Holiday Issue Provided A Feast Of Flesh

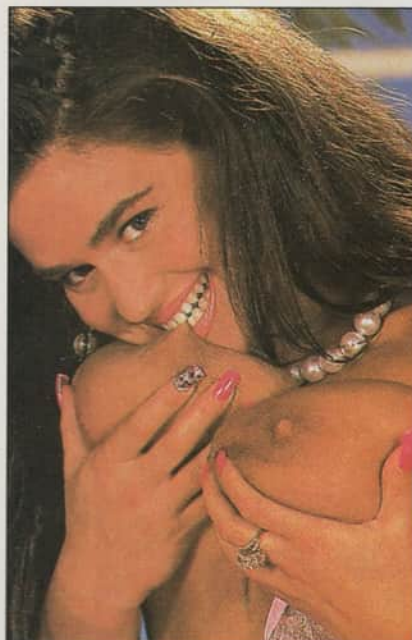

DEAR GENT:

When considering just the acreage of her cascading titflesh (actually a devastating avalanche), not even Susie Sparks can match Norma Stitz! At the same time, Norm's loose jello-like plummeting love sacks can't match the more densely packed consistency of Susie's robust ultra-heavy hangers. Susie's platter size areolae also add to the erotic beauty of Ms. Sparks' colossal melons. Sorry, but I don't think Susie's "Queen of Tits" title is in jeopardy here.

Paloma's nicely spread 150 pounds would be classified as "full figured." Knobby nipples garnish her firmly textured, mammoth mounds. A welcome addition to your Holiday edition is the softer, more Rubenesque body of Sandra Lopez. Neither has the sex appeal of, say, a Tracy Burr, but both well endowed models still have something special to offer.

Easily the best of this issue's all natural models is the gorgeous Heleana. Still leaning toward "full-bodied" and certainly stacked, but not slim! She has pink lips that contrast beautifully with her tan skin. Heleana also has a delectable pair of soft, sagging torpedoes that she seductively stretches and nibbles on. The fullness of her voluptuous curves create an incredible vision, an image of a velvety smooth, curvaceous golden brown body lying across white satin sheets. I love those supple yielding thighs! Heleana is definitely built for an evening of pleasure!

A walk on the wild side with lusty Letha Weapons seems to describe this photo layout. The

HELEANA: the fullness of her curves create an incredible sight

lust and busty Letha is one of the hotter new strippers to come along. I would still like to see her mammoth mountains caressed by a lacy bra in the opening photos of a future layout.

The epitome of "slim-n-stacked" is provided by the lean and streamlined figure of Brandi Myles. Pandora Peaks takes that definition one step further to "slim-n-super stacked"! Getting back to Brandi, not since Chrissy Paris has an exotic dancer like Brandi "The Body" come along with such a spectacular figure of such perfect proportions. I'd even give her the nod over Chrissy. Brandi is well prepared for her entry into the big bust modeling scene. Her high-riding mighty missiles rise up from her firm and flat torso proudly. This sexy and teasing brunette is off to a great start. I'm looking forward to

her next appearance.

Since Pandora's dramatic debut back in early 1992, she has been one of the most highly regarded super-stacked models/strippers in the world. I can recall a couple of popular models that you've brought back for a second centerfold appearance, but none for three! One quick look at her photo layout leaves no doubt in your mind that she fully deserved this honor. From her big beautiful eyes and full luscious lips down to her slender ankles, the ultra firm flowing contours of her exquisite figure seems to be in perfect unison, like a finely tuned instrument. Whatever time Pandora spent pumping iron, the results are spectacular. Her nipples are as hard as the rest of her muscular yet sensually feminine figure. This is just what you would expect from a modern day goddess. If you brought her back a fourth time, I, for one, would applaud your decision. — Kenny R., Colorado

Dear Kenny: While we can't definitively promise you a fourth Pandora layout, we have a strong hunch you'll be putting your hands together for us in the near future.

Pandora Peaks Is Priceless

DEAR GENT:

I just purchased your GENT Holiday '93 issue featuring a pictorial salute to luscious Pandora Peaks. Her alluring cover photo invites you to look inside for more of her. When I did, she got a snappy short arm salute from me too. WOW! HOLY BAZOOMS! Thanks and congratulations on your third cover, centerfold and best photo layout of this gorgeous, sexy and

incredibly endowed hunk of womanhood. Don Allen's photos not only bring out Pandora's abundant sexuality and show off her beautiful breasts, but his "moon" shots also display her equally fabulous legs and luscious, seductive ass (so often overlooked in her photo essays, which understandably focus on her magnificent mams).

Since Pandora's initial appearance on the big-bust scene in early '92, I've seen most of her pictorials, including all three in GENT. I have never seen anyone like her in over 40 years of admiring and viewing many busty women. Pandora possesses absolutely stunning, eye-popping, breathtaking, heart-throbbing, pulse-quickenning and cock-hardening pulchritude. She is sexy, beautiful and gorgeous. What legs...long, straight and well toned. What an ass...shapely and firm. And those superb, succulent, outstanding tits and jutting nipples — the most beautiful, near perfectly shaped pair I have ever laid eyes on, natural or enhanced! They are huge but not outrageously out of scale with her incredibly firm, curvaceous, well-proportioned body. Pandora has it all — beauty, body, boobs, butt and from what I've read, brains too. She is a tit, ass and leg man's delight.

I could rave on about Pandora, but my thesaurus is getting dog-eared looking for superlatives and I've run out of time, but not words — she can leave one speechless too. Thanks again for the Holiday treat...she is luscious.

I look forward to GENT at my local newsstand every month. Your photo layouts have vastly improved. The last few issues were great, especially the November '92 pictorial of Dixie Bubbles, another beautiful, big-breast babe. — Phillip R., Colorado

Dear Phillip: We're gratified that you addressed your initial men's magazine letter to GENT, and couldn't agree with you more in your praise of Pandora Peaks. And seeing as how you enjoyed Dixie Bubbles' debut, we're certain you'll have fun perusing her girl/girl centerfold layout with Nikki Knockers starting on page 52.

PANDORA: she simply "has it all"

Holiday Heat

DEAR GENT:

Thanks for a hot Holiday issue. Usually when I get my latest GENT, I slowly stroke my cock while I peruse the entire issue. The Holiday issue made me lose my entire load on page 12 after seeing amateur Amber O'Neil.

What a pair of hooters! A 100 percent natural beauty, with large, symmetrical, puffy areolae, and topped off with beautiful pink nipples. If that wasn't enough, her fleshy and ample ass was equally exciting. Well, almost. All I could think of was sucking on her wondrous breasts. She's awesome!

Well, after pages 12 and 13, I found the incredible Norma Stitz. She's probably the only woman I'd get rid of my wife for. Good work. Getting her from "CY" and featur-

ing her in a layout one month later was excellent. Maybe you'll do that with Amber.

Also, Paloma is a great find. Reminiscent of Keli Stewart. The Holiday issue was one of the best. Thanks. — K.J.B., New York

Dear K.J.B.: Glad you thought the Holiday issue was so good! While we have no plans right now to shoot Amber for a full layout, we hope you enjoyed the "CY"-to-pro transformation of Chantall last month and Diane (p. 34) this month. Also, we'll be shooting full pictorials of Heather ("CY", March '94) and Trisha ("CY", Nov. '93) real soon.

In Support Of Silicone

DEAR GENT:

Congrats on outdoing yourselves on the Holiday '93 issue. Making Pandora covergirl and centerfold was the key. I know a lot of protest has been waged against "surgically enhanced" models, but in the case of Pandora, its effects work especially well. Just as mainstream

movies like *Terminator* use make-up and special effects to excite and interest the viewer, that's what your better enhanced models are doing. After all, would *Terminator* be as good a movie without the makeup and special effects? Of course not. Let's face it, Pandora is state of the art! You can't please everyone, but silicone should have a pleasant place in GENT.

"Fisted Fantasies" was intense and had good subject matter with Sasha. I like the use of black and white photographs and actually prefer them to color in the "Boob Tube" section. Going all-color would be a mistake.

I would also like to commend your staff for constantly replenishing the stable of talent at GENT. The unique ability to follow models like Roberta Pedon and Keisha with Devon and Viviana should not be underestimated. The discovery of new models is distinctly GENT. Your spring break discovery from a few years ago, Heleana, is making a big move in modeling, but was

first showcased in GENT.

I would like to suggest that you use original "Candidly Yours" photographs in the publishing of one set of GENT Collector Cards. Start with Alison, then Amber (her bra-shucking shot reminds me of Krysti from October, '90). Lauren, Charli, Darlene, etc. The effect would be more personal in wallet stashing. More of a one of a kind feeling. — Your GENT Fan Forever, Al, New Jersey

Dear Al: You make an interesting point when you say silicone is the equivalent of big-boob "special effects." We'd never looked at it like that before, but we can't say we disagree. The black and white sections you mentioned have been well-received by other readers as well, so we'll continue to go with them (and please, all you would-be writers out there, keep sending us "Fisted Fantasy" masturbation stories). And as you may have noticed last month, we've already semi-implemented your suggestion by including each month's "CY" girls in our Collector Cards.

Norma: One Of A Kind

DEAR GENT:

I just received my Holiday '93 issue of GENT and was thrilled to see the exclusive GENT pictorial which you did on Norma Stitz.

I am sure that you must have gotten many favorable responses to her "Candidly Yours" debut in the Dec. '93 edition of your fine publication. Your keen sense of what all of us GENT and PLUMPERS and BIG WOMEN magazine readers admire in "our" women prompted you to produce this pictorial before the ink was even dry on her "Candidly Yours" layout. Great job...Thanks.

Norma is definitely one of a kind and I can't wait to see her featured in the PLUMPERS and BIG WOMEN

NORMA: caused quite a clamor with her professional debut

January '94 issue. Please tell us that you've talked Norma into doing a video for the GENT library as well. I believe you'd be in for a favorable return if you did so. Please let us know when a video of Norma is forthcoming...I'll be first in line.

Thanks to all of you wonderfully endowed and beautiful women out

there who are willing to share that beauty with us. — Phil J., California

Dear Phil: Just as you suspected, we did indeed receive a favorable response to Norma's debut (as we anticipated we would — hence, the rush to do a full layout), but as of yet we haven't scheduled her for a video shoot. Rest assured, though, we're working on it and as soon as we've captured her in moving pictures, you'll be the first to know.

A Critique Of GENT's Video Critic

DEAR GENT:

Your review of the Golden Nuggets "Naturals" videos in the Dec. '93 issue demonstrates how far afield your editorial policy has strayed from those original ideals that made you the undisputed number one breast magazine in the world.

Your reviewer actually criticized these productions for containing "nothing more than big beautiful breasts displayed from every possible angle!!" This is a *shortcoming*??? He goes on to say that the only possible satisfaction one can fulfill by watching these productions is the "voyeuristic." He lost me completely there. What the hell does he *expect* from a videotape? To cook him dinner and tuck him in?

I realize that pornography and super endowed women are not mutually exclusive, but it has become evident that your video

reviewer values X-rated action over and above the fact that Toi, Dee Dee, and Dani represent the highest and finest miracles that nature can give us!

Should an opening for a somewhat more enlightened reviewer ever exist, I humbly recommend myself. — Guy P., New York

Dear Guy: While we certainly appreciate your taking the time to critique our video reviews, we suggest you re-read the review in question because you've missed the point. Our video critic, Trace Masters, was simply pointing out the fact that while lots of big, natural boobs were on display (which, as he's the first to say, is always a good thing!), not much else was going on, and that was a shame since the producers had assembled such an awesome array of big-boobed talent. As for his assertion that only voyeuristic pleasure could be derived from this video, you should understand that many men and women watch adult videos with the intention of experiencing vicarious pleasure, but since there wasn't much participatory action going on, there were no vicarious thrills to be had, only voyeuristic ones. **G**

Taking The Bull By His Own Horn

Back in December, Chicago Bulls forward Horace Grant caused a mini-flap when he appeared (fully clothed) in *Cheri* with a bevy of gorgeous ladies. Sure, *Cheri* scooped us all and garnered loads of brief national publicity, but truth be told, they really just lucked into it. Seems Grant just happened to be working out at a Chicago gym where the photo shoot was taking place. Surrounded by all that succulent female flesh, Grant succumbed to the moment and soon his smiling mug was being captured left and right. When the pictures (which, by the way, were completely innocuous) were published and the uproar ensued, Grant admitted that if he had it to do over again, he probably wouldn't have participated.

Horace, just in case you ever change your mind, or any of your 300-plus N.B.A. brethren are interested, you all have an open invitation to any GENT photo shoot...provided you sign model releases.

Whatever Happened To Cuddling And Pillow Talk?

Award-winning pop singer Gloria Estefan recently told *Fitness* magazine that after she and her long-time hubby and manager Emilio have sex, she stands on...her head. She's heard that doing this will aid the reproductive process and increase her chances of conceiving. So, how did Emilio feel about her post-coital gymnastics? Says Gloria, "He freaked out."

Gloria, what'd you expect him to do, break into a chorus of "Feeling Hot, Hot, Hot?"

Lords Help Us

The *Miami Herald* says that Traci Lords, who's now 25 and attempting a mainstream acting career but first made major news as an underaged porn queen, has jumped on the "low self-esteem" bandwagon, blaming it for the over-the-top antics of her past. Speaking at York College in Pennsylvania (why? we wonder), she told students, "Long before Anita Hill spoke her words, I had experienced harassment of a different kind. I had become a whore before I'd even had my first kiss."

Traci Lords: will she ever be as successful in her new career as she was in her old one?

Heidi, Heidi, Heidi, Ho...

Reputed Hollywood madam to the stars Heidi Fleiss is reported by Miami television station WSVN to have made taped telephone conversations in which she names names and dishes some dirt on her celebrity clientele. Rumor also has it that she sent the tapes to several magazines, including *Playboy* and *Penthouse*. As of press time, GENT has yet to receive its copy but if and when it arrives, you can bet we won't sit on it as the others appear to be doing.

Heidi Fleiss: don't forget about us

Steer Clear Of This Snow White

The New Times, an alternative weekly Miami newspaper, relates the story of one April Della Dobbs, a 31-year-old Wisconsin woman who earned the moniker "snow queen" from local police. According to police, Dobbs began making a habit of meeting men in bars and then taking them outside to her pick-up truck to have sex. Once outside, she'd convince her hapless marks to strip off their clothes, get out of the truck and rub snow on themselves as foreplay. Needless to say, she'd then drive away with their wallets.

Man, that's COLD!

Also, be on the lookout for our next special compilation issue (#47) which will be featuring nothing but all-natural D-cuppers. It goes on sale in late March.

Here's to hoping that SUGAH is a sweet success.

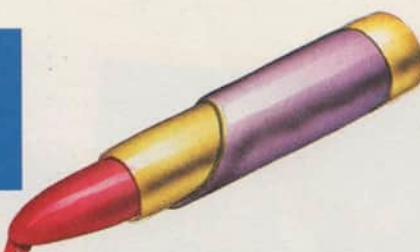

Candidly

Horny Hairdressers

yours

This month's collection of alluring amateurs is comprised of three super-sexy hairdressers. If you want to see your lover strut her stuff in GENT and earn between \$150 and \$300, send at least 8 nude photos of her to "C.Y.", 2600 Douglas Road, Suite 600, Coral Gables, FL 33134.

First up is Kat, an ultra alluring 5'4", 133-pound, 39-27-36 cutie from California who says she spices up her sex life by leaving her lucky hubby dirty notes in his pants pockets. She also says that when it comes to sex, "I'll try anything once."

Kat

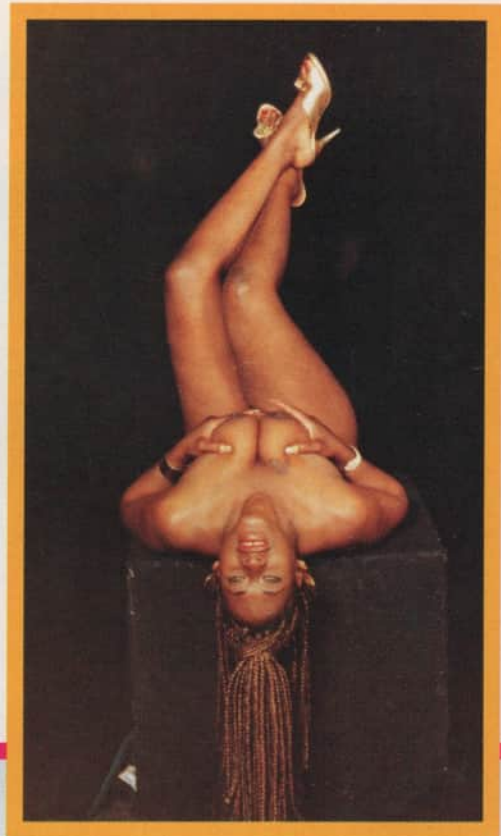

Sicily

Also hailing from California is sultry Sicily, a 5'2", 175-pound, 45-38-41 Italian plumpette who has two main passions in life: eating and fucking. She admits that when it comes both of these pastimes, she exercises little self-control, but to be perfectly honest, we really don't think that's such a bad thing. Do you?

Satin

Rounding out this month's expanded amateur section is Satin, who hails from the Motor City (Detroit) and makes a point of using her high-powered 5'3", 145-pound, 38-29-39 body to rev her male customers' engines.

Showing no signs of suffering from any sophomore jinx, Chloe Vevrier makes her much-anticipated return to "The Home Of The D-Cups." Regular GENT readers will remember that when Chloe debuted in the July '93 issue, she wore a blonde wig. While we have nothing against such accessories, we think Chloe looks better as a brunette.

Chloe's Cumback

One thing that hasn't changed about Chloe is the cock-stiffening appearance of her awesome, all-natural knockers. Often compared to Devon Daniels (another all-natural GENT discovery and now a near living legend), Chloe measures 43-25-36 and possesses one the most provocatively curvaceous figures we've ever seen.

Long-time GENT photographer John Lee-Graham, who shot both of Chloe's sets for us, tells us that Chloe has been living in Greece with her husband for the last six months or so. JLG is fairly certain, though, that she'll be returning to full-time nude modeling in the near future. But until such time, we'll have to satisfy ourselves with these enticing photos of Chloe soaping every fabulous inch of herself in a bubble bath.

Now that Chloe has completed her bath, it's ironic that she appears more ready than ever to soil the intimate feminine areas she's just finished washing. But we have a feeling that if you were the one picked to unleash your scalding load in her wantonly displayed womanhood, you'd also be willing to help her clean up the mess you made...and then want to do it all again!

FISTED *Fantasies*

STORY BY TOM WATSON

For as long as he could remember, he'd had a strong penchant for full-figured ladies. His only problem was that he didn't come across enough of them (either literally or figuratively). But that was before he met and later got it on with his ultimate plumper dreamgirl: sexy Chelsea Blue.

When I saw Chelsea Blue in the Nov. '93 issue, I got an immediate hard-on. The subtle sexuality that comes out through her eyes and the not so subtle sexuality present in her poses makes quite an impression. Her beautiful, luxurious hair, sexy lips and soft, creamy skin are all irresistible. But Chelsea's most outstanding features are her fantastic hangers...with skin so white that you can see the blue veins beneath the skin. With my vivid imagination, fueled by her pictures, I can create a fantasy about her.

I call up my buddy to see if he wants to meet me at the local alternative dance club, but he's not home so I decide to go alone for a change. I dress in my Doc Marten's black leather boots, black jeans, and big, red and black flannel shirt. I drop my whistle around my neck and I'm on my way.

When I arrive, the scene looks okay, so I sit down with a beer and check out the dance floor. I'm really not in the mood to get up and dance just yet, and am thinking about leaving when I turn toward the entrance and in strides a woman who would have been in my dreams if I'd known she existed.

Her full auburn hair, sultry eyes and robust hips magnetically bolt my eyes to her figure. I watch her

pay the cover charge to the doorman, then walk to the bar to order a drink. I try not to seem too obvious about staring at her as she sips her drink. At one point, our eyes briefly meet and linger momentarily. This only stokes my fire. I can't stand watching her anymore because it's making me horny, so I get up and start dancing. Every so often, when my hair isn't in my face, I steal a glance toward the bar to see if she's still there. After a couple of mixed drinks, she makes her way out to the floor and starts dancing a couple of tiers down from me. She has on a black, low-cut top that really shows off her cleavage and black tight pants that show off her wiggling ass. Before I know it, I'm down on her level, dancing near her as Depeche Mode sings "Personal Jesus." When the song ends I ask her if she'd like me to buy her a drink. "Sure," she replies.

Later, as the bar closes, I invite her to my apartment and she follows me home. Once inside the door, she grabs me in the darkened living room and tells me, "I know you want me and I want you too." Then she pushes me down onto the carpet and undoes my belt and jeans. She kneels down over me and removes my dick from my boxer

shorts. It's already standing at attention, waiting for her luscious mouth to surround it. Her tongue snakes out and licks around my bulging head. Then she puts her hand around the base of my shaft and begins to suck up and down with her lips. She momentarily straightens up to pull off her top and lacy black bra, then comes back in for more pleasuring of my prick. While she's making me feel so good, I reach up and grab one of her dangling tits and play with the hardening nipple. She starts making pleasurable slurping sounds as she sucks me and I reach a hand up between her legs to feel her ass and pubic mound through those tight black pants.

With the material stretched tight over her pussy, I can feel the cleft between her lips grow wet under my finger tips. She lets out a slow, soft moan and I continue rubbing her cunt. I feel the urge to ejaculate build inside my groin and I ask her if she wants me to come in her mouth. She stops and says, "Not yet, lover." Then she stands up and peels off her sexy black pants and I realize that she wasn't wearing panties.

Then with me still lying on my back, she straddles my body, grabs

my cock and eases it into her well-lubricated vagina. Still on her feet, she rides me up and down, letting me almost pop out before sliding back down. When she tires of this, I tell her to get on her hands and knees in front of me. As I make my way around behind her, I see the roundest, fullest ass I could ever want to fuck. She puts her head down on the clothes, arches her back and points her ass up toward me and begs, "Take me."

I use my hands to grasp her derriere before I get to see her wet, red pussy slit just waiting to be re-entered. Slowly I push my cockhead in, then the rest of my throbbing meat follows. She lets out a thankful sigh and I start to pump into her. I look down at my shaft as it quickly becomes coated with her silky juices. Then she begins to grind and gyrate her ass back against me which increases the sensation even more. Watching her hips rotating in front of me was almost more than I could bear. Then I heard her gasp, "Don't come yet! I want your cum in my mouth!"

I stopped thrusting and she turned around and grabbed my penis. She began vigorously stroking it while her head bobbed up and down on it. I felt the heat build up from deep within me and when she lightly caressed beneath my ball sac, I exploded in her mouth. She kept pace with me as I shot my warm, copious wad down her throat. Surprisingly, she was able to swallow every last drop of it. As my spasms subsided, I collapsed onto the carpet once again. She took her nails and lightly grazed my glistening, hot skin. I looked up into her eyes and knew that she was fulfilled. **G**

If you have a fantasy you'd like to share, send it to Reader Contest, 2600 Douglas Road, Suite 600, Coral Gables, FL 33134. The story should run at least 1,000 words and be about some masturbatory episode, either real or imagined. Strange Places

your humdrum
sex life, many
experts agree

that it's not

necessarily

what you do,

but rather

WHERE

you do it.

ARTICLE BY DONNA POWELL

ILLUSTRATION BY MICHAEL KIRWAN

The search for exciting "safe sex" is persuading a growing number of loving and lusty

couples to perform in various fashion in places other than the bedroom. A fuck in a phone booth or a blowjob in a theater balcony may not be as sane or sanitary as a suck or a fuck at home, but the sense of danger and kinkiness that accompany the former can make it more exciting and

satisfying than the latter.

A simple change of venue can definitely turn an ordinary fuck into an extraordinary fuck. When we break the habit of only fucking in bed by fucking on the floor, in the car, or on the kitchen table, we quickly learn that "new locations" can bring new lusts into our sex lives that stir our imagination as well as our juices. Sexual sameness can be insidious; we find ourselves doing the same old things in the same old place. Even an

overnight stay in a motel can relieve some of the monotony and make sex seem more exciting.

Now, as we approach the mid-nineties, couples are pursuing a kinky new kind of pleasure by deliberately seeking out a vast array of unconventional venues for both their foreplay and fucking fun. Countless couples are finding it's more fun to couple in the tiny bathroom of a Boeing 747 or on a swing in the park than in bed at home. Sex in strange places can add an erotic element of riskiness and adrenaline-pumping excitement to an otherwise familiar sexual connection. Couples contend they feel closer and more profoundly satisfied after sharing the danger and adventure of having sex in strange surroundings.

Danger and sexual excitement are definitely synonymous. Danger and risk can sometimes be as erotic as foreplay. The guy who fucks his female after she's been subjected to some kind of danger and fear can find he has a wild woman beneath him. Danger and fright step up the flow of adrenaline and cause a "rush" that's similar to sexual arousal. Sky divers

and bungee jumpers say they enjoy sex twice as much after they've experienced the adrenaline-soaring sensation of free falling. The consensus is that sexual arousal and danger (and fear) go together because we all possess an "ancestral memory" of the danger and fear that accompanied our lovemaking when the world was young and we were threatened by predators. One can see that even a fast fuck could have been performed with fear when the action might be interrupted by the sudden appearance of a saber-toothed tiger or a dinner-seeking dinosaur.

The list of "strange places" couples are connecting in is as long and varied as their horny imaginations. They're fucking in phone booths, in elevators, on horseback, on (moving) motorcycles, in taxi cabs, on roof-tops, on park swings, on fire-escapes, in model homes, in box cars, on roller-coasters, during hang-gliding, on surf-boards, during scuba diving, on buses, trains and planes, on diving-boards (where they roll off during orgasms), in restaurants, on the beach (beneath a blanket), in vacant houses, in show-room cars, and yes, even in coffins.

For some, the more bizarre and risky the place, the better their sex becomes. A lawyer of our acquaintance once pulled off a dangerous caper by previously planting his secretary beneath his spacious desk where she gave him a blowjob while he was having coffee with his jealous and possessive wife. The fear of being caught is evidently not as strong as the urge to spice sex with danger.

For some reason (or a number of reasons), couples not only desire sex more often when out of their old familiar bedroom, but a new venue can cause them to become far more kinky. It's as if new and strange surroundings lend them new and strange compulsions. Couples can also feel conspiratorial and excitingly raunchy when they connect for a fuck or a mutual suck in some bizarre or forbidden place. There's a shared sense of both adventure and derring-do in doing it in some unconventional way in some uncommon place. Even non-experimenting, conforming couples fuck two to three times as often on vacation than they do at home.

Sexologists tell us that when we have sex in some new and risky place, where there is a strong possibility of being caught or observed, that we're releasing the exhibitionistic impulses that are latent in all of us. We're "showing off" and the performance heightens our excitement tremendously. While we're engaged in a furtive fuck in an elevator, for example, our arousal is made more powerful by the possibility of that elevator suddenly stopping, the door opening, and a group of grinning people observing our kinky connection. That may happen or it may not. It's the tension and erotic apprehension of *not knowing* that builds our incredible excitement.

Undoubtedly, it's the relatively new importance of seeking out "safe sex" that is inclining us to try new things with one safe partner. Unable to carelessly bounce from bed to bed now, we're going further with one reliable partner in order to recapture the past fun of collective fucking. Sex in strange and risky places is both erotically arousing and free of having to pay the viruses' permanent price. We're still "fucking around", but with one dependable and like-minded partner. Each sexual connection performed in some new and dangerous venue is as exciting or more so than sex in bed with some new (and per-

pricks and pussies to feel such a passion to perform.

The first advice sex therapists give couples who complain they've lost some interest in sex is to take more frequent vacations. Sexologists affirm that unmarried individuals of both sexes are far more prone to masturbate frequently when they are out of their familiar surroundings. Change is definitely the key ingredient when it comes to good sex (and good coming). Any change is stimulating. A change of sexual positions, a change of foreplay, a change of sex talk, or a change of lovemaking locations—all these "changes" help to make us hornier and to make our fucking and sucking more satisfying. It's this inborn urge for "change" that inclines a lot of us to sleep around. But that urge for "change" can be safely satisfied with one partner by avoiding the familiar and by taking the kind of risque risks that are lust-provoking instead of life-threatening.

We become desensitized by the over-familiar to the extent that our excitement is enormously diminished. Masturbation is a good example. A guy or girl soon becomes so familiar with the feel of his or her own hand that the sensations are less satisfying. A vibrator solves the problem, or bet-

ter yet, someone else's hand or finger excites us to new levels of pleasure. When we try to tickle or caress ourselves, the familiar feel of our own flesh makes the sensations inferior to the touch or caress of another. The over-familiarity of fucking in the same position, in the same bedroom, applying the same foreplay and using (or hearing) the same sex talk can sooner or later dominate to the extent that mere habit has taken the place of real pleasure.

"One of my most memorable fucks," says Henry Miller in his book *Sexus*, "occurred in a taxi cab. We were both as horny as toads and headed for a motel, when, suddenly groaning that she couldn't stand it any longer, Joan impulsively climbed over me and straddled me. She fished out my cock, pulled the crotch of her panties aside, and seconds later we were joined in a blind fuck. I could see the driver watching us in the rear-view mirror, his expression a blend of astonishment and envy. The juice was running out of Joan like hot soup and, when we came, the cab lurching and careening, our teeth knocking in a moaning kiss, the sensation of movement and the knowledge that we were being watched made my pleasure so poignant it actually hurt.

From then on we began fucking in all kinds of crazy places...on a crowded dance floor, in an open box-car, and once we even sucked each other off in the 69 position in the semi-dark hallway of our hotel. What topped it off was that, just as we were both coming, two old ladies hobbled by and one of them speculated aloud that we were Siamese twins having some kind of a seizure."

Certainly we have all inherited at least some of our ancestral past when much of our sex was performed in strange and dangerous places. Our cave men precursors connected whenever and wherever they could without any need to seek out strange or risky places. Our ancestral fucks were all doggie-fashion fucks—the better to watch for the approach of a hungry predator. But a doggie-fashion fuck on a fire escape in the moonlight might provide a modern couple with enough risk to pique their pleasure as high as the rungs they're perched on. It's not necessary to fuck while hanging from a chandelier or while free-falling from 20,000 feet. But it's equally unnecessary to think of our bed and bedroom as the only sane and satisfying place to ball. Security and good sex aren't necessarily synonymous.

Couples who are into connecting for sex in strange places contend they quickly develop a close bond of shared risk and mischief that makes their pleasure monumental. They look forward to their next informal fuck or backseat sequestered suck with anxious anticipation and impatience. Sex in strange places turns their sex lives from ordinary to extraordinary and the kinky capers just keep getting better and better.

If the human imagination continues to create its fast-breathing fantasies, sex in strange places may indeed become as common as sex at home in bed. Lending one another a hand for mutual masturbation during a football game may one day be as acceptable and friendly as the formal handshake is now — and certainly more exciting. Fucking in a phone booth may not be the most convenient (or comfortable) way to copulate, and being sucked-off while driving might be a safer way to come than to go, but enjoying sex in strange places is becoming as permanent a part of our society.

So the next time you're out doin' it in public, keep your eyes peeled — you may not be the only ones! **G**

"Of course I can explain this...I'm cheating on you."

haps fatally dangerous) partner. Our seeming need for "variety" is satisfied by sex with the same person with a wide variety of kinky action in a wide variety of venues.

Going for sex in strange places is definitely addictive. It becomes a constant challenge to find new and different places that are suitable for new and different sexual connections. Couples say that their constant search is somehow arousing and exciting in itself. Their next risk-taking escapade is nearly always in the back of their minds, which suspends them in a sort of permanent state of semi-passion and pleasant anticipation. Couples also claim that their risk-taking inclines them much more to try kinky new things and that they connect in some fashion far more frequently than before.

Shrinks tell us that the main reason sex seems better and more exciting in new and different locations is that all of us have a powerful need for change. "Couples begin their married life with a honeymoon," affirms psychologist-sexologist Gifford Chase, "because a change of surroundings brings them closer for the pleasures of sex and love-making. When we think about it, even the change of eating out in a restaurant makes our dining more exciting and our food tastes better. A vacation removes us from our familiar environs and makes sex, food and any entertainment a lot more fun. Even territorial animals in the wild stray from their own territory when the urge comes to mate."

Couples contend that their most common connection is oral sex when they get it on in strange places. This isn't surprising. The comparative convenience of cock and cunt sucking can allow the recipient to be on the lookout for possible intruders. Undressing isn't necessary and less space is needed than for fucking. She can comfortably suck your cock while you're driving; you can unite for a mutual suck-off in the back seat or mingle for more of the same in the bed of some parked pickup. One of the kinkiest and most convenient connections, though, is balling on horseback. The female sits in front, sans panties, and her skirt hides the fact that she's riding her guy's prick as well as the horse. The rocking motion can make for a monumental fuck—which one couple we know has twice performed in a parade.

Sexologists insist that the best way for a couple to avoid dullness and monotony in their love life is to resist routine. It's too easy to fall into the rut of performing the same foreplay and fucking in the same position in the same bed. Even a fuck on the kitchen table or a mutual suck on the front lawn (at night) can stir a couple's juices and persuade them to begin to enjoy the lust and lewdness of more risky locations. When one increases his or her flow of adrenaline, all physical sensations are significantly sharpened and increased. We come harder and our ecstatic sensations can last up to three times longer when our adrenal glands are releasing the hormone adrenaline. The reason that risky sex is addictive is a very simple one...it feels better. Shrinks are currently saying that the primary reason so many people "fool around" and are unfaithful is because the risk of being found out is perversely exciting. Any couple can experience that same "fooling around" excitement by using their imaginations to couple in unconventional, adrenaline-releasing locations. A faithful fuck can be every bit as much fun as an unfaithful fuck when the former is performed in some risky,

unconventional venue. The couple who crawls into a dog house and fucks doggie fashion can find the bone is buried more thrillingly than when they ball the same way in bed.

Not infrequently, females who normally find it difficult to come can become multi-orgasmic when they engage in sex in risky places. The stomach-sinking fear of being observed or apprehended can cause a simultaneous rise in erotic tension and a subsequent increase in the strength and ease of climax. And some males also find that a fuck in some fairly conspicuous place can persuade their prick to remain hard for a second horny hook-up. Both males and females can usually come more frequently and with more pleasure when they connect in unconventional places.

When we're removed from our familiar surroundings, we definitely think about sex more often. Whether it's on an extended vacation or an overnight trip, our thoughts are more erotic and we're more frequently in the mood for a good fuck or a leisurely suck. And it's the change of scenery and the simultaneous relief of our usual routine that prompts our

Delectable Diane

After receiving a plethora of letters requesting more of Diane following her scorching "Candidly Yours" appearance in Jan. '94, we immediately sent ace lensman John Lee-Graham to shoot her for a full layout. As you'll see on the following pages, the results speak for themselves.

What a difference a little makeup and hairstyling makes, huh? This is Diane in her Jan. '94 "C.Y." debut

Although this is her first professional shoot, Diane has no qualms about contorting her lithe 5'6", 130-pound figure into some extremely provocative positions, notably the two hands-and-knees poses (top and left).

When we introduced you to Diane a few months ago, we told you that this 40-25-35 lovely made her living as a flight attendant, but had designs on starting a career in nude modeling. We're thrilled to be the ones who've started her on what may be her new path, and judging from how tantalizing she looks in these pix (we especially like the big one on the opposite page in which she appears totally ready to be penetrated by a hard, throbbing cock), we think we'll be seeing her again soon.

"OHOO, I

Nikki & Dixie: ***Chest Workout***

This month's covergirls, exotic dance stars Dixie Bubbles (in blue) and Nikki Knockers work hard to stay in shape, and that includes regular trips to the gym. But as anyone who's ever tried to stay with a workout program knows, it's much easier to stick with it when you have a partner to help inspire you ...and from the looks of things here, these girls have inspired each other plenty.

Obviously, the heat emanating from these two blonde beauties has more to do with sexual chemistry than mere sets and reps. Shucking the iron in favor of their partner's feminine flesh, 43-24-35 Dixie and 43-25-35 Nikki explore each other's nether regions before exploding in orgasmic ecstasy.

LISA

We'd like to take this opportunity to welcome two new people to the GENT family. The first is luscious Lisa, a 5'5", 140-pound, 42-27-38 newcummer to the modeling scene. The other is lensman Russ Greene, who shot this layout for us.

Russ told us that Lisa was terrific to work with because she was so eager to please. At every stage of the shoot, she was inquiring as to how were the photos turning out and what could she do to make things even hotter. We don't know about you guys, but we think Lisa and her scrumptious hooters look plenty hot here.

Look closely and you'll see that Lisa is sporting a variety of tattoos on different places of her body, from her ankle and calf to her hip. It's always been our experience that women who are adventurous enough to get tattoos are usually the same way in the bedroom. Anyone care to test this theory with Lisa?

INTERCOURSE INTERFACE

STORY BY EDO VAN BELKOM

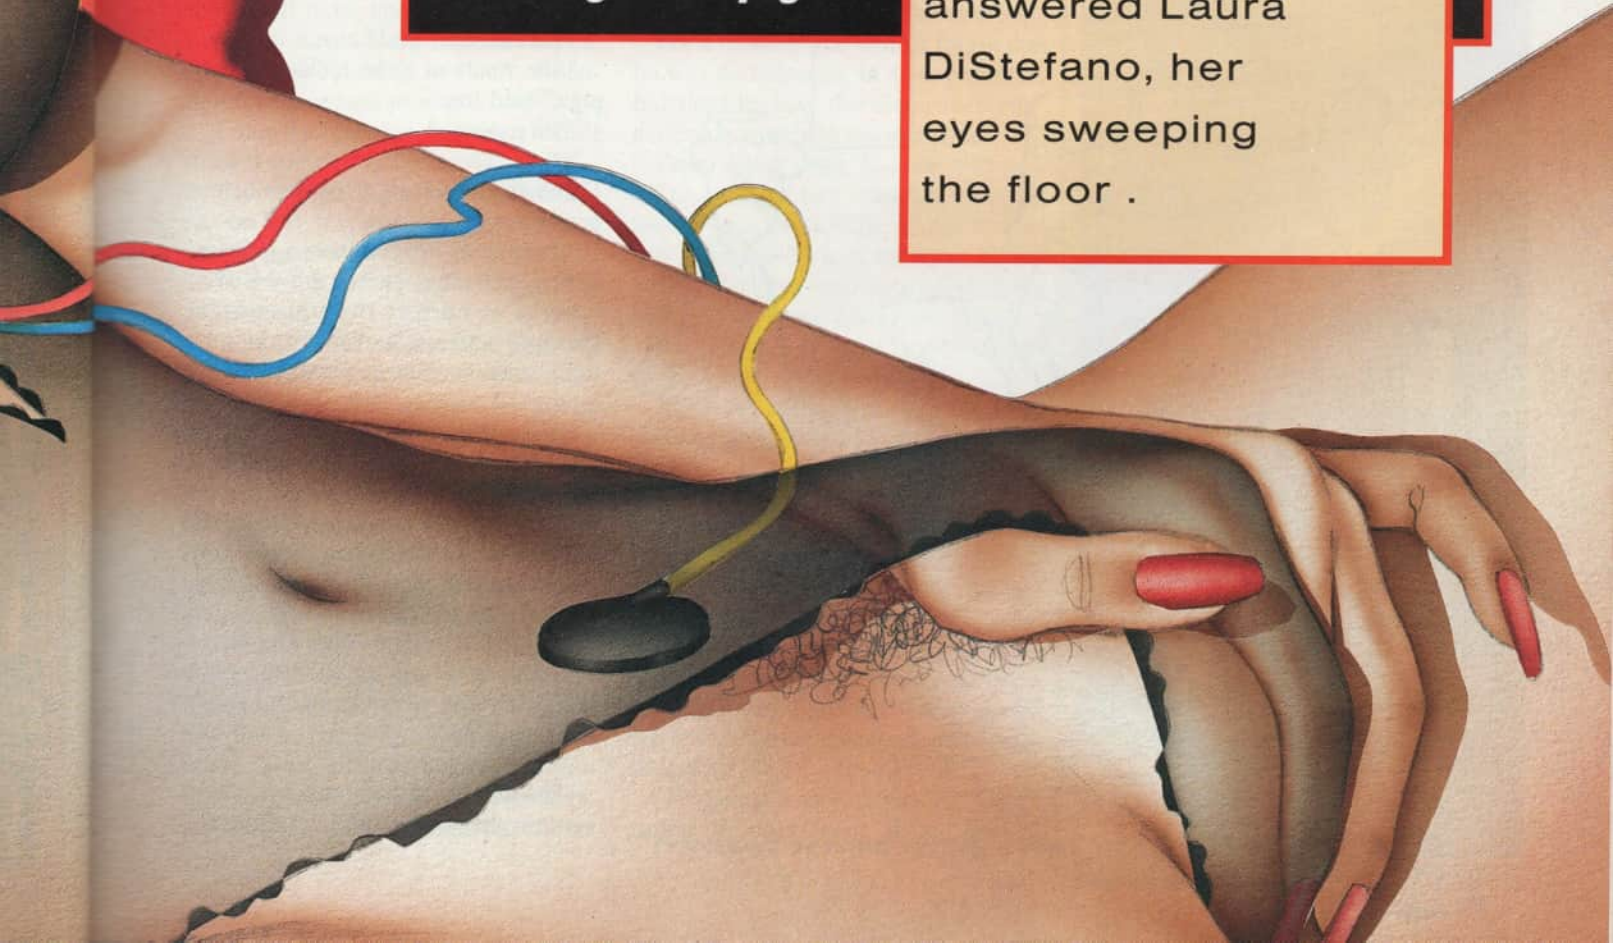

ILLUSTRATION BY OTIS SWEAT

With their sex lives waning and their marriage on the rocks, this couple was willing to try anything, even if it meant hooking up electrodes to their private parts and becoming sexual guinea pigs.

“So,” said.

Doctor Cynthia Good. “What seems to be the problem?”

“Our sex life,” answered Laura DiStefano, her eyes sweeping the floor.

"Yes, that's obvious," the doctor replied with a warm, friendly smile. She was an older woman with short curly hair and thick, black-rimmed glasses. Her skin was covered with wrinkles and dotted with age spots.

Doctor Good wasn't the first sex therapist the DiStefanos had seen, but she just might be the last. They had been recommended to the good doctor by their family physician who'd said the woman was renowned for her progressive attitudes about sex and sexual therapy.

They'd waited six months for an appointment. They hoped Doctor Good's help was worth waiting for.

"But what specifically about your sex life is troubling you?" the doctor asked.

"It's unsatisfying," Laura said matter-of-factly.

Her husband, a large man with muscular arms and short beefy fingers, threw his hands up in despair.

"You have a problem with what your wife says, Mr. DiStefano...?" The doctor hesitated, then looked down at the file in front of her. "Excuse me, Joe?"

"She's unsatisfied? I'd like to have

sex three or four times a week, but I'm lucky if I get it once. Even then it's nothing to write home about. If she's unsatisfied with our sex life, it's because *she's* frigid!"

"I am *not* frigid," Laura said, turning to look her husband in the eye. "Having you climb on top of me, do a dozen push-ups and then roll onto your back is not my idea of a good time."

"What do you want me to do? I have sex once a week. I got to get the most out of it that I can."

"All right, all right," said the doctor, waving her hands in front of her like a referee. "It's obvious you both want to have sex..."

Joe nodded.

So did Laura, though a little reluctantly.

"I understand," the doctor continued, flipping through the file, "that you've tried several other courses of therapy with a number of different therapists."

"Yes," said Laura.

"And none of them seemed to do you any good?"

"That's right," said Joe.

"And if you don't get help soon, some real help, it might mean the end

of your marriage." It was a statement rather than a question.

Husband and wife looked to the floor.

"Well, maybe that won't have to happen."

The couple lifted their heads, looking at the doctor hopefully.

"I have a reputation in the medical profession for being a bit of an adventurer, a renegade...a maverick. I think I've garnered that persona over the years because, unlike other doctors, I'm the kind of person who looks forward, especially in areas of technology. For example, I've developed a monitoring device which can record the level of erotic content in dreams, and another machine that can provide direct stimulus to the nerve endings which are responsible for producing erections. The former device is used in the treatment of sleep disorders, the latter in the cure of impotence."

"Those things sound fascinating doc," offered Joe. "But I don't have any trouble getting it up."

"Yes," the doctor said. "I realize that, Joe. What I was trying to say is that I've designed many machines that have helped people overcome their sexual dysfunctions. But I can't perfect these things without people who are willing to help me test them. Do you follow?"

"Not exactly," said Laura.

"She wants us to be fucking guinea pigs," said Joe.

"Not exactly."

"Okay. Test rabbits, then."

The doctor paused a moment before continuing.

"It seems to me you have a problem that might take weeks, maybe even months to correct through normal therapy, and quite frankly, I don't think your marriage will survive that long."

"What I'm proposing is something that might help you faster."

"How fast?" asked Joe.

"Most people get results after just one night. In fact, you might find yourselves being confused for newlyweds by the end of the week."

Joe seemed unimpressed.

Laura, however, looked eager. She looked over to her husband. "It might be worth a try."

"All right, what is it?"

The doctor walked over to a closet set into the wall behind her desk and

"You have a 12-inch dick? That's pretty hard to swallow!"

opened the sliding door. She reached into the closet and took out a small steel box that had a few crude dials on its outside casing. Connected to the box on either side were a series of wires. At the end of each wire was a thin, round electrode.

It looked like a Walkman someone had made in their basement out of spare parts from old transistor radios.

"What the hell is that?" asked Joe.

"It's still being tested, so it really doesn't have a name yet, but once it's marketed I'm hoping to call it *The Intercourse Interface*."

"What does it do?"

"Well," the doctor paused to take a breath. "The actual processes involved are a little hard to explain without getting too technical, but basically it takes the sexual sensations being experienced by one partner and transfers them to the corresponding body part of the other partner."

Each of them stared at the doctor with blank expressions.

"I don't get it," said Joe.

"All right, Joe, let me try to explain. Say Laura is sucking on your penis."

Joe adjusted himself in his seat.

"Normally you would be sitting back enjoying it, right?"

Joe hesitated, then nodded shyly.

"With the interface, she would be feeling all those good vibrations coming from down there instead of you. You would be acting as a sort of conduit for her sexual pleasure."

Laura smiled. Joe however, didn't think it sounded all that great.

"Conversely, when you perform oral sex on her, you will feel the benefit of your tongue's work in your penis."

"Like I'd be doing it to myself?" asked Joe.

"Sort of," said the doctor. "The purpose of the machine is to allow couples to satisfy their partners by giving them the opportunity to learn first-hand what gives their partner the most pleasure. After a week on the interface, you'll be that much better lovers because you'll know *exactly* what pleases your partner most."

"Sounds wonderful," said Laura.

"Sounds hokey," said Joe, his nose wrinkled in skepticism.

"It's up to you," the doctor said, setting the Interface down on top of her desk. "But, of course, because you will be providing valuable test data, my usual — not to mention, rather

expensive—fee will be waived."

"Well, uh,—I guess I'm willing to give it a try," stammered Joe.

"Great," said Doctor Good. "Let me show you how to connect it."

Later that night, Joe turned the water off and pulled the shower curtain back.

He wasn't all that eager to get strapped up to a machine before having sex with his wife, but there was something excitingly different about tonight. His dick had been semi-erect throughout his shower and he could hardly wait to towel off and get it on. He almost felt like a kid again.

He dried himself off, gargled with mouthwash and applied some deodorant under his arms. Finally, he dashed a little cologne on himself and passed a comb through his hair.

When he got out of the bathroom, the lights throughout the rest of the house were dimmed. There was a soft red glow coming from the bedroom where Laura was waiting for him.

He slipped into a robe and walked down the hall.

Laura was dressed in a black silk teddy, cut low in the front to expose her ample breasts and cut high on the thigh to show off her well-formed rear.

She looked sexier than she ever had.

For a moment Joe almost forgot that he was participating in an experiment, but then he saw the electrodes connecting her body to the interface.

There was a single flat disc connected to each of her temples, another pasted over the middle of her breasts and a third hidden in the folds of her teddy. That one was situated midway between her belly button and vagina.

It's just as well I don't see that one, thought Joe.

"Put them on, hon," Laura said, making herself more comfortable on the bed.

"Look, I don't think..."

"You promised to give it a try," Laura said with a firmness in her voice that let Joe know she wasn't taking no for an answer.

"All right."

Joe slid out of his robe, connected the electrodes to his head, then pasted the other two on his chest and lower abdomen.

"That wasn't so bad, was it?" Laura patted the open space of bed next to

her. "Why don't you come join me?"

Joe shook his head. "This is stupid."

Laura didn't answer. Instead, she pulled aside the slip of silken fabric covering her sex and began sliding a finger over her clitoris.

"Oh!" Joe felt the tip of his penis tingle...as if Laura was touching him there. It wasn't exactly a good feeling as if she were giving him a real hand job, but there was definitely a sensation down there.

"Does it work?" Laura asked, fingering herself more vigorously.

"Yes," Joe answered, his erection rapidly growing into full hardness. He reached down and took hold of his cock, running his hand up and down its length.

"Oh my god! It does!" exclaimed Laura.

They lay back on the bed for a few minutes, mutually masturbating each other through the interface, through the wonder of technology.

Joe was the first to speak. "This is nuts, we could be frigging each other without this thing."

Laura stopped what she was doing and looked at him, bewildered. "You're right." She folded her arms over her chest. "Maybe we're not doing it right."

Joe shook his head. He was about to get up from the bed, when Laura placed a hand on his arm. Then she rolled over onto her stomach... and took the tip of Joe's dick in her mouth.

"Mmm..." she moaned.

"What the —" Joe wasn't sure what was going on. Laura was sucking on his cock like a thirsty woman on a straw, and moaning like he'd never heard her moan before. All this, and Joe didn't feel a damn thing.

"I don't think this is working," said Joe as Laura continued to give him the wildest looking tongue-bath of his life.

"Oh...but it is though, Joe. It is!"

She lifted her ass in the air and began grinding it in wide circles as if she was being eaten out by a foot-long tongue.

Joe thought about it a moment. Of course he wasn't feeling anything. She was sucking on his cock and the benefit of that, all the good feeling, was going right through him and straight back to her. The more she did, the better she felt.

Laura rolled over onto her back. Then she took hold of his dick and guided it into her waiting, open mouth. She took all of him, sucking

him deep down her throat and moving her pussy as if she were being impaled by Joe's cock at the exact same moment.

This is weird, thought Joe, feeling nothing. But he decided to give it a try just the same.

He leaned over and pulled aside the fabric covering Laura's left breast. Laura had a great pair of tits. They were big, round and full. He knew he was too rough with them, but he was always so turned on by the sight of them, he found it hard to control himself. When Joe saw the dark, brown nipple become exposed, he leaned further and took the entire areola into his mouth.

Incredibly, he felt a slight pull on his own nipple. He sucked harder...and felt a small amount of pain. He eased up on the force of his touch, and slowly became aroused by the feeling in his nipple.

This must be how it feels for Laura, he thought.

He spent a few minutes licking her nipple, sucking on it gently and experimenting to find what felt best to him, and ultimately to her.

What felt best was a combination of things: gentle kisses, delicate flicks of the tongue, and sucking—but not too hard. He also learned that he could bite, as long as he made sure his teeth were covered by his lips. It's not the way he'd done before and he was sorry he'd been so rough with his wife in the past.

Joe realized then that the interface was doing exactly what it was designed to do—it was teaching him how to be a better lover.

And Joe was an eager student.

Keeping his cock firmly planted between Laura's lips, he stretched his body out and nestled his head between his wife's legs.

He moved aside the fabric covering her sex and looked admiringly at her pussy. As if she hadn't worked hard enough to set the tone for the evening, she had also trimmed her pubic hair in a way that exposed her labia and clitoris to perfection.

Joe reminded himself to let the doctor know that her machine helped people's sex lives in ways she could never have imagined.

As he moved his mouth closer to her pussy he noticed that it was slick with moisture. Obviously, the oral antics

"So I faked an orgasm! You love my tits and they're fake!"

she was performing on his cock were turning her on, big time.

He parted his lips and brushed them up and down the length of her slit.

The result on his cock was...nice.

Then he traced the outline of her lips with his tongue, first the outer, then the inner. That felt even better.

He continued using his tongue against her pussy, learning how much pressure to apply to every delicate curve.

For a moment, Joe almost felt guilty about what he was doing. After all, what he was actually doing was pleasing himself *through* Laura. But a moan from Laura's cock-filled mouth reminded him that she was down there happily doing the exact same thing, pleasing herself *through* him.

Joe took a close look at Laura's pussy. It was slick with moisture, glistening wet.

He stuck out his tongue and fucked her with it, pushing it all the way inside her until his lips formed a tight seal around her hole. Joe felt as if his whole cock had been swallowed up by a soft, velvet sheath.

He pulled his head back a moment for another look.

Her clit was hard and swollen, too tempting...too pink...too wet...to ignore any longer. He opened his mouth and brought his lips down on top of it. His cock suddenly exploded with sensations, as if he were being licked by a dozen sex-starved tongues.

It was incredible.

He sucked on her clit for a second...and felt one of the most intense orgasms of his life gathering strength somewhere deep inside him.

He didn't want Laura to feel left out when he came (when was the last time that thought had crossed his mind?), so he began moving his cock in and out of her mouth.

She moaned appreciatively. No doubt she was feeling as if she were being impaled by a monstrous, throbbing hard-on.

Joe felt his cock begin to spasm. The approaching orgasm sent Laura's pussy into a series of frenzied thrusts. Joe kept his liplock on her clit, waiting until he was just about to come to break the seal of his lips around her vulva.

As he came, shooting a geyser of scalding cum, Laura thrust her pussy in the air, pressing it against some

phantom cock she no doubt felt probing deep inside her.

As Laura orgasmed, Joe felt his entire body being overcome by a wave of intense pleasure. Every inch of his torso tingled, as if his entire body had been one big pleasure receptor.

When it was over, they lay on the bed side by side, exhausted and thoroughly satisfied.

"It worked," Laura said. "It really worked."

"I know. I had my doubts about it, but you can't argue with the results. Every time I touched you, I felt that touch on my body. Every time I kissed you, I felt that kiss against my skin. When you came, I thought I might pass out from sheer ecstasy."

"I'd forgotten that I was capable of giving you so much pleasure," Laura said.

"Me too," said Joe.

Laura smiled. "That's the way it used to be, you know. When we were first married, you did your best to please me. You actually worked to make sure I was being satisfied."

Joe gazed into her eyes. "It'll be that way again. Promise. A few more times with the interface and I'll know your body better than my own."

"I can hardly wait."

Just then, the phone rang. Joe reached over and picked up the receiver. "Hello."

"Hello, Mr DiStefano...uh, Joe, this is Doctor Good."

"Oh, hello Doctor Good," Joe said, wondering if she'd ever been called Doctor *Feel*Good. "How are you?"

"I'm fine. Listen, I'm calling about the interface."

"Yes," said Joe, looking over at his wife. "A remarkable device."

"Well, I just realized that the model I gave you had been undergoing some repairs. I'm afraid it's missing a vital semi-conductor. The thing doesn't work as well without it."

Joe's jaw fell slack and the phone nearly slipped from his hand. "It doesn't work like it should?"

"Yes," the doctor said calmly. "Do you mind if I drop by and install the missing piece. I won't take more than ten minutes of your time."

"Uh..." mumbled Joe as he looked over at the sweat-dampened body of his wife. "Never mind, doc. I don't think we'll be needing it anymore." **G**

Kimberlee Kupps gives new meaning to phone sex in this story of a smooth operator.

CAST: Angel Bust, Sharise, Kimberlee Kupps, Lynden Johnson, Yvonne Arden, Debbie, Don Fernando and Marc Wallice.

DIRECTOR: Bud Lee.

LABEL: Vivid.

RUNNING TIME: 85 minutes.

D-CUP RATING: Full house.

TRACKING: The *Adult Video News* gave this video one and a half stars out of five, but did mention Kimberlee Kupps' potential.

REVIEW:

Usually the actor or actress with the most lines is considered the star of the show. But as everyone knows, actions speak louder than words in adult entertainment and that gives Kimberlee Kupps top billing in this video.

The plot centers around Lynden, a meddlesome phone sex operator who tries to play matchmaker with her customers. When a lonely lady with lots of money (Kimberlee Kupps) calls looking for a man who can help her achieve orgasm, Lynden starts to play love connection.

The first wrong number Lynden hooks Kimberlee up with is Don Fernando. Although we're supposed to believe that Kimberlee doesn't have an orgasm with Don, it's very hard considering the way these two push each other's buttons.

Don starts by dialing Kimberlee's

nipples with his thumb and fore finger. Her reception improves dramatically and soon Don is pumping his prick in and out of her cavernous cleavage.

The sexual intensity continues to rise and comes to a boil before Don ever gets inside of Kimberlee. While Kimberlee is still sucking his cock, Don seems to shoot his wad (who could blame him?). You have to watch closely though because we think the editors tried to cut it out for some reason. Like the veter-

an actor he is, Don hits his mark squarely on the second time around and seems satisfied.

Although Don has no problem with orgasm, Kimberlee's problem persists and her quest for orgasm leads her next to Marc Wallice, who has even less success but just as much fun as Don.

Finally, against her company's rules, Lynden agrees to meet with Kimberlee and discuss her predicament. The sight of Kimberlee's incredible form in a pink, skin-tight

mini-dress proves too much for Lynden to handle and soon these two busty blondes are engaged in an incredible 69 position.

If that weren't enough, Kimberlee has a masturbation scene that gives a whole new meaning to the term phone sex. If you haven't seen Kimberlee in

action and don't have one of her videos, this one is a good one to start with.

Lynden perpetuates the plot, but Kimberlee's four sex scenes keep this video moving from one wet orgasm to the next.

WHAT ABOUT BOOB?

Lynden Johnson is a nymphomaniac who won't take no for answer from her shrink.

CAST: Jaye Milo, Angel Bust, Busty Brittany, Lynden Johnson, Tom Byron, Mike Horner and Randy Spears.

DIRECTOR: Bud Lee.

LABEL: Cal Vista.

RUNNING TIME: 80 minutes.

D-CUP RATING: Full House.

TRACKING: Not available.

REVIEW:

Bud Lee utilizes the many talents of Lynden Johnson in this sexual parody of the mainstream *What About Bob?*, which featured Bill Murray as a highly neurotic person who can't live without his psychiatrist.

In this porn adaptation, Lynden is a nymphomaniac who has already had the services, both sexual and otherwise, of several shrinks before she lands on Randy Spears' couch.

Randy wants to help Lynden, whose nickname is Boob, but tells her she has to wait until he returns from vacation with his family. As with Murray's character, Boob follows Randy on his vacation and that's when the fun begins.

Much to the chagrin of Dr. Sigmund Prude (Randy), Lynden endears herself to just about everyone in Prude's clan. Lynden shows virgin Angel Bust (yeah, right!) the ins and the outs of sex, using studly Mike Horner.

Lynden also consoles Randy's wife, Jaye Milo, who doesn't remember the last time she was "touched down there." When these two busty beauties get together in the hot tub, the water isn't the only thing wet in the room. One of the best moments comes when Lynden is bent at the waist and Jaye probes her pussy

from behind while Lynden reaches between her legs and fingers Jaye's pussy.

While Lynden is busy with the doctor's brood, Randy is getting his own special brand of therapy from Mistress Busty, and we mean "mistress" in the strictest sense of the word. The shot from Randy's perspective as Busty straddles his face is awe-inspiring.

Of course, all of these exploits come to light as Dr. Prude and his family are being interviewed for a talk show called "Morality Today." This video has some good solid sex in it, but seems to go a little limp in the end when cast and crew decide they need to leave the audience with some sort of message. The result is an awkward ending. Even the final sex scene between Jaye and an uncredited performer doesn't live up to the other four sexcapades.

This video is better than some but lacks energy. It's certainly worth a look if big-boob babes are all you crave.

TOPPERS 7 & 8

This all-girl series offers more fur banging action than you'll see from a pack of horny rabbits.

CAST: Kiss, Heather Hart, Dominique, Misty Lane, Brazil, April, Wendy Whoppers, Tiffany Storm, Tami Monroe, Chelly Supreme and Keisha.

DIRECTOR: Uncredited.

LABEL: Topper.

RUNNING TIME: 60 minutes each.

D-CUP RATING: Royal Flush.

TRACKING: Not available.

REVIEW:

If watching well-endowed vixens using vibrators is your voyeuristic delight then you probably already know this series is as good as it gets.

Each 60-minute tape features at least three busty beauties in solo masturbation scenes and one lusty lesbian finale.

Some of the highlights of these two installments include Kiss' very athletic workout in Vol. 7 as well as Dominique's very convincing copulation.

While Kiss' working out doesn't

"Toppers 7 & 8" is chock-full of arousing action, including these lusty trysts featuring Misty Lane and Brazil (top) and Wendy Whoppers and Tami Monroe (above).

sound like anything new, just wait until you see how she puts her dumbbells to use. This is definitely the way all women should do their squat thrusts!

The best thing about Dominique's

performance is that we see proof that this black goddess isn't faking her performance. All we'll say is that white shows up very well against her dark skin.

If the lesbian scene with Misty and Brazil in Vol. 7 captures your attention, you will definitely want to get Vol. 8.

The eighth installment in this series is all hot lesbian action, featuring Tiffany Storm and Keisha, Tami Monroe and Wendy Whoppers and Brazil and Chelly Supreme.

Tiffany and Keisha open Vol. 8 with a bang and if watching these two huge-hooted honeys doesn't cause your dick to knot, check your pulse. We especially liked the way Tiffany's orgasm caused her legs to involuntarily twitch as she dove-fucked Keisha.

If you've ever wondered why women travel in pairs to the bathroom, the last two scenes will clear up those questions.

Wendy Whoppers and a blonde Tami Monroe team up and do some very heated twat-tickling of their own.

This scene also answers the age-old question, "Do vibrators work underwater?" To answer the question with another question: why do you think they call it muff diving?

(Note: The only problem with using a vibrator underwater is that you can only do it once with each vibrator.)

That brings us to Brazil and Chelly Supreme in their bathroom encounter.

We feel Chelly is one of the underrated talents of adult entertainment and when you see her give and receive a two-headed dildo, we think you'll agree.

Brazil uses two hands to thrust the rubber rod in and out of Chelly. When it's Chelly's turn to bang Brazil, she operates the dildo like a plumber snaking out a really stubborn clog—in this case, Brazil's plugged pussy.

Toppers continues to be one of the series we look forward to receiving and reviewing. **G**

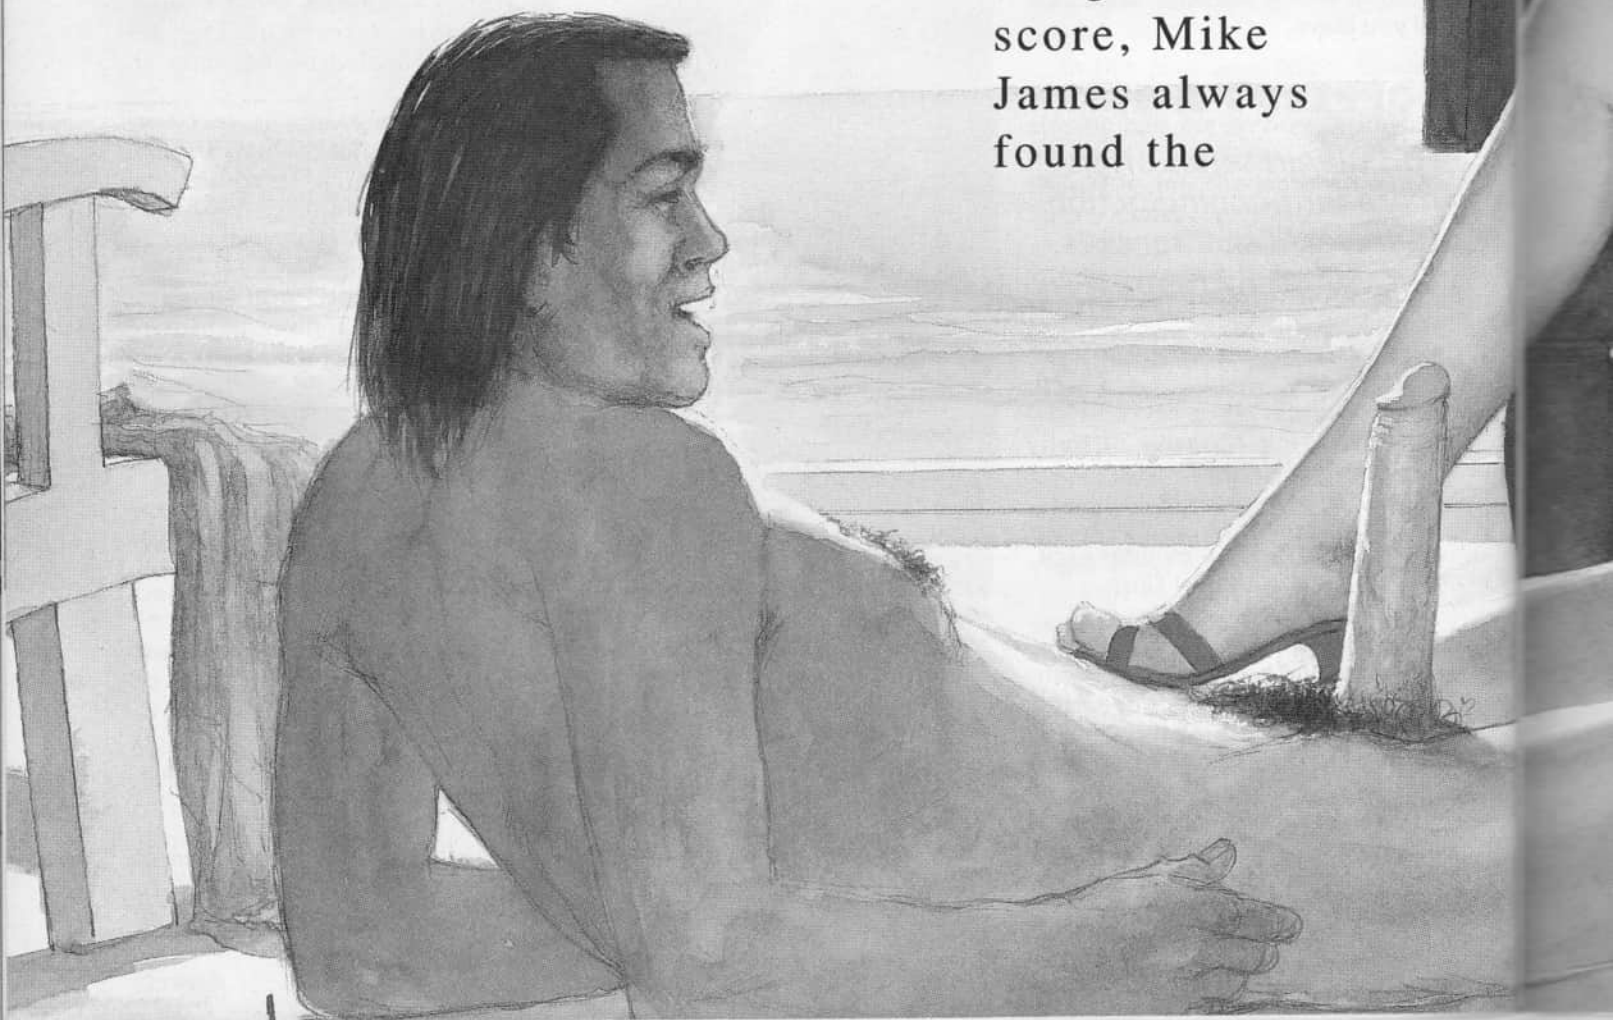

Scoring With Scarlett

FICTION BY FRANK SANDWELL

ILLUSTRATION BY BRIAN FORBES

With his deadline fast approaching, this world-renowned film composer was still struggling to come up with a score for his latest project. That's when he decided to use the monstrous mams of his gorgeous Italian director for inspiration.

When it came to creating a film score, Mike James always found the

first few workdays on a new movie the most mind-bending. Actually, at the moment it was the composer's big dick that was getting bent as he looked into his moviola and jerked off to a torrid sex scene he was supposed to be writing music for. At least this was one way to alleviate the incredible stress of not being able to compose anything for the sixth day in a row, Mike thought.

The professional composer had been hired to work on a big-budget erotic thriller directed by none other than Scarlattina Endrigo, the hot young filmmaker from Rome, who, with regard to her monumental bosom at least, followed closely in the footsteps — or was it bra-cups? — of the great Italian actresses like Claudia Cardinale and Sophia Loren. The trouble was that if Mike didn't get his act together soon with a score for *Dangerous Curves*, it could seriously damage his reputation in the movie business. In light of this, the composer was desperate for some musical inspiration.

A month previously, on his very first encounter with "Scarlett," — as the European director preferred to be called in America — Mike had spent most of the meeting staring into the stacked brunette's bottomless cleavage as she went to great lengths to describe the type of music she wanted for her film. The composer's stiff prick had gone to great lengths too during the course of his meeting with Scarlett as he lusted after the mature bra-buster's half-naked boobs and endless legs, which were wonderfully displayed by her tight black dress. The movie's producer, Al Green, had been present too and he had also done his fair share of boob-watching.

Regardless of that, the L.A. composer got really pissed when a director's input threatened to cramp his style. However, not wanting to risk being fired from such a prestigious project by arguing with the delectable Scarlett and incurring her legendary wrath, Mike had just obsequiously nodded at the big-titter's musical suggestions, no matter how ridiculous they had seemed to him at the time. Usually, the composer did what he wanted anyway, and most directors he worked with loved the results, regardless of how far removed they might have been from their original ideas.

Known as a hard taskmaster both on the set and in the cutting room,

Scarlett's reputation proceeded her, just like her cantilevered whoppers when she strutted through the door. What was he going to tell the director when she wanted to hear some music for her film? Now in a state of near panic, Mike stopped beating his meat and again scrutinized the timing sheets he'd been given by the music editor, who had compiled them from a footage counter. Here were recorded the chronological details of picture action, dialogue, sound effects, scene changes, and whether these changes were made through cuts, wipes, dissolves or fades, etc. These timing sheets showed exactly where all these things occurred in the work print and how long they lasted. Grabbing his stopwatch, which was calibrated to a tenth of a second, Mike once more tried to get some life out of a dead musical sequence on the synthesizer.

During his initial meeting with Scarlett, the busty director had stressed to Mike that she wanted a large string orchestra to predominate during the sex scenes between the lead character, Detective Markey and the gorgeous streetwalker Julie he'd become romantically involved with. For most of the other scenes, however, Scarlett had stipulated that she just wanted to hear a few sparsely arranged woodwind instruments, like the clarinet and oboe, to lend the flick a brooding atmosphere. In typical fashion, Mike had thought the screenplay was more suited to a jazzier, more upbeat score, though on reflection, he now realized Scarlett's intuition had probably been right, especially since he couldn't come up with anything at all in a jazz idiom.

Then, right out of the blue, Mike suddenly heard an intoxicating melody in a classical style running through his head. He figured this would be perfect for the opening credits. When scored for full orchestra, the tune would no doubt sound even more beautiful. The composer prayed that this piece of inspiration heralded a permanent end to his mental block.

Two hours later, the phone in Mike's studio started ringing off the hook. Sure enough, it was Scarlett Endrigo wanting to come over the following morning with the producer and preview what he'd composed so far. As there was no way to put the pair of them off, Mike tried to look on the positive side. It was six p.m. and at least he had the rest of the night to

elaborate on his newfound melody and try to impress the director with his musical skills. Mike just hoped he'd be able to get a decent arrangement of the theme down on paper before Scarlett showed up at his house.

Opening his front door the next day, Mike was pleased to see Scarlett's big boobs were in a similar state of undress as on the composer's first meeting with her. The director certainly had no right to complain about men staring at her tits as long as she insisted on showcasing her mammary monsters via extremely low-cut necklines, like the one on the skimpy red tank top she was wearing.

Mike swallowed hard as he invited Scarlett into his comfortable yet modest home. "You said on the phone you were bringing the producer," Mike said hesitantly.

The buxom brunette strolled into the composer's spacious living room and looked around inquisitively. "Al wasn't feeling well this morning. So I guess it's just you and me, Mike. I'm anxious to hear what you've come up with," Scarlett cooed.

Mike wanted to be honest and say that he'd come up with a lot of jism since starting the project, but he wisely refrained from doing so. "Would you like a drink?" he asked instead, desperately trying to avert his lascivious gaze from the director's mouth-watering décolletage.

"No, it's a little too early for me if you're talking about alcohol. Ah, I see your piano through there. That must be your studio," she purred, finding the composer's music room with its breathtaking view of the Pacific Ocean.

Realizing the busty babe was brushing aside his pleasantries because she wanted to get down to business, Mike immediately went over to his Steinway grand and began to improvise around the melody he'd composed the previous afternoon. "I think this would make a great theme tune for the movie as a whole," he said as he read the manuscript and made the music swell to a rousing climax. Mike was unable to see Scarlett's face while he played and was curious to know what her reaction would be, especially in the light of the fact he hadn't written much else.

"*Magnifico! Bellissimo!*" the director blurted out in enthusiastic Italian as Mike concluded the piece with an elaborate pianistic flourish. "This is

exactly what I had in mind. When it's performed by the London Philharmonic it will sound wonderful." Then Scarlett leaned pendulously over the piano keyboard with her succulent cleavage only inches from Mike's eyes. Unable to resist the opportunity of a close-up view of the brunette's awesome chest, the composer ogled the intermammary abyss before him. From her highly provocative behavior, anybody would think she was trying to turn him on.

"I didn't tell you when we first met, but I've wanted you to do the music for one of my movies for the longest time. You might be interested to know that ever since I heard the ravishing score you wrote for *The Longest Dream*, I've thought you the greatest film composer alive today. What you just played for me proves it," Scarlett enthused in her perfect English.

Mike was quite taken aback by the revelation that she was a fan of his. Hopefully, Scarlett had the hots for him, just as he had the hots for her, Mike mused.

The filmmaker was still leaning over the piano with her gazongas half out of her top. Now Mike could clearly see the edge of one of her luscious areolae as it peeked over the edge of her bra. It was definitely time to see if he was right about where all this was leading, the composer thought. Plucking up as much courage as he could, Mike cut to the chase: "You have a really beautiful bust, Scarlett," he remarked.

The director seemed only a little surprised by his words. "I'm glad you think so. However, it seems some men aren't very impressed with them. For instance, my current boyfriend back in Rome never touches my boobs even when we fuck."

"Well, you wouldn't catch me neglecting them for a moment," Mike said.

Scarlett began to smile. "Well, that's obvious from the way you constantly stare at them. Thank God there's somebody who really appreciates my big tits. How would you like to take a closer look at them, Mike?"

As the composer stuttered a yes, the brunette swiftly pulled her tank top over her head to reveal an impressive longline bra straining to contain her juggernauts, which, despite their support, noticeably lurched forward when her tight bodice was removed. A two-section cup styling with polyester

lace on the upper cups and midriff section, the stuffed boulder-holder was a splendid example of a maximum control brassiere.

Scarlett now noticed Mike's bulging cock in his pants and began to massage his crotch. The horny composer noticed a number of the front hook closures on Scarlett's gusseted bra were parting or broken, a revealing indicator of the vast amount of breast-flesh the beleaguered garment attempted to contain. Lightly-boned nylon and spandex at the sides, the undergarment's wide straps bit into Scarlett's shoulders in a prodigious effort to hold up the mammary heft below. Having something of a fetish with regard to women's underwear, Mike delighted in examining the brunette's heavy-duty bra. Now that her saggers were without the additional buttressing of her top, she seemed ready to let it all hang out at any moment.

"Watch this!" Scarlett suddenly shouted, energetically flinging her arms up in the air.

To the unique sound of popping hooks and splitting seams, the mega-

mam straitjacket that was Scarlett's bra split open and unleashed her humongous floppers on Mike. The composer's jaw dropped and his cock rose as her gargantuan hooters sagged down and slapped together, concealing her navel. Then Scarlett removed her skirt while Mike frantically tore off his clothes.

Mike began to rub his greedy hands all over the brunette's partially-clad body to excite her. Now wearing only a European style panty girdle and black stockings, Scarlett pushed a completely naked Mike onto the carpet and began to give him a hand job. The composer now started to examine Scarlett's monumental gazongas in detail. Using both hands to lift one of the brunette's big-nippled ten-pounders, Mike scrutinized the tit's richly veined and mottled surface. Licking and nuzzling the pendulous appendage, he gradually moved his trembling lips toward the periphery of her wide and pitted dug-halo. About the size of a compact disc, the dark areola beckoned Mike's tongue, which immediately sought out the countersunk teat and coaxed it to erec-

I've already started the foreplay."**

tion. After the thumb-like nipple had popped out, Mike switched over to Scarlett's other breast and serviced its milk dispenser in a similar fashion. As the excited composer alternately filled his mouth with her fat dugs, the bosomy brunette sat back, purring to herself in Italian.

Mike next half-mounted Scarlett and rubbed his throbbing dick against her firm hams, before forcing his rigid meat under the stretched elastic of her garter straps. Then straddling her rib cage as she lay on the carpet, he pushed his thick dork into the velvet warmth of her accommodating cleavage. Firmly ensconced between Scarlett's soft-rinded melons, Mike began to happily tit-fuck her, twisting her pliable breastflesh around his cock for greater friction. Scarlett supplied the necessary lubrication by raising her head and dribbling onto Mike's dickhead as it rhythmically plunged in and out of her soft mammary cocoon.

While Mike was tit-fucking Scarlett, the horny director massaged her sexual partner's bloated balls to enhance his pleasure. However, the composer knew that if he didn't change positions soon, he'd end up prematurely irrigating the lusty brunette's chest valley with his cum. As he disengaged from her bust, he immediately noticed the spreading wet patch in the crotch of the Italian's panty girdle — a sure sign she was ready to be penetrated.

Scarlett stood up, and with some difficulty wiggled out of the soaked undergarment, revealing the hairiest pussy he'd ever seen. Then the brunette splayed her legs wide apart, an open invitation for Mike to eat her rank clam. The muff-diving composer had to munch through a forest of pubic hair before he could locate her sopping slit. However, on finally discovering the fleshy aromatic folds of her cunt-lips, he was instantly in seventh heaven.

Maneuvering themselves into a 69 position, Scarlett took Mike's engorged schlong in her kisser and began a mutual suck session. After about five minutes of devouring one another's genitals, the Italian bra-buster noisily climaxed, nearly gagging on Mike's huge prick in the process as she ground her swimming snatch against his face.

Still hyperventilating from her tumultuous orgasm, Scarlett pushed Mike onto his back and impaled her juicy cunt on his purple shaft, wildly slapping her zeppelins against his face each time she slid up and down his stiff ten-inch rod. The composer groped and kneaded Scarlett's majestic hangers, thumbing and finger-scissoring her engorged teats as she bucked and fucked. This was the ultimate sex position, Mike thought, for thoroughly enjoying such a magnificent pair of liberated droopers, and

the view of Scarlett's casabas was even more inspiring than the Pacific Ocean through his window.

Beginning to feel some pre-orgasmic spasms stirring deep in his loins, Mike made a concerted effort to prevent himself from shooting his wad just yet.

The couple then started to hump in the missionary position, and in order to pace himself a little, Mike began to slow his pelvic thrusting even though Scarlett was imploring him to go faster. He could feel the wench's strong vaginal muscles milking his prick when he pushed himself all the way inside her and stayed put for a while. As he remained fused with Scarlett, Mike couldn't help staring at the babe's overgrown pubic diamond, the apex of which extended beyond her belly button and had vanished under her boobs when she'd been sitting up. Mike found the woman's giant tits together with her furry pelt an intoxicating turn-on. And that was to say nothing of what her voracious sexual appetite did to his libido. Unable to contain himself any longer, the composer emptied his bloated balls into Scarlett's snatch, filling her tight hole to the brim with his boiling cum.

"You know, Mike, I'd really like to hear the rest of the music you've written for my movie," the brunette cooed as they both lay intertwined in a heap on the carpet.

At first the composer pretended he hadn't heard her.

However, Scarlett wasn't about to be put off by his lack of a reply. "Well, do you have anything else ready for *Dangerous Curves* or not?"

"Unfortunately, I don't. However, as you can see, my prick's ready again for the dangerous curves of your deep cleavage," Mike explained, staring down at his penis, which had been restored to an erect state.

Scarlett looked a little angry for a brief moment before she smiled and began playfully fondling the musician's tool. "I guess this means I'll just have to supervise you a lot more closely over the next few weeks if you're to get the score done on schedule. I hope you work well under pressure, Mike."

The composer began to laugh. "If that includes the pressure of your big bosom on my big dick when I'm tit-fucking you, the answer's yes."

Indeed, it did.

AVA:

A BLUE CHIPPER

From across the Atlantic, we bring you the GENT debut of this Spanish seductress named Ava. Originally born and raised in Madrid, Ava has since relocated to Barcelona, where she works as a hospitality hostess for a large hotel. She's a bit coy about naming names, but she tells us she's serviced — quite personally, we might add — a number of famous people.

This being her first foray into nude modeling, Ava was understandably shy at first about revealing too much of her sexy 40-26-37 body but, as you'll see on the following pages, once she did decide to open up, there was no holding back.

bl-
n

While most European women let their pubic hair grow to lengths unheard of in the U.S., Ava bucks the trend by completely shaving her pussy and giving us a clean, clear path to paradise. Any takers?

**INTERVIEW
WITH**

CANDEE APPLES

When last we ran a layout of Candee Apples (Jan. '93), she was stretching out her long legs and pendulous hooters on the beach. Now she's back for an encore performance in a more formal setting, but she's still got the ability to make one's blood boil. We talked to her about a year ago, so we thought now would be a good time to catch up on what she's been doing since her 45-25-35 figure first appeared in the Home Of The D-Cups.

GENT: Candee, even though it's almost noon, you sound as though you just woke up. What gives?

CANDEE: Well, actually I did just wake up. I did five sets of my exotic dance show last night and didn't get back until almost four in the morning. When I got in, I was so beat I just stripped off all my clothes and went straight to bed.

GENT: So, basically you're telling us that you're talking to us in the nude right now. Interesting.

CANDEE: Actually, I have my panties on, but that's it. I enjoy sleeping in the nude or with very little on. It's less restrictive when you're alone...and more, uh, convenient when you're not.

GENT: So, tell us what your life has been like since we last caught up with you.

CANDEE: It's just been more hectic than you could possibly believe. I mean, I've never worked so much or so hard in my life. Mind you, I'm not complaining but I've been booked SOLID for the last six months.

Actually, I probably have you guys to thank — and blame — for how busy I've been.

GENT: How's that?

CANDEE: Ever since the layout and interview I did with you guys last year came out, my phone has not stopped ringing. And you wouldn't believe how strongly the guys in the clubs have responded to my pictures. They're practically drooling when they ask me to sign their issues of GENT with me in it. But it's kinda cute and very flattering. The only thing I found a little strange was the time in St. Louis when a patron was jerking off under the table and shot his load onto my pictures. Needless to say, he didn't get an autograph.

**SEE
VIDEO
AD

BACK
COVER**

GENT: A guy ejaculated right there in the club while you were on stage?! Amazing!

CANDEE: It's not the first time I've seen guys jack off to my dance routine. They do it all the time. But it was the first time anyone had ever, you know, finished what they started.

GENT: How do you feel, in general, about guys using you as inspiration for their masturbation?

CANDEE: I love it. I totally get off on watching my lover pull his pud while I do something seductive for him. When I pose for sexy nude pictures, I do so with the thought in mind of how will this make a guy be able to more enjoyably shoot off his spunk. But let's face it, there's a time and a place for everything.

GENT: Fair enough. Since we're on the topic of masurbation, tell us about the masturbation video you just did.

CANDEE: It was a lot of fun and very sensual to actually reach orgasm in front of a room full of strangers. I hope to do it again soon.

GENT: You can bet if you do, we'll be there to tape it.

CANDEE: I wouldn't have it any other way.
