"Like what you see? You'd just love to get your head between these big, firm tits of mine, wouldn't you? Well, I just might let you. But you'll have to work for it.

"No, I don't mean you have to paint my house or anything. I'm a very physical person. I like to work up a sweat, and not just in the gym. I only like sex that leaves us both totally exhausted and spent. If what you're looking for is a girl who'll just faint dead away at the sight of your big, hard cock, keep walking. I want you to make love, sweaty, passionate, long-lasting love, to every part of my body.

"Start with my clothes, for instance. I'm not about to just step meekly out of my skirt just because you say so. You'll have to give me good reason to show you my body. Show me how strong you are. Show me how turned on you are. I want to see you breathing heavy, and sweating. I want to see that big dick grow and throb in your pants till it looks like it'll burst. Then, if you think you're man enough, you can touch my tit. Like it? Want to see my naked tits? I bet you would.

"You're a real tit man, aren't you? That's great. Now show me how much you love them. No, don't just kiss them gently. They're not holy relics. They're my tits. I'm

a big, strong woman. Show me how you really feel about my tits. That's right, roll the nipples in your rough fingers. Suck on them. Harder! Harder!

"Are you getting sweaty now? Me too. I get so turned on by a man who knows what he wants and knows how to go for it. No, don't ask. Show me what you want. Paw at my body, pull my clothes off with your teeth. I'll fight you if I don't want you to undress me. That makes it fun, doesn't it?

"Now with my dress down around my feet, you can see everything. Look up from where you are, and you can see my big, dark snatch, can't you? You like that smell? My pussy odor gets very strong when I'm turned on and sweaty. My panties are sticking to my wet pussy lips now. Go ahead, pull them down if you want. Bury your face in my spicy pussy. I want to feel your rough beard grinding against me. Oh, I'm on fire now. Eat my snatch. Do it!

"Now give me that big cock. I want to feel that needy hardness inside me. Take me in your arms, feel my strong body against yours, and show me what a man is supposed to do to a woman. Lick the little droplets of sweat from my neck and my lips. The smell of my pussy is filling the whole room now, isn't it?"

"Hold on tight. I'm going to wrap both my legs around your waist while you fuck me standing up. Walk around the room with me impaled on your big fat cock. Now lay me down on that table and drive it home. Come on, finish the job! We're both so close! I can tell we're going to come off together!"

"Flood me with your hot cum! I want to feel you blasting that thick, hot rope of cum deep inside me as my cunt vibrates all around your cock. Fuck me till I scream. Yeah! Fuck me! Just do it!"
