STIFF NIPPLES & CUM

"IF YOU'LL DO it my way, the first time you ball me, you can screw me any way you like on the way to your second come, and your third and fourth. My wet pussy will be yours. I'll leave the lights on and spread my legs wide so you can see your cock shiny wet with my pussy juice, grooving in and out of my hot cunt. I'll get on my knees and raise my ass so you can drive your rod as deep in my butt as you can shove it. You can get as rough as you like, plowing my ass. I

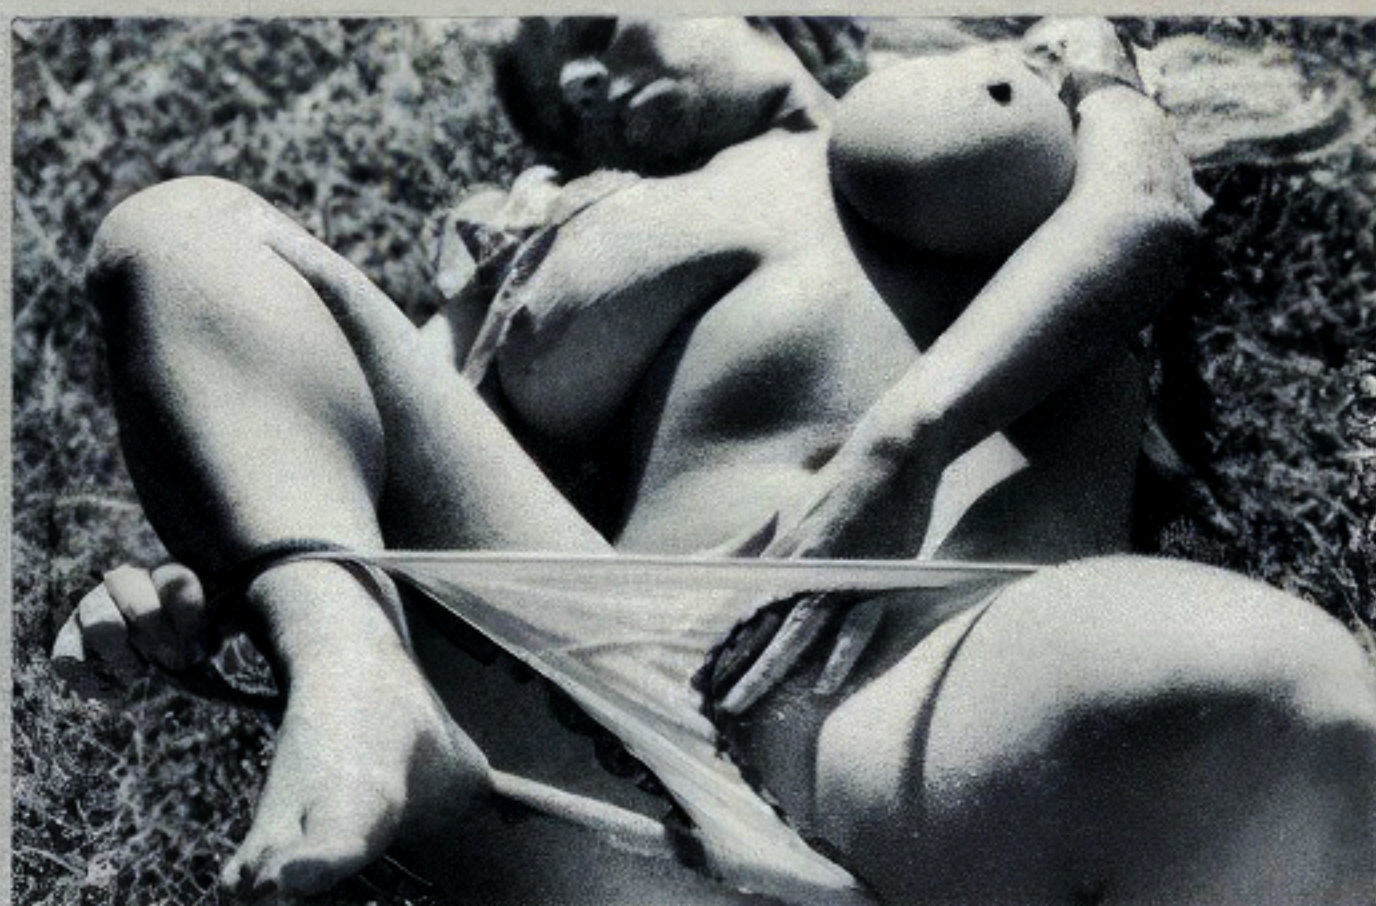

love it!

"But first, to get me in a real horny mood, you'll have to lay your rod between my tits and fuck them till your balls can't hold your load any longer. When you come I want to watch you go off right there under my eyes. Seeing your load spurting out of your cock and splashing all over my tits will get me so hot I'll damn near pass out. That's my way, studs. Cream all over my stiff nipples first, and you can call all the rest of the plays."

USED CUNT: ONLY FUCKED ON SUNDAYS

"I WAS ALWAYS big for my age. And I developed knockers way too early. I had the biggest set of boobs in my whole elementary school and had guys trying to date me years before I'd put away my Ken and Barbie doll set. When I got old enough to learn about sex and screwing and all those good things I had a helluva time getting a guy to put his cock where I wanted it most. They'd rather fuck my tits than my cunt. I like attention above the waist as well as below, but balling-wise, I wouldn't exactly give my boobs equal time. I come best with a cock ramming deep in my cunt. It's crazy, but even after I turned pro and started selling what I used to give away I still had trouble getting cocks to go where I wanted them most. I called myself the virgin hooker, my pussy got used so little. Well, hell. I make good money and the law of averages being what it is, I get almost enough pussy fucking to make up for the fascination tit fuckers have for my boobs. Sex is a crazy game, particularly when a chick's tits are more profitable than her cunt."

NIPPLE FUCKING

"FOR ME, THE best way to spend a Saturday night is to ball it away. I get me a strong-backed dude, a bottle of gin and hit the sack. After the first heat passes and my man simmers down enough to enjoy sensuous playing around, I do my own thing.

"I've always had the touchiest set of nipples. Cold water makes them stiff and crinkly and tight. Heat makes them soft and full of gentle tingles when I touch them. The best sensations come when I have a stiff, wet cock to play with, one that I can squeeze the end open and find a big slit in the head. I work my nipple down into the slit, opening it and stretching it wide so the guy's cock jumps and quivers from the feeling. I work the pointed flesh in and out of the slit like a tiny prick fucking a tiny cunt. Most men can't take it too long. They come in great milky blobs, spraying all over my chest. It's a different kind of head job, and for me, a lot more exciting than plain sucking. I'll do that, too, for a dude who'll let me nipple fuck his cock first."

ROUGH RIDER

VALERIE IS A gal who likes a rough rider. She hit Hollywood fresh from the back country of Montana, where balling the cowhands in her daddy's barn gave her a taste for real men and hard driving screwing. "A cowpoke's hands are anything but soft," she'll tell you. "They're like a coarse file raking across a girl's boobs. My nipples were always raw after a session in the hay, but the pain turned to pleasure after I got used to their style. When I get going good I buck like a bronc, so I guess I ask for a man getting a good grip on his mount. I like to have my

boobs squeezed hard and my nipples chewed on while I'm riding a hard cock. When these city dudes get my knockers out of my blouse all they want to do is look at them and feel them real light-like and maybe kiss my nipples like I was some delicate blossom on the sage. That ain't the way I got started and it doesn't do a damn thing for me. I like to be ridden hard and put away wet. The more you squeeze my tits the harder I'll screw. If I can't find a real man soon, it's back to the hay for me."

Are we going to let this chick leave town?
