STRIPTease

PANDORA PEAKS

Get all of the inside dope on Burt Reynolds and Demi Moore in this exclusive **SCORE** interview with "Striptease" co-star, the legendary Pandora Peaks!

Interview By Michael Uwate

Everybody who was anybody in exotic dancing wanted the role of "Urbana Sprawl" in Castle Rock Entertainment's movie *Striptease*. But, there could be only one... Pandora Peaks. Pandora is easily one of the most recognizable and popular big-bust feature dancers of this decade, and perhaps of all-time. Michael interviewed Pandora just after shooting had finished.

SCORE: The star of stage and now screen! So, tell us all about *Striptease*.

PANDORA: It's the dream that every girl in this business wanted, and I feel very fortunate that I was the one they chose. It's almost like *SCORE* was there all along. Remember, I called you before I flew out to Los Angeles for the "call-back" and again right after I got the part?

SCORE: Remember, I called you when the casting agent asked us who we could recommend?

PANDORA: There are all kinds of stories about who "discovered" me. What actually happened was director Andy Bergman's personal assistant was in

"Pandora Peaks...is a nuclear Loni Anderson...bigger breasts, fuller lips, a smaller waist, longer legs, taller..."
—New York Magazine

London. She saw a copy of that postcard that ran in *SCORE*, sent it to him and said, "I think I found Urbana."

SCORE: They were looking at a lot of girls in the adult business, weren't they?

PANDORA: Yes, they interviewed something like 900 girls for the part. Nobody really knew I was reading for the role until the very end because I just didn't talk about it. I wanted to keep it a secret.

SCORE: And, there are big-time stars in this movie?

PANDORA: There are some stars—big stars! Everybody hears about Burt Reynolds and Demi Moore, but there's also Armand Assante...He's an absolutely amazing guy! I remember doing night shots with him. Imagine, it's 3:30 in the morning and you have Armand Assante sitting next to you. You're just sitting there chatting away with the star of *Mambo Kings* and I was like, "Pinch me...is this for real?" Armand is very, very shy. After he and I met, he was so nice and genuine. Every time he sat down by me we had a conversation. We would talk about everything, even motorcycles because I had to ride one in the movie. I was asking him if he

liked television versus movies, and things like that. He's just a neat guy. I asked everybody involved with *Striptease* to sign my script and Armand wrote, "To Pandora... Unbelievable!"

SCORE: And we hear Burt Reynolds has said a lot more than that?

PANDORA: (Laughing) Oh, gosh isn't all of that crazy?! You know, Burt has a "reputation" for liking blondes—buxom blondes I might add—and I guess I fit the mold on this film. There are all sorts of stories about Burt and I, but I'll tell you the truth, even though I think the fiction is a lot racier and probably more fun. What really happened is we did this read-thru for the film. We all met at this Marriott Hotel and everyone from the cast was there. I met Burt and he said, "Hey, would you like to come to dinner with me?" I told him, "My girlfriends are with me, do you mind if they come?" He said, "No, bring them along." We all went and ate at his restaurant, "Burt and Jacks," in Fort Lauderdale.

SCORE: How many times did you and Burt have dinner?

PANDORA: We had dinner like ...one time! (Laughing) And we ate food, not each other! We had lunch. We went shopping. Besides that, we really didn't have time for anything else. Both of us were very, very busy. We were on the set all the time. My calls were at 5:30 in the morning and 4:30 during the days, and you worked until whenever you finished. Burt taught me a lot. He would sit in with me when he wasn't on camera and be there so that we could practice our facial expressions and get them just right. He said he learned that from Jimmy Stewart. I thought that was really cool.

SCORE: Okay. But what about all of those stories in tabloids like the *Enquirer* and the *Globe* about you sleeping with him and going to be the next Mrs. Reynolds?

PANDORA: (Laughing) They left out the part about the farm animals! Just kidding! The tabloids are saying everything just to sell copies and put somebody with big breasts on their cover! Actually, all the talk started in *New York Magazine*, and it was a real truthful article—spottings of Burt Reynolds hanging around with his new blonde, buxom gal-pal type of stuff. It was a cute article.

SCORE: According to *New York*

*"Demi's a babe! We
layed in her bed one
night talking about
everything from life to
waxing! We all wax!"*

"I think all women should strip at least once...just to see what it feels like. It's a release. I think housewives should dare to explore the fantasy—to be naked in front of a group of men, and have them all driven mad by wanting you...By being around strippers and stepping into their world, I realized the puritanical judgment of this society we live in. Really, there's nothing wrong with a woman choosing to strip for the right reasons." —Demi Moore, star of *Striptease*

Magazine, you're a "...Nuclear Loni Anderson...bigger breasts than Loni, fuller lips, a smaller waist, longer legs...taller..."

PANDORA: That's the article!

SCORE: For our readers who haven't heard about *Striptease*, you don't just play an extra with big breasts, you actually have a major part.

PANDORA: (Laughing) With lines and everything! I play a dancer named "Urbana Sprawl." The movie's from the book *Striptease* by Carl Hiasson. Unfortunately I didn't get to meet him.

SCORE: But, you do get naked in this movie, right?

PANDORA: Topless!

SCORE: What about the rest of you?

PANDORA: Sorry! That's what **SCORE** is for! It's only an R-rated film. I think we had enough NC-17 after *Showgirls*!

SCORE: Please, tell me Demi Moore gets naked?

PANDORA: She does! The movie has an R rating, and I don't think it's all because of me.

SCORE: Is she a babe?

PANDORA: She's *definitely* a babe! Without make-up, in jeans and a T-shirt, Demi's absolutely stunning. And, she's a "real" person, if you know what I mean. She's reachable, but she's also a star so she has to be

protective of herself. Yet, Demi will show up in her little glasses, cute little shorts, tennis shoes, and you'll look and say, "Is that really Demi? Wow!"

SCORE: Did you hang out with her?

PANDORA: Sure! We hung out all the time. She's a very professional actress. Demi plays a stripper who is fighting to get custody of her daughter back. But as a person she's very friendly and a lot of fun. She took us all out one night to Solid Gold, a gentlemen's club in Fort Lauderdale. (Laughing) Demi actually bought me a lap dance! In fact, she was buying everybody lap dances!

SCORE: I guess you liked your role?

PANDORA: *Striptease* is the perfect movie for me because it's stripping and it's teasing! You know, those are two of the things I do best! I think *Striptease* is interesting because, unfortunately, we've kind of lost some of the burlesque in exotic dancing. Now, it's just how fast can you get it off! It's a real art to keeping the tease there because sex is so open these days. Now, you can go out and see nudity anywhere. It's not like you have to sneak around. I think the "tease" aspect makes it more of an art form, and I think this movie will show much of that side of the business.

SCORE: How often did everybody look

to you, as a real dancer, a superstar, to make the movie as realistic as possible?

PANDORA: I would help out any way I could. I'll tell you, I got real close to the cast. There were six other girls who played Demi's friends—as dancer characters—and we had a very intense training and workout schedule. We were together a lot. The camaraderie was very interesting. I think, if we had six feature dancers, it might not have gone that way. But, it might not have been like that. I don't know. On the movie set I thought everybody would be into themselves and not very helpful, but it wasn't like that at all. It was interesting because some of the girls came up to me and said that after they got the part they

tried to go to strip clubs to do some research, but they wouldn't let them in. I told them that they would have to be escorted because the club might think they were of another occupation and trying to get the men out of there!

SCORE: Did you give Demi any dancing pointers?

PANDORA: Demi is a very research-oriented woman, and she takes her craft very seriously. She had already done a lot. I do remember talking to her about how things come off and how important it is that the zippers slide or the snaps are just right so it isn't awkward looking. Another hot topic was all the different shoes because that was one of the most difficult things for some of the girls. They all dance, but they don't dance in five-inch heels. And it's different for every girl. Shoes Demi could dance in, I couldn't dance in and vice-versa. She was always asking me, "How can you dance in those shoes?" And, I would always tell her, "It just takes time!" Those kinds of pointers—nothing major, but little things that make a dancer a dancer. As far as dancing, that comes from your soul and how you interpret the music. Demi had her own vision and interprets the music based on that vision, which is cool. She's a professional, but she's a little wild! She's a good dancer, too. Everybody knows Demi's really sexy, but I think they'll be surprised at just how sexy an exotic dancer she is.

SCORE: How often do you perform in the movie?

PANDORA: I have a couple of routines,

*"Burt's a cool
guy and he
has style...
But, he still
has kind of a
flat butt!"*

but you never know what's going to end up on the cutting room floor. I'm in a lot of scenes, and I have lines and I'm very visual. (Laughing) Basically, I'm like icing out there!

SCORE: I have to ask you this question, so don't get offended...Did you have sex with anybody? Burt, Armand, Demi... And, if Demi, do you have the video or some Polaroids?

PANDORA: (Laughing) I'm saving the Polaroids? I will tell you a funny story, though. Demi had a party at the house she was renting. She rented this very bizarre house in Fort Lauderdale, and she was saying, "I have to show you this room! It's so weird, I couldn't even live in it!" She took us all upstairs and there's this king-sized bed with blue satin sheets, etched mirrors behind it and mirrors above it. So, there are four girls up there, and three of us layed

out on the bed. Demi was in the middle, I'm on one side and another girl is on the left, and we're just laying up there talking about life.

(Laughing) And we're discussing whether we like to shave or like to wax, and I'm thinking to myself, "I'm laying on the bed with Demi Moore!" I guess I'm still a little star-struck by all of this.

SCORE: So, does Demi shave or wax?

PANDORA: (Laughing) We all love to wax! Don't misquote me and say Demi and I had sex, because she's a friend.

She was very kind to me. As a star, she didn't have to be kind, but she always treated the people in my industry with the utmost respect. Demi would never let anybody put down a stripper. She really tried to understand the lifestyle, and she could see the hardship the girls had to endure, as well as the fun.

SCORE: Where do you go from here?

PANDORA: I think you need a vision for yourself. I'd like to be a celebrity superstar one day because I think the body's there and that makes you stand out...because you look so different.

SCORE: For all of you reading this, Pandora's a sweetie, and even though she has a great pair of breasts and a gorgeous bum, you'll be hard pressed to top her...voice! I'm going to predict you'll probably be getting more fan mail than you ever imagined possible. Are you up for it?

PANDORA: Yes, give it to me!

SCORE: I love this job! Now Pandora, in your sexiest, I'm-a-sultry-southern gal-and proud-of-it-voice, tell the readers where they can write you...

"I do hope that *SCORE* readers will come see me." How does Rocki manage to look so gawd-damned good? "I work at it. When I'm traveling I try to find a gym or I do exercises in my hotel room to keep toned. And when I get a break I'm off to Jamaica to hang out at Hedonism II. TRACI TEEZE

SHE'S BARBIE WITH BIG BOOBS!

Nice ass, eh? At *SCORE*, we've come to realize that there are all types of girls in this world. Some you just want to fuck! (Wham, bam, later days mam!) Others, you'd love to be able to take home to mamma! (See Ma, isn't she the sweetest thing!) And, with some girls you'd be totally content to just put them up on your mantle to add a little sunshine to your life when you're feeling blue! Where does Traci Teeze fit? All three, baby!

N

ow, we won't even talk about how every swinging dick would love to snake their way into all of Traci's holes! If you've got balls, you definitely want them hanging around this gorgeous, slim-n-stacked Minnesota native! As far as taking her home to mamma, trust us, your mom would love this 24 year old! But, how about taking her fishing?

T

raci is a product of the famed Weasels' "Stripper U.," and she has some advice for girls looking to get into the business.

"I always tell girls looking to get into dancing to go in with their eyes open and have some fun! It's a great lifestyle if you like what you're doing," says this happy-go-lucky sprite, who took to dancing right out of high school, and was pho-

tographed for *SCORE* by Dee and Bob Ferguson of Nature's Eye Studio in Peoria, Illinois. "Traci's just perfect in every way!" says Dee, a former model herself who gushes about our favorite Teeze. "Beautiful, great body, and the sweetest person you could ever want to meet! I was nervous asking her for the explicit poses, but she just smiled and did them. What can I say, but 'Thanks Traci!'" Ditto!

LEGENDS
**VIRGINIA
FELSOM**

She only posed for three days, but that's all it took for Virginia to become a legend!

It was the winter of '90, and Virginia Felsom had a problem. Her breasts were too big! At least, Virginia felt that way, and all she wanted for Christmas was breast reduction surgery. But, that costs money, and the only way Virginia could get enough was in front of the camera. Photographer Peter Marchant was happy to oblige, and from Virginia's winter of discontent, a legend was born!

Peter Marchant was the only photographer to ever snap pictures of Virginia. She saw an advertisement Peter ran in a London newspaper soliciting models, called him up in December '90, and they went to

LEGENDS
**VIRGINIA
FELSOM**

work. Peter only planned to shoot Virginia for one day, but when she walked into his studio, he offered her the world to pose more. Virginia agreed to get naked for the weekend, and the weekend only. After all was said and done, Peter had the only images of this woman who would go on to become one of the most revered naturally stacked models of all-time.

Virginia only posed for one photographer and three days, so enjoy these rarest of photos!

Bra **Busters!**

THE WORDS YOU'RE LOOKING FOR ARE, "OH MY GAWD!"
AND, YOU STILL HAVE FIVE MORE BRA-BUSTING PAGES TO GO!

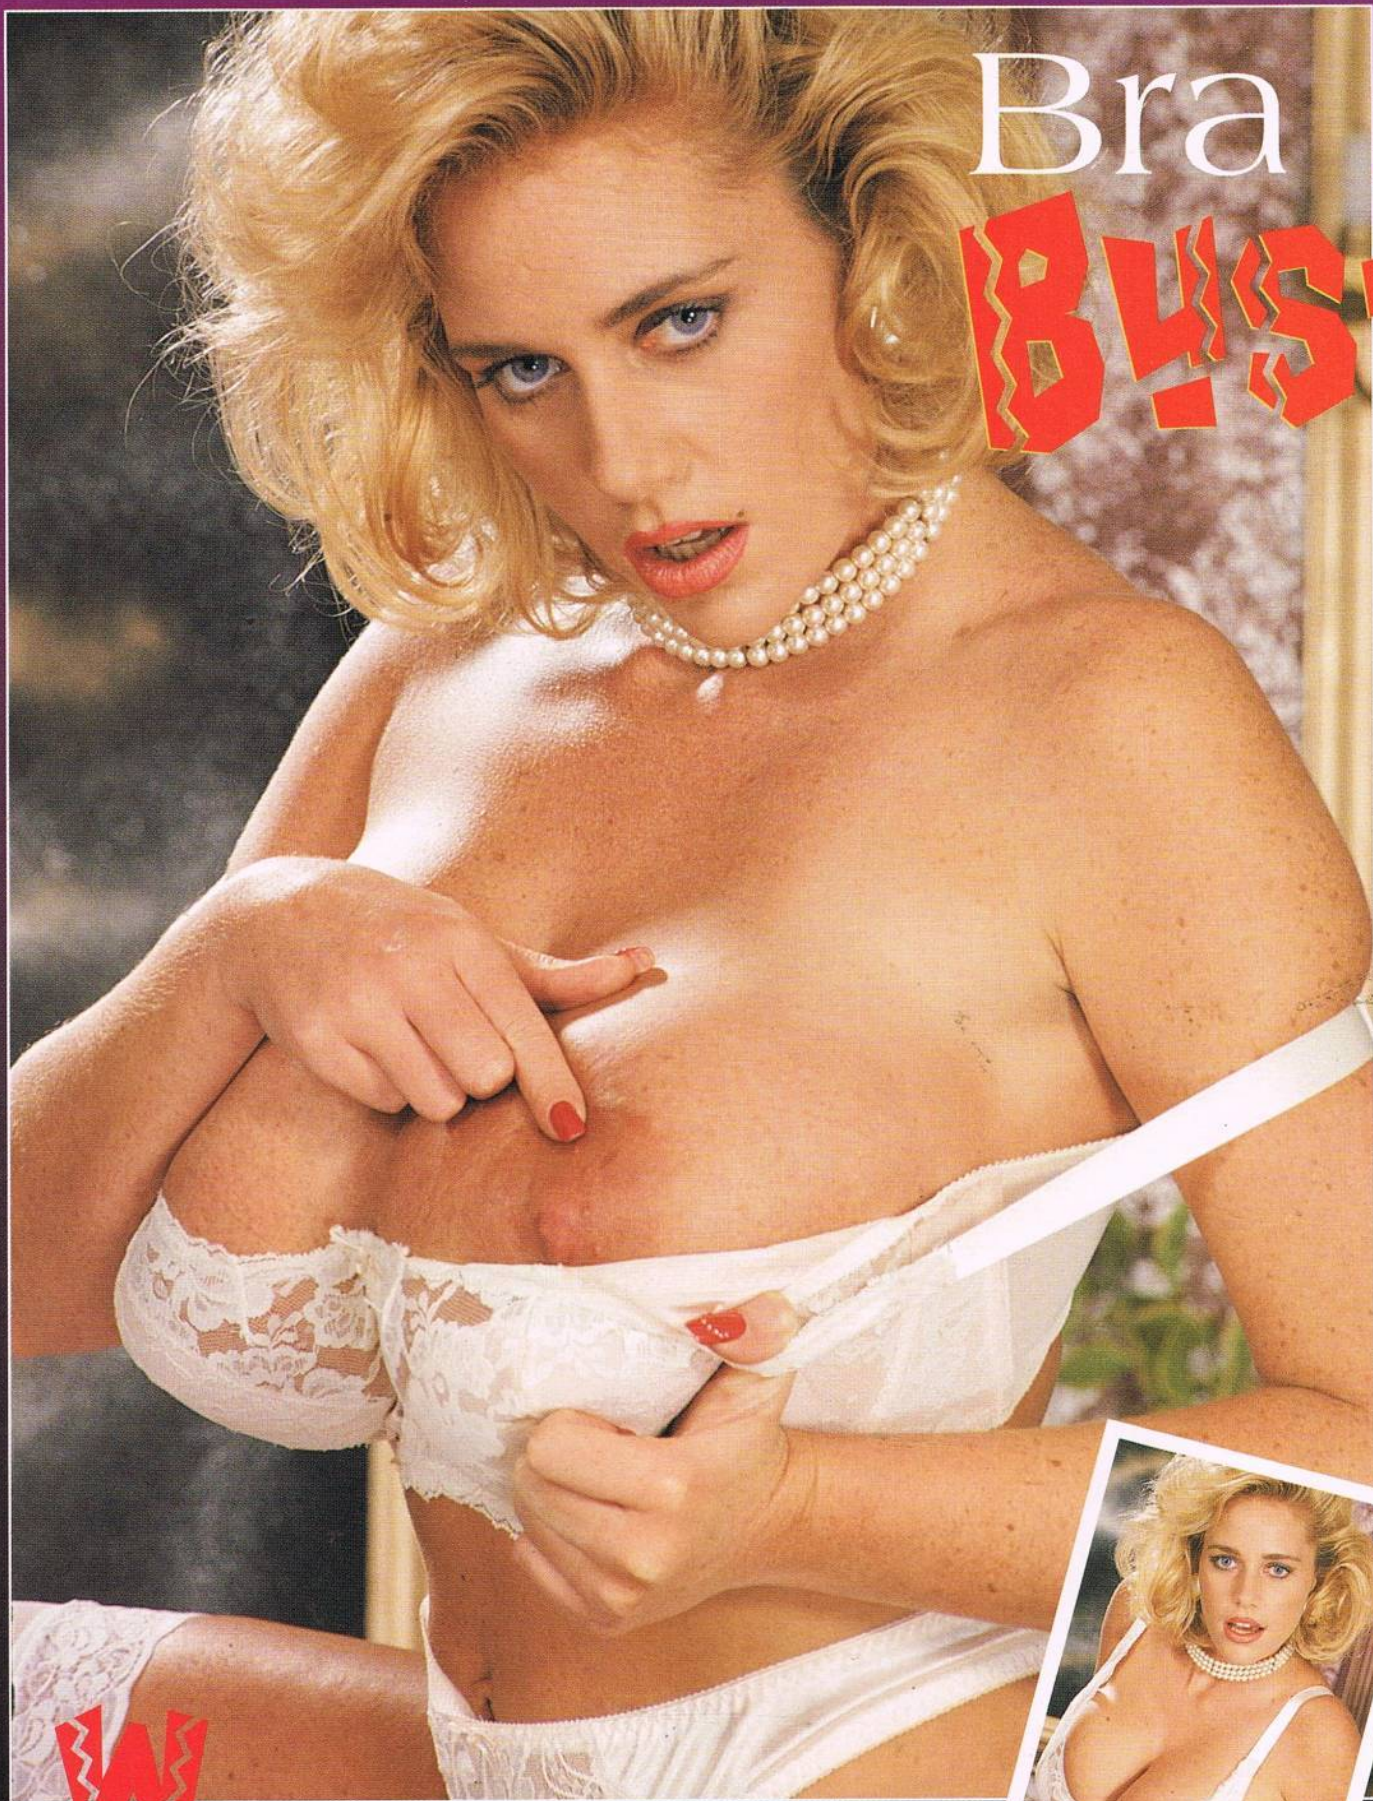

Is bigger better? If you're talking about cocks, the answer is a definite, "We hope not!" But when you're dealing with hooter harnesses, we can speak for all big-tit men with a resounding, "Fuck yeah!" So, without further adieu, break out your cranes boys, because we have some major mountains in need of big-time support! They're huge, they're beautiful, and they belong to Busty Dusty (opposite page), Angelique (left) Sarah Lee (top, right) and Toppsy Curvey (lower right). No, we're not talking about these lovely ladies' boobs! You see, for true big-tit men, the hooters are the cake, but the harness—that's the icing!

Bra

Bust

What's more cock-hardening than L.A. Bust's cleavage (this page)? The 44E-cup lace bra that holds it! Alexis Love (opposite page) prefers satin, and she illustrates an important hint for what lies underneath. Look to the straps, boys and girls—the wider the better!

Bra Busters!

For those of you still shaking both of your heads in disbelief over Busty Dusty's enormous bra on page 68, save some spunk for SaRenna Lee (right)! Honestly, guys, SaRenna's bra is so damned big you could fit your entire head in one of its cups and still have plenty of room left over! What few people know, but big-tit fans truly appreciate is that bras like these are the result of some of the world's most-educated engineers. Every piece of fabric and wire is the product of the same engineering skills that are used to design bridges and other monuments, all of which pale in comparison to the complexity within Europe DiChan's French-style, half-cup wonder (above).

In this era of Wonderbras and other deceptions, there are some cardinal rules all big-bra fans live by. Remember, wide back and shoulder straps are there for a reason—they have to suspend all of that succulent breast meat! Secondly, the hooks at the center of the backstrap are a good indicator of the size of the payload up front! Bras are made for support, and you'll never see giant hooters like Minka's (right) being corralled by a fragile "one-hooker." The more hooks in the back the better! You can spot them protruding through a blouse, because for cleavage like Busty Brianna's (below) they have to be sturdy. Go after a gal with two bumps in the back and you'll be happy. If you see three, it's your lucky day. Four hooks and you know your in the presence of a well-endowed hooter honey.

At *SCORE* it's our editorial policy to let the model tell you who she is. No, you won't find any made up stories or fantasy bullshit here! Summer
Cummings

One's dominant, the other's submissive! Together, they'll kick your ass and you'll love it!

They ain't called "Breast Wishes" for nuthin'! It's time to jerk off with two of the raunchiest girls ever to get naked in the pages of a magazine. Summer Cummings is the brunette and Skye Blue is the blonde. They've both been in *SCORE* before (Skye in May '95, Summer in June '95) and if you have those issues, you know these aren't ordinary girls. Oh sure, they're nice, friendly and ready to party. It's the way they party that sets them apart. Anal, oral, dildos, toys, bondage...you name it, and if it's kinky enough to make Tipper Gore's skin crawl, these girls have done it!

Eating pussy is nothing new for these real-life roommates, but what they really love is double-teaming a stud! "He's got to be real good, because he has to take on the both of us!" says Skye, the more dominant of this dynamic duo. "But, we'll give it to him, too!" says sweet, little Summer. "You can bet Skye will! She loves to give a guy the business! And he better not be afraid of anal work and kinky toys, either!"

Dislikes: "Arrogant, conceited people, smog, and stepping in dog poop!"

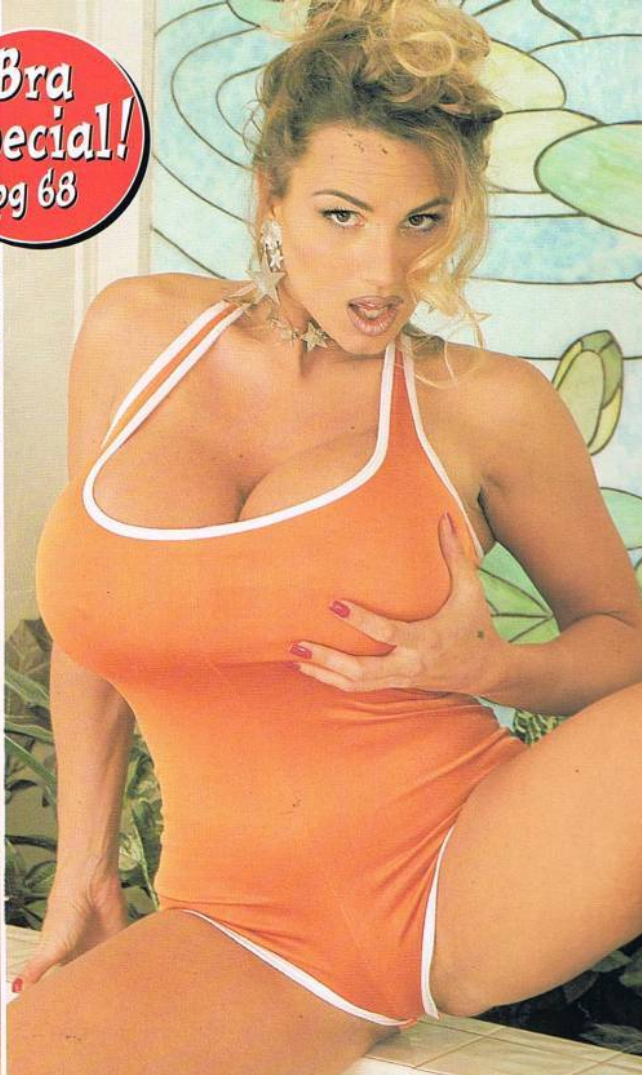

So you wouldn't mind getting in-between these two wildcats? Then hit the good ole strip joint when "Breast Wishes" cums to town. Summer and Skye have one of the raunchiest stage acts around, and when the club allows it, they're real big on audience participation. "Summer and I would fuck the shit out of a guy if a club would let us!" says Skye, who loves to have a guy nail the bejeezus out of her while Summer takes a dildo up each hole. What does Summer like?
