Special 50th Anniversary Issue

About This Cover...
For this special 50th issue of SCORE, we wanted to do something unique for the cover, and with the unveiling of Linsey Dawn McKenzie (photographed on her 18th birthday), it seemed appropriate to have Linsey appear on the cover in her birthday suit. It was a tedious task, but seven hours of body painting later and Linsey's birthday suit was a bit more glamorous, though just as revealing... If you look hard enough. Turn to page 22 to celebrate with our birthday girl and enjoy this 50th issue of SCORE!

SCORECARD

Blown Away By Summer Leigh!

Dear SCORE:

I have to admit, I've seen SCORE at my newsstand several times and have glanced through it, but those huge, monstrous titties just aren't for me. Then, I saw the Oct. '96 issue and I was blown away. Summer Leigh—that's an awesome woman! She's absolutely perfect in every way. I would say she's my kind of woman, but Summer is every guy's kind of woman! I'll be going to L.A. soon, and Summer, you can dance on my lap any time you want!—J.F., Long Island, New York

Dear J.F.: We just talked to Summer Leigh, and she is sad to report that unfortunately the rules have changed at Deja Vu in North Hollywood. Because of some police raids, the grinding is now at a minimum, as is the nudity. However, you can suck on Summer's increasingly popular toes if you want, or drop her a line at her new fan club address: Summer Leigh, P.O. Box 310, Moorpark, California 93020.

The Prettiest Feet In The World!

Dear SCORE:

When you talk to Summer Leigh again, tell her the members of The Feet Unique Club said, "Don't ever

say that the worst feature of your body is your feet!" Summer has very beautiful feet and very pretty toes. Please feature her again, posing bare foot and showing her nice, big tits. The toe ring is a nice touch, too. Wow, this lady has the prettiest feet we have ever seen! She should always wear sandals on her lovely feet.—J.E., Rockville, Maryland

Wanted: Rocki Roads' White Heels!

Dear SCORE:

May I first thank you for such a fine magazine. I am writing this letter to see if you can help me find or get information on where I might purchase the white heels that Rocki Roads wore in the Aug. '96 SCORE.—T.C., Gary, Indiana

Dear T.C.: Those shoes are available, and you can write Rocki Roads' fan club address at P.O. Box 285163, Boston, Massachusetts 02128-5163 for information on how to get them.

Melody Sure Was Foxy!

Dear SCORE:

Kudos for the interview with Melody Foxxe. She has been one of my favorite models ever since I first saw her in SCORE and I've been

Here's To The Next 50!

"Four and a half years ago, SCORE magazine first appeared on the newsstand. I remember that first issue was probably the hardest magazine I've ever created. Our computers hadn't arrived, we were negotiating with a printer and our current staff was still being assembled. But, through all the problems, we had a goal and we stuck by it—to craft a big-tit magazine by tit-men for tit-men! It was a simple formula for success—the hottest babes, the best articles, art by Otis Sweat and Duncan, and very few ads. We now celebrate our 50th issue and we're looking forward to the next 50! We couldn't have done it without you, our readers—the SCORE family. Thank you." —John Fox, SCORE Editor-In-Chief

waiting for her interview.

I don't get out to strip clubs at all, so the only way I can see Melody is in men's magazines. To share a few moments of her life and find out all about her was great. I loved the way she came out of her shell. I can see where it would be hard to just spill the beans about your life, but Melody opened up and really let us into who she was. I really liked the way you talked to her. It was like I was right there with her. Now, if I could only be driving down the road in Worcester and see her jogging! What a sight that would be!—J.S., Boston, Massachusetts

Dear J.S.: If you want to meet Melody, she dances at various clubs in the northeast. Check with the club managers to see if she's appearing. Also, Melody is sailing with us this Spring on SCORE's Fantasy Vacation '97. For more info on how to sign aboard and jog with Melody on a white, sandy beach, turn to page 52.

Excited About Vicky Vann!

Dear SCORE:

If Summer Leigh thinks that her feet look so awful, then why go to the trouble of sucking on them? Take it from someone who gets off on

women's feet, Summer, they look sensational. Both in stockings and totally bare. After this exposure, maybe Summer will take her act—and lap—on the road for everybody to enjoy!

I've never wanted to be a woman before in my life, but I would have loved to have been in Candy Cantaloupe's place in her hot pictorial with Rachel Rocketts. While I'm sorry to see Candy go, any chance to see Rachel is greatly appreciated.

Speaking of

From our readers' surveys, here's one of your favorite roses. And, from our letters this month, one of your favorite models, Melody Foxxe. She's sexy, sounds great when she cums and a future shipmate for you when she sails this April on SCORE's Fantasy Vacation '97.

things I appreciate, why on Earth would Melody Foxxe want a bigger ass? The one she has now is perfect.

Maybe there is something about a woman in uniform, but I'm willing to bet that Busty Dusty could make anything look good. No, make that great. And now, the piece de resistance in the Oct. '96 SCORE is...Vicky Vann. With this pictorial, she finally shows something that I've been wanting to see since her first layout. No, not Vicky finally showing "pink" (as exciting as that is), but that she now has a fan club. Like I've said before, Vicky is like the second coming of Christy Canyon. Also, like Summer Leigh, she has sensational, sexy feet.—W.H., Chicago, Illinois

It's been a long-time coming, but SCORE discovery Vicky Vann finally showed some pink in her Oct. '96 encore, and she has a fan club address! You can write one of the most popular discoveries of the year at: 835 East Lamar Boulevard, Arlington, Texas 76011.

More Pin-Up Style Photography

Dear SCORE:

While you do have the best magazine of its genre, that's primarily because your competition isn't very good, and even SCORE could use a great deal of improvement in the area of photography. You certainly get the best models, but you're showing them no better than your competitors do. I for one would like to see less of the pornographic style that's so common nowadays in adult magazines and more classic pin-up style.—Name and e-mail address withheld

A New Hirsute Chloe Lover!

Dear SCORE:

This is the first time I have written to any magazine, but I wanted to tell you that I have been enjoying

SCORE for about a year, and I am planning on subscribing in the near future. I have read many other adult magazines, and I think SCORE is one of the best.

I am still enjoying your Aug. '96 issue, especially "Shaving Chloe." I never thought I would be aroused by a woman with hairy armpits, but Chloe certainly proved me wrong. I don't know if it's just because Chloe is so hot, or maybe it's because it's something out of the ordinary in our country. As far as pussies and asses go, I still prefer them shaven.—S.F., Reading, Pennsylvania

"Here's The Perfect Pose!"

Dear SCORE:

My letter is about poses. There are a lot of great shots in SCORE, but here's the perfect pose. I would like to see the model kneeling down, squeezing her tits. No, not squeezing, pushing them together with her hands or forearms on the sides like great, big, fluffy pillows. This pose is a real turn-on and I would appreciate it being included in future layouts. And, please do another pictorial of SaRenna Lee. She's hot!—V.T., Nashville, Tennessee

COMING NEXT MONTH: For all you guys who like your busty babes natural, pendulous and YOUNG, 18-year-old Sandy Swanson will be making her SCORE debut next month in the Jan. '97 issue, on sale November 14th!

Interview Suggestions

Dear SCORE:

Congratulations are due for your fine publication. There are several other magazines of this type on the market, but as far as I am concerned there is no competition. The photography and writing are of consistently high quality, and I believe your approach to interviews is the thing I

most appreciate. Thank you for using the models' own words—most other magazines are insulting not only to the readers, but to the models as well. Thank you for having the class to present the models as they really are, and for treating and presenting them to us with respect.

Two of my favorite models are Pandora Peaks and Minka. I have had the pleasure of knowing Pandora for many years, and I can't say enough good things about her. Minka seems very nice as well. I haven't met her personally, but I have written a few times and her replies are always personal and very prompt. Personally, I would love to see both of these ladies featured on the cover and in pictorials as often

ON SALE NOW! The newest "Best Of SCORE," titled "Busty Covergirls" is now on sale! as possible. Both show that they care very much about their fans.

I would also like to add my vote to those requesting more fully or semi-clothed photos. I am a big fan of the 'softer,' single-girl pictorials, and hope you will continue to present these types of layouts. As it is, you consistently deliver the best pictorials and give the most respect to the models. Please keep up the good work.—T.H., Orlando, Florida

Dear T.H.: Thank you for your letter and comments. We're glad you enjoy SCORE's interviews and welcome you, and all of our readers, to send us questions you'd like us to ask the models when we interview them. You can send these suggestions to the SCORECard.

A Big-Breast Convert!

Dear SCORE:

While I'm sitting here squirming in my seat waiting for my next issue of SCORE to arrive, I thought I'd drop you people a line telling you how much I enjoy your magazine. I'm so glad I stumbled upon SCORE and decided to try it out.

What I like most about SCORE compared to other mags is you don't fill it up with pages upon pages of phone sex ads. While you do have some, yours are tastefully done and at a minimum. I won't mention names, but one magazine I get just recently started bragging, "More pages same low price." But, when I dug out my back issues and

compared the before and after, that's what the extra pages turned out to be—phone sex ads.

Bravo, SCORE.

I wrote Chloe a week or so ago and told her how happy I was to be able to write to her. You see, I was completely into hair, legs and asses, until SCORE showed me the light. I'm still into hair, but I'm now a convert and in love with the whole package thanks to you, especially the huge hooters. Amen!—J.G., Sioux Falls, South Dakota

Pick Of The Month

The first thing we noticed when *Busty Debutantes #3* came in for review was the title. That "busty" sure is on the mark, but "debutantes?" It's somewhat deceiving given that Angelique and SaRenna Lee have already appeared in H&S Sales' videos (the producer of this video), and Rocki Roads has done hardcore for Leisure Time. But, there are three noteworthy video debuts (*Debutantes #3?*), including *Voluptuous* model Gabi (this page) and the gorgeous Sarah Lee in XXX hardcore, plus Coree Monroe (opposite page, with SaRenna Lee)! Together with the other performances, this is one raunchy video and certainly worthy of being the Video Pick of the month, its title notwithstanding.

Debutantes #3

Readers of *Voluptuous* are familiar with Gabi (the busty babe on page 10 and 11), and in *Busty Debutantes* #3, she gets her XXX baptism in a big-time way—a threesome with Angelique and the seemingly omnipresent Marino. One girl we'd like to see doing XXX is Coree Monroe (page 11, brown hair), but for now it's girl-girl with a woman who loves eating pussy, but has also never done hardcore, SaRenna Lee. Both Coree and Gabi have never done video before, but you'd never know it from their performances, which are extremely passionate and very satisfying.

ROCKI ROADS
& RINGMAN

As impressive as Coree and Gabi are, the two stars of *Busty Debutantes #3* have to be Rocki Roads (left) and Sarah Lee (below). We've been waiting to see naturally-stacked Sarah in hardcore, and she is definitely worth the wait. Horny and passionate, Sarah goes at it with (here he is again!) Marino, and proves that she's as good a fuck as she is sexy. Another hot bed-buddy is Rocki Roads, who is a veteran porn star and shows why. Rocki does it all with one of the most bizarre porn-poles you'll ever see. You've got to see this guy to believe him, and the way to start is by turning to page 98 to order *Busty Debutantes #3*.

Polygram booth promoting *Barb Wire*. Even though the movie failed miserably and is destined for late-night cable television, she's still become a phenomenon, influencing lots of girls who've adopted her look.

Like that crazy old dog who lives in a shed well away from the main house, the porn showfloor was kept a bit of a distance from the massive mainstream exhibit hall. Each year, the adult section is placed further away. Last year, VSDA was held in Dallas, Texas and the X-people didn't attend at all, fearful of local authorities.

Since southern California is the very heart of the flesh business both big and small, I expected a gigantic turnout this year in the X-room. With around 60 exhibitors in attendance, it wasn't as well attended as I had initially hoped, but it was still a good showing, with the major porn companies in force as always.

No mag publishers save *Adult Video News* and *Hot Video* of France, both trade publications, and a men's rag named *New Rave* were present. I'm surprised that the Flynt organization didn't buy a booth just for the hell of it. Their headquarters are on Wilshire only a few miles away. The Frenchmen from *Hot Video*, which

Sandwiched by last winter's monster Consumer Electronics Show in Vegas, the upcoming CES and this spring's Boob Cruise '97, *SCORE* passed on taking a booth at the 15th annual Video Software Dealers Association expo. Guessing that maybe a few of the girls we see in *SCORE* might be there, I trekked over burning sands to the colossal Convention Center in El Lay, California just to see what was up.

In 1995, an estimated 5,500 adult videos were released. This staggering number will no doubt be surpassed in '96, a figure that doesn't count all those fan club and private videos sold by mail.

The image of **Pamela Anderson Lee** seemed to be everywhere, starting with a 25-foot Pamela blow-up doll that loomed in front of the building. (It was raffled off later on.)

Inside, you could have your picture taken with a Pamela look-alike at the

Greeting VSDA-goers was a gigantic blow-up doll of **Pamela Anderson-Lee**.

On the megaboob side of VSDA, pickings were a little slim. CES was a

treasure chest with the likes of **Busty Dusty**, **Minka**, **Traci Topps**, **SaRenna Lee** and **Lisa Lipps** bouncing around. During VSDA week, **Europe DiChan**, **Tawny Peaks**, **Cassandra Curves** and several other big tit stars were doing a "Booblemania" tour of Australia.

However, ultra-busty **Lori Wagner** was there to promote *Pussyman Auditions 22* made by David Christopher, who shot his load over lovelies **Busty Brittany**, **Rachel Love** and **Kim Eternity** in *Busty Porno Stars*, a *SCORE* video pick of the month. Since Wagner's video work is scarce, we hope to check out her stuff in a future Boob Beat.

Eternity was at VSDA and so was Brittany, at least for a while. Unfortunately we missed Busty by five minutes. Only by cloning yourself can you cover VSDA thoroughly.

Regardless of bra size, there was no shortage of hot looking babes, both well known names and newcomers (and rookies looking for work) on hand to sign autographs and promote their newest fuck tapes. It was a sea of lovely faces and bodies dressed in skin tight shorts, low cut tops and fuck-me platform shoes. These girls can make George Washington hard and he's been gone a while.

promote the vi

more. They just keep getting better looking every year, and in my humble opinion, more beautiful than the prettiest mainstream Hollywood actresses. Very spectacular was newcomer **Farrah**, a Florida housedancer who moved here to find suckcess.

Unfortunately, VSDA, like CES, goes ape-shit and freaks out over any flashing nipple shots. As it is, there's only a few seconds to compose, focus and fire before a passerby's head moves into the frame. On the plus side, the girls are usually very accommodating to camera carrying media and fans. What quite a few of the girls really don't care for is the fan who relentlessly sticks his video camcorder in their face all week long. Take it from me, if you go to VSDA or CES, remember what your parents told you—"Do onto others as you would have them do onto you." You'll definitely be rewarded.

Surfing the wave of publicity over her gang bang video, **Jasmine St. Claire** was walking pretty good despite having had over 300 dicks drilled into her for a fee of \$15,000. You can check out last month's Boob Beat for the pictures and story about the *World's Biggest Gang Bang 2*.

Originally an exotic dancer, and briefly a "scream queen" as **Jasmine St. Day**, St. Claire is an incredibly sexy, beautiful nympho slut with a definite plan. According to *Adult Video News*, her goal as an adult star is to make \$500,000 and get out. If this is a post-tax figure, Jasmine will have to gross more than twice that amount. She'd be better off nailing a sugar daddy millionaire to finance her plans, which a girl like her could find easily.

Responding to porn performers critical of what she did, Jasmine is quoted as saying, "When I have my half million dollars and am back to a normal career, and have money to do things with besides snort it up my nose like my co-workers, they'll still be exactly where they are...lower than my shoe."

Summer Cummings and **Skye Blue**, those superbusty sex queens of fetish, were positioned a few yards from the adult room's entrance, but a blind man could find these two in a blizzard (and have a great time in the process). Now living in Los Angeles, they work like crazy and have one of the most interesting partnerships in the adult business: They're kinky girls who are fit to be tied in satisfying their fans. I was

whipped by the time I left their booth. Fan clubbers can kneel before them for \$20 at Skye and Summer, 419 N. Larchmont Blvd., Suite #69, Los Angeles, California 90004.

Model, B-movie actress and musician **Becky LeBeau** first set up her Soft Bodies booth in the adult room. Early into

the opening day, it was clear that Becky's special brand of teasecake was overpowered on a showfloor dedicated to fucking, tit and ass screwing, gang bangs, and kink, so she moved to the main showroom where the likes of *Hot Body*, *Playboy* and other "pretty-girl" producers held forth with bikini, wet-T and rude glamour tapes.

It was a wise decision. Becky's Soft Bodies videos, so named because she

When sexy **Devin DeRay** hopped up on the counter, everybody knew the show had begun!

and her models are not artificially sweetened on top, simply can't compete for attendee attention when the product next door is *Devin DeRay Does Buttsville*. As for Devin herself, featured in *SCORE*'s Sept. '95 issue, she drew quite a flock of followers as she displayed her nubile, awesomely buxom body in a star spangled bikini. They literally ran over when she posed on a countertop.

A few days later, Becky's friend, **Danni Ashe**, joined LeBeau to promote Soft Bodies' latest release *Pillow Talk*, which features Danni on the cover. It's always a pleasure to see Danni. Her web site Danni's Hard Drive is booming and she's had to hire more staff to keep up with the workload. And, right after a Boob Beat story in the Aug. '96 issue about sexy personal assistants, wouldn't you know that Danni's beautiful right-hand gal Vanessa left her employ to get married and move away.

Now, LeBeau has started her own

Summer Cummings (left) and **Skye Blue** were two of the biggest babes at VSDA.

web site. Log on <http://www.softbodies.com> to see why she's a perennial favorite on the scream queen movie and nudie scene. Becky and Danni are such sweet girls that I commanded

Troma's Toxic Avenger to take them to my laboratory. However, since The Toxic Avenger is a superhero monster, he hit me with his dirty mop instead.

Back at the adult hall, I had the fortune of finally coming upon (well, at least meeting) the super-cool Toy (also spelled "Toi"). Having drooled extensively over her pictures since her early appearances in *Voluptuous*, I've been chasing the naturally endowed Toy for quite some time for a story in this column. Luckily, the babelicious one took some time off her busy road trip schedule for VSDA. Toy does it all: modeling, liveshows and fuck movies.

Friends who've met Toy at various clubs have told me how nice she is in person and they were right. She's funny, sharp, polite and outgoing, and looked mighty fine in her long evening gown, although a boob-crazy pig like me naturally hoped she'd be signing in a teeny bikini.

Porn star **Suzi Suzuki** gives Out Late cable guy **Ricky D.** something to smile about.

Next month we'll have that Toy Story with stuff about her that you haven't seen elsewhere. If you can't wait, you can always check out her fan club, Toy's Pleasure Chest, 1335 N. Labrea Ave., #2103, Dept. SCORE,

The Color Of Money!

If you happen to glance at this column while not being a big sports fan, you may not be aware of the current state of monetary affairs these days. Unbelievable as this will seem, here are some contracts NBA players have signed recently: Michael Jordan—\$25,000,000 for one year; Juwan Howard—\$98,000,000 for seven years with Miami and then an even 100 million with Washington; Zo Larning—\$105,000,000 for seven years; Hakeem Olajuwon—a bargain at \$11,000,000 a year; and Gary Payton—\$85,000,000 for seven years. And these are chump change next to Shaquille O'Neal's deal with the Lakers—seven years at \$120,000,000. But, don't worry about their kids getting quality educations—these guys will make millions more off endorsements! Contrast this with about 20 years ago. Gene Tenace had been a World Series MVP and was arguing with A's owner Charley Finley over a couple thousand dollars. Neither side was giving in, then Tenace received a tip from Finley's secretary—ask for the difference as a year's supply of dog

food! He did and Finley agreed, until Charley got more info. Finley kicked in the cash when he learned the dog in question was a St. Bernard!

See how well you score with questions about money in sports.

1. Who was the first baseball free agent to reach the \$1,000,000 per year plateau? It was a homecoming for this strikeout pitcher, as he signed with Houston after leaving the Angels in 1980.
2. Who was the first golfer to win \$100,000? It came in the '60s, and he's still leading his "army" now on the Senior Tour.
3. What St. Louis Cardinal Hall of Famer and star of the '40s and '50s is said to have turned down the team's offer of \$100,000 because he didn't think he was worth it?
4. Who was the first baseball star to reach the \$3,000,000 per year level? He retired this year due to vision problems after playing his entire career with Minnesota.
5. Two NBA teams passed in the 1956 draft on this center, when they refused to pay his demand of \$25,000 per year. The Boston Celtics didn't.
6. When Joe Namath signed with the AFL Jets for an unheard of \$400,000 in 1965, what NFL team had drafted

him, but couldn't match the cash?

7. What team shocked the sports world when owner Connie Mack signed the "\$100,000 infield" in 1911?
8. In the '20s, what college football star, known as the "Galloping Ghost," earned over \$100,000 with the Chicago Bears and helped bring attention to the young NFL?
9. What Yankees star shocked the nation and signed for \$80,000 in 1930. As stunned reporters exclaimed, "That's more than President Hoover makes!" he gave the classic response, "I had a better year than he did."
10. Even though this NBA star of the '60s and '70s signed a four-year \$500,000 contract with the Knicks, he was known as "Dollar Bill" because he was so frugal. He often wore paper clips on shirts to replace lost buttons, and is the only NBA star to become a U.S. Senator.

Toy said she plans on heading to college this fall, but will maintain her profile in the adult biz as best as she can. I hope so since she's got one hell of a bra-busting profile. Passing by a second time, I found Toy hanging with **Stevi Secret**, our nasty-girl columnist over at *Naughty Neighbors* magazine, who gets around more than yours truly. Honestly, if there's a convention dealing with skin anywhere near the west coast, Stevi is there. She and Toy have been good friends ever since they first met doing gigs at Showgirl Video in Las Vegas.

The **Steel Kittens** appeared for their first VSDA to show buyers their sexy brand of female combat tapes. Like Becky, they seemed a bit out of place in a section dominated by the girls who suck cock and eat cum for a living. However, they stuck it out and general manager Sheila later said they were doing pretty good business.

Head kitty Belinda Belle and nicely stacked, very impressive Kitten wrassler Hollywood were on hand to sign pictures and attract attendees looking for something erotic but not pörnotic. They too have a web site (<http://www.steelkittens.com>).

Around the bend was another femme fight group, **California Wildcasts**, where star stripper **Venus DeLight** held court. Besides the obvious appeal to wrestlemaniacs, girl-fighting tapes can be an adult alternative for store owners prohibited from renting hardcore in their community.

Over two centuries ago we evicted the British out of the colonies. They've never forgiven this slight so they've returned in the form of filthy bugger **Ben Dover** to plunder the assholes of **busty** girls and sell us the evidence. An English version of American cornholers Stagliano and Seymore Butts, **Ben Dover** (aka Steve Perry) had a ripping good time plugging his latest cheeky adventures.

Last but certainly not least, **Divine Brown** had the look of sheer joy as she stumped and pumped for *Sunset & Divine: The British Experience*. Only in America can a struggling streetwalker become a porn star and she owes it all to the LAPD and Englishman Hugh Grant. Personally, somebody's gotta do something about these Brits. They're stealin' all our women! Ron Jeremy rectifies this in the film by feeding Divine his cholesterol-bloated

super schlang that probably makes Divine wish she'd stayed a hooker.

Back at mainstream central: The real Pamela Lee made an unexpected appearance which sparked fistfights among the papparazzi jockeying for space. Even the normally blasé porn babes ventured over to catch a glimpse of her. Lee couldn't come close to satisfying all of her autograph-seeking fans, leaving many disappointed.

And so went another VSDA. I walked so much I couldn't feel my legs anymore. Next year the show returns to Las Vegas. Until then, girls and boys will be staying horizontal to fill the adult pipeline, an estimated \$3 billion-a-year industry. They weren't kidding

when they said sex sells. In a better world, women would be paying us to show our balls. Let me know when that happens.

Nude Golf, Anyone?

Imagine playing 19 holes of golf with a small army of exotic dancers at your side. That's what 160 golfers enjoyed when they signed on for the Cheetah Club's first annual golf classic at the Badlands Golf Club in Las Vegas, Nevada. During the day some of the dancers ran around or rather carted around the greens totally nude; others stayed covered up and wouldn't play drop the top.

Cheetah's is one of Vegas' better topless places with a lot of regular cus-

tomers, not just tourists. If you happened to see *Show-girls*, Cheetah's is the club where Elizabeth Berkley performed her much talked about pole licking dance.

At certain holes, there were oasis tents where golfers could cool off with a draft beer and heat up with a discounted lap dance, and as you can see from these two snapshots, the course layout was pretty good too. The tournament was held as a charity benefit for Keepers of the Wild, a sanctuary for endangered exotic animals. The event was so popular, a second tournament is planned for the future.

Cheetah's dancer Shelly, shown here, greeted golfers with her big boobs at the 18th hole oasis, causing some to drop their balls and putters. When in Vegas, check out Shelly and her twin caddies.

For two years now, big-tit hounds in the U.S. and Canada have heard the rumors. Travelers from England have told the story of a 16-year-old goddess with huge, all-natural boobies to die for! Fresh, young, curvaceous and oh-so-stacked, this gorgeous nymph is the stuff wet dreams are made of, and now everybody in the world can enjoy her. She's finally legal in the States, and now it's time to feast your eyes on 18-year-old Linsey Dawn McKenzie!

A full-page photograph of a woman with long, wavy brown hair, wearing a white halter-neck top and black shorts with a large white flower buckle. She is sitting on a dark blue couch with a purple shawl draped over her lap. She is smiling and making a 'V' hand gesture with her right hand. The background features a window with a colorful abstract painting and a white textured pillow.

we've been waiting for this moment for over two years. Editor-in-chief John Fox first met Linsey two days after her 16th birthday. Though only a teenager, Linsey had a bust reminiscent of Chloe Vevrier, and John put a big red circle around August 7, 1996 on his calendar—Linsey's 18th birthday! A month before the big day, we arranged with London photographer John Graham to celebrate Linsey turning legal with a photo shoot and a special body-painted cover! The day arrived, and here are the historic photos!

though Linsey is finally legal in North America, British readers have been enjoying nude photos of this 18 year old for two years now. In England, a girl only has to be 16 years old to pose nude, and Linsey has appeared in several British men's magazines, and mainstream tabloids like the *Sunday Sport*, where she is regarded as one of the most popular "Page-3 Girls" of all

time! How popular is Linsey? Go over to England and see. She's been on what she calls "chat shows," which are the U.K. version of talk shows, in all of the magazines—mainstream and adult—and now that her breasts are finally maturing, there's no telling how popular she'll get. "I've been waiting for this day!" says Linsey who has grown four cup sizes (now a 34GG) since she first appeared in the *Sunday Sport* two years ago, and still might be growing. "The last two years have been unbelievable—feeling yourself expand slowly, getting bigger and bigger. I swear, I can still feel it happening. Maybe I'll be even bigger the next time I'm in *SCORE!*"

The one thing that's missing here is pink, but since you can't show that in English men's magazines, Linsey has never done a spread shot. She was a little apprehensive, but Linsey promises more in her next photo shoot. Look for that, coming soon in *SCORE*. And, if you're into video of young, busty English girls, you only have to wait one more page for a video of Linsey on her 18th birthday, including exclusive footage of the painting session for this month's cover of *SCORE*!

THE ART OF TALKING DIRTY

No more lotions, potions or toys! All you need to enhance your sex life are a few dirty words and the know-how to use them!

Article By J. PAUL SUTTER

"Oh, you're so big and hard. You're harder than I've ever seen you. My pussy is so wet. I'm oozing all this juice just for you. I haven't taken a cock that big up my snatch in a long time. Come on lover, fuck me. Give me that throbbing cock and fuck me hard!"

"I want you to fuck me good and hard. Make me come. Give my pussy a fucking like never before. Make me spurt my juice all over your big, hard cock. That's it. Do it to me now!"

People might mistake those first two paragraphs for a typical call to any of the hundreds of phone sex services available these days. This is the typical conversation one might hear while talking to a phone sex vixen. But, this conversation was not taken over the phone line. Instead, it was between Stephanie and Nick, who have been married for two years.

Surprised? Don't be. Sultry sex talk is becoming more popular than ever, being touted as the hottest form of foreplay for many. When it comes to sex, words rarely fail couples who indulge in fantasy sex talk. For Stephanie and Nick, it has become an integral part of their lives. Nick, once a man obsessed with seeing his wife in lingerie and heels, is more impressed when she begins talking dirty.

Stephanie is at times surprised by the way she spouts obscenities. She was raised in a very conservative home, where four letter words resulted in a bar of soap. She says she grew up in fear of uttering any such words, even by accident. But, as they say, "The times, they are a changing."

Stephanie recalls the first time she talked dirty with Nick, approximately six months after they were married. He had been working day and night on a business deal that saw him neglecting her for several days. "We were used to frequent fucking," she

says. "I think it had been almost a week since our last sexual contact. I was getting hornier than usual for him. I had to do and say something about it."

"That night, after he had officially closed his deal, I decided to let him

know just how anxious I was to make love to him. He had barely stepped in the door when I stepped out of my clothes, touching my cunt lips. I used my most seductive voice when I began my torrid talk.

"I want you to fuck me right now," I began. "My pussy is so sticky and so hot that I'm on fire. Take your big cock and

SWEAT

snuff out that fire. Give me every inch of your throbbing love-bone. I want to smother your prick with my pussy and never let it back out!"

"To this very day, I am amazed at just how quickly that lump came to the front of his pants. He couldn't help but pull his pants down on the spot to get some relief. Nick went down on me, but before he did, he begged me to keep talking dirty to him.

"While he ate my snatch I continued with words like, 'Oh, you horny, little tongue fucker. Keep licking my slit!

am for his cock once he gets home. More couples should try this."

Dirty sex talk is taking the power of positive speaking to new extremes. While many couples spend hundreds on lotions, potions and videos to enhance their relationships, perhaps simple talking could succeed where much else has failed. Communication is the key, with an emphasis on certain words taking precedent over all others. When it comes to dirty words, they conjure up more vivid images than most other commonly used words.

An East Coast university once conduct-

resulting in more arousal. Couples who might be experiencing a tedious sex life should experiment with sexual letter words. It would help stimulate their sexual relationship."

Another sexual therapist, Dr. Brian Lozon, is a strong advocate of sex talk as therapy. But he has noticed reluctance for couples to try something so basic as talking dirty. He has found that in many homes there was strong sexual repression. This translates into later years, where the individuals still have problems vocalizing sexual

Don't ever stop! I need you to make me cum all over your face!' I couldn't believe how I kept coming up with dialogue like that. It was so natural, as if I'd been possessed by the spirit of some sex pervert.

"I kept it up until he got me off. Then, when he fucked me, I continued talking smutty. Nick is normally a passive fucker. I say that not to mean he doesn't care when he fucks me. It's just that he doesn't do anything aggressively. With me talking like that, he fucked me with a passion I'd never seen before. When he came, it triggered a multitude of my own climaxes, better than any I'd ever had before!

"That night changed us. I still talk dirty to him all the time. I also call him at the office and steam up the phone lines, letting him know how anxious I

ed an experiment to discover how words elicited visual cues. Professor Todd Undson conducted the experiment to see how the mind processed words, using both vivid and plain words. Forty students, 20 males and 20 females, were part of the experiment.

Undson used words such as "blue," "trees," "tire" and sexual words such as "breasts," "penis," "vagina," etc. Students were asked to base their responses on how strong their mental images were once the word was uttered. Undson used a 10 point system, with 10 being the strongest images.

"In both genders, the words that received the highest ratings were sexual words. They produced the strongest images. This is why phone sex services work so well. They use descriptive words that the brain processes quicker,

words. He says it's almost as if they are still afraid their parents are looking over their shoulders.

"They still find it difficult uttering profanities, even if it means helping their relationship," Lozon says. "Talking dirty seems like the ultimate sin, that is until they actually try it without any negative repercussions. In fact, it is usually only positive things that happen once uttered.

"I once talked with a couple so verbally repressed that they didn't even want to use the words 'penis' or 'vagina.' They had words like 'pee-pee' for cock, and 'hoo-hoo' for vagina. It may seem laughable for many, but they were very serious about it. I counseled them, telling them there was nothing wrong with talking dirty.

"I had them actually saying, 'penis,'

KNOW WHAT PROFESSOR? I THINK I'LL JUST CRAWL RIGHT UP THERE ON MY DAINTY PINK KNEES AND GIVE YOU A LO-O-O-ONG, SLURPY, HOT BLO-O-O-OW JOB!!

'pussy,' 'hole,' 'cock,' leading up to descriptions such as 'wet pussy,' or 'hard

cock.' It was as if the floodgates had been opened and their sexual repression began decreasing. Within a couple of weeks, they were actually using terms like, 'fuck my wet hole,' on a regular basis. Once they cross over that first hurdle, it becomes much easier and the words come out more naturally."

Marianne, a Pittsburgh legal secretary, was always afraid to utter profanity, even in the presence of her boyfriend Darryl. It went back to her Catholic upbringing where she would have to do penance if she ever said anything naughty.

"For years I still was afraid to say dirty words," Marianne admits. "That was until I met Darryl, who got me to loosen up. We even have a fantasy scenario where he acts like a teacher I had. This guy was worried the world was coming to an end if anyone swore. Darryl acts like the teacher and I'm sitting in the classroom, suddenly coming out with things like, 'Hey teach, wanna lick my wet slit? I could use a fucking hard cock up my snatch!'"

"Darryl acts like he's going to have a heart attack or something, all the while he gets hornier and hornier. I taunt him for several minutes before going up to the front of the room and begin sucking him off. Darryl still acts offended, until halfway through the

blowjob where he starts talking dirty too. It's really sexy to discover how some words can provide an aphrodisiac for our relationship."

Perhaps sex talk may be a life-saver, especially in this age where AIDS has become such a frightening force. In fact, more therapists than ever are advocating sex talk as the next best thing to sex itself.

Dr. Raymond Ferrier, a Canadian psychologist is an outspoken advocate of more people getting into hot sex talk. He has made some enemies in his profession at times, but he doesn't mind the heat.

"There is absolutely nothing wrong with people talking filthy to one another," he says. "I don't care what perversions they talk about. They can discuss

acts they wouldn't dare consider in a million years, yet talking about it is safe and pleasurable. And pleasure is what life is all about.

"Talking about it will never replace actually having sex, but it is safer for some and will not result in any disease. The only thing one could get from sex talk is a sore throat from talking too much, but that is hardly anything to worry over.

"Once people overcome their inhibitions to sex talk, it opens up a new world of erotic potential for them. In my research I've found that males are much more apt to talk dirty in a relationship, but when females get into sex talk, their words can be more sexually blistering than a male's.

"A male I once spoke with was worried that his wife wouldn't get into dirty dialogues with him. She didn't feel comfortable uttering four letter words. I told them if she didn't want to do it, there was

OH SUCK IT, MARIANNE!!! SUCK IT GOOD! I'M GONNA BLOW THIS LOAD OF NUT-BUTTER DOWN YOUR CREAMY COCK-HUNGRY THROAT!

nothing wrong with that. But, once she actually tried it, she liked it, and she even became obsessed with spouting obscenities to the point the husband become uncomfortable.

WHEN TWO PORN
SUPERSTARS GET
DOWN, IT'S NO
HOLES BARRED!

If you're a porno fan, you know who these two ladies are. Between them, they've done over 200 adult movies and what makes their first girl-girl pictorial so special is that they're also good friends. The blonde is Jay Sweet, big red is Sally Layd and this is their manual on how to eat pussy...

“I think the reason Sally and I enjoyed ourselves so much doing this girl-girl scene is because we both do it the same way,” says Jay Sweet from her vacation home on Strangeford Lough in northern Ireland. “I like everything licked! Around the hole, in the hole, all around the clit, and use your fingers. Stick them inside when you’re licking me, and when I cum finger-fuck me even harder!” When we told Sally what Jay said, and asked for her comment, it was short, but to the point... “Ditto!”

A wild woman, Sally's official moniker is "Mustang Sally Layd," and the reason is simple: "Because I'm a wild ride!" says this veteran of over 130 adult videos. And, best of all, Sally doesn't have any inhibitions. "None whatsoever! I've taken a cum shot in every hole except my ear!" says this Harley-girl, biker-chick whose sexual fantasy is ten hardcore bikers and a sturdy pool table. "I do everything. Not because I have to, but because I want to!"

Jay Sweet does it all, too, but she especially likes Sally! "You can see how much!" says this gorgeous Irish native, who debuted in SCORE's premiere issue (June '92) and did girl-girl with Sally in *Tit To Tit #5* (Available in this month's Video Club on page 98). A shipmate of SCORE's on last year's *Fantasy Vacation '95*, Jay's a passionate woman who's also an absolute darling of a person. Her voice alone is enough to give any guy a hard-on, and the good news is she's looking for a husband. The qualifications? "I'm like most women! Give me a man who's rich, extremely well endowed and good looking!" says Jay with a sultry laugh. "On the other hand, I don't want to be greedy, so I'd settle for just one of the three!" Anybody interested can send their resumes to Jay's fan club address in her Checklist, and may the best man win!

ART OF TALKING DIRTY

Continued from page 33

when it comes to language. In movies, someone can say, 'I'm going to shove this knife into your body and rip out your heart.' No one worries too much about that. But, if someone says, 'I'm going to stick my hard cock inside you and fuck you real slowly,' there is usually a warning put on the film for strong language. Go figure. Is it any wonder people are uptight about something so natural as talking dirty?"

Those who get past their initial reluctance to dirty sex talk, find that it opens up a whole world of fantasy for them. Monica and Kent of Illinois use sex talk in every aspect of their love-making. It has enriched their sex lives like never before, and they wonder why everyone won't get into hot talk?

"There are only positives about this," Monica says. "Both of us were never ones to talk dirty until we rented a porn video and heard lots of four letter words, more than in a typical video. We found that the sex talk was more arousing than the scenes. We turned off the television and sat on the sofa talking dirty to each other."

"Within ten minutes, we were so turned on! My panties were soaked. I wasn't about to question the whys or hows of sex talk in turning us on. We just learned to love this type of talk, and have used so many variations."

"One of our favorites is sitting in a darkened room," Kent adds. "All the

lights are out and we are sitting about ten feet from one another. It's a strange feeling to be in the dark, with silence at first. Then, Monica starts saying things like, 'My pussy is so wet and tingly. It's full of my hot oils. Want to finger me now and make me spurt all over your fingers?' The sound of her voice, cutting through the darkness sends chills up and down your spine."

"Then I will add how I have my cock in my hand and am stroking it, just thinking about her snatch. 'I want to slide it up your wet snatch,' I respond. 'All eight inches of my love hammer need to fuck your hole. I want to slide in your gash grease. I want to have my prick inside you and feel your muscles all around my prick. Then I want to pull out and stuff my rod down your throat!'"

"The sexual tension is so great, we can't wait to get the lights back on and actually make love. But it is the perfect sort of foreplay for us. We will never get sick of our sex talk. Although you hear the same words, it's the way they are said and where they are said that make the most dramatic impact."

In California, there was a group of people who had a tape exchange. Not a videotape exchange, but rather audio tapes. The people had never met, but they sent tapes across the state, filled with dirty sex talk. Strangely enough, there were more women in the group than men. They were no-holds-barred sexual accounts of fantasy and fact.

Jasmine, who helped co-found the group, says it was an exhilarating

experience to have strangers exchanging tapes where they talked filthy for about half an hour. "I used to exchange my tapes with this couple in Fresno," she says. "For two years we sent tapes back and forth on a monthly basis. The lady was more sexually expressive than the male. I'd diddle my pussy while listening to her."

"She used horny dialogue that was raunchier than anything I'd ever heard before. She could have worked for a phone sex service and been their best one, she was that erotic with her vivid descriptions. I miss the group, but I'm thinking of starting up another one, perhaps getting members from across the country to join."

Are there any negatives to sex talk? "Only one," says Professor Undson. "Once a couple starts talking, it is sometimes difficult to stop. If the person or couple start talking filthy all the time, such as in the presence of strangers and friends and cannot control themselves, that could become a problem. But, generally couples find there is a time and place for everything in life. It isn't too difficult separating bedroom talk from personal talk."

Based on our love of words, hot sex talk is definitely something that's going to be around a long time. So, feel free to open your mouth and say whatever is on your mind to your mate. They won't likely mind, and it can open up new avenues for love and lust. Some have said, "Talk is cheap," but in this instance, it might truly be worth its weight in gold! ☒

Rocki Roads

Get ready for two scoops
of one sexy lady in this
SCORE exclusive!

Interview By
MICHAEL UWATE

She's a porn star, nude model, feature dancer and she got her name via Ben and Jerry. Most of our readers have no idea who this young lady is, and right off the bat I'm here to tell you she's not what most would call your "conservative" type. She rides a Harley, has her pussy pierced, goes down on either gender with equal enthusiasm and practices an open sexual relationship. A wild woman, you say? True, but there's another side to this young lady that not many people see. She's also cordial, quiet, innocent in many ways and inherently shy. Wanna meet her? Get ready

for two huge scoops of *SCORE*'s flavor of the month...Rocki Roads!

SCORE: Greetings Rocki. How are you doing this morning?

ROCKI: Great! I'm on the road dancing right now. I'm sorry, could you hold on a second? I want to get a cigarette.

SCORE: Good idea! What brand do you smoke?

ROCKI: Marlboro Light 100s.

SCORE: No big stogies for you?

ROCKI: No, I did a bachelor party once and the guys taught me how to smoke them, but they weren't for me. You have to lick it, bite it and suck it...

SCORE: Talking like that is going to get me turned on!

ROCKI: (Laughing) We're really turned on here! Ringman is already getting horny listening to me talk to you.

SCORE: I'm glad you mentioned the Ringman. We're reviewing *Busty Debutantes* #3 in the Video Pick this month, and you're doing it with somebody who I would characterize as quite... "unique."

ROCKI: That's one way of putting it.

SCORE: Ringman is your boyfriend?

ROCKI: Yeah, and my roadie, promoter, best friend, bed-mate...

SCORE: Now, he's not your normal looking guy?

ROCKI: (Laughing) No! There aren't many out there like him!

SCORE: I always think of couples as either opposites or two-of-a-kind. Where do you two fall?

ROCKI: Two-of-a-kind! Definitely. We're a lot alike. You never know what's going to happen next with Ringman. You can bring him in a crowd and he'll

make everybody relax and be in a good mood. I guess I'm a lot like that.

SCORE: If the two of you are mirror-images of each other, explain yourself! He has his ears pierced 16 times, a thing through his dick and a tattoo in the most private of places...

ROCKI: Yeah, he has a rod! But, I only have two rings, one through each lip. I had a clit one about three years ago because I was told it would give me that good sensation. But, it didn't.

SCORE: When you get your clit pierced, what is that like?

ROCKI: My clit hurt more than my lips because they go under the hood. They didn't go through my clit, although some girls do. That's risky because if they hit something wrong, you can forget about cumming. My lips are probably skinnier than your ear so it didn't hurt that much.

SCORE: You're what, 22 years old, a porn star, feature dancer, magazine model and very beautiful...

ROCKI: Thank you.

SCORE: You're welcome. But, you already knew that you were beautiful.

ROCKI: No. Actually, to be honest, I'm learning to know it.

SCORE: You're kidding?

ROCKI: It takes a little time to get your confidence and consider yourself as

attractive. At least, that's how I feel.

SCORE: Haven't you always been this beautiful and sexy?

ROCKI: I don't think so. Other people have thought so, but I didn't. You know us women. We're never satisfied with how we look.

SCORE: When you were in high school, weren't you every guy's dream girl?

ROCKI: No. I was always very quiet. I was a cheerleader, but I really didn't get involved with school and all of that rah-rah stuff. I just wanted to get out. I had no idea I was going to do this.

SCORE: Tell us how it all started. You graduated high school, and then...

ROCKI: (Laughing) First I was Wendy's "Employee of the Month" in New Haven, Connecticut. That was getting kind of boring, so I started waitressing at a strip club down the street—Stagedoor Johnny's. That's where I met Ringman. One day, Ringman and a couple of dancers were going on a trip to Canada and they invited me to go with them to see if I would enjoy dancing or not. We went to The Runway in Thunder Bay, Ontario, and in this club you did it all—couch dances, lap dances, everything. I figured I would do it all at once to decide where I wanted to go with dancing.

SCORE: So, you came back to the States

ready to rock and roll?

ROCKI: Yeah, I came back and moved to Massachusetts because I wanted a change of scenery. I did a couple of amateur nights, and then I started working at The Squire for a couple of weeks, and then I worked at a club called Cabaret off Route 1. Then, a club named Matthews opened up and they had girls from *Playboy* and *Penthouse* working there. Ringman is a great promoter, and he got me a photo shoot in New York City for some non-big-bust magazines.

SCORE: You readily admit you're augmented. When did that happen?

ROCKI: Right before I went to New York for that first photo shoot.

SCORE: Give us a before and after of your breast size.

ROCKI: I went from an A to a DD and then on my last one to an EE.

SCORE: You started as an A-cup?

ROCKI: Yeah! I went a long way. You see, I really wanted to do it all at once. All of the girls I knew who had their breasts done wished they had gone bigger, because after a while the implants settle in, relax and the breasts get smaller. But, when I went to DD, the photographers told me I was too big for some magazines and not big enough for others. That's why I went bigger. It was great though, because I was in some other magazines that aren't big-bust, and I got to go to Jamaica for the first time, which is where I like to vacation now, at

"I like to cum and then have a guy give it to me hard! Then stop, and go down on me again, and then give it to me again!"

Hedonism. It's a nude resort, and it's pretty wild.

SCORE: We'll get to that "wild" part soon, but let's finish this up...

ROCKI: Okay, last January I went to the Video Awards and met with Leisure Time and I did ten porn videos.

SCORE: You went from Wendys to dancer to model to having sex on cam-

era. Was that a big leap for you?

ROCKI: Actually, it happened fast. It was great. Everything that I wanted to happen, happened, but it happened faster than I thought it would.

SCORE: Doing porn flicks was the culmination of your dream?

ROCKI: In this business I wanted the most I could get out of it. I set that goal

for myself and that's where I am.

SCORE: Take me through that first porn experience. You get naked with some strange guy, the camera's pointed your way, the light comes on and the director says, "suck!" What is that like?

ROCKI: It's not really like that. They don't say "start," they just say "stop." You know when to start. It sucks

sometimes when you're so into it and ready to cum and they say "stop." Now, when I did *Busty Debutantes* #3, John Graham just let me do whatever I wanted to and he shot.

SCORE: The last time we talked, it was after you shaved Chloe for the Aug. '96 **SCORE**...

ROCKI: Yeah, that was a lot of fun! It was so funny because she is so ticklish and I had to put the brush under her arm and she kept giggling. It was cute.

SCORE: For all of our readers who haven't had the privilege of going down on Chloe, what's she like?

ROCKI: She is very sensual—the perfect bed-mate. She's very nice!

SCORE: And good?

ROCKI: Oh, yes! Chloe's very good! On and off the camera!

SCORE: Don't stop now!

ROCKI: Off the camera is more interesting! Chloe and I were staying in the same place when I was in London and we were always together fooling around, taking baths, doing crazy things. She's wild in bed! She's like an animal! It's like she's hungry for you,

which is a good thing. She's gentle, but hungry. When you're eating her, she's really into it, and I'm the same way. (Laughing) I'd definitely do her again! She's a good lay!

SCORE: If I asked her, how would Chloe describe you?

ROCKI: Hmmm...Probably the same way! I really get into sex. The weirdest thing is, I've been with more women than men, and there are so many women out there who have no idea what they're doing during sex. It really sucks. You'd think that a woman would know the spot and what to do. It's basically stay on the clit.

SCORE: Why women, though? I love them, too, but in this business, it seems most of the women are bisexual.

ROCKI: Women are different in bed. Guys are great. I love them, but women have a different touch, a more erotic touch. Women have to work at pleasing each other without a dick. Guys can always fall back on that and just ram it home, but with women, at least for me, it's more sensual. Plus, there's that forbidden aspect, like I'm

doing something I'm not supposed to be doing. That makes it very exciting, too. Do you want to know about my first time ever cumming?

SCORE: Let me see...Your favorite book or your first orgasm? What the hell, let's go with cumming!

ROCKI: When I was younger, I had no idea what I was doing, and neither did the guys. I always thought the "pre-cum" was "it."

SCORE: Pre-cum?

ROCKI: You don't get a pre-cum?

SCORE: No, normally I just let it fly!

ROCKI: You know, right before it's ready to happen. You get that build-up. Well, I always stopped it right there because I didn't know there was anything beyond it. I thought that was it—the big orgasm.

SCORE: How long were you sailing along before you realized the world wasn't flat after all?

ROCKI: Four boyfriends later. Then, in the Hostways Hotel in East Haven, Connecticut, the Ringman ate me for four hours! What a ride! I'm telling you the truth! Four hours straight.

YOUR SHIP HAS ARRIVED!!

Fantasies do come true! All you have to do is be in Barbados March 29, 1997, and you'll set sail for the vacation of a lifetime! Imagine waking up to breakfast with Heather Hooters! Then, it's off to the beach where you can photograph Traci Topps, Chloe Vevrier and Angelique playing in the sand. Or, bring your camcorder and make your own home movies! Send for your free promotional video and experience some of the magic that is **SCORE's Fantasy Vacation!** Then, sign aboard! We're almost sold out, and with 20 superstar models coming for our 3rd annual cruise, you don't want to miss this boat!

And, I didn't cum until the fourth hour! I couldn't believe it! I thought, "Whoa! I've been missing this!" If I had known there was more, I would have done it with my finger!

SCORE: You never masturbated to orgasm before that?

ROCKI: I masturbated, but I never worked my clit like that. I didn't think the clit was anything. I got a good feeling, but I never stayed on it and then when I felt what I now know is an orgasm coming on, I would stop because I thought that the tingle and buildup was all there was.

SCORE: Now, you're an orgasm-addict!

ROCKI: (Laughing) You can give me anything and I can do it!

SCORE: If you could have only one thing to do it, what would it be?

ROCKI: I like the tongue. I really like it. I like to cum, and then have a guy just give it to me hard!

SCORE: You like for somebody to go down on you, get you off and then plow you good?

ROCKI: Exactly! Right when it's happening. Then stop, and go down on

me again, and then give it to me again.

SCORE: Yeah, I'm a big fan of that too! Now, you mentioned you've had more women than men. When you did your ten porn videos, who were they with?

ROCKI: I did one with Dave Hardman. He was gentle, because he's really well endowed but he knows how to control it. Then, Steve Drake, Nick East and Vince Voyeur.

SCORE: And the Ringman?

ROCKI: Yes, that was my last one.

SCORE: Since he is your boyfriend, travelling companion and all of that, doesn't he get a bit pissed when he watches you fuck another guy?

ROCKI: Oh no, he likes it! He gets horny while I'm doing it. We're really open about it. He's getting turned on while I'm talking to you. So am I! We're kinky like that.

SCORE: Hey, whatever floats your boat.

ROCKI: We're different than most people. I guess that would be the easiest way to explain it.

SCORE: And, you drive a Harley?

ROCKI: Yes, a big 1340 Harley Trike. I

just lay back and enjoy the ride. You know what my license plate says?

SCORE: "I Brake For Girls?"

ROCKI: "Jugs!"

SCORE: I'd rather it said "SCORE," but that's still a good one. So, aside from everything else we've talked about, you're also a Harley-girl?

ROCKI: Yeah! I'm everything-almost everything! I'm outgoing, but I'm also shy. I like to be different and I like to have fun. I'm a lot like most people, a lot like you. Everybody's different, and I think that's what makes people so much fun.

SCORE: If you could start your life all over and have a "do over," what would you do? It could be anything?

ROCKI: Oh, God! Really, I didn't expect all of this. At that point in my life, I had to make a decision about what I wanted to do, and I did it. When I started dancing, that's what I wanted to do and this was the path I charted.

SCORE: But, if you could do anything, what would it be? You could be an Olympic gymnast, a ski-bum, go on a cattle drive...anything.

ROCKI: Actually, I always wished I could sing. I don't have a good voice, which I know, but I get into the music and I do the air drums and air guitar. That's something I do when I'm by myself. I just sing away.

SCORE: Rock, opera, the blues?

ROCKI: Soft rock. I like Patsy Cline.

SCORE: I would never have pegged you for a Patsy Cline fan.

ROCKI: Well, I get into everything. Especially, doing shows you have to like all types of music. I love oldies like Elvis, but I also like Metallica.

SCORE: Here we go. Metallica falls in line with that Harley, pierced pussy motif. One thing I have noticed is that your birthday is coming up, a few days shy of Christmas.

ROCKI: That's right, December 22nd. I'll be a whole 23 years old.

SCORE: I'm almost afraid to ask, but what are you doing for your birthday?

ROCKI: Oh, I don't know. Want to know the wildest thing I've ever done on my birthday?

SCORE: Sure!

ROCKI: It was my 21st birthday, and the Ringman rented me a limo and took me out dancing to the clubs. We ended up at a dance club and we met another guy who I ended up passing ice cubes to mouth-to-mouth, until they melted,

which was pretty fast.

SCORE: 'Cause you're so hot!

ROCKI: (Laughing) You said it! I didn't! Then we went home, and while we were driving we started having sex. Ringman told the driver to roll the window down and we were going crazy doing it and the driver's just losing it. You could tell. We got back to our place and I went upstairs while Ringman paid the limo driver. When he came up we started fooling around, and all of a sudden there were four hands instead of two.

SCORE: The limo driver?

ROCKI: Yeah! And Ringman knew him too. They were friends. I didn't know this then, but he arranged everything and knew what was going to happen all night. That was awesome.

SCORE: Now, call me conservative, but the thought of my woman having sex with all sorts of people isn't too cool.

ROCKI: I don't do it that much. Usually it's guys I'm comfortable with. But, I go more for the women, especially these days.

SCORE: I hear that a lot from women in this business—that it's okay to sleep around, as long as it's with another woman. But, if you have a boyfriend or girlfriend, when you have sex with another person, as much as you col-

orize the incident, it's basically cheating, don't you think?

ROCKI: Well, everybody cheats. The way I see it, if you have two people who are open to it and understand it, then it's okay. It's a great experience, but it's something we're both very open about with each other. Plus, it makes your sex life outrageously better. It makes it more exciting. I've seen some couples who just go out and look for a fuck, and that's bad. We also have this rule that it's always together. You never cross that.

SCORE: Basically, you're still very young—22 soon to be 23. Where do you see all of this taking you?

ROCKI: Ummm...I want to meet everybody in the business and keep dancing for five more years, then open up my own club and just enjoy life.

SCORE: Speaking of enjoying life, I like to do this so our readers can get to know the models more as people than sex objects. What are some things you like? For example, I like skiing, surfing and sitting around New Years Day watching football games.

ROCKI: I like animals and riding my Harley on the beach, wearing red, white, blue and flashing. I love video games. I have the actual arcade games of Miss Pacman and Arknoid, plus a

ROCKI: I like that! No, just kidding! I...ummm...One thing that bothers me are guys who don't watch my shows. It's not a really big deal, but I wish the people who come to the clubs would take the time to appreciate what performers put into their show. I know they want to see the girl naked, and that'll happen soon enough. But, we put a lot into our shows. The first feature I saw dance was Julia Parton, and her show was incredible. I just saw SaRenna Lee perform and she was great. It would be nice if guys would appreciate the show more.

ROCKI: You need chocolate ice cream, chocolate covered peanuts, some of those little marshmallows, firm bananas, hot fudge syrup and me!

SCORE: That last ingredient sounds mighty tasty. But, where does a normal guy get you?

ROCKI: I'm underneath it! Every Friday and Saturday night I do my Ice Cream shows. Guys can eat off of me, and I have double scoop cones for them! Does that sound good to you?

Jesse, Casey, Belle Starr? The moniker changes every year or so, but those boobs are still two of the biggest in the world. She's into that western theme, and that's very appropriate, because when it comes to spitting hot lead, very few women have the breast power to get our readers off like...Belle Starr!

A

limber minx, when it comes to breast-power, it's hard to top this bodacious Belle. In fact, we were going to have this super-Starr grace our front cover, but it's hard to top the unveiling of Linsey Mackenzie. Was Belle upset? "Not at all. Sure, covers are great and every dancer wants them, but I think today's girls get too carried away with saying, 'I was on this cover and that cover.' They lose focus with the fact that they

should just be happy to be in the magazine in the first place! I'm flattered that guys get excited by seeing me naked!" Yep, there's a sweet person behind these boobs, and even though her name has changed again, she's still the same down-to-earth, good gal we know and love.

One of dancing's biggest draws, you can find Belle Starr performing at the world's top gentlemen's clubs. She puts on a dynamite dance show, and when the music stops Belle proves that she's an even better person!

What Every Man Should Know About...

Penis

You can have a longer, thicker cock in just a few hours, but first you'd better do your research!

Article By DOUGLAS COVIN

What do 99% of all men feel insecure about at some point of their lives? If you answered the size of their dicks, you're right!

With the advances of modern medicine, a prevalent belief of the 90's is...if you don't like it, augment it! In the United States alone, an estimated 3,000 men have undergone the surgical procedure referred to as penile augmentation, which adds size to the length and/or girth to the penis.

What's wrong with adding a bit where Mother Nature left off? "No one says 'boo' to a woman who wants a breast enlargement," says Los Angeles-area urologist Melvyn Rosenstein, whose fast-growing penile enlargement practice augments up to 150 men a month. "But if a man feels bad about the size of his penis and can do something about it, why should he spend ten years on the psychiatric couch instead of just having his reality changed with some simple surgery?"

There are two different enhancements currently available. A patient can add to the girth of his penis making it wider, and he can add to the length, making his penis longer when hanging or erect.

Like any medical procedure, it's not totally without risk, but nevertheless is

constantly increasing in popularity. The surgery is not limited to those who have a less than standard size penis. Anyone is eligible.

Jack McAninch, Professor and Vice Chairman of Urology and Chief of Urology at San Francisco General Hospital, conducted a survey on what exactly is a 'normal' penis size. A measurement for which, until now, no such usable standard had existed,

ANY MAN CAN INCREASE HIS LENGTH AND GIRTH BY 20-30% AFTER ONLY A FEW HOURS OF OUTPATIENT SURGERY.

according to the researchers, who measured 60 men.

Dr. McAninch's statistical projections indicated only two percent of the 60 men tested would qualify for the operation due to "subnormal" endowment, a measurement of less than 2.8 inches in length and less than 3.5 inches in girth during an erection. The "normal" average erection was between 5-3/8 and 5-3/4 inches.

To make the proper measurements of a patient's penis, at the first visit to a surgeon the patient's penis is injected with a solvent called Caberject. This causes an erection instantaneously for proper measurement and videotaping for before and after photos.

WHY AN ENLARGEMENT?

Could the men that measured "normal" size in McAninch's survey still qualify for the operation? Yes, in fact the main reason that brings patients to the decision to have penile augmentation, even more so than physical abnormalities, is self-esteem.

The emotional scars of a wife or lover complaining about a man's penis size is a rare but realistic cause, and many men do undergo the operation just to please their better half. Besides, even though a wife or girlfriend has never voiced any complaints about size or performance, it is doubtful that she would complain about any increases in size or performance. An even more common claim for having the operation is simply that of a guy who wants to look better in the locker room to impress his fellow peers.

Beverly Hills urologist and plastic surgeon Dr. Gary Alter, MD, who has performed a few dozen of these procedures states, "Any man with a self-esteem problem should go ahead and have the surgery, as long as the doctor gives him an honest assessment of what to expect."

HOW LARGE WILL IT GET?

"If you're lucky, you get an inch, an inch-and-a-half (in length), which is about an increase of 20% to 30%," says Alter, adding that the surgery can create an "optical illusion" of additional length gain by cutting a ligament. "It's done for self-esteem issues," he says, just like a hair transplant, breast implant, or other cosmetic surgery.

So let's suppose that Mr. X opts for surgery. Perhaps he's tired of being too intimidated to shower in the gym and having to walk around all day smelling of sweat. Or maybe he doesn't want any more girls making up excuses why they don't want to see him again...so conveniently after their first sexual encounter. "Your small size doesn't bother me, Mr. X, you make up for it in other ways." Sure, how

Enlargement

many times has he heard that?

So Mr. X decides to do something about it. His first step is to become educated on the procedure, which means locating a knowledgeable, board-certified surgeon.

WILL ANY DOCTOR DO IT?

There are only about 30 different doctors in the U.S. currently practicing penile enlargement on a regular basis, and only a handful, but growing number, in Europe. Being interested in possibly undergoing the procedure, the choice of a proper surgeon is of course much more important than just find-

ing a willing doctor that is conveniently located.

Recently in California, six men filed lawsuits against a Culver City doctor who billed himself as the world's leading authority on penile augmentation surgery. The suits contended that the procedure by Dr. Melvyn Rosenstein to make the men's sexual organs bigger, instead left them numb, infected and at times even "deformed."

In selecting the appropriate surgeon, Dr. Harold Reed, M.D., states that it's very difficult for an individual to meet a doctor and assess whether or not they will be receiving proper care. Dr. Reed is a board-certified urologist who has his own state licensed

Ambulatory Urological Surgical Center in South Florida.

Dr. Reed recommends a few rules of thumb to follow, to help you from ending up with a surgeon that just doesn't cut it.

Number One: A good bedside manner. Penile augmentation is a subject that most males feel uncomfortable speaking about, but a friendly doctor

With increased competition, ads for penis enlargements can be found in magazines and even your local newspaper, although oftentimes they are not as blatant as the ad that ran in the Sept. '96 issue of *Men's Health* (left). Since qualified surgeons do several different procedures, including enlargements, most ads resemble the one above, from the Sept. '96 issue of *Men's Fitness*, touting all of the services available.

helps to relieve nerves. It is of vital importance to be able to openly discuss any concerns or questions the patient might have.

"Of course, a potential doctor should be sure to get the complete pertinent history of the patient and do a thorough physical exam," explains Dr. Reed. "He should answer all the patient's questions using illustrations and photos of past patients. He should be board certified in either plastic surgery or urology because," according to Dr. Reed. "This operation is a 'straddle' operation. It doesn't fall clearly in the domain of Urology or Plastic Surgery, but somewhere in between those two disciplines."

"Ideally, the doctor should be an expert, having published articles on the subject or given lectures," says Dr. Reed. "He should be willing to discuss his past case experience so that the patient feels comfortable in knowing that he's in good hands."

Very recently, an organization has been formed called the American Academy of Phalloplasty Surgeons, consisting of about 30 doctors who specialize in penile augmentation. These are considered the best of the best, their credentials are open for scrutiny, and this organization even has a grievance and complaint committee to handle patients' concerns.

A new referral company, 213-MEN-ONLY is based in West Hollywood, California, and they claim to, "Help assist you in achieving the goals of what the medical industry has come to know are the fastest growing elective procedures available." Their knowledgeable staff helps patients from all over the world every step of the way, including everything from answering questions and recommending doctors, to actually booking flights and hotel rooms for the weekend of the surgery.

Not only will 213-MEN-ONLY fly a patient in for a no-charge morning appointment with the doctor; a private, confidential, in-depth consultation, including video and photo presentation. But, they will also, without obligation, have the enlargement procedures scheduled for that afternoon, and fly back home that same evening. Quite an adventurous weekend!

Becoming educated on the procedure, other than deciding upon a qualified surgeon raises a number of pertinent and important questions. The first, and most important for many potential augmentation patients, is the monetary cost of enlargement.

HOW MUCH WILL PENILE ENLARGEMENT COST?

The price of a bigger penis can range from \$6,000 to \$9,000 depending on what is done, and like most elective surgeries, is rarely covered by insurance. The only actual case where Dr. Reed performed penile enlargement and it was covered by insurance was that of a patient who had a preexisting condition of a bend in his penis.

"One method of correcting the bend was to open up the bend and put in filling tissue," said Dr. Reed. "The other and more common way which I performed was to create an opposite but equal bend on the other side to straighten out the penis. The disadvantage to creating a tuck on the other side of the bend is that you shorten the penis. So in this example the penis was straightened, but came out shorter and then had to be lengthened again, which the insurance company ended up paying for."

So, after the patient has come in for consultation, done all the proper research, and goes home and contemplates the surgery, interesting enough, about 20-25% of patients will withdraw from the procedure from the cultural shock of seeing all the photographs of the intended incision which the doctor is obligated to show. Suddenly, all those fantasies in the patients mind are being challenged by actual photographs and it's not quite what they imagined.

Of those who back out, about 70% will change their minds again at a later date and finally make the decision to go under the knife. Of course then there's the small formality of a non-refundable deposit, which is standard in these types of procedures.

ABOUT THE PROCEDURE

Prior to the procedure, the patient must fast for six to seven hours. On the morning of the procedure, the anesthesiologist first meets with the patient, then the nurse will meet with him, and finally the doctor will meet with him again for a final confirmation. After all the consent forms are signed, the patient is given a local anesthesia and, as with any surgery, the target area is shaved. Then the operation begins.

Most doctors recommend, although not necessary, that the patient be circumcised first. If not, the results do not appear nearly as good. The doctor will perform circumcision at the time of operation if necessary.

ack when we were putting Summer Leigh on the Oct. '96 *SCORE* cover, we called up one of our subscribers, R.P. from Beverly Hills, and asked him to hit the Deja Vu in North Hollywood to check her out and give us a full report. After Summer got R.P. off like only she can, he decided to hang out and eyeball the action. As a long-time hooter hound, R.P. knows that big titties are hard to find, and the pickings were slim. There were lots of C-cups and a few borderline D's, but like most of our readers, R.P. likes his titties and he likes them big. On his way out, he glanced back one more time and then he spotted her—red hair, pretty, slim and very stacked. A quick U-turn, and R.P. gave her a pick-up line we highly recommend...“Nice tits! You should be in *SCORE*!” The girl's name was Hunter Love, and here she is!

PENIS ENLARGEMENTS

Continued from page 69

There are two different surgical procedures to make the penis wider. The easier and more widely used procedure involves liposuctioning fat from the thigh or stomach area. This fat has a texture that appears similar to tapio-ca. It's a semi-solid material that is injected under the skin of the penis with a hypodermic needle. This leaves no noticeable scars, however, the body tends to absorb some of the transplanted fat, meaning that the girth enhancement may not last. Also, the fat may start out well-distributed but shifting can occur causing lumps after periods of time. The lumps, which are usually about the size of an almond, are fat which is rejected by the body and gathers together on one part of the penis. Some patients observing such symptoms, may require follow-up surgery to correct irregularities.

When necessary, common practice among surgeons is not to charge for these follow-up visits.

A newer, more expensive and more

elaborate, but perhaps better way of enhancing girth is with a dermal-fat graft. An incision is made around the head of the penis, and the skin is peeled down like a banana. Then, two different types of thin skin and fat are cut from the groin area where the texture of the skin is similar to that on the penis. The surgeon then wraps these strips around the penis. These extra layers of skin and fat that are added are then enclosed in the penis when the skin that was peeled down around the base is rolled back up. This procedure leaves the penis looking more natural, smoother and durable.

The surgeon will base his decision as to which procedure to follow depending upon the patient's physical attributes. A very thin person's body does not hold onto fat cells well. Therefore the injected fat cells of girth enhancement with liposuction would most likely quickly become reabsorbed by the body, leaving the lumps mentioned earlier. Hence the surgeon would recommend that a thin person proceed with the dermal graft procedure. A heavier person who has no trouble retaining the fat cells would

opt for the more simple liposuction injections of fat because there would be a much lesser chance of fat reabsorption and lumping.

Girth enhancement with liposuction fat is about a 40-minute procedure at most. Dermal grafts for girth enhancement takes about four hours.

Although most females would probably agree that girth is more important than length when it comes to sex, there is of course surgery available for penile lengthening.

To lengthen the penis, the surgeon enters the pubic area through an incision in the belly and snips two of the suspensory ligaments that attach the penis to the body. Neither of the ligaments cut are functionally necessary.

Released from its restraints, the penis advances forward. It's the same shaft, but it just hangs down one-half to two inches farther. The exact amount of length added to the penis is a matter of contention.

patients will double in size." But other physicians are skeptical of his promises, to say the least. Dr. Alter states, "I really don't believe it. I know that the surgeons I respect are not claiming those kind of increases."

Some surgeons say that lengthening can cause the penis to look unnatural. "The man who wants to have his self-image enhanced needs to know that there can be complications," says Perry W. Nadig, MD, of San Antonio, Texas. "He also needs to know that the appearance of the penis after surgery may not be what you, I, and most people think a penis should look like."

Because the skin which was advanced from the lower abdomen onto the shaft of the penis has hair and is thicker than penile skin, it may cause some change in the appearance of the base of the penis. Some men will have unsightly scars, although they are usually hidden in the pubic hair.

The decision of whether or not the surgery will involve increases in length and/or girth is left up to the patient. If the surgery consists of only lengthening, the procedure lasts about an hour at most. Length and girth together last anywhere from an hour and fifteen minutes, to two and a half hours. Dermal grafts and lengthening, the whole enchilada, can take up to five hours, depending on the patient.

AFTER THE SURGERY

Once the surgery is over, recovery is relatively simple. Very few patients have any discomfort whatsoever after surgery. They are left with a feeling similar to that of riding a horse for a few hours for the first time in years.

A binder must be worn continuously for four weeks after the operation, except to shower or clean the binder. Erections are encouraged, but penetrating sex is not allowed for six weeks. In fact, one of the consent papers signed prior to surgery is an agreement by the patient to abstain from sex for six weeks afterwards. Also, masturbation is allowed, but surgeons don't recommend you do it vigorously.

A small percent of patients have to return to the surgeon for touch-ups. This includes fixing lumps and the irregular reabsorption of fat. The common practice among doctors is to not charge for repeat visits, and eventually the patient can forget that he ever visited the doctor in the first place.

One of the major concerns of patients prior to surgery is pain, and

Carrington taking a cock up every—and we do mean every—hole. She's one of the raunchiest hardcore honies in the world, and now she's also one of the most desirable dancers in the country. Best of all, you can take that dollar bill out of your mouth, because you've already paid your cover charge this month, and the rest of the show is on us!

Live on stage at the Crazy Horse Too in Pompano Beach, Florida, it's time to experience the wanton sexuality of porn star and feature dancer J.R. Carrington!

J.R. has gained a much deserved reputation as one of the raunchiest and horniest feature dancers in the world!

W

e've been fans of J.R. Carrington ever since we first saw her do the nasty in *Busty Babes In Heat #4*, so when she called our Miami office and told us she was cumming to town, we sent big-boob photographer Peter Wall to the Crazy Horse Too for an on-stage and behind the scenes photo shoot with one simple goal—whatever you do, we want our readers to feel like they're right there with you for every bump and grind. The show was high energy, J.R. spread pink, shook her boobs, snaked her way across the dance floor and gave every guy in the club exactly what they wanted—the sight, sound and smell of her gorgeous body in heat!

another is performance. After the required six weeks of abstinence, which turns many people off on the surgery right away, some post-operative patients have actually reported an increase in their sexual performance. It makes perfect sense actually—due to the increase in size, there is an increase in friction, and therefore heightened feelings. A tighter fit!

So how big can you go? That's the million dollar question. The surgeon's responsibility is to tell the patient what can be reasonably expected from the operation. There are no guarantee's for specific results. "It's important to ask whether it's actually a sustainable increase," says Dr. Alter. "Often 50% of the increase is gone in a year. I can slam your penis with a book, and it will increase in size by 50%. But it won't be 50% in two weeks."

The most frequent complaint among patients is disappointment in the amount of increase. It's just a common male trait to always expect more than they actually get. As the old saying goes, "Give 'em an inch and they'll expect a mile."

A large amount of prior screening is done to prevent the type of patients that would most likely not be satisfied after the operation. "This surgery is the the height of turning your penis into an object," says Anthony Quaglieri, a Florida psychologist. "It's about how men are trained by the world to see ourselves as not enough."

Physically, mentally and emotionally—these remarkable new medical procedures can change a person's life permanently—for better or for worse. ☒

Leah

A NURSE FROM
PENNSYLVANIA,
WITH A DREAM...
THAT HAS NOW
COME TRUE!

Are
you ready for this?
Closing out this
month's bevy of busty
babes is a woman
who doesn't exagger-
ate her measurements
or age, loves men, has
never even considered
doing girl-girl, likes
her sex straight, will
never do porn and
uses her real name.
She's called Leah, and
these are her first
nude pictures!

Leah is a former housedancer, who is now a certified nursing assistant specializing in home care for the elderly. She used to sneak peaks at her dad's *Playboys* when she was younger and always dreamed of being in pictures, but there was only one problem.

I was never pretty enough for regular modeling," confesses Leah, who now laughs at the idea. "My hair is almost red and I'm a big girl—not exactly *Cosmo* material! I had given up that dream when I met a photographer (John Busick from Riverview Photography) who said I would be perfect for *SCORE*. It didn't take much to convince me, and now here I am!"

A full-page photograph of a woman with long blonde hair, wearing a light blue lace-trimmed dress, posing on a bed. She is lying on her back with her legs raised high, wearing white high-heeled shoes. She is looking towards the camera with a slight smile. The bed has a blue quilted coverlet and a floral patterned rug is visible at the bottom.
