cum down my throat, while my pussy continued milking the other dry.

A TOUCH OF MINK

In the good old days, I used to wrap pussy lips around my face like a washcloth! It was nice waking up to a soft skinned body wearing a gorgeous set of big tits, just right for kissing 'hello'. That was the old days. Now, piss poor and broke, I didn't own a bed, muchless a parlor for pleasure! And to top it off, I was so fucking horny, I didn't care!

I guess my plight really didn't register until I got booted from the bus for lack of funds. I told the driver I didn't have the proper change. When he found out I didn't have the proper cash either, I was kissing the asphalt at Franklin and La Brea! That's when I figured I'd play my last ace in the hole, the one I *really* didn't want to have to use. When I couldn't hear the traffic for my stomach growling, I decided I'd better swallow my pride and call Luther.

Luther was doing great. He had built himself one of the most successful modeling agencies in Los Angeles. When others had mocked him and told him that he didn't have a ghost of a chance of succeeding, he simply ignored them and started soliciting for the prettiest cunts he could find. In a year's time, he was declared king of the hill for his sector. I had followed his progress from day one, although I hadn't been around to join him in his venture. It wasn't that he didn't offer me a job, it was just that I had a better offer with this rich cunt who flew me to Europe. Well, I'm back now and prepared to take all the shit

shovelling he might throw at me.

By the time I reached his Wilshire high rise office suite, I was past hungry. When I stepped inside, the first thing I noticed was a cute redhead sitting at the receptionist desk with her legs crossed. I followed her nyloned legs well past her thigh. Her skirt was hiked high for all to take notice. She caught me staring and offered a suggestion.

"I didn't catch your name, but I do get your drift, Mr.?", she stated rather bluntly. I was desperate for a piece of ass, so I made a bold move.

***"My big breasts
have made men
weep with joy."***

"Mr. Good Dick to you and if you need a hunk, I can deliver," I said just as boldly. I expected to get my face slapped, but she only smiled and asked who was I there to see. I thought it was blown, so I gave her my name and sat down. I was only sitting thirty seconds when I heard Luther's voice call for me over the intercom. I began to shake when I stood and the redhead noticed. She looked at me with sympathy in her eyes. I guess she noticed I was in a bad way because she pressed the intercom button and told old Luther that I had gone to the

men's room and she was going on a break. Hell, old Luther didn't suspect a damn thing.

"Why don't you follow me, Mr. Kincade and I'll take care of that problem you have sticking forward in your pants," she said as she rose from her desk slipping her panties off, all in one fluid motion. My mouth was ajar as she took me by the hand and led me out of the office after she stuck her undies inside her desk drawer.

I didn't know where she was taking me, but I did have some idea of what would happen once we got there. We strolled down the hall to an empty office. Once inside, she locked the door and told me to strip. I looked at her dumbfounded.

"Do you want your dick sucked and a quick piece of pussy or not Mr. Kincade? We only have a few minutes."

It wasn't necessary for her to say another word. I was out of my clothes in a flash. I was standing there wide-legged with my nine inch cock bursting at the seams. My balls were so tight and hard until they ached from the mere thought of having a slurpy tongue wet them.

She crawled over to me and took my nuts in one of her hands and started to massage them. I began moaning like a bitch in heat. I looked down at her as she slowly and methodically engulfed my fat cock with her small mouth. Her lips stretched to the limit as she gulped inch

HOT PARK QUICKIE

*"My big tits
squeezed every
drop of cum from
his hard cock."*

Parks and picnics turn me on. I love the romantic atmosphere that parks create when I'm with a guy and were all alone on a picnic. I become a hot nymph.

Some big dick studs think that I'm just a tease but, I'm really not. This guy I met the other day named Carl will bear witness to the fact. He and I met at the corner ice-cream parlor. I caught him staring at my tits, while I was licking my cone. He looked a little shy, so I went over to where he was sitting and started rubbing his cock under the table. He turned as red as a tomato. I told him to finish his cone while I inspected his cock. He almost choked when I unzipped his pants and grabbed his throbbing dick. He got all hot and I could tell he was about to cum when I removed my hand. I suggested that we meet later that day for a picnic.

By the time we had found a secluded spot, his cock was so hard it was about to burst. When he pulled off the side of the road, I fished his big dick from his trousers. My mouth found the crown and licked it till it quivered. He began cumming so fast that I couldn't contain it all in my mouth. Little dribbles of cum trickled down my cheeks as I swallowed his pulsating cock down my throat.

INTERLUDE

Her eyes were chestnut brown and seemed to radiate a burning fire. Her breasts were large and round, almost flowing out of her dress. The silk seemed to highlight her firm gorgeous ass. Even her legs were long and sensual. Her name was Nadia and I just had to taste that sweet cunt of hers.

I had seen her at a bar one afternoon and immediately put the bite on her. We were sitting in a back booth with our tongues greeting one another's, when I shot my hand up her dress. The surprise was on me however, as I quickly learned that she wasn't wearing panties. I wasted no time finding her cunt. I quickly rammed three fingers inside her sweating pussy hole as she cried out in passion. I fed two inches of hot tongue down her throat. She gobbled it down like she was sucking a fat dick. She was almost crying from the ramming I was giving her cunt.

***"Nothing turns
me on like

tongue licked

*I craved a big dick
right then. Had I had one,
I would have fucked her

down her legs.*

*I quickly rushed her
out of the bar and to my
apartment. Once there, we
both set world records for
undressing. I was sucking
her tits and listening to
her moans, when she surprised
me once more. I began cum-

TOUCH OF MINK

continued from page 13

after inch into her hot throat. I began sweating, not knowing if I could hold out or not. The slow bobbing motion of her head as she sucked my dick was starting to affect my knees.

"Can I please sit down," I shouted out as I felt myself about to collapse. She stopped her sucking motion and allowed me to lie down on the couch.

"When was the last time you fucked," she asked as she was about to start in on me once more.

"About four months ago," I grunted as I felt my cock slip deep into her throat.

"Well let me have your cum right now," she said as she started pulling and sucking on my cock with jet-like speed. I knew I wouldn't be able to last, so I didn't even fight it. I felt my orgasm build in the depths of my prostate gland. It shot forth gaining turbinate speed as it entered my scrotum. My balls tightened as they were being filled to capacity. Her mouth sucked faster as my milky white cum spurted from my dick like a gushing oil well.

"Ooooooooooh, shit, I'm cumming Bitch!," I screamed as my orgasm exploded into her mouth, snapping her head back from the force of it. Her hands were a blur as they continued to milk my cock. My cum was now overflowing from the corners of her mouth as she tried to swallow the river that was flooding her throat.

"That's it baby, give mama all your sweet cum," she gurgled as she tried to clear her throat of my milky juice. I was damn near crying from the pleasure of it all as she continued to suck the last few drops of cum from my cock. I passed out when she sucked my

limp dick down her throat. I've been given a lot of head in my life, but this was by far the best blow job I had ever received. I was out for about one solid hour before I awoke. When I did raise my eyelids again there were three beautiful women standing in front of me. I thought it might be a mirage, so I sat up and grabbed one of the creatures by the leg. I let my hands start at her ankles and slowly track upwards towards her knees. I felt a slight tremble from her as I reached those luscious inner thighs. My fingers did a Charleston all the way to her pubic hair. I was just getting ready to sink my finger, knuckle deep, into her wet wide gash, when I heard this deep voice from behind me.

"You haven't stopped chasing

pussy yet, have you Tony?," it asked as I turned around to see if it was whom I suspected. Sure enough, it was Luther Robinson.

"You got a lot of nerve, you old cunt lapping motherfucker," I shouted as I rose from the couch in my naked state. I was sure glad to see Luther.

"Allow me to introduce you to the people who made my company go," he said, as he came around in front of me.

"Ladies, this is perhaps the world's greatest fashion photographer, Tony Kincade," he blurted, as the ladies moved forward. They were all dressed in mink coats. I was told that all had a rare specialty that could drive a man crazy. After listening to Luther talk, I was wondering if he wasn't running some type of high

priced call girl outfit.

Tracy Sinclair was introduced to me first. She was tall and statuesque. Her ice blue mink coat fell open revealing her cream colored thighs. She moved around the couch as though she was on a runway, modeling clothes. When she had circled the couch and reappeared in front of me, she eased her satin panties down her long legs. I gasped when she unhooked her bra and her round tits jutted forward. She walked very close to my body and bent over. Her tits swayed from side to side as they brushed against my unshaven face.

"Ooooooooooh, that beard on your face excites me, Mr. Kincade," she said as her valley between her breasts hugged my rugged looking face. My cock had sprung to attention when Felicia Jennings stepped forward. She, like Tracy, was clothed in panties and bra. Her legs weren't as long as Tracy's, but they were well defined. She bent way over after removing her white mink. Her legs spread slowly as she let the coat ease down her back and fall to the floor. Tracy quickly came forward and picked up the garment. Without even looking, she flung it my way. Felicia stood perfectly still as Tracy walked over to her and started rubbing her hips and legs. Her slender fingers gripped the elastic band on Felicia's panties and began pulling them down. Felicia sighed as the panties fell to her ankles. Tracy dipped to pick them up as Felicia placed a hand on Tracy's shoulder for support.

"Spread your pussy lips for me, I wanna take a lick," Tracy said with wanton passion in her eyes. Felicia didn't put up a fuss. Slowly she parted her cunt lips for Tracy's long slender tongue. It briefly brushed her clit. Felicia moaned in pleasure as Tracy's long finger entered her wet pussy

hole. I glanced at Luther for a split second. He had his twelve inch cock out just jerking away.

Heather Downing was the best in the entire group. I had seen beauty in my life, but this lady was beyond that. This bitch was so pretty that I almost came right there on the spot. Like her co-workers, she too was wearing mink. Her coat was floor length and black. In looking at her, I couldn't help noticing that something was different about her. I didn't wait for her to go through her routine. I had that old horny feeling again and the only thing that was going to satisfy it was a nice fresh piece of pussy. Heather walked towards me to meet my oncoming advance. We met in the middle of the floor. Her hands immediately found my stiff hard cock. Just the touch of her hot hands upon my dick almost made me cum. Our tongues were caressing each other's while our hands were busy getting to know each other's bodies. She was moaning and swaying as I tongue plastered her neck with wet kisses. We were humping like two dogs in heat. She went to moan once and I shoved three inches of tongue into her throat cavity. She sucked on it as though she had a big cock in her mouth. I was about to cum when she said, "Don't shoot your load yet." I didn't know what she had in mind, but at this point I was game for anything. I stepped backwards eyeing the situation as she undid her coat. She wasn't wearing panties or a bra, but she did have on a plastic dick bigger than mine that was strutting a pair of king size balls. I was taken totally by surprise when she told me to bend over and grab my ankles. I looked at her in disbelief as Tracy came over and greased up Heather's cock.

Luther started ribbing me and telling me that I didn't have to be gay to take a cock up the ass.

"Different strokes for different folks," he shouted out as I felt Tracy's hands easing me downward. I was just getting ready to protest, when Felicia walked over to me and got on her knees. She took my mind completely off my ass, as she swallowed my cock down her throat. Tracy walked over and straddled Felicia's bobbing head. Her mouth put a lip-lock on the side of my ear. I broke away from the sensual ear licking when I heard Heather give the command. "Open up your ass now cause I'm getting ready to ride it," she said as she placed the tip of her cock outside my anus. I took hold of Tracy's tit and bit it hard. She yelled, but not half as much as I did when that rubber cock entered my asshole.

***"While peeling
her nylons off,
he shot a load
of cum on her
big breasts."***

I screamed for relief, but the lady had turned to an ice-cold bitch on me. She didn't have any feelings for the pain that was in my asshole, as she continued riding her cock into me. Suddenly, I felt something hard trying to push into the side corners of my mouth. I raised my head and saw my friend Luther trying to get his fat cock into my mouth. Taking a cock up the ass was one thing, but sucking one was an entirely different story. I pushed him away and he looked a little hurt, but like they say, that's the breaks. Felicia had sucked my cock so good, it was twice as big as it normally was. I could feel my cum about to boil when Heather stuck her rubber cock all the way to the hilt in my virgin ass. She scraped my prostate and my dick

gun fired a blast of hot molten cum that seemed to dissipate Felicia's jaws as her eyes became wide and wild with surprise. I briefly forgot about the cock riding my ass as I continued bouncing my load off her cum splattered face. The next blast was felt and not heard as Heather let loose with a load of cum of her own. It was the ultimate surprise as the liquid-filled dildo flooded my ass. Was this a man or a woman that was fucking me, I wondered. I fell forward letting the cock slip from my asshole.

"Now suck the cum off my cock, you weak kneed bastard," I heard Heather shout. Enough was enough and I was ready to do some ass banging of my own when I suddenly rolled over on something warm and furry. It was also wet. I just knew that I wasn't dreaming or was I. A pair of warm hands released my cock and I opened my eyes to see cum stained lips staring up at me.

"Hi I'm Cindy," they said as I tried to sit up.

"Where the fuck am I?," I asked as my head started to bang.

"You passed out last night from too much to drink. I had you brought to my place. I was sucking your cock trying to get you to wake up. It sounded like you were having some kind of dream," the brunette said. It then hit me like a hard slap in the face. I'd never caught my plane to Los Angeles. I had gotten so stoned that I completely forgot every fucking thing. I looked at the brunette who was clad in a red robe. Slowly, I laid my aching head back on the mink fur rug that lay in front of the glowing fireplace. I closed my eyes and waited for this lovely lady to tongue fuck my cock back into an erect state so that I could now have the pleasure of pleasing her like she had pleased me. ●●●

PUSSY ON A SEAT

Riding a bike seat is almost as nice as getting fucked. When I go for my little bike rides, I'll put on my shorts and let my tight little ass hang out the back.

After I've gone a mile or two, I can feel that bike seat massaging my hard clit. Once I ran a red light because I had a powerful orgasm just as the lights were changing.

*"He was sucking my
big tits so hard,
I thought they
were bursting
when I came."*

When I've finished with a long ride, I like to come back to my room and fantasize. I'll get totally nude and start playing with my pussy. I'll dream of this gorgeous hunk of man and pretend I picked him up on the way home. He'll enter my room just as I'm slipping out of my panties. I'll be bent over in high heels with my tender little ass exposed. I'll slowly walk over to the vanity and play with my tits. He'll see me and go crazy over my boobs.

Still not knowing that he's there, I'll peel my nylons off my legs and show off my slender ankles. For the first time I would hear his zipper. First, I'd tense up as his hands grabbed my shoulders. After seeing that he was a big pussy cat, I'd strip him and then pull his huge frame onto the bed with me. Then in total control, I'd grab a handful of his horse cock and start giving him the best head he's ever had. Just before he was ready to shoot his steamy cum into my fiery mouth, I'd climb aboard his cock and slowly milk it with my hot cunt. After a few strokes of my cum coated pussy lips gnawing at his big cock, he'd shoot a lake full of cum on my belly and tits as he pulled out of my cunt oven.

"My big tits were squeezing his cock and balls so hard that he screamed when he came."
