OLD 'UN'S CAN HOLD 'EM!

After divorcing my unfaithful wife of 24 years four years ago, I settled into life on my own. At 52 I'm not too old to have fun, but after playing the ladies a while I kind of kicked back, finding it less of a pain in the ass to live on my own. I have a nice little place just out of town where I can do my own thing.

My youngest son is sort of wild, but a good kid and though he lives with his mom he drops by often and sometimes he'll crash at my place if he's been out partying with his buddies. One time a few weeks back this arrangement turned out fine for his old man too!

It was late one Saturday night and I was fixing to turn in when my son showed up with a couple of chicks he'd met. I recognized them as his girlfriend Luann and

her pal Leeza. Personally I never thought much of Luann, but Leeza was a far tastier morsel. She's about 5'2", mousey-blond and nicely plump not fat with a dynamite set of knockers that stick out a helluva way. My kid asked if they could crash here

and I sort of grumbled OK, adding I was beat so they could just fix themselves up. Then I hit the hay.

I was awoken by the passage-way light turning on. The clock

said 3.30 a.m. I was wondering what was happening when I heard Leeza ask was I awake. I was now, I answered and looked up to see her walk in and sit on the bed. "Those guys are

I was aware of that luscious body so near to my prick...

fucking in there," she said, pissed off. "I think they wanted a threesome but that ain't my scene."

My eyes were on those ripe tit-ties. "Oh yeah? So what is?" I heard myself say. Leeza's eyes met mine and she tried looking casual.

If ever a woman warranted the honor of a centerfold appearance in D-CUP then Erika Everest (February 1999) is that woman! This statuesque beauty is the embodiment of voluptuous sensual beauty from head to toe and her charms held me captivated from her very first photo to that mouth-watering centerfold study. The way she holds herself and the poise she has in front of the camera

EVEREST THE HARD WAY!

puts me in mind of the classic ladies of glamor from the 50s and 60s – she's almost a Varga girl come to life! Having her wear that glitzy evening gown was a stroke of genius, as Erika possesses the right kind of exotic allure to carry it off with poise and aplomb. Her seductive charms made a great counterpoint to the more earthy attraction of some of the other models in that issue, plus we had the bonus of that 'Lifesize' study of Erika's immaculate nips. I for one could certainly stand to see more of this elegant creature!

"Oh you know," she said vaguely.

It's hot where we are and I sleep nude under a quite thin sheet. So when my dick twitched I'm sure she saw it move. "Do you want me to leave you to sleep?" she said. I said no, it was fine if she wanted to talk more.

That's what we did and the whole time I was real conscious of that fine luscious body so close to my bare prick. I fought the feeling but every time she showed more leg or flashed her smooth tit-meat it got to my dick. I had me a semi now and even worse there were distinct sounds of sex coming

from the front of the house. Leeza heard it too. She looked at me then with not a word stretched out her hand and took my prick in her fingers through the sheet.

"Hold up girl," I groaned, "I'm an old guy, 52. How old are you?"

"Nineteen," she said back, tightening her grip on my pecker.

"What the hell difference does it make?" Still massaging my cock, she popped the buttons of her top and pulled it open so her giant tits flopped free. "I turn you on, don't I?" she smiled.

I just groaned yes and pulled her down on me. I forgot what was happening elsewhere in the house and just focussed on all that firm tit, pulling her nipples hard and flicking my tongue over them till they shone with my spit. Leeza was trembling all over, saying, "Yes, yes, I love that!" as I shoe-horned her tight denim hotpants off her big ass and got a hand inside her stuffed panties to finger her juicy wet coochie. By now my dick was like rock and Leeza fisted it hard. I knew she

She squeezed her firm young tits together for my cock...

was amazed at its size, most women say it's a big old rig I have.

I figured on surprising her more so I flipped her over and got my head in between her thighs. As I ate her box she twisted her fingers in my hair. The old man in the boat grew huge and I let my tongue dance all over it as Leeza writhed on my cot like a landed fish. I saw her grab the pillow and put it to her mouth as she came, presumably to muffle her cries.

"Have you always been this good?" she asked as she rolled on top of me and grabbed my hard-on. "Just gets better with age." I snickered as I felt that tight box snap like a steel trap around my dick. I lay back and let Leeza do the work. She relished the job, leaning forward to dangle those hooters to my lips and hands for

more attention as she pumped up and down on me. I pressed them together to make a deep tunnel of flesh. "Later I'll show you what I love doing with a busty girl." I said. "You dirty bastard! You lovely dirty bastard."

Leeza moaned as her pussy rippled on my cock in orgasm. The fireworks didn't stop there as she humped her way through three more till I had to unload deep inside of her. Totally shot, we sank down to sleep.

I woke up with my hard cock deep in her sweet sucking mouth and her tits pressed up against my balls. I let her take me all the way and she swallowed my cum as it spat like she never had anything else for breakfast. Afterward she told Luann and my son had left early.

She'd said she'd spent the night in the den and would catch them later. But the real reason was she wanted more from me. "Didn't you say you had something to show me?" she smiled, squeezing those tits together with a twinkle in her eye and reaching out to take my cock in her fingers.

I showed her for sure, and mighty sticky she was afterward! I showed her plenty extra that long Sunday. From how Leeza enjoyed herself I think she'll find an excuse to call by real soon. She says she'll never look at guys my age the same from now on in case she's missing something good!

DEEP DESIRE!

Dear Jenny and Sammi (Feb. 99 D-CUP): Ladies, I have a request for the both of you. Have you ever known a male who would truly worship you in the way you deserve? I am a 25 year old man, 6'3" with fair hair, mustache and a dick measuring 8 1/2" when fully erect. I have an athlete's physique and love my women B.I.G! Seeing you two in D-CUP was to me like seeing my ultimate fantasy there on the page. Your gargantuan breasts demanded my devotion and worship instantly. Since obtaining the maga-

zine I have masturbated numerous times while looking at your photos and feel a strong urge to let you know how much I think you are a knockout duo. I would love to have you lower your pussies onto my face so I can slip my willing tongue into your creases as the flesh of your asses engulfs me. I would service you orally for as long as you desire while my cock would be erect throughout for you both to enjoy as you see fit. Similarly I would caress, massage and lick your breasts without ceasing. When I saw

those photos of you ladies pressing your breasts together my only thought was to dream of being the meat in that delicious bosom-sandwich! I would love to know if my idea arouses you. If it does, please arrange for D-CUP to print my letter so the world can read how much

desire I have for your womanly perfection.

TITS ONLINE!

D-CUP has long been a favorite read of mine and it has

improved 100% since you began including readers' mail. I also in enjoy the Dot.Cum listings and have found many sexy sites through it. But I think you will find this story of

• She had a dick in each hand and her tits glazed with cum!

cybersex unusual and erotic enough for you to print.

I have been happily married for several years to Bianca, who is a dream-woman for me, a statuesque 44E-28-38 woman with a never-ending libido. We swung a bit after we got married but dropped that in favor of having a rich and varied fantasy life at home.

Last year we got a PC and got hooked to the Net. Not long afterward I was surfing for sex sites and came across a discussion group centered on

fantasies of big-breasted females. Through this I encountered 'Jeff', a guy who seemed happy swapping intimate details of his sex life with his girlfriend Sharon who he said had a 38FF bust. I responded to his postings with my tales of Bianca and me and we soon became regular net-buddies. He lived on the other seaboard, but we both had one thing

in common: a love of massive tits!

I told him I wished I could see Sharon. Jeff replied: 'Show you mine if you show me yours?' That night I scanned a shot of Bianca topless and mailed it to him. I was worried he might be scamming me, but right away Jeff mailed me a shot of Sharon fully nude, smiling at the camera with a dick in either hand and her huge breasts glistening with cum. I was impressed!

In fact I was stroking my dick looking at the lurid snap when Bianca came in

and asked what I was doing. I told her the whole story, fearing she'd be mad at me not telling her. But her reaction was the complete opposite. She found it a real turn-on and our fucking that night was fast and hard, ending with my jizz all over Bianca's tits. She insisted we mail Jeff right away and tell him how much his photo had turned us on. Jeff mailed us back the next day, saying Sharon loved Bianca's body and had a hot fantasy she wanted to tell her.

The mail that followed was red hot. In intimate detail Sharon described how she would make love to my wife, how she'd use sex toys on her, even how she'd tongue her butt. Bianca became so aroused I went down on her as she read the message and got a

issue was just the kind of female I find arousing in this way. The sophisticated way she appeared on p. 10-11, drawing sexily on her cigarette seduced me instantly, only for me to turn the page and see her, cigarette in hand, eyeing the viewer with such a smoldering look as she teased apart her perfectly-formed labia that it was impossible for me to resist. No more smoking poses, alas, but the charge Adele generated in these two poses sustained me through to a prolonged climax on the last spread as she caressed her flawless body and fixed me with a lingering look of desire. You'll doubtless see that pictures of sophisticated women smoking are a particular favorite of mine, but I believe many other men enjoy this especial fetish too. I've noted an increase in D-CUP using smoking ladies of late. Much to my delight, I should add! Perhaps next time you feature Adele you could pose her with a long cigarette holder and a white-filter extra-length cigarette. That would be wonderful!

SPUNK CALL!

work as a telephone engineer and some of the things I've seen and heard in my time would really amaze you, but the best thing that ever happened to me was the time I was called to this woman's house to fix up her line.

As it was, the fault wasn't terrible, but it was a complicated job and the woman seemed con-

cerned I fix it fast. I told her I was doing my best, but it was hard to concentrate as she was one fine-looking woman, brunette with a full figure barely covered by a loose housecoat. If she was that concerned, I told her, she could use my cellphone I always took with me. At this, she brightened and thanked me. I settled back to my work as she dialed a number on the phone.

• **Yes, she purred, your cock's so hot between my jugs!**

"Hi, honey," she breathed sexily as she got an answer. "Yes, I'm all ready...that's right, all I'm wearing is what you asked." With that she slid off her housecoat and I nearly yelled in amazement as all she was wearing underneath was a half-cup bra that pushed her bulging knockers together and upwards, a tight g-string drawn between her legs and hold up stockings. In short, it was

like a D-CUP photo spread in the flesh and my dick almost broke its neck as it shot upward as I listened in on her conversation.

"Oooh, yes, I DO want to suck it," she sighed dreamily, her fingers running over her firm udders as she winked in my direction. I got the message — she was working on one of these live phone sex lines and this was a 'business' call. It sure was doing plenty for my business!

"That's it, lover," she went on. "Whip it out and show me how hard it is..." Then, as I stood there in disbelief, she wandered over to me and very matter-

ofactly, unzipped my jeans, reaching inside for my cock and pulling it out. "My God, it is big!" she breathed as her long crimson fingernails traced a pattern up the length of my rigid pecker. "You want for me to lick it?" she asked her caller. I was praying he'd say yes and, bless him, he did. She fell to her knees, still clutching the phone to her ear and flicked her tongue all over

my big shiny knob. "How's that feel?" she asked the caller. He must have said something for she opened her lips wide and took a good three or four inches of my shaft between her lips. It felt wonderful and she held the mouthpiece close to her lips so her caller could hear the outrageous sucking noises she was making as she mouthed me off. "Does that feel good?" she whispered after a minute or so of this. The caller must have agreed, though I could have told him it felt fucking fantastic!

"You want to what?" she asked her caller. "You want to cum all on my boobs?" I glanced down at her heaving knockers and my prick twitched in anticipation as she reached behind her and unclipped her bra. Those full soft jugs fell forward, the nipples large and dark brown. "Can you feel my tits?" she whispered. "Can you feel how big and soft they are? Big boobs,

honey, that's

Flipping through the Holiday '98 number and pausing on the 'Videovixens' section as always, I found myself taking a strong interest in the blonde that was shown in the pictures with the review of *Intimate Exposures*. Two stills had her,

one in the center of the page where she's getting eaten out by a guy, and another at top right with a chick lip-locking on to her fine-looking tits. Who is this sexy chick and how come she's not appeared in a D-CUP feature yet? I really like her style and her tits even more!

me...The biggest and juiciest jugs in the State."

I wasn't arguing with that as she pulled me forward and squeezed her titflesh around my pulsating shaft. "Oh God!" she purred. "Your cock feels so hot between my jugs! Come on, baby, fuck my tits, fuck them hard!" Her voice was getting more and more sexy as she talked on. "Slide your fucking cock all over them!" she cried. "Squeeze them, pinch my nipples!" I just did as she said and she was so beside herself with lust she didn't mind one bit. My pecker was heating up and I couldn't last out much longer. "Come!" she yelled. "All over me! Cum!"

The first jet splashed up under her chin, the second drenched her heaving boobs as I came over and over until her knockers were drenched in the stuff. I was still quivering as she said farewell to her mystery caller and hung up.

"You were very good," she smiled. "And so kind to let me use your phone. I think I should reward you in some small way." She led me over to her bed and stretched out, gripping the waistband of her panties and pulling it so tight between her legs I could see every detail of her moist pussy through wet material. "Lick me," she urged. "I get so turned on I usually have to frig myself, but since you're here, why not use you?"

I buried my face in her slit. She couldn't get enough, "spasming over and over again" as she ground her twat in my face. After that I was hard again and we fucked and sucked for hours and even when we were interrupted by another one of her callers we managed to work the fantasy into what we were doing.

Back at work I had some explaining to do - not least about the bizarre charges I'd incurred on my company cellphone! A little bullshit goes a long way and I made it through - just. I'm just waiting for whenever that lady needs her phone fixing again!

'I LOVE SEEING THAT THICK WHITE GOO PUMP OUT OVER MY BREASTS. I LIKE TO OPEN MY MOUTH WIDE SO IT SPLASHES ON MY TONGUE AS A MAN CUMS..!'

Nothing would delight me more than if you could see your way to printing my pictures in D-CUP. Even as I'm writing this letter I'm feeling a familiar tingling between my thighs as I imagine all those thousands of men staring at my naked tits and sticky pussy and wanting to fuck me every way there is.

My name is Dorian. I am from West Virginia, 32 years old and married. The wedding vows me and my old man John took don't restrict us from enjoying other sexual partners, though. We love to spice up our sex life in

any amount of imaginative ways. We have advertized in swingers magazines and per-

sonals and have met numerous singles and couples we've enjoyed horny times with. John calculates that since we met the combined cock I've enjoyed measures close on a half-mile! I've had it every which way, too. I've had it in my pussy, my ass, my mouth and especially between my breasts. That's one of my biggest turn-ons as I love seeing that thick white goo

pump out over me. I like to stretch my mouth wide so I get it splashing on my tongue as the man cums.

Another big thrill of ours is

to film our horny sessions. Some people we meet say no, but not many. Anyway, these tapes are strictly for

one I love most has to be the time on my birthday when John found five guys to fuck me together.

our own pleasure. I can waste nearly a whole of a day sat in front of the TV and masturbating while watching my favorite fucks. I think the

While that tape has to be the most raw and raunchy, there's another I especially love. This was the time I

sees me in stockings, a garterbelt and a quarter-cup black bra. My boobs (which measure 38F, by the way) are bulging over the tightness of the bra and what happens next is exquisitely sexy. I really take my time introducing this

I hope this account encourages you to print my pictures. I realize I might not be typical 'center-fold' material, but I think the D-CUP readers will enjoy viewing a busty woman who they know will find the idea of them jacking off at my photos just the best!

inexperienced hunk to the pleasures only a real womanly female can give. I give him a drawn-out headjob, dribbling spit all over his cock

and trapping it between my boobs before I slide down his pole and ride us both to orgasm. Every time I watch it I get the

face glazed with juice as she came.

We started to share fantasies and more pictures over the next few weeks and we'd act out some of Jeff and Sharon's ideas, while they did the same with ours. Bianca and Sharon were now mailing each other regularly and one night Bianca said that sometimes she wondered if it was really a woman she was talking to online. Back came the reply: 'Give me a mailing address and I'll send you proof'.

Wanting to keep our home address private I gave them a PO Box # we had. A week went by and nothing showed up. I almost forgot until I came in one night and called for Bianca, getting no reply. Walking upstairs I passed the bathroom and there I saw Bianca in the tub, masturbating frantically, with a pair of personal stereo headphones on. I stood and watched with my dick hard as my wife thrashed to climax in the tub. As she relaxed she saw me stood there, probably looking quite perplexed.

"She does exist!" she told me, rewinding the tape and handing me the headset. I listened as a sexy female voice came on. "Hi, Bianca, this is Sharon." it said. The voice then went on to talk dirty to my wife, telling her even wilder fantasies of a sex session involving them both with me and Jeff present too. It sounded like Sharon was masturbating as she'd recorded it as she moaned into the mic. Soon I was moaning too as Bianca had unzipped me and pressed her warm slippery tits firmly around my dick. That night, we fucked to the sound of our friend's sexy voice on the hi-fi and it was amazing!

We've responded in kind since and our efforts were well received. How this'll all end up is anyone's guess, but we think we've hit on a novel and incredibly erotic new form of swinging. Has any other reader a similar story of cybersex like ours to tell?

PHOTOGRAPHS BY RUPERT DAINES

Even though she's now admired for her flawless physical splendor, Kerry-Marie still harbors the occasional doubt. She has, however, found a way around these fears: "Nowadays I want to specifically date men who love my breasts," she declares. "I love their response when they unhook my bra. I love the way they bury their faces in my boobs and lick my nipples all night long. And I love it when they beg me to let them fuck my tits. For me, there's no better way for a man to prove to me that biggest is best!"

12 D-CUP

Kerry-Marie's new to the modelling world...so new, in fact, she's still totally certain if this thing's going to work out: "It's taken me a lot of nerve to do this," confides the 18-year-old brunette beauty in a whisper, "The very first I was thinking I couldn't go through with it right up to the moment the photographer asked me to undress. I'm sure I had my eyes shut when I took off my bra. But then I saw the reaction on his face when he saw my breasts and it changed everything for me."

Whereas we'd always consider a figure of 42F-25-36 a blessing, it wasn't an idea Kerry-Marie always shared. "No, it's true: I used to think they were way too big," she reveals, "When I'd see men staring at my chest I always thought they were thinking, no way could I want a girl shaped like that! I thought they were turned off by breasts my size...until I got into modelling, that is."

*Hello
Boys!*

You know, even I'm surprised by my pictures this month.

Remember how last issue I told you I was off on vacation? Well, as you can see, that's just what I did – a wonderful week or so down Mexico way – but I never expected it to be a working vacation, too!

Mind you, how can I call it working when I finally got a chance to do something I always wanted: namely, doing my naughty thing outdoors! I've long had a desire to go totally naked in the wild so when Mr. Elliot mentioned Brad the Snapper was headed out that way anyhow I figured, why the hell not? I was so glad I did, too, as I think these shots are among the horniest I've done so far. That's what Lance thought, too – which is why I've got five extra pages to be wicked in this month!

It must be something in the air down there, but I couldn't resist doing some ultra-nasty poses. I love the one where I'm dribbling oil over my pussy – that's just soooo bad! And the sea breeze really puckered up my nips, so I had to be sure and do some real tit-tweaking shots for all you boys who keep flattering me how much you like seeing me do that.

Honestly, by the end I was totally WET! I had to take a dip in the ocean to cool down – swim-

Larissa

www.larissa-hotrussian.com

ming naked, of course – but even that couldn't calm me down completely, as a certain waiter at my hotel found out later that night (hope I didn't wear you out completely, Miguel!).

Like I said, I took a big stack of your mail with me to help me through the days. I think it might have been a mistake to read them by the hotel pool, though – what with the heat and the daiquiris and all the wicked things you boys were saying to me I ended up with a rather conspicuous damp patch on my bikini panties and my nips threatening to rip their way from my top. I don't think anyone noticed, however – maybe all the men around the pool had big bulges in their shorts from something else!

That's just a fond memory now and I'm back refreshed and eager as ever to get to grips with what's on your minds. And, judging from this month's mailbag, that's something rather big and rather hard...Mmmm, just the way I like it!

DEAR LARISSA

Hil! How are you? I bought D-CUP for the first time and it is the best magazine out there. I think you are very beautiful. Anyway, let me tell you a little story about something that happened to me recently. Your photos in the December 1998 issue reminded me of it.

I was in the local market and I had to go to the bathroom in the back room of the store. When suddenly I saw a girl that could be your twin come out of the Ladies room which was right next door to the men's room. I just said Hi to her and then I proceeded into the bathroom. I was doing my business in the stall when all of sudden I heard a knock on the door and someone says, 'Is someone in there?'

I was just saying yes when I realized I forgot to lock the door, and then suddenly the door starting opening and in she walked. She said only one thing: 'Can I help you with anything?' I said sure - can you can first shut the door and come on in. She proceeded to shut the door and then turned around and suddenly grabbed hold of my cock (needless to say it didn't take long to get hard). She bent down and gave me the best blowjob I ever got before. When I was just about to cum she said 'Not right now I want in here' and pointed to her pussy. I had to hurry because that

blowjob was so good I felt it wouldn't be long before it would all come gushing out. She took down her pants and turned around.

She had the nicest looking ass I've seen in a hell of a long time. I asked her if First I could run my tongue along her ass. And of course she agreed. I am sure glad no one else was in there because she was enjoying it so much she almost woke the dead with her screams. I thought at any moment I was going to explode so I stood up and started fucking her. It didn't take to long for me to cum. So I pulled out and let my cum drip down her ass. She was kind of disappointed with me for cumming so fast. She then sat on the toilet and started playing with her pussy

until she came. All she said was Goodbye and then left. She never asked me for a phone number or anything.

All I remember from that was she was a redhead with a killer ass and really nice tits. Just like you - that's why I suddenly remembered that.

CASEY, ONLINE IN NJ

Dear Casey,

It's always a thrill when new readers join in the fun we have here. I enjoyed your story a lot, especially as it put me in my mind of a very similar experience I had not so long ago. In fact, my regular pals might remember me mentioning it back in the October 1998 issue.

Funny, I used to think that kind of behavior was slightly out of the ordinary, but your tale makes me think perhaps loads of women do it! I can understand why - there's few things as exciting as grabbing a quick risky fuck somewhere public. It's so good when you just give in to your feelings and go for it and to hell with what might be. I wish you had got the girl's number, though - I'd love to know how often she's done it!

DEAR LARISSA

I've been buying D-CUP for a few years but now I'm getting me a subscription. The reason is

you, Larissa, because you are the answer to all my horniest fantasies. Larissa, you must believe me when I tell you how much you've lightened up my life. I've been jerking off ardently to your pics, thinking up the wildest fantasies about what we could do together.

I imagine I work in an office and you are my mate. One day you call me into your office and upbraid me over some work I did badly. I think you're going to sack me, but you say you'll forgive me if I do you some favors.

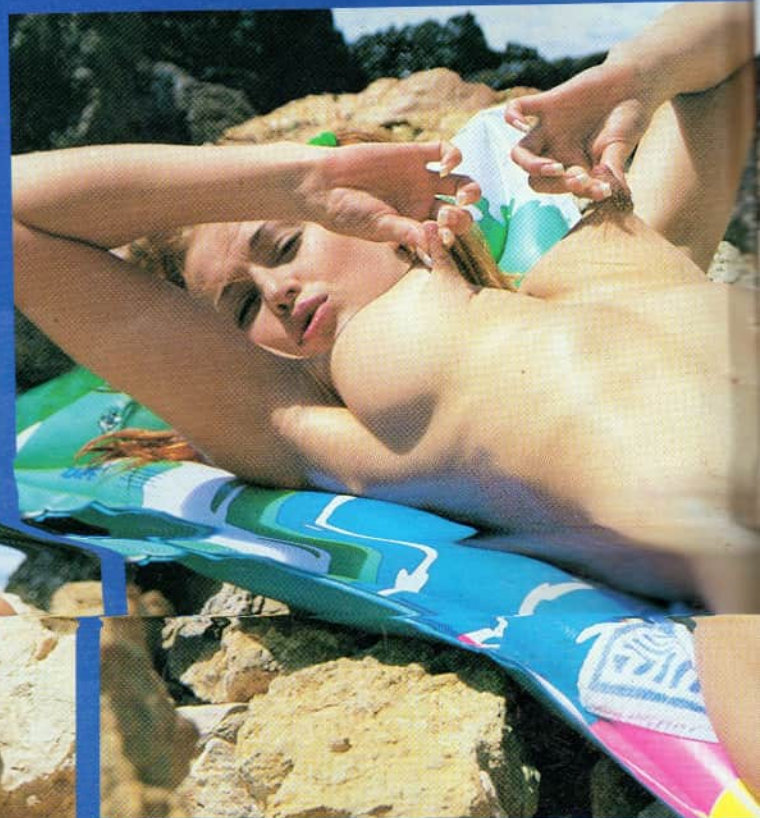

Then you lean back in your chair and pull up your skirt, spreading your legs so I see your stocking-clad thighs and your sweet pussy naked and already

wet. I take the hint and kneel between your thighs. You pull my head toward your twat and I start licking. Your cunt tastes like sugar, Larissa, and as I suck and kiss your clit you start to shudder and more of your cream oozes out on to my tongue. By now my cock is raging and you unzip my pants and free my aching hard-on. The head you give me is exquisite. You spend ages coating my balls with your saliva, then take my dick as deep as you can into your mouth. It takes all my control not to cum all over you, but I manage it. You undress and allow to me wallow in your deep cleavage before grasping my cock and drawing it top your hungry cunt. As I sink

DEAR LARISSA

You are absolutely
UNBELIEVABLE!
Ever since your col-
umn first appeared in the
May '98 issue, D-CUP has
been on the top of my
'must buy' list. I haven't
missed an issue yet and
my routine is the same

with each one purchased.
As soon as I get home, I
immediately open the
issue to your column, read
your opening comments
and all the readers' letters
(my favorite is the one
where you get sucked and
fucked in the lingerie shop)
and then jerk off all over
your hot photos.

After completing my ritu-
al with the
December
'98 issue, I
was
thrilled to
see this
issue had
an added
treat. On
the page
following
your col-
umn was
a picture
of you
with a stiff
cock
stuffed
between

your tits and a caption that
read: 'NOW SEE WHAT I
CAN DO WITH A REALLY
BIG DICK!' Even though
my prick was still dripping
with cum it sprang right
back to attention.

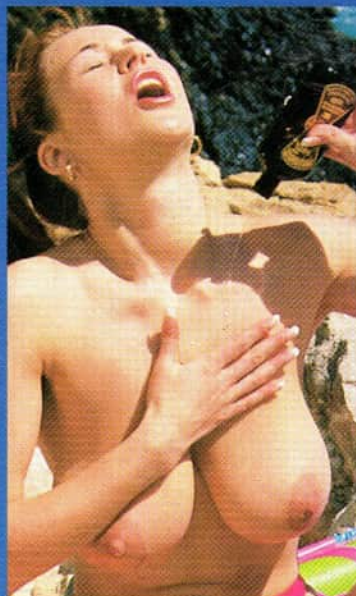

That 9 page spread of
you in various provocative
positions all over that
lucky stud's cock was
incredible. But what put
me over the edge was that
in a couple of shots you
could tell his dick was
shiny and wet. So even
though you could not
show those shots, it was
pretty clear his cock had
been in your mouth, which

got me to dreaming about
you.

I am sitting
in a chair in
my bed-
room, drool-
ing over
your layout,
when sud-
denly you
strut into the
room. You're
completely
nude, except
for a pair of
shiny black
spiked heels.
You parade
over to me
with your

hands wrapped around
your tits, then peer down
at me, knock the magazine
out of my hands and state,
"I'm gonna suck your big
cock until you dump your
hot load in my mouth."
With that you drop to your
knees and go to work. You
start off slow with a nice
tongue bath but within a
few minutes you're slob-
bering over the entire
length of my shaft. The
sight of your wet lips slid-
ing up and down my eight
inch dick is driving me
nuts. After a royal sucking
you pull it out and say,
"Ready to blow your load

D-CUP 31

down my throat?"

When I ask if I can fuck your cunt first you stand up and straddle my stiff cock. As you sit on it you drop your tits in my face and start to ride me. "Is this what you want, baby? A wet sloppy blowjob is not enough for you. is it? No, you want to suck on my big tits while your cock is getting fucked. Oooh, yeah, baby, your big stiff dick feels good in my wet pussy. Yeah, fuck me baby, fuck me good."

I can feel my load building up in my balls and I ask you if I can still cum in your mouth. Without responding you get on my knees again, spread my legs wide open and grab my throbbing prick. As you stroke my meat, right in front of your face, you urge me on, "C'mon baby! Gimme that load. Yeah, shoot it right in my mouth." Just as my load is about to explode you stuff my cock in your mouth, right to the balls. After taking my entire load and licking my dick clean you look up at me and ask, "Does that answer your question?"

P.S. I realize D-CUP is a big tit magazine and believe me your tits are gorgeous, but just in case no one has told you lately, you also have a pair of killer legs and a beautiful ass. How about a layout that highlights these attributes?

TONY G., TEANECK NJ

Dear Tony

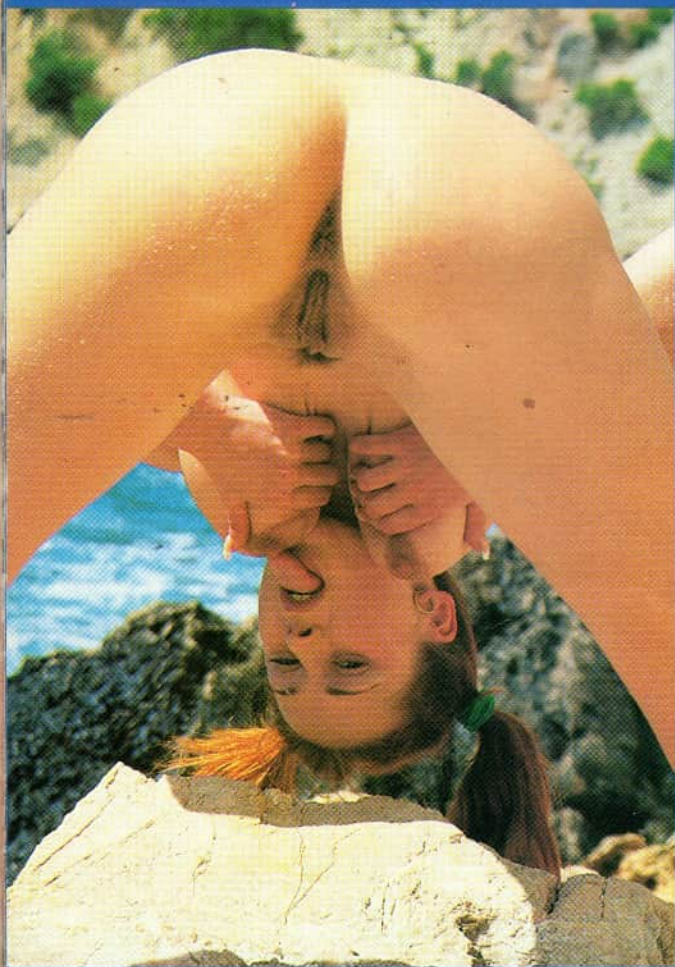

Let's hope my vacation snaps have enough pics of what you like! Loved your fantasy, too - don't you think nasty talk is a real turn-on? You might find it hard to believe, but I used never to be that vocal when I was with a guy. But one time this man I was seeing asked me to simply describe what I was going to do to him while we were making out. O boy, was I surprised - and slightly shocked - at the things that came out of my mouth! For some reason, it made me think of so many more sexy things to do to him - and him to do to me. Giving head with a running commentary is so nasty and makes you so wet you just have to fuck, don't you? Tony, I can safely say you got me to a 'T' with your letter, you lovely naughty man you!

BOTH WAY BOOBS!

For the last two years I've been seeing a great chick called Shelley. She has pert breasts

and long blonde hair I love to feel against my prick. There's only one other woman I have the same lust for and that's her sister Estelle.

Estelle looks nothing like Shelley. Her breasts are much bigger, her skin olive and her hair dark. The effect she has on me whenever she enters a room is so obvious that Shelley soon guessed about my passion for her sister. I expected her to be annoyed, but instead she was amused. I had Shelley's permission to seduce her sister and she even

Being well-traveled in Asia I have long found the females there among the most sensual and sexually exciting there are. For this reason I found the spread on Kellei (February 1999) one of the hottest you have had in ages. My dick was throbbing intensely after only a few moments study of her phenomenal assets. Her meaty pussy and tight brown-eye beckoned my dick with promises of exquisite

friction while her blowjob mouth signalled suction and her enormous tits and astounding nipples offered a treasure trove for any dedicated jug-fucker like me. Only once have I ever encountered a woman as well-stacked as her in Asia. This was in Bangkok many years ago when I found myself in the company of a slender girl named Ahna who suggested I double my fun that evening with her friend who had, she said, "special pleasure body you like very much." I wondered what she meant until her girlfriend arrived. Tiew was as petite as Ahna but had the largest tits of any Oriental chick I ever saw. Not as large as Kellei, but not by much. Soon all three of us were naked on my bed and it was

helped me organize it. When Estelle called up one day to ask Shelley if she could come over to borrow a blouse, Shelley said for her to come right away, then she went out. When the doorbell rang I gave myself a quick look over in the mirror and opened the door. I told her she'd just missed her sis,

Her delicious tits really wobbled when she moved...

but to come in anyway.

I led Estelle into the bedroom and sat on the bed as she looked through Shelley's clothes. She found a blouse she liked and I suggested she try it on. Estelle looked like she was waiting for me to leave and when she realized I wasn't going to she slowly pulled her dress over her head and said, "Is this what you want so

badly to see, then?"

Her tits were delicious. They were big and round and really wobbled when she moved. And the icing on the cake was her tight pink nipples which were so tempting and chewable. I stood up and began to kiss

her. Estelle sucked my bottom lip passionately, rubbing her body against me at the same time. My kisses began to work down her neck and onto her breasts. Her natural perfume was such an erotic smell and her titties were so huge I could only just fit a whole nipple in my mouth.

She clearly relished having her boobs pampered. I could tell from how she was clutching my head to her chest and the soft moans that came from her mouth.

My tongue kept on leading down, stopping only briefly to flick

obvious Ahna loved Tiew's tits as much as me (I later discovered they were lovers). Tiew lay back and me and Ahna pleased her tits and dark high nipples till she was climaxing just through tit stimulation. My cock was very hard by now and Ahna

almost forced me to slide it between Tiew's tits and fuck them while Ahna massaged the mounds around my thrusting cock. As I succumbed to this intense pleasure and fired off thick salvos of cum, both of them stuck out their tongues beneath my prick to catch it, then swapped it between their mouths, giggling happily as they made love to each other while I watched.

I had to leave next day and never saw those two since. However Kellei gives me hope there's still busty beauties for me to find another day!

my tongue against her sensitive bellybutton, until finally my chin was rubbing against her damp panties. Pulling them aside I began licking her cunt, comparing her clit to Shelley's and marveling at how neat her bush was.

Estelle was whimpering loudly and moaning. Pulling my pants down, and not even bothering to undress properly, I began to fuck her standing up. Her cunt was tighter than her sister's and when she came the muscles throbbed

spasmodically, seemingly trying to wring the cum out of my cock. "Cum in my pussy!" she cried out, "Shoot me full of your cum!" She was bouncing around like crazy and her tits were dripping sweat off either swollen nipple. I pulled hard on them and that seemed to make Estelle cum even harder.

But I held back, wanting to hump those jugs more than anything and buried my tool deep in the chasm of her squashed together bosom, titfucking Estelle for all I was worth till my cum creamed out of me like a geyser, covering her big gazongas with sticky jizz.

It's hard to say who is the better fuck of the two. Both are too different to compare and they both rate a 10 out of 10 with me. Of course, I always tell each Shelley she's the best when I'm with her, and the same to Estelle!

POLL LATEST!

Time to bring you up to date with the state of play in our All-Time Best Breasts poll, which we launched in our January issue this year. After a sluggish start, the ballots have started coming in and the early front-runners are beginning to set the pace. As might be expected, it's those ladies with the extra-extra inches that are heading the field, with bra-busting phenoms like Lisa Lipps, SaRenna Lee and Danni Ashe all showing strongly. Not far behind, though, come the overseas contenders in the shapes of Brit big-titter Linzi Dawn McKenzie and Euro-babe Chloe Vevrier.

What has surprised us, however, has been a solid performance by names from the recent and even

not-so-recent past. Porn vixens Seka, Trinity Loren and Christy Canyon have ranked well among many readers' choices, while it's grat-

ifying to see a healthy number of you plumping for the classic curves of 70s dames such as Roberta Pedon and Candy Samples. Even more interesting – if not slightly frustrating from our viewpoint – has been a fair few nominations under the status of 'wife'. If we didn't mention it before, we'll do so now – these nominatons will only be considered by the judging committee if suitably-inspiring pictorial proof can be provided!

Anyway, thanks to all of you who've voted so far. This could really turn out to be the most intriguing race of the year. For anyone else who's not had their

What is it with nurses and big boobs? That feature from the March '99 D-CUP ('Tonisha's TLC') recalled an experience from many years ago involving a nurse just as sexy as the two in your mag. I was hospitalized and real frustrated with so many sexy nurses around me all the time. Beating off was my only release and one night I was so horny. I decided the only thing was to fuck my fist or I'd never get any rest. My dick is quite impressive when hard and I was building up a steady rhythm when I heard a sudden giggle that made me drop my cock

like a hot potato.

Looking up, I saw a nurse called Megan, who'd been giving me rocks for weeks. She was staring at me, or rather staring at my dick. She was the sexiest nurse at the hospital, with long dark hair and a curvy body with fine boobs. I didn't know whether to cum my load or curl up in embarrassment.

"Don't let me stop you." Megan smiled. "It's not often I get to see a

dick that nice. Why don't you carry on?" she said "It'll do you good."

"Why don't you help me?" I countered, "That'll help even more." Megan laughed. "It's my job to make you feel better." she said and started to unbutton her uniform. I saw the powerful swell of her firm jutting tits in a lacy white bra and started slowly pumping my dick as she hefted each tit from its cup to show me her ripe boobs in all their glory.

She sat at the end of the bed and spread her smooth thighs, showing me her neat pussy. "You don't mind if I join you?" she asked. Her cunt glistened as she slid two fingers in. I was still pumping my prick as I gazed at this sexy show. Megan toyed with her achingly long nipples, all the time pushing herself closer to climax. She beat me to it, her body shaking as her orgasm shook her.

I gasped out I needed her to finish me off. Megan fell forward and wrapped her mouth around my prick, just in time to receive my cum as it filled her throat. She swallowed gulp after gulp, draining my balls and making it the finest head I'd had in years.

Soon my condition improved and I was able to give Megan that which she so richly deserved - a long hard fucking that filled her pussy to the brim. With care like that, it's worth being hospitalized more often and to hell with the health insurance!

HOOKING THEM HOOTERS!

Mac, my best bud, and I were on a trip upstate, a kind of 'guy's weekend', just fishing, drinking beer and chilling out, which was exactly what we were doing one hot afternoon

when around the bend of the river walked this woman about mid-20s dressed so skimpy both of us could see she had a truly fine body with jiggly boobs and a wide butt.

"Am I glad to see you guys!" she said. "I'm out of gas just up the road here. Can you help me?" It so happened we had some reserve gasoline in the RV and were able to spare her a few. As I hauled the cans from the truck I noted her looking at us differently.

"I'd like to repay your kindness, guys," she said, taking Mac's face in her hands and kissing him. Before I knew it this chick was kissing me too, running her fingers through the hair on my chest.

Mac massaged her heavy tits through her tiny halter top and you could see her nipples harden through the thin material till they were sticking out like dum-dum bullets. I couldn't keep my hands off her ass, only just covered by her skimpy satin shorts. "Guys, I'm getting so

WET NURSE!

“She wrapped her tits around his cock to get all his cum”

you better take off my shorts before they get all messed up.” she said. I tugged them off and stood back to admire her perfect body and her reddish muff as Mac kept up his work on her tits.

I unzipped and brought my dick into the sunlight. “I’d like a taste of that.” smiled this sex kitten. She had just enough time to end that sentence before I was feeding my cock into her mouth, while my cum-laden balls brushed her chin. She licked the head of my rod, her tongue teasing the hole at the tip. Mac got turned on by the show and displayed his massive joint. Her eyes grew large when she saw what Mac had to offer. She took my cock out of her mouth and said to him: “Why don’t you come over here and beat that meat between my boobs?” To me she said, “My pussy sure could use some attention!”

I parted her thighs, slipping my index finger into her wet gash. I found her hard little bud and began to tease it with my middle finger, watching as Mac straddled her chest, pumping his thick shaft between her quivering mounds, the head of his huge fucker poking between her lush red lips while she stroked his cock at the same time. He was panting with excitement. Now and then he would gently squeeze his taut ball-sack to increase his pleasure as I continued to finger-fuck this lovely miss until she begged me to put my cock in her pussy. I brought my dick up to the target and slid into paradise. Mac continued to fuck her tits, clutching the warm flesh around his pecker, making a tunnel for his boner. Our guest was getting off bad by now and sighed that we should fuck her doggy-style and make her cum quick. The three of us rearranged our positions so the lady was on all fours, doing her damndest to get her lips around Mac’s meat. I was behind

her and easily entered her love-hole. Now I had

more freedom to drive into her cunt and drive I did! My butt was working overtime as she met me with every thrust, still trying as best she could to slurp her tongue around Mac’s meat. We were dripping with sweat from the sun and it was all getting too much for me. “I’m cumming, I’m cumming!” I screamed, “I’m going to fill you with my jizz!” My cock fired off a stream of cum deep into the little lady’s tight snatch. As I collapsed on her back, I was still shooting inside her. Mac’s face was contorted with ecstasy. “Oh yeah, oh God!” he yelled, “Here it cums, oh yeah!” and he blew his load into her waiting mouth. She didn’t take it all, but wrapped her tits around his prick so he could dump the rest of his cum there.

When it was over she again thanked us for the gas and made her way back to her car. I guess it was a fantasy of hers to fuck two strangers, but with her body she’d never have trouble finding men. I’ll never forget that trip. It was the wildest fish we ever caught!

After she made her debut appearance in D-CUP a few months back I quickly realized I was totally hooked on the beautiful Elizabeth Starr. So you can imagine

Once home, I devoted an entire

HEFTY HOOTERS

Starring: Debi Lee,
Sarah, Toni Evans,
Dawn, Gayner
Directed by:
Anonymous
Available from:
H&S Sales

If you're the kind of guy who displays a 'No Fat Chicks' bumper sticker on your fender then be warned: this movie is most definitely not for you!

If, on the other hand, you get a twitch in your pants at the thought of babes packing serious blubber then waste no time getting hold of this tape, for the title is no idle boast - these are the ladies who put the extra 'X' in XXXL!

This British flick showcases five lassies in four languid vignettes, during which they invite the viewer to consider the ample attractions of vast rippling acres of tit-flesh. Debi Lee, whose elfin features make her perhaps the most appealing of the bunch, gets things going in fine style as she lazily clutches, shimmies and sucks her giant gazongas while dipping a hand between her meaty thighs to tweak her distended clit. For those of you who yearn to be well and truly smothered in sweaty skin, her huge ass would afford cover for five at least!

Equally gargantuan is Sarah, who we find masturbating in

the shower. To be honest, this reviewer found her immense gut a turn-off, but flab fans will no doubt recognize nirvana in her drooping domes and would be first in line to help Sarah accomplish the challenging task of soaping up those bra-strainers. The same routine is followed by Gayner, whose truly titanic turrets likewise get maximum sudsy stroking.

In between, we hit the stand-out section in the tape's only scene not focussing on solo pleasure.

Toni Evans and Dawn, sturdy dames though they are, look positively skinny compared to their co-stars. That doesn't prevent them displaying a neat line in breast-fixated lesbo lust as they extricate each others' silky udders from giant harnesses and lose themselves in an orgy of nipple-sucking and tit-mauling before Dawn straps on a frighteningly-realistic dildo and shoves it doggy fashion deep into Toni's chubby chasm. The resultant fuck has jugs boogying frantically, side to side, up and down, till any viewer suffering

from seasickness could well find himself feeling queasy. Even so, it's easily the best moment on show here.

Hefty Hooters is certainly one for the specialists. The Brit chicks certainly prove what too many fish 'n' chip suppers can do to the waistline, but chubby-chasers won't mind. For lovers of huge natural knockers, this one's a flesh-feast and then some. Others may well decide that sometimes you really can have too much of a good thing!

// It's my appetites, apparently – to me, partying all night and then screwing for hours is just natural. But I've had times where men have come out with lines like, 'Linzi, don't you realize I've got to be at work in the morning?' My answer's always the same – he's got two choices: get into the office late, tired, but happy, or scram! No way am I ever going to be left here all frustrated with a wet pussy and no one to take care of it!"

It's hard to believe any male could even contemplate such behavior, but Linzi says she has a plan just in case they do: "I tell him, if you're tired let me massage your back for a bit. What I don't say is I'll massage them with my boobs! Once they feel me running my soft warm tits on their body it's amazing how they find that extra energy. Of course, they end up never going into work at all. But I can assure you no one complains...ever!"

SEX IN STORE

One Saturday a few months ago, my girl and I set out to buy her a new bikini to wear on vacation. At last she found one she liked so we headed for one of the changing stalls. There was only heavy drapes covering the stalls.

Debbie entered the empty one, pulled the drapes and

after a three- or four minutes, called me to give my opinion. I slipped in and caught my breath at the sight of her nearly naked except for the skimpy bikini which showed off her curves. Her E-cup tits were held in place only just by the straining fabric.

"Like it?" she asked, wiggling and rubbing her hips with her hands. "Beautiful." I gulped, stepping forward and cupping her big sexy tits in my hands. I crouched down and pressed my nose into the crotch of her bikini panties. I could smell her scent and see the muff hairs sticking around the sides of the tight shiny material which was bulging from the pressure of her swollen cunt.

Oblivious to the shoppers the other side of the drapes, I pulled the briefs aside and thrust my tongue into her already wet cunt. "Oh... ~~me~~ don't." Debbie giggled, but I sensed she was as horny as me. She leaned back against the wall as I nuzzled and sucked at her sweet juices while at the same time I unbuckled my jeans and tugged my rock hard cock free.

"We can't!" she hissed as she saw what I was doing. "Yes we can!" I responded. "Turn around and bend over. Quick!"

Her lust overcame her fears and she did as I asked and I slid my steaming shaft right her creamy twat. The feeling was out of this world. She moaned out loud, biting her lip to control the noise. In the next cubicle they could probably hear the grunts and moans, mabe even smell the sex, but the glorious fucking completely took

us over for a few blissful moments. Pulling her into me by her hips and feeling her round ass and her plump hangers filling my hands as we fucked had me at the peak of excitement and I emptied my boiling jizz deep into her cunt. Even before I'd finished cumming, I heard the murmuring of voices outside the room. I stuffed my still twitching cock back into my pants and stepped outside trying to look as normal as I could. A few moments later Debbie followed, looking hot and flushed and mainly at the floor. After that we had to buy the bikini and whenever we're shopping I always try to buy her sexiest stuff I can. Sometimes shopping can be a horny experience!

'THE SUPER'S SON CAME UP TO FIX MY DRAINS, BUT I HAD HIM PLUG MY HUNGRY PUSSY AND TIT-FUCK MY BOOBS INSTEAD!'

When you open your copy of D-CUP each month and look at all the chicks on the pages, I bet you think, just because they look like a million dollars they have the same lifestyle. Oh, if only! I

mean, I'm not bitching, because I've got a job I really enjoy - turning on guys is a real kick for me. It's like another bit of my sex life. I enjoy sex thoroughly and indulge as often as I can, but when it comes to the mil-

'I'D SQUEEZED MY BULGING TITS INTO A TIGHT KINKY OUTFIT THAT HE COULDN'T BELIEVE!'

lionaire lifestyle, it hasn't happened yet. But I can dream, can't I...?

Take the place I live, for example. It's an old apartment block that seems to be cursed with permanently backed-up drains. A couple of weeks ago, just after I'd done a photo shoot, the washbasin was backed up again so I called up the super. I wasn't looking forward to it, as he's a real old cantankerous geezer who's a bit of a Bible nut and spends more time lecturing me on the 'error of my ways' than fixing things. But I had no choice and, expecting him to take his time I decided to try on a few new outfits I'd got for my dance act. I'd just shoehorned myself into a gorgeously sleek kinky number with sexy chains dangling across my boobs when I heard the knock at the door. Expecting you-know-who I threw on a robe and answered it.

What a surprise! Instead of the crusty old guy, I opened my front door to find a real handsome guy stood there clutching his toolbox! "Hi there, miss," he said, "My name's Dale. I'm Mr

F—'s son. He's on vacation, so can I help fix your problem?" Boy, could he ever! Blond hair, six feet tall, broad shouldered, trim and utterly gorgeous!

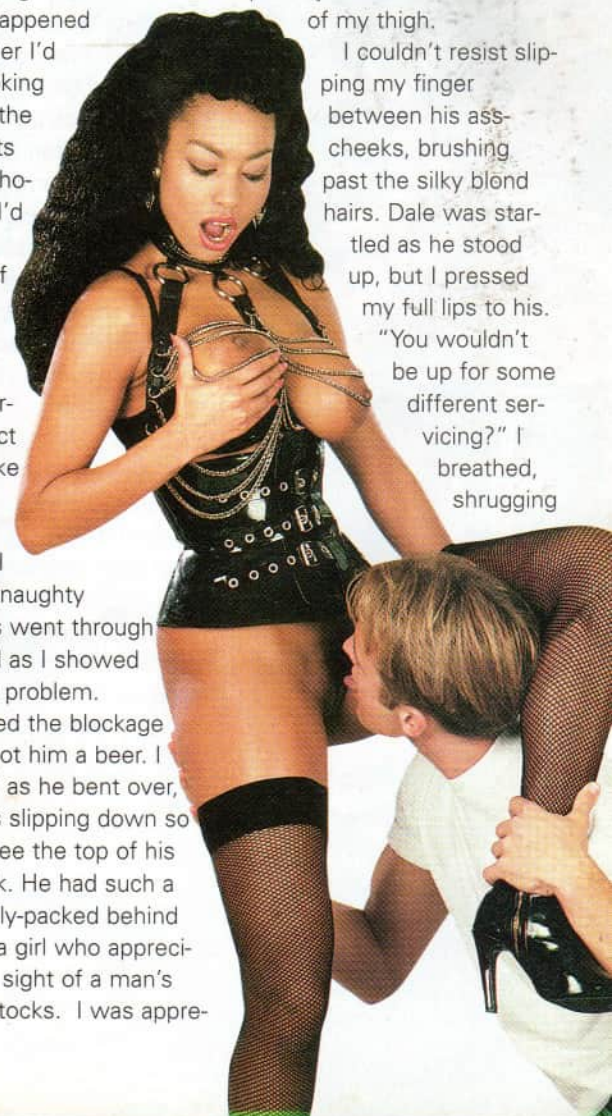

It so happened that earlier I'd been looking through the first shots from a photoshoot I'd done a couple of weeks ago and they'd had a certain effect on me like they always do, so all kinds of naughty thoughts went through my mind as I showed Dale the problem.

He fixed the blockage while I got him a beer. I watched as he bent over, his jeans slipping down so I could see the top of his ass crack. He had such a beautifully-packed behind and I'm a girl who appreciates the sight of a man's tight buttocks. I was appre-

ciating the sight so much my pussy was aglow with desire, sending the first ripple of juice down the inside of my thigh.

I couldn't resist slipping my finger between his ass-cheeks, brushing past the silky blond hairs. Dale was startled as he stood up, but I pressed my full lips to his. "You wouldn't be up for some different servicing?" I breathed, shrugging

my robe off my shoulders.

"Are you sure about this?" he said. "O yes." I breathed as I let the robe fall and let him take in my ripe figure, showed off to perfection in that wicked outfit. "Lord! You always dress like that?" was all he could say as he looked me up and down. "Sometimes," I giggled, "Especially if I want to seduce a hunk like you."

Dale grinned and ripped off his sweaty t-shirt. I melted into his wide chest. He pulled me right off the ground to take me in his arms, rubbing at my breasts, my thick tit buttons shamefully erect.

"What brought all this on?" asked Dale.

I smiled. "Maybe I should show you." And I brought out the photographs, spreading them across the table. Dale's eyes widened as he realized the naked girl in the pictures was exactly the same as the one stood over his shoulder, rubbing her big breasts and hard nipples against his manly back.

"Shit," he breathed, "You're famous!"

"Oh, I wouldn't say that," I replied modestly, "I just enjoy showing what I've got, especially to guys as attractive as you - you see, Dale, you're a little hard to resist."

"There's nothing little about this," he grinned as he slipped his massive cock from his jeans. It was beautiful as well as gigantic with a

lovely red head pointing up at me. "Time we moved to the bedroom," he growled lustfully.

We just fell on each other in wild primitive lust. Dale was fascinated by my big chunky nipples, licking and sucking them hard before moving lower and teasing my pussy with his tongue as I pigged on his beautiful broad prick.

Dale lifted me up and I guided his dick into my moist furrow, first letting the head hit my extended clit a few times as I shuddered with passion. Once inside me, Dale started to drive his cock like some racer at the Indy 500 as I clung to him, my thighs wrapped tightly around his waist while he pounded away at my pussy.

"Oh man!" he groaned as he hammered away at me, "You're fucking amazing!" His hands went beneath my boobs and he raised them up in his fingers, digging them deep into my 38Ds. With a small giggle, I slipped my tongue out from my lips and flicked them over each nipple. I love performing this little kinky trick. Not only does it look good, I can get a good bit of stimulation from it too. I didn't need to strain my neck though, as Dale soon took over licking and

sucking and nibbling my nips wonderfully. This beefy stud sure knew how to get a girl tingling all over!

I was nearing a climax

from his energetic cock-action, getting so carried away I was biting into his thickly-muscled shoulder. His cock seemed to get even harder! He held my hips and pulled me down on to his rigid jammer and his load burst into my cunt like a fire-

'HIS HANDS WENT UNDER MY BOOBS, RAISING THEM UP IN HIS FINGERS, DIGGING THEM INTO MY 38D'S...'

cracker on the Fourth of July. I whimpered as I milked every last drop from him, my pussy spasming with my frantic climax as I held him tight inside of me.

Well, I hope no one else in our building needed their drains seeing to that afternoon as Dale and me spent the rest of the day fucking and sucking like crazy in my bed. He could get it up again and again and left me exhausted but thoroughly satisfied. And if showing my photos to guys has that sort of effect every time, then you can bet I'll be doing it a lot more from now on – and trying to get my spreads in D-CUP, of course!

ANGEL EYES

PHOTOGRAPHS BY ANNELI ADOLFSSON

One year on from her premier D-CUP centerfold, Angel Eyes is back to once again grace our mid-mag point with a sumptuous view of the awesome 52DDD-24-34 physique and exotic allure that's catapulted this former aspiring attorney into one of the nation's most sought-after dance stars and models.

For her part, Angel Eyes couldn't be happier with all the attention: "This last year's been really hectic," she says, "It seems like everything's been on the up and up. I've been travelling all over and meeting so many people it's hard to keep track sometimes. Things have got so busy I'm finding myself really cherishing those moments when I can just get away from it all and relax."

But relaxation for this stunning creature is anything but the kind of couch-potato-pizza-and-beer recreation favored by the D-CUP staff: "I'm forever thinking up new projects, dance routines and video ideas. I think I'm plain hyperactive, one of those people who go nuts without anything to do. Everything I do I do it to the max – whether it's working out, performing on stage...or even in the sack!" she adds with a giggle. "In fact, that's something I find annoying – my best work never gets seen outside of the bedroom. I can be very energetic when I'm having sex – once is rarely enough for me!"

And, surveying that packed-to-perfection frame, we'd have to concur. Looks like if we want to keep up to pace with this lady, we'd best not be ordering in any pizza for a while...

ADARA & AMBER

WHEN LIBRARIANS GET NASTY!

World-renowned specialists in sapphic sensationalism, the Scandalous Duo are back to blast your bone with a graphic display of tit 'n' clit licking that can't be beat!

As ever, Adara Michaels is the foxy force behind these brazen antics as she joins co-star Amber for a sweaty bout of snatch-banging beaver frenzy. It's uninhibited lust at its most explicit. Which is just how Adara wants it, because, as the lady says herself: "There's nothing better in life than making guys hot for you!"

It's that simple philosophy, of course, which has seen the various incarnations of Scandalous sweep aside any number of would-be competitors over the years. Says Adara: "I think it's down to us always being open-minded to any kind of fantasy. I love it when you just allow your imagination to bust loose sexually. Nothing's off-limits then. All the rules are gone. Men love that in a woman — and it's even better with two women, right?"

90 D-CUP

Noting the state of the location used for this shoot afterward – chairs, tables and equipment tossed aside in Adara and Amber's passion for pussy – nobody could argue with that statement. The whole place looks as though a tornado blew through it, albeit a tornado brimming with pussy-juice and discarded lingerie...

"Sorry about that!" smiles Adara, in a way that tells you she's anything but, "I guess we just got carried away here. That's the trouble with girls like us – we really do bring out the worst in each other. I mean, I told Amber not to put her finger in my butt. She knows how crazy that makes me. So she shouldn't have been surprised when I slid my fingers inside her sticky snatch and frigged that g-spot of hers till she exploded...Well, *gushed* might be a better word – I just hope you can manage to get that out of your rug!"

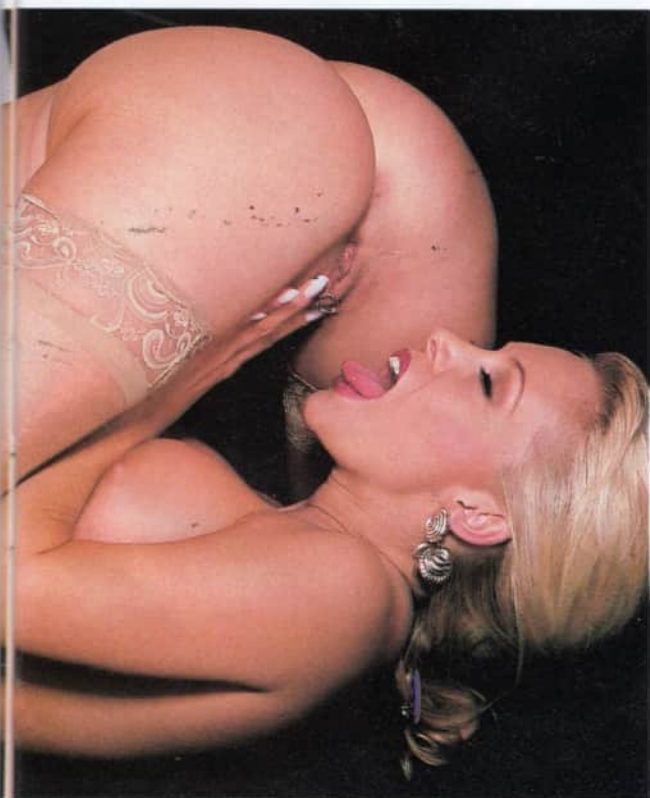

We're sure there's no one going to concern themselves about the domestic chores right now. Because these ladies have proved yet again, that when it comes to two-girl excitement that reaches out and grabs your pecker with genuine meaning, nobody does it (and themselves!) better than Scandalous!
