Story by Chip Maloney

BIG BOOB FILM SCHOOL DROPOUTS

The legendary Tom Byron is one of those rare porn perennials that has survived and thrived in this tough business in a career spanning two centuries now, and he's still going strong on both sides of the camera as talent (when he feels the need) and owner of the aptly named Tom Byron Productions. Tom always had an eye for talent, he was one of Traci Lords' first boyfriends, but he can also spot it in the directors and actresses he hires to make his movies.

In "Big Boob Film School Dropouts" Byron brings the filmmaking skill and humor of director and principal cameraman Ivan together with the boobcentric fucking skills of such busty babes as Katie Kox, Alexia Rae, Nika Noir, Nikki Sexx, and the flawless Natasha Nice to create another winning sinematic sexxxsation.

Asinine porno alliterations aside, "Big Boob Film School Dropouts" is a great flick with enough of a plot to keep it interesting, and five hot scenes that kick off with the tasty and bodacious, blonde, 36-DDD Katie Kox, who stars as an inept studio electrician who can't seem to keep from electrocuting herself. After some random cock stud shows Katie how to properly plug in a cord, Katie repays his kindness with a sensual suckle, titfuck, and hot, hot front to back fuck — reverse cowgirl offers the best views of her bouncing beauties — and it all ends with sweet, sweet Katie taking a big load on her neck and fabulously floppy funbags.

Next, we have a pair of jackariffic scenes courtesy of the sizzling Nikki Sexx and Alexia Rae. Nikki and her fat tits play a sound tech/gaffer who gets her rocks off with the help of an odd, little Asian man with an Australian accent. The scene has all the hot positions that offer maximum views of Nikki's knockers flailing and jumping to the ballsack beats of the Far East Movement, and Alexia Rae gives her man a world class blowjob and titfuck with her delightful 34-DDD danglers. Hot! The interesting and heavy ink on Alexia's cooch looks something like ancient Amish barn symbols used to ward off evil spirits, and apparently they worked, as she doesn't get dick-stabbed by her stud in this session.

The plot of this flick involves a disgruntled group of film school dropouts trying to make a low-budget slasher flick, "Slumber Party Massacre At Cell-block C," and the star of the movie is Nika Noir, a heavy-hootered Russian fucktress with an outrageous rack who gets a proper prison-style railing in a jail cell from her spike-haired prisoner.

Guard Nika doesn't seem to mind if anyone hears her because she is pretty damn vocal as she's getting poked and prodded in multiple positions after giving the guy a nice suck start and a righteous tit-fucking. This scene ends with a splatter shot of man flan on her puffy sweater stuffers.

The perpetually hot Natasha Nice plays the de facto leader of this ragtag group of disaffected dropouts, and she provides all the narrative that links the scenes together and films the "Behind The Scenes" video diary we are watching. She also offers another memorable and solid fuck scene in a career filled with many, and this one starts with her ordering a young male intern to eat her perfectly bald, perfectly white vajeen. Natasha owns one of the cutest pussies in America in addition to her glorious gazongas, and after being satisfied orally, she orders the hapless dope to fuck her missionary, spoon and doggy style. Of course, the best position to see Natasha's luscious melons rotate, bounce and flail with reckless abandon is in reverse cowgirl. We also get to see her lovely beaver at the same time.

Be sure to add this one to your library, and for details of how to do that, contact your local brick and mortar smut peddler via pony express or telegraph, or get in the 21st century by visiting **www.evolutiondist.com.**

Bella

Bella is one of those rare creatures you've heard about in fairytales and, if you're old enough, that you might actually remember from the days before political correctness. She's a good old-fashioned stewardess, hailing directly from the old school of flight attendantship — which is to say, she's smokin' hot, a tower of T&A, and she doesn't mind if you slap her on the ass and call her "honey." Actually, she likes it.

Bella's been through training about workplace sexual harassment and knows all the tired tropes about how "flight attendants" deserve respect and admiration, but the way she sees it, there's no better way to admire someone than to look her up and down with a wink and a nod, and maybe a slight pinch on the behind. After all, she tells us, she knows she's sexy, so why make her passengers pretend she's not?

As a matter of fact, over time, Bella's become something of an expert in dealing with passengers that most of her colleagues would call "disruptive," but which most of the rest of us would call "belligerently drunk." Bella often works the LA-Vegas and NY–Vegas flights on her airline, the flights that sell more booze than any other four flights combined. Even in the few hours it takes to get her passengers from LAX to Sin City, she's seen passengers swig more hooch than a losing team bartender after the World Series, but she doesn't let the increasing volume of the crowd packed into her little sardine tin with wings get to her, nor their escalating physicals overtures of friendliness. Oh no, Bella lets them keep on drinking to their heart's content and waiting for the unnecessary tips to start rolling in, which they inevitably do.

Also inevitably, a few sad, lonely folks on their ways home from a losing weekend of poker will get too drunk to behave themselves, and to Bella's delight, they're usually men. In case you couldn't tell by looking at her (but if you've been buying magazines like this long enough we bet you could — these types always have a certain glint in the eye and moistness in the panties), Bella's got a certain, special, almost-slobbering fondness for skin sausage. She absolutely loves cock. It's her favorite breakfast, lunch, dinner, and after-dinner aperitif, and she finds that on most boozy flights between major cities, the best way to calm down a disgruntled drunk, or mawkishly inebriated passenger isn't to appeal to his sense of dignity or remind him of the other passengers' desire for quiet — it's to take him into the bathroom and blow him.

Everyone leaves happy, especially Bella, and most of the other passengers don't mind what she does in there with him as long as she shuts him up. Every now and then she'll give what she likes to call the "Tipsy Treatment" to female passengers, she's got a bangin' big clit too. "Hey," she said, "women get mean when they get wasted, too."

Of course, it doesn't hurt that Bella's beautiful, funny, charismatic, and blessed with a bounteous pair of bosoms that fill out her stewardess uniform nicely, but we think her frequent-flyer signup rate is the highest in the fleet because she's got a special set of stewardess skills.

Cherry Bomb

The melodious symphony of womanly curves you see here in all her monumentally-mammaried glory, Cherry Bomb, started out as a runway model. For those of you who know nothing about high fashion or culture, this may come as no surprise — after all, most of us warm-blooded folks who fap to big boobs in print mags would love to watch a woman molded like Cherry Bomb meander down a runway, but in the fashion industry, women as wonderfully wobbly as Cherry Bomb are considered too "large." In high fashion, women are expected to look and behave like twigs — tall, skinny, and with absolutely no appetite. Believe it or not, this curvy queen of carpal tunnel you're whacking away to was once one of those stick-thin models.

Cherry Bomb started modeling clothing for catalogs at 15, and by the time she was 19, was an international fashion icon and so rich she vacationed every two months in St. Maarten., but suddenly, all that changed. Cherry Bomb's tiny bosoms, which had been hardly more than buds on her twiggy chest, suddenly began to blossom. At one show, she wore size zero blouses that hung off her frame — one month later, however, she needed a size two. Designers loved her and kept accommodating her breasts as they grew from an A cup to a C in a matter of three months, but once her hips began to fill out, and her ass changed from two little meatballs into the hunger-inducing hams you see now, designers could no longer accommodate her expanding proportions. Cherry Bomb was cast out of high fashion modeling forever.

Not to be daunted, the unsinkable Cherry Bomb began lingerie modeling. Though the models you jerk off to late at night in your parents' bathrooms in Victoria's Secret catalogues may be a bit waifish for most manly tastes, they've got at least thirty pounds on most runway models. With her still-growing D cups and tiny waist, Cherry Bomb landed work everywhere she went, but still, her womanly wiles kept growing until, at a smallish E cup and a size 10 waist and hip measurement, she was too big for lingerie modeling, too.

Cherry Bomb did some soul searching. Should she give in to stretch stirrup pants, kids, and a trailer off the interstate? Or should she find a place where her still-expanding self would be considered beautiful? She'd never lived without cameras following her around, and she was afraid she'd be unhappy if people weren't always telling her she was sexy. So she called us at JUGGS, which is a happy home for every breastfully blessed babe under the sun. Cherry Bomb's looking for work as a nude model and told us — in confidence, which we promptly broke — that she's thinking of getting into hardcore video shoots. Gents, meet your next juicy jerk-off babe, Cherry Bomb the Model! Keep your eyes out for this lady, lads (as if you weren't doing that already). We think she might be the next big thing to hit the porn scene!

Elena

Elena never imagined she'd be posing for JUGGS, though she certainly has the body for it — a pair of pendulous prime poppers and an ass that makes us want to slather our homemade brand of pudding all over it — but she was a happily married housewife who never thought she'd get the urge to pose for a tittty mag.

That was, until she found out her husband was cheating on her… with the nextdoor neighbor. Knowing she could hardly expect him to stop cheating if she just asked him to since the woman he was boning lived so close, Elena says she decided to try something more convincing. She slept with one of the other neighbors — several times — until word got back around to her husband.

She fully expected a big screaming fight, during which they'd work out their differences and get back together, but although she knew her husband had heard about her infidelity, he didn't say a word. That made her realize that her "happy" marriage must not have been happy at all. If he was comfortable knowing she was having an affair because it meant he could have one without consequences… well….

She thought about it for a while. She didn't really like the guy she was cheating with, she says. He was a dentist with a tiny prick and bad breath, but the idea occurred to her that rather than being a well-behaved housewife, she was being faced with a carte blanche to do whatever she wanted because her husband didn't care! This wasn't a bad marriage — it was a perfect marriage! Her friends and family would never know or ask as long as she kept her husband on paper. She was free!

Suddenly, Elena says, something she never even knew existed inside her came to life—her inner whore, she calls it. She'd never been particularly sexual before, but now she couldn't get enough cock. She had sex with most of the men in her neighborhood and started going to swing clubs on the weekends. She experimented with women and couples, and even had a gangbang or two., and she's still looking for more. She just can't get enough!

"I never realized how much fun sex can be before," she told us while we were shooting this at the indoor pool at the JUGGS mansion in Boundbrook, NJ.

"I love getting called names, slapped around, whipped, tied up. I also love calling people names and dominating, and I LOVE anal, and sucking cock. I never got to do ANY of these things with my husband, and I want to do them with everyone else! Do you think he'll see this magazine? I hope he sees this magazine, that motherfucking small-dicked loser."

…Okay so maybe she's got some issues remaining with her marriage (she's still legally hitched to her husband, by the way, but they don't share a bed or even a bedroom anymore). But guys, let us tell you: Elena means it when she says she wants everyone. The smell on set when she left was incredible and the whole camera crew reeked of Elena and her insatiable pussy for days!

Pamela

WorldMags.net

WorldMags.net

Pamela's not here because she's a stripper or a porn star. Unlike many women who pose for titty mags, she's got a thriving career in academia, and a fascinating life philosophy. Pamela's been working as a private tutor for college students for years now, but it's only over the past year that she's found her niche. It's simple, really. She FUCKS her students!

It sounds like the antithesis of responsible education, we know, but Pamela, as you can see, was entirely too attractive to be an effective tutor for young people if she didn't specialize. With burgeoning bosoms that make any shirt seem immodest, and a shape that would drive even the most tweed-clad professor into a frenzy, you can imagine what effect Pamela had on the 20-year-old guys whose parents hired her to help them with biology. They couldn't concentrate on their schoolwork at all with those huge honkers hovering near the book. Every answer would come out in some sort of Freudian accent; she says she once asked a young man to tell her the long-form name of DNA, and rather than the correct answer (deoxyribonucleic acid), he responded, "You're foxy, ride my nuts till I'm flaccid." Tutoring just wasn't working out for her.

One day, Pamela went to a rich suburban neighborhood to help a young man with organic chemistry. The father, she says, handed her an enormous tip, and said, "Our son needs to study but he can't focus because he watches porn all day. We've tried everything, but we can't make him pay attention. He needs to get laid to get his head on straight. If you can help, we'd appreciate it."

Then he left. Pamela was appalled. She almost turned around and left, taking the cash with her, but just then, the young porn addict come into the room — and he was cute. She thought maybe this wasn't such a terrible idea after all.

She said she tried teaching first and used all her educational training to focus his attention on his work, but he would only stare at her tits and mumble.

"He wasn't a bad guy," she says, "just too horny to think about his schoolwork. So what could I do? I'd already been paid. I might as well do my best to get his mind where it needed to be."

She stripped him and rode his randy little rod until he was more able to concentrate. She said it only took about a minute for him to lose his load, but after it was over, he suddenly found his brain free to focus on his schoolwork. And you know what? He got a B+ on his next test — his best grade to date.

Pamela realized she was onto something. She tried the same tactics with a few other students — male and female — and discovered that, once their horniness was out of the way, most college students could focus more and learn better. So now, Pamela's changed her trademark teaching technique. She makes no pretenses with parents or students about her methodology, and, she says, business has never been better! As a matter of fact, her appearance here in JUGGS is a form of advertisement. If you've got an unruly student who needs some help, ring up Pamela for a study session he'll never forget!

Candy

Photos by Aazebra

WorldMags.net

WorldMags.net

Candy may never make it into the Guinness Book of World Records for her efforts, but she's got one of the world's largest collections of dildos at 45,736 pieces. They just don't count this sort of thing in records books, but really. Candy does have a vast and valuable collection. Now, since we did this shoot at the home of a Norwegian shepherd and not her home, we don't know exactly what kind of house Candy lives in, nor how much of it is taken up with the fake phalluses, but we like to imagine that every available surface is lined with upright, vibrating cocks of various sizes, shapes, and colors. We imagine a constant buzzing sound permeating the residence, and Candy spread out, much like she is on these pages, on a couch or bed, pleasuring herself night and day with a limitless supply of sex toys.

Candy says it's not like that, that she hasn't even used most of her toys; she buys them as collector's items and displays them. She says she only has a handful that she uses to masturbate like the pink jelly she brought to the shoot, but we call bullshit! How can a woman as sex-pot-like as Candy not be as horny as staring at her makes all of us? It's unconscionable!

She tells us that her collection started out as an accident. One day, she got a giant box delivered to her door. Thinking it was that new microwave she'd ordered, she was surprised instead by twenty sex toys! Someone else's order had gotten mixed up with hers! Somewhere out there, she knew, another woman was gleefully opening a big box hoping for dildos, and instead finding a fast-cooking kitchen appliance. Candy considered tracking down the other woman to exchange packages, but she then realized she'd gotten the better deal by far. Even if these toys wouldn't tickle her clit, they were worth hundreds of dollars more than a $60 microwave!

She says she stood them all up, side by side, on her dresser, and was struck by how pretty they looked. "All different colors and sizes," she says now, "some shiny, some matte, some bright, some dark, some see-through, some opaque. Really, they're art objects. I decided right then that I needed more. I was going to collect them."

And so she has, but her collection of cocks has, understandably, made her dating life difficult. "Men are intimidated by my collection," she told us. We weren't surprised to hear it. "The thing most guys don't understand, aside from the fact that I could never use over 45,000 toys in a lifetime, is that even though vibrators are fun, they're not a replacement for a human being! I don't want to have sex with my toys for the rest of my life! I need REAL sex with a REAL man!"

When Candy called us here at JUGGS about doing a shoot, she also expressed interest in hoping we could help her meet a man brave enough to enter a house of mock cocks and mollify her muff. We're sure at least one of you is man enough for the job! And, hey, even if you're not, here's some Candy for you!

Most of us in the great nation of America are hardly aware that there are several interstate highways traversing our land, but Trina here knows all about these massive transit systems. She's been the owner of her own tire store for the past five years, and her franchise has seen huge rises in passenger numbers and overall customer satisfaction during that time. In fact, Trina has been recognized as her parent tire company's most valuable franchisee for the past three years because her stores are always packed, and the customers are entirely happy when they leave there, even if they are paying a little too much. It's because of Trina that some of the less busy franchises in the chain have not been shut down altogether, or at least that's what she tells us.

It's not a big secret as to why long-distance travelers might choose to drive rather than fly — if Trina's top-heavy torso and tight ass were leaning over your car, we think you'd be willing to spend three days getting from Albuquerque to Memphis, too. Of course, she's not in her work attire here — she'd be kicked out of the franchise immediately if she wore the company logo to this shoot — but imagine those meaty muffins bursting out of mechanic's coveralls and that amazing ass squeezed in there to boot, and you'll get the idea. Of course, with photos like these, you probably don't need to imagine much to feel your respect for our nation's hard working ladies like Trina, um, rising.

Trina says her interest in steel-belted radials all started on a car trip between St. Louis and Omaha. She'd had a flat tire along the way, and finding herself in a local tire replacement center, she was suddenly hit with the heady aroma of brand new petrochemical products wafting through the air. The smell of all that fresh rubber inexplicably made Trina so horny, she went into the store's bathroom and rubbed one out. In the middle of her frantic fapping, a very cute young man, who she'd made eye contact with in the garage, walked in. She'd forgotten to lock the door, and now she was face to face with this businessman from Independence, MO, with her stockings around her ankles and her skirt hiked up around her waist.

The man wasted no time. He locked the door, got down on his knees, and gave her the best head of her life, she says. Within a few minutes, they were having wild monkey sex leaning over the tiny sink, accidentally flushing the toilet and dispensing water and soap as they flailed around. When they emerged, fully satisfied, a few minutes later, everyone in the shop was staring at them longingly, and applauded as they walked past. They had heard everything through the flimsy door. Trina, though slightly embarrassed, suddenly realized that the only thing she could do to keep the incredible sensations she was feeling going on forever was to buy her very own tire repair shop.

Now, the smell of new tires and even used ones keeps Trina perpetually horny and in a heightened state of sexual arousal. Of course, this keeps Trina's customers happy to pay her inflated prices as long as she keeps letting them play with her inflated funbags in return. Everybody wins!
