92 JENNY LEE'S SCHOOL FOR STRIPPERS

What a drag Catholic school is. I grew up in the Barrio of East L.A. and my religious mother was terrified I'd turn bad like so many of the other kids. To save my soul—and my fast developing body—she kept me in the

MARIA: *catching*

strictest all-girl parochial school she could find. My brothers escorted me from home to school and back again and once I got home there was always housework, cooking and sewing for me to do. That's how I managed to get to nineteen without ever having been alone with a boy, never kissed, never touched, a total-

ly innocent virgin. Correction, a totally innocent, *horny* virgin.

"Except I didn't know what horny was. I just knew I had these unbearable feelings in my tits and cunt that could sometimes be calmed by hard rubbing. When I tried to ask Mama about it, she told me to go to the priest. When I went to him he told me to say twenty 'Hail Marys', but the feelings still didn't go away.

"Then Mama died. My three brothers were heads of the house and

now everything changed drastically. Several of their friends moved in and they partied around the clock. I hid in my room at first, sending prayers to heaven and rubbing my tits and cunt to quiet the feelings that had become much stronger with so many wild young men in the house. I was on the bed, rubbing away a particularly bad itch in my cunt one afternoon, when a young man, looking for the bathroom, blundered in to my room.

"When I looked in his eyes I understood the word 'lust'. I tried to cover myself but my big tits kept slipping out from under my hands. He came towards me, unzipping his pants as he came. A long, thick, brown pole sprang out and I knew it was the snake of temptation I'd read about in bible studies. I knew I should turn away, but looking gave me feelings I couldn't resist. I wanted to touch it I soon had my chance as he jumped on the bed and thrust it right in my face. I took it in both my small hands and rubbed it. It was so big I could hardly get my hands around it. He pushed it towards my mouth and I knew it could never fit in there, but the urge to try was strong.

"Opening my mouth wide as it would go, I stuffed it in. It was so huge I thought my lips would split, but I was salivating so heavily it slid down my throat.

"All the lust that I had stored up inside me came out in a landslide of passion. I attacked his cock with my mouth. Sucking and tonguing, stuffing it down my throat until I gagged, I couldn't stop until I felt his balls tense and tasted the hot, salty fluid of his semen. This is what I had yearned for all along. At last the feelings in my cunt and tits were calmed.

"Now I take care of all my brothers' friends. It seems once the gates of lust opened, there is no end to my sexual desire. I still mourn Mama's death, but I much prefer my new life to the old one."

CANDID
UGGS

EMMA P.,
LOS ANGELES,
CA.

"My tits have always been up there in the JUGGS' category, but when I got pregnant they really ballooned. My friend, the baby's father, just can't get enough of sucking my big black nipples. I even get turned on holding them up and seeing how enlarged and dark they've become. They're normally brown, but since they've turned black with pregnancy they really show up pressing against my thin pregnancy tops.

"I go braless all the time, see, because I love to feel my big tits sliding around on my big belly bump. Too many people think a pregnant woman can't be sexy. When they catch my tits, stiff-nippled and bouncing, and my big, happy, horny smile they think different. I'm an independent woman and when I want a man I don't let my main relationship get in the way. Since being knocked up has made me more horny I'm fooling around even more now. My friend even helps sometimes.

"He had a buddy who I was very hot for. I could tell this man had a great tongue and I wanted to feel that tongue on my swollen up boobs. So I sweet talked my man into bringing him over for dinner. I served dinner in this little mini-dress, and on a five-foot, ten-inch woman with 44DD's and a big round belly, that was quite a sight! It was not wasted on the man, either. Every time I bent over—and I did it a lot—he could see my hairy cunt and big fat ass sticking out the back. I thought the man would start to drool all over!

"Then my man said he had to run down to the store. We'd set that up, and the minute he was out the door I jumped on his friend. He didn't know what to do at first, but when I shoved my boob in his mouth he just naturally started to suck. I pulled his dick out and jerked him off while he chowed down. Pretty soon I started to shake with climax and he shot a big wad of cum all over the place. Man, that was good! I keep trying to get him to come back, but he's afraid of my old man. Oh well, there's plenty more where he came from!"

BOOB STARS OF PORN

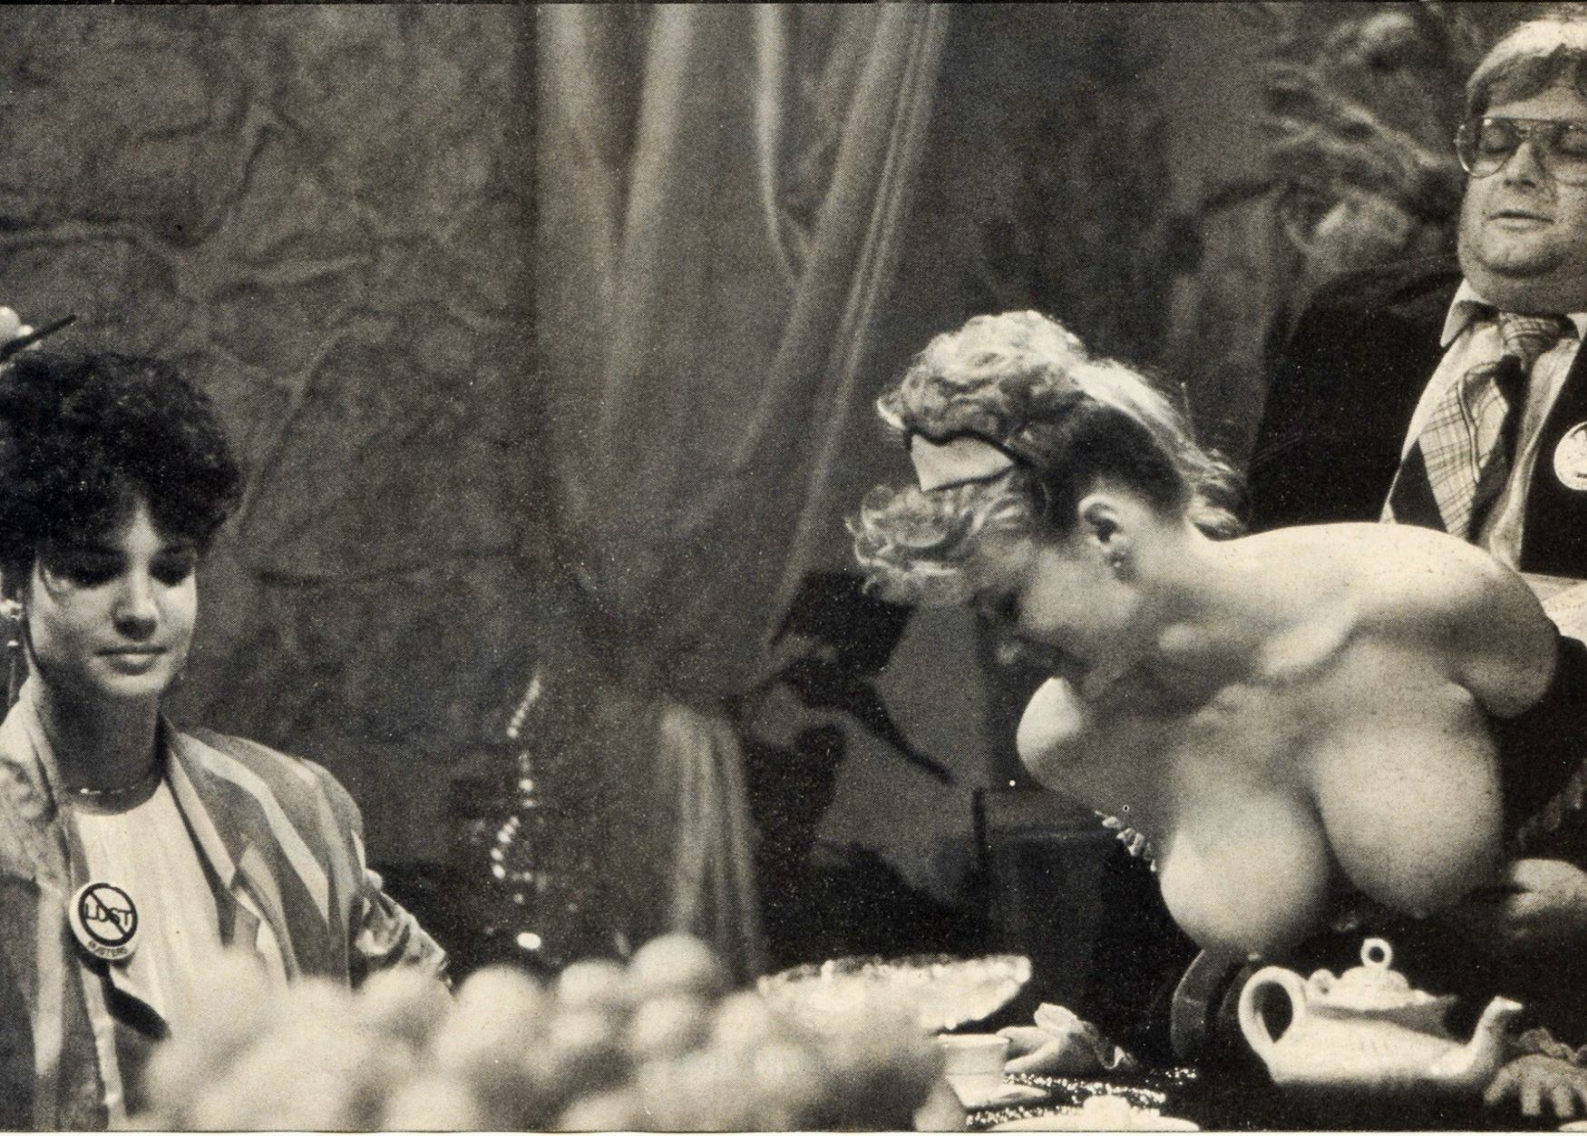

BUFFY DAVIS

Ah Buffy. That sweet baby face. That cornsilk hair. Those monstrous chestnuts. Buffy is so pretty and so innocent looking you'd expect her to demand only non-sex cameos in her sex videos. And she could get them at top dollar. Instead, Buffy is the girl who asks for the dirtiest, most demanding fuck-roles. Gang bangs? Right up her alley. Interracial? She smacks her lips over dark meat. Anals? This is her *specialty*. And if you really want to make the girl happy you'll jab a big juicy cock up her cunt at the same time one in pounding into her tender, pink asshole. She relishes tit-fucking too, but is always asking the guys to be rougher. Nipple pinching, biting, twisting, all these are the songs of love to dear blonde Buffy. To see her at her best, catch her in *Double Penetration*. Why this girl isn't carrying off the Adult Film Awards every year is beyond us.

A color photograph of a woman with voluminous, curly brown hair and bangs. She is wearing a white, long-sleeved blouse with a ruffled collar and a lace-trimmed bra. She is holding the edges of the blouse with both hands, pulling it open to reveal the bra. She is also wearing a dark green skirt and a watch on her left wrist. The background is a textured, light-colored wall.

JACKLYN

**JUGGS' SEC.
STRIPS DOWN**

"I've been working here at JUGGS for just three months. I was pretty shocked when I came for the interview and found what kind of magazine they made. I'm only nineteen and I suppose you'd say I had a sheltered upbringing. I'd seen adult magazines on the newsstand but had never looked inside one. What an eye-opener! Knowing how innocent I was, everyone seemed to want to shock me. The models were always parading through with their big tits wobbling braless under thin blouses or jiggling over the top of tight bras. I was always self-conscious about the size of my own breasts and kept them well covered under baggy shirts and sweaters. That's why it took so long for the people at JUGGS to realize I had big boobs. It wasn't until the editor, Dian, saw me in the bathroom fixing a broken bra strap, that the word got out. After that, she was always after me to dress sexier and show myself off. 'Tits are a gift, something to be proud of,' she always said. Seeing all the attention the models got from men I started to get curious. At night, in my little apartment, I'd strip in front of the mirror and play with my tits, making the nipples hard. I'd strike poses and try to imagine myself in JUGGS. Imagining turned me on, but I still couldn't believe I was sexy enough to be a boob model.

"The clincher was when I caught my boyfriend looking through a copy of JUGGS I'd brought home. He was trying to act like it didn't affect him, but he had a huge hard-on. And the girl he was looking at didn't even have tits as big as mine!

"That's when I told Dian I was ready to become a JUGGS' girl. I started out shy, as you can see in the photos. When everyone saw my tits they started whistling and cheering, though, and it gave me such a rush! I liked showing my big tits off. In fact, I loved it. I felt like a woman and a sex symbol and it wasn't at all degrading like I'd always thought. I felt powerful and

realized I could use my body to get what I wanted, from men. I'd always let them do what they wanted, and hoped they'd do the things I liked to get me off. Now I knew with a body like mine I could ask for what I wanted and get it. It made me hornier than I'd ever been

in my life.

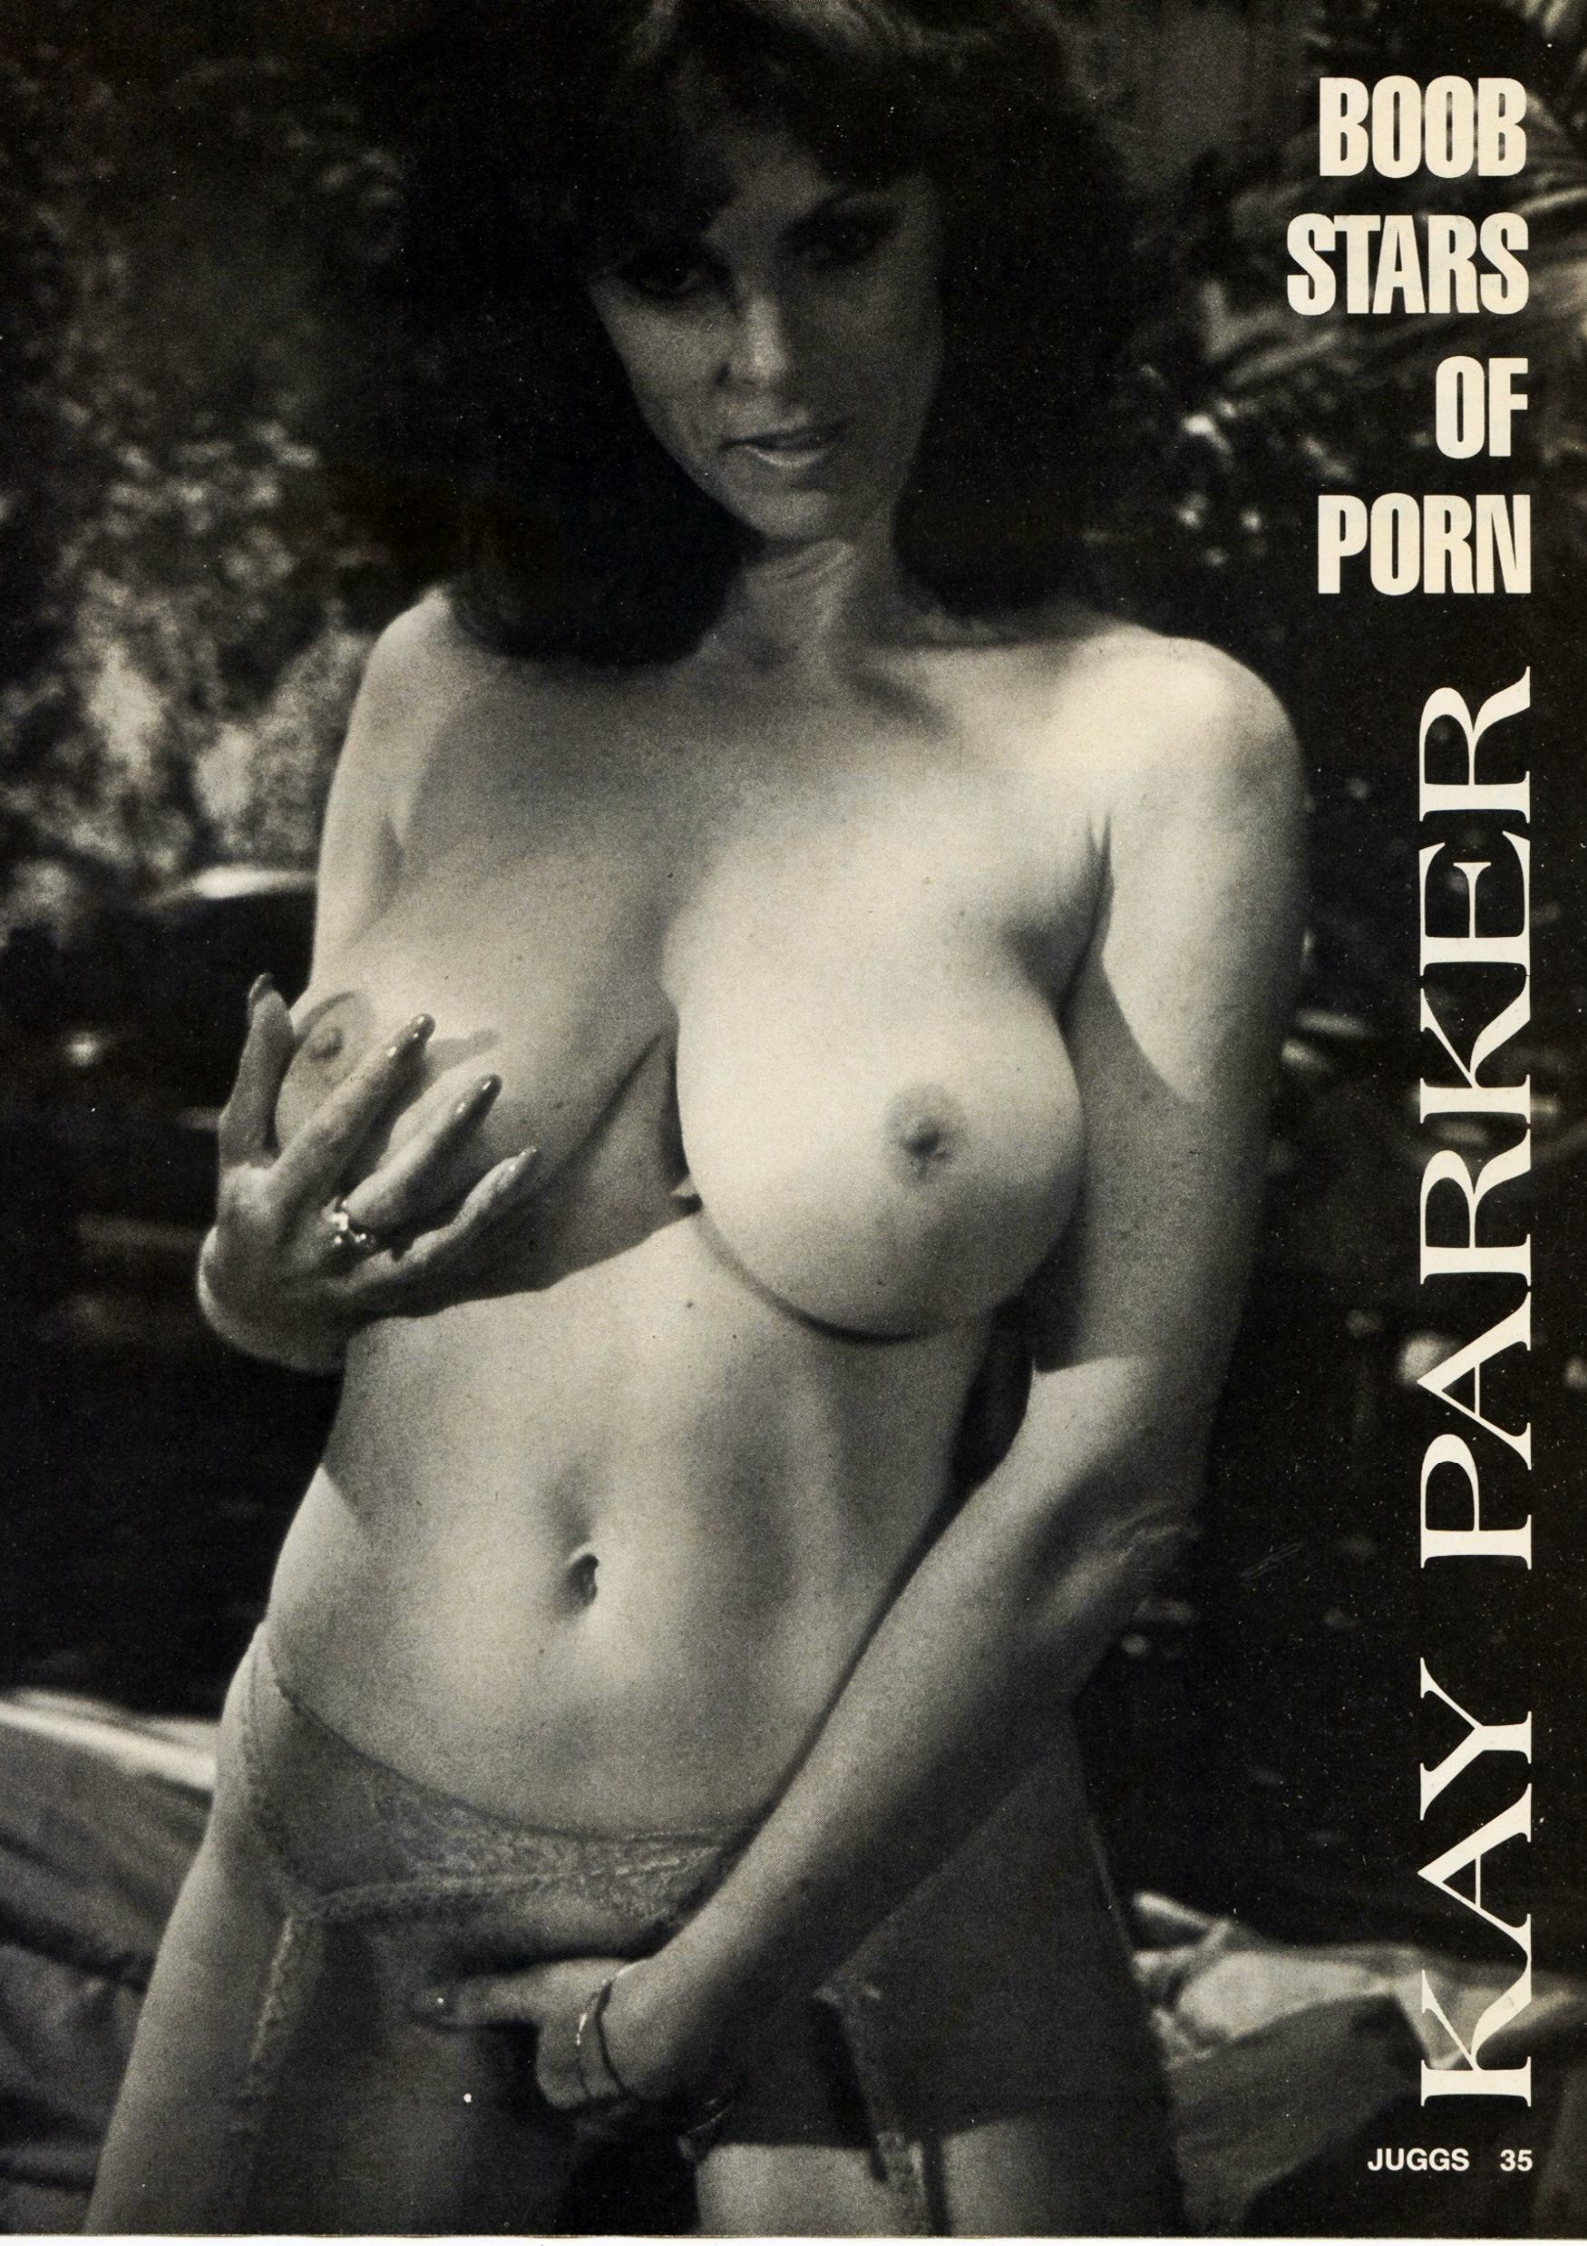

"Now I dress much sexier around the office. I can hardly wait for my photos to come out. My boyfriend is excited too, but also afraid that since I've become so sexual I might want to try other men. And you know what? He's right."

KAY PARKER

Kay was an oddity in
that she didn't start

her porn career until an age when most

women have long since retired. At forty-plus, in age and tit size, she was ideal for older-woman roles and also came with a talent nearly foreign to fuck films—she could act! Kay actually studied acting in her native England and came to porn after years of trying to make it as a Shakespearean actress. We think she made the right decision; those tits were *wasted* on *Macbeth*.

Kay's best performance was in *Taboo*, the story of a frustrated mother's love for her handsome grown son. It launched her as the ultimate older woman, as well as the ultimate mature tit-queen.

Sadly, Kay quit the screen a few years back to do publicity for a video company. The loss is still mourned by many.

Just
For
You

‘I’m a very health conscious person, so when

the photographer told me
I'd be sexier if I smoked
cigarettes my
first reaction
was to tell
him off.

He wasn't the type to take a bunch of crap from some girl, though, and he quickly put a hand over my mouth and told me why I should smoke.

"He told me how a cigarette makes a woman look worldly and somewhat sinful, powerful and tough. Then he told me how exciting it is to see a pair of full, pouty, red-painted lips like mine formed into an 'oh' around the shaft of the cigarette. The lipstick ring on the white cigarette makes him think of how his cock would look if I snugged my richly-painted lips around it. How did he know I love to suck cock? The urge to suck was growing strong now as he kept up this suggestive talk. I put a finger in my mouth and started drawing it in and out with gentle suction. My lips felt so full and wet and warm on the fingertip. I could imagine how great it feels on a man's cock.

" 'Hmm, I see you're getting the idea,' said the photographer. 'Are you ready for the cigarette?'

" 'I'm ready for your cock,' I hissed, running a hand up the stiffening shaft in his pants.

" 'But you can't have that,' he said. 'If you want to suck, it has to be the cigarette.' "

"I began to beg, the pleading words spilling out around the three fingers I now had lodged in my mouth. I sank to my knees, saying, 'Please give me your cock. Please, I'll do anything you want if you'll just let me suck it a little.' I reached for his fly and he swat-

ted my hands away. 'That's the passion, the sexual tension I want for the photos,' he said. 'Now take that cigarette in you mouth and suck like it's the last cock on Earth. And don't suck it for me. Suck it for all the horny men out there who'll be looking at your photos. I want them to know you're the kind of girl who'll beg for cock and suck anything if she can't get it.'

"And he was right. I was drooling and moaning with suck-lust. He held out the cigarette and I stuffed it greedily in my mouth and started to suck the smoke into my lungs. It was so good to have something in my mouth at last I started to cum, and as I came, I really did think about you, and I cared that you would be turned on by me smoking this long white cigarette.

"I guess a girl is never too big to learn."

Angela Parker:

ANYTHING TO MAKE IT

"I guess you'd call me an aggressive woman. When I left my home in Maine three years ago I vowed I was going to become a star, in one thing or another, one way or another. Whatever I had to do, I was prepared to do it, and that included sex.

"I knew I stood a better chance of becoming a sex star than anything else because of my natural endowments. My tits are big and firm, and just as sensitive as they are big. My waist is small and my hips flare into womanly roundness. And my cunt! My cunt has muscles that other cunts don't, according to my lovers. It can expand to take the biggest cock, up to twelve inches all the way to the balls, or tighten down on your little finger so you can't even pull it out. I once trapped my gynecologist like that when he started getting too friendly during the exam. I made him promise to eat my cunt before I'd let him loose. He did a pretty good job, too.

"So when I got to California I naturally started looking for jobs where I could use my talents. I got a strip job and right off the owner of the club started hinting around that I could be the headliner if he and I got to be good friends. Say no more. I looked adoringly into his eyes and said, 'Just how do you like your friendship?' letting one finger trace the bulge in his slacks.

"It turned out he liked it on all fours up the butt. Lucky for me I always carry a tube of lubricant in my purse. He loved the way I greased my own ass, sinking a finger deep in my butt and pulling the hole open. I was really glad that was what he wanted because I've always loved taking a big pole up my ass. He didn't take the easy way, either. He took his big bone in his hand and shoved it all the way in with one hard lunge. Do I love that! I humped back against him eagerly, screaming my heart out. My ass milked him like a farmer milks cows, and knowing that this would lead to a promotion made it even more exciting. I couldn't count the times I came before he pulled out and shot a big wad all over my milky white ass.

"Sexual favors like that have really made me a top performer in California. Now that I'm a model there's a whole new group of men to influence. I tingle at the thought."

A woman with dark, shoulder-length hair is posing in a blue lace-trimmed bodysuit. She is sitting on a white fur rug, leaning against a red door. Her hands are resting on her thighs. The background includes a red door and a white wall with a window.

Karen

too much for
two

remember reading about a girl in JUGGS whose tits were so big she needed two men to be satisfied. I wish that was my problem! Finding two men isn't that hard; most guys go to clubs in pairs and are happy to find a woman who can take care of them both. It's not so easy for me, because I like my loving in threes.

"What really gets me off is having a man nurse on each tit while another fucks my tight, juicy twat. Ever since I took on three men on a dare a couple years ago this has been my ultimate thrill. It's what I fantasize about when I masturbate and I'm always putting together fantasy foursomes, like, say, Tom Berringer, Tom Selleck and Woody Allen. It doesn't take a big cock to fill my cunt, but I *do* want the men who suck my tits to be strong enough to really pour on the suction. I like when they can pick my whole tit up in the air by suction alone and nipple hickies always make me cum gallons.

"I guess the three guys who got me the first time were still the best of all. Part of what made it so neat is they weren't in love with me or anything. I don't think they even respected me, and that freed them up to be real animals and do exactly what they wanted.

"We were in this one guy's van and he started kissing my tits through my sweater. I told him I really liked having my tits kissed and sucked and he said, 'you sure got plenty to suck.' His friend said, 'Yeah, looks like you've got enough for all of us.' I said, 'Hey, get down. Kick back, have fun,' and pulled both tits out. The two guys chowed down something serious, really giving my tits a work-out. The other guy started jerking off while he watched and I told him he shouldn't waste a good hard-on while I had an empty cunt. Boy, he practically ripped my panties off after that. My juices were running down my ass so even though his cock was big he had no trouble getting it in. The other two guys started jerking off while he fucked me and they sucked my tits and just about the time the guy fucking me shot his load up me they came all over my tits, really soaking my chest. I licked all their cum off my tits while they cheered me on with all kinds of dirty words. I was so hot I couldn't cool down until they'd all taken a turn fucking my cunt while the other two nursed my big jugs.

"So, three horny men. Is that too much to ask for? I promise you'll go away very satisfied."

BOOB STARS OF PORN

*LOIS
AYRES*

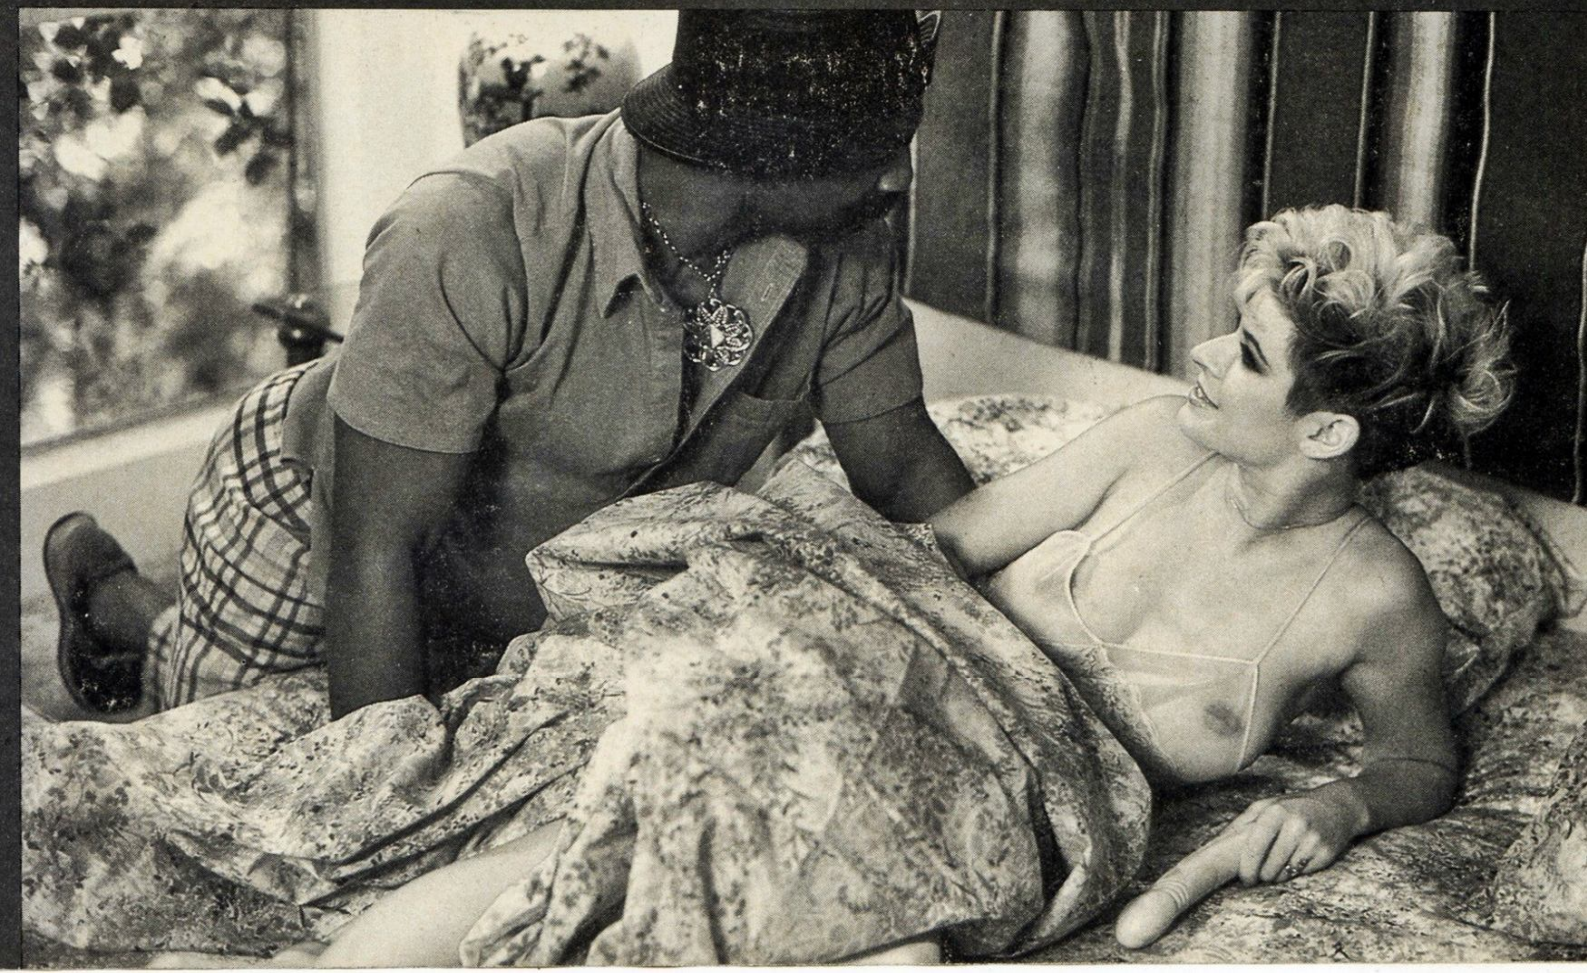

JUGG

Lois is a borderline boob star. When her weight is up, her tits are sheer perfection. Let her drop a few pounds and the tits drop too. She's just so delightfully nasty in her porn habits that we can't hold it against her, though.

Lois was one of the infamous Dark Brothers' first starts. She played in their first shocking video, *Let Me Tell Ya 'Bout White Chicks*, in which she took on a couple sleazy ghetto guys and loved it. Charmed by her open-mindedness, the Darks used her in *The Devil In Miss Jones*, *The New Beginning*. Again she displayed an utter lack of moral fibre, helping to make the film a monster hit. Lois lists among her favorite things: sex in smelly alleyways, getting butt-fucked with no lube, sucking unwashed pussy and total personal degradation.

We say the bitch has class.

"Just a few photos this time to fulfill some of my fans' fantasies. For the man who wanted to see how far apart my tits could go, here's this lie-down spread. The same man wanted to see my tits hanging over a chair; hope this is good enough.

"We started joking about the pencil test, in the studio during my first photo session. You know, that's the one where you put a pencil under your boob, and if it stays there when you

let go, then you need to wear a bra. So we started putting things under my breasts to see just how far I could go in *flunking* the pencil test. We concluded that I could throw out my suitcases and just pack everything under my breasts when I travel. *Nothing* I put under there fell out.

"Several fans wanted to see me play with a glass topped table. That glass was cold! It warmed up fast with my big boobs pressing into it, however. The

photographer reached up and put his hand on the underside of the glass while he was taking the photos and said it was like touching a window pane on a hot summer day. I told him I was a hot woman!

"Write to me and tell me how you'd like to see me in photos. Seeing myself in JUGGS has really helped me get over the shyness I once felt about my body. Now I enjoy all your stares and am proud to be the owner of the Biggest Jugs In The World!

Candy's Column

SEX STATISTICS

Dear Candy:

I picked up my usual three copies of JUGGS this month. One is for my wife Letty and myself. The other two copies are meant to be shared among the several big-titted gals who rent rooms in our boarding house. Two of "our gals" are married; the others have steady or occasional lovers. Most have had babies and lactated at one point or other. It's a strange thing, but big-boobed women seem to gravitate to my wife and myself—and we gravitate toward them. But let me also point out that while big boobs are a definite sexual turn-on for me, I remain faithful to my wife Letty, a blonde with size 42-DD boobs who is still beautiful and sexy at age 55.

At any rate, I feel the March '88 issue of JUGGS is one of the best ever. Your answers to the letter from Chuck D. were of special interest to us, Candy, since my wife and our boarders have all wondered if you ever had kids and if those hugely beautiful boobs of yours had ever been in production. The weight of your tits really gets to us. 15 pounds—wow! Among my wife Letty and our well-endowed female boarders, the best any of them can do is tip the tit-scales at 11 pounds. I think they're all a bit jealous, especially Letty. I will say this, though, she was always a terrific milker. She produced so much extra milk that she was able to put at least a quart of mother's milk on the table—for my consumption. And believe me, it was Grade-A quality all the way.

By the way, you had us fooled about your age, Candy. We guessed you to be in your late 40's at the most. You really take good care of yourself—keep it up. You are an inspiration to Letty and the other gals.

Now for a couple of questions. Are you still on the nightclub circuit? We would like to know if you are scheduled for Peoria or any other place close by. If you are, we would all love to be there and meet you in person. If you can answer in your column, we'll appreciate it.

Also, what is the biggest cock or dildo you have had up your pussy? Lately, Letty and the gals have been on a stretching kick. We own a big assortment of sex toys, but they all wanted something bigger. Letty went out shopping with a couple of the gal boarders and in one of the porn shops they found a three-inch-thick vibrator. They each bought one and have been having a ball with them ever since. They haven't been able to get the entire length inside their cunts yet because they're 14 inches long, but I'll make sure they get the job done eventually.

Dan & Letty
Peoria, Ill.

Dear Dan & Letty:

You'll have to check your local X-rated clubs for their schedules of upcoming live events. I don't know my own schedule of live appearances enough ahead of time to announce them here. In answer to your other question, the biggest dildo I ever fucked was four inches wide and 17 inches long. The biggest cock I ever fucked was three inches wide and 12 inches long—and he was a real dildo too.

MILK 'N' CREAM

Dear Candy:

I had to get off—I mean, I had to get my *last letter* off to the post office before it closed, so I didn't have time to really finish it.

Regarding your answers to my questions in your column of the March issue: ye gads, Candy, right now I can't take my eyes off your picture there on pg. 78! Those huge, gigantic tits, that hard, erect nipple surrounded by that big brown areola on the right mountain, the right hand pulling a cunt lip a little to the right and the left forefinger rubbing your clit, all surrounded by that bushy black hair, with your asshole peeking out from underneath—lovely!

Now, back to your answers, sweet Candy. I would have given *anything* to see you milking yourself in the bucket "like a prize heifer" and listening to all the noise from your heavy milk-stream pounding against the side of the bucket! I would love to have been standing nude against your bedroom wall as you pulled off your bra and uncontrollably, the milk shot out across the room and hit me in the balls. Then as you came closer, aiming your nipples a little higher with each step, the stream hit me in the stomach, then my chest, then my face and hair. I was drenched in milk! I turned and started running toward your bathroom. As I did, I looked back at you, astounded as you held each bounding melon in your hands, milking those huge, swollen nipples and spattering me in the ass with more streams of your hot cream.

Then, as I reached the bathroom, I jumped into the tub and lay down.

You jumped in and straddled me with your knees over my hips. You shot huge streams all over my face again and gradually worked your way down to my feet, drenching me with milk. Then you moved back up to my chest so you could pump your sweet milk all over my face and into my open mouth! It poured in by the quart! I started to gurgle and choke as it streamed out of the corners of my mouth. It was fantastic! As you squeezed out the last few drops I started breathing again normally. You moved up and spread your legs, one on either side of my head, so you were squatting over my face. You reached down and spread open your ample cunt lips. I saw your hot, juicy opening up-close, and then I was breathing in the heavenly aroma, licking at the slick pink lips, and then slurping out all your sweet, female juices.

Then we got into a position facing each other in the tub. Your legs were draped over mine, and I was thrusting

my hard-on in and out of your divine cunt. I'll never forget how great it felt to be fucking you, Candy. After you came, shooting your honey all over my prick, I pumped you full of my hot cream.

After resting a few minutes, we stood up and showered, whipping up mountains of suds on each other's genitals, asses, and on your unbelievable balloons. The bar of soap was oval and just about the same thickness as my cock, so when I teased you with it, it went easily up your cunt. To my surprise, I lost it in your deep cavern! You looked frantic for a moment, sticking one finger up, then two, with no results. You were a bit worried—until I came to the rescue. I inserted two fingers, then three and four. Still nothing, so I slid in my whole hand. It was awesome, you standing there with your legs spread wide and me with half my forearm missing—fantastic! Then suddenly I felt the soap and managed to work my fingers over the end of it

and pull it back out of your tunnel. Yes, Candy, that was quite a SOAP OPERA!

I have decided to join your Fan Club, Candy. I want to get as close to you as possible, and I love it when you write a personal answer to my letters in your column. I would still especially love to see a beautiful milking mama with jugs the size of yours squirting her milk all over—and possibly on me. Do you have any such friends in my area or in L.A.?

I remain your biggest fan in Palm Springs...

Chuck D.
Indio, Calif.

Dear Chuck:

I'm glad you enjoyed my reminiscences about my days as a milking mama. No, I don't have any such friends in your area. I guess you'll either have to find a lactating lady on your own, or depend on my fan club and your fantasies to do the job...

MILKING MAMAS

Dear Candy:

Your comments in answer to Chuck D.'s questions (JUGGS March '88 pg. 79) telling about fun with milk-filled tits got me so excited I chased my husband around until he laid me properly. My experience was nearly the same as yours—playing with milky tits adds variety and kicks to anybody's sex life. I'd like to tell you two or three variations on your theme, which my best friend, myself and our husbands enjoyed.

Several years ago my best friend Betty and I had kids at the same time. We both started nursing them in the hospital and were surprised and thrilled that their suction on our nipples was so exciting. Since both our husbands were (and are) tit milk fanatics, their strong and frequent sucking brought out milk in like gangbusters. We were naturally curious to know how much milk we really were producing since we were both size 42-D's and seemed to fill up quickly after each feeding.

So we got together and made a test frequently. We didn't have a bucket to squirt in (as you did) so we used a calibrated jar. We had our breasts sucked completely dry and

then let them fill up for eight hours. By this time they were turgid and painful and dripping. We then used a breast pump and each expressed two cups full of milk from each breast. That's one quart per milking—or nearly a gallon per day. Our doctors and friends said our production was extraordinary—even fabulous—but, Candy, you're the champ. Your output beats ours.

We also tried the milk-squirting contest. Again, your 12-foot squirt beats our best—only a 10-foot squirt. We found we could squirt a lot farther with the pressure of full boobs. We also found that the tit with one large central milk hole could squirt farther than one with several smaller holes. Of course, we had great fun kneeling over our husbands' bodies and soaking their faces and chests with hot milk while riding their hard cocks up and down.

We also had a contest to see which of our husbands had the stronger sucking technique and which could drain our tits faster (when they needed extra draining). The way we tested this was to get the men to lie down with their heads close together. Then first me and then Betty would get on our hands and knees and lower one

full tit to each mouth. On a signal, they would begin sucking and continue until the tit each was on was completely drained. I declared my husband Ken to be the winner when he sucked me and Betty declared Tom to be the winner on her boobs. It was great fun!

Both Betty and I enjoyed tit-play and nursing our babies and our hubbies so much that we kept our milk coming until we each got pregnant again, two years later.

Candy, I'll bet Betty and I produced as much milk in our lactation periods as you did. What do you think?

**THE
NEW
NEIGHBOR**

"This is my second time around as a milker so I already knew how much fun lactating was when I had the baby. My neighbor just had her first around the same time, however, and can you believe she didn't even want to nurse? She thought it would interfere with her career. Career? The woman is a cocktail waitress! I knew she needed some serious reconditioning to her brain and set right out to do it.

"I got a sitter for both our kids and had her over to my house one night. I asked how her milking was going and she made a face. 'I'm binding my tits down every day and still I can't get the milk to stop,' she said. 'I end up so sore I have to milk my tits into the toilet. God, I must be making a quart from each one!' I hid my horror at hearing she was wasting milk on the toilet. Instead I sympathized.

" 'Gee, I know how painful full breasts can be,' I said, moving around to massage her shoulders. 'Mine get full and sore between feedings. I don't know what I'd do if John didn't come by to suck it out.'

" 'You have a man suck your milk out?' she said, looking shocked. 'Yeah, it feels great,' I said, 'better than getting fucked. A big mouth can suck so much harder than a baby mouth. It's a whole different feeling.'

" 'I can't believe that,' she said. 'That was my cue. 'I'm not kidding,' I said. 'Here, let me show you.'

"With that I scooped one of her full breasts out of her blouse and popped the engorged nipple into my mouth. She was too shocked to move and I began to draw her sweet, warm milk into my mouth. It tasted even better than my own, richer and stronger. I began to moan as I sucked and was not surprised to hear moans coming from her mouth too. Her hands fumbled with my sweater and I pulled it up to free my own milk-leaking boobs. She began to squeeze them in rhythm with my own sucking and I could feel my milk spattering onto her thighs. I pulled her skirt up and she aimed my stream at her clit. I sucked harder on her nips and her hands jerked on my tits as her first

orgasm hit her. I glanced down to see my milk mixing with her pussy juice on the chair and then I was cumming too, my milk spurting out in torrents as my pussy spasmed.

"My neighbor announced after that she was going to reconsider nursing. That was three months ago and she's a prize milker now, producing at least two quarts a day. Some of it even goes to the baby!"

**JENNY
LEE'S
SCHOOL
FOR
STRIPPERS**

Y

ou remember Jenny Lee. She's the fifty-plus (is that age or tit size?) ex-stripper with the sparkling eyes and heart of gold. Jenny runs the country's only striptease museum out in California and has now opened a school to teach striptease on the same ranch. What's amazing is how the small town of Helendale, where the ranch is located, has embraced Jenny. She's president of the local Republican Women's Club and active in the Business and Professional Women's Club. "And they know who I am," she trumpets, "I even showed them my photos so they'd know exactly what they were getting mixed up with."

And what Jenny's mixed up with now is mainly local housewives who want to put on sexy shows for their husbands. Her week-end seminars offer intensive one-on-one strip training and she covers all areas of her art.

**I'LL EVEN TEACH MEN,
AS IT'S BASICALLY THE
SAME AS WOMEN'S
STRIPPING.**

"I start with the history and theory of striptease, discuss inhibition and exhibitionism, teach them shifts, tilts, shim-mies, rotations, undulation, as well as how to isolate and control various body areas. Like isolating and controlling the tits to twirl tassels, one of the most requested specialties. We show them how to make their costumes and teach them music selection. Make-up, hair, wigs, all is included. And, of course, there's audience interaction, because if a stripper doesn't know how to communicate with her audience, she can be the best looking woman ever and still be a flop.

"I'll even teach men, as it's basically the same as women's stripping. And more fun for me." This intensive week-end workshop costs \$200 plus lodging and meals at Jenny's ranch. The photos here show some of her students and friends, and Jenny, still the master, or mistress, of this very American art form.
