Sharon Pink

Sharon Pink here has a huge set of hooters to be sure, but she's also got daddy issues like nobody's business, and she's not afraid to admit it. Sharon, you see, is an "adult model," which is coping-mechanism codespeak for "porn star," which is denial codespeak for whore. She's been slutty since high school, though, so this is nothing new, and it's all because she's trying to get back at dad.

Not that this is anything new in this business. Skanky girls with daddy issues are the skin biz's bread and butter, but there aren't many buns we'd like to butter as much as Sharon's because of the sheer bounty of bosoms in her breadbasket. That's beside the point however, which is, of course, that Sharon's lady lumps are only on display because she's convinced that her dad, the old pervert she knows he is, will someday see her spread out in a smut rag or on a website if she keeps up the good work.

She started out, like most mammary models do, sucking cock all over town and getting into as much tramp trouble as she could to get her daddy's attention. All she wanted was some quality time, maybe an ice cream cone or something, but instead, she ended up covered in the cum of the entire basketball team—and the coach—after a championship game. And once again at the after-prom party...and again after graduation.

Sharon went off to college and set about skipping class, sunbathing on the quad, and attending every frat party she could find in the hopes of getting kicked out of school, just to show her dad how much she hated him. Instead though, Sharon became one of the most popular sorority whores on campus, soaring through her four years without attending a single class (the professors, needless to say, spent a lot of time tutoring her twat in private) in the basement of the Kappa Tappa Kegga fraternity house.

When she graduated, Sharon thought she knew just the thing to finally drive her dad mad with rage: instead of using her degree to launch a career in finance, she started stripping. Sharon was certain her pop was a pro perv—he must have spent all his time at the strip club instead of raising her! However, after stripping for a year and earning herself a reputation as the filthiest bitch on the bill, she'd still not seen hide nor hair of dear old dad.

So, Sharon did the one thing she'd been holding in reserve: she started performing in hardcore videos like *All-Star Big Boobs*, *Animal Trainer #27*, *Big, Natural Tits #21*, and *Mom And Dad Are Fucking My Friends #3*, so her pop, or one of his friends, would be bound to see her somewhere, someday, and realize what a bad job he'd done.

As a last resort, Sharon approached JUGGS to help her fulfill her life's mission of humiliating her father. Frankly, we don't give a shit if he ever finds out his daughter's a filthy, cum-guzzling whore (although we're willing to bet he already knows and doesn't care any more than we do), but we're always up for photographing a fabulous pair of funbags!

Genevieve

Genevieve is a yoga instructor who's so hot, she charges hundreds of dollars for just one session, and people, mostly men, gladly pay it! From what we hear (we don't go in for that hippie jibbity-jabber about energy and stretching and whatever) each two-hour session is totally worth the price tag. Genevieve teaches Yoga by example—contorting and stretching her supple, stacked body into all sorts of suggestive poses and guiding her students' bodies through those same positions by touching, caressing, pressing, and prodding. She's even invented her own style of the ancient art! Her new school of yoga is called the "Asstanga Style" because it focuses intensely on producing what yoga masters call "internal heat" and working the root chakras, which in layman's terms means, "getting you all hot and bothered."

Seriously. Genevieve's philosophy is that yoga was meant to purify the body by bringing it into closer contact with the mind and the spirit, and because Genevieve is a notoriously horny woman whose mind and spirit are always fixated on sex, she thought the best way to do yoga would have to incorporate sex as part of the energy being worked with. Rumor has it that if you get up to the advanced levels of Asstanga, the poses start to transform into sexual positions, and a few master-level students have intimated that it starts turning into something more like Tantric sex at the apex of its practice, but Genevieve doesn't confirm or deny ANY of that. Whatever the truth might be, we're pretty sure that even if Genevieve were teaching fuckin' jazzercise, it'd be sexy because it would involve watching her big, beautiful boobies—but the yoga does seem to work pretty well. With yoga, one gets to ogle her chest ornamentation during the "ohm" and also slobber over the rest of her slender body as it stretches into unimaginable positions like the "One Eyed Trouser Snake" (we thought that one was made up till we saw it, too).

And shit, does it work. I mean, look at Genevieve! Have you ever seen such a supple, succulent sex kitten? She's practically glowing with positive energy, and she's so happy you kind of want to touch her and see if it rubs off... or if you could rub something off on her. We told her we wouldn't mention it to you jerk-offs, but what the hell: she totally let us all rub one out on her stretched-out "lotus" and then informed us about the karmic powers of swallowing loads in the studio, but she wouldn't let us take any pictures of her in "downward facing doggy style." This woman is no faker: we've never seen some of the poses she put her pussy into for our gratification, and we're a team of seasoned stroke professionals!

Alas, Genevieve couldn't show the camera any of her signature moves because she said it would interfere with her karma (we're thinking by "karma" she meant "profit margin," but hey, we don't know how that shit works). So, if you ever stumble across a yoga class where at least three quarters of the students are horny-looking dudes, you'll know you've found the right one.

Julia

Julia is, oddly enough given her name, a jeweler. She makes shiny shit, which we were happy to call “pretty,” but which Julia insists be called “stunning original designs” for necklaces, bracelets, earrings, and body piercings. She claims jewelry critics have deemed her jewelry “stunning originals.” Now, we had no idea there were such things as jewelry critics, and we suspect she may have made that shit up, but whatever. No skin off our backs to talk nice about some bracelets. I mean, we’ve seen Julia’s jewelry and we think it’s just fine, but then again, most of us have never had to go shopping for an engagement ring, so what do we know? Anyway, we find Julia and her jugs as stunning as she says her jewelry is, so we were willing to say whatever we had to say to get her topless.

So at any rate, here’s the thing: normally we couldn’t give two shits about a jewelry designer, although this one is stacked like a set of platinum pussy piercings, but the thing that makes Julia interesting—as well as scorching hot—is that she only photographs the jewelry she makes for her website when she is wearing them...completely naked.

She thinks—and rightly so—that precious metals and sparkling jewels look best on bare skin. Damn skippy! Forget the black velvet and fancy store window displays: we like voluptuous, va-va-voom settings for our opal earrings! Julia’s got such sweet, but-tery curves that the funky shapes she makes in metal are even more striking against her skin, and the jewels practically jump for joy when hanging around her neck, dipping close to her jaw-dropping jubbles.

Of course, we weren’t able to show her in any of her designs because that would be a conflict of interest with her website and copyrights, but Julia says that when she decided to start displaying her wares along with her womanhood, the response she got was so overwhelming she decided to go into modeling just her body, sans the silver and gold baubles. Turns out, this jeweler’s jugs were even more alluring than her juiciest jewels, and she’s making more than ever by showing off the whole package! She said she’d never done a layout of herself fully spread before, much less in the throes of self-induced passion like she is here, but she got so excited by it that... Well....

After coming something like five times and reaching full-on exhaustion on our set, she told us (and this was in secrecy, but we’re so excited by the prospect that we’re breaking our promise to keep it quiet) that her success has inspired her to start making her own designs for diamond-studded dildos! That’s right, Julia’s going to create her own designer diddlers and practice penetrating herself with them on camera. She tells us she’ll be back to bang her own brands for JUGGS in a year or so, and we’re already hard just thinking about it! This broad’s beautiful body and “stunning original designs” put us over the moon for more, not to mention mopping up our floors, for days.

Dana

Photos by Photorama

Meeet Dana. As you probably noticed, since you've already got your sweaty palm on your sweatier prick, Dana has gigantic jubbies. She has ever since she was old enough to grow 'em, and her hilarious sense of humor sprouted with them. When she was younger, she got picked on by guys and girls alike—the guys because they were too young to hit on her and called her a skank instead, and the girls because they were jealous that she got called a skank. She got into a lot of fights at first, but then realized that the best way to keep her face from getting smashed in was to turn the jabs into jokes. If she acted like her tits weren't a big deal (even though they were obviously pretty damn big), maybe other people would follow her lead.

So, one day, when a tall, skinny, bully of a girl was giving her shit about her double D's, Dana made a crack about how her only problem with them was how they threw her off balance in fights. She proceeded to perform a (reportedly) hilarious routine of trying to punch the bully, only to be pulled off balance by the momentum of her mounds and turned completely around. When she tried righting herself, her boobs launched her off balance again and she landed on her ass on the ground. She'd practically beaten herself up. While trying to get back up, she reached out to grab the hand of one of the people who'd gathered to watch, but accidentally hit the girl's breast instead, and Dana ended up on the ground again, while the crowd was reduced to tears of laughter.

She says now that it was a pretty lame comedy routine, but when she looked up that day, everyone who'd gathered around to watch was doubled over laughing, and she knew she was on to something. Boobs aren't such a serious thing after all. They're hilarious, she realized then, and she's never looked back. As soon as she was old enough, Dana started telling boob jokes and performing boob comedy acts. She's done stand-up routines, tight rope walking, fire dancing, performance art, ballet, and even ice skating—all topless. She's choreographed original numbers with her bazongas as the performers. She's entertained audiences of thousands by freestyle rapping about her rack. She's learned how to say "breast" in every language, and has lists of every possible term for boobies in English, which she rattles off during her Tittie-Tight-Rope routine. She's made her entire living on her titties, and we wouldn't have it any other way. Frankly, we think more women should take her cue and start talking openly about their bodacious bodies, especially if it means posing for us!

Dana's philosophy is simple: boobs are great and they deserve more attention. This philosophy, as you may have noticed, matches our philosophy perfectly. We think boobs are great, too, and we've devoted our lives and long hours of self-stimulation to them. We thought Dana's session with us was something of a meeting of great mammary-molded minds, and we hope you'll agree.

Wanda & Tabby

Photos by Dave Beecham

Wanda is your average, everyday housewife from somewhere in the Midwest. She got married young, started a family, and now spends most of her time raising it. They enjoy eating dinner at a chain restaurant every Friday and seeing a movie, going to church on Sunday, and attending a few pro football games in the fall. She drives everyone around in a minivan, attends school soccer games, and goes on weekend camping trips with friends and their families in the summer. Wanda and her brood are your typical American family, and Wanda is your typical American mom.

Except for one thing. Her husband works a lot and the family raising gets monotonous and tiring. Sometimes Wanda just feels like she needs to break free and do something different with her life if she wants to keep her sanity. To stir things up, she tried taking night classes at the community college, but finding a sitter twice a week and paying for classes was draining the bank account, and she found World History way boring anyway. She tried selling her needlepoint projects online, but got bored by the minute stitching and kept poking herself in the finger with the needle. She even tried joining the PTA, but got so bored she fell asleep during three meetings in a row and got kicked out.

So, after much deliberation, Wanda called JUGGS. It seems her husband has been subscribing to our humble little rag since before they were married, but he's been hiding them in the attic. Wanda came across them one day when she was cleaning and ended up, she says, spending the entire afternoon up there masturbating to the beautiful women in our pages! She said she'd never realized it before that day, but Wanda is apparently a closet dyke with a serious fetish for big tits! She wanted to tell her husband, but he's so jealous of other men that she was afraid he'd get jealous about our models, too.

Wanda got brave, got her breasts in order, and asked us about posing for a set of photos with another woman. When we saw the pictures she e-mailed us of her ridiculously round rack and big, bouncy butt, we knew we had a winner. We called in Tabby, a lovely lesbian for hire who we keep on

speed dial for just such an occasion, to come teach Wanda a thing or two about female bonding. We put a few lights on them, gave them a slap on the ass, and let them go at it. And holy handfuls of hot housewife, did Wanda take to pussy like a lifelong lesbo! We've rarely seen such unbridled enthusiasm for the female form in an uninitiated carpet muncher. Wanda went to town on Tabby's twat with such passion that it was obvious she'd been dreaming of dripping drapes for years, and she told us afterward that she's pretty sure she's found the cure for her boredom.

So, to Wanda's husband—for whom she hopes this revelation is a welcome one and not fuel for jealousy—we salute you. This woman is a keeper if we've ever seen one!

Barbara Alton

FUNBAG FLASHBACK

Journey with us now to yesteryear when men were men and girls next door like Barbara Alton were the biggest porn stars in the world! Those days are sadly well behind us, but we can always go down mammary lane with the help of these photos and her filmed performances available on www.barbaraalton.com.

Barbara Alton, the slender, all-natural, 40-DD, California-born beauty did exactly the opposite of such modern day porn stars as Sasha Grey who started in porn but moved to mainstream acting jobs. Barbara started in mainstream films and worked her way into porn. Barbara was in the classic 1978 slasher flick, *The Toolbox Murders*.

The following biographical information is taken from Barbara's Official Website www.barbaraalton.com: Barbara Alton was born on June 8, 1959, and when she turned 18, she moved to Los Angeles where she planned to attend art school. In order to pay tuition, she answered an ad in *The Free Press* asking for nude models. The photo sessions took place in a massage parlor and would usually end with the photographers paying the models for sex.

Barbara says of that job, "I was there for a week, just taking pictures, not letting the guys touch me. I wasn't making money. The other girls were coming away with \$500 a night. So one girl finally told me what was going on. I quit, but I was advanced enough that taking my clothes off in front of guys didn't bother me—and I was making \$50 a night instead of \$25 as a secretary."

Next, Barbara answered an ad in *Sunset International* for nude models that led to her first professional modeling job. "I started off working with Hal Guthu, who also did those famous nudes of Demi Moore." This eventually resulted in two photo spreads for *Penthouse*, once as *Pet Of The Month*. By now, Barbara was taking acting classes, and in 1978 appeared in the mainstream movie *The Toolbox Murders*. You can order *The Toolbox Murders* at www.blue-underground.com.

"Toolbox is how I got my Screen Actors Guild card... I was getting paid for it, but I wasn't that excited about it because I didn't want to be a straight actress. Bob Veze, my mentor, was always very frustrated with me because he thought I could be another Demi Moore—who came out of his studio, but I didn't want it that bad, and you have to want it bad to exist in Hollywood. You've got to be willing to go to all the auditions. I went to auditions, and I hated them. I didn't want to fuck to get a part. I just didn't care that much. Instead I'd say, 'I don't need the part. Just invite me to one of your parties, then I'll fuck you!' I mean the whole casting couch thing—there was more crap like that going on in straight Hollywood than in porn." Barbara ended up in New

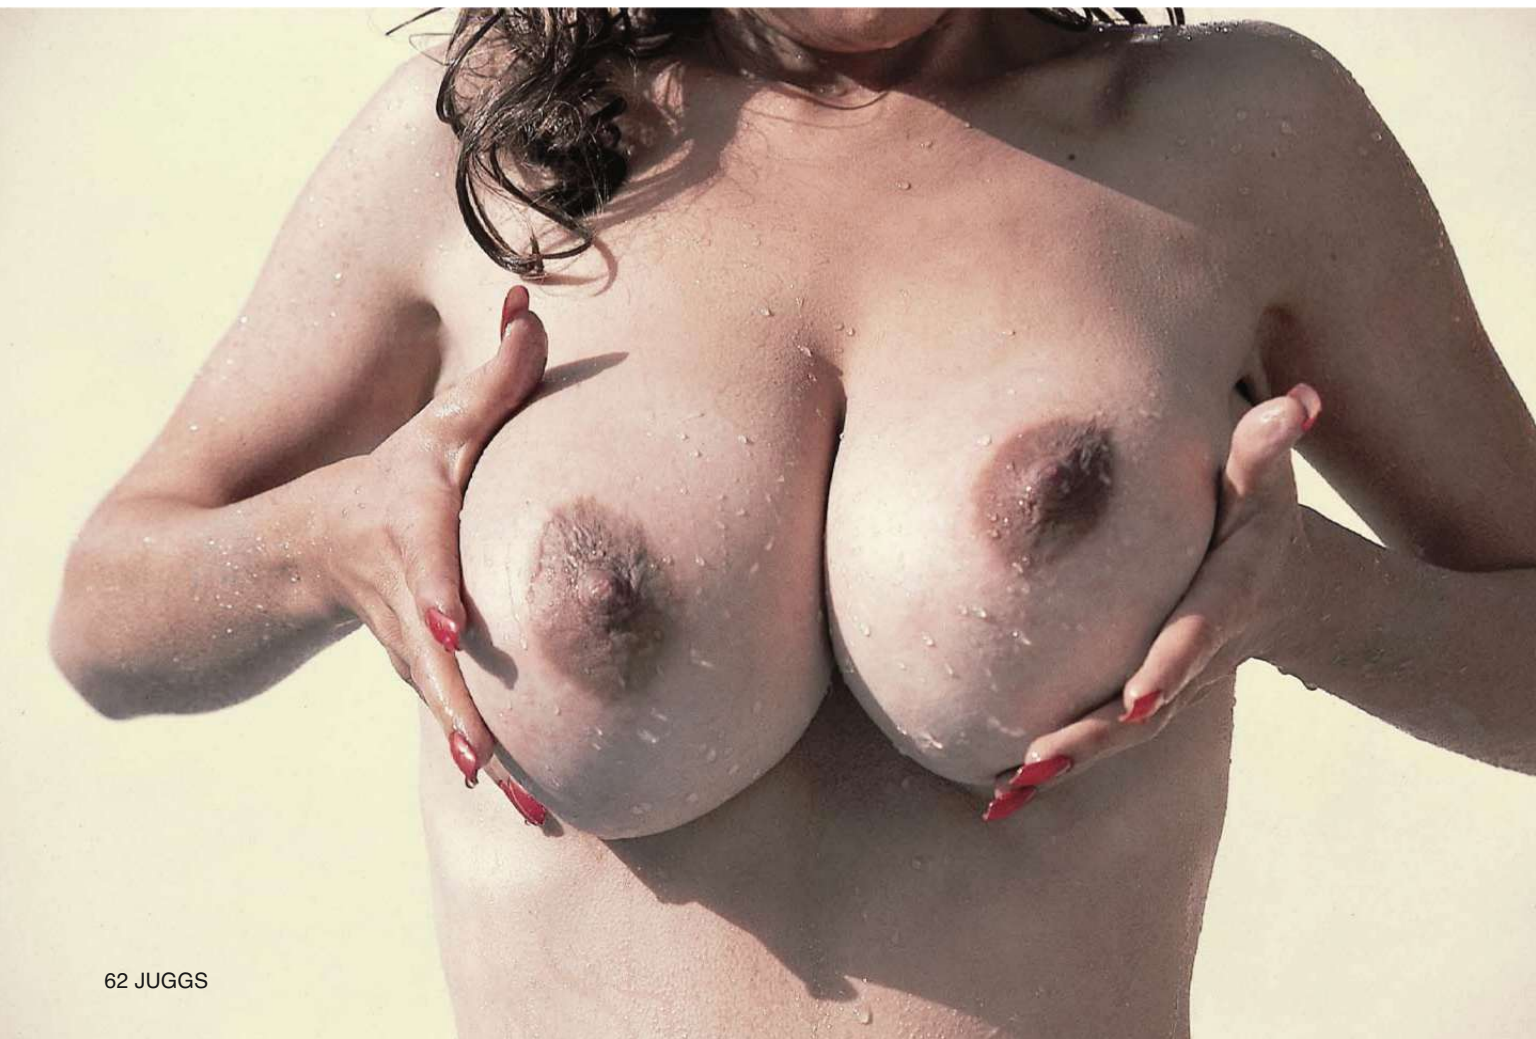

York City working at the infamous Show World doing live sex shows with her boyfriend Barry.

"It was kinda fun working at Show World; it was like I was in theatre. It was funny. He put on some little shorts and put a collar on my neck with chains. I wore some little Danskin spandex thing, which would later be torn off me. And some whips and stuff, but it was not sex. It was just goofy stuff. They were paying us 60 dollars a show or so, but Barry had a friend there named Tim Connelly and his girlfriend Helen Madigan. Helen and Tim were doing the sex shows, and they were cool as cucumbers... I started to feel okay after I met them; seeing another couple that acted like all this was normal made it more normal." At some point, though, I ran out of money. Then Barry heard that somebody was gonna do a porn film *Bon Appetit* (1980). It turned out to be this sweet little gay guy named Chuck Vincent. Chuck took a look at me and said, 'Oh, this is great. You're a Penthouse Pet,' which I had been when I was nude modeling, and Chuck loved the fact that I could do dialogue. My first sex scene was funny because they threw gay porn actor Jack Wrangler at me. Jack and I are friends now, but then I didn't know what to expect. They'd set up the whole situation, like, 'He's gay, so be kind'. We were supposed to have sex in a car. I knew I should probably get him hard, but he said, 'Don't worry, I'll take care of it myself.' He got himself hard and said, 'Now, when I say now, I want you to put your head down there, right around it, and I'll just come on your face.' It was all done for me."

After a failed marriage to Barry, a failed stint in the Marine Corps, and a bout with drug and alcohol abuse, the turning point for Barbara came in 1980 when Seka exploded onto the porn scene. "We were all amazed with Seka, this new girl who was starting to make loops. She was the first woman who had an inkling of what a woman's career could be in

pornography. The rest of us were little round pegs not fitting into square holes because we never looked at what we were doing as a job; it was just a passage to something else. We were just doing this until we figured out what we were gonna do next. I started to get hold of my life. After *Games Women Play* (1981) I had to be in a real good film, and *Roommates* (1981) put me right up there."

Roommates, also directed by Vincent, became her favorite and perhaps most famous film. In his analysis of the industry David Flint writes: "'Roommates' was a hugely ambitious soap opera, with Samantha Fox, Veronica Hart and Barbara Alton as the main characters whose lives are explored throughout the film. It is the ideal film to show to anyone who doubts the artistic potential of the adult film genre."

Barbara Alton starred in some of the best adult films of the early 1980's. Nevertheless, despite being one of the most popular starlets of her time, drug and alcohol problems, along with general mismanagement, meant that she wasn't selective with her roles. Despite her often-turbulent time as a porn star, Barbara has no regrets. "The industry has given me the best clarity I've ever had. I have a street sense I never had before. I have a home base, a husband, and money in the bank. And I have an insight into my own sexuality that, considering my repressive background, I never could have had otherwise. This industry which has made so many people crazy has made me sane!"
