Mother Jugs

"I love my tits. They're big, juicy and round. Men love to touch them and look at them. I love to have them touch me and look, it's a source of pleasure with me because most girls just don't have what I have. I guess it makes me feel kind of special. "There are a lot of times when I'll dress just so that the guys who pass me on the street can get themselves a good look at my tits. I love watching them as their eyes pop out, watching their mouths

water as they see my boobs. I love to wear shirts without a bra, and watch them as they gaze longingly at my nipples popping out from beneath the thin material. It really turns me on.

"But most of all, I love the feel of my tits. I like knowing that I have a large set there, and that guys are getting off on me. I'm pretty firm and well proportioned, and when the dudes see my tits, they go nuts. I also love the feel of some guy lying on top of me, flattening my breasts 7

as his big, thick cock enters my wet cunt. It's the greatest feeling in the world.

"I suppose there are a lot of girls with good bodies who feel a little self-conscious about their size. That is ridiculous. It's like a guy who is really hung feeling ashamed of the size of his prick. I think all those dudes with good meat should walk around nude all the time so that horny girls like myself can get a good, creaming look at what they have to offer. I mean, I don't mind showing off what I have. As a matter of fact, I'll take any opportunity to expose myself. If it gives some guy a thrill and turns him on, then it gets to me too.

I dig watching a guy get hard when I expose myself, watching his

cock throb beneath his pants, it looks like it is desperately fighting to get free from the pants. That makes my nipples hard and they start to ache like crazy. That's when I want him to strip me naked and

play with my tits, make me cum by biting my nipples and sucking on them until I cry out for him to fuck me, fuck me real fast and furious.

"I'll tell you, there is nothing in the world like knowing you are a

fully developed woman, the kind of woman that men want. And, as we all know, every guy in the world wants a woman with tits big enough to handle and play with. The bigger the better the turn on.

Stacked Sweetie

Janet was used to wearing T-shirts and her development into womanhood was obvious. At first she was upset by this interference into her childhood freedom. While most girls looked forward to their first bra, Janet hated hers because she felt cramped and different from the other girls.

For a year or so she tried to minimize her breasts. She felt it was important to strap them down, and she remembers that it was vital to her that they didn't shake or wobble when she moved. When boys became really interesting she realized that boys were interested

too. It was curiosity about a man's interest in her breasts that led Janet to discover the pleasure they could provide her and encouraged her to regard her large breasts with pride. "My best girl friend had an older brother — just two years older than we were. Of course, when we were younger we played together. Tommy, my friend's brother, had grown from a tall lanky guy into a broad shouldered good looking man. Still I didn't pay any special attention to him until the night my friend made a confession." She said, 'her brother told her she would never be as attractive as I was because her tits would never be as big.

I resolved that if my tits were a way to popularity — a way to make other women envy my success with men — then I was going to use them. I still didn't know what Tom would do with a 'handful' of them but I was determined he was going to get a chance this weekend.

"It was the end of our college year that I had my opportunity to really show my stuff to Tom. Tom and his sister were going to their summer cottage with their friend for summer vacation, they invited me along. I pulled a sweatshirt over my tits without a bra and that was that. I felt daring and I guess my face must have showed it. I could feel the heat in my face and my nipples which seemed to stay as hard as pebbles all day. My breasts didn't have any sag in them at all. The upper slope just kept going out to the forty inch mark. The nipples were exclamation points punching against the

sweatshirt. I kept pulling the shirt tighter to emphasize the nipples and the curves. Picture this, tight jeans which showed off my ass and legs and a pair of jugs jutting out, moving of their own accord like two caged animals begging for some hot attention. I sure as hell had Tom's attention, he was totally fascinated with my jugs.

My friend went to bed early. I figured it was now or never. I got up

and stretched and yawned that in itself was a sight to see. I suggested to Tom we take a walk along the beach before turning in. He was as agreeable as a well-fed puppy.

I let my tits brush against Tom's shoulder as we walked and talked. "I think there is a special person that watches over horny adults who want to get it on but don't exactly know where to start." This rock was in front of me and sent me tripping over it with Tom landing with a thud on top of me. He put his hands all over my tits. He pushed his fingers into them and let the flesh pop back. Off came the shirt quick. I begged him to kiss them.

First he licked all around the nipples, wetting them. Then he started flicking his tongue hard and fast over them, all the time holding my tits. He pushed them together, squeezing hard and began to tongue both of them at the same time. He pulled both nipples into his mouth with powerful suction and his tongue refused to stop working. I could feel his cock getting closer to the hole in my cunt. Ram, with one fast stroke he was inside. My cunt totally engulfed his prick. At first we moved very slowly, then we became too hot to pretend, we both turned into animals.

I put his warm, pulsating cock into my mouth while he was licking the inside of my cunt and darting his tongue in and out of my clit, my

I was going to cum as I begged him to kiss my tits.

clit was as hard as the rock I had fallen over. All these beautiful sounds of ecstasy was coming from us both. I sucked him until he finally shot his load into my mouth and down my throat. It wasn't too much later that I was shooting my love juice into his mouth also. All the time we made love Tom never took his hands off my tits. He told me later that I had spoiled him for any other women unless they had large tits. Tom didn't know it but he spoiled me too. Unless a man is completely turned on by a big set of jugs, and I can tell, then I just am not interested in him. But, I have been pretty lucky. I haven't met any man that wasn't turned on by my body. They are looking for the chick with the big tits and I am looking for the guy with the big cock. Anyone out there interested?

The Bigger - -

The Better - -

I started developing early, really early. I was the first girl in school to have anything that resembles tits.

It was really embarrassing in the showers. I mean, I would walk around with my breasts standing out there firm and hard, and these other girls would look like boys.

They always used to ask me what it felt like, really having them and everything. I guess I was kind of proud, but it was still sort of embarrassing. As I got older, and my tits really took shape, I realized what kind of effect they had on men. Especially older men. There was a friend of my mothers who used to

come by the house. Sometimes, would walk around in a negligee, and I knew that he could see beneath the thin material. I know that I was driving him crazy. I would tingle all over as I watched him watch me, my nipples would grow hard and erect and I would ache with desire.

One night, this guy approached me. My mother was gone, and he just sort of showed up at the house. He begged me to let him see my tits. I was shaking and trembling, but I took off my shirt. He moaned when he saw my tits, so ripe and full. Then, he asked me if he could show me his cock. I had never seen a man before, and as nervous and

afraid as I was, I said it was okay.

"Well, he pulled out this huge prick. It was really thick and it was throbbing like crazy. The head was all red and pulsating. He asked me to touch it, which I did. Then, he asked if he could put his penis between my tits. I knew enough to understand that, that wouldn't be having real sex, so I said okay.

"I lay down on the bed and he straddled me. He lay his thick, hot cock between my tits, then pushed my breasts against it. He began pumping in and out real slow, but picking up speed as he went. I was really getting turned on, my pussy was all wet and throbbing. I wanted him to fuck me, but I didn't know how to ask him. Anyway, he kept masturbating between my tits and then he came. His cum spurted into my mouth and all over my head and chin. I was really shocked and kind of scared, but I really dug it.

"After that night, whenever we could, he would come over and come between my tits like that. I guess my tits became a source of erotic pleasure for him. It was my first experience with a man, and I loved it. I guess if it hadn't been for my early development, I would have had to wait an awfully long time before some guy showed me his cock and came all over me. Since then, my large tits have proven to be a source of great pleasure to alot of guys!"

Fast Forward

"I like to suck men and let them rub their cocks between my large set of tits till they cum, then rub their cum all over my boobs. Maybe I am more breast erotic than vaginally excitable. I can't picture a man letting me go home from a date without getting a blow-job and fucked. Actual intercourse is only a part of making love, for me. And not always a necessary part. I love to suck cocks that can hold their load back for a long time, and I guess I've been really lucky in finding eager married men whose wives won't go down on them. No date of mine has ever said 'stop' when my mouth closed over their stiff erections.

"My tit fucking will never make me pregnant. That's a bonus to the excitement of watching a firm cock working between my cleavage; moving up to brush my out-thrust tongue, sliding back down, then bursting upward again, swollen and red and squirting great gobs of white cum. Making it in the dark never does it for me. I want to see the action as well as feel it.

"Little games can fill a bed-time session with a joy of sex that I don't think could ever come from a session of plain old pussy pounding. I know a bunch of chicks that would rather fuck, than do anything else, they have never given a blow-job in their lives and never was eaten. Can you imagine life without a blow-job and having your cunt eaten out? I can't.

Young guys are too hot to get it in

and get it off to understand the climax I can build up to when I take my latest lover to my room. We turn all the lights on, we take my bed lamp and shine it right on the tip of his shiny cock I watch the head of his cock disappear into my waiting, wet cunt. Boy! can he fuck.

Right after we finish fucking I take his cock into my mouth and get him to stand right up again, while I'm sucking he is eating my pussy. I love the way that man eats my pussy. There is an art to pussy eating, some just dive right in, it's almost like they are trying to get

back to where they used to live. But, my man knows to get the clit and stay on that clit with his tongue, while tonguing it he shoves his finger into my cunt and within minutes I am shooting my jism down his throat and all over his fingers.

When he lays his long shaft between my large mounds and I can still feel his balls hot from the load they just released I get turned on all over again. As he fucks me between my tits I can taste his delicious cum flavored with my own slick juices. It's kind of a far-out game to play.

As you can tell by now, I was not only endowed with a large set of tits, but I also have a large appetite for sex, any kind of sex. Do I have any volunteers out there?

Big Bazooms

"I dig laying in my bed and feeling my large mounds and playing with my clit. I cum when I fondle myself, rubbing my nipples until they are aching and hard. I love to touch the sensitive tips, making them throb and feeling them jut out like they do. My tits are me, much more than my pussy or any other part of my body.

"I learned just how much my tits meant to me when I first started going out. I was always large, the boys really loved to get their handful. But there was this one guy named Jack who really knew where it was at with me. On our first date, he touched me everywhere but on my tits. He fingered my pussy, edged his finger into my anus, even nibbled on my ear. By the time we were an hour into it, I was begging him to get to my large set of tits.

"Jack smiled at me and told me to take off my blouse and bra. I did. He then took off his pants and held his huge prick in his hand. He made

me get down on the floor on my hands and knees, and then he knelt in front of me. He took his prick and directed to the tip to my tits. Slowly, he moved the head of his cock in circles around my nipples. I was going totally crazy. My nipples became hard, and they started to hurt with a pain like I never felt before.

"Jack kept his prick at my nipples for what seemed like hours, driving me totally wild with the feeling, then, finally he began pulsating like crazy. I watched as his cum spurted out onto my tits and my nipples. At that moment, I let go. My pussy went wild, my lips began throbbing like crazy and I creamed all over myself like a mad woman.

"I enjoyed Jack totally, he was one hell of a guy, he really knew how to turn me on. Most of the guys I date now needless to say, are all tit men. My Bazooms really turn them on.

"When I happen to get a night to myself, I usually end up in bed damn early. There you can find me playing with myself. I start at my tits and slowly rub my stomach and then let my finger slip into my wet cunt until I imagine some guy playing with my tits and fuckin me —doesn't take too long before I reach an orgasm. I usually have dates almost every night, but, there are times when I do get a free evening. Hey, any of you guys interested?"

My finger went wild, I creamed all over myself. I dig laying in bed and playing with my large mounds.
