THE VERY BEST OF
MEGA BOOBS

Say hello to Wendy. She's a bit shy, because she's not used to so many guys looking at her boobs. "I may be bit bashful, but I'm feeling very horny," says our 23-year-old discovery who hails from Coulsdon in Surrey, and confesses she likes girls as well as boys, and is fond of having her nipples sucked by her flatmate Jane.

"She's got very sensitive tits too," explains Wendy, "so she knows just how to lick them to give me an org living together for about three months now, but we've never gone any further than sucking each other's boob that when she sees these pictures, Jane will want to know what I taste like in between my legs too!"

We're sure too. But we don't want any laws to be broken here, so has she got a lick 'er license?

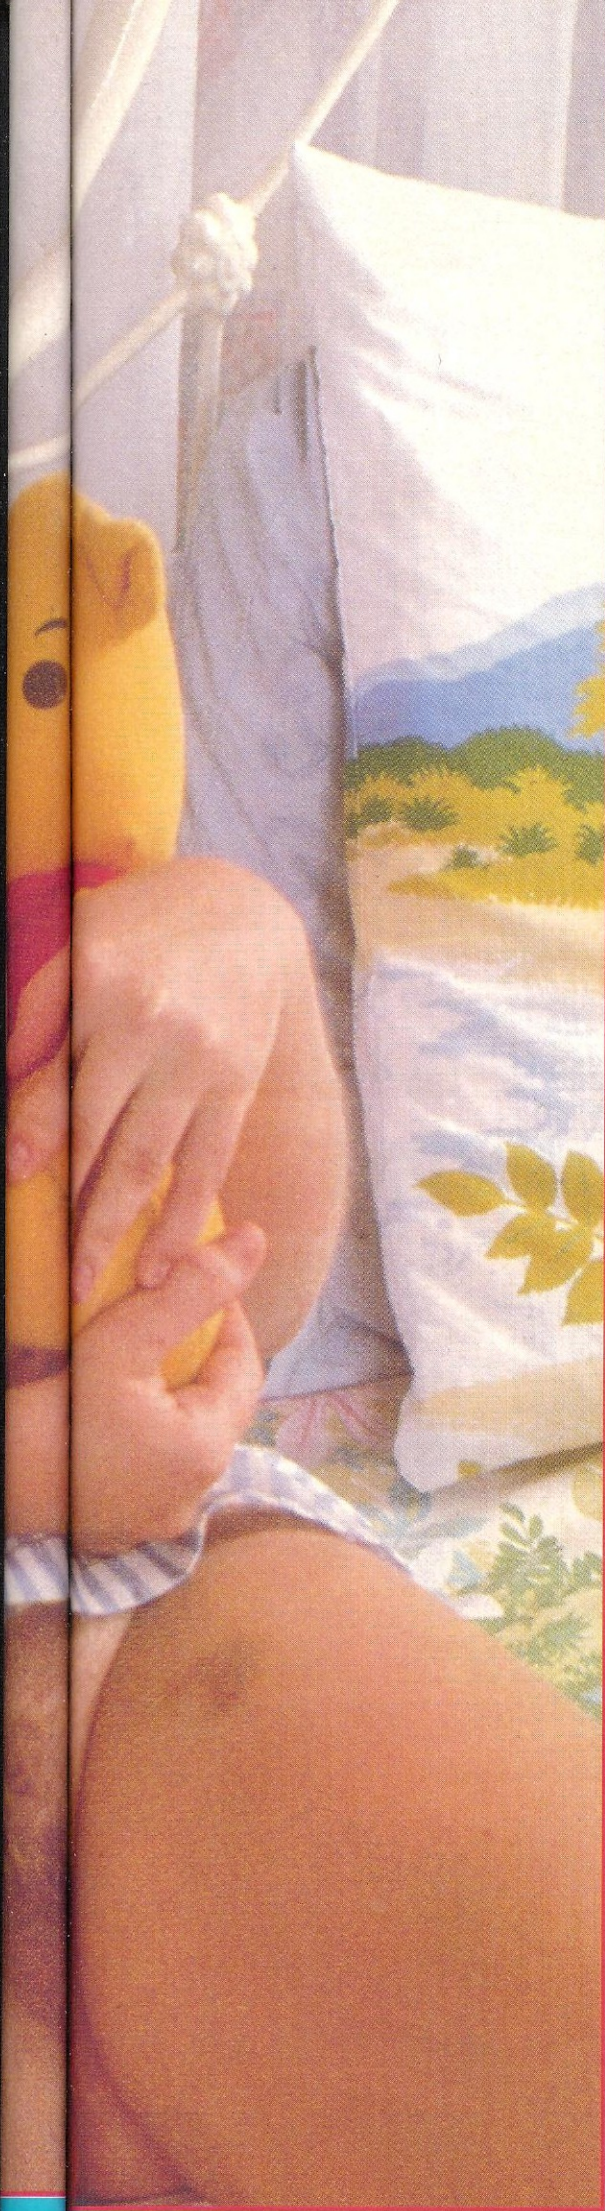

We've been
but I'm sure

LOLA

What our Lola wants, she usually gets. And in fact this glamorous granny from Solihull tells us that what she gets a lot of is sex!

"I get more nookie at the grand old age of 50 than ever did as a teenager," she chuckles.

"In my experience, men prefer a woman with a few miles on the clock. And they also like a girl to have bit of meat on the bones. I know that because most of my boyfriends encourage me to put on weight rather than take it off!"

They say that your sex drive lessens when you get older, but the permanently lusty Lola thinks that's a load of rubbish: "I'm a real nympho," she admits. "I just can't get enough of it. The only problem is that one man isn't enough to satisfy me, so I've got a whole string of toy boys on the go. Luckily there's plenty of me to go round!"

"I suspect I'll be even worse now that I've had a go at this nude modelling lark. I really loved taking my togs off for Mega Boobs readers - it made me feel so sexy and wicked!"

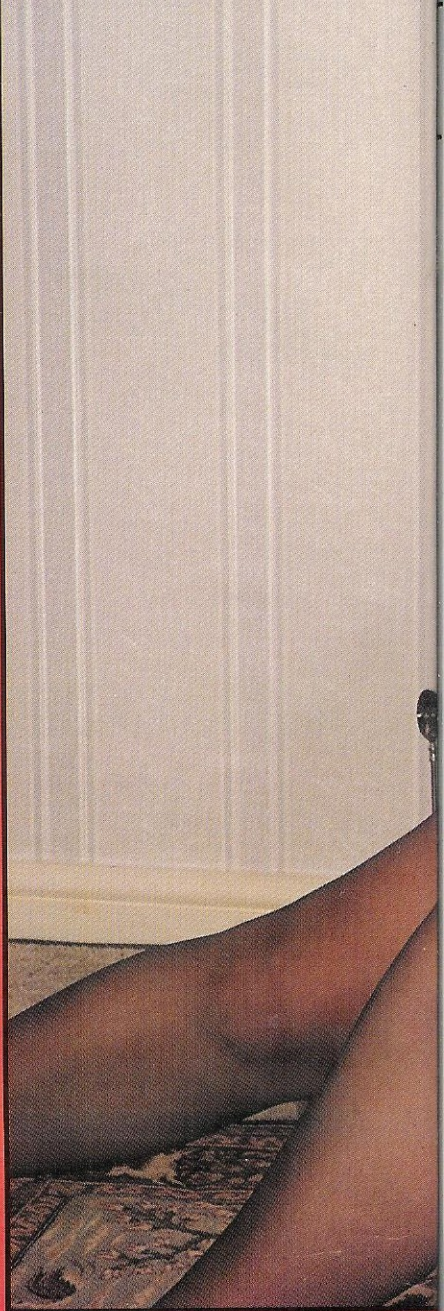

"At first I was a little nervous of showing my body to everyone. I thought, what if they don't want to ogle my fat bum and monster tits? But then I thought, not many girls have got as much to offer as I have. And if you've got it, you might as well flaunt it, right?"

We're glad she decided to go ahead, aren't we lads?

SALLY

Sorry all you macho guys out there, but believe it or not some women don't need a man in their life to feel sexually satisfied. Not that Sally here prefers other women, you understand, it's just that she has been let down so badly by her two useless ex-husbands that she is now "off men" and says she prefers to get her pleasure from long, slow sessions of masturbation with her jumbo vibrator - with attachments!

"It's not the same as having a big cock inside me" says the randy 39-year-old. "It's better! There's none of that 'Wham, bam, thank you ma'am' stuff. I can take things at my own speed, and it actually feels like I've got two pricks inside me.

"So when these pictures come out, I'm looking forward to sitting down with the magazine and having a bloody good frig. Perhaps you'd like to join me?"

You can count on it!
