Horny Housewives

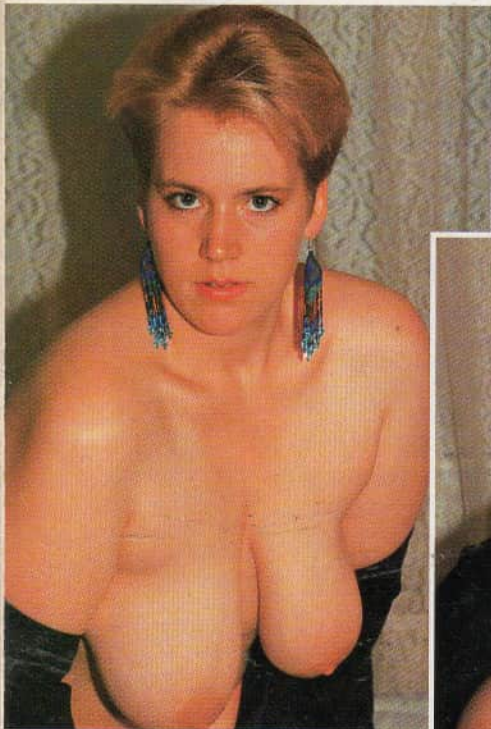

*Candidly
yours*

While the weather might be turning colder, this month's amateur entries are sure to heat you up. And

remember, if you'd like to see your lover earn up to \$300, send at least eight nude Polaroids or snapshots of her to Gent "CY", 2600 Douglas Road, #600, Coral Gables, FL 33134.

Gayle

At 5'5" and 148 pounds, Gayle sports just the right amount of meaty femininity. Her cute pixieish 'do and girl-next-door demeanor only add to the eroticism of seeing her bulbous 40-inch hangers uncovered. Gayle measures 40-26-38 and tells us that appearing in GENT is a fantasy come true for her.

Jasmin

Amateur discoveries don't come much sexier than 42-29-39 Jasmin. She has it all: a gorgeous smile, full fleshy hips, a delectable derriere and two of the most scrumptious all-natural knockers we've seen in quite a while. We have a feeling you'll be seeing Jasmin again soon.

Candy

This sweet piece of Candy measures 43-32-42 and, when asked to list a few of her hobbies, replied (no joke): "Blow jobs, tit-fucking, lick-

ing cum off my face...usually in that order." Sounds like our type of girl.

When her breasts first started growing bigger than everyone else she knew, Ingrid admits she was a bit embarrassed about it.

"I was always one who liked to fit in rather than stand out, but once my boobs got real big, those days were over for good. At first, I was uncomfortable with all the attention I was getting, especially from men who couldn't take their eyes off my chest.

"But then I began to enjoy my new-found popularity. Pretty soon I was going on more dates than I'd ever gone on before and when it came time to being intimate, I found that my boobs were now more sensitive than they'd ever been.

"Just the merest of touches or tongue licks began sending shivers down my spine. If a man lightly bit my nipple or licked at my areolae, I'd become incredibly tingly all over. It was almost as if overnight when my boobs got bigger, my sexual appetite got bigger as well.

"Now, I love all kinds of sex, not just the breast-related kind. Of course, nothing makes my pussy wetter than to have a man enthusiastically manipulate my boobs, but usually that alone doesn't get me off (although it usually does get me pretty close!).

"No, to get off the way I like to, I need a warm, stiff cock buried inside my moist pussy.

Ingrid

The cock doesn't have to be huge; size isn't all that important. It's more important that a man knows how to use what he's got.

"I like it when a man teases me with slow sensual strokes, brushing the outer lips of my pussy and clitoris. When he finally can't take it anymore and needs to enter my sopping womanhood, he should do so ever so slowly. This builds the excitement for both of us.

"When he has fully entered me, he should thrust sensually and as slowly as he possi-

bly can. Gradually, he should then quicken the pace until we're both humping and bucking like crazy. At this point, I'm liable to say the most dirty, inane sex talk. You know, stuff like, "Fuck me, you bastard! Fill my pussy with your prick! Make me cum!"

"Eventually, I'll get to the point where I can no longer utter intelligible sentences, but rather just moan and groan like an animal in heat. And when I do finally come, I think everyone in the whole neighborhood knows it."

*With mouthwatering
measurements of
42-26-38, Ingrid is a
newcummer to keep
an eye on.*

Join us in welcoming magnificent Minka, the latest discovery of long-time GENT lensman John Lee-Graham. Minka is originally from Korea and just recently relocated to Virginia, so her English still needs some work, but she was able to convey to us that she considers the U.S. the land of opportunity... and she's obviously made the most of hers.

Minka

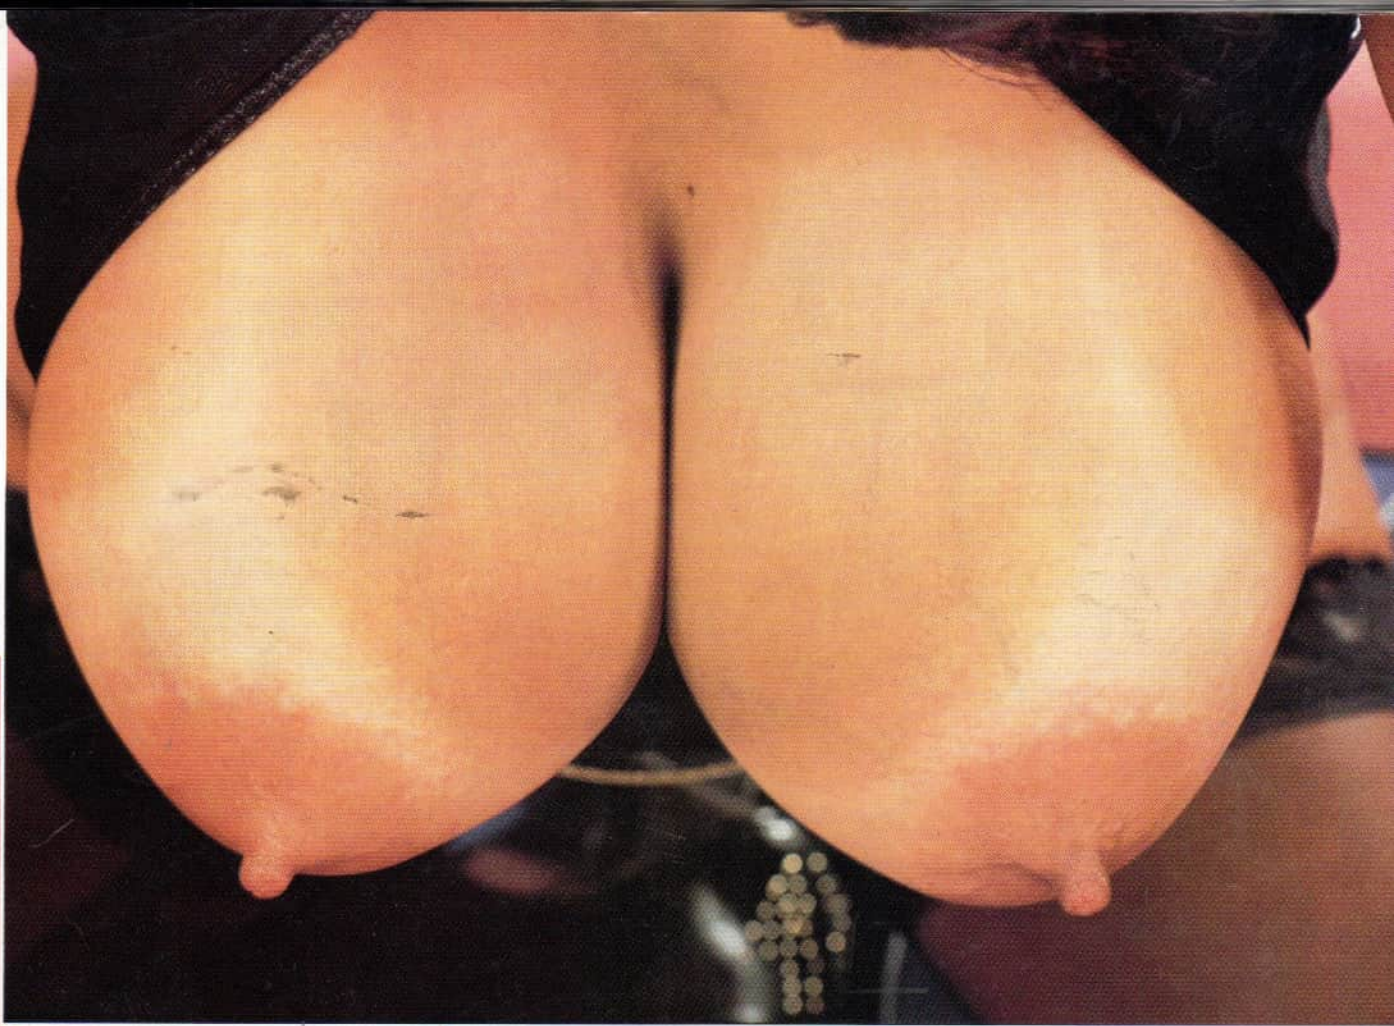

Standing 5'8" tall and weighing 110 pounds, Minka is more statuesque than most Oriental women we see and her awesome measurements of 44FF-23-35 are the stuff of which wet dreams are made.

Although this is Minka's first time in front of the camera nude, she shows no rookie jitters. She willingly displays every succulent inch of her tan-lined tit-flesh and inviting pussy.

Sandra

This is how Sandra looked in her "C.Y." debut back in August '94.

When Sandra sent in her amateur photos to our "Candidly Yours" section several months ago, we had a hunch readers would go bonkers over her fleshy femininity...and we were right! You guys inundated us with letters singing her praises and requesting more, so here she is!

What tit-man could possibly resist the succulent breast-flesh and womanly curves of this gorgeous plumper?

Her plush, robust figure practically redefines the word "voluptuous."

With measurements of 41-36-42, this 5'6" brunette beauty has a world of nude modeling potential. As the shot above clearly demonstrates, she has nary a qualm about striking the most explicit poses and displaying her most intimate feminine regions.

Fiction**

**For men who
want their D-cup-
pers with some
extra flesh on
their bones, this
special section is
dedicated to you!**

After more than a year's absence from our pages (her last appearance was in Nov. '93), Chelsea is back as the covergirl and centerfold of our special bonus "Heavy Hitters" section. Chelsea's combination of facial beauty and a luscious full figure make her the feminine ideal of all men who worship Rubenesque women.

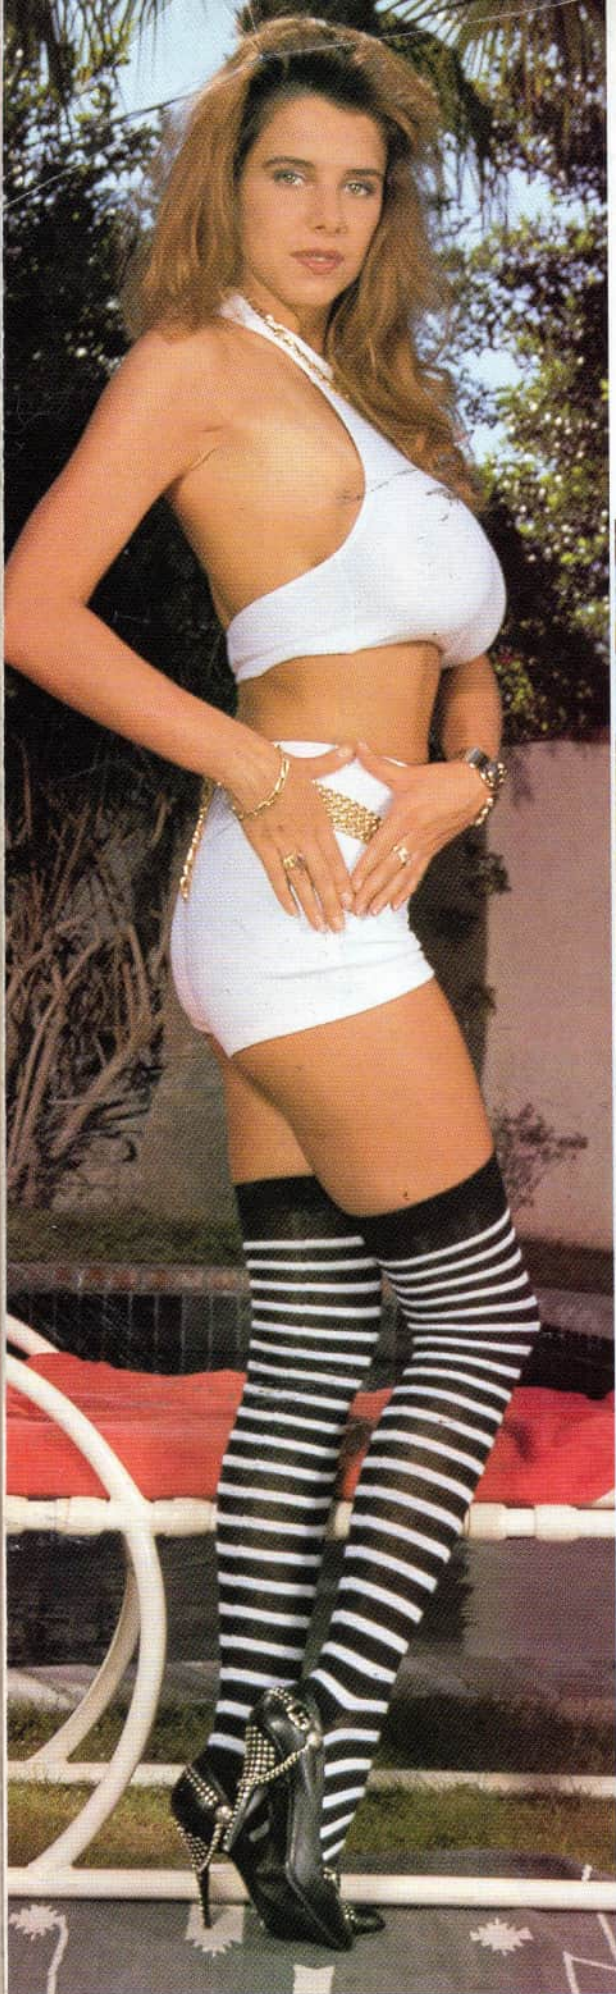

For those of you into statistics, Chelsea stands 5'3" tall, weighs 153 pounds and measures an impressive 42-31-38. But as you can see from these arousing photos, there's no way to quantify Chelsea's immeasurable sex appeal.

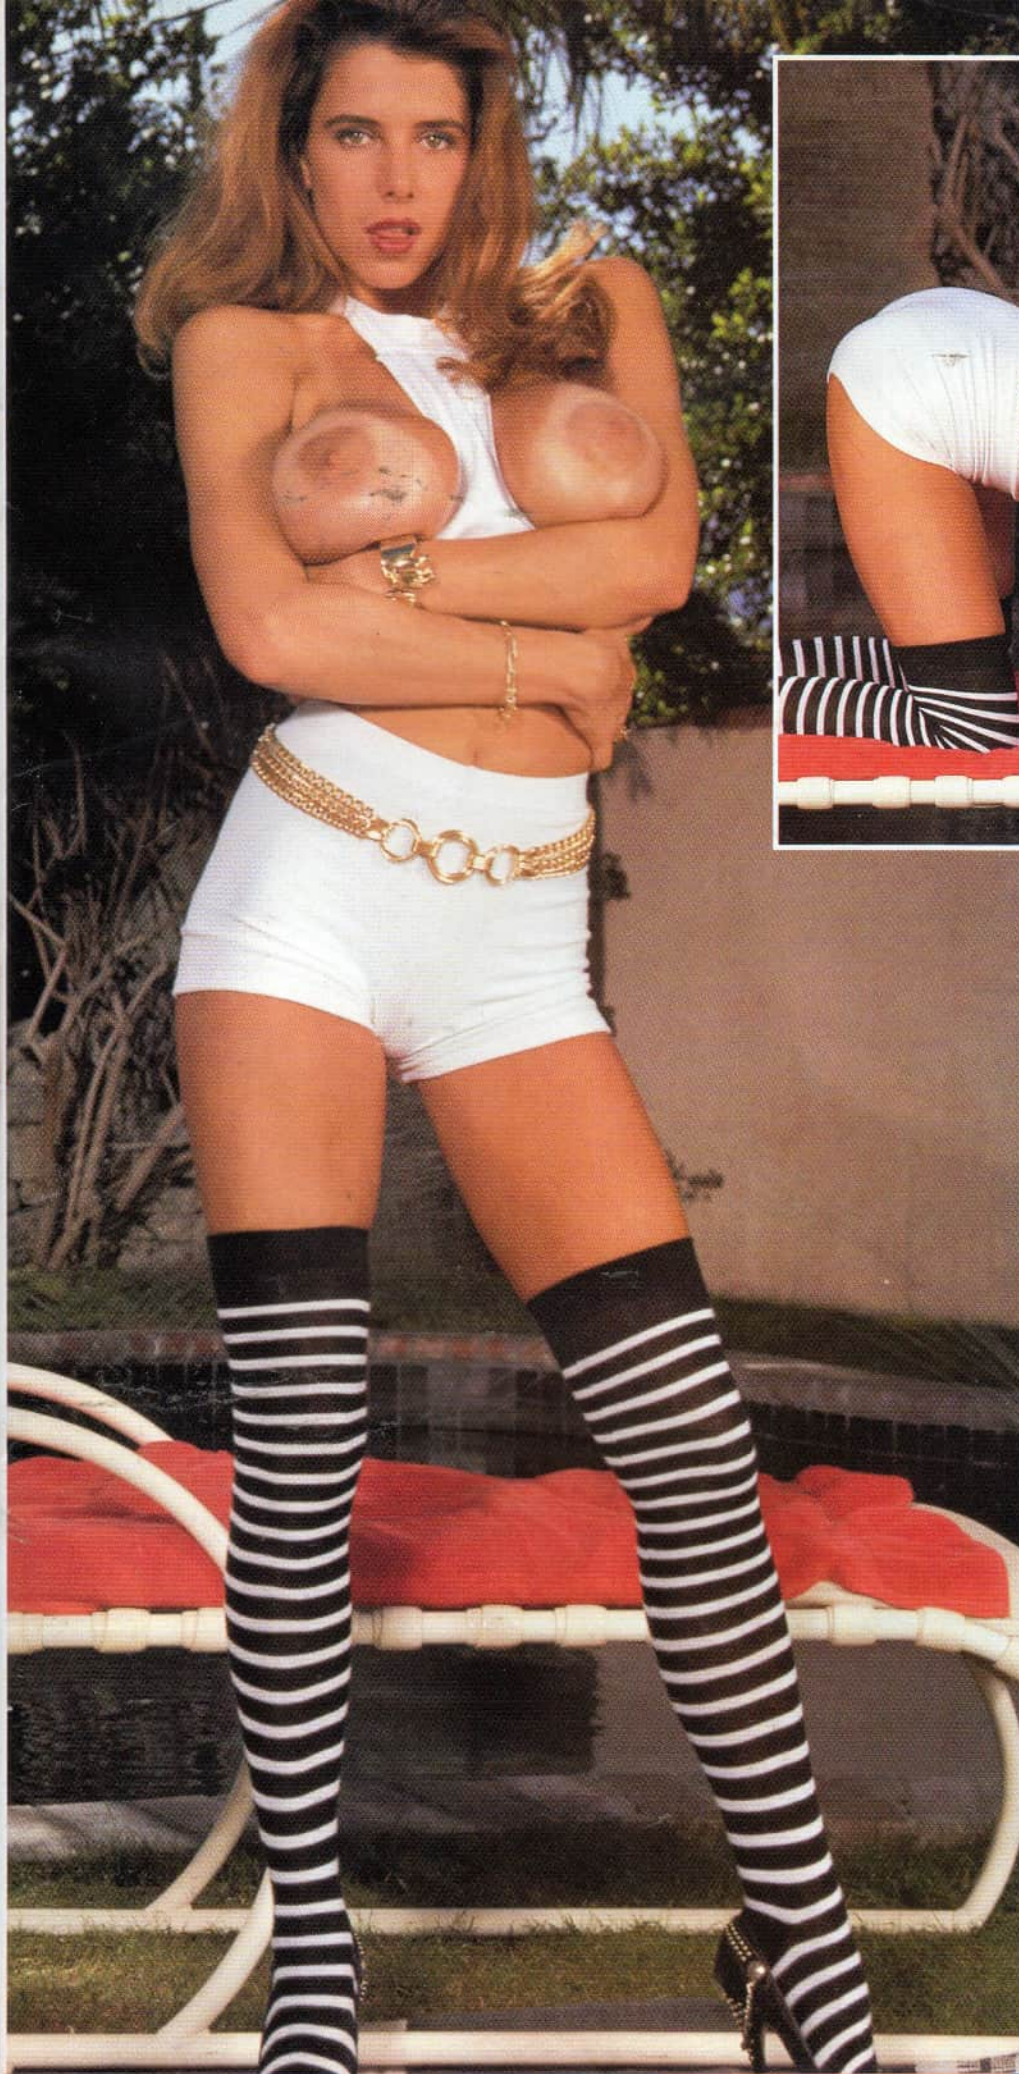

Valerie

In terms of feminine allure, Valerie possess the entire package: a gorgeous, traffic-stopping face, long luscious legs, a slim waist, a great tan and two succulent, perfectly round flesh melons on her chest.

The last time we saw vivacious Valerie Fields (Sept. '94), she was doing the lezzie tango with another terrific D-cupper, Danni Ashe. Now this sexy vixen is all by herself, but no less enticing, especially if your taste in models runs toward the slim-'n'-stacked variety.

In addition to possessing a bodacious pair of boobs and a delectable derriere, Valerie also sports one of the hairiest pubic mounds we've seen in awhile. The combination of Valerie's cock-stiffening 39-25-36 figure, sultry demeanor and sexual openness make her irresistible to us.

CLASSIC COLLECTION:
Kitten

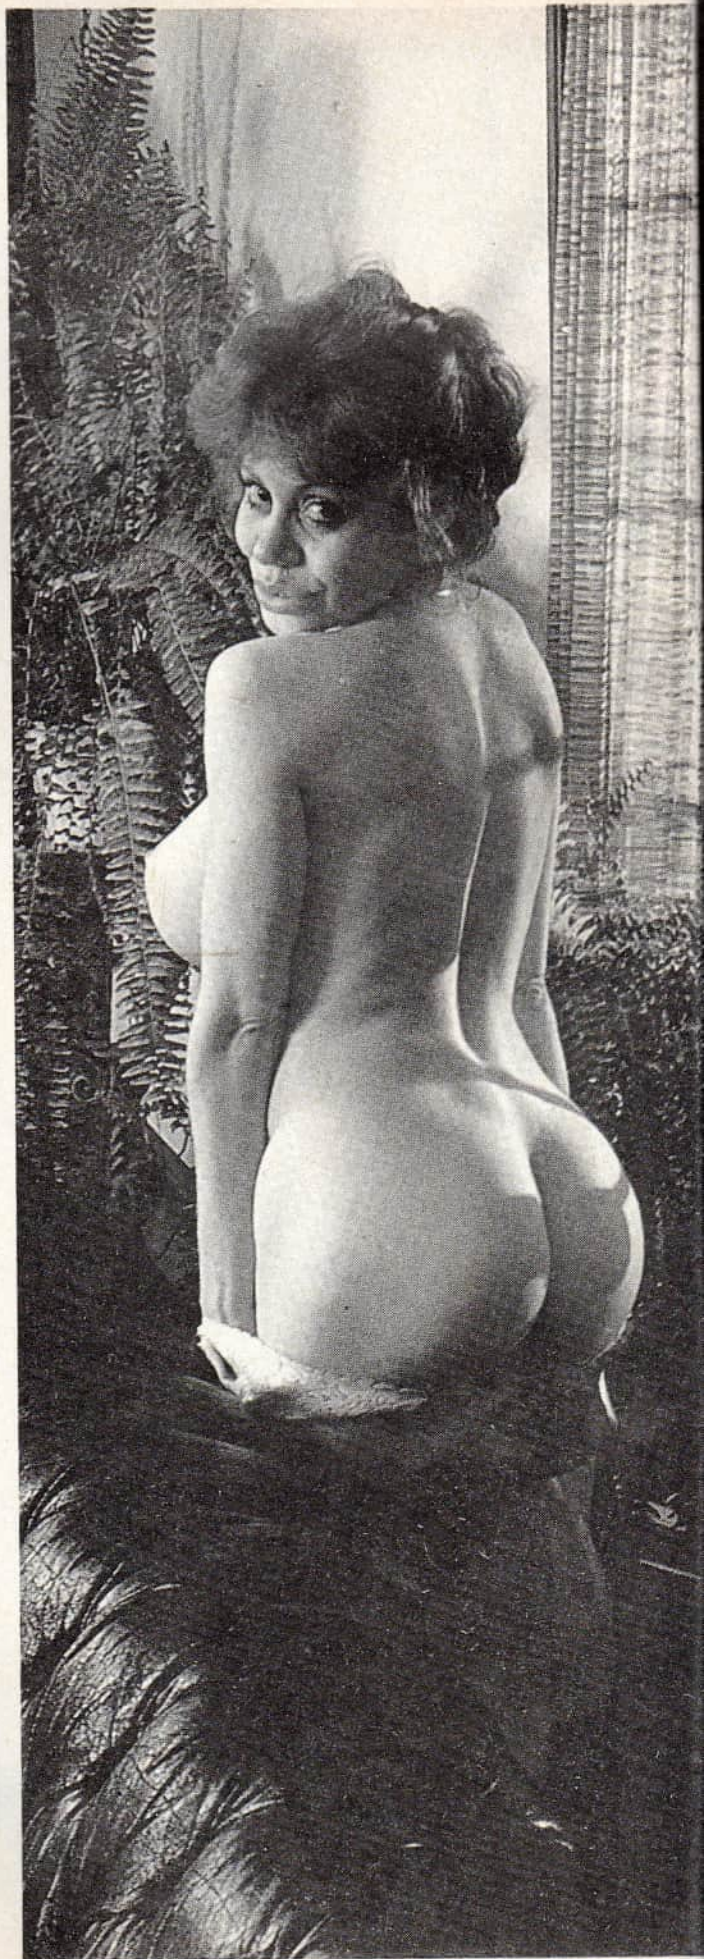

Over the years we've featured the incomparable Kitten Natividad on several occasions, and she's never failed to look anything less than spectacular. That was certainly the case when these photos of her first appeared in our June, 1981 issue. Kitten's adult entertainment career has spanned three different decades and shows no signs of slowing down.

**When Kitten posed for
these arousing photos,
the auburn-haired siren
measured 43E-34-26.**

As the discovery of brand-new GENT photographer R.C. Braganza, lovely Elaine Hylton finds nude modeling to be quite a change of pace from her job selling men's clothes in a shop in London.

She tells us, "Usually, working in the store is pretty mundane, so every so often I have to create an interesting experience for myself.

"Take one Sunday last summer, for instance.

Elaine

I was working alone because usually Sunday is our slowest day. It was about two o'clock in the afternoon and we'd only had a couple of browsers in the whole day. I was beginning to consider closing the store early when in walked a very good-looking young man.

"He was in his late twenties and told me he needed to buy a few suits because he was starting a new job that week. I began showing him some of the suits we had, all the while keeping my eyes glued to his impressive crotch.

"He tried on the suits I

gave him and they all fit his hard body perfectly. Only minor alterations to the sleeves and pant legs would be needed, but that would give me all the chance I'd need to get close to this gorgeous hunk.

"I led him to a back area of the store where I could see if any customers came in, but they wouldn't be able to see us. I first pinned the jacket sleeves, making sure to accidentally (on purpose) bump my boobs into his hands. Being a gentleman, he pulled away slightly the first time it happened, but after the third or fourth

unexpected grope, he left his hands lingering on me for a bit.

"When I began pinning the hem on his trousers, I looked up and noticed he was completely hard beneath his new purchase. This was when I decided to make my move.

"I coyly told him that he was the lucky recipient of our 'Sunday special' for which there would be no extra charge.

"I then unbuckled his trousers and lightly tongued the underside of his blood-engorged tool. I couldn't wait to taste him.

Elaine is a bountiful
British beauty
who measures a
cock-stiffening
41-26-37.

I licked all the way up to his straining, reddish cockhead, then worked my way back down. After teasing him for a few more moments, I took the entire length of his throbbing manhood in my mouth while simultaneously caressing his testicles. He shivered involuntarily and I felt his bloated nuts begin to tighten.

"I anticipated him spurting his load down my throat any second now and he didn't disappoint.

With an ecstatic groan, he bucked real hard two or three times and then exploded, shooting streams of scalding cum into my mouth. I thought the flow would never stop.

"But I sucked down every drop and then neatly buckled him back up, thanking him for dropping in that day. Needless to say, he's become my best customer and we've repeated our 'Sunday specials' on several occasions."

INTERVIEW WITH PERSIA

When she first appeared in GENT back in Aug. '92, Persia (who also went by the name Venus) was just beginning to make a name for herself in the adult entertainment world. Now, more than two years later, she's a bona fide porn star and quite in demand. But this 53-25-37 lovely agreed to take some time out of her busy schedule and chat briefly with us.

GENT: It's been quite a while since we've last seen you. Almost two years, right?

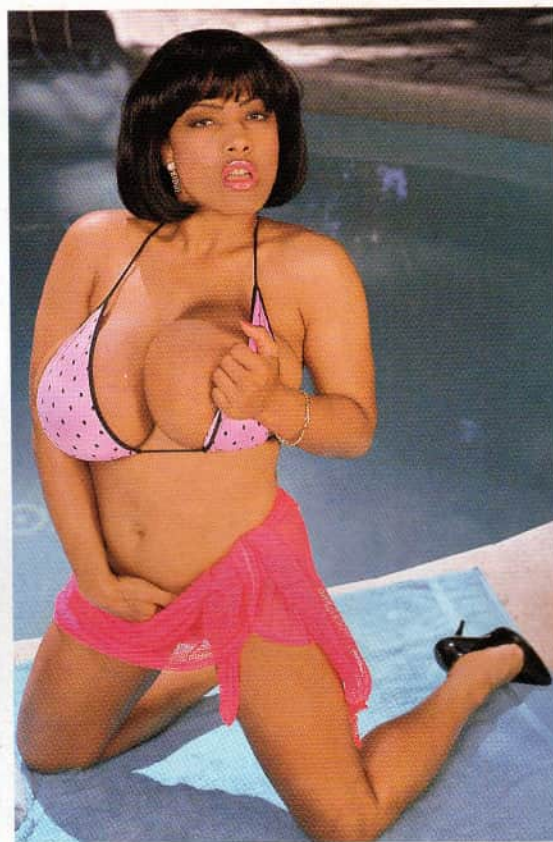

PERSIA: That's right. I believe the other photo set you had of me was with my good friend Toi. We had so much fun doing that shoot.

GENT: Yes, we've heard some stories about you and Toi. Care to tell us about any?

PERSIA: Well, let's just say that what you saw in those photos, which as I recall was pretty hot, wasn't nearly as interesting as what we did afterwards. Toi is totally wild and really knows how to eat pussy. And you know, she really enjoys doing it too. She gave me so many orgasms with that tongue of hers I thought I was going to die. But let me tell you, I would have died a happy girl.

GENT: Tell us how you got into the business, Persia.

PERSIA: You know, it's really kind of simple. In life, I've always considered the most successful people in the world to be those who do for a living something that they'd be doing for free. And honey, I'd fuck and suck all day long if I could find someone who could keep up with me. That's why when I found out you could get paid for fucking on camera, I had to try it.

108 Gent

I had some friends who had just begun exotic dancing and they were always meeting adult video producers in the clubs. None of my friends wanted to take that step but I figured I would give it a shot. I'm glad I did.

GENT: So how was your first time on camera.

PERSIA: I have to admit, I was a bit nervous at first, but when my partner and I started going at it, I was able to tune out everyone else in the room. In the back of my mind, I knew they were there watching and if anything, that increased my sense of arousal. To put it bluntly, having people watch me fuck made me hotter than I'd ever been. In fact, over the years I've had some of my most satisfying orgasms on screen.

GENT: Do you prefer having your orgasms with men or women?

PERSIA: I'm totally bisexual so it really doesn't matter. When I'm in the mood for soft, sensual lovemaking, I usually go for women because they know best how to eat pussy.

When my pussy aches to be filled though, then I go for the nearest warm male body and fuck his brains out.

GENT: How often do you have sex?

PERSIA: Never less than morning, noon and night...and sometimes more. And with as many different partners as I can find, although I'm always careful to protect myself.

GENT: We're glad to hear that.

PERSIA: Just because I fuck and suck a lot doesn't mean I'm not smart. No, I consider myself a responsible sex junkie. So, all you readers out there, remember that you can fuck and suck your brains out with as many different people as you can find, just as long as you make sure you're protected.

GENT: On that helpful note we'd like to thank you for your time. We know you have to run.

PERSIA: I sure do. I have a sex scene to do in 30 minutes and I want to, ah...warm up.

GENT: Have fun.

PERSIA: Oh, you can bet I will.
