sevelta

My name is Sevelta and I have the biggest tits in the neighborhood. All the guys date me so they can cop feels and I don't care because I like it.

One of the guys at work is a real titty freak. He stares at me all day and sometimes I let him come home with me after work and he plays with my tits. His name is Dave. He's a little older than myself and I've never seen anyone so fascinated with tits.

I don't ask him to come home with me often because that would spoil all the fun but I do let him keep looking at me and his desire keeps building. By the time he finally gets alone with me, he is absolutely delirious with desire for my bubbles!

Last month I let him stare

and gawk at me and I knew what he was thinking. I was horny but wanted to wait until he was really chomping at the bit before I invited him back.

We were standing by the water cooler and he was looking at my breasts and I asked if he would like to come over after work. I could cook a little something and we could have a beer and watch TV. His eyes never left my chest when he answered, "Yes. I'd love to."

I cooked a bunch of vegetables and he had a beer and then we went in to watch TV. To really drive him wild, I went into my bedroom, took off my clothes and put on a raincoat. I let the coat fall open, exposing my breasts and Dave went wild! He got down between my legs and cupped my breasts with both hands and began kissing and licking like crazy.

I was turned on by all this and reached for his prick and began milking it. He pulled it out of his pants and I took both hands and began to massage it, excited by the touch of a hard prick. I knew Dave would flip with what I did next. I guided his stiff cock up past my belly and between my tits and then shoved them together,

making it soft and nice just like my cunt.

Dave let out a sound I had never heard before as he started fucking my tits. He moaned and groaned and carried on, telling me constantly how good it felt and how much he loved my tits.

When I knew he was about to come, I slid down and opened my mouth and put the head of his dick in my mouth and sucked on him until he came.

It was a wild sensation to be fucked between the tits. I'm gonna try that one again sometime with my other boyfriends.

MARTHA

My name is Martha and I have to tell you about how I got my salary hike. My boss' name is Larry and he has a weakness for big tits. As you can tell, I do all right in that department and when it came time for me to get a pay raise, I devised a clever scheme to get it . . . and have a little fun.

I invited him for dinner and really knocked myself out cooking. We had after dinner drinks, and he made his move. Keeping my head I told him that I needed more money. Rent had gone up, food prices were soaring, gas prices were ridiculous and he told me to shut up.

He told me to work for my raise. By that, he meant for me to tease him and really turn him on. Then he would make up his mind.

I changed into my flimsy nightgown, coming into the room like I was some sort of princess. Lying back on the bed I let the material fall from my body, exposing my naked breasts. Larry sat there with an evil look on his face, almost drooling. He told me to keep it up, that he was getting excited.

I climbed up on my hands and knees, letting my breasts swing back and forth and asked him if he would like to suck them. I lay back and put

one of the tits in my mouth and started sucking on the nipple. By the look on his face I could see he would like to be doing what I was doing to myself.

I knew how to really drive him wild. So I put my fingers inside my cunt and began to finger fuck myself while sucking on my titty. That did it! He jumped up and took all his clothes off and dived on top of me and began fucking me. He put his arms down so that he could feel my large breasts while he fucked me and he put his hands under my soft ass and pulled me into him with each stroke.

He fucked me for a good hour, then it was all over. He turned over and smiled at me and said that I had done a good job. If I wanted to roll in the hay with him once in a while, I had the raise.

Why not? I figured that I was getting more money for the job . . . plus I was having a ball.

SUE

I like big, strong truck drivers and that is why I have a job as a waitress at the Never Sleep Cafe. I know that most truck drivers like girls with big breasts and I happen to be overly well endowed in that area.

I met a man named Howard the other night and I think I'm in love for the first time in my young

life. I've knocked around with many guys but with Howard, it's different.

He was driving a rig out of San Pedro, hauling lumber from a lumber company in Oxnard, back to the harbor. They ship the stuff over seas. When he sat down, my heart skipped a beat. I waited on him and I noticed that when he talked to me he kept glancing at my large breasts. I had on a low cut blouse and purposely leaned over the counter when I wiped up the mess next to him. His eyes grew large when he saw all the cleavage exposed right in front of his face.

He ordered a hamburger and a GLASS OF MILK and when he said that, he looked right at my breasts. I had to laugh and so did he. At least he had a sense of humor.

He asked when I got off and I

told him. Then he asked if he could take me home and I told him that I would be honored.

When we got to my place he went a little wild. He grabbed me and began kissing me and telling me what beautiful tits I had and that he liked my long blonde hair. He had me so worked up that I just laid back and let him fuck me. He didn't take his hands off my tits the whole time and when we were through, he kept on kissing and licking my breasts until we were both turned on again.

I explained to him that I didn't do this with just every man I met and he seemed to understand. He was a tough, yet kind and sensitive man.

Before he left we made a date for the next night and he asked if I would wear a low cut blouse so he could show me off to his friends. I loved it and we have been dating ever since.

JUDY

I have this terrible fantasy about fucking my neighbor, who is beautiful but married. He knows that I have this crush on him, but he is always polite, making it a point not to be alone with me. I guess he thinks I'll try to jump on him the minute we're alone.

The other day I out-foxed him. He was alone in the little room he built out back of his house. I pretended I wanted to borrow something. At last we were alone together. Brushing my tits up against him forced him to move away. I kept after him until he finally broke and he started trembling, telling me that he loved women with large breasts. Secretly he always wanted to make it with me but was afraid of his wife finding out.

I laughed and told him not to worry as he really turned me on and I wanted to make it with him, too. I knew he wouldn't be aggressive so I laid down on a large bed he had in the corner.

Pulling my blouse down over my large breasts I pulled up my skirt and slid my hand inside my panties and began finger fucking myself.

This was too much for Leo. He said, "Oh, my God!" and hurriedly began undressing. Naked, he came over and got on top of me and started dry fucking my leg. I told him that we could find something better than that for him and I put his cock between my tits. I looked at his eyes and I've never seen a happier man in my whole life! He had the most contented look I had ever seen and when he came, he spurted all over my chest and face. I'll never forget that moment because now I have to fantasize and remember it for the rest of my life! Leo moved away shortly after that day.

MONA

I'm sort of a hard luck lady but at least I know it and can admit to it. Keeping boyfriends is difficult because all they want to do is play with my tits and then fuck. They usually dump me after that and I'm out looking for a new guy.

The other night was a typical example. I let this guy pick me up at a disco and take me home. Once we were inside he grabbed my tits and began sucking on them. Then he pulled off my skirt and fucked

me right there in a chair in the living room. This guy was something else. He was a rough customer but I liked him for it. I dig rough treatment.

After we made love he pulled me down and made me suck his cock until he came in my mouth. I didn't mind that either, but he did hurt me when he pulled my hair so he could get all of his big cock in.

When I whimpered he hit me and told me that I was really in for it if I didn't stop crying. So I

promised not to cry any more but I kept on whimpering.

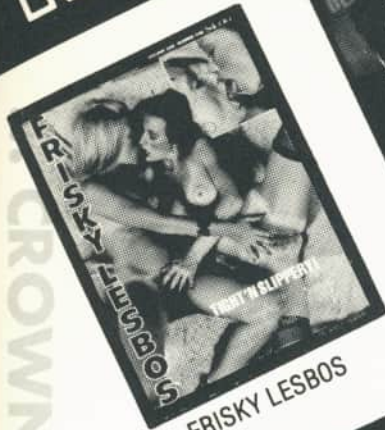

He said, "Okay, I'll fix you good now," and turned me around and spread my cheeks and began working his cock into my ass. I was scared at first but when he got the head in, it started to feel kind of good. He rammed his prick all the way inside and it made me straighten up. I wiggled my ass and he began fucking me in the ass like a wild man. He said, "You like that, don't you bitch! Don't you!" I nodded that I did and he kept on fucking my asshole.

I didn't know I could do it but I had an orgasm with his cock in my ass. We both came together and he held onto my big tits while he came up my ass. I'm gonna try that again sometime . . . it's fun!

JOANIE

I love having big knockers! They are soft and spongy and I like to feel them and I like my boyfriends to feel them and enjoy my overly developed body. Most guys are attracted to me because of my tits, but I have other things going, too. I have a good body, nice legs,

I'm not bad looking . . . and I love to fuck!

I'm also a little weird, in that I like to be spanked and I have a bull whip that I keep around. If the guy I'm with isn't too sadistic, I like him to whip me. Lightly, of course!

The other day Ronald came

by for a picnic lunch. We headed for a remote area. There was a stream and grass and everything seemed so fresh. I made fried chicken and potato salad and brought along a bottle of wine. We were all set to have us a ball!

Bringing along the whip,

when I opened the picnic basket Ronald saw it. He looked at me strangely and asked what I had in mind. I told him that it wasn't for him, it was for me . . . if he would be cool.

That's when he rolled me over in the grass and kissed me. His hands found my breasts and he began to squeeze them and roll them around in tiny circles. When we kissed I sucked his tongue as it slid in and out of my mouth.

There is some sort of nerve ending that is connected between my tits and pussy that turns me on. Now I was ready for

anything. Ronald stood up and took the whip and pulled down my panties and began to whip my ass. It felt so good. I don't know why but I like a certain amount of pain along with sex.

I acted like a naughty child and turned over and whimpered. Ronald told me that I had been naughty and that now I was going to be fucked. He took off his clothes and pulled most of mine off, then mounted me.

Finished, he rolled off and told me to prepare his lunch. I loved his aggressive manner and obeyed him instantly. After we finished eating he told me that he was going to give me my dessert. He rolled over on top of me and began moving up my body, rubbing his prick all over me as he moved. When he got to my tits he pushed them together and made a bed for his cock, then moved on up and shoved his cock in my mouth. It didn't take him long to come, then he stood and began whipping me again, telling me that I was a bad girl for having such big tits.

Oh well, it's all a silly game but I enjoy playing it.
