WARNING

We would like to warn all potential purchasers of this magazine that it contains explicit photographs of both male and female genitals; and material of a highly erotic nature, only suitable for extremely broadminded adults. IMPORTANT ANNOUNCEMENT

LOOK OUT FOR COVER GIRL

Over the last few months many readers have written asking us to put SUPERBLY attractive girls into our magazines — girls who look like film stars or beauty queens — the sort of girls you usually get on the covers of magazines BUT not inside! It's easier to ask us to do this than to do it — BUT a superb new magazine has just come out called COVER GIRL and ALL the girls DO look like cover girls! We urge you to order a copy of this 100-page COLOUR magazine from your local newsagent. Order a

EDITORIAL

Dear Readers,

Its nice to be with you again this month and you will note a slight change in our title. Owing to a dispute over the ownership of the title Blockbusters we have agreed to switch out title to TOPBUSTERS. BUT we can assure you that we still offer the best and biggest boobs around. We hope you like the magazine this month and you place a firm order for next month's issue by filling in the coupon on page 74.

We always try to feature the best looking girls in Topbusters, but only the ones with big boobs, indeed we are more interested in their busts measurement than their faces! However, we know that many of you are more interested in really beautiful birds than merely busts. With these readers in mind we'd like to tell you about COVER GIRL magazine, after a long wait BOTH issues 1 and 2 are in your shops now, it features only the very best looking birds around and consists of 100 pages (nearly all in colour) for just £1. We strongly urge you to try a copy or two from your local newsagent or send £1.25 for a sample copy (subscriptions £12) to: Cover Girl, 34 Upton Lane, London E.7. (Callers Welcome.)

I'd also like to give a plug in my editorial this month to a movie I've just seen, called THE PLAYBIRDS. I was lucky enough to get invited to a pre-release preview and I can tell you that it was something very special, a really fast movie, exciting, sex film. It has a fantastic plot that makes it a good film in its own right, but the sex content combined with this makes it a masterpiece in erotic entertainment. I urge you to see THE PLAYBIRDS when you get the chance, its the sex thriller which really thrills.

Readers will probably be interested to know that whilst the exact release date and location for this film is not known at the time of going to press, but it will probably be in May or June at the Eros Cinema, Pic-

cadilly Circus, (01-437 3839), and/or the Classic Moulin, Gt. Windmill St., Soho, (01-437 1653), phone the cinemas direct for confirmation of the release date and performance times OR watch the entertainment guide in the Evening News or Standard. If you live outside of London and the South East, this film will go on general release throughout the Summer and Autumn. DON'T MISS OUT ON THE FINEST SEX FILM EVER MADE...DON'T MISS OUT ON 'THE PLAYBIRDS'.

See you next month in **TOPBUSTERS**

“Titty”
SUSAN
GREEN

THE GREAT NIPPLE ENIGMA

Are nipples important to men or is it the entire breast that is found so fascinating?

Tell me Rosie – what do you think is the most attractive thing about your large breasts to men? Is it the size of them or the size of your nipples?

Rosie says – well you – see – my nipples aren't that big. I mean, it seems to me that the larger a girl's breasts are the smaller are her nipples. Mind you, that may well be an optical illusion. Like the same nipples on a girl with small tits would like to be much larger.

Well – Rosie – I am a man and have had lots of sex with lots of girls.

Of course you have. You are thirtyish and handsome. Why not? I bet the girls just go for you, anyway.

Yes. Well, I am not what you would exactly call a tit-man. I am more for thighs and buttocks. Very exciting!

Yes. So...?

But there was this girl you see, Rosie. Very pretty. Nice body. Great breasts of forty I would say. An exception to the rule – this chick. For her large breasts also had out-of-this-world nipples. Like little pink corks and they were more stiff all of the time than they were limp or small all of the time.

And...?

And, they so turned me on when she was in bed with me that I would suck them for long sessions at a time. And pull and rub them. And, believe me, the effect all that had on that girl was to make her come her stuff out of her cunt just as if I was poking her or rubbing her clit. My thoughts on the matter were that her big nipples were a bigger turn-on for her than was her cunt or her clit. What do you say?

I say yes. In that case, this bird was a tit-bird on her own. I mean for herself. Some girls are obsessed with their cunts or their clits or both. This bird was in love with her tits. Therefore, of course, she got sexual excitement from them. Me – well, they don't interest me that way.

Would you say then, Rosie, in your experience with men, that men are more keen on a girl's nipples than they are keen on her breasts as such?

No. I wouldn't go so far as to state that. I think men like the overall appearance and the feel of a girl's breasts. Specially when they are large ones. They like to hold them in their hands and to wobble them and to sort of pinch them and make a girl squirm. On the other

hand, there are the drooling sorts of men who get all maudlin' over a girl's tits and think of their mothers sort of thing and cushion their cheeks on a girl's tits and

suck the nipples like they were babies at their mother's breast. That, I like least of all in a man. Being a sort of subconscious mother substitute - if you get

what I mean.

Yes, I get what you mean Rosie.

When a man makes love to my tits I like to think it's because he is looking at

THE BUCK-RAM STIMULUS KIT

3 soluble aphrodisiacs designed to make the love-juice flow...

1. FIRE DRIPS

Formulated by a doctor subsequently struck-off the medical register, FIRE DRIPS were conceived to 'slip' into any drink, having no colour, taste or smell. 20 drops is sufficient to induce a 'woozy' sensation and to cause primary swelling of the clitoris. Should NOT be administered to any unsuspecting party. £2.50 per bottle.

2. HEAT SUGAR

Resembles ordinary household sugar, but each pack contains .01% of Embucinol, a known mental 'loosener', and 2 grammes of Tikka, a genital irritant made from the crushed wings of the cantharides beetle. The combined effect is to cause intense sexual desire. Therefore this substance should be administered to consenting adults only. £3 per large container.

3. DRIVE PILLS

Containing Embucinol and silver trace elements combined, not just to create sexual desire, but to sustain it. Unlike Fire Drips and Heat Sugar, DRIVE PILLS are medically approved, and a known antidote to impotency. £3 per pack.

SPECIAL OFFER: The complete BUCK-RAM STIMULUS KIT (Drips, Sugar and Pills) just £8.

I get you, Rosie.
I like a man to want to breast-fuck me for one thing. That way, he is using my body – using my tits instead of my cunt

GENUINE COLOUR PORNO From the Publishers of this Magazine

We hope you enjoy this magazine and the others in our range - you can't buy anything stronger in newsagents. However, we do produce one or two lines that go the whole way - these are for sale to personal callers and mail order only - but they are too strong to sell in local newsagents. These large colour magazines are as strong as any imported material. Look at these two mags:

1. PORNO MODEL

Superb 100 page magazine. Introduces ACTUAL EXPLICIT shots of sexual intercourse (first British mag to feature this), plus vibro masturbation shots, flap shots, fist ducking, actual penetration intercourse and actual penetration oral sex shots. This is the strongest magazine ever printed and sold in Britain. Mail order price £1.75.

2. PORNO

As the title suggests non-stop porno stories and colour pictures from end to end. The most explicit sex magazines ever published. Covers every form of pornography and sex. Group, Les, objects, the lot. You've never seen a book like this. Just £3.25 mail order.

OUR PLEDGE

We as the publishers of this magazine GUARANTEE that these are the strongest and best books we have ever published - stronger than our normal monthly publications. These magazines are DEFINITELY NOT the normal 'rip-off' mail order lines that so many of our competitors appear to specialise in.

HOW TO ORDER

No. Too true we ain't.

So you reckon it's not the nipples only but the whole breasts that attract a man?

Breasts without good nipples are not so attractive as breasts with good big nipples. But a friend of mine - Gert to you - she has very small, firm breasts

but very large nipples. Stick out from her tits most of the time. She is very popular with the fellows. Something for them to get their mouths on. But she likes having

LADY CAN'T SAY NO

VIBRATING PENIS

A viciously effective 'whip-hand' stimulator (available in black or white), as favoured by the ladies of the Brazilian aristocracy. Its unique snake-like action mercilessly activates the nerve endings of the vaginal orifice, nerves which are by-passed by the conventional vibrator (which is active only at the tip).

This unique action also stimulates the lubrication duct, and women who 'thought they knew themselves well' report a massive increase in fluid emission, after just a few moments alone with the Vibrating Penis. It is contoured according to the penis of a donkey (which has more pleasure-giving bumps and ridges than the human penis), but is sensibly proportioned at 7 1/2 inches long. Until very recently, the Vibrating Penis was a black market item selling at £10 or more, but we are able to offer this brand new concept in female stimulation at the more reasonable price of £3.99 post free.

AVAILABLE IN BLACK OR WHITE

SEX BOOST CREAM

To be rubbed on the male penis before intercourse and on the female vagina. This cream lubricates AND intensifies the sexual pleasures of intercourse. GUARANTEED TO TURN ON ANY WOMAN, a real passion raiser! Would turn a nun into a nympho! £3 a jar.

SPECIAL OFFER: Lady Can't Say No Vibrating Penis AND SEX BOOST CREAM just £6.50.

scared the bloke would really bite but good, and hurt me. Then I'd be worried I might pick up some germ from his mouth or his teeth if he did draw blood.

No – kissing and sucking my tits. That's okay for sure.

Rosie – you are a good girl! Have you ever thought of going into the

business?

Oh no. Not for me, dear. I got a good job and I got plenty of male admirers and I sleep around regularly. I don't

need more money and I do like a little bit of real love and affection with my sex. Going with a man for money would about to kill me. Sexually I mean. I hear

that the average prostitute does not enjoy her sex with her clients.

No Rosie. That is the general impression. Many pros are lesbians, in any

case.

I see a lot of the les scene. I see girls who worship each other's tits even more than they love each other's cunts and

clits. I think tits is the real personification of womanhood. Like Pricks is the real personification of manhood. Men love their cocks, women love their tits. Mind you, I wouldn't like to be one of these girls with grotesque tits. Like, say, forty-five inches. Terrible! I know several girls who are over-developed in that way. They look embarrassed. On the other hand – they get a narcissus complex over their tits and train themselves to orgasm from them and have low cleavage tops and that. You can always tell a tit-conscious girl by what she shows of her cleavage. She knows a man, looking down the bit between the breasts, is thinking of how it looks like the hole in her cunt. And they imagine their stiff pricks sliding up and down them. I seen that look in men's eyes in pubs when they take a look down a low-cut top I might be wearing. Even a bloke will lean over you and slip his finger down the divide of my tits – if he knows me well enough that is to say! And, for a second or so he will be imagining he is poking me.

Yes Rosie, I get the scene. I often look down a girl's cleavage and think just the same things. Like I am poking her. Or like I am fucking her.

All men are the same, I suppose.

All women are the same Rosie. They know what men think about them and they do the same things to make men

think the same things about them. Women are schemers.

You reckon so?

I reckon so. Yes Rosie, I do. And you are not different, are you? I mean, talking to me here, in this pub, you know I am just an average man who would like to take you home and fuck the living daylights out of you and maybe suck those big tits of yours, nipples and all, don't you?

Well, I would hope you would want to do all those things to me. Fuck a man who doesn't want to do those things to a woman, I mean.

And would you say, Rosie, that you are the sort of girl who looks at a man like me, for instance, and say I'd like him to take me home and to fuck the living daylights out of me and maybe to suck off my tits?

Why, yes. Sure I'm that sort of girl! What's the use of being a girl if you don't have those sort of thoughts and desires and do something about it? I mean that would be a waste of womanhood, wouldn't it?

Yes, it would Rosie. Like it would be a waste of manhood if a fellow, like me, for instance, didn't want to go with girls and do all those sort of things with them.

Are you asking me to go home with you, then?

I suppose I am really. What would you say if I was to say - well, Rosie, I

fancy you. I like the look of those large tits you got under that white cotton shirt of yours and I rather fancy having a butchers at the cunt I know you got inside your drawers up under your skirt. So, hows about coming home with me and letting me see the lot?

Only see them?

You know what I mean, Rosie. I would play about with them all of course. Maybe even fuck you, who knows?

Maybe? Only maybe?

Well - I never presume on a girl, you see, Rosie. I reckon it's bad form to presume over a girl or a woman. I mean, it's not every girl or every woman who fancies me. I'm no oil painting. And my personality might not fit - anyway.

I think you are an oil painting. And your personality fits okay - for we've been talking a while now and I've met you before anyway and we have always talked to each other in this pub.

You mean, Rosie, I can take you home with me?

Not for money though. I ain't no pro. No brass?

Who said you were brass? I wouldn't insult you by offering you money. Besides that, I wouldn't insult myself by thinking I had to buy my sex. I never have had to before. I don't mean to have to start to do so now.

Of course not. Shall we go then?

Certainly darling.

BOOBS ONLY CALL-GIRL

"Gentlemen interested in contemporary knockers are invited to ring... Bell-pushers also welcomed. Suckers also catered-for"

So ran the slightly cryptic advertising card among dozens of others outside a newsagent's shop in Westbourne Green, one of London's exciting thoroughfares for making notes of promising call-girls who are dotted around the district. The person responsible for penning the ad was Greta, a Swedish girl of twenty five who had started her career in London as an au-pair girl but, having lost every single domestic appointment due to her fatal way of sexually attracting every single husband of every family for whom she worked, without fail, she had finally despaired of ever keeping a job as an au-pair.

One of the reasons why all men in all families, even including adolescent sons of such families fell for her, was that apart from her beautiful Scandinavian face and her blond hair and her perfect figure and her blue eyes and her delightful accent, she had the most perfect pair of breasts any man in London had ever set eyes (or hands) on. 40 of the best inches went to compose two perfectly, milky-white spheres of ever-quivering, ever-

undulating, ever-moving flesh as, braless, she moved around a home, tending to the younger children, cooking the occasional meal, sometimes dusting around with a pretty little apron on. It must be mentioned that Greta had a great dislike of tights, and in fact, solidly refused to wear them in spite of caustic hints from irate wives and mothers who realised what a devastating effect bare thighs and suspenders seen above stocking tops was having on husbands of all ages and young adolescent sons who had just reached the masturbation age.

There was the son of one house, Arnold, just seventeen, who saw Greta bending over her bed folding up some undies, showing off white thighs over black stocking tops, who, on his way from the bathroom and clad merely in a small pair of French slips, made a bee-line for her and, lifting up her short, black skirt at the back, proceeded to press his enlarging prick against Greta's pink drawers, the erecting prick stretching out

his white slips until Greta could feel the agitated knob pressing into that part of her cunt that was always inside the gusset of her knickers and hung low in the slit of her thighs.

And the handsome but middle aged husband whose wife was out at a bridge party one summer evening and he was alone in the house with Greta, apart from the small child fast asleep upstairs. He had approached her while they had been in the lounge watching TV. with a knee-length skirt on and a tight black top showing her bulging breasts, the husband had suddenly rushed her, thrown himself on top of her, thrown her back on the broad settee, lifting up her sweater and started to suck her substantial nipples. Greta, used to this kind of treatment and liking it very much anyway, allowed him to do so. Needless to say, the episode ended up with the husband divesting himself of his trousers and his briefs and exposing his natty knickers to her, where upon she had pulled them down, pulled his

urgent prick out as the thin material got twisted up with his balls and had proceeded to suck him off. Unfortunately, the wife's bridge party had ended one hour earlier than expected. The reason why Greta had to leave at the end of the week was because the wife had not exactly appreciated the sight of her husband's very substantial prick halfway down Greta's throat as she had opened the lounge door. Her husband had been stretched out, semi naked on the hearthrug and with his face up Greta's short skirt had been sucking her twat through her drawers while Greta had been sucking him off, looking downwards at him, one hand clasped around his cock.

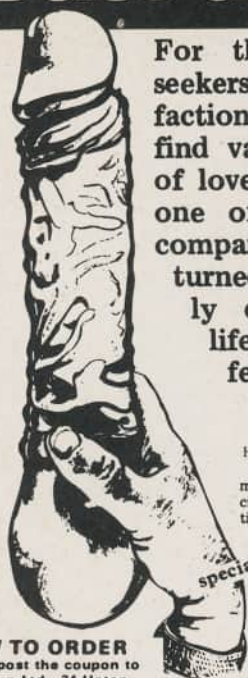

"It's not as if you allowed me, to do it to you, you pig" the wife had complained as she viewed her husband's naked and devastated and ravaged prick in bed later that night. Greta had just managed to suck all his spunk out of him by the time the wife had entered the room. Hence its limp state.

"I had no idea you were a sucker" her husband had remarked most tactlessly and had been rewarded with a smack round his chops.

The story had been the same in every job Greta had undertaken. In her final position, the young wife of the household had taken a sudden and a violent lesbian fancy to Greta. The husband had come home unexpectedly one afternoon and found his young wife with her mouth enveloping one of the large nipples mounted proudly on top of one of Greta's breasts. The rest of Greta had been naked as well, thighs well apart. Th husband going into the bedroom, saw an inviting expanse of naked pink, open wet cunt between Greta's thighs. Instead of being a man and starting to poke the girl while his wife enjoyed herself at Greta's nipple, he raised merry hell, accused his wife of being a lesbian and

ordered Greta to pack her bags and to fuck off forth with. Which she had done.

After staying with a girlfriend for four weeks, Greta, with her savings paid the deposit on a small flat in Queensway off Westbourne Grove, composed her little ad and had it placed in the newsagents window. She had decided, however, to specialise in breast erotics rather than to be fucked, sucked and poked. She knew her beautiful 40 inch breasts would be a great novelty and attraction to the right man, the boobs-men, that is. Hence the cryptic but subtle wording on her advertising card. Astute boobs-gentlemen, quick to read the suggestions behind the lines of the ad, rang her number, made an appointment and went see her. Her first week showed a net profit of over two hundred pounds after the rent was paid. The following weeks were just as good and Greta realised she was in business. When gentlemen arrived at her flat who had not quite divined the meaning of the message in her ad that 'contemporary knockers' meant her breasts, the 'bell pushers' were men interested in pushing her tits in an doud of her breasts and that 'Suckers also catered for' meant gentlemen who liked sucking nipples, when such individuals arrived and, taking down their trousers and undies and exposing their pricks in a most blatant fashion indicated they either wished to be tossed, sucked or wanked or expected to be about to fuck, Greta had to put them right. Under such circumstances, she would strip off her sweater or her skirt or whatever, exposing her quivering breasts and stiff nipples and say there was to be no sucking, wanking, poking or fucking, just breast wobbling, tit sucking and tit fucking.

Dazzled by the magnificence of her breasts, most clients threw off all their

clothes, threw themselves on her bed, threw their mouths down and started in suckling her as if they fully expected milk to gush out from each nipple. Most men accepted her invitation to fuck their pricks off between her breasts, right in the deep cleft provided for them.

Some fellows were a bit difficult, having not divined the import behind her ad they divested themselves of their clothes in a great rush, displaying red-knob-crowned pricks ready for the cunt-fray. Greta always remained dressed so that when a client entered, she was wearing a shirt open down the front and a short swirly skirt, stockings suspenders and drawers and either knee boots or high-heeled shoes or wedge-shoes. Unfortunately, being dressed in such a sexy fashion invariably inflamed her customers to a far greater extent than it would have done had she been starkers or just with drawers on when they entered her room. There is always something very tempting in the desite to lift up a girl's skirt and to poke or suck her over her knickers under her skirt before removing the garment. Some men are even eager (and able) to fuck a girl up her clothes while she keeps her drawers on, by the simple expedient of pressing their seasoned knobs up against the gusset of the drawers until they tear a hole in it and so enter the bird.

That happened to Greta on more than one occasion when she had told them she was a boobs-only girl. Even boobs-men eventually like to fuck the object of their affections after they have feasted their eyes and their mouths and their tongues on the objects of their fixation. Men sometimes love to poke or to fuck a girl while they continue to minister to their boobs. It is quite possible for a smallish man, for instance, to bury his face in between a

girl's breasts and to be able to fuck her while he does so, or to be able to suck each nipple in turn and still to have his prick buried up to the hilt in her cunt-hole. Beautiful! Greta soon got wise to their wiles and started to wear pink latex drawers. However, she didn't reckon with latex-lovers and rubber-drawers fetishists. Such gentlemen very quickly saw and smelt the delightful scent of latex and pink rubber knickers when she started to wear them and were at her like dogs on heat. Many pairs of rubber drawers were punctured in a fleshy-flash by precipitate horn-struck men eager to fuck her through such an erotic hole.

Eventually, Greta gave up in despair and realised that the end-all and the be-all of sex with a normal man was fuck-all. Not fuck all to mean nothing, but fuck-all to mean fuck everything in sight, breasts, armpits and the cunt. She also began to realise that after all, the main object in men going to see her was to get rid of their spunk in the presence of a female. A quite natural urge. Men were really merely masturbating themselves off inside whatever available slit or indentation or aperture or hole was most obviously available. So she changed her advertisement to read "Lots of good openings for men of all ages. Please phone..."

She very soon found that 'good openings' included her mouth, one of the entrances to her young body she had not so far, even in Scandinavia, used for sexual purposes. It first happened in her room in which she entertained men when a robust looking young fellow, naked to his socks, rampant of prick and solid and huge of balls looked at her in an open necked white silk shirt and short, red, pleated skirt, black fishnet hose and red leather boots said.

"Tell us your list of good openings, darlin'."

Rather taken aback, Greta said, "My armpits, in-between my breasts, in-between my lower thighs held close together and in my cunt."

"What about your mouth then?" the man had demanded.

"Oh no" Greta said. "I don't gam."

"Don't what?"

"I don't suck" repeated Greta

"Fuck orf" the fellow had said, standing menacingly over Greta as she sat on the edge of her bed with her short skirt showing the whites of her thighs over her stocking tops.

"What do you mean, fuck orf?" she asked, not used to such a Cockneyism.

"Wot I mean is" answered the fellow, "Wot I mean is your ad says good openings for men. Well, one of the good openings to a bird's body, to my knowledge is er mouf, see?"

"No" replied Greta.

"A bird's mouf" went on the obstinate fellow, standing straddled legged in front of her balls wound up strong and round under his huge pulsating prick, "A bird's mouf, wiv its red lips and its red tongue is made for sucking a bloke's prick orf, see? An' er froat is made fer swallowing is spunk, see? Aint you never swallowed a man's spunk yet?" he asked, almost incredulously.

Greta shook her head. "No" she said. "I haven't."

Whereupon the brutish lout descended upon her at such an angle that he bore her right back onto her bed and landed with his prick within an inch of her mouth. His balls brushed against her chin as she gazed wide-eyed up at the thick black hair on his lower pelvis.

"Open your mouth" demanded the lout.

Too terrified to do anything else, Greta had opened her mouth. The next moment she had found the thickness of his enlarged knob passing

through her lips and touching the back of her throat. She tried to push him off with her hands and also tried bringing her knees up to him in the buttocks but she couldn't quite make it as his bottom was right over her face. As he had started to move his thick prick in and out of her mouth, she had hit upon her only real defence against such an attack. When his knob was lined up with her teeth in an outward movement, she bit viscerously on it, her top and her bottom teeth landing neatly on the corona of his knob, just where the sensitive overlapping edge of his knob meets the beginning of his shaft. A sudden and viscous bite and, with a yelp of outraged pain, he quite literally flew off her and landed on his back on the carpet, legs wide open, stiff prick on a sudden and decided programme of phasing-out. He sat there, glaring up at her.

Greta went to her dressing table and picked up the five pounds he had given to her. She threw it to him on the floor.

"Get out" she said, going to the telephone and picking up the receiver. "Get out or I shall call the police."

The lout quickly dressed, stuffed the fiver into his jeans pocket. She opened her bedroom door, crossed her lounge, into her small hall. He went out of the front door without a murmur.

Once again, she thought it might be prudent to change the wording of her ad in the newsagent's shop in Westbourne Grove. This time it read, "Unusual positions for men. Please apply by phoning..."

When her first client, in response to her new ad, followed her into her bedroom, she explained what she meant by unusual positions. She had, by now, well realised that in spite of her large and attractive breasts, men would invariably expect to fuck her for the

round sum of five quid per half hour she offered. So to this man and to all other men who saw her after reading her latest ad, she explained that she was willing to be fucked in various positions from taking it between her tits to her armpits to her cunt. She would, she said, accommodate a prick of reasonable length and girth in her cunt frontwards or from the rear (but not up her arse) she was always very careful to add. As well as that, she would be willing to perform the wheelbarrow position. She was also willing to be poked gently up her cunt (but not up her arse) in a variety of positions according to the client's tastes.

She also stressed that she did not gam, neither was she willing to suck a man off. Having outlined her policy, she would then proceed to lie on her bed, dressed in her usual sexy clothing, while she watched her client strip off down to absurdly large and undignified briefs or small, natty, bikini briefs or French slips. She still concentrated a great deal on breast play and was always relieved when a client was satisfied with exhibitionistically wanking himself off in the deep cleft of her breasts. To her surprise, she found there were far more bottoms and thighs and normal cunt-men around than there were breast addicts. In fact many clients almost ignored her magnificent tits in favour of her bottom and of course her cunt.

Many men proposed to her. Wanted to "Take her away from all this." Then she agreed to a man of thirty's proposal to let her have a look at his flat in which she could live, as he put it, rent free, with him. The flat turned out to be a most sumptuous apartment in Curzon Street, Mayfair, to which he drove her in a flash car. The quite enormous lounge had mirrors all round the walls. Over his bed in his bedroom was a large ceiling mirror. He

ADDRESS:

explained that a two-way mirror gave onto the bedroom from the lounge and that at times, he would expect her to perform with him on the bed to a hand-picked audience who would watch proceedings from the lounge. Unlocking a large wall cupboard, he showed her a large selection of whips, chains, ropes, handcuffs, tawses, canes, leather masks, skirts and briefs. From the dressing-table drawer he took out dozens of coloured porn photos taken, he said, by a hidden camera in that bedroom, of various couples, friends of his, during their antics on his bed.

"For living here rent free" he told her, "you will perform sometimes as my Scandinavian maid, dressed in black shirt, skirt and apron and cap and be spanked on the bare bottom because you accidentally on purpose spill some drink on the floor, see? At other times, you can be a topless waitress hired by me for a big party and my men guests will be permitted to handle your tits as you hand round drinks and sandwiches. On other special occasions, we will fuck and suck here on the bed and our guests will watch while another girl or another man comes in to make a threesome.

"Oh no" said Greta, sweetly.

"Oh no?" queried the man in surprise. "Look dearie" he went on. "I'm in oil see, and that means Arabs and Arabs is big money see? I haven't yet added that, apart from you living here with me rent free and doing all the things I have suggested you do, I pay you eighty a week tax free, just for your pocket money. Plus" he went on, "I keep you in a dress allowance, so that you always look good for my clients. As well as that" he added, "I will also pay all your hairdressing bills. Who can offer a girl more than all that for fuck's sake?"

Greta hesitated. This man

made a good fuck. She'd had him in he flat. She was a beautiful Scandinavian girl. It'd be almost like being an actress. A star. A sex-symbol star. With Arabs and Englishmen as well, no doubt, and yanks as well, to watch her perform on what would virtually be a stage for her. And all rent free and her meals free. And her clothes free. And her hairstyling free. And make up. And eighty quid a week.

"Do I have time off?" she asked.

"Duckie" he protested. "You won't be a hired or paid servant here. You will be my girl. A girl I will be proud to have, to be seen around with. We will not always be here. We will be out on the town a great deal of nights. I have to travel abroad a lot on business. You will come with me when you want to or stay back here looking after the place for me, with a girl I always get in when I have to go away who always keeps the place clean for me and occupied till my return. Sure, you will be free to go out when you wish. Like you was my wife or my permanent girl. The expression 'time-off' just will not come into it."

He took her in his arms and ran his hands down her slim back over her emerald green satin shirt and down her black silk skirt and lifted it up and rubbed his hands over her silken knicker-clad bottom and twanged the black suspenders that were keeping her stockings up. She felt his extra large prick rising up under the thin material of his flares. He took down his trousers, took off his shirt, took down his slips and stood there, stiff as a poker and almost as long, but much thicker.

Greta stripped off her top and her skirt, was braless in front of him, a pair of pink, peephole drawers showing her hairy cunt. He stretched her out on his bed she looked up at the large ceiling mirror

and came time and time again as she watched over his shoulders, his long, lean, strong and dark body, as his bottom plunged up and down and rotated from side to side over her hips and her loins as his prick invaded her wet hole.

"Was she going to fall in love?" she asked herself. "I mean, really, and for the very first time?"

When she felt his fluid spilling hotly into her hole, she knew she was. He had so much he was offering her. He was tall and well built and very attractive. The sort of man any girl would jump at on sight. She could sell the lease of her flat and ask him to allow her to bring her furniture here or to store it for her so that when they parted, she would still have it.

He was the first ever man she was to gam. For she gammed him half an hour later as he lay on his back and watched her sprawled out, naked body lying down over the bed and over his thighs, her golden hair going up and down in beautiful, glossy waves as she took his re-stiffened prick in her mouth, and for the first time, tasted a man's spunk in her mouth, and managed to swallow it without any trouble.

He arranged everything. The furniture van to a depository to store some of her heavy furniture for which there was no room in his pad. To her pleasure he gave her a smaller room all of her own, a sort of retiring room in which was her very own bed from her flat, her table lamp, dressing table. That was to be her room, he told her, when she was dressing and getting ready to meet his guests on party nights. And that was to be her room whenever she wished to sleep on her own and didn't want to sleep with him.

That, of course, was the final gesture that made her realise she was indeed in love with him. She told him.

"That is the way it has

been with me ever since I first set eyes on you that first night we met in your flat as client and call-girl" he smiled at her. "But one does not tell a call-girl one is in love with her. They have heard it all before and they merely laugh and shrug it off. It was because I loved you, as well as it was and is because you are such an unusual beauty that I have asked you to live here with me and to do all the things I have asked you to do. But I put one thing to you darling, and that is that you do not, repeat not, ever fall in love with any man I have here as a guest or as a business partner on a deal. No falling in love with a greasy Arab!"

"Do you mind?" Greta grinned at him.

"No falling in love with any man who joins us in the bedroom for a two-way mirror sex shows. Not ever having sex with any man in this pad without me being with you at the same time and it being all part of an act we are putting on for business guests. And no going out on your own whenever you want to as I have said, and falling for another man and having a relationship behind my back."

"None of those things I promise you" said Greta. "I am and I will be your bird. Your stag actress. Your film star. Your exhibitionist. Your voyeuress. Your fuck and toss and poke and suck. Your very own wanker. Your admirer of you naked. Dressed and undressed. Under the shower. Everywhere and in every position and situation. And, away together, you must not fall for any other girl. Or fall for any girl who is a guest here and who likes the look of your naked body through the two-way mirror."

"But no" he protested "I would never fall for another girl for as long as you stay with me. I have waited for a long time to meet up with a girl such as you and, in fact, I

thought a girl that I held in my mind could not possibly exist until that evening I rang you at your flat to come and have paid sex with you. Then of course, I did know that a fantasy of mine had in fact actually come to life."

"Those are very sweet things to say" replied Greta

Within a week, she was settled in with him. With Guy. She spent very little time in her own bedroom, for she wanted to sleep with him every night. Then the wild parties started as part-and-parcel of the oil deals Guy was so deeply immersed in.

Greta very soon got over her shyness at pretending to be a topless waitress and having to submit to Guy making her bend low over a sofa to have her dress lifted up at the back and her slip and silk drawers pulled down and having her naked bottom and thighs over her black stockings exposed while Guy gave her a gentle slapping 'for being naughty' in front of all the mixed guests. After such a performance, she would be allowed to return to her bedroom, there to re-make-up, re-do her tousled hair, dress in fresh elegant undies and in a long sleek figure-fitting evening gown and to go back to the lounge to be greeted as one of the guests, even though all knew she was the topless waitress or French maid who had been chastised.

She soon grew to like the performances she and Guy put on in their lush bedroom on the large double bed while the guests watched it all through the very large two-way mirror, drinks in hand, some of the men groping up 'the girls' gowns as they watched her and Guy performing all sorts of erotic sex acts on the bed. She even got used to another man being on the bed with her and Guy and sucking him off while Guy played with her lovely large breasts. Or to being fucked by Guy

while a beautiful lesbian offered her cunt up her raised dress over Greta's face to be sucked and licked.

There was brilliant conversation in the spacious lounge on party nights in which Greta readily joined. She was accepted as Guy's girl and every one loved her. When evenings out on the Town with Guy started, very often the two of them were photographed by the Press and a news item about them appeared in the gossip columns of the next days papers. And in the society magazines. Greta often wondered if members of the families she had once been au-pairs to saw the photographs and recognised her and were jealous or envious or just surprised. And she would wonder if some of the men who had had her in her call-girl days would recognise her in the papers.

Looking back, her au pair days, she thought how small town they had been. Looking back to her call girl days, she wondered how she had ever been able to tolerate the dull procession of potential dangerous men who had phoned her and called on her and performed their loveless acts of fornication upon her and with her. She realised now, at last, that sex without love was the very least of it. That sex with love, love and sex, was the thing. The only way in which to achieve fulfilment of all sex acts. with a man with whom one was in love. With a man who loved oneself. Even when performing 'acts' for the guests with Guy at the parties, Greta did all she had to do with love for Guy who was her leading man, in the charades they staged. Even then, she was able to forget they were both being looked at, and that this was yet another real great love scene between her and Guy.

TOPLESS GO-GO

Will I be too big-busted to be a topless Go-Go girl dancer — she asked herself.

Nina Goodchild looked at herself in the tall mirror in the small bedroom in which she was living with her boyfriend, Gerald. At nineteen, she had known Gerald for six months. He worked in a local office and didn't make much bread, even though he was twenty-two.

"I've made up my mind, darling," she said, as she looked at herself naked in the mirror. "An idea I have had for weeks now."

"What idea?" asked Gerald, equally as naked as he went up to her and put his arms round her. He fondled her large breasts before his hands went down to the flurry of auburn hair over her pussy that matched the long hair of her head.

"You know I won first prize in the disco competition last week for being the best Go-Go dancer?"

"Yes?" asked Gerald, feeling for the wet lips just below her hair.

"Well," went on Nina, "take a look in the mirror. Do you see a pair of very big tits with large nipples?"

"Of course I do," replied Gerald.

"And do you remember the other competition they held at that disco that same night — for the best topless Go-Go dancer?"

"I do," replied Gerald.

"And the girl who won it had tits far smaller than mine and you could hardly see her nipples?" went on Nina.

"Yes," said Gerald. "Her nipples were very small weren't they?"

"So," continued Nina, turning round to face him and feeling his very large and very horny prick sticking into her pubic hair and being sandwiched between her tummy and his. "Well darling, if I was such a success as to be the best Go-Go dancer there out of twenty contestants and if the girl who won the topless contest had such small, unspectacular breasts — what if I, as a good Go-Go dancer with extra large and extra spectacular breasts, decided to take up topless dancing as a job — what then? Remember that man who said he was an agent and could get me lots of bookings?"

"I remember him," replied Gerald with a frown. He took his arms away from her and as he sat down on the edge of their bed she noticed his horn was starting to go down.

"I have decided" went on Nina, looking at him, "To go see that Agent and to get him to audition me at that pub he talked about and to do a Topless number or two next Saturday night, just to see how good I really am. If I am good, he will give me lots of bookings. He said he would, without me going topless." She turned to her mirror again. "It just seems stupid" she said, "To hide my assets, these two lovely large boobs. I'm sure no other topless girl has tits like mine."

"Shit" said Gerald. "I don't want any girl of mine going showing off her tits in public."

"I would earn twelve pounds a session" said Nina. "One session for five nights a week and we would have sixty more pounds to live on plus your money."

"Don't I earn enough for you, then?" retorted Gerald.

"You know my job in the supermarket is a dead bore and badly paid" said Nina. "Your money won't go up for years. You have told me so. But sixty or even forty or fifty a week instead of the twenty-five take-home pay I earn now would make such a difference to both of us. More fags. More booze. More clothes. More food."

"I can't help it if my firm won't raise my pay" grumbled Gerald.

"I'm not saying you can" replied Nina, sitting next to him on the bed and putting her naked arm round his slim waist. One day, maybe, you will make it as manager. But in the meantime, we are living together."

"Don't you love me any more then?" said Gerald.

"Why do you always have to bring this don't love me any more trauma every time I make a suggestion to earn more bread for us?" complained Nina. "It was the same when I suggested I did that outside promotional job. You don't love me any more you said, the moment I suggested it. Love isn't a question of whether a girl earns more or less money, Gerald. It's a question of togetherness and togetherness is always helped along by a bit of extra lolly."

She put her hand down to his prick and started to wank it up into life again. Since Gerald was a very sex-centered

fellow, he was easily able to forget his feelings of utter jealousy at the thought of her showing herself off to lots of other fellows, bare-titted in pubs. His prick rose up almost at once and he lay back on the bed while she looked down at the hand job she was giving him, waiting for the exciting moment she always loved when her hand forced his white spunk out of his body and his balls.

"Even if I did go dancing topless" she went on "And even if lots of men did see my breasts" she said, divining just what he was thinking about, "You only have to say to yourself, 'What man in this room is sleeping with me tonight?'" and the answer would always be the same. Mr Gerald Smithers. No one else but him. And driving me home in his old banger. So you would be King-pin all the evening in whatever pub I was dancing in and you could feel proud and say that's my bird up there on stage and she don't belong to anyone else, see?"

At that moment, with a series of splats, Gerald let out his copious allowance of white spunk and it went up in the air and down again over the coverlet and her wrist and her knuckles.

Gerald sat up, having had his oats. Back to reality. He glared at her.

"I don't want no girl of mine fuckin' around half naked on any fuckin' stage" he said. "That sort of thing is only for scrubbers."

Nina left the bed and looked at herself in the long mirror again. She saw her 38 inch breasts with their prominent pink nipples stiff from the pleasure of watching Gerald's large prick pulsating out its milk.

"Would I be too big-busted to be a Topless Go-Go?" she said to him.

Clutching a straw, he said eagerly, "Course you would, Nina. Them tits of yours is far too big to be shown off onstage. People would just laugh at you."

She flashed round angrily. "Yes, Gerald Smithers. You just would say that. I put the words right into your mouth! You are just being mean and jealous and possessive. I want some more money for myself, see? I want to be able to buy new clothes. And to go halves with the rent and our other ex-

than ever.

"If you go Go-Go dancing, the fellows will be looking up your skirts as well" he grumbled, "and seeing your drawers and wondering what sort of a cunt you got."

So what?" asked Nina, looking down at him as he sprawled, open legged on the bed, his wet cock slowly going down. "So fellows know birds wear drawers. So fellows know birds got tits. So what? If I can be paid good bread to show that I have got tits and wear drawers over my cunt why not?"

"You belong to me" argued Gerald.

"Lots of Go-Go girls have fellows to whom they belong" replied Nina. "But they don't have to stop at home and do the knitting" she looked at him decisively.

"Tomorrow night is disco night again" she said. "We are going to that disco and I am going to see that Agent. He said last week he would be there tomorrow night again. I will ask him for a free audition at a pub he mentioned. If

penses to leave us more money over to go out and to enjoy ourselves with."

"How could we go out and enjoy ourselves with you fuckin' dancing half naked in pubs every cuntin' night?" asked Gerald.

"Only four of five, or maybe even only three nights a week" said Nina. "And never on a Saturday or a Sunday night, I would promise you that."

She pushed him down on the bed and lay on top of him, her cunt spread right over his prick. Immediately she felt him start to rise up under her. In a moment, he had his horn up again and she was raising herself down onto it until she felt it was right up inside her. Gerald enjoyed being dominated. He loved to lie back on the bed and to be fucked by her, her big breasts pressed onto his chest. He loved her big boobs and substantial nipples. The thought of her exposing them to loads of other men in pubs made him see red. He went on thinking about it as Nina fucked up and down on him, skilfully bringing yet another supply of come out of his balls and into his cock and out of it and up into her hot hole.

But, even then, when she had got off him again and looked down at his red knobend glistening with the spunk that had shot right up into her, he was crosser

Meet NINA GOODCHILD

I flop, I flop. If I am ok and get bookings, then its all stations go, do you understand?"

There was no more talk and no more sex that night. The following evening, Gerald took her to the disco. They met the Agent. He arranged for Nina to do two topless spots at the Crown and Anchor just up the street from the Disco on the following Friday evening. Back at their bedsit after the disco, Nina got out the white and silver top and the very short white and silver skirt and the white knee boots she had worn for the disco competition she had won. She chose a pair of bright red knickers to wear under the skirt. The Agent had told her that, for the first minute and a half of her two spots, she would keep her top on and then take it off while she was still dancing, to show her breasts for the rest of each four-minute spot. Nina also pressed and ironed a short bright red flared skirt and a silver and gold top to go with it and a pair of small white knickers. Gerald instead of stripping-off as he usually did at home with her, remained sullenly and sulkily in his jeans and sweater while she got her gear ready.

On the Friday evening, Gerald took her to the Crown and Anchor. Posters were up announcing "Nina, Topless Go-Go Dancer." She clutched Gerald's arm when she saw them. He bought her a drink and she told him the manager of the pub had shown her her dressing room and she was supposed to go there to change to make ready for her first spot. By half-nine, the saloon lounge was packed tight, Nina was the very first topless dancer to appear there. There was a disco and the DJ had her two records ready to put on his deck. Luckily for Gerald, he ran into a girl he knew where he worked and she happened to be on her own. He enjoyed himself grumbling to her about Nina wanting to be a Topless Go-Go and how fed up he was that she was on tonight for the very first time.

"You jealous old thing" smiled Rose. "I do believe you are jealous, aren't you now? She may be very good. If she won that disco contest as a Go-Go girl, she must be good. I suppose you don't like her showing her tits off?"

"I don't like the idea of her dancing in public, tits or no tits" he said.

"I hear the money's very good" went on Rose. "Ten a night if not topless and twelve a night when they show off their knockers. Anyhow" went on Rose, nestling up to him, "I've always fancied you at the office. You know that. If you and Nina are going to split up over this, then you can always ask me out. I wouldn't say no."

"You wouldn't?" said Gerald, looking at her shoulder length blond hair and pretty face and lurid eye make-up. And at her knee length cream skirt and her tight red sweater up to her neck and at the shape of her obviously braless breasts beneath it.

"Of course I wouldn't silly" she

giggled, putting her arm round the waist of his tight jeans and looking at his crisp, fresh check shirt.

At half nine, the DJ announced Nina on stage. On she came, looking brilliantly beautiful in her white outfit. She danced the minute and a half with her top on and then to a great cheer, took it off as she went on dancing and threw it to the DJ who caught it deftly. Her pale cream breasts bounced up and down as she danced energetically and professionally to the orgasmic beat of the record. After her four-minute spot, she left the stage to a great roar of applause and whistles. She came on stage again and took a bow and was off once more. There would be one hour to wait before her final ten-thirty appearance. Gerald excused himself from a reluctant Rose and went to the small dressing room backstage. He went with his mind swaggering with the thoughts of the promises Rose was holding out for him if Nina went on with her plans and Gerald got fed up with her.

"You was very good" he told Nina.

"And you didn't feel jealous?" Nina asked, opened eyed.

"Nope" said Gerald.

"And you don't mind after all?" went on Nina, as she changed into her final costume.

"Nope" said Gerald once again.

"You drinking too much?" asked Nina suspiciously.

"Only had two pints" replied Gerald cheerfully. He kissed her on her cheek and left the dressing room. Straight back to the eagerly waiting Rose. Gerald pushed his way up to her, ordered her another gin and orange and himself his third double whisky. By the time Nina appeared on stage for her final spot amid great applause, Gerald had his hand over Rosie's big tit under her red sweater and was rubbing her nipple up to erection. When Nina had finished her spot to yet another great reception, Gerald took Rosie's arm and led her out of the saloon lounge, out of the pub, round a dark street and into his old banger. As the windows quickly misted up, he poked her vigorously between her open thighs, feeling her soaking wet drawers clinging to his knuckles as four fingers busied themselves right up inside her hole. As the pub was turning out, Rosie was wanking off his stiff prick as he sat back in the driver's seat.

"Don't forget, tomorrow night at eight under the clock at the firm" she said to him as she got out of his car, her short skirt rumpled and with stains of his spunk on it where it had shot down the front.

"I won't forget" he grinned back at her.

He got out of the car and made his way back into the pub and into the dressing room backstage. He went in just as Nina was signing a contract with the Agent. They drove back in silence.

A week later, Rosie was ensconced in his bedsit and Nina had gone back to live with her mother.

BERTHA'S BIG

~~DUCK-UP DUCK-UP~~

"Look honey" pleaded the film director, "All we want is to shoot a guy shooting out between your big tits, darling. What could be more simple? Sure you don't want to be screwed. Ok. So you don't get screwed, right? Sure you don't want to have to suck the guy off. So no sucking, right? Sure you don't want to be sucked-off yourself, so no sucking off down there, right? All we

want you to do, Bertha duckie, is to lie back there on that goddam divan and have this guy mount you over your colossal tits and fuck them, pointing down to your belly, see? It'll make you, baby! You'll be the talk of the town! With them 45 inch tits you will be able to call the tune in any film studio once the film has been shown."

Bertha, nineteen, tall and blond and

with these outsize breasts, had successfully auditioned for the female lead in a new blue film being made by Foxfox Films Inc, New York. The film was for release on private cinema club circuits, therefore anything could go as far as porno went.

"Big Bertha" enthused the film director. "The gal with the mostest out-front! With those tits darling, you can go

anywhere. You could even end up in Hollywood!"

"Really?" glowed Bertha, tossing her long blond hair back over her shoulders and allowing the director to flip-flop her tits up and down in the palms of his hands. "You really, mean it, Mr. Fox?"

"Do I mean it. do I mean it

already?" replied Mr. Fox, caressing a nipple here, a nipple there. "Darling, you got me so horny handling your tits its no body's business! I can see rows and rows and rows of stiff pricks sitting in the cinemas just as soon as you come on screen, baby!"

Bertha had made a few inferior blue

films and the director, having viewed them in his small projecting room, had decided to sign her up for a series of tit movies, tit-skinflicks. But Bertha was proving to be a little awkward. She had never been fucked in front of camera before. Or poked. Or had to do a hand job, on the leading man. But of course,

she would eventually have to do all that plus, if she was to keep in favour with the director and the producer of Foxfux Films Inc.

He stepped away from Bertha who was standing in a pool of white light, completely naked, surrounded by two cameramen, a continuity girl, the

producer, the director and a make-up girl, two lighting technicians and the leading man, Terry. He was sitting on a chair on set, waiting to shoot the scene where he lies on top of Bertha on the purple divan and fucks her in between her tits.

"We shoot everything for real on set

in this Company" went on the director. "No simulated sex. A fucks a fuck in this organisation. Under the terms of the fat contract you signed this morning darling, you gotta do all the scripts call for, see? But in this particular scene, you only get breast fucked. The rest comes later." "I take it" he went on anxiously,

THE PLAYBIRDS

Over the last few years *Playbirds* magazine has acquired a reputation as the best value for money "crotch" magazine on the market – explicit shots of the most beautiful birds. Now they've made their very own full length feature film called *The Playbirds*. It's the most explicit sex film ever featuring the world's top porno actresses: Mary Millington (England); Elsa "Deep Pussy" Von Krud (Germany); Erika "Deep Throat" Bergson (Denmark) and Bibi "Hot Orgy" Forbes (USA). In contrast to most sex films which contain a weak or poor story, *The Playbirds* is a fast moving thriller in its own right – but with the large sex/nude contents it's a sex thriller which really thrills AND it's the best sex film ever.

But if you'd like to find out more about the film before you see it you can in the uncensored photomontage AND the novel of the film:

i) *PLAYBIRDS* EROTIC FILM GUIDE NO 2 – "THE PLAYBIRDS"

This near 100 page magazine is packed with uncensored, uncut colour shots of the most unusual and kinky sex acts which appear in the film – every conceivable type of sex act is covered. All the stills appear with text in the order in which they appear in the film so that you can follow the story in words and pictures. See "fist fucking", group orgies, gang bangs, lesbian screw sessions, "deep throating"... yes, the lot. This is the sex film and the sex magazine you've been waiting for!
Just 95p from your local newsagent (mail order £1.20)

ii) "THE PLAYBIRDS" Photo Novel

This novel is fully illustrated with uncensored, uncut "harder sequence" stills from the film. This is the strongest, most explicit novel of all time. It has a superb plot so that the story alone will keep you thinking – combine it with the sex content and you have something very special! This novel is as strong as the notorious Whitehouse and *Playbirds* novels and as strong as anything in even the "American" readers which are sold "under the counter" in Soho. Just 90p from your local newsagent. (Mail order £1.15).

SPECIAL OFFER—BOTH MAGAZINE AND NOVEL on the film "THE PLAYBIRDS" just £2 mail order.

MAKE SURE YOU DON'T MISS "THE PLAYBIRDS" AT YOUR LOCAL CINEMA

You can see *THE PLAYBIRDS* from Thursday, 6th July at the Eros Cinema, Piccadilly Circus, Soho. Be one of the first to see *THE PLAYBIRDS*, it's showing 7 days a week continuous performances at this cinema starting at 11.00am (late night show every night at 11.00pm). "You ain't no fucking virgin, are you?"

Bertha shook her head "No I aint no virgin" she said. "I got fucked when I was seventeen."

"Good" sighed the director.

They started shooting the scene.

Bertha had had large tits from as far back as when she had been twelve and it

had seemed that they had spring up overnight. Within two months she looked like a girl of fifteen and by the time she was sixteen she was really matured under the neckline. As her breast grew so did Bertha become more and more attractive and more and more narcissistic. She entered many beauty

contests once she had left school but was eventually banned from entering finals because of the largeness of her breasts which were so conspicuous as to be likely to influence every judge in sight in her favour. She started to pose for girly magazines specialising in big bust shots and soon became known as Big-Busted-

Bertha in the trade. Her large breasts 45 inches, started to come between her and her boyfriends who reckoned she was more of an embarrassment to be seen with than an asset.

When she was seventeen, she started to be pestered by small men, middle aged small men with a decided penchant

for big-busted girls. She received many proposals from fat stubby little men who dreamed of wallowing in bed with her between her breasts, she tried several jobs as shop assistant behind the counter of various stores but, when she started to become the centre of attraction to shoppers behind the underwear counter she

worked on she was whisked away to the hardware department. The fact was that she was beautiful, as well as being the possessor of prize tits. She was altogether far too glamorous to be seen working in any public store, department or shop.

When a hard porn cameraman spied

her in a disco he made an appointment with her for the following day at his studio. He took a succession of very sexy and revealing shots of her. A week later, the photos, having been hawled around the soft porn mag publishers in London, Bertha heard from one large magazine combine. Within an hour she

was in business. She started to appear as a glamour nude in the bug bust publications. A further step up the ladder followed six months after her appearance in a glamour mag. She was introduced to a small time producer of blue home movies who specialised in films for boobs men. She starred in a succession

of silent films, backed with music, in which most of the action consisted of colour close-ups of Bertha's breast and stiff nipples being sucked and caressed and stuck between lesbian's open thighs and being mauled about by men. Harder shots showed her having spunk shot all over her by an out-of-camera view

prick.

By that time, she was living in a pricy little pad off Shaftsbury Avenue and entertaining men as a part time call-girl. Although she loved being fucked she did not like the idea of posing for blue photos showing herself being fucked, hence the hassel at Foxfux Films Inc.

Studios, New York, where she had eventually landed.

In that studio, shooting got under way. The leading stud mounted Bertha. His large and photogenic prick, its pink knob bared to the hilt, was sliding easily and hornily in-between her breasts as he knelt over her, looking down towards the

bush of gold hair over her pelvis. The two cameras zoomed in and out of her thighs, taking her cunt-reactions to all that was going on between her tits and back up her body, to shoot her facial expressions as she watched at close range, the stud's large and hairy bottom going back and forth over her tits, the cleft of

his arse revealed to her, his large hairy balls rubbing in and out of the creamy, billowy flesh of her breasts. Then came genuine spunking shots as he shot out all down her stomach, his spunk-shots splattering over her flesh and right into the mop of golden hair at the top of her cuntlips.

With a nod from the director, the stud bent down and, before Bertha could resist, the cameras were recording her having her cuntlips spread wide open to reveal her expanse of pink wet flesh and the opening to her hole. In went three of the studs fingers. In and out they went. Bertha squirmed on the divan under

him. But she very soon started to come as, still squatting down over her body with his spunk wet on her tummy under his hairy chest and his prick still semi-stiff between her breasts, the stud started to finger-fuck her so furiously she just had to give way and to start to come with great jerks of her body under him.

"Cut" said the director, after the two cameras had taken hundreds of frames of the delectable sight. The stud got up from her body, trailing a silver thread of spunk from the end of his knob and her wet tummy. The make up girl came forward with a towel and mopped up the stuff from Bertha's belly, and from in between her quivering tits.

"I don't want that shot shown" said Bertha, sitting up redfaced on the divan.

"Nuts and likewise bollocks" snapped the director. "It says in small print in yur contract that you agree to pose for and to act in whatever sequences asked for by the director and the Company. Otherwise you get sued for breach of contract darling, and we don't want that to happen now, do we?"

Bertha shook her tousled head. The make-up girl touched up Bertha's face and combed out her long, shoulder length blonde hair.

"In the next shot" said the director, consulting his script, "You get fucked in the kneeling position on the divan."

Bertha goggled.

"Not up your arse" soothed the director. "This aint no film about sodomy. this is a respectable, all heterosexual, non-perverted film about hooman love, see?"

"What's going to happen to me when I am on my knees then?" demanded Bertha.

"You get fucked up your hole, doggy-fashion" explained the director, while everyone listened and looked at Bertha. "And while he is fucking you, your boobs are hanging down like balloons, you see, since you are supporting yourself on your arms. He has your tits in his hands and is wolloping them something wicked while he fucks. Get the picture?"

Bertha nodded. "I don't like being filmed being fucked" she persisted.

"But fucking is good and and healthy and heterosexual" said the director, spreading his hands out. "Its a good, healthy, heterosexual film we are shooting, see? What can be more healthy than a girl being fucked rearwards while her tits are played about with?"

The makeup girl and the continuity girl sighed appreciatively from their points of vantage as they watched the stud, stiff as a poker again, with his hard round swingy bollocks between his broad thighs, mounted Bertha from behind and stuck himself up her. They watched with appreciation as his thighs quivered and trembled as his bum went back and forth, his slit opening wide as

he came out of her and closing up again as he went back into her. The continuity girl had a date with him for the night after the filming was over and she was getting a pre-view of his body and the style of his action as she watched him, her twat soaking wet already inside her little knickers up under her black skirt.

The stud suddenly quivered and started to come violently into Bertha. She squealed out loud and forced her

bottom hard back onto his prick as he tossed her tits around like footballs under her body as they hung there over the divan. The cameras went on panning busily around the couple while the stud withdrew his dripping prick for all to see and more or less collapsed on the broad divan, onto his back, his prick flaming red at the end and still stiff. The continuity girl smiled at him and gave the two finger up sign. As for Bertha, she

just heeled over onto her side, his spunk dribbling out of her expanded and still wide-open slit. The cameras took candid shots of the studs prick slowly limping down and also of Bertha's still open hole.

"Cut" said the director.

"Next sequence" read out the continuity girl, smiling at the stud who was now sitting up on the divan, thighs wide apart and gently rubbing his prick back

up to yet another erection. "Next sequence, the man pokes the girl between the legs" she added.

"Where else?" laughed the director, lookign at Bertha. She stood up, thighs together.

"You mean I get poked now?" she said.

"I mean, you get poked now" agreed the director. "A poke in the pig" he added. "Can you take up four fingers?" he

asked her.

Bertha, thinking of the stud's eight-inch-by-three prick, recently inside her nodded.

"I guess so" she said, in her best Americanese.

The director told her to slide down to the end of the divan, to open her thighs up with her feet on the end of the divan and her legs bent at her knees. That way, the cameras had a full-on view of her

gold hairs between her thighs, her spread-open-wide lips and her hole. The opening sequence had the stud massaging her tits and sucking her nipples, bending right over her face until his stiff prick was almost in her mouth. His balls were, anyway. Almost. The more he sucked her stiff nipples, the more the camera between her thighs was able to record the pulsings and the twitchings of her open cunt as she started to come. She

shot out a lot of sticky white girls love-juice as the stud sucked her.

"Fine" said the director. "About the best cunt-coming shots we ever did see in this Foxfux Films Inc. studio."

Bertha was finger-fucked by the stud and his four fingers produced a great deal more of her milky ooze as she writhed up and down in ecstasy.

"You are a natural, honey" enthused the director, as Bertha got dressed again in her white drawers after the session.

At the moment, Big Bertha is the star of no less than six blue movies at present on show in New York at private sex cinemas. Her films are also exhibited in Scandinavian countries. She still objects, however, to being filmed in fucking sequences, although she is always agreeable to being breast-fucked in front of camera. The director of Foxfux Films Inc. is negotiating with a small Parisian theatre for her to star in a live sex show in the French capital. But so far, the girlie mags report, she has still not agreed to appear in the flesh before hundreds of people nightly.

She has had her breasts insured by Foxfux Films Inc. and has become their sole property. She has agreed to appear as a Star-stripper at a night club in Berlin for a short season. The director has taken her under his wing in a manner of speaking, for he takes her to bed some nights of the week and takes her tits under his thighs and under his prick and balls and fucks her in her breast-cleft.

Interviewed in a Brussels newspaper, Bertha said, "A girl's best friends are her tits. Every sensible girl should do her best to develop her tits. Tits, to a girl, are like pricks and balls to a man. They signify her true sex."

Her quotes were syndicated round the world and appeared in New York, Paris, Rome, Spain and Danish newspapers and magazines. Bertha has certainly made the Big Time!

TIP-TOP TITS

Its not very often we get girls to discuss the sexual significance of their breasts. Most girls are eager to talk about their other sexual attributes and the pleasures they derive from exercise of their genital organs in sexual experiences.

But breasts are a different matter. Some girls and young women are very shy about them. Others make a fetish out of their breasts. Many females discover their breasts are

very erotic zones indeed and can achieve orgasms from playing with them and more expecially when having men play with them. It is largely a matter of mental attitude towards a girl's breasts which decides whether or not they are sexually stimulating parts of their bodies.

In these Interviews, we learn some facts about females attitudes towards their breasts...

Josephine. Age twenty

INTERVIEWER: Your bust measurement is 40. That is considerably substantial for a young girl of your age.

JOSEPHINE: Yes, so I understand from the many girlfriends I have and also of course from boyfriends of mine. Average breast measurements of a girl of my age seem to be anything from 32 to say, 38.

I: Does it please you to have such a large bust?

J: Oh, no end it does! I would say its my pride and joy because, you see, I do have a nice slim figure. I mean, I do not have to sacrifice my body statistics for the sake of having large breasts. If I had to be fat or with a thick waist and hips and bottom and thighs, then I would be very desolate.

I: It is abundantly clear you have a perfect figure topped, or capped, with a very spectacular bosom. Did your breasts start to develop early?

J: Early I suppose, for I was only twelve when they started to sprout out. By thirteen, I was quite substantial and the envy of the other girls at my boarding school. I was repeatedly showing them off to girls in our dormitory. I mean, I was being asked to but I admit I would go around naked at the top as much as possible so that I could display them.

I: Would I be right to suggest you were approached by lesbians because of your breasts? I mean, lesbian schoolgirls?

J: You would be very right! I was approached by butch girls who just couldn't keep their eyes or their hands off my breasts. Although I was aware of the sexual feelings I could get from my vagina and my clitoris, it took three butch girls at school to awaken me to the fact that I could also get orgasms from my nipples. They would suck or rub or massage my nipples until one night, after lights out, a beautiful, blonde, domineering girl called Stella was sucking my tits and quite suddenly I started to get the same sensations in my

vagina that I got from masturbating it with two or three fingers. I was completely surprised and, for a while, I thought I was abnormal or something. Until another girl told me she felt orgasms from her breasts by touching them and by having them touched. Then I knew that it was OK. It made me more conscious than ever of my breasts. By the time I was eighteen, they had developed to 39 and now, as you see, they are 40.

I: And they are still a part of your sex life sensations?

J: Oh yes indeed. In fact some fellows I sleep with get annoyed at me because I want them to give me massage rather than to masturbate my vagina and, in having intercourse, I like to turn my bottom to them and have it rearwards and tell them to massage my breasts as they screw me.

I: And some fellows don't take too kindly to suggestions that they do that?

J: No, they don't. I think there are lots of men who are not boobs-men, as they like to call themselves. I think certain men tend to be bored with breasts but, in my experience, those are men who are rather selfish in sex things and think only of themselves and what they can get out of fucking or being masturbated by me, or by other girls. Its my experience that men who take an interest in my breasts and are willing to play about with them are less selfish.

I: On the other hand, and pardon me for suggesting it, do you perhaps sometimes oversell your breasts to your boyfriends? I mean, make too much of them to the point of appearing disinterested in their sexual desires and maybe failing to pay enough attention to their sexual needs?

J: I suppose I would be untruthful if I said oh no, how wrong that is. Yes, I am afraid that, from time to time, I do rather tend to put showing off my breasts to fellows before considering letting them show themselves off to me. I know the average healthy man does like to expose his cock to his girl and maybe I might seem to discourage that in favour of my

wanting to show off my breasts and to have them sucked and massaged. How ever did you guess?

I: Not so much a guess as a question based on so many other girls whose breasts are more or less of a fetish-fixation with them.

J: I see. Mind you plenty, of the boys and young men I sleep around with and into whose cars I go for sex and that are sort of overwhelmed by my breasts. I mean, they will play with them for a long time and love to make me come by playing with them. I am never selfish with a boy who gives me pleasure that way. I mean, I do things in return for him. Its the men who go straight for my cunt and seem deliberately to by-pass my breasts who antagonise me. Like I suppose I must antagonise a boy if I go straight for intercourse with him without first looking at him or masturbating him.

I: All-in-all, you would say that your lesbian adventures at school with girls paying attention to your breasts started you off on liking to have them played with by males?

J: Yes. But it would not have been so intense had not those girls at school made me realise I could orgasm so easily from my nipples. If I hadn't been able to do so, I don't suppose my breasts and my nipples would mean so much to me. I know girls with big busts to whom their nipples and breasts are just, well, sort of neutral and they just cannot get any sensations at all from having them massaged or sucked by boys.

Sarah. Age twenty-five.

INTERVIEWER. You are the proud possessor of a bust of 42 inches. Would you like to tell me what that means to you in terms of sensuality?

SARAH: You mean, do they turn me on? My tits, I mean?

I: Yes, that's just what I mean. And if they turn your boyfriends on.

S: They certainly turn my boys on. I mean, one of them simply loves to give me what he calls breast fucks. You

know?

I: Yes. I know.

S: I think a breast fuck is great. I thought it was only this particular boy who did it until my girlfriend told me it was a regular thing with boys who liked big tits. I must say it turns me on too, specially when a boy or when this boy I mean, does it to me with his bum in my face and I can watch him going backwards and forwards to my tummy and his semen shoots out all over my tummy. I suppose that sounds a bit perverted?

I: By no means perverted. Nothing in heterosexual sex is perverted, apart from sodomy or anal intercourse as it is called. I see your figure is more or less in proportion to your breast statistics.

S: That's your way of saying I look fat?

I: Not at all. Not fat. No. By no means. I mean your other statistics are nicely in proportion to your breasts. Some girls can be very slim and have large breasts that make them look out of proportion. Top heavy, in other words. You do not look top heavy because you have a proportionate figure.

S: Oh. I see, thanks! Yes well, I suppose, I reckon my waist and my hips are sort of in proportion to the rest of me. I mean, I am sort of solid. But I find a lot of boys go for my sort of girl. I mean men of course, but I always say boys or boyfriends.

I: Yes indeed. Many men like girls of ample, well, good proportions. It gives them a sense of sensuality as well as sexuality when they put their arms round a girl with plenty of flesh on her body.

S: Yes, so boys, so men have told me. A right handful some of them call me!

I: Exactly. That is what I mean. Does manipulation of your breasts give you orgasms?

S: No way. I get pleasant sensations but never amounting to orgasms. I do know one or two girls, mind you, who can climax from sucking their own nipples or rubbing them. And of course, if a man sucks or rubs them, they can orgasm like mad. But not me. Why is that, do you suppose?

I: It's not all girls who can regard their breasts and nipples as erogenous zones. Apart from that, it's not all girls whose sexuality lets their breasts and their nipples be erotic zones. Some girls have no orgasms from inside their vaginas unless their clitorises are massaged as well. The same applies, you see, to breasts. But it is usually accepted that girls with large breasts do use them as erogenous zones because they are physically erotic zones or mental attitude towards them makes them erogenous zones.

S: Is it a failing on my part, then, that they do not excite me in that manner?

I: By no means. Mind you, many sexually skilful men can make a girl so very conscious of her nipples and her breasts that they do eventually grow very sensitive to finger touch and to the feel of male lips on them. The girl learns how to translate such pleasurable sensations in terms of orgasms and gradually finds

herself able to orgasm from tactile touch and sucking of her nipples.

S: I know a girl who comes by having her breasts smacked by her boyfriend and also by having her nipples squeezed and twisted and also by having them gently bitten.

I: That is entering the realms of sado-masochism which is an unpleasant and an unnatural manifestation of sexual pleasure.

S: Why unnatural?

I: Unlawful as well, in fact. The theory, upheld by legal minds and the medical and psychiatric bodies is that sado-masochistic practices breed violence, rape and sexual assault and even murder. Those things are perversions of the normal sexual urges and are therefore unnatural and undesirable.

S: I love to be spanked on my bottom by a man for some imagined or pretended naughtiness. Like a little girl. Is that sado-masochism?

I: Of a very mild kind. If it does not extend to whipping or caning that really hurts or injures the flesh or brings forth blood, then it does not go above the spanking scene. But the law objects to it as a literary or a photographic subject.

S: I would never want my breasts to be maltreated in any way.

I: Good.

Mary. Age thirty.

INTERVIEWER: You are a large breasted young woman. Would you care to tell this magazine if you derive any sexual pleasure from the fact your breasts are nearly 45 inches?

MARY: Well, yes, I do, you see. I have never had any children and I will one day, I hope have a child. But at present, unmarried, and with lots of men friends, I like to keep my breasts just so, as they are. Because I know I get lots of men because of them.

I: Love affairs, you mean?

M: Hardly love affairs! I have so many men there is no time for love! Anyhow, I don't really want love. I mean, I am so busy enjoying sex that love would rather put the breaks on it, I think. I am a very sensual woman.

I: Yes. You certainly look so. Are you sensual because of your breasts or do you think you would have been sensual had your breasts been smaller, more average?

M: Oh no. I think my sensuality and sexuality dates back to age fifteen when I started to get large breasts. By then they were 34 for my age. At seventeen I was 40. Enormous for so young an age. Boys were after me like a shot! I was screwed at early seventeen and that was more or less it. I realised my sex potential and thought it was most certainly because of my extra large tits. But I do not exactly get sexual sensations from having large breasts. It is all in my mind, I tend to think. I mean, I love my breasts and I love the way men love them. In love with them myself most certainly. Self love. Very naughty of me!

I: To express that self-love, can you, do you masturbate yourself by sucking them for I am perfectly sure you can do so if you wish?

M: Yes, I can. quite easily. I can get my nipples in my mouth in a sitting up position. And I have done so. But I fail to get orgasmic sensations from so-doing. Or by rubbing them with my hands. Men try to bring me off with masturbating them. It does succeed in turning me on, mind. I mean I do get orgasms from being rubbed and sucked on my cunt after my tits have been having the same treatment. But unlike many big titted girls I know, I do not orgasm from tit treatment.

I: Do you wish you could?

M: Well, yes, I do. Often I think my big tits are a bit of a disfigurement. I mean, I am not fat all round.

I: Indeed no. You are beautifully proportioned.

M: Thank you! I mean, since I have overweight and oversize tits I often feel it is a shame I cannot get some real fun out of them.

I: Such as having them masturbated by men to orgasm?

M: Exactly. Or by being able to do it to myself. It seems rather a waste of potential sexuality actually. Specially when I have men tell me quite crossly that they know other girls who are almost hysterical when they get their tits rubbed off and sucked, you know?

I: Yes. I do know. I can well guess.

Patricia. Age nineteen.

INTERVIEWER: What are your reactions at having, at age nineteen, breasts whose statistics read 41?

PATRICIA: Often embarrassment!

I: Why embarrassment?

P: I'm quite slim really and my breasts seem sort of out of proportion to the rest of me. Fellows stare at me. Girls look at me either enviously or as if they were amused at me. Whatever bra I wear, they, my breasts, that is, flop up and down as I walk. I feel the weight of them pulling against me as I walk down a street. I simply cannot dance at discos, because, in a tight sweater or in a loose open necked shirt, they still make themselves so very obvious by flopping.

I: And what sexual reactions do you get from your breasts?

P: Sexual reactions?

I: I mean, do you use your nipples as sexual zones in order to produce orgasms and do men use them from a rubbing and sucking point of view to produce orgasms in you?

P: Unfortunately, no to both those questions. I have tried to masturbate with them as other big-breasted friends of mine have told me they can and I have got men to rub and suck me, my nipples, but no, way does that ever turn me on sexually to the point of orgasms. Mind you, I do get horny when I do it to myself and when men do it to me. I mean I get turned on to wanting masturbation and sucking and of course, to wanting sexual intercourse. Oh yes, most

certainly so.

I: If you are being vaginally or clitorially masturbated and your male partner also rubs or sucks your nipples, does not that extra treatment assist you towards orgasm, towards multiple orgasms?

P: Unfortunately, no. I often try to will it to do so but I always fail. In fact, things appear to go in the opposite direction usually. In other words, touching my tits seems to detract from the vaginal and clitoris sensations and this can often make me fail to come at all. Is that unnatural?

I: By no means. It is just that the mammary glands, when stimulated, tend to draw away your mind from vaginal, from general genital sensations, until they become nullified. As is the case with men when they have their anal canals stimulated by a girl with her fingers. It detracts from genital stimulation and, in many cases, the man's erection goes down and he fails to ejaculate.

P: I see. How very complicated it all seems, to be sure!

I: Oh indeed, it is all very complex!

P: I have been told I would be a great success as a topless Go-Go girl dancer!

I: I have to agree with that! Of course you would. You have the figure, slim and shapely. And you also have an attractive sensual face. And your long red hair would look wonderful on stage and pub and club lighting. And I have little doubts but that your legs are excellent.

P: Well, thank you! Yes. I have got pretty decent legs.

I: Well, have you considered being a Go-Go topless?

P: I really don't think I would have the nerve to do it. I shudder at the thought of showing off so much floppy tit on stage in front of loads of men. Although of course, I know the whole thing about topless dancing is to show off large moving breasts.

I: It is indeed. Very sensual and very stimulating for most men! Even for women.

P: I have been told I could earn about ten pounds per session of two or three

spots.

I: You certainly could.

P: Changing the subject, is it true what men, and girls say that the more a man flogs a girl's breasts up and down, the more the breasts are likely to develop?

I: It is the general theory. Unsupported, perhaps, by medical opinion or at least, not necessarily substantiated by them. But I would say the fact remains that the more physical stimulation the breasts receive from a man's hands, the more electricity that is passed from his hands to that part of a girl's body, the more her breasts are likely to become developed. It strikes me as being sound enough theory. I have personally seen many girls whose breasts have appeared to develop more when they have started going with a man in a happy love relationship.

P: On the same basis, then or the same theory, the more a girl massages and masturbates a man's prick, the more it will develop and the larger it will grow when it gets erect?

I: Unfortunately for men, it does not, by any means, work out in that quite delightful fashion!

P: What a pity!

Margaret. Age twenty-five

INTERVIEWER: With a breast statistic of 45, do you experience any embarrassment?

MARGARET. No way, you see, I capitalize on it.

I: In what way?

M: I am a call-girl. I specialise in boobs-men, of whom, believe me there are many in existence.

I: That is certainly very true. And where do you operate, if I may ask such a question?

M: Certainly. I work in Mayfair, in Sheperd Market, where as you may well guess, I command very good fees.

I: Yes. Of course. That place is most famous. And very moneyed.

M: Exactly. And there are lots of rich, middle aged and older men who just love my tits, I find older men like tits more than younger men. I suppose its a sort of

yearning to return to their childhood, their infancy days, when they were at their mum's breasts!

I: Quite an interesting theory!

M: I find lots of men like the breast-fucking scene and of course I am more than well-equipped by Nature to supply that service.

I: So I can imagine.

M: It amuses me very much, as a matter of fact. It is a funny sort of masturbation for that is what it really amounts to I think. Most men who do that to me do not require intercourse. It is an easy way out for me. All I am required to do is to watch at close range while a man does it to me between my breasts, in the cleavage, you know, either facing me upwards towards my neck, or downwards towards my twat! Either way, the bloke knows I have a fucking good view of his arse going up and down in the facing position or of his prick coming in the facing up position.

I: But I take it you do get clients who wish to touch and to suck your breasts and nipples?

M: Oh yes indeed so. They are the 'return-to-mummy' blokes, I always think who like to think they are sucking their mum's tits. Some men are completely fascinated by the wobbly properties of my breasts and will come just by standing over me and wobbling round and round in their hands. Others love to spunk all over my tits and then they get a great kick out of rubbing it all into my nipples and breasts just as if they were anointing me with the sweet nectar of the gods! They invariably tell me that their stuff will help my nipples and my breasts grow even larger and they expect me to nod and to be grateful and to say thank you for their kindness in giving me such marvellous treatment! And I do, of course pretend that I know their stuff will improve my tits. Some men are such simple creatures. Especially when they grow older and less potent and virile and try to make up for their sexual deficiencies by that sort of thing.

I: If you had not developed such large

breasts, would you have become a call-girl?

M: I rather think not, you know. It was the embarrassment, actually, of having such large tits that prompted me to try to offset it by doing something about it and the idea of sort of selling them to men occurred to me in an amateur sort of way when I was only seventeen. But I made so much of it, so much money that is, and got so popular that I went into it full time and chucked in my job as a shop assistant.

I: You are fortunate. Usually, girls in Mayfair and in London itself have to have a man like that behind them.

M: I know, and I don't really know how long it will last. Before I have some racket money extorted from me. If it does happen, I reckon I will move out to the suburbs and rent a bedsit and cater for suburbanites.

I: So if it had not been for your large breasts, you would not have taken to prostitution?

M: No. I rather think not. I am a very sexy girl. I would have been chasing men all over the place! But more for love and sexual satisfaction than for money.

I: Do you get sexual satisfaction out of your dealings with men as a call-girl?

M: At times I do. If I particularly like a man. If I get a regular whom I take a liking to. But apart from that, no. Of course, mind you, I have good relationships with men outside of the game. Men who have no idea what I do when I am not with them. With them, I enjoy good fulfilling sex and occasionally I imagine I fall in love. But not very often. That love bit, I mean.

I: Well Margaret, many thanks for coming along and for telling me some very interesting facts about yourself!

SENDING VIBRATIONS

Dear Editor,

Since writing about sex turns me on anyway I thought I'd write to you about some of the interesting sexual relationships I'm having at the moment.

I've always been free with my body, ever since I was a little girl when I used to take my clothes off for the boys of my neighbourhood. I've enjoyed letting people do what they want to me. I know I'm attractive and I love sex so why should I put anybody off if I can see they fancy me?

Apart from occasional one night stands I'm at present having regular sex with three different people. They all work at the same place I'm working at the moment, and that's how I first met them, when I got a job at this office about three months ago. I could see my new boss, Bill, was interested in me straight away, he was all smiles, compliments on my appearance and he made every effort to chat me up. Then one day, after I'd been there for a week or so he called me into his office just before the lunch hour. I was just about to go down to the pub with the other girls, but I didn't protest, being interested in what he wanted me for. I knew what it

was all about right away when he handed me a drink (Scotch) and started telling me how lovely I looked. I went over to look out of the window and he came over and stood beside me, putting his hand on my bum. He isn't a particularly handsome man, in his late forties and slightly overweight but he's not too bad and as long as he's got a decent cock, who cares?

Anyway he had his hand on my bum but he didn't go any further. He just stood there like that talking about the view from the window, so after a while I turned to him and said,

'Look, Bill, we've got an hour before everyone comes back from lunch. If we're going to get up to anything lets not hang around!'

He looked surprised but then he gave me one of the dirtiest smiles I've ever seen and pulled me to him. He ran his hand up inside my sweater, I wasn't wearing a bra, and grabbed one of my breasts. Our mouths joined as he squeezed my breasts and nipple. I ground my crotch against him and as we embraced I could feel him begin to stiffen, then I stepped back and began to undress. When I'd pulled everything off I

slowly turned round so that he could see all of me and by the time I'd completed my little pirouette he'd got his prick out and was slowly masturbating.

'So that's what you like, is it?' I thought and sat down on his desk, spreading my legs and parting the lips of my fanny. He came over to within a couple of feet of me, wanking faster as I pushed a finger into my hole and t-wirled it about, sending vibrations of pleasure right into my nipples. I took my finger out and put it on his lips. Then, pushing some book and papers out of the way, I lay back on the desk and lifted my legs up until they were right over my head.

I was going to play for him a bit more as I was quite enjoying it but the sight of my open cunt and arse being so close to him was obviously too much. He staggered forward and fell on me, I still had my legs over my head, my knees were almost on the desk which was hard, pressing against my back, I begged and pleaded with him to stop but he kept going, ramming his thick rod into me. It was a good job that everyone else was out to lunch because my cries could definately be heard in the ad-

joining offices. Eventually he climaxed, half in, half out of me. I slowly stood up, feeling stiff and sore and he led me to his private washroom where I cleaned myself up and tried to get back my composure for the afternoon's work ahead of me.

I wouldn't speak to Bill for a few days, despite his attempts to get me on my own but one lunchtime I reluctantly accepted his invitation for a drink in a nearby pub. I was glad I did, too, because once there, he gave me £25 in an envelope and proceeded to apologise profusely for what he'd done.

My second relationship is of a completely different nature. Gloria who only does three afternoons a week at our place is forty one, tall, walks gracefully like an actress and is one of the most beautiful women I think I've ever seen. I instantly fell in love with her when I first saw her walk into the office. We seemed to hit it off right away although I'm almost twenty years younger than her and I eagerly looked forward to each afternoon she came in. I don't know if she realised what I felt about her, at night I could always bring myself to an orgasm by thinking about her body, although I never saw much of

it because she would always wear long elegant dresses or trousers, but the thought of what was underneath almost drove me crazy. Out of the blue one afternoon she invited me round for supper that evening. I had been praying that she would do this, because as I live at my sisters place its impossible for me to invite anyone round if I want to be alone with them. anyway, I eagerly accepted Gloria's invitation and turned up on her doorstep at 7.30 in a knee length skirt which had a split up to the hip on one side and a sweater with a very low

neckline and, of course, no bra. She had cooked a delicious meal which we ate with a couple of bottles of wine and as I sank into her sofa after we'd finished I felt very warm and mellow, I was still hungry but not for food, I wanted her, Gloria, but I still didn't know if she wanted to make love to me. As she sat down next to me on the sofa she handed me a couple of folders and I opened them. Inside was a collection of beautiful photographic portraits of her that had obviously been taken by an expert photographer. She said they'd

been taken about ten years ago but she didn't look any different then as she does now. As I leafed through the folder the pictures changed from close-up of her face to ones of her sitting on a chair and standing in the middle of a room that had nothing else in it and as I turned to the last picture I caught my breath, it was of her lying naked on a bed. I turned, in amazement, to look at her but before I could say anything her arms were round me pulling me closer to her and her lips were suddenly on mine, forcing them apart for the entrance of her hot tongue. Yes, she wanted me! She forced me back down on the sofa and ground her urgent body against me, her breasts onto mine, her crotch against my crotch. I was about to try and get a hand up her dress for a feel of her pussy but before I could she got off me and stood up. I watched, panting with lust, as she unzipped the long gown and stepped out of it revealing, to my delight, her naked body, naked, that is, except for black suspenders and stockings. Her body was full and mature and had obviously been well looked after and well loved. Her breasts were big and round with huge dark red, almost black, nipples. The hair round her cunt was thick, to say the least and the lips of that juicy twat hung down and glistened between the black curls. She knelt down in front of me and as I bent down to kiss her and felt her naked tits her hands ran up my thighs but when they encountered a thin barrier of cotton, all but wet, over my sex she drew back.

"Shame on you!" she said in a mock serious tone, "wearing panties, a sexy little bitch like you! You can wear them anywhere else but as

soon as you come into my house, you take them off! Come on now, off with them!"

I eagerly obeyed, squirming about on the sofa slipping them off. My skirt was next, then for good measure, my sweater. As we kissed again her hands ran all over me, caressing and pinching my nipples until they were as hard as stones and fingering my, by now, very wet pussy. I was trying to get a feel of that lovely gash I knew she had between her legs and as soon as I found it I went to work, stroking the hot flesh and rubbing the wet lips together. She whispered in my ear "please lick me, darling, lick me out for God's sake!" I stood up as she positioned herself on the sofa with her legs up and her fingers holding the lips of her huge cunt apart. what a big one it was, too! I sometimes think my fanny sticks out a bit too much but hers was positively gigantic and as I lowered my face down onto it, after kneeling in front of her, I was engulfed by her hot wet flesh. Her clit was not difficult to find, it stood out like a little penis and my tongue was soon driving her to distraction by playing with it. She quickly orgasmed but held my head against her as I licked, sucked and chewed her, trying to make her climax again. Her body shuddered and she let out a scream as another one tore through her, bathing my face in love juice at the same time.

I slid first one, then two, then three fingers into her and moved them in and out as I continued to carress her throbbing clitoris. She wouldn't let me stop and between sighs and groans begged me to "Go on, keep going, lick me off you lovely girl." She seemed to be having one long orgasm now and her body was thrashing

about so wildly it was difficult for me to hold on to that most sensitive part of her but eventually her orgasms began to subside and she seemed to have had her fill. As I pulled my face away it was positively dripping with juice from her pussy but as exhausted as she was, Gloria licked every last drop of it from me. Then, after a brief rest, it was my turn to be loved. She spent a long time on my breasts and nipples and I must admit, she was so skillful that I almost came just by her caresses on that part of me, but when she turned her attentions to my cunt I realised what an experienced lover she was.

She would take me to the brink of orgasm but then sensing that she would stop and turn her attentions to some not quite so sensitive part of me, like my thighs, so that I wouldn't climax but then, gradually and almost without me realising, she would start on my cunt again and drive once again to the point of coming when she would again stop just in time. I knew that unlike her string of orgasms I was due for one big one, but for what seemed like ages she would stop just before the vital moment, each time seemingly getting closer to the point. Then it happened, she took me to paradise! My cunt, then my whole body was on fire, my orgasm ripped through me and I shouted and screamed in pure ecstasy as a million volt current seemed to flow from her tongue through my whole naked vagina.

We both lay back

exhausted and neither of us moved for another ten minutes, we were so knackered. Apart from kissing and a bit of mutual breast feeling we didn't make love again that evening, deciding to leave it until the next time we were alone together.

The third person I'm having regular sex with at the moment is a nineteen year old boy/man called Richard. He's kind enough to give me a lift back to my sisters place every night after work, but has never asked me for any petrol money to help out, so one evening when he'd taken me home and I was about to get out of the car I asked him if I could contribute towards petrol money but then, as an afterthought, I added: "But maybe you'd like payment in some other way!" I am a randy little bitch, aren't I?

"What other way had you in mind?" he replied, smiling.

"Well," I replied, licking my lips, "Why don't you drive round to..... street and find out?" This is an old back street by some disused warehouses where nobody ever goes, and, sure enough, when Richard had driven us there we found we were the only car there. We started kissing and petting immediately and I was quick to unzip his trousers and get his cock out by my expert manipulations it was soon stiff and I sat back to look at it. It felt warm and smooth in my hand but was as hard as iron. I lowered my mouth down onto it and started to lick the shaft and rub it up against my

face but Richard, in a rather strained voice, ordered me to take it in my mouth. I obeyed and enveloped the lovely thing, circling the tip with my tongue and sucking hard, urging the sperm to come into my mouth. He was getting very worked up by now, as you can imagine, and rammed the whole length down my throat. I took it and continued to suck and lick for all I was worth. Eventually his hands came down onto the back of my head and he started to push up against me in a fucking motion as he let out a cry. Suddenly, hot gushes of thick spunk were gushing into my mouth and throat and it went on and on coming. He must have been saving it up for ages! I couldn't swallow all of it and some spilled out of my mouth and down my chin. I've never known that much come spurt out of a man's prick.

I give him his 'service' once a week now and although not as much as the first time he always shoots loads of come, which I eagerly drink!

So, there it is, three different lovers and three different ways of making love, what a life!

K.L.C. Ayr.

Oh, You Beautiful Doll!

Darling Editor,

As a mere woman who reads into this man's world of horny magazines, you call them adult but what is the definition of adult?, fair comment?, I'd like to ask a pertinent question.

What's wrong with womanising? The term is bandied about so sneeringly, often by superior men who have lost their really savage sex drive, but I want to know why people should get so snooty about a horny man who feels impelled to chase girls.

Now I'm not on the receiving end. I'm referring to my husband, God bless his dirty little male mind. He chases and when he catches it isn't me who gets his big fat prick. It's some other female. But I don't mind. He always returns to me and is hornier than ever.

He is a womaniser. If you and others must use that stupid word. Really, it simply means he likes women! And what the hell is wrong with that? If he didn't like women, he wouldn't like me!

Better a womaniser than a flaming pouffe.

Just my opinion! Back down all you queers. This is free speech, the very reason for the existence of a readers' column.

I don't mind my Jack womanising as long as he returns to the comfort of our home and the solace in my ample crack. That is the final thing. He returns to me. He might arse around these other bitches but it is to me that he comes back to for more than just a grind at the flesh-slit.

I think there are thousands of women in this position that is why I'm writing. Most women won't admit they are married to a womaniser. They keep the dark secret locked in their hearts. But you see once

you admit to the truth the whole thing just fades away and becomes just another man/woman relationship. Be really assured that this kind of man always returns.

Mind you, at first I was like other girls. I'm thirty now and we've been tied up in the legal marriage thing for five years, and during that time he has shagged his way through a whole queue of willing sex partners. As I say, at first I didn't go for it.

I followed him one night to a flat in a purpose-built block in this town. I'm not naming names but this bitch was older than Jack and well-known in Rugby, being in business. She was the type so often encountered now, the woman with money, position, a career and a blit that had the usual itches and urges.

The fools eve left the flat door unlocked. I walked in. I was like a thief in the night, so silent. I soon saw them on the bed, naked, writhin, moaning so sulphurously you'd think they were in agony. Christ, if they'd been cats they'd have rent the air with their howls!

A curious thing happened to me as I watched my man with this female, his cock undoubtedly up that hot gap, his hands around her big plump backside so that he could get the usual male grip. I felt my anger fade away and some sort of sexual curiosity creep into me. In a few moments, as I watched they did not even suspect I was there, I felt a strange sensual feeling enter me as they bucked and writhed. The bedside lamp shed a pinkish glow over everything. I knew this was voyeurism, the way I thrilled to see my man in the sex act with this woman. I didn't mind.

I mean, I knew he was a bit of a feller with the girls; a girl knows that about her man. But seeing the raw sex act was totally different to just knowing that a man likes to flirt.

It was after this encounter that I realised Jack was a born womaniser and that I'd have to accept it. I caught him with another girl, a pretty young thing who was onoy, perhaps just eighteen.

This was at our own home. I had been out but I returned early. They didn't know. I don't know why I crept in so quietly. Had I a premonition?

Anyway, there they were in my bed, our bed.

She was a petite blonde thing and I'm dark as the raven. She was so innocently-looking, lying there naked with Jack on top of her and fucking for all he was worth. Her eyes were wide open and so blue. She was staring at the ceiling as if being skewered by Jack's huge penis shocked and thrilled her to the core. Probably it did. I watched as his lean backside rose and fell and with every hack at her box I got a curious thrill.

It seemed very satisfying to me to think that this girl was getting the full stick. I felt a sort of confused sense that this was revenge. She wanted to be fucked, well, she was being really shagged. There was a sort of "serve her right" feeling surging through me. That and the feeling of voyeurism.

Some people get a satisfaction through watching the sex act between strangers but couldn't take it if one of the partners was their husband or feller. But I knew it didn't affect me like that. The effect it did have was to make me feel randy. And also accept that Jack was a bit of a horny whore master. I knew I could take it...

I left the house quietly. I hoped he'd enjoy the shag. He was such a big horny devil. I came back a bit later, giving him long enough to get back into his trousers and the girl to get her knickers on. When I returned she'd gone. Jack looked mighty pleased with himself and he switched off the TV and took me in his arms. That was when I discovered that a good fuck led to another good grind with me.

There are other ways in which a man reveals he is a womaniser. I mean, just take one example. We were at a party, the usual thing with drinks and music and friends. I was with Jack on a settee and there was this other woman close to him. He kept on stroking her thigh, going right up to the curve of the crotch, the warm intimate spot where thigh flesh meets the pubic bone. She smiled, looked once at me. Jack had he really hot. I bet her pussy was boiling. I bet the tender little flesh, the clit and everything were full of hot itches. If he could have shagged her on that settee he would have

done. But it wasn't that kind of party.

And the way he looks at a passing girl in the street! His eyes bore a hole right through her nylon briefs and partially ravish her blit. Every female is a walking mould of exotic flesh to Jack. He loves them.

And that's it. He's a

womaniser and I've got to accept the fact. I do...and maybe other women should do the same...so hence this letter... but all the same I squirm when soem patronising git talks glibly about womanising. Why don't they just say he likes women?

HOMO TRIANGLE COPENHAGEN HOT (Imported) MALE ACTION

A new series of strong virile male action mags. Large format to highlight the action, superb colour and reproduction – and new models, many of whom are not professionals but have been caught unawares by a friend's camera. **GAY ACTION SPECIAL NO. 1** Packed cover to cover with a variety of men, from 14 – 22, who revel in showing off their grand penises. They have a nob size that will astound and delight. Young boys of 15 with a manhood that must be 14", more active men of 19 who jointly admire their size and play together, and those who have reached 21, consenting together to attain full mutual satisfaction. Erect men, but many who stand proud with their 10" are dwarfed by the true "king" sizes of several of the others. Camera close-ups zoom straight in on every member and none of the action is missed, so that the viewer is involved with a sense of fulfilment. This is truly an advanced publication, yet we are happy to offer it at the special price of £2.50 only. **GAY ACTION SPECIAL NO. 2** This magazine again features in the same candid provocative detail the same age

groups as FRED, but there is all action throughout. Spunky indoor (bedroom) shots, and unsuspecting outdoor glimpses. The main point is the giant sizes of the organs, but when two young men lie together they get turned on looking and playing with each other, and naturally they seek greater fulfilment, contact and relief together. All this is clearly shown, but it shows how happy two men can be together and how completely satisfied they can be. Big boys throughout, and big value for money at the introductory price of £2.50. **DYNAMO NO. 3** Hardcore homo action from the United States showing exactly what united means. Words cannot adequately describe the sensitivity with which these photos were taken, you must have this in your collection.
